AL CAPONE VISITS IN CITY

Don't Forget; Runoff Primary Tomorrow

No. 1 Enemy Awful Shy Guy; Refuses To Make Address

ITS HOT!

Don't you believe it? About the longest spell of aridity and strength-giving heat in many moons. We'll prove it: A rancher friend brought in some peaches and pears the other day. Carelessly we left them in the container on the steps. When finally we thought of them the sun had cooked them so thoroughly that we washed them, mixed in a little sugar and had preserves for supper. One of the galvanized tanks, fairly well packed with goldfish, was going dry fast; when only an inch of water remained this came to a boil, and the family, attracted by the groans of the piscatorial tribe, went out to investigate, found them cooked to a T and had sardines for dinner. A young lady, desiring a coat of tan, used her back porch for a beach; in the process of coloring, she fell asleep; her scant garment was of cellulose; it melted. Nice scar, but no tan. A citizen broke into this office the first of the week, so hot under the collar that it was all the lady editor and the little boy helping her could do to keep from getting whipped; our offense was reporting the fact that he had made a business trip to a neighboring city. Yessir, some weather we're having.

Tomorrow the voters will get one last crack at the candidates who didn't holler "enough" in the first primary. Terrell county put all its district, County and precinct aspirants on the shelf in the first battle of the ballots, but there still remain ten, two for each of five offices, who hope to be the party's nominees for the respective offices. These are: Governor—Tom Hunter, and James Allred; Lt-Governor—Walter Woodul and Joe Moore; Attorney General—Wm. McCraw and Walter Woodward; Railroad Commissioner—John Pundt and Lon A. Smith; Associate Judge of Supreme Court—John Sharp and H. S. Lattimore. Take your pick, folks; may the best man win.

But don't forget to turn out and vote.

Senator Connally Visits Section and Discusses Relief

A distinguished visitor in Sanderson this week was Senator Tom Connally, who had been up in the mountains of West Texas and New Mexico to rest after a very strenuous campaign for reelection. With him were Mrs. Connally and their son.

Though tired, weary and otherwise afflicted after his campaign, Mr. Connally found time to confer with various groups of West Texas ranchers, to discuss the relief plans of the government in the drought-stricken areas.

Mr. Connally gave, in detail, the plans by which the government is going to extend aid in district where the drought has taken, and is still taking toll of the herds and flocks. He promised whatever aid possible in hurrying the plans of the administration.

While Mr. Connally's visit was for the purpose of resting up, he mapped his return route home to include those portions of the state where the drought was more intense, in order to gain first-hand information in his efforts to secure relief.

Local Folk Escape Serious Injury As Car Turns Turtle

Enroute to the the Bloys campmeeting last Sunday in the new '33 Chevrolet of Mr. and Mrs. D. A. Pollard, with the Missus at the wheel, she and other occupants of the car had a lucky escape from serious injury when it turned turtle on the Alpine-Fort Davis road, at one of those circus turns. Other occupants of the car were Mr. Pollard and son, Melvin, Mrs. Mary Lou Kellar, and Mrs. Lee McCue. All escaped with minor bruises with the exception of Mrs. McCue, who was riding in the front seat. She sustained a fractured wrist. Passersby hurried her to Fort Davis where she received medical attention, and is now getting along nicely.

According to Mrs. Pollard, who is a careful driver, the accident was caused by the sudden deflation of a tire while rounding a wide turn. The car in swerving struck a huge boulder, and it eased over, wrong side up. Mrs. Pollard having presence of mind to shut off the ignition, minimizing danger of fire.

Damage to the car, covered by insurance, will soon be repaired.

PRIZE BONER

The prize sory for the irregularity of conduct in holding a primary election comes from Victoria. It's so good, we're telling it. When the ballot boxes for the recent primary were distributed in that county, one of them contained an unused supply from the election of a year ago. The election judges didn't know any more than the average run of judges and passed out these out-of-date ballots to the voters who marked them with zeal.

When the day's work was finished it was found that the voters in this precinct had voted to repeal the 18 amendment, exempted homesteads from state taxation, and legalized the sale of 3.2 beer. And having done a good day's work they went to homes at peace with the world, lay down and slept the sleep of the just.

ANOTHER ONE?

