**ONE KICK AWAY.** If former Texas Tech and Dallas Cowboys' placekicker Lin Elliott ever decides to write his autobiography, "One Kick Away" might be an appropriate title.

Last year, Elliott was the toast of the town--after his usual slow start. He finished just one field goal (one kick) away from leading the National Football League in scoring in his rookie year--no small achievement, against the premiere kickers in today's game.

In Super Bowl XXVII, the Waco native tied a record with seven successful point-after kicks, and scored 13 of the Cowboys' 55 points.

During the course of the season, Elliott set a new Dallas record by kicking 13 consecutive field goals, and the streak included some kicks beyond the 50-yard mark.

He had kicks that won ball games--others that gave the Cowboys breathing room toward the end of the game. His kickoffs regularly were deep in the end zone and very seldom returned.

Dallas fans probably recall that former kicker Ken Willis seldom got a kick to the goal-line, and his were almost always returned.

But that was last year, and this is now.

On Tuesday, Elliott received his walking papers, and the Cowboys hired a new kicker.

If Elliott had kicked just one more field goal last Sunday, he might still be wearing the silver and blue outfit on weekends.

But what about the Cowboys' punt returner, Kevin Williams, whose third fumble in two games was the game-breaker? We didn't notice the team bringing in eight guys to try out for his spot.

Seems like J.J. and J.J. #2 had to come up with something to divert attention from the fact that they blew the Emmitt Smith negotiation deal, probably costing Dallas its second straight trip to the Super Bowl.

And Lin Elliott was a good scapegoat.

**JAY LENO** announced on his show this week that the guy who helped invent the FAX machine died.

"They found him kinda rolled up on his office floor," the comedian cracked.

That joke doesn't make much sense unless you have a FAX machine.

## Clean-Up Slated on Project

The committee for the Pioneer Heritage Museum and Chapel will begin the clean-up project at the old Congregational church in the 200 block of West Sixth Street, on Saturday, September 18.

Anyone who might be interested in donating some of their time to a worth-while cause is invited to be there.

Bring your own tools, such as hoes, rakes, shovels, etc. The plan is to meet at the church at 7 the morning of September 18, and work until??

Any and all work will certainly be appreciated. For more information or details, please contact Rhonda Bentley, Committee Chairman, at 247-3649.

## Maize Days, 1993 Ready To Roll

Friona's 37th annual Maize Days Celebration is cooking on the front burner, and according to Chamber of Commerce Manager Teresa Buske, everything is in readiness for the big celebration.

The Miss Friona pageant kicks off with talent competition at 2 p.m. and finals at 7 p.m. Saturday at the high school auditorium.

Sunday features Prairie Acres' Open House, Quilt Show and Spur Collection, from 3-5. The Friona Force hosts a soccer tournament starting at 12 noon.

A perfect pet parade will be held from 5-6 p.m. Monday at the City Park, sponsored by the Earth Shuttle students.

The Little Miss pageant is set for Tuesday at 7 p.m. at the high school auditorium.

## County Proposes Rural Fire Aid

Following a heated, sometimes boisterous meeting of the County Commissioners last Monday, the court finally passed a resolution to offer additional assistance to the three municipalities in Parmer County, for fighting rural fires in the county.

The cities will be re-imursed on a pro-rata basis for the number of rural fire calls that they make. However, of the total \$50,000 budgeted for 1994 for fire protection, a total of \$5,000 will be allotted to the Rhea-Hollene Volunteer Fire Department. The remaining \$45,000 will be split among the other four fire departments based on the percent of total rural fire calls made in 1994.

In addition, commissioner John G. Mars indicated that he planned to add \$5,000 to the City of Friona from his Precinct 1 fund.

For their part, the City of Friona indicated that they would discuss the matter at their council meeting on Monday, and make a counter-proposal.

For one thing, the county has proposed that payment be made at the end of calendar year 1994, and the City of Friona would like for the re-imbursement to start somewhat sooner.

"We're not quibbling over the money, we'd just like to have it sooner than 15 months down the road," said Friona City Manager Paula Wilson.

At the onset of the meeting, County Judge Bonnie Clayton said "No one on the commissioner's court wants anyone to lose property, or life, but we're not sure how to go about this (making sure the rural residents are covered)."

