START GOAT BUYING PROGRAM

Fourth Special Session Called By Governor Today

Vital Legislation Is Imperative Given As Reason

Governor Miriam A. Ferguson on Monday of this week called a special session of the 43rd Legislature to convene in extraordinary session at noon today, Friday, October 12th.

It will be the fourth time Governor Ferguson called a special session of this legislature. The last called session adjourned Sept. 25.

The governor's proclamation listed the following matters as subjects for legislative consideration:

- Remission of penalty and interest on delinquent taxes.
- Development of the Brazos and Colorado rivers projects.
- Provisions of funds for the Texas Centennial.
- Provisions for additional relief funds.
- Jim Ferguson, who seems to be spokesman for the administration, stated the subjects to be brought up are of vital importance.

The question of establishment of a natural resources commission to supplant the Texas Railroad Commission as the oil and gas conservation authority will depend upon developments within the oil industry, Ferguson said. He intimated that in all matters coming up for consideration the legislature would have a free hand.

First Wife Sues Joiner for \$1,500,000

Pictured above, right, is Mrs. C. M. Joiner, No. 1, aged 74. At left is Mrs. C. M. Joiner, No. 2, aged 26. In the circle is C. M. "Dad" Joiner, discoverer of the East Texas oil field, aged 74. Mrs. Joiner No. 1 has brought suit against Joiner in Dallas for half interest in his estate, reputed to be \$3,000,000. (Texas News Photos.)

Nearly 13,000 Listed With Government For Purchase; Less Than 1 Out of 10 Accepted For Shipment By Govt.

Officers Elected By Cemetery Assoc'n

The Sanderson Cemetery association had its annual meeting for the election of officers and transaction of other business at the Baptist church on Friday, October 5, at 3:30 p. m. A report was made by the secretary and treasurer to the effect that the association had a balance of \$36 in its treasury.

The following officers were nominated and elected by acclamation: Mrs. R. E. Fred, president; Mrs. Myrtle Higgins, vice president; Alfred E. Creigh, secretary-treasurer.

A discussion was had as to ways and means of supplying water to prevent loss of trees and other growing shrubs at the cemetery, and it was proposed that the officers of the association make contract with the County Administrator to the end that a project might be worked out whereby a well could be drilled to supply water.

With the same sorters, Loyd Mitchell of Marfa and Bert Kincaid of Fort Stockton, who are in charge of the sheep buying program in Terrell county, the government began the purchase of goats this week.

According to a statement from the local office, ranchers in this county have listed between 17,000 and 18,000 goats for sale. The present plans specify only Angora goats one year and older, and the flat rate set by the Federal agents is \$1.45.

Goats that are condemned must be skinned, the pelts cured and held by the producer until the government calls for them.

The campaign opened on goats Monday, and up to and including Wednesday night a total of 2,493 goats were purchased, and of this group only 187 were accepted for shipment.

Another provision in the goat program is that the government will purchase only 64% of the total offered for sale.

Shiners are getting 6 cents per animal.

Present plans in Texas call for the purchase of 400,000 head of goats from the ranches and farm.

Still Buying Sheep

Since the inauguration of the sheep buying program in September, a total of 44,816 have been bought. Of this number only 4,620 were accepted for shipment, the remainder being slaughtered.

Commissioners in Regular Session

The regular monthly meeting of the commissioners' court was held on Monday of this week with Commissioners W. E. Stirman, R. E. Fred and J. C. Mitchell present, in addition to Judge G. J. Henshaw, who presided, and County Clerk F. L. Burnside.

The court, at this meeting, purchased a typewriter for the tax collector's office, approved the report of County Treasurer Frank K. Harrell, and approved current bills.

Princess Jackpot \$30 Monday Night

The cash prize at the Princess theatre for Monday night was swelled \$15 more last Monday night when Lewis William Lemons, whose name was drawn, was not in the theatre.

The prize, which reached \$45 the week before last, went to Mrs. M. P. Lester.

Record crowds jammed the theatre this week and last week, and a greater crowd is predicted for the coming week.

WATER WELL ON COX RANCH

Hugh Cox was in town this week to report completing a good well for Mr. and Mrs. Jake Yoas on the C. F. Cox ranch near Longfellow. He reported that a good flow was struck at a depth of 900 feet, and that it is the only well on the Cox ranch.

Miss Marybell O'Bryant, who is attending Sul Ross college at Al pine, spent the week end here with her parents, Mr. and Mrs. W. D. O'Bryant, Sr.

