Column Right

At the last meeting the Rotary shunted their regular program of just "meeting and eating" aside, and sponsored a movement that should have the cooperation of every citizen and every organization in Terrell county—that of erecting an up-to-date home for the Boy Scouts of the county. In the livestock industry, the farm-land industry, actions of the press have in mind results in the future. Why shouldn't it be that in dealing in human beings? In the boys of today to be the men of tomorrow—useful men, a credit to their parents, their community, to the nation. That's just what "Scouting" will do, if it is backed by reliable citizens of the community. This is the plan of the Sanderson Rotarians, and the we should have 100% cooperation from our people. The first step to raise funds for this worthy purpose is a benefit show at the Business Theatre Thursday night, Feb. 20. The prices of admission will be the same as charged regularly at the theatre, so there is no excuse for your lack of cooperation on this occasion.

Pecos City is a town that might well be cited as a paragon of civic progress. In less than three years the persistence of the citizens has secured projects that cannot but help to help the town take a first-class place in the Southwest. In order of importance, they are (1) water. (2) Erection of the Bluff dam, a \$2,600,000 project on the Pecos with some hundreds of thousands acres of fertile land, through irrigation. (3) A Federal building that, architecturally, is a feast for the eye. (4) A bond issued carried over a week for the erection of an up-to-the-minute court house building. Now if they would only stock the Rio Pecos with some catfish like we use to snag, we would be tempted to pay them a visit.

The candidates, like friend Roundhog, are beginning to come out of their holes. Here's hoping they'll see no shadows.

Right now we want to go on record as opposed to the Townsend plan. Why in heck the sum of \$200 should be given to folks at 60, we don't know. It just doesn't make sense. Money was made to spend—to have a "hifalutin'" time while it lasts. I can imagine a person with an income of \$200 a month, who, physically couldn't do a thing about it. Just buy a rocking chair and sit in front of a big fire and ponder, mayhaps, over the tragedy of misspent life. For them the sh-pots would yelp in vain. A better idea would be to give that money to our young folk—and they do this there will be no need of hiring an immense office to see that we spend it.

A veteran in Ballinger, when asked how he was going to spend his bonus check, stated he wasn't going to waste a cent of it. When he cashed his bonds, he said, "I'm going to pay two or three fines in advance, the rest of it is going to wine, women and song." Will you one page Diogenes—at last I've found an honest man.

Anything that gripes us is the tendency to bellyache over the funds being allotted for relief. If government can spend billions to send men to war to be maimed, mentally wrecked and killed, surely they can afford a like sum to preserve the lives of the manhood of our nation.

Herbert (Moon Face) Hoover making speeches again, in spite of the fact that the party he adopted is ignoring him. Herbie, surely, can be termed a man without a party, and darn near without a country.

After the weather changes of the past few weeks, we have concluded that the only way to travel west Texas is with an overcoat, an umbrella and an electric fan.

His election time again, ho hum! How tempus fugit—flies; and candidates must think we're dumb.

To tell such awful lies.

THIS WEEK IN Texas History

Week of February 9
1934—Stephen F. Austin was imprisoned in Mexico City Feb. 13th, and kept in close confinement for three months. He was arrested following his recommendation that Texas form a separate state government of their own.

1834—The Texas commissioner at Washington was notified by his government that rejection of the annexation propositions of 1837 by the United States placed Texas in an attitude which would render it improper in her to take the first steps toward a renewal of the propositions.

1870—The legislature under Gov. E. J. Davis was organized Feb. 10, with Ira H. Evans as speaker of the House and Donald Campbell as president of the Senate.

1876—The present constitution of Texas was adopted on Feb. 15.

When Texas revolted in 1835 a general council met, and, as a part of its work, authorized the first Texas Ranger force.

Duke Announces For Re-election

In announcing for re-election to the office of County and District Clerk of Terrell County, first I wish to thank you for the confidence placed in me by giving me the position, and wish to state that, so far as I have been able to ascertain, the office has been operated to your satisfaction, as I have received no complaint from any source since assuming the duties of the office. I earnestly solicit your thoughtful consideration in returning me to the office.

