## Column Right

P. A. T.

It's never too late to learn. For years we wondered how any sane person could enthuse over the so-called "funnies." Lugging our newspaper home for a quiet evening, we would be greeted at the door with "Daddy, let me lookit the funnies." And, boy, there was no peace of mind, or any other kind of peace until they got what they wanted. But recently the bug hit us, and we can understand lots of things now. We've become interested in "Ally Oop," and follow his insane wanderings and those of his precocious pet "Dinny" with avidity. And when we miss our morning paper, nowadays we're hard to get along with. Which leads us to believe it's an insidious, contagious disease.

Los Angeles woman seeking a divorce on the grounds that her husband has turned Sheik. And here we've been slicking our hair, smoking tailor-made cigars, guzzling bathtub gin, and indulging in other sheikish stunts, and never thought but those were the proper capers to attract the opposing sex. Thank the Lord for one sensible woman.

Of all the crazy things! The Texas solons recently debated repealing the anti-duelling clause in the state constitution. Considering the things they called each other during the heat of the campaign, without resentment, there is no danger of any of them resorting to the field of honor.

## January Term of The District Court Stands Adjourned

The regular term of the district court adjourned Tuesday afternoon after being in session a little more than one week.

Many cases were disposed of at this term of court, the entire civil docket being practically cleared with the exception of one case. Several cases on the criminal docket were heard, and penitentiary sentences were meted out in three instances for burglary and theft cases, indictments for which were returned by the grand jury at this term.

Tuesday the civil case of H. C. Goldwire vs. Lee McCue and George Baker, for suit on note, was tried by a jury before Judge Ballard Caldwell, of El Paso, special judge. The jury, after hearing the evidence in this case, returned a verdict in favor of the defendants.

## U. S. Government To Launch Huge Roads Program

Texasans Urged to See That State Gets Full Share of Funds

Washington.—A \$50,700,000 construction program of roads, streets and grade separations for Texas has been presented to the finance committee of the United States Senate by highway advocates as a sound way to employ part of the huge federal public works fund. Col. Ike Ashburn of Houston, manager of the Texas Good Roads association, said this week.

The Texas program is part of a nation-wide plan worked out by the road leaders of many states. They listed for the committee 23,192 specific projects, to cost \$1,700,000,000, which the various state highway departments can initiate immediately or within the year.

There are 975 projects on the Texas list, Col. Ashburn said, including 75 underpasses or overpasses, 26 eliminations of dangerous highway intersections, 650 federal aid or secondary roads, and 200 within cities or towns.

Col. Ashburn urged all influential Texans who favor the plan to so advise their senators and representatives in Washington.

"This program meets all the President's policy demands for public works," the Texan said. "These are useful and permanent improvements with more than 80 per cent of the money going for wages. The projects are efficiently planned, they do not compete with private enterprise, and they add to the economic resources and stability of the entire nation."

### SLOW RAIN WEDNESDAY

Rain which started here about 10 a. m. Wednesday and continued the greater part of the day amounted to .19 of an inch, according to the official government gauge at Kerr Mercantile company's store. Reports from surrounding ranches were that the rain was general and, notwithstanding the small amount of rain, this added moisture will greatly benefit the ranges.

## Eagle Dribblers Chalk Up 2 More Engage in Three Tilts During The Past Seven Days

Down Alpine and McCamey, But Lose To Sul Ross Fish

The game played here last Friday night between the Eagles of Sanderson high school, and the Bucks of Alpine high, indicated that the local dribblers will have to look in some other direction besides west for competition in these dribbling contests. The boys from the hilltop were just simply outclassed in every

department of the game, and before the slaughter ended every sub on the Eagle squad saw service, and though offering little defense, they seemed to be enjoying the meleé.

The first quarter wasn't so bad, and ended 10 to 5, the local cagers on top. By that time Sanderson located Alpine's key-man, Stovell, threw its defense in his direction, and at the end of the first half the count was 24 to 10, Alpine trailing.

In the third quarter Sanderson rolled up 16 points while 3 was the best effort of Alpine, and at the end of the quarter the score was 40 to 13. At this point the deluge of subs rolled out, and Alpine took honors for this quarter with 11 points to the Eagles' 8, leaving the final count 48 to 24.

For the visitors Stovell scintillated with 6 field goal and a free toss for 13 of their 24 points. Halley was the high man for the Eagles with 6 field goals and a free try. He was closely followed by several others.

## POLL TAX PAYMENTS FALL OF NEARLY 40 PER CENT IN COUNTY

### Loans For Home Improvement Now Available Here

Erenst J. Altgelt, assistant director Federal Housing Administrator with headquarters in San Antonio, was in Sanderson Tuesday in the interest of the better housing program that is being sponsored by the federal housing administration.