Mr. and Mrs. W. J. Ferguson and daughter, Miss Mary, motored to Kerrville last Friday where they spent the week end with their son and brother, Billy, who is attending Schreiner Institute.

C. A. C. Hall To Be Ready For Legion Dance Friday, 19th

The Catholic Athletic Association recreational hall, which was partly damaged by a hurricane this summer, and which has been undergoing repair and being rebuilt, is just about completed.

Part of the walls and all of the roof had to be rebuilt, and the work is being done by volunteer members of the association. They are hopeful of having all work finished and the fine dance floor in shape for the American Legion dance, scheduled for next Friday night, the 19th.

CLIFTON DEATON HURT IN WRECK AT SAN ANGELO

SAN ANGELO, Oct. 9—An automobile crash on East Pulliam Street last night shortly before 10 o'clock, in which two persons were hurt, was being investigated this morning by police.

The automobile in which Lewis Wilson and W. L. Cleveland, Eldorado, and Clifton Deaton, Sanderson, were riding was demolished when it struck the concrete culvert abutment between the Santa Fe tracks and the north turn off Pulliam on the San Angelo-Ballinger highway.

Wilson and Deaton were given emergency treatment in a local hospital and released. Cleveland was not hurt.

Clifton Deaton is a son of Mr. and Mrs. John Deaton of Longfellow, Mr. Deaton being section foreman for the T. & N. O., while Lewis Wilson is his son-in-law. It was not learned here as to whether either party was seriously injured.

V. M. Mason of Dryden was a business visitor in the city Tuesday.

Marfa and Sanderson Deadlock at Fair, 0-0

Boy Scouts Held Regular Meeting

The regular meeting of the Boy Scouts was held Wednesday night at the grammar school, with Scoutmaster Smith reading to the boys on the work and principles of scouts which was followed by an oral quiz on what had been read. The scouts then retired to the gym where an hour was enjoyed with various games.

On Tuesday afternoon the Cubs held their meeting at the grammar school building. There are 25 boys between the ages of 9 and 12 enrolled, and these are divided into three "dens" known as the Lions, Bears and Wolves. These boys are learning the principles of scout work and hope to be regular Boy Scouts when they become of age.

American Legion To Give Dance

The local American Legion post will give their regular monthly dance next Friday, October 19, at the C. A. C. hall, music to be furnished by Buddy Marshall and his 10-piece Varsity Orchestra. Dancing will start at 9 p. m. and \$1.50 will be charged for dancing.

LARGE ENROLLMENT AT CIA

Three girls from Terrell county are among the 1,685 students enrolled for the fall session at Texas State College for Women (CIA). In this number 176 Texas counties are represented, with 18 states and one foreign country.

These girls are Misses Dorothy Sullivan, Ellen Appel, and Mattie-rue Newton, all from Sanderson.

Mr. and Mrs. Joe Wilson and daughter, from the Cunningham Bros. ranch, spent Wednesday and Thursday in the city.

Heavy Field Is Good Alibi For Eagles' Poor Showing

A scoreless tie was the best the Sanderson Eagles could do at the Highland Fair last Friday morning, when they played a return engagement with the Shorthorn squad of Marfa high school, before about one thousand fans.

At the start of the game it was evident that something was wrong with the Eagles, their punch on offense suffered a big letdown when compared with that of their other tilts to date. On defense they looked plum bad. Our first thought was that they had a bad case of stage fright, performing in front of such a crowd. But about the third quarter the real trouble began to dawn clear.

The game was staged on an impromptu field in front of the grandstand where the rodeos were held each day, and if you ever saw a plowed field, you begin to catch the drift of these remarks. Our boys, used to playing up here in the rocks just couldn't get going, while the Shorthorns seemed to be right at home, making down after down in the third quarter until they placed the oval on the Eagles' 4-yard line, first down and four tries. It looked like a hard winter for the mountain birds. But, the strain was too much for Marfa; they fumbled on their first try, and although the Eagles couldn't run, wallowing was right in their line, and they were all over that football before it hit the turf. When the referee untangled the players Litton had the ball held so tightly they had to pry it loose. Two power plays and a penalty for offside on Marfa, gave Newton the longed-for chance to kick that ball where it didn't bother the Eagles the rest of the morning.

The Eagles rest this week, but on next week end they play a return game with Monahans, there.