A number of rural residents packed the county courtroom, and several voiced their opinions when the matter came under discussion. Among those speaking out urging the court to find an equitable method to re-imburse the cities were Rickey Rector, Virginia Jennings, Mayor Clarence Monroe, City Manager Paula Wilson and Friona Fire Chief Jim Taylor.

Officials from the county's other

fire departments also voiced their opinions.

The vote was not finally completed until about 5:15, after the court had been discussing it since almost 1 p.m.

During the commission's discussion, Precinct 3 commissioner Robert White of Farwell attempted to get a five-way division of the \$50,000 (\$10,000 for each of the five fire departments, city as well as rural), but did not get a second to his motion.

Precinct 1 commissioner Johnny Mars (Friona), floated a suggestion to pay the Friona Fire Department \$30,000, and the other four departments the \$5,000 that the county had planned to pay them, but this likewise was not picked up. The majority of the court preferred paying on a percentage of rural calls.

A resolution of the problem is a prime goal, since some rural residents have been threatened with loss of fire insurance if they could not be guaranteed protection.

(Continued on Page 19)

**FULL COURTROOM....**A small portion of the crowd that attended Monday's Commissioners Court meeting is shown. Commissioner Robert White is at left. Spectators shown include Jim Taylor, Paula Wilson, Clarence Monroe, Mal Carthel, Gene Brito, John Baca and Virginia Jennings.

## Contestant Has Eye For Upsets

"Which upsets?" might be Jayn Looper's reaction to her score in the second week of the Friona Star Football Contest.

Mrs. Looper was the only contestant to correctly pick 15 of the 16 contest games, and she laid claim to the top weekly cash prize of \$10. Her only miss was the Michigan-Notre Dame game, as she correctly predicted the rest of the games on the slate.

Eight contestants correctly picked 13 of the contest games, and from this group the second and third place weekly contestants were determined.

Pam Walker nailed down second place, on the basis of her Dallas-

Buffalo tiebreaker score. She picked Buffalo to win, 18-17, missing the actual score by 12 points. She receives \$7.50 for her efforts. Her misses were Texas A&M-Oklahoma, Ohio State-Washington and Notre Dame-Michigan.

Bobby Wied took third place, missing the score by 14 points. His misses were A&M-Oklahoma, Michigan-Notre Dame and Green Bay-Philadelphia. He picked the Cowboys, 20-17.

Just a point behind Wied on the tiebreaker was Larry Rogers. Others correctly picking 13 games were Jerry Hinkle, Charlie Morgan, Myrtle Melton, Roddy Berend and Courtney Carthel.

Thursday's attraction features a reception at West Plains Feed Yard, 6-8 p.m. A homecoming bonfire will be held at dusk at Reeve Lake.

The photography show and country store will kick off on Friday at the old Plains Hardware Building. The homecoming football game will pit the Chieftains hosting the Dalhart Wolves.

Saturday's schedule kicks off with the EMS breakfast at 7 a.m. at the

# Class Of 1953 Compiles Current Information

In the spring of 1953 twenty-six members of the senior class graduated from Friona High School. They were Patsy Bandy, Wanda Beaty, Katherine Brand, Shirley Cocanougher, Oneida Coffman, Shirley Cook, Wayne Cribbs, LaNora Fallwell, Arnold Fangman and Tommy Hamilton.

Also Roy Haney, Ira Holt, Calvin Ivie, Beverly Sue Jones, Ben Jordan, M.C. Osborn, Sue Nazworth, David Patterson, George Price, D. O. Robason, Mary Joyce Renner, Darrell Robbins, H.V. Rockey, Floyd Schueler and Imogene Sherley.

Only five of the class member are deceased. They are LaNora Fallwell, Arnold Fangman, Ben Jordan, David Patterson and H.V. Rockey. None of them lost their lives in the United States Armed Forces.

Eight of the 1953 graduates still live here. They are Patsy Reed Bandy, Wanda Beaty Jones, Oneida Coffman Allen, Mary Joyce Renner Barnett, Tommy Hamilton, M.C. Osborn, Ira Holt and Floyd Schueler. Most of these have had children graduate from Friona High and several have grandchildren in school here now.