Mr. Altgelt stated that under Title 1, emergency loan, residents of Terrell county who desire to secure a loan for home improvements may borrow as little as \$100 for this purpose, but not more than \$2,000. Borrowers may have as long as five years in which to repay this loan, or it can be repaid in one year, but in either case, the payments must be made monthly. Ranchers desiring to improve ranch homes may secure loans on a yearly payment basis.

The plan under Title 2, for the erection of new homes, has not yet been set up, Mr. Altgelt stated, but it is the hope of the administrator to perfect this plan in the near future.

L. M. Baze, cashier of the Sanderson State Bank, is chairman for Terrell county, and the Sanderson State Bank is the qualified loaning agent for the government. The government insures the loaning agent 20 per cent against loss, Mr. Altgelt stated.

Those interested and desiring information on remodeling homes or ranches may see Mr. Baze at the bank, who has necessary information and will gladly assist you in every detail.

A. H. Horton and son, Travis, arrived Tuesday morning from their home in Quitman, for a visit with their daughter and sister, Mrs. J. W. Downum, at the Kerr hotel. They plan to return to their home the latter part of the week, accompanied by Mrs. Horton, who has been visiting her daughter for several weeks.

### "Off Year" in Texas Politics Reason For Big Slump

Records in the office of the tax assessor-collector, Lee A. Cook, reveal that a total of 473 poll tax receipts for 1934 were issued as compared with a total of 759 which were issued for 1933.

This considerable drop in the number of poll tax receipts issued is due to the fact that this year is what is known as an "off year," there being no county or general elections scheduled.

While figures are not available as to the amount of taxes collected, clerks in the office estimate that the collections will amount to about \$60,000.00, the largest amount of taxes to be paid in January for several years.

## CHANGE OF VENUE ORDERED FOR GUTIERREZ; FAIL TO SECURE JURY

### Two Receive Pen Terms in District Court Friday

#### Plead Guilty to Charge Of Burglarizing Local Store

Tomas Lozano and Rosendo Cosillas, indicted by the grand jury last week on charges of burglary, each received sentences of two years in the penitentiary at their trials, held last Friday.

Both entered pleas of guilty to the charges, and waived trial by jury.

Cosillas' sentences is to run from November 10, 1934, and Lozano's sentences begins on Jan. 1, 1935.

The men were charged with stealing shearing machine equipment in this city last fall.

The above cases make the third in which penitentiary sentences were assessed during the present term of the district court. On last Wednesday Jose Lopez, charged with burglarizing the Francisco Florez store in Sanderson last fall, was also sentenced to serve two years in the penitentiary, after pleading guilty to the charge.

### PEP SQUAD NOW SPORTING FIFTY, NEW UNIFORMS

Fifteen rahs for the Sanderson pep squad! Last week this loyal bunch of rooters for the home team, whether it be football, basketball or just for dear ol' Sanderson High, blossomed out last week in uniforms that lent color a-plenty to the game played between the Eagles and the Alpine Bucks. The uniforms carry out the school colors of yellow and gold in the entire ensemble. Black skirts and capes, the latter with gold lining, and flirtatious little bell-hop caps, black, with gold crown and chin strap. The leaders, for accentuation, wear black trousers with orange stripe and blouses of solid orange color.

### Constructed of Native Material; Will Fill Long Felt Need

(Trans-Pecos News)  
Fort Davis, Feb. 6.—A unique hotel will be open for the accommodation and inspection of visitors to this section in April. It is called "The Indian Village," and has been under construction by workers in the Civilian Conservation Corps for the past year and a half, and will be completed at that time.

The general construction is of adobe, with flag-stones floors and native pine logs, with bamboo across the ceiling. The Indian style of architecture fits in admirably with the surrounding country. It is to be painted, the finishing colors to blend with the mountain that forms its background, and the colorful rock bluff that stands high over the hotel—a sight to give visitors a thrill when first they look upon it.

Furniture for the hotel is being made in an East Texas camp by CCC boys. Rustic hand-carved chairs and benches, tables and other appointments will be manufactured in this way. This type of furniture will be becoming to the roomy apartments in the Indian Village. Each suite has its own fireplace in individual design. Hardwood floors are specified for the ballroom and the apartments.

A patio, typically Indian, has been built, where guests may lounge and relax. Fountains and flowers will decorate the patio, while in a convenient corner will be found a fireplace.

It is understood that the State will lease this hotel as a concession.

A double shift is at work on this project in order to complete the structure by April.

### Case Transferred to Rocksprings for Trial At February Term

A change of venue was granted here Monday by District Judge Brian Montague, in the case of Braulio Gutierrez, charged with murder, after the special venire of sixty men was exhausted. Of this number only four qualified.

