## ROAD CONTRACT IS AWARDED TO A DALLAS FIRM

### \$30,988 Cost Of Roadwork In Eastern Part Of County

The Amesite Construction Com-  
pany, of Dallas, were the successful  
bidders for the road project in this  
county that was let on Monday by  
the State Highway Department on  
an emergency road program total-  
ing \$1,117,821.96.

Contracts on the projects will not  
be formally awarded until the bids  
have been approved by the Federal  
Bureau of Public Roads.

The road project in this county  
calls for 8.5 miles of caliche base and  
culverts. The work will start  
about 9.5 miles southeast of Dryden  
and continue east. Total cost of the  
project is \$30,988.

Work will in all probability be  
started soon after the first of Nov-  
ember and laborers employed on the  
project will be recruited from the  
list of unemployed in this county.  
It is expected that a large percentage  
of the unemployed will be given  
work and thus decrease the list of  
destitutes in this county.

## Sul Ross-Dixie Game To Be In Alpine Saturday

The game scheduled between the  
Sul Ross Lobos and Dixie Univer-  
sity for the Dallas Fair on next  
Wednesday night has been transfer-  
red to Alpine, and will be played on  
Jackson Field on the afternoon of  
October 21st.

Dixie University boasts a strong  
line and a versatile backfield. Early  
in the season they held Texas Tech  
to a scoreless tie until late in the  
game, and even then the Matadors  
were able to score only through the  
air. Later Simmons University won  
over Dixie University by only a  
small margin.

In spite of these disturbing reports,  
the Lobos are expected to give a  
good account of themselves on next  
Saturday. They are in good shape  
physically, and Coach Graves is fast  
moving out the kinks which showed  
up in the game against the Rangers  
last week-end, which ended in a  
scoreless tie.

The Lobos did not lose a game  
during the 1932 season, and with  
the loss of only two veterans from  
last year's squad Coach Graves  
hopes to keep a clean sheet for this  
season.

The game Saturday promises to be  
the toughest on the home schedule,  
and a large crowd is expected. On  
November 11 the Lobos will journey  
to El Paso to meet the tricky Miners  
who always have a team to be reck-  
oned with.

## Governor Signs Number of Bills

AUSTIN, TEXAS, Oct. 16.—The  
Senate bill prohibiting an inquiry  
concerning the religious belief of  
persons seeking employment in the  
public schools has been signed by  
Gov. Miriam A. Ferguson.

Another bill approved is a House  
measure appropriating \$25,000 for  
the manufacture of aneroides-ser-  
um. Still others are:

House bill appropriating \$1,260  
from special racing commission  
funds to defray expenses of commis-  
sion.

House bill prohibiting hunting in  
Gaines County.

House bill fixing salaries of school  
superintendents in counties of a  
population of not less than 3,000 nor  
more than 3,100.

Senate bill providing for sale by  
State to Port Arthur of submerged  
land in Sabine Lake.

Senate bill providing for appoint-  
ment with consent of County Com-  
missioners' Court of a Deputy County  
Tax Collector in certain counties.

among the distinguished officials,  
who this week are paying a personal  
compliment to Texas and while  
in this state will be the guests of

John Nance Garner, Vice-President,  
and R. W. Morrison, owner of the  
Anacho ranch near Uvalde, where  
Farley and party will stay.

The distinguished national men,  
who will spend four days in the  
Lone Star State, arrived in Fort

Worth by airline late Wednesday  
and were met there by John N.  
Garner as well as several other pro-  
minent Texans.

The party will also visit in Dallas,  
San Antonio and Houston before  
returning to Washington.

## Rain, Electrical Storm Hits City Last Friday Nite

Friday, the thirteenth, beat the  
jinx in this city, when on that even-  
ing more than two inches of rain fell  
in the city. Accompanying the rain  
was a heavy wind and an electrical  
storm.

Reports are that the rain was gen-  
eral all over the county and with  
the precipitation heavier in some  
places than in others.