4th Grade Presents Columbus Pageant

A very entertaining Columbus day program was presented by the pupils of the 4th grade at the regular chapel period Wednesday, Oct. 10, at one o'clock. The program began with several selections by the Sanderson high school band under the direction of Mr. Elmo Low, after which the entire group in the 4th grade took part in a Columbus Day shadow play in the following scenes:

Speakers were Dewain Hill, Robert Crane, Billy Jo Corder, and Marjorie Morris. Billy Raye Bowden was the announcer.

Scene I—Columbus as a boy—Walter Sharp.

(a) In the workshop with his father—James Blackwelder.

(b) At the docks. (Sailors, Dan Murrah, Orvy Roberts).

(c) Studying his maps.

Scene II—Planning the voyage.

(a) Columbus studying—Jack Turner.

(b) Explaining his beliefs to the wise men—Cherry Miller and Sam Bell, Jr.

(c) Columbus and Diego at the monastery. Diego (Terry Miller). Prior (Bill Stirman).

(d) At court. Isabella (Adeline Bosworth); Ferdinand (Marshall Cook).

Scene III—Crossing and discovery.

(a) Ships, managed by Charles Rogers.

(b) Mutiny on board ship. Mate (James McDonald), Mutineers (Orvy Roy Roberts, Dan Murrah, Walter Sharp).

(c) Landing.

(d) Indians (Ross Stavley, Mary Pearl Caruthers).

Scene IV—Return Home—Reception of Columbus at Court.

Pages—Mary Kelley, Jane Barker.

JNO. DOAK ELECTED V. P. OF OLD TRAIL DRIVERS

DEL RIO, Oct. 8—John M. Doak was chosen as one of the vice-presidents of the Old Trail Drivers' Association at the close of the 19th annual reunion in San Antonio Saturday.

Experts Arrive at Mt. Locke to Be First Residents

Austin, Oct. 6.—Visions of a Paris, Texas banker a decade ago of furthering astronomical science by a gift of nearly \$1,000,000 to the University of Texas neared fruition today.

Two astronomers of the staff of McDonald observatory were enroute to Mt. Locke, in Jeff Davis county, to inaugurate astronomical tests preliminary to installation of an 81-inch reflector telescope. They will be the first to establish permanent residence at the site. It will be a year, however, before experts complete polishing of a three-ton mirror to be used in the telescope.

Banker Died in 1926

The astronomer was Dr. Frank E. Bosh, formerly with the Perkins observatory at Ohio Wesleyan college, Delaware, Ohio, and his assistant, Theodore Imega.

W. J. McDonald, the Paris banker, bequeathed the money to the university. He died in 1926. Extended litigation over the will and delays occasioned in perfecting plans for the observatory, made progress slow.

Work Limited

Operation of the observatory will be under the joint sponsorship of the Universities of Texas and of Chicago. Dr. Otto Sturwe, director of Yerkes observatory, will direct the Texas project.

The work was limited to the newer phases of astronomy to supplement that of other observatories. Special emphasis will be placed on astro-physics, which relates to the physical constitution of the heavenly bodies, as distinguished from astronomy, which treats of the motions, distances and dimensions of the bodies.

Public Schools To Be Kept Open With U. S. Funds

Washington.—President Roosevelt on last Thursday laid the groundwork for extending federal financial assistance to public schools whose funds have been gravely depleted by the depression, according to an American Press report.

Secretary Ickes was directed to draft with Relief Administrator H. L. Hopkins a plan to keep schools open for the next three months. Congress and state legislatures opening in January might provide the money to be used the remainder of the school year in worthy cases, Mr. Ickes said. He estimated that from two to two and one-half millions would be needed before January. It would have to come from relief administration funds.

State school superintendents who have just ended a meeting here said \$3,000,000 was needed to open the schools which could not otherwise start their fall terms. They estimated \$25,000,000 was necessary to provide normal terms and urged that a survey be made to determine by December 1 what the financial requirements of schools will be for the rest of the school year.

Ickes said an incomplete list of states asking for federal assistance for schools included Texas, Oklahoma, Arkansas and Kansas.

Misses Hunter and Lane, of Uvalde, have been in Sanderson this week at the home of Mrs. Harry Sharp where they are giving permanent waves.

Mr. and Mrs. S. S. Daggett and Mrs. Daggett's niece, Mrs. Fona King, left last Saturday for San Antonio. They will also visit in Pensacola, Florida, and other points before returning home.