Sincerely,
D. L. DUKE

Masons to Honor Washington With Program at Hall

Sanderson Lodge No. 988, A. F. & A. M., will observe Washington's birthday anniversary next Thursday afternoon when members and their families will gather at the hall at 6:30 for a barbecue supper and a program appropriate to the occasion.

The program will include several short talks and musical numbers.

PRESIDING ELDER WILL PREACH HERE SUNDAY

After several false alarms, Bro. S. M. Mims, pastor of the Methodist church announces that Dr. Walter L. Barr, the recently appointed presiding elder of the El Paso district, will preach at the Methodist church Sunday.

On Saturday night, at 7:30, Dr. Barr will preach in Dryden, and at both services in Sanderson Sunday.

Announces For Re-election As County Judge

Through the columns of the Times I am asking for re-election to the office of county judge. In the past I have tried to attend to the many duties connected with this office to the best of my ability, and have at all times looked after the county's welfare.

In seeking re-election to this important office I earnestly solicit the support of each and every person, and assure you that if returned to the office I will continue to give you my best service in the future as I have in the past.

Sincerely,
G. J. HENSHAW

Texas' \$1,000,000 Memorial Museum

This beautiful drawing, made by Architect John F. Staub, is his version of the magnificent Texas Memorial Museum as it will appear when completed. The million-dollar edifice will be located on the campus of the University of Texas at Austin, and will house some of Texas' most precious relics and possessions. The imposing structure for which Congress has contributed \$300,000 will be part of the unit which commands the attention of visitors from throughout the nation during the University Centennial Exposition, June 1 to December 1.

Man Arrested For Hijacking Implicates Other; Both Jailed

Plane Wrecked By Cadet at the Dryden Airport

Number 13 proved unlucky for Cadet Ritt of Kelly Field as he landed at the Dryden airport last Sunday about noon. Ritt was one of several cadets who were returning to Kelly Field from a trial cross-country flight and his was the thirteenth plane to land on the field to be serviced before resuming flight to San Antonio. The landing was bad, control was lost and the ship was damaged beyond repair. Fortunately Cadet Ritt was uninjured.

An investigating committee arrived at the airport from Kelly Field Monday, to ascertain the cause of the wreck. Their findings were reported to headquarters in San Antonio. The plane was condemned and all workable parts salvaged. It now stands beside the huge Fokker plane recently wrecked on the Dryden field, and both will be burned as soon as orders are received to that effect.

NEW LIVESTOCK INSPECTOR

J. C. Curry arrived here from Houston the first of the week and will take over the duties of livestock inspector for this county. He succeeds Hussie Galloway, who has been transferred to Marathon. Mr. Curry is well known in Sanderson, and about twelve years ago was located here in a similar position. He is a veteran in this line of work, and prior to coming here was inspector for the Texas sanitary livestock board, with headquarters at Houston.

COACH ON SICK LIST

Duane Smith, high school athletic coach, has been on the puny list the past few days, and was unable to travel with his charges when he played at Sul Ross gym Wednesday night, against the college freshmen.

Rotary Benefit Show Will Start Move For Erection of Boy Scout Home

On Thursday night, February 20, there will be given a show including motion pictures and local talent, sponsored by the Sanderson Rotary club, the proceeds to be used in starting a fund for the erection of a building to be used as a meeting place for the Boy Scouts of Terrell county. The intention is to build a structure that will be an honor to our community—a place where the Boy Scouts of Terrell county can meet each week, and with the aid of the scoutmaster and the teachings of Boy Scout work, become the citizens of tomorrow, of whom we will all be proud.