Gutierrez will face trial in Rocksprings Monday, February 18, on the above charge, growing out of the fatal shooting of Manuel Coronado, which occurred in Sanderson on the 4th day of July, last year.

At a special session of the district court, held here last August, the case was declared a mistrial, the jury failing to arrive at a unanimous verdict after deliberating more than 48 hours.

At least twenty witnesses will go from Sanderson to Rocksprings to testify in this case.

## 1935 Auto Plate Now Available at Sheriff's Office

### But Use Before April First is Violation of State Laws

Automobile license plates for 1935 are now available at the office of Lee A. Cook, and motorists have until midnight of April first to purchase these plates before a penalty will be added. However, according to a ruling by the state highway department, the 1935 plates cannot be used on cars before April 1, and to use them before that date is in direct violation of the law, and the motorist is subject to arrest, it was stated.

Another ruling by the department is that any car purchased now or a car that was not registered in 1934, must be registered for the remainder of the fiscal year.

EDITORIAL COMMENT

NO GROUND TO MEDDLE

Mexican embassy at Washington has issued a denial of Senator Borah's assertion that American citizens in Mexico are suffering because of the religious situation in that country.

Only if American citizens were suffering would there be the slightest excuse for the Borah resolution, introduced in Congress, asking for a congressional investigation of the religious problem in Mexico.

Obviously, the internal affairs of a sovereign country are the sole concern of that country unless foreigners are jeopardized, made to suffer loss or hardship, or are subjected to violence or distress by reason thereof.

But even though United States citizens had suffered through the closing of the churches, the suspension of Mexican priests and other clergy from their activities and the cessation of religious instruction in the schools, we do not believe there would be a rightful cause for action either through state department representations or congressional investigation.

In other words, so long as foreigners in Mexico receive the same treatment, no better or worse, than is accorded Mexican citizens, they have no just ground for complaint, and there is no just reason for their government to protest.

From what we can learn, it is Mexican citizens and clergy who are chief sufferers from the restrictive measures applied to the churches by the federal government.

If Senator Borah's resolution was adopted and a congressional investi-

gation resulted, it would be rank meddling in the internal affairs of another country. Also it would tear down that fabric of friendly accord which Ambassador Dwight Morrow, his two successors, and people on both sides of the Rio Grande has endeavored so earnestly to create, for even those Mexicans who oppose their government's policy in religious matters would stand back of their government in resenting outside interference. OVER-EXPANSION

Not only was general business activity on the upgrade at the close of 1934 but certain lines have shown a rather spectacular expansion since that time with the immediate outlook promising some further extension of the gain, according to the Business Conditions Weekly of the Alexander Hamilton Institute.

The steel and automobile industries have been and still are the chief contributors to the current business rally. Steel mill activity has shown a steady upward trend since the beginning of last September, rising from the 1934 low of 19 per cent of capacity to the current rate of 51 1-2 per cent. A year ago the steel mills were working at only 32 per cent of capacity. Automobile manufacturers have expanded their weekly output from 11,389 cars at the end of November to the current figure of 67,217 cars. The rate of automobile output at the present time is practically double that of a year ago.

It is apparent, however, that the present expansion of business activity is not the result of any marked improvement in basic conditions. It seems to be chiefly a matter of stocking up against this year's future production requirements. Since it is probable that this year's requirements will not greatly exceed and may fall below last year's requirements, the more vigorous business activity is now, the more drastic will be the corrective movement later on.

As long as fundamentals lack the proper adjustment as they do at the present time, it may be expected that business will experience periods of sharp expansion followed by periods of sharp curtailment due to the excess producing capacity and the consequent ability to over-expand, the Bulletin indicated.—San Angelo Standard.

Wool and Mohair Growers to Exhibit At 1936 Centennial

Big Opportunity To Interest Capital in Our Natural Resources

The Sheep and Goat Raisers' association of Texas is planning active participation in the events of the Texas Centennial Year in Texas, with the probability of having an exhibit at the central exhibit in Dallas, and it is realized that the Centennial celebrations throughout the state, drawing millions of visitors to every section of Texas, is fraught with possibilities for the wool and mohair industry.

The greatest mohair markets in the world are located in Central West Texas. The interesting of outside capital is all that is needed for the developing of factories for utilizing this vast amount of raw material, now shipped outside of the state, within its boundaries.

The sheep and goat raisers are realizing that opportunity lies at their door. With the possibility of myriads of visitors thronging the state during Centennial year, there will be demonstrated to them the potentialities of industrial development in that direction.

All grades of wool and of mohair can be displayed before their eyes. Prize sheep and prize goats can be seen by thousands of people who have never had a chance to see the source from which they obtain their fine-textured garments.