During the Labor Day weekend this class and the class of 1952 had a joint reunion and ex-students from several other places in Texas as well as other states attended.

Information about the lives and accomplishments of class members was collected and compiled into a very interesting booklet. Some facts from this booklet follow.

"Wanda Beaty Jones and her husband, Tommie, live on a farm at the north end of Main Street. He farms and she's a long time employee of John Fred White Bookkeeping and Tax Service.

They have three children, Joe, Marilyn and John D. and two grandchildren, Traci and Caitlin Harkey.

Marilyn is married to Deon Harkey, who has been a naval officer fifteen years. This family has lived in Corpus Christi, Texas; Pensacola, Florida; Sacramento and San Francisco, California; Brunswick, Maine and Honolulu, Hawaii, so Tommy and Wanda have literally travelled from one corner of the United States, as well as to the fiftieth state.

Katherine Brand is employed by Swisher Memorial Hospital and lives in Tulia.

## Did You Know?

By GEORGE RUSHING

Fanny Crosby was born in 1820 and died in 1915. In those 95 years she wrote nearly 8,000 poems or songs. When just a baby of 6 weeks, she had swollen and infected eyes. The doctor prescribed a hot mustard poultice for her eyes; this prescription was a mistake and Fanny Crosby was blind for life.

Her grandmother became her eyes for her and she would take little Fanny with her and describe as much of God's world to her as she could.

Fanny said of her grandmother, "It was Grandma who brought the Bible to me and me to the Bible. The stories of the Holy Book came from her lips and entered my heart and took deep root there."

Of the Bible she said, "This

Shirley Cocanougher has made a career out of being married to Jimmie Gore and mother of Russell, Rhonda, and Sherry and grandmother of Angie, Misty, Tye, Laura and Chris.

The Gores have lived in Amarillo many years and Jimmie retired from 40 years Civil Service after spending 36 years as personnel and accounting supervisor at the Amarillo Post Office.

Oneida Coffman Allen and her husband, Frankie, have spent all 40 years of their years of married life here. Their two sons, Eddie and Rodney, grew up here. Each of them has one son. The grandsons are Benton and Conner.

Beverly Sue Jones and Shirley Cook have been married many years. They've raised their sons, Rocky and Ted in Green River Wyoming. They also have one grandson, Justin.

Sherley is a welder and Beverly Sue is employed in the school office.

Sue Gibson Nazworth, who is now the wife of Elmo Barrett of Amarillo, may not have been tabbed for class humorist, but reading her list of accomplishments would make any reader think she should have been.

It read like this: "Financial advisor to Donald Trump; author of nine best sellers, under pen name Jackie Collins; three time winner of the Indianapolis 500; speech writer and part-time diet counsellor for Rush Limbaugh; winner of the first annual "Hillary Look-Alike Contest"; former public relations director for Dr. Jack Kevorkian; president of the Greater Amarillo Chapter of the Elvis Fan Club (eat lunch with him every other Thursday afternoon at WalMart Snack Counter."

The Barretts have four children, Charlotte Nazworth Goebel, Curtis Nazworth, Gail Nazworth Thomas and Starla Barrett Ross and eight grandchildren.

Roy Haney and his wife, Mary Lou, live in Tampico, Illinois. They have three children and one grandchild. Roy's comment read like this: "I served two tours in the U.S. Army. I didn't volunteer either time. I served 13 years on local school board. Survived two floods along Mississippi River 1965-93. I had an unusual job as a

cryptographer in the army."

Ira Holt and his wife, the former Bessie Ferguson, and their two daughters, Reba and Glenna, live here. He is employed by the John Deere Company and she works at Cattle town.

M. C. Osborn has farmed and ranched since his graduation from Texas A & M University. He and his wife, the former Ann Whitley, live on a farm west of town. They have five daughters and two grandchildren.

M.C. commented: "We have had from one to three kids in college since 1978. Hope to get the last one out December of 1993. Her degree will make our seventh."

George Snow Price and his spouse, the former Gay Cass, live in Midland. They have two children, Laurie Shephard and Russell Price, who live in Houston. George is retired from Arco as a Petroleum Engineer and has his own consultant service. Gay is semi-retired from Bass Enterprises.