It is not the plan of the Sanderson Rotary club to take the entire credit for the erection of this Boy Scout home; it is only the sponsor of the movement, to see that the work is carried to a successful conclusion. It will depend upon the cooperation of the citizens of Terrell county as a whole if the move is successful. We feel that Boy Scout work is one of the greatest aids for the upbuilding of our boys, and will be an asset in helping them carry on as the men of tomorrow.

Tickets for the show will be on sale at most of the business houses and will also be offered for sale by the Boy Scouts. The tickets will be the same price as is now charged at the local theatre—35c for adults, 10c and 25c for children.

The Rotary club will appreciate any assistance given by other local organizations.

Sluggish Avers the Sluggee Wanted In Oklahoma

W. R. Sumrall, salesman for a mattress firm in El Paso, is being held in county jail here, charged with swindling, while his traveling companion, T. J. McClure, is also held, charged with assault and robbery.

Both men were here last Friday, and Sumrall sold several mattresses in the city. McClure acted as his chauffeur.

Piecing the details together, it seems that McClure was hitchhiking and was picked up by Sumrall at Sierra Blanca. He claimed to be an oil field worker on his way to Louisiana. After the day's work at Sanderson, McClure slugged Sumrall and robbed him, and tried to make his getaway in Sumrall's car. Sumrall on returning to consciousness summoned Lee Cook, and McClure was apprehended as he was drinking coffee at the Kerr hotel.

A statement by McClure Saturday morning accused Sumrall of being wanted in Oklahoma on charges of violating the Dyer act. Sumrall was in turn arrested and both men are in jail here bound over to await the action of the grand jury, following an examining trial.

UNDERGOES OPERATION

Miss Mattierue Newton, daughter of Mr. and Mrs. H. G. Newton, who has been attending the Texas State College for Women, (CIA) at Denton, underwent an operation for appendicitis at the Nix Hospital in San Antonio last Friday morning. She is doing nicely and it is thought will be able to come home the latter part of the week. With Mattierue in San Antonio is her mother, who went to that city last Wednesday.

Hon. Will Morris, attorney from San Antonio was a business visitor here Thursday.

Young Girl's Foot Crushed Tryin to Hop Freight Here

While attempting to board a westbound T. & N. O. freight train in the yards here yesterday, Miss Edna Weed, 23, of Dixon, Ill., slipped, one foot being caught under the wheels severing several toes and badly mangling the fore part of the foot.

Traveling from her home in Illinois, Miss Weed was enroute to Los Angeles, hitch-hiking and riding freight trains. At Uvalde she met up with Jack Durrell and the couple came to Sanderson by automobile.

According to their statement they decided to ride a freight to El Paso, and it was while attempting to catch it while in motion that the accident happened—at a point opposite the O'Bryant laundry and was witnessed by one of the employees. Mr. O'Bryant, drove his car over and brought the injured girl to town, where she received first aid at the office of Dr. W. H. Doty.

Examination showed that the wheel has passed obliquely across the girl's foot severing at least three toes. The physician's report was that quick attention might possibly save part of the fore foot and the heel. The accident happened about 2 p. m., and at about four, the girl was on her way to a Del hospital for treatment, accompanied by her traveling companion, Mr. Durrell.

MRS. CARTER INJURED

Mrs. F. B. Carter was taken to Del Rio Tuesday morning where she received treatment for injuries sustained Monday night at the Dryden hotel. In walking through the darkened hallway Mrs. Carter tripped over a scooter, injuring her left arm and hip.

Mrs. W. H. Doty, Mrs. T. R. Arrington and mother, Mrs. H. L. Gates, and Margaret Arrington were visitors in Fort Stockton on Monday where they went to have some dental work done.

Judge Brian Montague, and District Attorney, Julian La-Crosse of Del Rio, arrived here Thursday to resume the regular session of district court which had been in recess for the past week.

Commissioners Ask Modification of Rule Curtailing WPA Federal Funds

The regular meeting of the commissioners' court was held on Monday of this week, at which time the court approved and ordered payment of current bills.