Mr. and Mrs. M. H. Goode, Jr., and children came in from the Philips ranch near Sheffield last Friday and spent several days here this week visiting her parents, Mr. and Mrs. W. E. Lea. Her mother, Mrs. W. E. Lea, who had spent several days as their guest at the ranch, accompanied them to Sanderson.

appearing in these columns will be gladly and promptly corrected upon
calling the attention of the management to the article in question.

THIS THING CALLED LIBERTY

In these times of economic stress and instability, we hear much of
liberty.

Prominent citizens are writing of liberty. Others are speaking of lib-
erty. Indeed, some are organizing for liberty.

Everywhere—"liberty" is on the lips of the people. And there are
those who profess fears lest they shall be deprived of what they conceive
to be liberty.

Liberty is the most precious possession of the people. Millions have
died for liberty. The blood of patriots of all ages has been spilled for it
over innumerable battlefields. For liberty is our most cherished ideal—the
goal of all progress, the hope of all attainment.

Today there are some who wave the flag of liberty, however, who
would needlessly frighten the people. They speak of the constitution and
its guarantees of liberty. They tell of Valley Forge and of Bunker Hill
when men died that men might be free.

And it is well that we are becoming more liberty-conscious. But some
who would have us think in terms of freedom and liberty, give indication
of being either ignorant or forgetful of the true meaning of liberty.

True liberty is nothing that can be ferreted out of dusty tomes, hon-
ored statutes or revered documents. Not at all. That which we find in
the constitution is but a guarantee that liberty is possible under our gov-
ernment. It is no assurance that liberty does exist. For liberty does
exist—and exists alone—not in the written word and pledge, but in man's
relation with his fellowman. It is written in the hearts of men—in terms
of human welfare and human justice. There is no liberty save when that
pledge by printed word is translated into action serving the purposes of
humanity. Liberty comes when governmental opportunities, social privi-
leges and economic security are provided for the many quite as abundantly
as they are for the few.

And when the few, who enjoy special advantages under the old order,
prate of liberty and express fears of a change, it is well to take stock of
the situation. It is just possible that a better program of human rights
is the object of their scorn.

Liberty is the birthright of all. Its blessings are not merely for the
few.—Farm News, Colorado Springs, Colo.

THAT WONDERFUL ADVERTISING

A smartly dressed, smooth talking gentleman has dropped in to dis-
cuss a few matters with John Doe, the grocer. It also develops that the
gentleman is interested in having Grocer Doe buy a very unique and
highly effective advertising campaign.

"This advertising is something different," he tells the grocer. "You
can't get it anywhere else. Your newspaper can't provide it. This will
be something exclusive to you. Just sign here."

But before signing here, there or anywhere else, it might be smart to
stop and ask yourself how anything that good escaped the men who spend
millions of dollars yearly for advertising.

Men who spend millions for advertising also spend thousands to test
their advertising and be sure that they are getting their money's worth.
No promising proposition or scheme is turned blindly down. They waste
proportionately less of their advertising money than most small adver-
tisers because they seek results—not something different.

General Motors, Henry Ford, the big oil refiners, department stores,
and food men don't spend their money for advertising in home news-
papers because they like the editorial policy or because they haven't been
offered hundreds of schemes and novelties. They advertise in newspapers
for results—to make money.

Gadget advertising has no place in the retailer's budget, unless he
can afford to be more wasteful than the big boys.—Weekly Press, Ripon,
Wisconsin.

SQUARE DEAL IN BUSINESS

The long depression has been a severe test on small business as well
as on large. The small business has the handicap of lack of elasticity in
organization as well as lack of reserve which is generally available in
large businesses.

Those small businesses who have survived the depression are obvi-
ously based on sound methods. They have been directed with intelli-
gence. Above that and exceedingly important to their success, they have
been based on honest practice.

The business that does not consistently treat its customers with fair-
ness must eventually find new customers or close its doors. Those who
have been mistreated will not return.

Therefore, ethics in business in the long run pay dividends, both in
money and satisfaction. The man who creates and maintains a lasting
business institution knows a feeling that is denied the dealer in sharp
practice and short enterprise.

Business to continue with success, must not only have intelligent
management but it must have honesty. The depression has emphasized
the value of the square deal.—Daily News, Orange, Calif.

