NRA RECOGNIZES NATIONAL WOOL TRADERS GROUP

Association Now Has Headquarters In Boston

BOSTON, Dec. 26. (AP)—The by-laws and organization of the National Wool Trade Association, adopted by a representative gathering of wool traders recently, has been recognized by the National Recovery Administration with minor changes, the association disclosed today.

The Association now is functioning with headquarters here and articles of incorporation under Massachusetts law are in the process of completion.

The board of directors with three additional members named by the NRA will constitute a committee to supervise the wool trade code.

More than 100 dealers in the trade have joined the organization and applications have been received from many in the wool centers of the west and southwest.

Officers of the new association appointed by the directors are: president, Robert L. Studley, of Studley and Emory, Boston; vice-presidents, Herbert K. Webb, of Charles J. Webb Sons Company, Inc., Philadelphia, and Durham Jones of Hollowell, Jones and Donald, Boston; secretary-treasurer, Claude H. Ketchum, former president of the Boston Wool Trade Association.

College of Mines To Hold Institute

The Institute for Miners and Prospectors will be held at the Texas College of Mines and Metallurgy, El Paso, Texas, from Wednesday, January 3rd, to Friday, January 6th, inclusive, with an additional session on Saturday morning if the interest warrants it.

There will be no charge for tuition nor will there be a fee of any kind. The Institute intends to present in from eight to eleven lectures a study of the conditions confronting both the prospector and the small miner. Also those interested in mining through financial ventures will find much of interest in many of these lectures.

Identification of many of the common minerals, an understanding of certain geological features, methods of opening up a prospect, how to prepare an ore to make it more valuable, equipment necessary to work on a small scale, how to interest capital in a prospect, and a discussion of present economic conditions will all be included in the scope of the Institute.

The Departments of Geology, Chemistry, Mining, Metallurgy, and Economics are cooperating with some of the local industries in the presentation of the Institute and the Faculty of the College will be assisted by outside speakers, experts in their particular line.

The lectures will be presented in the mornings. The afternoons will be devoted to demonstrations of placer machines, both wet and dry, and of concentrating machines, and trips to the neighboring industrial plants.

The attendance at the Institute last year was 150, almost double that of the first year. This, the third meeting of the Institute, should be even more interesting than past meetings.

MOVES BACK TO RANCH

Charlie Chandler and sons started this week to drive their livestock back to the old Chandler ranch on Independence.

Two years ago, Mr. Chandler leased his Independence ranch to M. H. Goode, Jr., and moved his livestock to a ranch near Marathon. For the past year he has been leasing range in the south part of the County.

M. H. Goode, Jr., who had the Chandler ranch, has leased the J. H. Felps ranch in this County near the town of Sheffield. Mr. Goode started moving his livestock several weeks ago.

The Chandlers state that they are glad to get back to the ranch which is one of the beauty spots of the eastern part of the County.

WHY WE GREET THE NEW YEAR

WHY do we greet thee, O blithe New Year? What are the pledges of mirth and cheer? Conest, bright, serene, the wrong to right? Conest to scatter our gloom with light? Wherefore the thrill, the sparkle and shine to heart and eyes at a word of thine?

The Old was burdensome, the Old was true. The New Year beckons and makes reply. He crowned us often with grace and gift. His sternest skies had a deep blue rift. Yet straight and swift, when his hand beckoned, With welcome and joyance thine we grasped. O tell us, Year—we are fain to know—What is thy charm that we hail thee so?

Through the ether clear, from the solemn sky The New Year beckons and makes reply. "I bring you, friends, what the years have brought. Since ever men talked, aspired, or thought— Days for labor, and nights for rest! And I bring you love, a heaven-born guest. Spurn to work in, and work to do. And hail in that which is pure and true.

Nation Receives Greetings From The President

WASHINGTON, D. C. Dec. 25—(US)—The president's Christmas greetings to the nation follows:

"We in the nation's capital are gathered around this symbolic tree celebrating the coming of Christmas; in spirit we join with millions of others, men and women and children throughout our own land and in other countries and continents, in happy and reverend observance of the spirit of Christmas.

"For me and my family it is the happiest of Christmases. To the many thousands of you who have thought of me and have sent me greetings, and I hope all of you are hearing my voice, I want to tell you how profoundly grateful I am. If it were within my power to do so I would personally thank each and every one of you for your remembrances of me, but there are so many thousands of you that that happy task is impossible.