Centennial trails will lead visitors through the sheep and goat areas affording them opportunity to gain at first hand a knowledge of the vastness and possibilities of that industry.

Dec. Shipments All Kinds of Livestock Show Big Increase

Austin.—Combined shipments of livestock, including cattle, calves, hogs and sheep, to the Fort Worth stock yards and interstate points during December totaled 4,365 cars, an increase of 56 per cent over December, 1933, according to the University of Texas bureau of business research. The increase was confined mainly to cattle, of which shipments totaled 3,154 cars, an increase of 141 per cent over the previous December.

This was the sixth consecutive month in which cattle shipments greatly exceeded those of the comparable period the year previous and marked the culmination of the government's emergency cattle buying program, the bureau's report said. Shipments of cattle continued unusually large in the Plains country, the Trans-Pecos, and the Edwards Plateau. Shipments of sheep also exceeded those of a year ago in the High Plains and Trans-Pecos country, but were less than one-fourth as great in the Edwards Plateau district.

Markets receiving the bulk of the December cattle shipments were Ft. Worth, East St. Louis, and Oklahoma City. In addition, unusually large shipments were made to California, Kansas and Oklahoma. The latter state also received abnormally heavy shipments of Texas sheep. For the entire year 1934 shipments of all classes of livestock to Fort Worth and Interstate points totaled 76,395 cars, an increase of nearly 45 per cent over the previous year.

These huge marketings have placed the livestock industry of the state in the best statistical position in a number of years, but the full benefit of the situation will not be experienced until feed and forage conditions improve. The rate of improvement, moreover, will vary in the different section of the state because of the marked differences in drought damage and consequent depletion of herds and flocks. Livestock prices already have risen substantially with indications pointing to still further increases.

\$100 REWARD IS OFFERED FOR DOG POISONERS

In many communities there occasionally breaks out a season of dog poisoning. In the reckless crusade of some moron, no one's pet is safe. In El Paso a movement was recently started to stop this practice. A meeting of the El Paso Kennel club was recently held at the Paso del Norte, and after discussion a reward of \$100 was offered for the arrest and conviction of any one found poisoning dogs. The club thanked Karl Wyler for a radio campaign against dog poisoning.

NOBODY'S BUSINESS

By JULIAN CAPERS, JR.

AUSTIN. (Spel.)—The Texas Centennial commission, back before the legislature with a requested \$3,000,000 appropriation for the state's 100th birthday celebration in 1936, has radically changed its tactics. Indication are now the commission will have better luck than it did in the special sessions.

First, it has pared its asking from eight millions to three. Its new bill proposed an appropriation from general revenue, and offers no taxing suggestions, as did the defeated bill.

The commission has delegated the recently retired Lt.-Governor Edgar Witt to handle its legislative contacts in Austin. There is no more popular figure with the legislature than Mr. Witt. His universal friendliness, his keen understanding of the state's problems, his knowledge of legislative procedure, and his long-time support of the Centennial project augur for the success of the bill.

The last house was no more impressed by the perfrid oratorical pyrotechnics of the commission's banker-spokesman than by his striped pants.

This time the commission divested itself of a load of oratory at a dinner for legislators at a Driskill hotel dinner, turned its bill over to the competent hands of Gov. Witt, and quietly left town. The impression here is that he will obtain a suitable appropriation for the Centennial.

No longer is Texas to be the happy hunting ground and the refuge of public enemies. Legislation just introduced by administration spokesmen in the senate provides for a modern state police force, built around existing units—the state rangers and the highway patrol.

The new force will be adequately equipped to meet the problem of desperate criminals in 100-mile-an-hour automobiles, armed with machine guns. The six-shooters and horses of the rangers, and the worn out motorcycles in which members of the highway patrol have ridden to their deaths in the recent past, attempting to deal with notorious killers, will be replaced with modern crime-suppressing equipment.

The first step in a cleanup of the rangers was taken by Adjutant General Carl Nesbitt, who cancelled all outstanding "special ranger" commissions, numbering over 1000. He appointed Tom Hickman, one of the ablest officers ever to wear the ranger insignia, as captain in command of the Fort Worth company. Hickman and Frank Hamer, another outstanding ranger, were retired from the service during the Ferguson administration. It was Hamer who engineered the coup that ended in death for Clyde Barrow and Bonnie Parker, No. 1 public enemy in Texas. It is reported here that Hamer may soon return to state service. Hickman will probably be a key man in the new state police organization. He recently toured a dozen states studying their police methods, and wrote a series of articles for the newspapers.