They also passed a resolution which was sent to Congressman R. E. Thomason, urging his support in having the administration's action in holding up matching funds for this year modified, so that persons in need of em-

Is Candidate for Sheriff, Assessor And Collector

In the proper column in this issue of the Times will be found the name of Eugene McSparran, announcing as a candidate for the office of sheriff, tax assessor and collector.

Mr. McSparran's statement follows: "In announcing for the office of sheriff, tax assessor-collector, I wish to state that I do so without any feeling of animosity whatever to any who may oppose me. I feel confident my six years as deputy sheriff of Crockett county has given me the experience necessary to qualify me for this office. In asking your support I will also state that I am for strict enforcement of ALL laws, and promise that if elected will be on the job at all times, attending to the duties incumbent to this high office to the best of my ability."

I have been a resident of Terrell county for fifteen years, and respectfully solicit the support of its citizens in the coming election.

"Sincerely,"

County Parole Board Created by Gov. Allred; 5 Citizens Selected to Serve

Governor James V. Allred has created a parole board in Terrell County, and has named the following as members, subject to their acceptance: Joe Kerr, L. M. Baze, A. E. Creigh, Clyde Griffith and G. J. Henshaw.

Similar boards have been set up in over a hundred Texas counties, the members serving without pay.

In the past convicts on parole have been "on their own" and the inclination to return to a life of crime has been ever present, and Governor Allred believes that a group of responsible citizens in each community, ready to aid

There was a large crowd of Sanderson folks waiting at the Dryden airport last Friday to greet Admiral Richard E. Byrd, who made a brief stop at the port.

As the plane in which he was flying landed on the field the high school band struck up a tune and the people serged forward to shake hands and welcome the admiral. The greeting, which was a surprise to Admiral Byrd, seemed to please him, and his entire time, except when at lunch, was taken up in shaking hands with those who came to see him.

Following a luncheon with Sgt. and Mrs. Richardson, and just before taking off Admiral Byrd expressed appreciation for the fine welcome given him, and waved a fond farewell.

In an interview with the Times editor Admiral Byrd said, "I was wondering how I was going to express my thanks for this fine welcome, and for the band selections. I appreciate these courtesies, and want the people to know that I do. Will you do it in the Times for me? And also give my best regards to my fellow citizens."

Admiral Byrd, on a lecture tour was enroute to San Antonio from El Paso. He will lecture in all principal cities in Texas.

Term of District Cleans its Docket Thursday P. M.

The regular term of District court completed its session here Thursday after meeting again that day following a two-weeks recess.

The criminal case of L. I. Starling, S. H. Meads, S. H. Bowie, W. M. Vick and A. P. Garber, charged with felony theft and swindling, was dismissed, and a new indictment was returned by the grand jury, involving the same parties, Thursday afternoon.

The following divorce cases were disposed of:

Lee Cook vs. Alma Cook, divorce. Plea granted and custody of minor children awarded to the defendant. Plaintiff is to contribute to support of children. Property will be partitioned by a jury of commissioners to be appointed by the court.

Mrs. Frances Breg, vs. Johnnie Breg. Divorce granted plaintiff, and custody of minor children; and defendant is to pay \$25 a month for support of the children.

Francisco Arredondo vs. Ene-mencia Ponce Arredondo. Divorce granted plaintiff, but custody of children granted the defendant, and plaintiff ordered to pay \$6 monthly for support of the children.

Fat Lamb Show To Be Feature At Angelo Fair

San Angelo. — The Fat Stock show, the fifth version of which will be produced at the fair grounds here March 7 to 11, has built up the most extensive fat lamb division in Texas. This year's performance is expected to exceed all records, including its own, of exhibition of fat lambs since this stock division has been added to the registered Hereford cattle and beef calf departments.

Anticipating growth in the fat lamb display, the board of city development, sponsors of the annual show, has constructed a new sheep barn for the 1936 exposition. The new structure is 56 by 210 feet and will accommodate pens for 1,500 animals.