Patsy Reed Bandy and her husband of 42 years, Eugene, are farmers and have four sons, three daughters-in-law and seven grandchildren. Two of the sons, Johnny and Todd, are high school teachers and coaches. Todd and Lori and their two children, Chelsey and Levi, live in Texarkana. Johnny, Carla, Brandon and Kaci live in Plano. Chad lives in Lubbock and Clay, who farms and his wife, Tamela, and children, Joseph, Valerie and Adam, live here.

Mary Joyce Renner has been married to Doyce Barnett about 40 years. He's a farmer and she's a BeautyControl consultant.

Their daughter and son-in-law, Cindy and Jerry Hawkins have three children, Jonathan, Ryan and Heather. They live in Lawrenceville, Georgia.

David, the Barnett's son, and his wife, Jana, live here. They have four children, Beau, Breann, Briar and Brenner.

D. O. Robason and his wife, the former Carmel Fields, live at Grandview, Texas. He's a builder and specializes in construction and remodeling of homes and commercial buildings.

They have three sons, Rick, (Continued on Page 6)

FORTY YEARS AGO...These three, Darrell Robbins of Denton, Texas; Sue Barrett of Amarillo and Wanda Jones, who lives near Friona, were outstanding members of the 1953 graduating class. Darrell's claim to fame came from winning the 440-yard dash in the State Interscholastic Track Meet and being a member of the mile relay team, which also won first. Other members of the team were M.C. Osborn, who lives here; Ben Wayne Jordan, deceased, and D.O. Robason of Grandfield, Texas. Sue was the class salutatorian and Wanda was the valedictorian.

A Scotch minister once spoke to her about God not giving her sight. She responded, "Do you know that if I had been able to make only one petition to my Creator it would have been that I should remain blind?"

"Why?", asked the surprised minister.

"Because when I go to heaven, the first face that shall ever gladden my sight will be that of my Savior," she answered.

# Chiefs Frustrated By "N.M. Rules"

by the Chieftain Yearbook Staff

"When you go across the border to New Mexico, you gotta get ready for them to throw the flags." Chris Hanna summed up last Friday's game against Portales fairly accurately.

During the "Star Spangled Banner", no one could see the ol' red, white and blue, but the yellow was flying all night long. Most of the time it was to the Chiefs' disadvantage. "We gave over 100 yards to penalties," said Juan Gamboa.

New Mexico just plays ball by a different set of rules. For instance, they have a "no cutting" rule, which means it's illegal to hit below the waist. It's also against the rules for the defense to be in the neutral zone when the ball is snapped. Now in Texas, the boys are allowed to tackle below the waist, and jumping the gun on the line of scrimmage is okay as long as you get back before the ball is snapped and you don't hit an opponent.

Chieftains and their fans were frustrated all evening long by what was perceived as a lack of fairness on the part of the referees. "Sometimes you didn't even know what you did wrong," said Gamboa. But the Chiefs played Portales a tough game.

In the first quarter, the defense was surprised by a Portales sweep. During the first defensive series, Leroy Valdez ran the ball 80 yards for a Ram touchdown. However, the defense came back and succeeded keeping Portales out of the end zone throughout the rest of the first half of the game.

The big play for the Chieftain

offense came when Blair Burney fired a pass to Jimmy Arias. Arias caught the ball at about midfield and out-raced his defenders to the goal-line to complete a spectacular 91-yard touchdown play.

"I caught the pass from Blair, got behind the corner, and ran!" said Arias.

After the half, Portales kept the ball for 11 minutes and scored after converting two critical fourth and short situations by offsides on the Chiefs.