The rain lasted about two hours  
or more with a total rainfall of 2.1  
inches.

Dan L. Ross, a veteran of this  
section, who ranches 17 miles north  
of Dryden in Terrell County, was in  
Uvalde Wednesday renewing ac-  
quaintances among the old-timers  
here. Ross was reared in the Nueces  
canyon and spent many years in that  
section before going farther  
west in 1910. He stated that rains  
have fallen in his part of the coun-  
try but that they have been spotted  
and a good general rain would be  
welcomed by the stockmen.—Uval-  
de Leader News.

Boye Babb, of Langtry was a vi-  
sitor in the city the first of the week.

## "Hiawatha" Is Presented By The 4th Grade Pupils

The Pupils of the Fourth Grade  
presented the chapel program on  
Tuesday, October 17, in the auditor-  
ium. Miss Martin is the teacher.

The first part of the program con-  
sisted of a dramatization of Hiaw-  
atha. The stage was set to rep-  
resent a woodland and the following  
pupils read portions of Hiawatha  
Margaret Arrington, Roberta Loch-  
ausen, John Lewis Breg, James  
Locke, and Karlton Halbert. Other  
pupils from the fourth grade drama-  
tized the poem while it was being  
read.

The second part of the program  
was a play, "Golden Cornstalk Goes  
Home." The following took part in  
this play:

Scarecrow, Mary Cook; Golden  
Cornstalk, Jimmie Wilkinson, Twin  
Gasoline Pumps, Earl Hurst and  
John Hardgrave, Jack Frost, Harold  
Lee Grigsby; Leaves, Lois Bea Os-  
good, Marzee Haynes, Doris Coch-  
ran, Joyce Yeates, Lois Mae Bas-  
sett, Lois Lewellen and Earline  
Stirman; Indians: Al Creigh, Karl-  
ton Halbert, Campbell Kerr, Lloyd  
Utterback Bobbie Mason and John  
Louis Breg.

## Steel Work Begun At Devil's River

DEL RIO, OCT. 16.—Some 20 feet  
of steel had been placed Monday on  
the south end of the Devil's River  
bridge at the river 12 miles north-  
west of town.

Steel was shipped by the Virginia  
Bridge and Iron Works some time  
ago and work of unloading the steel  
from the railroad spur has occupied  
the workers since then.

Placing of the steel was started  
last week.

## Destroying Seized Liquors Ordered Stopped By U. S.

WASHINGTON, Oct. 14. (AP)—  
The Justice Department has ordered  
an inventory of all stocks of seized  
liquors, and is considering whether  
these can be sold after repeal.

Orders have gone out that no  
more liquor is to be destroyed, but  
all such beverages held until a de-  
cision on sale can be reached.

When the total of such liquor is  
determined the figures will be sub-  
mitted to President Roosevelt to-  
gether with Treasury statistics on  
stocks of liquor in the country.

The inventory order also includ-  
ed automobiles, boats and other  
items seized by the government in  
the enforcement of the Volstead law.

## SCARLET FEVER WARNING ISSUED BY DEPARTMENT

### This Time Of Year Norm- ally Finds Disease Active

AUSTIN, TEXAS, Oct. 19.—The  
State Department of Health has  
just issued a warning in regard to  
scarlet fever, as the number of cases  
usually increases during the fall  
months. Last year over twenty-six  
hundred cases were reported in  
Texas. The majority of deaths occur  
from October through February.

Scarlet fever is a very contagious  
and serious disease. Grown people  
may catch scarlet fever, but child-  
ren under 15 years are most likely  
to have it, if exposed. It is especial-  
ly dangerous for children under 5  
years, and for babies. Do not let  
your children take any chances with  
scarlet fever. Call the doctor as  
soon as the symptoms appear.