Show officials are extremely pleased with the entries up to this week. Carload groups have already arrived from practically every neighboring county.

The entries received represent the cream of the crop in a dozen counties. Besides the carload lots there will be singles and smaller groups from these counties. Cash awards in this division total \$383.

Judge Van Sickle of Alpine was a visitor in Sanderson yesterday, having business before the district court which reconvened here after a two weeks recess.

EAGLE CAGE TEAM WIN ONE AND LOSE ONE

The Sanderson high school won over the Del Rio dribblers in an exciting game played here on last Friday night. The final score was 30 to 24.

On Wednesday night the local squad played Sul Ross freshmen, and the "fish" took revenge for a recent beating here, winning by a count of 30 to 18.

Tonight the Eagles play in McCamey, the third clash of these teams, Sanderson winning the first two games by slim margins.

Austin.—Rumors of friction and prospective warfare between the national and state Democratic organizations in Texas over the leadership of the delegation to be selected in May to the Philadelphia national convention, being circulated throughout the state, are some two months behind the actual happenings which inspired them, and are without tangible foundation.

There is, and has been for some months, a substantial agreement upon broad party policies between Governor Allred, head of the state Democratic administration and Vice President Garner, Allred-chosen Democratic national committeeman from Texas. Garner has publicly supported Governor Allred throughout his career, and it can be said on the highest authority that there exists now the closest friendship, personally and politically, between the two men. Their respective representatives to handle the convention details in Texas are Rep. Sam Rayburn and Democratic state chairman Myron Blacklock. These two are lifelong friends and are reported working in complete harmony. Blacklock is in Washington this week for conferences with Rayburn, Garner and other national leaders.

Texas will send a solid delegation of 46 votes to Philadelphia, instructed to 100 per cent support of the renomination of Roosevelt and Garner. There is no question whatever in the minds of Texas party leaders as to the overwhelming preponderance of sentiment in Texas for Roosevelt and Garner. The only possibility of friction apparent to those on the inside now is the minor bickering of factional leaders, jockeying for places and honors on the Philadelphia delegation. These doubts will be ironed out in due time. But that Texas is going to send a "grass roots" Democratic delegation, representative of the people and chosen by the people of Texas—to work harmoniously and loyally with the national organization—appears fairly certain at this writing.

Alarmed at President Roosevelt's suggestion in his budget message that the regular federal matching appropriations, totaling \$125,000 a year, for joint highway construction projects with states under the Hayden-Cartwright act be "skipped" this year, county judges and commissioners of Texas, as this week are preparing to send a delegation of about 20 influential members to Washington at once to protest and urge aid from Texas congressmen. Led by Judge Clyde Garrett of Eastland president of the association, the judges met in special called session at Dallas, adopted strong resolutions urging the administration to not postpone highway allotments, but to vote at least \$125,000 a year for the next four years, allocate \$300,000,000 extra, of unallocated relief funds for highway work and compare the excellent results obtained by the bureau of public roads and the state highway commissions in using relief money to put people to work and build enduring public works. The state of Texas draws about \$7,500,000 a year which it matches under existing federal practice. Highway Commissioner Harry Hines told the judges to cut this off would mean no funds for closing gaps in cardinal federal highway routes in Texas this year.

With parole boards to whom paroled convicts report regularly and from whom they receive aid in finding work and becoming useful citizens again, functioning in 100 Texas counties, the state within one year has seen an amazing revolution in the method of handling this troublesome problem. Gov. Allred has enlisted the aid of outstanding citizens, luncheon clubs and other local civic groups to serve on the parole boards. They serve without pay. The governor during his first year

NOTICE IN PROBATE

STATE OF TEXAS,
County of Terrell.

Estate of S. S. Daggett, Deceased. In County No. 100 Court of Terrell County, Texas. For Probate. Feb. 6, 1936.