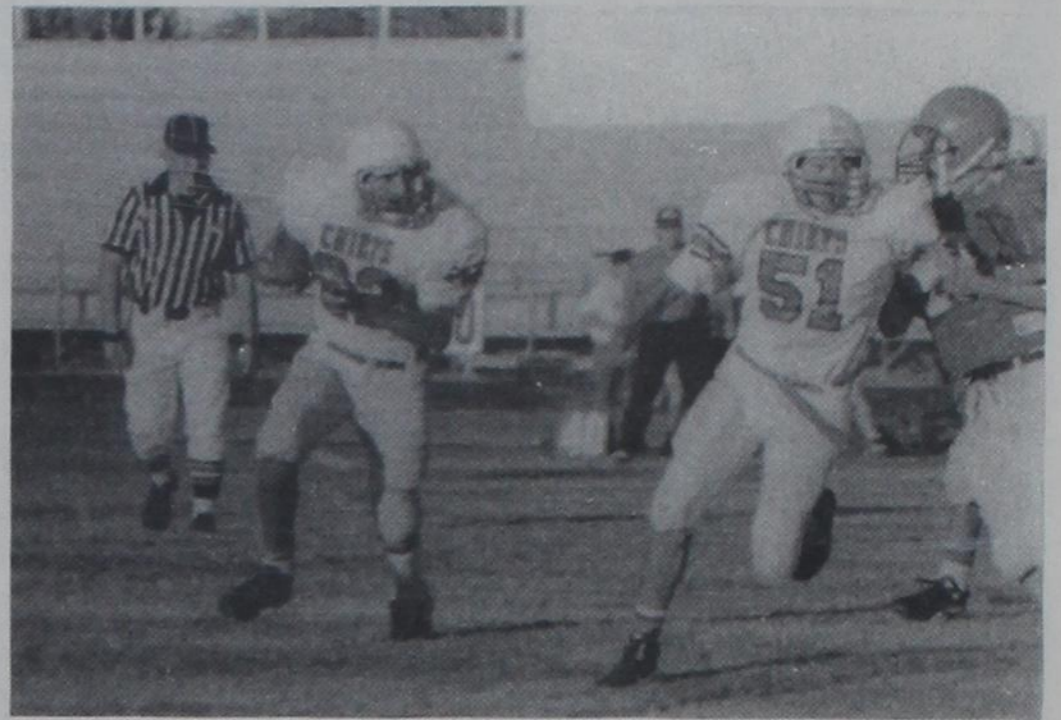

Those New Mexico offsides calls really hurt the Chieftain effort. But the boys kept up the struggle.

The 398 yards gained by the offense was tough. "A couple of times, when I thought I'd broken, they'd drag me down. They had some big pullin' linemen," said Chris Hanna.

In the fourth quarter, the defense forced a Portales turnover. With six minutes left in the fourth quarter, the Chiefs started a drive. Steven Ortiz advanced the ball seven yards. "That was the quick pitch (from Blair Burney)," said Ortiz.

They moved the ball well until a fumble hurt their chances for another touchdown. "We could have tied in the fourth, except for that fumble," said Chris Hanna. With just 1:00 left to play, Portales scored, making the final score 21-7.

Coach James Morton commented, "Overall, we have improved from week one. The defense gave up yards, but shut down Portales when they needed to. The offense must eliminate all those penalties. But the players share good attitudes and they're ready for Canyon!"

**BAUTISTA GAINS....**Focusing on the goal line, Jesse Bautista (22) forces a five-yard push, ending up 12 yards from the end zone. Juan Santiago (51) blocked the oncoming defense. The freshman Chiefs beat the Portales Rams last Thursday 12-8. (Photo by the Chieftain Yearbook Staff.)

## 8th Braves Beat River Road, 34-8

Friona's eighth grade Braves started their 1993 season on the right foot last Thursday, when they toppled the River Road eighth graders, 34-8.