"Even more greatly, my happiness springs from the deep conviction that this year marks a greater national understanding of the significance in our modern lives of the teachings of Him whose birth we celebrate. To more and more of us the words 'Thou shalt love thy neighbor as thyself' have taken on a meaning that is showing itself and proving itself in our purposes and daily lives.

"May the practice of that high ideal grow in us all in the year to come. I give you and send you one and all, old and young, a merry Christmas and a truly happy New Year. And so, for now and for always, God bless us every one."

Ft. D. A. Russell May Be Site Of Transient Camp

Official confirmation that Fort D. A. Russell Military Reservation was being considered by the State Relief Commission as a site for housing transient unemployed, was received here this week by Master Sgt. E. C. Hint, caretaker at the local post, in answer to an application forwarded by him regarding lease of buildings for individuals.

The letter was from Headquarters of the Eighth Corps Area, office of the Quartermaster and signed by Col. Jno. S. Chambers, Q. M. C., Quartermaster.

Colonel Chambers stated that consideration is being given to turning over Fort Russell to the Texas State Relief Commission to be used as shelter for the unemployed transients. He further stated that word was being waited from Colonel Westbrook, director of the State Commission as to whether the Commission would want the post or not.

According to a story appearing in the El Paso Times of last week, the transient camp now maintained at El Paso, would be moved to Marfa, including several hundred families. The story stated that a payroll of some fifteen thousand dollars would be lost to El Paso were the transients moved. This payroll would be a welcome addition to the business industries of Marfa.

Among reasons advanced for moving the camp to Fort D. A. Russell were the elimination of high rents being charged for quarters in El Paso, complaints from property owners and residents living near the camps, and general dissatisfaction with the manner in which the camps were being conducted in the city. Expenses in maintaining the camp in El Paso are said to be excessive. It is claimed by those fostering the move that with the practically free rent gained by the use of the local post, and the co-operation of the citizens of Marfa, that the expenses could be cut considerably, and for this reason, the move is expected to be made.

It is stated that only a very small percentage of the transients may be classed as undesirable, the majority being of the "white collar" class, many of them college graduates, and of the average American family. Circumstances prevailing have left them without work, and some with their families, have been stranded on the road. The camps were established for this class and their purpose to provide shelter and food until they may find means to move on to friends and relatives.—Big Bend Sentinel, Marfa.

Miss Kathleen Sullivan, who is teaching at Comstock, arrived last Friday to spend the Holidays with her mother, Mrs. Maude Sullivan and family.

RED CROSS NEED CLOTHING FOR NEEDY FAMILIES

Committee Send Appeal To Citizens To Help Them

A committee representing the local chapter of the American Red Cross, and composed of Mrs. J. W. McKee, secretary of the chapter, and Mrs. S. S. Daggett have been distributing clothing to the many needy families of the community this week.

Mrs. McKee and Mrs. Daggett state that they are very short of women's and children clothes especially and now that the cold weather is here, there will be much suffering among the destitute women and children unless they are provided with clothing. They appeal to our citizens to go through their old clothes and see if they do not have something that they are not using and have discarded that they may be given to the Red Cross for distribution.

Anyone having clothing to donate please leave them at the Red Cross headquarters which is located in the office of County Judge G. J. Henshaw. Or if they have no way to deliver them, just call Mrs. Daggett or Mrs. McKee who will be glad to call and get the clothing.

This is a worthy cause and it is to be hoped that our citizens will see to it that the many destitute families here will not suffer for the want of clothing.

He had started out to the South pasture to get a burro when the horse either became frightened or slipped on the paved highway, falling the saddle girth breaking and must have thrown Savell Lee clear of the horse. He was found by John Stovell, who happened to be driving by, and was taken to the Deaton ranch a short distance away and Dr. Sharp was called.

In addition to several body bruises he suffered a deep gash on his head and was unconscious for 30 minutes or more. He was brought to town and was carried to his home where he is still confined to his room.

Dr. Sharp stated Thursday morning that he did not think that his injuries would prove serious.

WASHINGTON, Dec. 26 (AP)—Representative Patman (Dem.), Texas, said today he did not believe Congress would force cash payment of the bonus at the coming session if that would interfere with the President's monetary program.

THE NEW YEAR!

Christmas has come and gone! Soon a New year will be dawning. Let us hope that the New Year will be far better than the past years have been.

As we approach the New Year let us all resolve that in the coming year we will not only be better citizens, but that we will make our city a better place in which to live and help in every project that is for the good of our little city.

During the coming year it is the hope of the Publisher that she may be able to give the readers of The Sanderson Times a bigger and better paper and again we resolve to help in every way to build up our community.