If your child is going to have scar-  
let fever, the first signs you may  
notice are that he seems tired, rest-  
less and out of sorts. Usually, there  
is a sore throat, chill, vomiting, or  
convulsion. The child has fever.  
His skin is dry and hot. His tongue  
covering, it is red and swollen. In  
ordinary cases, these early signs are  
followed in a day or two by a rash.  
Little flat red points, close together,  
appear first on the neck and chest.  
Soon the rash is over most of the  
body and brilliant in color.

The doctor is required by law to  
report the case to the local health  
officer. Do your part by following  
carefully the quarantine instruc-  
tions which the health officer will  
give you. Children who have had  
scarlet fever, or who have been ex-  
posed, must not return to school  
until permission is given by the  
health officer and physician. A  
severe or fatal case of scarlet fever  
may develop from contact with some  
one who has only a light case.

## REVIVAL MEETING BEGINS AT CHURCH OF CHRIST

Evangelist Earle Arceneaux, of  
Wichita Falls, began a series of  
revival meetings at the Church of  
Christ yesterday evening at 7:30  
o'clock. The opening service was  
upon the subject: "Man or Monkey?  
Which? Evolution vs Divine Revela-  
tion."

Much interest is being manifested  
in this revival. Hand bills an-  
nouncing the meeting have been cir-  
culated throughout the town and an-  
nouncement of the hours of service  
will be found in the column of  
church notices found elsewhere in  
this paper.—Contributed.

## GOVERNOR DUE TO CONSIDER BILLS QUICKLY

### Relief Bond Measure May Be Signed Within A Few Days

AUSTIN, Tex., Oct. 14. (AP)—  
Governor Miriam A. Ferguson has  
a large pile of bills on her desk.  
Legislators have gone home.

The Governor has 20 days in  
which to consider bills, provided  
they were passed during the last  
10 days of a session, before they be-  
come law automatically even though  
she does not approve them.

Most of the bills passed by the  
special session were sent to her dur-  
ing the last week, so she can take  
her time about studying them.

Governor Ferguson never has let  
bills remain on her desk long. She  
usually decides about them prompt-  
ly, keeping her calendar clear.

It was expected she would pass  
without delay on the bond relief  
and NRA bills, the chief subjects  
she submitted when she convened  
the Legislature a month ago. If the  
\$5,500,000 bonds authorized, proceeds  
to go to relieve distressed conditions  
among the unemployed, are to get  
in circulation soon, the Governor  
must act. It was anticipated she  
would approve the bill within a day  
or two.

Lawrence Westbrook, director of  
the Texas rehabilitation and relief  
commission, said he was pleased  
with the bill, proposing to set up a  
new personnel to distribute State  
funds, to be matched dollar for dollar  
by the Federal Government.

The bill proposed that Westbrook  
be retained in his present authority  
but empowered the new commission  
to remove him for cause should it  
care to.

Under the new proposed setup  
there will be nine persons to direct  
expenditures of the bond issue pro-  
ceeds. Governor Ferguson will be  
ex-officio chairman and have the  
right to name one member of the  
commission. To Lieutenant Govern-  
or Edgar E. Witt of Waco and  
Speaker of the House Coke Steven-  
son of Junction is given the respon-  
sibility of selecting six members.  
The chairman of the State Indus-  
trial Accident Board and the head of  
the Texas Judicial Council will fill  
out the membership.

Aside from the bond relief and  
NRA bills the Governor had only  
proposals of local nature to decide.

A "left over" from the legisla-  
tive session is an authorized committee  
investigation of the purported sale  
of State jobs, much of which Texas  
have heard the last few days as a  
result of the House appropriations  
committee inquiry. Representative  
Gordon Burns of Huntsville, chief  
mover in the investigation and the  
first five members selected by  
Speaker Stevenson to continue the  
inquiry, said it is likely a two-week  
respite will be taken before the  
taking of testimony is resumed.

Mrs. S. C. Bodkin, of El Paso,  
spent the week end in the city vi-  
siting friends and relatives.

Mr. and Mrs. Burt O'Connor are  
visiting relatives in Junction this  
week.

Mr. and Mrs. Gene Thorne and  
baby daughter, were in town Wed-  
nesday from the Appel ranch.