Over in Edwards county a cavern that will make the Carlsbad wonder look like a rat hole has been discovered, according to Frank Nicholson, explorer de luxe. When Frank was growing around in the New Mexico cavern, he pronounced that pit the greatest marvel of the New World. It was "ne plus ultra," (excuse our French). Later he explored the sink near Burnet, and lo and behold, it was even greater than the Carlsbad cavern. Don't know how much the natives of Burnet put up, but Frank is a high liver. We wondered if he had quit "exploring," until this latest "greater than the Carlsbad cave" report came from Edwards county. Since the New Mexican cavern was opened to the public, its entire expense of maintenance was paid year after year by Texas folks, who seemed to have adopted it as their own, and our only wish is that the Sinkhole in Edwards will turn out to be everything that the present corps of press-agents say it will.

Mistrial In Murder Case

On account of failure of the jury to agree, the case of Braulio Gutierrez, charged with murder, and tried at a special term of district court here last week, was entered on the docket as a mistrial.

The case was given to the jury last Thursday evening, and their deliberations continued until Saturday, current report being that they wound up as they started—8 to 4.

Evidence introduced at the trial led to the opinion that sentiment in the Mexican settlement was hostile to Gutierrez prior to the shooting of Coronado on July 4th, and this gave more or less weight to the element of self-defense injected into his plea before the jury.

Gutierrez had been a deputy sheriff for some time.

AND HE WASN'T THERE

Winner of the \$15 at the Princess last Monday night would have been Jimmy Wilkinson had he been in the house. Jimmy wasn't, so the \$15 will be Simesed to another \$15, and some one will win \$30 Monday night—maybe.

Mrs. E. D. Pipes and two sons, returned to their home in San Antonio Sunday, after a month's visit with her mother, Mrs. Luella Lemons, and other relatives.

Mrs. W. H. Mansfield was here from Uvalde the first of the week, and visited with her daughter, Mrs. Tip Frazier and other relatives.

To Demonstrate Modern Cookery Here Thursday

New angles on the age-old problems of the homemaker will be presented to the ladies of Sanderson next Thursday, at the office of the Texas-Louisiana Power company at the free cooking school which will be held beginning at 2:30 p. m.

Mr. Dallas Plauche, well known home economist will conduct the school, with the assistance of Miss Isabel Herndon, who has also had wide training in the field of home economics.

Novel recipes and menus, as well as new methods of preparing the old "standbys" will be given by Mrs. Plauche, and their preparation demonstrated. The dishes prepared will be given away to those attending the school. One dish meals, grilled meals and full oven meals will be featured at this school.

Discussions of modern home management, the all electric kitchen simplified cookery, meal planning, child feeding, diet and table appointments, will be among the subjects included in the program.

An attendance prize will be given away, in addition to free recipes and menu charts.

There is no attendance charge for the school and Mr. Morris, manager of the local office, cordially invites all Sanderson homemakers to be present.

Don't forget the date, Thursday, August 30th, at 2:30 p. m.

Davis Apple Crop Best in Five Years

Reports from Fort Davis are to the effect that the apple crop in that section is due to be harvested about the last of August. Many Sandersonites who had occasion to visit in that vicinity recently report this year's crop as extraordinary, and it will be among the first to be put on the market in the United States.

Reports have it that this will be the first good season for apples in the Fort Davis section in nearly five years. The crop is mainly of the famous Stark's Delicious, unsurpassed for flavor, a good shipper, and an apple for all uses in the home. Recent years have shown a marked demand for this apple, and orchardists in the Davis area state that the entire crop find a ready market.

Without word of warning, leaving the reception committee up in the air as far as a scheduled program was concerned, and our spokesman without a prepared speech, the Al Capone special rolled into Sanderson Monday afternoon, bound for San Francisco Bay, where Al, instead of boarding a palatial yacht, will be introduced to his new quarters, room and rent free, during the remainder of his 11-year sentence for dodging the tax collector.

And to make matters worse, Al, sometimes called Public Enemy No. 1, refused to come out on the platform and take a bow. In fact, the delegation received a cool reception from even his bodyguards, who fondled machine-guns in such a way as to discourage any intimacy with old friend, Al.

Capone, allegedly, was one of 43 federal prisoners aboard the prison special through here Monday, and headed for Alcatraz island in San Francisco bay. Uncle Same's latest asylum for federal offenders, and so-called escape-proof. The train was special built, heavy bars on the windows, steel doors between cars, and guarded by a force of some thirty men, armed with machine guns. No one was allowed to get too near the train during its 20-minute stop in Sanderson, and you could get more information out of the Sphinx than from those in charge of the train.

HALE ACQUITTED

At a hearing held in Marfa August 11, Ranger W. E. Hale, indicted in connection with the slaying of Pablo Prieto, was acquitted on the grounds that the killing occurred because Prieto had interfered with the officers while in the performance of their duties. Others indicted in the case will be tried in Upton county in the fall.