The Publisher at this time desires to thank each and everyone who has during the past year placed with us advertising, job work, etc., and hope that each and everyone had a MERRY CHRISTMAS and that the NEW YEAR will bring Health, Prosperity and that the Best of Everything comes your way.

No one can live in a community, enjoy its privileges and draw his substance therefrom without becoming lastingly indebted to the community, its people and institutions, and that obligation is a debt of loyalty the discharge of which is incumbent upon him as opportunity offers.

Most of us would be just as well off and far happier, if we put the business of worrying high on our list of "don'ts."

Modern intelligence and the spirit of enterprise constitute the main forces that create town progress.

Everything should be all right in Washington if the brain trust doesn't fall victim to the brain rust.

Looking for a substitute that will pay as well as work has been the ruin of many. It will never win any more than a slow horse wins the race. Work wins lasting victories, makes real men, builds homes, erect factories, and makes peaceful communities.

WITH INCIDENTAL MUSIC

by Charles Frederick Wadsworth

IN THE supper room of the Embassy hotel, New Year's eve festivities were in full swing.

At tables encircling the dancing floor, gay groups dined and made ready to welcome the New Year, and danced between courses to the music of the orchestra.

With a modernistic discord the band finished an encore fox trot, and Stanley Allen and Barbara Langford returned to their little table-for-two behind a potted palm in a secluded nook.

"Well," said Stanley in a business-like manner, "I suppose you have your schedule of new resolutions all made out and sworn to."

"Do you think I need to make any new resolutions?" This was asked archly, teasingly.

"I certainly do!" Stanley's reply was emphatic. "You have one very bad habit that irritates me beyond words. Without that, Babes, you would be absolutely perfect!"

"Thank you, kind sir, she said," Babes mocked. "And may I ask what that bad habit is that is devastating the whole countryside?"

"Don't pretend. You know well enough."

"Please verify, then."

"Now look here," Stanley said as he drew geometric figures with a pencil on the tablecloth. "During this current year which is about to close, I have proposed to you just twenty-six times—an average of once every two weeks. Your bad habit is

"I Move to Lay the Question on the Table."

that you have refused me every time. You should do something about it."

"For every refusal, as you call it," Barbara reminded him, "there has been a proposal, which makes your habit just as bad as mine. In fact, worse, because you started yours first, and mine was a natural consequence."

"You mean unnatural consequence," Stanley corrected her.

"Well, anyway," Barbara argued, "if you will swear off your bad habit, I won't have to do anything about mine."

She glanced at him without raising her head, and the mischief that looked up through her long curved lashes gave Stanley a little start.

Suddenly he said, "In the meantime, I move to lay the question on the table, to be taken up right after this dance."

He opened his arms to her as she arose.

"I second the motion," she said. "Carried."

About half way around the floor Stanley spoke into the little ear so close to his face. "Now you are just where you belong." His arm tightened just a little around her as he said it.

"Do you mean here at the Embassy?" More perverseness!

The orchestra stopped for intermission and the couple returned to their table.

Minton White who is teaching at Sinton, Texas, came in last Saturday and spent the Holidays here with his parents, Mr. and Mrs. C. H. White and family.

Mr. and Mrs. J. W. Caruthers and daughters, Misses Eva and Christine are spending the holidays with Mr. and Mrs. J. W. Caruthers, Jr., at their ranch near Carta Valley. They were accompanied by E. V. Angel of Dallas, who is visiting at the Caruthers ranch.

Miss Kate Sharp spent the Christmas holidays in Lockhart visiting friends.

"The house will now come to order and we will take up the previous question. Once more, and for the last time this year, will you marry me, Babes?"

A soprano, singing the vocal interlude with piano accompaniment while the orchestra went out for a smoke, was singing "O Promise Me."

"There," approved Stanley, nodding toward the music platform, "incidental music. Even the lady is trying to help me out."

Barbara smiled, but turned pensive. The singer concluded her solo and began another.

"Yes," said Barbara slowly, "and she is trying to help me, too."

The second song was "I Surrender, Dear."

Stanley reached over and gathered Barbara's hands into his own. "Do you really mean it? Are you saying 'Yes'?"

"Yes," Stanley arose, glowing.

"Come, let's go," he said. "This is no place for a newly-engaged couple."

A trip to the check room, then out under the canopy at the motor entrance. Stanley asked the footman to order his car.

As it came up they entered and the footman closed the door with a "Thank you, sir. A happy New Year!"

The chauffeur may have been listening, but being discreet, he never mentioned it. Anyway, had he been listening, and his hearing perceptive, he might have taken the sound of a kiss in the tonneau for a signal, for the long blue car rolled away into a wonderful New Year filled with golden promise for a young couple very much in love.