Coach Anthony, formerly of Del  
Rio, spent several hours in this  
city Monday enroute to El Paso.

Mrs. S. S. Daggett left Wednesday  
for San Antonio to be with her ne-  
phew, John Loughlin, who is ill.

Mr. and Mrs. Harry Newton were  
visitors in Del Rio last Friday with  
Mr. and Mrs. S. E. Peterson.

Mrs. C. H. Arvin and nephew, C.  
C. Mitchell, left Monday for San  
Antonio where they will visit with  
friends and relatives. They were  
accompanied by Gene Lewis, who  
has been employed on the Arvin  
ranch and who is returning to his  
home in that city.

## RELIEF PORK ARRIVES HERE FIRST OF WEEK

### 1,005 Pounds, Is County's Allotment For The Destitutes

Dry salt pork for distribution to  
the destitute in this county arrived  
here the first of the week, having  
been shipped from Del Rio where  
it was received last Thursday. Del  
Rio is a distribution point for this  
district and a carload of approxi-  
mately 30,000 pounds were received  
there.

Terrell County appropriation of  
the dry salt pork amounted to 1,005  
pounds and distribution of same was  
commenced this week.

According to L. A. Lowe, who has  
charge of the distribution, there are  
at least 125 heads of families in this  
county who are out of employment  
and in destitute circumstances. This  
represents a total of close to 600  
needy people. He also stated that  
as the winter comes on, and with  
the shearing season closing, this list  
will in all probability be increased  
unless highway work is obtained.

At present the Relief Committee  
is out of Red Cross flour but expect  
another shipment soon. They also  
expect to receive within a short  
time, butter and eggs for distribution.

## P. T. A. To Give Annual Carnival On Hallowe'en

Preparations are under way for  
the annual Parent-Teachers' Asso-  
ciation Carnival, which will be held  
Hallowe'en, October 31.

Present plans are to hold the car-  
nival in the usual place, in the lot  
by the Bohlman Confectionery.

There will be a number of new  
attractions this year as well as the  
more popular features of the pre-  
vious P. T. A. Carnivals.

The various classes of the gram-  
mar school will participate in a  
parade which will be held in the af-  
ternoon.

Committees are being appointed  
and plans are being made for a more  
enjoyable affair than ever before.

NEW DEAL'S DECALOGUE

One of the new Assistant Secretaries of State is Harry F. Payer, of Cleveland, who, in a recent speech, laid down the Ten Commandments of the New Deal, partly as follows:

- First—Thou shalt not live, my dear country beyond thy means. Second—Thou shalt not lose confidence in thyself or thy great strength. Third—Thou shalt not make Mammon thy god but neither shalt thou be unmindful of thy monetary system, lest it destroy thee. Fourth—Thou shalt not make gold thy god but thy servant. Fifth—Thou shalt not permit the unemployment of thy people, well beloved; this is the first and greatest commandment. Sixth—Thou shalt not fail to manage well and rationalize thy industry. Seventh—Thou shalt not suffer the paradox of poverty amidst plenty else thou sinnest grievously. Events, Enid, Okla.

THE BLUE EAGLE HISTORY

How does it happen that the eagle was ever selected to be the emblem of the American nation, and that now the blue eagles in our store windows have become the symbol for the mightiest industrial effort that the American people ever made? The eagle has figured in the poetry and patriotic feeling of many nations. The Roman armies 2000 years ago marched under this symbol to the conquests that created the greatest empire of ancient days. The eagle seems to have been adopted as an American symbol, as the result of its amazing power of vision and the height to which it can soar in the sky. The eagle sees everything and rises above everything. So may the marching army of industry under the blue eagle rise far above all our encumbering difficulties, and spy out the sure and safe path to a better economic life.—Chronicle, Milford, Delaware.