THE STORY OF A THOUSAND CHILDREN

From the Bureau of Education, Washington, comes the following:

Of the 1,000 children entering the first grade practically 1,000 will
reach the fifth grade; 830 the sixth grade; 710 the seventh; 634 the eighth;
343 will enter high school; 246 will reach the second year; 81 the third
year; 150 the fourth year; 139 will graduate; 72 will enter college; 52 of
these will become sophomores; 39 juniors; 30 seniors; only 23 graduate.

A pessimist is a former optimist who lost his money backing his opti-
mism.

Self-aid is now being stressed in relief work. That type of work will
make for rehabilitation and self-respect.

Unique Vicks Formula Is Now Aiding Millions In Preventing Many Colds

Vicks Va-tro-nol, the unique aid in
preventing colds, is now helping mil-
lions of adults and children to enjoy
greater freedom from colds.
Va-tro-nol is especially designed
for nose and throat, where most
colds start. Va-tro-nol should be used
at that first sneeze or nasal irri-
tation—just a few drops up each nos-
tril. Its timely use helps to prevent
many colds—and to throw off colds
in the early stages.
Where irritation has led to a
clogged-up nose (a stuffy head cold
or nasal catarrh)—Va-tro-nol pene-
trates deep into the nasal passages—
reduces swollen membranes—clears
away clogging mucus—brings com-
forting relief.

Va-tro-nol is powerful yet abso-
lutely safe—for both children and
adults. It has been clinically tested
by physicians—and proved in every-
day home use by millions.
(Note: The remarkable success of
Vicks Drops—for nose and throat—
has brought scores of imitations.
The trademark Va-tro-nol is your
protection in getting this exclusive
Vicks formula. Always ask for Vicks
Va-tro-nol. Now in two generous
sizes—30c and 50c.)
Va-tro-nol and its companion
product, Vicks VapoRub (the mod-
ern external treatment for colds)
form the basis of Vicks Plan for
Better Control of Colds—fully ex-
plained in each Vicks package.

WOMEN'S INTERESTS

CLUBS AND CHURCHES

GRIFITH JR., HAS BIRTHDAY... Home and each one present brought something needful... A pleasant afternoon was spent in hemming dish towels and making aprons to send to the Home...

MRS. ROBERT DUNCAN BRIDGE HOSTESS... Queen's wreath and pink zinnias were used for decorations at the lovely ranch home of Mrs. Robert Duncan on Wednesday when she entertained in the afternoon with four tables of contract bridge...

METHODIST CHURCH... Sunday school 10 a. m. Mrs. H. C. Goldwire, general superintendent. Next Sunday is rally day. The number present will be the new enrollment, plus the regular scholars who are unavoidably kept at home...

DRYDEN SERVICES... Preaching tonight (Friday) and Sunday, at 3:15 p. m. Sunday school, 2:30 p. m. Mrs. J. M. Bassett, superintendent. Also rally day.

BAPTIST CHURCH... Philip Brown, Pastor Sunday school, 10 a. m. Preaching service, 11 a. m. B. T. S. meets at 6:45 p. m. Preaching service, 7:45 p. m. Our Revival meeting will start Wednesday October 17th lasting through Sunday October 28th, with two services being held daily...

CATHOLIC... Mass every morning at 7:30. First Mass every Sunday at 7:30 a. m. Second Mass at 9 o'clock. Rev. John M. Bertrant, Rector. CHURCH OF CHRIST... Sunday, 10 a. m., Bible study. 11 a. m., Sermon. 11:45 a. m., Communion. 3 p. m., song practice. 7:15 p. m., young people's meeting. Ladies Bible class, 3 p. m. Tuesday. Mid-week Bible class, Wednesday at 7:30 p. m. On Friday evening, October 26th, at 7:30 o'clock, Bro. Claude McClung of Fort Worth will begin a revival meeting. Services will be held at 10 o'clock each morning and at 7:30 each evening throughout the meeting. You are cordially urged to attend.