And as the car turned a corner there floated from the supper room of the Embassy the compelling waltz strains of "Kiss Me Again."

"More incidental music," said Stanley softly, and played up to it—completely.

RECIPES AND MENUS By Department of Home Economics Texas State College for Women (CIA)

DENTON, Dec. 28.—Let us forget that we had the past depression and for this one day, the first day in the new year, have friends in for one or more meals during the day. Many people have neglected inviting guests to meals for the past three years, because of the additional cost. But it seems there could not be a better way to show our optimism in the future than by sharing the day with friends.

For most people having guests for dinner is the best plan, but young people are most apt to enjoy an evening meal together. The New Year's dinner does not carry so many traditional ideas as did the Thanksgiving and Christmas dinner; so we are left to select a bountiful dinner of foods which appeal to us.

In some cases the guests may be with us the entire day, and then our problem is to give variety throughout the day. The following menus would be suitable to serve in such a case.

Breakfast: Fruit cubes in grapefruit baskets, toasted pecan rolls, gooseberry jelly, sausage patties, coffee.

Dinner: Almond soup, toasted bread cubes, roast goose, cornbread dressing, duchess potatoes, parsnips with drawn butter sauce, spiced apple rings, olives, celery, nuts, watercress salad, Russian dressing, fruit cake, coffee, mints.

Supper: Oyster stew, crisp crackers, sweet pickles, date and celery sandwiches, frozen fruit salad, tea. Dinner: Broiled Salmon steaks, French fried potatoes, brussels sprouts, sweet pickles, whole wheat biscuits, lemon pie, coffee.

Supper: Cheese croquettes, creamed peas, lettuce salad, pineapple sauce, cookies, hot chocolate.

Cheese Croquettes: 1 c diced cheese, 1-2 c grated cheese, 2-3 c thick white sauce, eggs and crumbs, 2 egg yolks, 1 tsp. salt, pepper. When the white sauce is finished, while it is still hot stir into it the egg yolks and the grated cheese. When cheese is melted and mixture is somewhat cool, add the diced cheese and seasoning. Pour into a greased pan to cool. Cut into squares, roll in crumbs, eggs and crumbs and fry in deep fat. Do not let them touch while cooking.

Peanut Butter Soup: 1 1-2 T fat, 1 1-2 T flour, 3 c milk, 1 T grated onion, 1 tsp. salt, 4 T peanut butter. Make a white sauce of fat, flour,

and milk, add seasonings. Warm the peanut butter to a thin paste in a small amount of the milk. Add to the sauce just before serving, beating to a smooth paste.

Tutti-Fruiti Gingerbread: 1 1-2 c pastry flour, 1 tsp baking powder, 1 tsp. ginger, 1-2 tsp. salt, 4 tsp. mixed spices, 1 tsp soda, 1-2 s molasses, 1-2 c sugar, 1-2 c melted fat, 1 egg, 1-2 c boiling water.

Combine flour, baking powder, and salt; add them to molasses, sugar, fat and egg. Stir only until the flour is dampened. Mix spices and soda and pour the boiling water over these. Pour this into the other mixture, stir batter a few seconds. This makes a thin batter. Bake in a slow oven about 30 minutes. Serve Chocolate Sauce over this.

AIRDROME NEWS
(BY JACK BELL)

A flight of three Navy scouts led by Lt. J. G. Brown from San Diego, California to Norfolk, Va., by way of Pensacola, Florida, remained here overnight December 19th for repairs. As reported by the leader, one of the ships in the flight was slightly damaged while flying, cause unknown. The Pilot of the damaged ship said that just as he had passed over Marathon his engine started cutting out and at the time thought that he might have to desert the ship. His one chance of bringing the ship in was to get altitude and look around for a decent place to land. Fortunately his engine, in spite of its sputtering and knocking, maintained its necessary 1700 RPM's to keep him in the air long enough to reach this airport.

On checking the ship it was found that a cylinder head was cracked. A new cylinder was installed but too late for the fliers to take off for San Antonio.

The flight started December 17th from San Diego and would have arrived at this station the same date but for inclement weather conditions in the vicinity of Tucson, Arizona, a sandstorm there holding them up.

The ship similar to the army observation ship type O-19 is installed with a Pratt & Whitney 425 horsepower engine with a speed of about 140 MPH maximum.

Reports received here were that the flight arrived Norfolk at 4:30 p. m. December 21, 1933.