Legislators and other state officials will welcome the mid-winter meeting of the Texas Press Association in Austin this week. Contact with the state's editors—particularly the country weekly editors—gives the people's servants an opportunity to learn what the boys and girls in the "forks of the creeks" are thinking about state affairs. Officials eagerly welcome a chance to appear on the press programs. This time Governor Allred and Claude Teer of the board of control are the orators. The publishers will discuss important problems connected with administration of their NRA code.

Emergency relief for financially hard-pressed county governments, and for heavily taxed real estate, is the object of the legislation sponsored by a large group of house members that probably will be introduced by the time this appears in print. The bill, supported by the State Association of County Judges and Commissioners, proposes to have the board of district and county bond indebtedness assume interest and principal payments for two years on outstanding road bonds issued by counties and districts. They claim this will stabilize markets for Texas bonds and permit a reduction in county taxes averaging 26 cents, and exceeding \$1 in some counties, thus relieving burdened real estate.

Funds to service the assumed bonds would be provided by an additional penny of state gasoline tax, replacing the present one-cent federal gas tax which expires in July, and thus resulting in no actual increase in tax to the gas consumer. So far, no organized opposition to the proposal has appeared. Continuation of the plan, after two years, would be put up to the voters

It Happened in Sanderson TEN YEARS AGO

This Week. Do You Remember?

(From Times of Feb. 7, 1925)
Coach White and his flock of Eagles left Thursday for Alpine in the best of trim and condition, and they expect to return home with all the honors as well as the silver trophy from the basketball tournament.

Mrs. Max Bogusch and son, Jack, returned the first of the week from a visit with relatives in San Antonio.

Charlie Rogers was carried to San Antonio last Monday morning suffering from an attack of appendicitis. On arrival he was taken to Dr. Kinney's sanitarium and operated upon. Last reports were that he was doing as well as could be expected.

Mrs. R. Mussey and children returned the first of the week from San Antonio where they visited relatives and friends.

Among the local members of the local O. E. S. lodge who attended the annual school of instruction at Alpine yesterday were Mesdames D. L. Duke, W. H. Savage, J. C. Green, S. C. Bodkin, J. W. McKee, W. A. Cochran, Lee Grigsby, Tom Parsons, Chester Smith, Ada Surratt, Ed Chastain, H. D. Williams, P. F. Robertson, S. S. Daggett, Mora Cochran, assistant deputy grand matron, and Messrs. W. A. Cachran and Frank Cochran.

James Daniels spent the week end in Del Rio where he went to have glasses fitted.

Frank Weigand was a business visitor in San Antonio on Wednesday and Thursday of this week.

through a constitutional amendment. Future bond issues of the relieved counties for road purposes would be regulated by the board.

No lover of the New Deal in Washington is Senator Holbrook, the veteran conservative from Galveston. He bitterly assailed the New Dealers when eight bills offered by representatives of the Federal Housing administration, to liberalize the Texas banking laws and permit Texas banks to participate in the FHA program, were before the senate. Senator Welly Hopkins of Jeffersonian democracy, defended the bills. They passed, 30 to 1, only Hilbrook voting "nay." The house is expected to rush passage. Then the FHA claims it can begin lending Texans money for new homes and refinancing new mortgages, under Titles II and III of the housing act. Walter Cline, Centennial tycoon and FHA administrator for this region, in Austin on Centennial business, beamed when his aides reported the senate victory.

Bill McCraw, red-headed, affable attorney general, is ready to do the job people entrusted to him at the last election, and he doesn't ask any odds. For years it has been the custom in passing bills authorizing persons with contested claims against the state to bring lawsuits, to require such suits to be filed in Travis Co. McCraw told the house judiciary committee this was unnecessary, if it worked a hardship on the citizen who wanted to sue.

The attorney general's office will try any suit that any citizen wants to bring against the state, in any court in the state that has legal jurisdiction," he said. "They don't have to come to Austin to make it easy for us." So now many "suit" bills will probably authorize action in the home county of the petitioner.

Miss Florene Thompson, a student at Sul Ross college, Alpine, spent the week end here visiting her parents, Mr. and Mrs. B. F. Dawson.

Janet Gaynor and Lew Ayres Star in Delightful Comedy

Janet Gaynor and Lew Ayres, erstwhile screen sweethearts of "State Fair," have been reunited by popular demand in the Fox Film, "Servants' Entrance," which will be shown at the Princess theatre Monday night, Feb. 11.

Miss Gaynor plays the part of a rich society girl in search of a new experience, and Mr. Ayres portrays a young inventor who has turned to chauffeur in order to support himself while he perfects his new type motorboat.

Janet Gaynor is seen at a versatile and able comedienne. Her characterization ranges from the wistful romance, which she portrays so well to hilarious comedy, at which she proves herself a master.