Hints for the Household

By BETTY WEBSTER... Most of us take crackers—just plain soda crackers or salted ones—very much for granted and are apt to serve them as they are with soup, cocktail or salad. However it is surprising what can be done to dress up the simple things and make them real additions to any meal. When you want to serve crackers with the soup, try souffled crackers. Place them in a shallow dish and cover with ice water for seven or eight minutes. Remove with a cake turner, place on a buttered sheet, dot with butter and place in a hot oven until they puff and become a delicate brown. Cheese Crackers Delicious To serve with salad, crackers spread with cheese and placed in the oven for a few minutes before serving are delicious. Something requiring more time to prepare is an arrangement of cream cheese used as a border with a center of jelly, jam, stuffed olives or nuts. Brush the crackers lightly with butter, brown in the oven and cool. Then decorate. Tiny crackers may even serve as candies for the children. Spread them with soft chocolate fudge or dip them in melted sweet chocolate. With a little thought given to details any one can concoct all sorts of cracker novelties as pleasing to the eye as to the taste. Lady Baltimore Cake 3 cups of pastry flour 3 teaspoons of baking powder 1-4 teaspoon of salt 1-2 cup of butter 1 1-2 cups of sugar 1-2 cup of milk 1-2 cup of water 1 teaspoon of vanilla 1-4 teaspoon of almond flavoring 3 egg whites, beaten stiff Cream butter until fluffy; add sugar gradually and cream together thoroughly. Sift flour once, add baking powder and salt and sift together three times. Add to sugar and butter alternately with milk and water mixed, beating after each addition until smooth. Add flavoring; fold in egg whites. Bake in layers in a moderate oven (375 degrees) from twenty to twenty-five minutes. Filling and Icing 1-4 pounds of figs 1-2 pound of raisins 1-2 pound of pecans or walnuts 2 cups of sugar 3-4 cup of water 2 egg white, beaten stiff 1 teaspoon of vanilla Grind fruits and nuts together (I like some maraschino cherries in mine as well as figs and raisins). Cook sugar and water to soft ball stage. Pour the syrup slowly on the egg whites beating constantly. Beat with a Dover egg beater until the mixture will stand alone. Add vanilla. Stir the fruit and nut mixture into two-thirds of the icing and spread between the layers and on top of the cake. Then, with the remaining icing, cover the entire cake. This cake is delicious, keeps well and, if directions are followed, cannot possibly fail. Mr. and Mrs. Van Casey were in town Monday from their ranch west of Longfellow. Mr. and Mrs. Casey were in attendance at the Highland Fair which was held the past week in Marfa. Mr. and Mrs. Rufus Kessler of Thurston were Sanderson visitors last Saturday evening. Mr. and Mrs. J. W. Downum were week end visitors in Del Rio. R. H. Murrain and R. E. Corder were business visitors in Del Rio last Saturday. Mr. and Mrs. Donald Duncan and children, from the Prosser-Brown ranch north of Dryden, visited on Tuesday with Mr. and Mrs. Robert Duncan at their ranch west of this city. Mrs. Manly Holmes was in town Thursday from the ranch visiting her daughter, Mrs. M. G. Northeast.

THIS WAY... HUNTERS... KEEN looking assortment of shotguns now ready at Kerr's... both single and double-barrel models. Priced \$9.00 to \$42.00... and SHELLS... Per Box \$1.25... Kerr Mercantile Company

MARY ALICE ALLEN HAS BIRTHDAY PARTY... Mary Alice Allen was entertained last Saturday afternoon by a party the occasion being her fifth birthday. The table was decorated in pink and white and a lovely white cake. Balloons were hung above the table and each child was given one. The guests were Geanette Cobb, Doris McSparren, Mamaie and Marie Morris Dolores McCright, Donne Mae McCright, Cecelia and Monte Goode, David Halbert, Edward Chastain, Fred William, Carol and Jack Talbot and Don Allen. Mary Alice received many nice presents which she enjoyed very much. Maurine and Earline Cox, Mary Nell Higgins and Mary Bess Hardgrave were not present but each sent a gift.—Reported. TUESDAY CLUB MEETS WITH MRS. ROBERT DUNCAN... On Tuesday afternoon Mrs. Robert Duncan entertained her club at her ranch home. Lovely cut flowers adorned the living room where four table of players enjoyed contract bridge. When scores were added it was found that Mrs. Mary Lou Kellar held high, while Mrs. Tom Holmes held second high. Delicious refreshments of sandwiches, salad, potato chips, olives, coconut macaroons and hot coffee were served to Mesdames Tom Holmes, C. M. Breeding, Willie Banner, Bustin Canon, John Harrison, Jim Nance, D. A. Pollard, Lee McCue, C. P. Peavy, Mary Lou Kellar, Donald Duncan, H. E. Fletcher, J. C. Sharp, W. H. Doty and Jerry Bell.—Reported.