Our Commanding Officer, Lieut. Thad V. Foster, arrived here December 21st on his regular inspection tour of all airports under his control. He was very much pleased at the progress of the construction and the condition of the field. He departed for El Paso where he remained overnight and then proceeded to Lordsburg to confer with officials in reference to another airport in that vicinity.

Mr. Willie Banner, of Sanderson, was a visitor Sunday. A rumor out to the effect that Mr. Banner and Sgt. Richardson are planning to put on a rodeo early in June. I do know that the Sgt. is trying very hard to get money for a concrete floor in our hangar and if he is successful the dances in connection with the Rodeo could be held here. There is also a possibility of getting a number of army airplanes here to put on a show during the Rodeo.

Lieutenant Hicks from Brooksfield, San Antonio, Texas, piloting a tri-motor Fokker transport, and 8 passengers enroute to Rockwell Field, Calif., stopped at this station this week. They will attend classes in advanced bombing. This transport is installed with three Wright whirlwind engines, air-cooled, and will cruise at 100 miles per hour.

and Robertson respectively, enroute to Crissy Field, Calif., and to Rockwell Field, Cal. stopped here this week. Lt. Treweek was the pilot of the ship that crashed 5 miles east of Sanderson about 2 years ago. He was forced to make a parachute jump when he found that he lost control of his ship.

Sgt. and Mrs. McCabe were Christmas visitors with Mr. and Mrs. Kessler of Thurston. Sgt. McCabe who was formerly in charge out here is now stationed in San Antonio. The McCabes asked me to inform their many friends that due to their short stay here they were unable to get around to say Hello, however they contemplate a hunting trip next year in this vicinity at which time an opportunity to visit may avail.

A P-12 from Kelly Field piloted by Lieut. Price enroute to El Paso, dropped in for service. Powered with a Curtiss D-12 engine, this type ship will cruise at about 150 MPH and attain the top speed of 180 MPH, making it one of our fastest fighting ships. These pursuits are single seaters and are capable of performing any possible maneuver.

Several other ship types similar to those above are going hither and yon which reminds me that I've got a job to look after--I'd hate to be a passenger flying east to other duties less pleasant (more duty) than those which I now have and besides I've got to see a guy about something next September and I don't intend to stand him up.

RELIEF COMMISSION MEETS

AUSTIN, Dec. 26. (AP)—Texas Relief Commission will meet here tomorrow to consider what action will be taken in the crisis facing the Commission's relief work in view of the failure to sell the full amount of relief bonds offered last Thursday.

It is likely that the Commission will apportion the proceeds of the bond sale and discuss plans for the sale of additional bonds.

Sgt. and Mrs. H. M. McCabe, of San Antonio, were Christmas holiday visitors with Mr. and Mrs. R. H. Kessler at Thurston.

Russell Dyer came in last Friday morning from Baker City, Ore., to visit his mother, Mrs. A. B. Dyer.

Why Hospitals Use a Liquid Laxative

Hospitals and doctors have always used liquid laxatives. And the public is fast returning to laxatives in liquid form. Do you know the reasons?

The dose of a liquid laxative can be measured. The action can be controlled. It forms no habit; you need not take a "double dose" a day or two later. Nor will a mild liquid laxative irritate the kidneys.

The right liquid laxative brings a perfect movement, and there is no discomfort at the time, or after.

The wrong cathartic may keep you constipated as long as you keep on using it! And the habitual use of irritating salts, or of powerful drugs in the highly concentrated form of pills and tablets may prove injurious.

A week with a properly prepared liquid laxative like Dr. Caldwell's Syrup Pepsin will tell you a lot. A few weeks' time, and your bowels can be "as regular as clockwork." Dr. Caldwell's Syrup Pepsin is an approved liquid laxative which all druggists keep ready for use. It makes an ideal family laxative; effective for all ages, and may be given the youngest child. Let
the car speak
for itself

HUNDREDS of thousands of people now own and drive Ford V-8 cars. Some neighbor or friend of yours has one. If we told you what we think of the car, you might say we are prejudiced, so we let the car and its owner tell you.

Economy of operation is one of the first points they will emphasize—the owner will boast of it and the car will prove it.

The 1934 car is even better than the 1933—and that was our best car up to its time. The new car is more beautiful—faster—more powerful—gives more miles to the gallon—better oil economy—is easier riding—cheaper to own and operate than any car we ever built.

You owe it to yourself and your pocketbook to ask our Ford Dealer to let you see this car, and let you drive it for yourself. At the wheel of the car you will be sure to reach a right decision. The Ford V-8 will tell you its own story.