The theme of "Servants' Entrance" deals with the romance that develops between Ayres and the rich girl continually in hot water as an inexperienced kitchen maid. The two give a fine performance and after viewing the picture it is easy to see why the team was so successful in "State Fair."

To be shown on Monday, Feb. 11, "Money Night," when \$15 will be given away free.

Prize Winner at Valley Celebration

Thousands attended the annual Birthday party of Westlaco, Texas, Valley city in the heart of the citrus area. Pictured above is the parade exhibit of the Westlaco agricultural association which won first prize. As the tractor moved along, the cone at the rear turned slowly, displaying more than 50 varieties of vegetables raised in the warm and fertile Valley area.

METHODIST CHURCH

"A Peculiar People" will be the subject Sunday morning at eleven o'clock. Some one says that in a day of standardization like this, and when our reactions along many lines are handed to us it is criminal to be different. Undoubtedly many people just from the fear of being called queer conceal their real convictions. Peter says: "But ye are a peculiar people, that ye might show forth the praises of him who has called you out of darkness into his marvelous light."

Mrs. Underwood's class of junior boys will conduct the worship service of Sunday school at 9:45.

Vaudeville, Variety Show Here 16th

"Anchors Aweigh," the new super musical, variety and vaudeville show, carrying a band and orchestra, together with ten stage acts, has been booked by the management of the Princess Theatre, and will appear in Sanderson for one day only—Saturday, Feb. 16. It will be presented with the regular picture program. This attraction carries ten all-star vaudeville acts in addition to one of the finest musical organizations in our city.

In order to give all an opportunity to witness this fine attraction popular prices will prevail regardless of the magnitude of this attraction. Watch for the band concert and free act on the street in front of the Princess Theatre on show date—Saturday, February 16.

Warning Against Measles is Issued

Many cases of measles are being reported to the State health department. The disease spreads very quickly; it is very dangerous for very young children, and because many mothers are inclined to think that measles doesn't amount to much and that it is better for the children to have it and be done, Dr. J. W. Brown, state health officer, send to them this message:

"Measles is especially hard on very young children—babies from about six months of age to children of school age. It is very treacherous—often opens the way for pneumonia and other diseases of that kind, and it frequently leaves some serious after-effect. It is very 'catching' right from the start, so a special effort should be made to keep the younger children away from others who have it. It's a mistake to say, 'Oh, let them have it, and have it over.'"

"But even though it may not be as dangerous for the older children as for the younger ones, measles is a serious disease for anybody, at any age—young or old—who has it. Any one who has it, or who shows symptoms of it, should have the best possible medical care—and the doctor should be sent for promptly."

"If your child shows any of the symptoms of measles—at the start it often seems to be only a cold—put him or her to bed, keep the other children away from the one who is sick, and send for your doctor."

Mrs. R. H. Lewellen was able to return to her home in this city Sunday from Del Rio where she went several weeks ago for an appendectomy.

MOTHER! don't experiment with your Child's Cold

VICKS VAPORUB

Often, "mere colds" have serious consequences. It is dangerous to neglect a cold—equally dangerous to experiment with half-way measures.

Feel safe! Use Vicks VapoRub—the proved external method of treating colds. No risks of constant internal "dosing", which so often upsets delicate digestions and lowers resistance when most needed.

DOUBLE DIRECT ACTION

Just rubbed on at bedtime, VapoRub fights a cold direct—two ways at once—by stimulation and inhalation. This combined poultice-vapor action loosens phlegm—soothes irritated membranes—eases difficult breathing—helps break congestion. Often by morning the worst of the cold is over.

Helpful Household Hints

By BETTY WEBSTER

Have you ever had a "Pedestal" party? It is heaps of fun and really quite appropriate for Washington's birthday because it revolves about all the people we place on "pedestals." And surely the first president is above almost all others for most of us.

This can be made a costume party by asking each guest to come attired as his idol. If this is done the festivities may be opened by having each one guess whom each of the others are representing. A prize may be given for the most correct list.

"Story Game" Enjoyable

Another game which may be enjoyed is that of having each one write, in a given time, a short story about Washington. A prize can be presented for the best.

For refreshments cherry ice cream and tiny cakes iced in red, and little red candies are simple and well liked. The favors can be anything pertaining to the day. I liked some that I saw recently—tiny busts of George Washington mounted on tall cardboard pedestals which proved to be candy boxes.

DO YOU KNOW THAT:

Clothes will be snowy white if, after being washed, they are hung out of doors and allowed to freeze? A clothesline ought to be wiped carefully before hanging articles on it?

Freezing often removes fruit stains from linen?