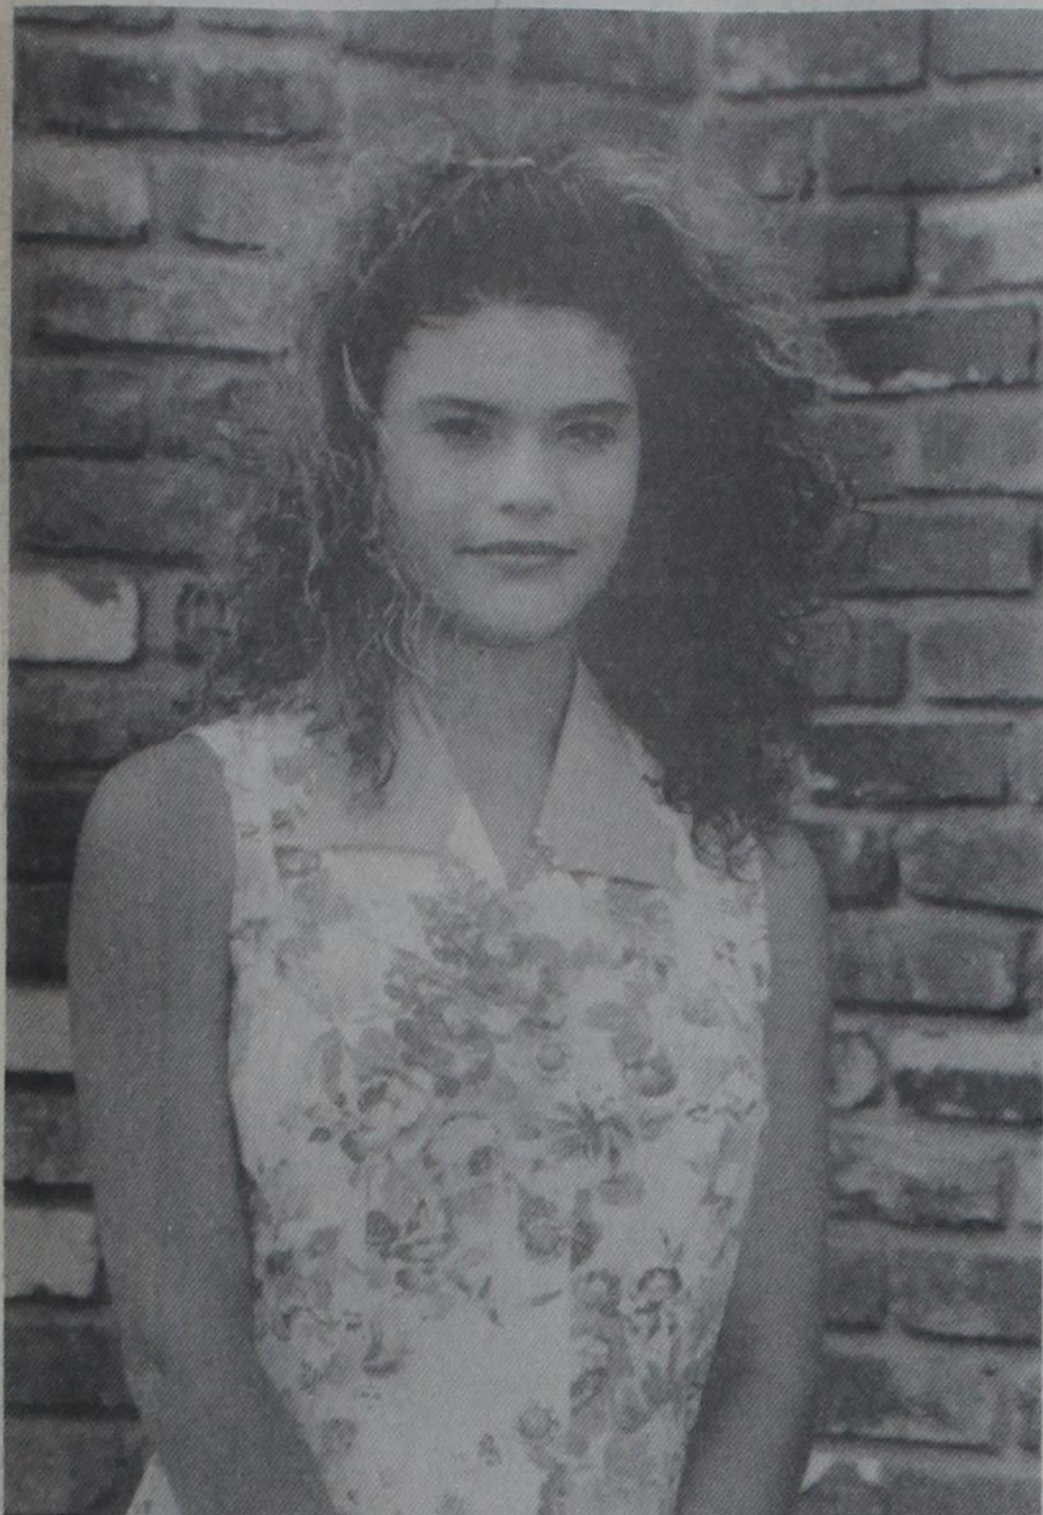

Daniel Cuevas scored twice, once on an 80-yard kickoff return and another on an 11-yard run.