The State of Texas. To the sheriff or any constable, Terrell County. Greeting: You are hereby commanded to cause to be published for once a week for ten days before the return thereof in a newspaper published in the County of Terrell, which has been continuously and regularly published in said county for a period of not less than one year the following notice:

The State of Texas: To all persons interested in the Estate of S. S. Daggett, Deceased.

Frances Foster Daggett has filed in the County Court of Terrell County, Texas, application for the probate of the last Will and Testament of Samuel Slater Daggett, and S. S. Daggett, which will be heard at the Probate Term of said court, commencing on the 4th Monday in February, A. D. 1936, being the 24th day of February, A. D. 1936, at the Court House in Sanderson, Texas, at which time all persons interested in said estate may appear and contest said application should they desire to do so.

Herein fail not, but have you before said court on the 4th Monday in Feb. A. D. 1936, the same being the 24th day of February, A. D. 1936, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court at my office in Sanderson, Texas, on this 6th day of February, A. D. 1936.

In office released 1000 men, about a fifth of the number released during a year by his predecessor, and, while it formerly was not uncommon for criminals to be taken committing major crimes with pardons in their pockets, signed by the governor, less than a dozen of these released by Allred last year to the county parole boards have failed to "go straight." The governor promised an end to the "pardon racket" during his campaign and he takes greater satisfaction at the successful working out of his plan than in any achievement since he took office.

"In counties where we have no parole board yet appointed, I earnestly urge public spirited citizens to write me and volunteer their services in organizing a board in their counties," he said recently. "There can be no finer patriotic service a citizen can render than to help reclaim human lives and aid these men who have made mistakes in beating back to decent, useful citizenship."