Guests of Mr. and Mrs. S. J. Kellogg this week were Mr. and Mrs. J. W. Guynes and children of Big Lake, and Mrs. H. P. Kellogg of Franklin, Texas.

HOME FOLKS KNOW

No more befuddled group exists than average voters during the tenure of a campaign where high office is the goal. Such contradictory assertions are made, until we come to the conclusion that some one is lying—but which one is it? But the home folks know, the people who are intimately acquainted with the candidates—meet them day after day—and their opinions and actions ought to have weight, where one is "up a tree." Hunter and Allred are from the same town, live in the same voting precinct. That box gave Tom Hunter 101 votes, Allred 74. The home county gave Hunter 5,013, and Allred 3,762. In the city of Wichita Falls Hunter polled 2,988, Allred got 2,112. Merely a tip to those seeking the light.

U.S. PURCHASE OF CATTLE TO BE RESUMED; SHEEP, GOATS DELAYED

Notice received this week by officials in charge of the FERA program, advised that the purchase of cattle by the government would be resumed right away, but on a strictly quota basis in Texas, naming 234 counties as the Drought Relief Area.

The quota for the entire state has been set at 150,000 head, and the quota for each county will be 450 head a week.

All interested can get desired information from Joe Ver, or L. A. Lowe, who are giving their time to details of the program.

There has been unexplained delay in the sheep and goat purchasing campaign, the latest from Washington announcing that this buying would probably start in the western drought areas by early September. Meat packers have assured the government that by the middle of September they would be prepared to process 50,000 cattle and calves and 17,000 sheep daily. In conference with AAA officials the packers stated that additional facilities were being developed to meet the situation, and figured their September capacity upon the basis that 6,000,000 head of cattle and 2,000,000 sheep will be slaughtered before the end of the year.

The last word of the administration's officials was that the sheep program would begin not later than the first week in September.

John Sharp Makes Appeal to Voters

Among candidates whose names will appear on the ballot in the runoff primary tomorrow will be that of John H. Sharp, for Associate Justice of the Supreme Court. He has served as one of the judges on the Supreme Court Commission of Appeals for the past five years. After serving one term he was unanimously reappointed by the three judges of the court. He is justly and fairly entitled to be promoted to the Court itself.

SUL ROSS COLLEGE INTRODUCES SPLIT SEMESTER TO AID STUDENTS

Alpine, Aug 15.—To make it less difficult for students to pay fees during the next school year, Sul Ross State Teachers College has adopted a Split-Semester Plan, permitting the student to pay one-half his fees at the opening of the fall semester and the other half at the end of the first nine weeks of the semester.

"We realize that there are hundreds of young men and women who are anxious to attend college," said Dr. H. W. Morelock, President of Sul Ross, "but are unable to do so because of the present economic conditions. And for this reason we are adopting a program which will enable them to attend Sul Ross at a minimum cost."

Mr. C. A. Gilley, manager of the college cafeteria, has agreed to accept partial payment for meals in the cafeteria, and to give work to the student which will enable him to pay for the balance.

Mr. Gilley also said that the cafeteria will buy from students such edibles as hams, beans, and canned goods. These will be purchased at market price, and will be applied to one-half the student's board bill.

To further decrease the cost of attending Sul Ross, Dr. Morelock has worked out a cooperative plan for light housekeeping. Each of the 36 furnished student cottages belonging to the college will house five girls. Each girl will pay only \$3 per month and water and sewer service will be furnished free.

Under the Split-Semester Plan students will be able to complete 9 months' work at the end of each nine weeks in each of the subjects for which they register.

Kerr Mercantile Closes Saturday

Patrons of the Kerr Mercantile Company are advised that the store will be closed all day Saturday, September 1st, to take inventory. This information is for their convenience, so that week end purchases may be made Friday.

Mrs. Elmo Taylor and daughter, Leurline visited on the Tom Holmes ranch this week.

Elmo Taylor left this week for Del Rio with a shearing crew, and expects to be gone a month or longer.

Devil's Sinkhole in Edwards Greater Than Carlsbad Cave

Around twenty to twenty-five men are now being employed by Dr. Frank Nicholson, in taking the bat guano from the Devil's Sinkhole near Rocksprings, according to the Rocksprings Record. Around twenty-five tons of guano is being lifted from the hole by a ship hoist every day, and it is shipped from Kerrville to California and Florida.