AILING EYES were CRIPPLED LEGS... ONE child in every FIVE would need crutches... IT is an appalling fact that 20% of the children of school age—one child in five—suffer from defective vision. And this total mounts so rapidly that 40% of our young people are wearing glasses, or should be, at college age. The new Science of Seeing shows that much of this eye trouble comes from one preventable cause—inadequate light. Here is a typical case—a child spends several hours a day studying or reading in poor light. Instinctively she forms the bad habit of holding the book too close to her eyes. Her eyes adjust themselves to this wrong reading distance—and she eventually becomes near-sighted. If your child holds a book less than 14 inches from her eyes, there are two things you should do. First, have her eyes examined by a competent eye specialist. Second, check your reading lamps and see that lamp bulb sizes meet these scientifically correct standards: one 100-watt, two 60's or three 40's, according to the number of sockets. We will gladly help you solve your lighting problems. There is no charge for this service. The New Study Lamp... Designed by the Illuminating Engineering Society, this scientifically correct study lamp provides 5 to 10 times as much light as ordinary lamps. It is 28 inches tall—the height prescribed by science—and is equipped with a white glass diffuser which distributes the light evenly without glare or harsh contrast. The shade is lined with pure white pigment. \$6.95 95c Down... \$1.00 Monthly... ANSWERING THE CALL FOR SERVICE TEXAS LOUISIANA POWER COMPANY ECONOMICAL QUALITY MERCHANDISE

TREASURER'S QUARTERLY REPORT

Report of Frank K. Harrell, County Treasurer of Terrell County, Texas, of Receipts and Expenditures from July 1st, to September 30th, 1934, inclusive.

Table with columns for Fund Name, Balance, Receipts, and Expenditures. Funds include JURY FUND, ROAD AND BRIDGE FUND, GENERAL FUND, COURTHOUSE AND JAIL FUND, COURTHOUSE AND JAIL SINKING FUND, HIGHWAY FUND, and AVAILABLE ROAD SINKING FUND.

THE STATE OF TEXAS) COUNTY OF TERRELL) Before me, the undersigned authority, on this day personally appeared Frank K. Harrell, County Treasurer of Terrell County, who being by me duly sworn, upon oath, says that the within and foregoing is true and correct.

Joe Graham, who ranches in the northeast part of the county, was a business visitor in Sanderson Wednesday.

Mr. and Mrs. Hilton North and little daughter were in town Wednesday from their ranch north of Dryden.

Kenderick Harrell and Henry Mansfield were among the Sanderson folks that attended the Highland Fair in Marfa last week.

Clyde Mills and son, Jimmy, of Del Rio, were business visitors in the city for several days this week.

Mr. and Mrs. C. F. Savley and daughter, Miss Mildred, were Del Rio visitors Wednesday.

Clyde Morris returned Tuesday from Dallas, where he attended a meeting of the managers of the Texas-Louisiana Power Co., which was held in that city the latter part of last week.

Mr. and Mrs. C. P. Peavy and children motored to Marfa last Friday where they visited with their parents, Mr. and Mrs. Ben H. Pruet, Sr., and attended the fair, returning home Sunday.

Mr. and Mrs. Buck Pyle and Mrs. James Sharp were in attendance at the Highland fair last Friday and Saturday.

Roy Barksdale, who ranches near Dryden, was a Sanderson business visitor Tuesday.

Mr. and Mrs. C. E. Clymer, Sr., arrived Wednesday night from their home in Camden, N. J., for a visit with their son and wife, Mr. and Mrs. C. E. Clymer, Jr.

FOR RENT—A 3-room furnished house, with bath.—See Mrs. Earls Pierson.

Rev. and Mrs. T. M. Taylor were visitors in Fort Stockton Wednesday, where they visited friends.

Mr. and Mrs. Jim Mitchell were in town the fore part of the week from their ranch in the northern part of the county. Mr. Mitchell came in to attend commissioners' court.

Horton Haley, who had been in Kerrville for the past month receiving medical treatment, was able to return home last Friday. Mr. Haley's health is very much improved, which is good news to his many friends in this section.

Mr. and Mrs. Alfred E. Creigh, Jr. motored to Fort Stockton Tuesday where Mr. Creigh attended to some court business.

Mr. and Mrs. R. B. Dyer and Mrs. Dollie Dyer motored to Pecos Sunday. From there Mrs. Dollie Dyer went to Cisco where she will visit her brother, John Phillips. Mrs. Dyer plans to visit with relatives near Breckenridge before returning home the latter part of this month.