Woolens ought to be washed in lukewarm water with soap flakes or a pure, mild soap—rinsed in clear water of the same temperature—squeezed to remove the water and dried quickly?

Glass tumblers which have been filled with milk will be much clearer if washed immediately with cold water?

Ice Box Cake

Sounds cold, this weather, doesn't it? But it is truly a year 'round dessert and is luscious any time. Most recipes, however, call for four to eight eggs—I thing I gave you one of those some time ago, didn't I?—but recently I found one in which you may use two, three or four eggs, as you please. I usually use three. I thought you'd like to hear of it for that reason, as well as it only takes an hour or so for it to set, so here it is: Melt two cakes of German sweet

chocolate in a double boiler; add 4 tablespoons of water, stirring constantly; remove from the fire and add the unbeaten yolks of the eggs, beating constantly.

Add two tablespoons of confectioner's sugar and the beaten whites of the eggs. Pour into a mold lined with waxed paper, lined with lady-fingers. Allow to set and serve with whipped cream.

One dozen lady fingers are necessary for this recipe, and it will serve six persons generously.

Idle Children

The number of boys and girls between sixteen and twenty-one who are out of school and out of work is estimated at about 3,000,000 by Miss Katherine Lenroot, new Chief of the Children's Bureau.

New Testament Books

It was not until the close of the sixth century that the New Testament was practically as it is now. At the beginning of the third century only the Gospels and a collection of Paul's epistles were included.

# Pioneer Texan Passes At Fort Stockton Home

(Trans-Pecos News)

Fort Stockton.—Mrs. W. H. Montgomery, who would have observed her 78th birthday Tuesday of this week had she lived, died Friday morning, Feb. 1, of a heart attack.

Mrs. Montgomery, a native Texan and resident of Texas all her life, had lived in Fort Stockton only about two years, having moved here to be with her sons, Joe and Fred Montgomery. She was born in Comanche county on February 6, 1857, and was Miss Sue Campbell before her marriage.

Mr. Montgomery, who had extensive ranch holdings in Comanche and Crockett counties, died in 1914. He was also connected with a bank in Comanche, and it was there that he was buried. Before his death the family resided both there and in Crockett county.

Burial services for Mrs. Montgomery were conducted near Comanche at the private graveyard of the family, with direction by the Clark-Harwell mortuary of Fort Stockton. The body was taken to Comanche Saturday, with members of the family from Fort Stockton, Sanderson and Ozona accompanying the hearse.

The services were conducted by the Rev. Mr. Wiley, pastor of the Christian church at Santa Anna. Mrs. Montgomery had been a member of the church for many years.

More than 50 members of the family attended the funeral services.

It was planned here for the five sons to serve as pallbearers, but Mrs. Montgomery's will requested that old friends of the family serve in this capacity, and it was so arranged.

Mrs. Montgomery was one of a large pioneer family, there having originally been twenty-two brothers and sisters. Only two of these survive, however.

Five sons and four daughters of Mrs. Montgomery survive, and all were present at the final rites. They are as follows: Mrs. Jim Mitchell and Mrs. Charlie Shauers, Sanderson; Mrs. L. J. Kittles, J. C. Clay and George Montgomery, Ozona; Mrs. Will Funkhauser, Houston; Joe and Fred Montgomery, Fort Stockton. There were also many grandchildren.

Mr. and Mrs. Charlie Gregory were in town Monday from their ranch east of Dryden.

Miss Maggie Smith, who had been employed as operator at Lucille's Beauty Shop, left Thursday for her home in Lometa, Tex.

Judge Ballard Caldwell was a visitor in Sanderson Tuesday and presided at district court in the trial of a case in which Judge Montague was disqualified. He returned to his home in El Paso Tuesday night.

### Quartering Acts

In 1765 Parliament passed an act compelling the colonies to provide the garrisons in America with fire, candles, vinegar, salt, bedding, cooking utensils, and liquor. It was the first act requiring the colonies to tax themselves for imperial objects. In 1774 an act was passed legalizing the quartering of troops in the town of Boston. Both acts were most distasteful to the colonists.

## Constipated?

The doctors say... Use liquid treatment

Here is the soundest advice anyone can give on the subject of laxatives. It is based on medical opinion. We want you to have the benefit of this information no matter what laxative you may buy.

The secret of real relief from constipation is reduced dosage. You can't regulate the bowels unless you can regulate the help you give them. That is why doctors use a liquid laxative; the dose can be measured to a drop.

Avoid laxatives that you can't eat down in dosage; especially those that seem to require larger doses than when you begin their use.

Under the doctor's care, you usually get a liquid laxative. The right liquid laxative gives the right kind of help, and the right amount of help. Smaller and smaller doses—until you don't need any.