The Record continues: "Dr. Nicholson tells us that this by far the largest cavern in the United States, and it will take several weeks to explore it.

"According to this gentleman the main deposit of guano has not been found, and the deposits now being taken from the cave are from sections near the entrance, which is

around 600 feet from the top.

"Dr. Nicholson also tells us that among the most beautiful formations he has seen in any cavern are to be found in the several massive rooms so far discovered in the Sink Hole.

"There is a small mountain about 300 feet below the surface and from the top of this mountain to the table land in the cavern it is estimated to be around 300 feet. Below the base of the mountain and about 75 or 80 feet from the same is a very large lake of pure water. The lake is being fed by various springs, and the water is very cold, and so clear that it is possible to see the bottom of the lake where the water is from 35 to 40 feet deep.

"The lake itself is very beautiful and many rocks covered with snow-

white crystalline are seen at the bottom and on the sides of this lake. The water being excellent to drink and is pronounced chemically pure.

"Dr. Nicholson says that the cavern will be fully explored and opened to the public just as soon as the vast guano deposits have been removed and necessary trails made in and about the cavern, the installation of a passenger elevator that will insure the safety of all who wish to visit this, the real wonder cavern of the world.

"Many large rooms, as yet unexplored, contain formations of several different colors, with one room made so bright by crystalline formations as to permit the reading of a newspaper without a light of any sort other than Mother Nature."

Mrs. J. C. Green and son, John, Jr., returned home the fore part of the week from a visit in the mountains near Fort Davis, where they attended the Bloys campmeeting.

THE REAL REASON

Charley Bryan, brother of William J. Bryan, running for governor of Nebraska, was snowed under. He came up snorting, and blamed his defeat on "money and the newspapers; beer and liquor; youth and religion." The fact that he didn't get enough votes never entered his mind.

Hollywood stars accused of fostering communist principles and donating money for the "cause." Simply ludicrous! It's too deep for that

The exceptional popularity which Chevrolet has enjoyed for many years has naturally had its effect on Chevrolet prices. Large sales have enabled Chevrolet to maintain consistently low purchase prices, which were recently lowered even further. As a result Chevrolet now offers you the lowest priced six-cylinder automobile obtainable—a big, comfortable car with Fisher Body styling and refinement—safe, weatherproof, cable-controlled brakes—the smoothness and economy of a valve-in-head, six-cylinder engine—and typical Chevrolet dependability. In offering this car, and the Master models, at substantially lower prices, Chevrolet hopes to repay the motoring public in some measure, for consistently placing Chevrolet so high in public favor. BIRTHDAY PARTY

Last Saturday was a festive occasion for Leurline Taylor and her little friends, when her mother, Mrs. Taylor gave all a party commemorating the tenth birthday of Leurline. From six to eight o'clock the little folk made merry, and thoroughly enjoyed the interludes between the punch and cake sessions. The hostess, who was assisted by Mrs. Fred Yeates and Mrs. H. Carson.

LOCAL MINISTER RESIGNS

Evangelist Frank Traylor, minister to the local Church of Christ, tendered his resignation to the officers of the church last Sunday, effective August 26. He will return to Abilene Christian College Sept. 10, after a visit in Vernon, his home, and he plans to labor in other fields next summer.

ENTERTAINS WITH BIRTHDAY PARTY

Mrs. J. T. Trotter was hostess at a delightful party at her ranch home August 12th, the occasion being the birthday of M. G. Slaughter. The dining room was gaily decorated for the party, the table at which the guests gathered being the center attraction, with its centerpiece, a huge birthday cake with pink and green decorations, around which were arranged small white dishes resting on lace doilies, all supporting the pink white tapers. After the dinner the guests returned to the living room, where they enjoyed conversation, intermingled with music furnished by J. Williams, Melvin Chandler and C. Hale.

Guests at this very enjoyable affair were Mr. and Mrs. John Williams, Mr. and Mrs. Emmett Young, John Canon, Mr. and Mrs. Lewis, Mr. and Mrs. C. E. Hale, Mr. and Mrs. M. G. Slaughter, Melvin Chandler, Herman Chandler, Mrs. Janet, Mrs. Graves, Mrs. W. R. Jordan, Misses Pauline and Louise Williams, and Miss Joan Young.

A delectable refreshment course of cantaloupe a la mode and coffee was served to Mr. and Mrs. Max Bogusch, Mr. and Mrs. Clyde Griffith, Mr. and Mrs. C. M. Breeding, Mr. and Mrs. Robert Duncan, Mr. and Mrs. L. M. Baze, Mr. and Mrs. W. H. Savage, Mesdames T. Maxey Hart, Avis Foster, Messrs. Sims Wilkinson and Jim Nance.