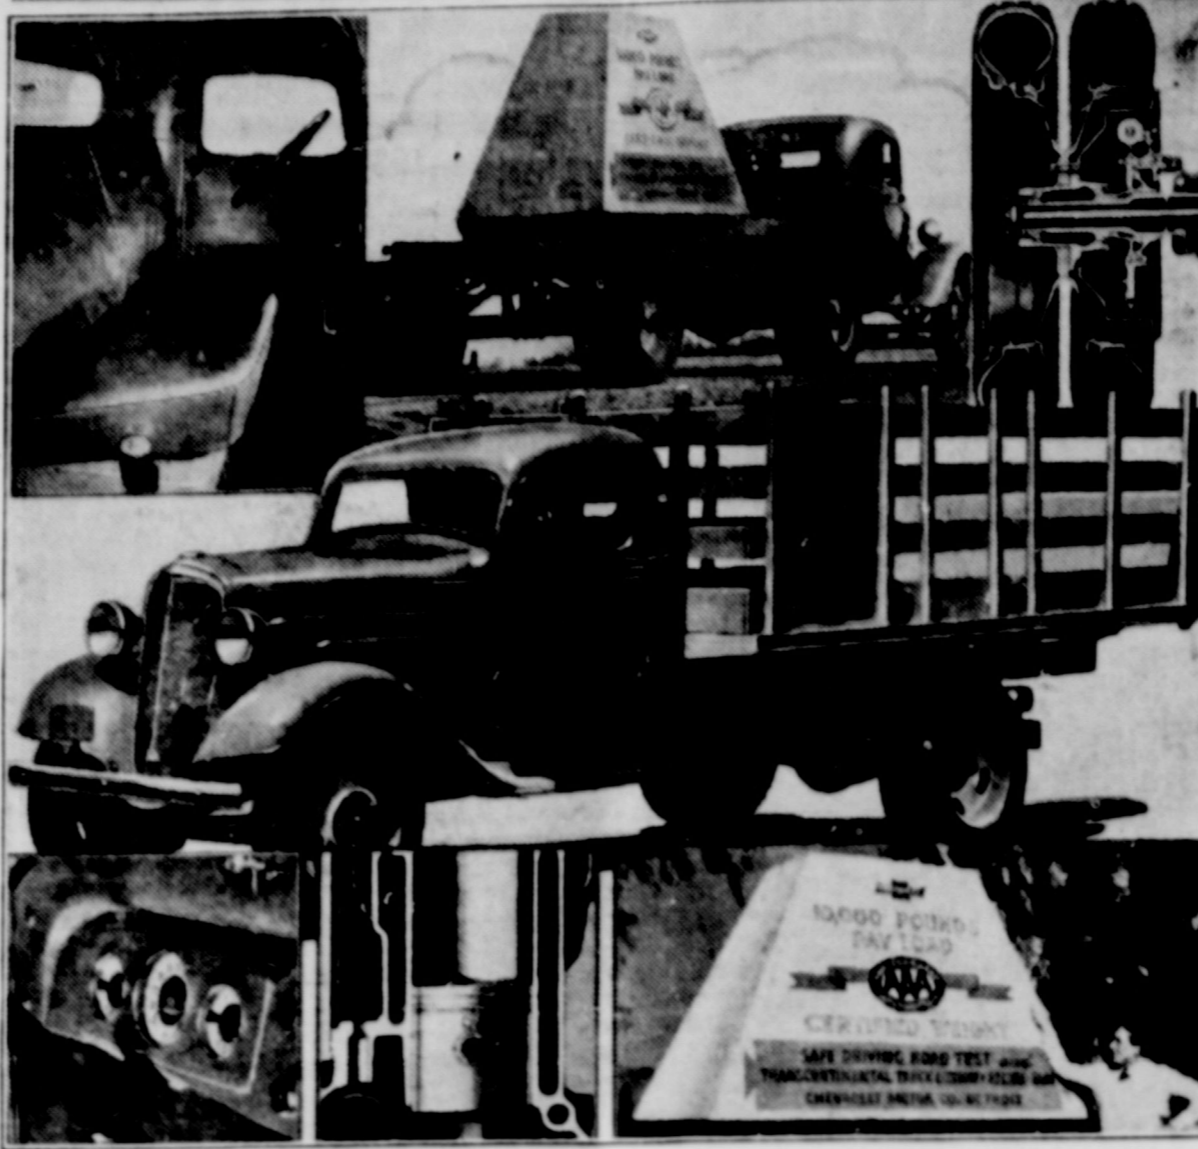

Two members of the house of representatives in Austin to urge a special session, during the recent period of doubt about this question, were talking in a hotel lobby.

"If the governor don't call a session right away I don't know what I'm going to do about making my campaign for re-election," said a West Texas member.

"Why," said his colleague, "you oughtn't to be worried. I thought you had a pretty good record on legislation during last session and the two special sessions."
"I ain't talking about records," grinned the first speaker. "Sure, I've got a good record—but what the devil am I going to finance a campaign with if we don't meet again until after election?"

That sentiment seemed pretty general among the lawmakers who told the governor they felt the state was badly in need of another special session.

New Chevrolet Truck on Economy-Safety Run

Carrying a 10,000-lb. cement block from Los Angeles to New York, a 1 1/2-ton Chevrolet truck—one of the new 1936 models just introduced—demonstrated that safe driving means economy. Speed limits were observed in every community, with 35 m.p.h. the maximum on the open road. The 3511.4 miles were completed on two quarts of oil and 308.6 gallons of gasoline, at a cost of 01.6 cents per mile, or one-third of a cent per ton mile. The entire run was completed without any mechanical failure, repairs, or even a scratched fender. The illustrations show the test truck and features of the new 1936 models. Coupe type cabs with solid steel roof, full-floating rear axle, and full-length water jackets, are some of the improvements. In the lower right, Harry Hartz, who drove the cross-continent test, is seen beside the 10,000-lb. block. The test was officially observed by the American Automobile Association.

PROGRESS MARCHES ON

Items of Interest From Towns in the Southwest

PECOS—In an election held in city Saturday the election to vote \$90,000 in bonds for the erection of a modern courthouse building carried by an overwhelming majority. This sum will be supplemented by federal funds. Simultaneously the entire county voted for the sale of liquors. Prior to national prohibition Reeves county was in the dry column.