Mrs. Luella Lemons and Mrs. Grace Wheeler and son attended the Highland fair in Marfa last Friday and Saturday.

AIRPORT CHATTER

By "BUCH" PRIVATE

"It is noted that fresh meat has been delivered to the kitchen door during the hours of darkness, at a certain house on the field."

"It is also noted that one of the metro men has applied for a transfer this date, having lost his bet of one thousand cases of beer in the world series baseball game."

A BT Two airplane was forced down on the Dryden field Saturday morning on account of a leaking gasoline tank. It leaked all the way from El Paso. The pilot, a new cadet, was due back at Kelly Field Saturday in order to graduate from the 1934 class.

Well it's too bad that Edison died; we could still utilize his services, providing, of course, that Professor Tolerance Biggs is still on the map. The Professor worked unceasingly, day and night, for over a week, installing a public address system, and loudspeakers were placed at all advantageous places on the field.

Recently a naval land plane landed on the Dryden field. The pilot, a distinguished major, or some such designation, alighted and asked for a pair of pliers. Private Buchanan ran in haste to comply and handed the pliers toward the major.

WATER WELLS DRILLED

Those desiring a water well drilled in town, see me. I have the equipment and the experience. I'll do the work for 75c per foot. H. V. Cox

he calmly pointed toward the broken line and said "You're telling me?" and held out his lily white hands for inspection, as if to say "Do it yourself." We did.

When Private Buchanan gets his Mode T (Henry couldn't think of a better name) completed, he hopes to beat all comers in the participation of the "International Races" for the loving cup, coasting downgrade into Sanderson, coasting upgrade doesn't count.

A certain feller played "feetball" at Marfa last week. It was a tough day on the gridiron and this feller returned home more dead than alive. Shortly afterward some one came rushing out of Sanderson in a high powered car, stopped at the Sergeant's house and said: "Here's the other half of your back, you left it on the field."

P. S.—Who was the guy that drove our tractor 11 miles north of town and had to walk back after dark?

your wheels for SAFE GRIP THIS FALL AND WINTER!

43% more miles of non-skid safety at no extra cost because of Flatter wider tread—16% more non-skid blocks—Wider riding ribs—Heavier tougher tread—Also you get the blowout protection of Superwiel Cord in every ply.

Skids cause 5 1/2 times more accidents than blowouts—and smooth tires skid 77% farther, other new tires skid 14 to 19% farther, than new "G-3" Goodyear All-Weathers. This "Goodyear Margin of Safety" costs you nothing extra—let us quote on your size "G-3"!

It's Doubly Guaranteed! 1. Against road hazards. 2. Against defects for life.

"No More Dynamite for Me!"

And that's What YOU would Say, After Making the "Liquid Test" Described Here

DAVID H. WADSWORTH

Cold Springs, Kentucky, discovered the value of a liquid laxative about three years ago, and would never use violence again in relieving a constipated condition.

from the violent action of strait mineral drugs!

If you are a victim of "sluggish bowels"; an occasional sufferer from constipation, here's the secret of prompt and safe relief until nature restores your regularity. Use a liquid laxative.

Start tonight with Syrup Pepsin. If necessary to repeat the dose use less each day, until the bowels are moving regularly and thoroughly without any help at all.

If there is an occasional return of the trouble, Syrup Pepsin will comfort and relieve you again, as easily as it did the first time you ever took it.

Ask any druggist for a bottle of Dr. Caldwell's Syrup Pepsin, and make the "liquid test."

If, by making one little change, you could relieve a condition of sluggishness within 24 hours, and feel about 100% better—would you do it?

David Wadsworth did. You can do the same. All that is necessary is to get your bowels in the right condition. But you can't do that by doing them violence.

Doctors and hospitals use liquid laxatives. They've seen the damage sometimes done by highly concentrated drugs in the form of pills or tablets! They know that a properly made liquid laxative containing senna (a natural laxative) does not do this harm. And they use a liquid laxative to relieve the bowels, because the dose can be easily regulated.

To Relieve Bowels

Constipated or sluggish bowels can never be corrected with violent purges. They can be safely relieved with Dr. Caldwell's Syrup Pepsin without forming the laxative habit.

Dr. Caldwell's Syrup Pepsin is an approved liquid laxative made from fine herbs, pure pepsin, senna and cascara. It is most agreeable to take. The comfortable bowel movement from Syrup Pepsin is a joyful relief