In "Peg O' My Heart" Marion Davies Gives Outstanding Film Portrayal

As a play "Peg O' My Heart" is some twenty years old, and yet on the talking screen it is brand new. The reason for this is in the apparent agelessness of the charming story. In the new Metro-Goldwyn-Mayer feature, which comes to the Princess theatre next Monday, Aug. 27, Marion Davies breathes new life into the captivating character created in the theatre by Laurette Taylor.

In her deft hands, Peg seems to have a new personality and yet with it loses none of the crystal romance of the Irish gamine we knew so well on the stage. Miss Davies performance is assuredly the best of many recent appearances. She has endowed her Peg with a finer understanding and sympathy that might be traceable to her own Irish ancestry.

The comedy moments of the story abound in richness of dialogue and situations, and the love theme, with Onslow Stevens as Sir Gerald, adds a poetic gentleness. The story of Peg is too well known to dwell on, but it comes to the screen with a freshness that is delightful, stirring at the same time, fond reminiscences of another day.

Junior Lemons left Sunday for San Antonio for a visit in the home of his sister, Mrs. E. D. Pipes.

"Pat" Paterson's English Accent Routs Traffic Cop

"Pat" Paterson has discovered that her English accent is excellent in forestalling irate policemen who try to give her traffic citations. One of Miss Paterson's first purchases after her arrival in Hollywood for the featured feminine role in "Bottoms Up," new Fox romance, was an automobile. But, unfortunately, American traffic rules are considerably different than those in London. And so, "Pat" tried to drive to the left hand side of the street, resulting in a complete tie-up of traffic at a busy Beverly Hills intersection.

When the traffic cop approached with ire in his eye, Miss Paterson thought fast. "Oh, I say, you know," she apologized with a very much accented voice, "I'm most frightfully sorry."

The law looked blank, and before he came to, "Pat" had driven away.

This petite star, a big favorite from the start of her career, will be seen in B. G. DeSylva's "Bottoms Up," at the Princess theatre tonight and Saturday night.

Mrs. George Searight and son, Gilbert, after a very pleasant visit of a week with her niece Mrs. Kenderick Harrell, at the ranch, left Sunday for their home in Austin.

Miss Anna Mitchell was in from the ranch Saturday, and attended the dance at the Masonic hall in the evening.

Boxing Matches of Legion Success; Big Dance Saturday

Quite a crowd, through curiosity, attended the boxing matches staged by the American Legion post last Thursday night at Legion field, and were agreeably surprised at the good exhibition. It was the Legions first card, and several things interfered with the attendance, and one or two of the matches advertised did not materialize, the contestants being out of town at the time. Every one who attended, however, reported they enjoyed it, and hoped that another such show would be staged in the near future.

The post wishes to extend thanks to all who in any way helped to make last Thursday's show a success, especially Mr. Morris, manager of the Texas-Louisiana Power company for lights and Mr. Nichols who furnished rope for the ring.

The next feature of the local post is a big dance tomorrow night at the Masonic hall, when the entire population is invited to "swing your partners" to the music of Cuco and his Seven Aces of Del Rio.

Mr. and Mrs. Clyde Morris were Pecos visitors last Friday, Clyde going over to attend the district managers' meeting for this division of the Texas-Louisiana Power company. They returned via Toyah, where the Missus visited her parents and picked up Clyde, Jr., who had been over there for some time.

Dr. James C. Sharp left the latter part of last week for a business trip in San Antonio and returned home Sunday.

Dove Season Opens Saturday, the 1st

Hunters will begin to clean up and all the old blunderbuss this week, and maybe the Missus and kiddies will have a change of diet. The dove season opens September 1st, which might also be called the beginning of the hunting season proper.

The bag limit has not been changed, and the hunter is allowed 15 birds a day, or 45 in any one week. You want to bear in mind that it is against the law to shoot in, or across or along any public highway, and violators of this clause will be subject to a fine of not more than \$100. The penalty for shooting a dove or any game bird or game animal from a car is not less than \$25 and costs, nor more than \$100.

Later on hunters of waterfowl will be faced with a new situation, in that they must have the \$1 stamp provided by the Federal Game Commission whether they are or are not resident hunters. This stamp must be purchased by ALL hunters, and the fund derived will be used to build and main ponds, marshes and like breeding places for waterfowl.