SONORA — In reviewing the past year, the Sonora Wool and Mohair Co., found that, in 1935, it had shipped nearly 3 1/2 million pounds of wool, and was declared one of the best years in the history of the company, financially. Last summer the company paid a 10% dividend on par value stock of \$75, and last month paid a similar dividend.

UVALDE—Figures reported to the Sabinel Sentinel by the county agent, showed that Uvalde county farmers and stockmen received over \$400,000 under AAA. Certificates of the administration now held by farmers will net approximately \$25,000 more if contracts made last year are made good by the government.

FLORESVILLE.—The government report, just released, shows that prior to Jan. 16 Wilson county had ginned 2,6617 bales of cotton, as compared with 9,566 last year. Freezing weather was experienced here during the last two weeks, but crops of spinach and onions suffered but little, if any, damage.

CARRIZO SPRINGS.—In the first column of the Carrizo Javelin is listed the needs of that growing city. In the past month the list dwindled. Last week "A Grist Mill" disappeared. This project was supplied and the mill is now in operation, under direction of J. C. Churchill. Another sign of progress here was that poll tax payments nearly doubled those of last year.

ELDORADO. — In Schleicher county a road building campaign is under way, to cost approximately \$78,000. Fifteen men are now employed at the caliche pits, and 40 more will be employed as soon as actual road building gets under way.

OZONA—Officials of the Crockett County fair will meet this week and formulate plans for the Annual rodeo, race meet, stock show, and livestock sale. These annual events are famous, and large crowds always attend.

ALPINE.—The volunteer fire department at this place will attend the next fire rigged out in brand new light-fighting apparel—slickers, helmets, etc., and other equipment recently bought by the city bringing the organization to the highest state of efficiency in

LET'S TALK ABOUT CLOTHES

By a Young Modern (CIA)

Denton.—Designers furnish interesting blouse information for the many shoppers who are sliding their shoulders into suits these days. They point out that the suit buying public does not approve of the severely tailored blouses...

So, with this in mind, we visit the shops and find soft striped silk in stunning color contrasts, made with a chest pocket, turnover collar and short sleeves.

Another big success is the two faced printed silk taffeta blouse. The under side is navy blue, the upper scarlet, and the small design is in reverse on both sides of the silk.

Crisp white neckwear is an interesting addition to suits. You will like the ruffled collars and the exquisitely sheer embroidered organdies with matching cuffs.

PRACTICAL COOKERY

By the Home Economics Dept. Texas State College for Women

MENU NO. ONE

Chicken salad in lettuce cups, heart shaped sandwiches with assorted spreads, radishes, celery curls, olives, marmalade meringues with raspberry ice, hot tea.

Chicken Salad

3 cups cold chicken. 1 1/2 cups celery. 1 teaspoon salt. 2 hard cooked eggs. Mayonnaise.

Marmalade Meringue

3 egg whites. 1 1/2 teaspoon vinegar. 1/2 cup sugar. Orange marmalade.

Beat egg whites until foamy, add vinegar and beat until stiff. Gradually add sugar and beat until mixture will stand in smooth, glossy looking peaks.

Peppermint Lime Ice Cream

1 package lime gelatine. 1 1/2 cups hot water. 2 cups whipped cream. 1/4 cup broken peppermint candy.

Dissolve lime-flavored gelatine in the hot water. When slightly thickened fold in 2 cups whipped cream and the broken peppermint candy. Freeze in refrigerator or in freezer.

Gandhi Meets Hollywood Stars In T.S.C.W. Education Class

"Meet me old friend, Gandhi," said Pop Eye, celebrated star of the-man comics, as he introduced Joan Crawford to India's leader. Misses Frances Corban of Tyler, and Margaret Herndon of Marshall, look on as the puppets, made in primary art education classes at Texas State College for Women (CIA), discuss possibilities of a movie career for Gandhi.

Johnnie Williams of Del Rio was a business visitor here several days this week.