HIGH PRICES AND PROSPERITY

Yes sir, prices for merchandise are sure to be higher. If you don't believe it, ask your merchant who is now receiving invoices for his fall goods. The advances in some lines of merchandise are almost unbelievable. Some lines will cost the merchant double what he paid a year ago. This advance must be passed on to the consumer. Fact is, much merchandise has been produced in late years at a loss. Millions of dollars in losses in operation have been reported from the leading industries. Low prices for labor and materials have been universal. But in the national recovery program there is no place for starvation wages and starvation prices for raw materials. The wage earner and the producer must be placed on a living basis and when this is done, up will go the price to the consumer. But let us remember that prosperity does not thrive on low prices. When producers make a profit, when wage earners can support themselves in a respectable way and even afford a few luxuries, then things will hum. There seems to be some virtue in the assumption that the world was kidded into the late depression, now fast passing. Perhaps the kidding will work both ways. We are looking forward and upward today. Let's keep our eyes lifted to the horizon of hope and keep working. America has never had such a chance, as right now, to pull itself out.—News, erra Bella, Cal.

WHEN TO STOP ADVERTISING

When every man has become so thoroughly a creature of habit that he will certainly buy this year where he bought last year.

When younger and fresher and spunkier concerns in your line cease starting up and using the newspaper in telling the people how much better they can do for them than you can.

When nobody thinks "it pays to advertise."

When population ceases to multiply and the generations that crowd on after you, and never heard of you stop coming on.

When you have convinced everybody, whose life will touch yours, that you have better goods and lower prices than they can get anywhere outside your store.

When you perceive it to be the rule that men who never do and never did advertise are outstripping their neighbors in the same line of business.

When men stop making fortunes right in your sight, solely through the discreet use of this mighty agent.

When you can forget the words of the shrewdest and most successful business men concerning the main cause of their prosperity.

When you would rather have your own way and fail than take advice and win.

When you want to get out of business with stock on hand.

When you want to get rid of the trouble of waiting on customers.

The Livestock Situation

J. A. McNAUGHTON

LOS ANGELES, Oct. 19.—Let's keep in mind that a processing tax will soon be levied on all hogs marketed and it is expected that Secretary of Agriculture Wallace will make announcement as to the amount of the "processor's" tax in a short time. It is probable that the tax will be effective about November 1st. Certain producers have asked that a processing tax of at least two cents a pound on live hogs be levied and information coming from Washington seems to indicate a tax of at least one cent a pound.

Funds derived from the processing tax will be used to pay for the emergency pork reduction campaign, during which nearly six million, 25 to 100-lb. pigs were slaughtered and not permitted to enter meat channels, excepting a small portion for relief work. Additional funds derived from the processing tax may be used to subsidize exports of surplus pork products and lard and otherwise, with a possibility that farmers who reduce corn acreage and hog production over a long time period will also share in benefits from the processing tax.

It must be understood that the wholesale slaughtering of little pigs and bred sows was undertaken purely as an emergency measure. It may work. Certainly, there will be many thousands of ton less pork to be marketed in 1934 than otherwise would have been the case. We will begin to realize the shortage in production shortly before the first of the year and for three to four months thereafter. In other words, the program was not expected to improve

hog prices until the usual winter packing season is under way.

What the Federal administration and the growers are now interested in is a program that will bring about some permanent plan to keep production somewhere in line with probable consumption—at a fair price to the grower.

This program is expected to call for reduction in corn acreage in the middle west along with reduced numbers of hogs. There certainly should be no disposition on the part of anyone to cut down pork production in sections where production is far below consumption, provided that in such sections, pork production is feasible and economically sound. To my mind, the far western states, including California, should be encouraged to raise more pork for it is economically unsound to ship hogs and pork products many hundreds of miles into a section where pork production is needed to round out a well balanced agricultural program.

Howard Stavley and Arnold Ellis left Monday afternoon for San Diego Calif., where they have accepted work in a livestock feed pen near that city.