The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It contains senna and cascara—natural laxatives that form no habit.

## TEXAS HISTORY IN THE MAKING

### The Day That Black Beans Meant Death

On Sept. 11, 1842, Mexican Gen. Well with 1400 troops captured San Antonio, surrounded and exterminated about 50 Texans and retired toward the Rio Grande. Gen Alexander Somervell immediately pursued Well, and the Texan invaded Mexico on Christmas day, 1842, they encountered 2000 Mexicans at Mier, Mexico, and were forced to surrender. The unlucky Texans were then forced to draw beans, every tenth bean being black, and meaning death to the man who drew it. In the above picture is shown the men drawing the beans. It is from an old painting. At left is what remains of the old church at Mier.

## Delightful Comedy Film Fun Galore in 'Capt. Hates the Sea'

The captain never was sick—but was sick of the sea! And his passengers, one of whom wasn't so dumb; another who opened safes—without the combination; the girl who married him—with the ring in one hand, a pistol in the other; a very merry widow; a great mixer—the ship's bartender; a reporter who liked his liquor straight—but not his romance; and a blonde girl with a husband and a past—and who preferred the past!

These are the main characters in the Columbia-Lewis-Milestone comedy hit "The Captain Hates the Sea" which shows at the Princess Theatre tonight and Saturday night. Walter Connally is the captain and the cast includes Victor McLaglen, Fred Keating, Helen Vinson, Alison Skipworth, Walter Catlett, John Gilbert and Wynne Gibson.

Ernest J. Altgelt, assistant director Federal Housing Administration, of San Antonio, was a business visitor in Sanderson Tuesday. ## ENTIRE COMMUNITY MOURNS PASSING OF MRS. F. S. GARRISON

The entire community was saddened at the passing of one of its most beloved women, Mrs. F. S. Garrison, whose death occurred last Friday afternoon at 3:45. She had been ill for several weeks, and the end was not unexpected.

The funeral was held at the Methodist church Sunday afternoon at two o'clock and was attended by a large concourse of friends and the sorrowing relatives. The many beautiful floral tributes sent by friends and organizations of which she was member testified eloquently of the tender affection and high esteem in which she was held by all. The flowers completely enveloped the casket and were banked about the base. Rev. S. M. Mims was assisted in the service by Rev. J. V. McCall of the Presbyterian church, and Rev. Philip Brown of the Baptist church. The combined choirs of the churches furnished most appropriate music. Mrs. Duane Smith rendered a beautiful and comforting solo, "No Night There." The last sad rites were concluded at the cemetery with the impressive ceremony of the Eastern Star Order.

### Was Native Tennessean

Mrs. Jessie Hoover Garrison was born in Murfreesboro, Tenn., on December 18, 1880, and passed to the higher life on February 1, 1935. Two brothers and two sisters had already preceded her in death. She is survived by two brothers, Charles Hoover of Del Rio, and Clarence Hoover of Mt. Calm, Texas; two sons, Neil and Fred; and the sorrowing husband, F. S. Garrison. The family has lived in Sanderson twice, moving here the latter time in September, 1928.

The deceased was a woman of decided convictions, without being offensive in her views. To her right was tremendously right, wrong was very wrong. In early childhood she united with the Methodist church, and a whole lifetime of devoted and effective service was given to the cause of the Master whom she loved. The loss of her services to the Sanderson church cannot be calculated. She had served in the various offices of the Woman's Missionary Society, giving two years of leadership as president of that organization. At the time of her death she was treasurer of the same organization and a teacher in the Sunday school. She was always ready to minister to the sick and the needy.

People of all races and churches unite in extending their sympathy to the sorrowing husband and sons of this splendid Christian woman.

Out-of-town relatives here for the funeral were her brothers, Charlie Hoover, and wife of Del Rio; Clarence Hoover, of Mt. Calm; her son, Neil Garrison of Brooks Field, Texas, and Miss Alma Garrison, of Houston, a sister of Mr. Garrison.

Active pallbearers were L. A. Lowe, W. D. O'Bryant, Sr., C. J. Watts, B. J. Brannan, John Deaton, and Clyde Morris.

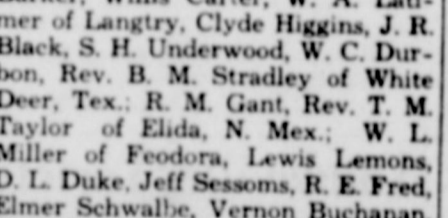

Honorary pallbearers named were Messdames L. A. Lowe, John Neal, J. L. Osgood, W. F. Bohlman, M. R. Lattimore, H. R. Laurence, Addie Lee L. Boling, Miss Kate Frazier; Messrs. Lee Cook, J. E.