Physic the bladder as you would the bowels. Drive out impurities and excessive acids that cause irritation burning and frequent desire. Get a 25c test box of BU-KETS, the bladder physics, from any drug store. After four days if you are not relieved of getting up nights, go back and get your money. BU-KETS, containing buchu leaves, juniper oil, etc., acts pleasantly and effectively on the bladder similar to castor oil on the bowels. If you are bothered with backache, or leg pains caused from bladder disorders you are bound to feel better after this cleaning and you get your regular sleep. Bohlman Drug Store says Bukets is a best seller.

## RECIPES AND MENUS

By Department of Home Economics Texas State College for Women (CIA)

DENON, Oct. 19.—The use of the tongue, heart, kidneys, liver, sweetbreads and brains give variety to the menu. These organs furnish just as good food as the usual cuts of meat and are frequently cheaper. The method of cooking depends upon the compactness and toughness of the organ. Brains, sweetbreads and liver from young animals are cooked just enough to remove the raw appearance and to develop flavor. Liver, heart and tongue from older animals require long slow cooking in moist heat.

BREAKFAST: Steamed apricots, rolled oats, sugar and cream, toast, coffee.

DINNER: Calf's stuffed heart, hot muffins, cabbage salad, raisin pie, coffee.

SUPPER: Broiled sweetbreads with cream gravy, toasted muffins, oatmeal nut cookies, hot chocolate.

BREAKFAST: Puffed rice with top milk, brains with scrambled eggs toast, coffee.

DINNER: Baked beans, brown bread with butter, lettuce salad, canned pears, ginger bread, coffee.

SUPPER: Hot sliced tongue with raisin sauce, graham bread, jelly, milk.

Brains with scramble eggs: Soak calves' brain one hour in cold water. Remove the membrane and parboil 20 minutes in salted water to which a little vinegar or lemon juice has been added. Drain, separate into small pieces. To 4 eggs, lightly beaten, add 4 tablespoons of milk or water, salt, pepper, and 1/2 cup of the brains, and scramble in a small amount of bacon drippings. Serve with toast or hot biscuits.

Boiled Tongue: Simmer a fresh beef tongue until tender in water to which one slice of onion, one teaspoon salt, one-half teaspoon whole peppers have been added. Remove,

skin and trim. Cut diagonally into slices. Serve hot with brown tomato, or raisin sauce. Cold tongue or pickle sauce.

Broiled Sweetbreads: Soak sweetbreads in cold water a few minutes. Remove membrane. Simmer 10 to 15 minutes in salted water to which a few drops of vinegar or lemon juice has been added. Blanche by plunging into ice water. Then, split the sweetbreads; sprinkle with flour, salt and pepper and dip into melted butter. Broil until golden brown; turn constantly. Serve with cream gravy.

## WRECKS DEN OF INIQUITY

Carrie Nation, famous prohibitionist who, in the gay nineties, used to march into saloons with an army of ardent "dries" and wreck the "dens of iniquity" with hatchets, is seen in the act of destroying in "The Bowery," United Artists release starring Wallace Beery, George Raft and Jackie Cooper coming to the Prince Theatre. Lillian Harmer impersonates the famous anti-saloon crusader.

This attraction will be brought to Sanderson as a special road show attraction, and Sanderson will be the first to show it in Texas.

IMPORTANT NOTICE

West Texas' most popular optical specialist, Dr. Fred R. Baker, of San Angelo, will be at the Kerr Hotel, Tuesday afternoon only, October 24. He claims to have fitted more difficult cases here than any other specialist. Local reference list, too large to publish, but will be furnished upon request. The doctor has given expert eye-sight service to people of this county for many years. He has just returned from a big convention, with all the new styles in spectacle-ware, and he says: "When I can't fit them they are blind."

Ray Caldwell and John Stovell were Pecos business visitors on Monday of this week.

BUYS INTEREST IN CAFE

Mrs. J. L. Osgood, who has had half interest in the Loma Alta Cafe in this city, on Monday bought the interest of Miss Aline Haass in the business.

Mrs. Osgood will continue to operate the cafe under the same policy, ready to give the public prompt and courteous service at all times.

She states that she appreciates all business given her and ask that the public visit her cafe and try one of the special 35 cent plate lunches that is served by her.

Mr. and Mrs. Ira Deaton went to Del Rio Monday to attend to business. They returned home Tuesday driving a new Ford V8 sedan which they bought in that city.

Father Of Mrs. Bogusch's Dies Last Thursday

L. W. (Uncle Loss) Alexander, aged 75 years, ten months and 10 days, died at the family residence in Rocksprings at 5:30 o'clock Thursday afternoon, after a long illness.

Funeral services were held at the Presbyterian church in Rocksprings Friday afternoon at 4:00 o'clock Rev. Crofoot, of Junction, conducting the services. Remains in charge of J. A. Henry, funeral director, were laid to rest in the Rocksprings cemetery.

Mr. Alexander was born in Tennessee November 7th, 1857, and was married to Miss Hattie Lee Slaten December 31st, 1879, and moved to Edwards county in 1895, and for a number of years engaged in the ranching business here, leaving the ranch only a few years ago, when his health became bad, moving to the city, where he could be close to medical attention.

He was employed by the city for some time, and we daresay, no man ever lived in this community who had more friends than did Uncle Loss. He was a lover of children and flowers, and the little tots and even the grown-ups basked in the smiles of this old gentleman, who was a friend to them all.

There were only three roses on the bush Uncle Loss set out and and cared for on the court house lawn. These were cut by Mrs. M. L. Minter and S. S. Stewart Friday morning and placed on his casket. They were very large and a deep crimson.

Uncle Loss leaves six children, six grandchildren, one great-grandchild and two brothers and one sister. The children are: Mrs. John R. Sweeten, Mrs. W. G. Welch, Mrs. Max Bogusch, Wylie Alexander, Mrs. F. A. Solte, Mrs. F. D. Pledger. The grandchildren are: Mrs. T. B. Feyn, Roy Bogusch, Jack Bogusch, Doris Jean Stotler, F. A. Stotler Jr., Durward Pledger, Bohley Feyn, great-grandchild.

His brothers are: Joe Alexander, Bastrop; Lee Alexander, Hills Prairie. One sister, Mrs. Mary Spooner, Bastrop.

Active Pallbearers: A. E. Buswell, C. A. Tyler, J. L. Balentine, Alton Miller, G. C. Fleisher, S. S. Henry. Honorary Pallbearers: B. D. Sherrill, T. Brown, V. A. Brown, J. S. Brown, Wiley T. Welch—Rocksprings Record.

Mr. and Mrs. Bogusch left last Friday morning for Rocksprings to attend the funeral. Mrs. Bogusch has the sympathy of her many friends in this city in the loss of her father.

ON TEXAS FARMS

By W. H. DARROW Extension Service Editor

Mills county farmers are demanding more aid in terracing from the county agent since farm prices have begun to climb. Records of three farmers are cited to show the reason. One made 4 bushels more corn per acre on terraced land; a second picked 100 pounds more seed cotton per acre on terraced land; and a third found that terraced land produced 6 bushels more oats per acre than unterraced fields.

Speaking of higher yields per acre county agents are often criticised for their efficiency in boosting yields. The criticism seldom comes from the farmers who have made the high yields. Reasons: high yields usually go with high profits.

A West Texas farm management study by Texas Agricultural Experiment Station shows that the high profit farms in 1932 were farms with high yielding acres.

If production must be reduced the place to make the cut is in number of acres and not in yield per acre, as all the farm relief measures recognize.

Everything in many a Hidalgo county farm home was damaged by the hurricane except the 4-H pantry products, says the home demonstration agent. Full of products properly canned and well stored, these pantries became centers of food distribution to unfortunate neighbors after the storm.

It cost \$2.90 to plant and brine 60 gallons of pickles, according to Mrs. T. A. Mosley who has the rank of "pickle demonstrator" among home demonstration club folks in Delta county. She packs pickles for profit.