Cuevas also blocked a punt that was picked up by Quint Ellis for a touchdown.

Ellis also caught a conversion pass from Jesus Mata. Mata threw one touchdown pass as well as two conversions. Angel Vega had one T.D. and a conversion.

Brandon Stephens finished out the scoring on a pass from Aaron King.

On defense, Stephens led with five tackles; Ellis and Luis Ramirez each had four; King had three; Vega had two plus an interception.

## Here's another necessity for your apartment.

**Your furnace needs an annual check-up.**  
Your natural gas furnace has been sitting quietly all summer, waiting for the time it's really needed. And like anything that's been idle a while, your furnace needs a checkup before it starts back to work. You may want to check with your landlord or apartment manager about arranging for an annual inspection by a qualified professional heating contractor. Once it's been inspected, your furnace should require very little attention the rest of the winter.

**A closet isn't always a closet.**  
Your water heater or furnace is probably in a closet all by itself. And that's the way it should stay. As tempting as it may be, don't use the space around a water heater or furnace for storage. Even if these major appliances sit in the open, the space around them should be kept clear to insure adequate air circulation.

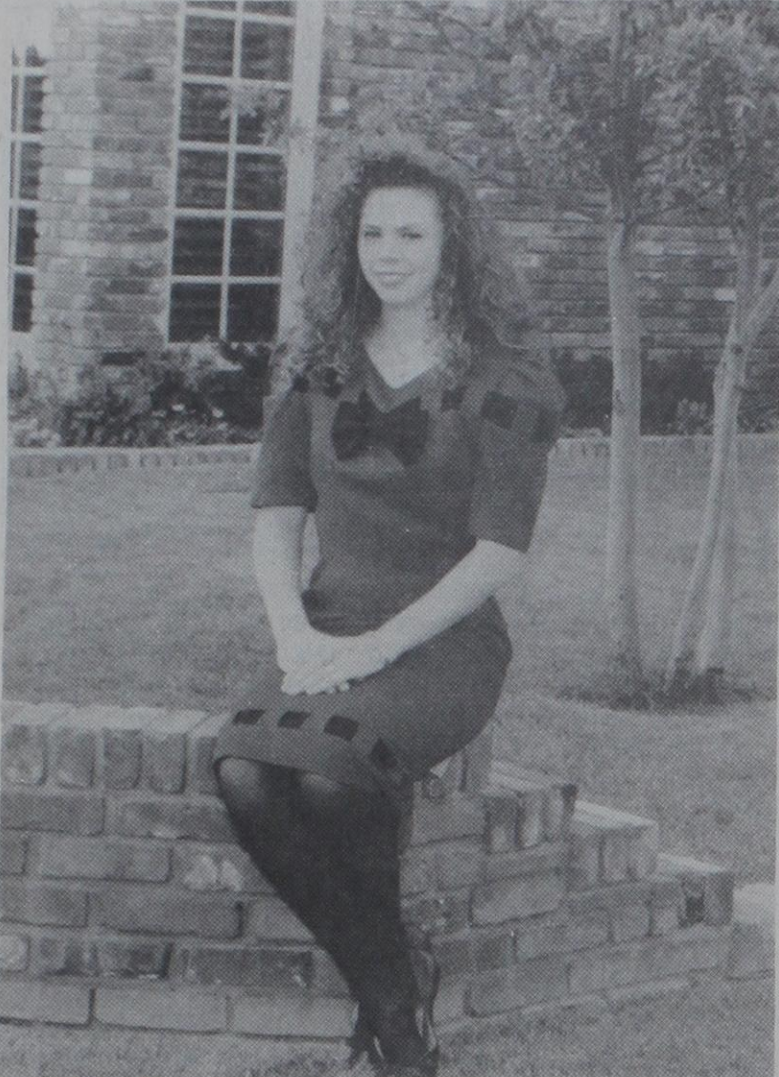

**If you smell gas.**  
We hope that you will never have to deal with a gas leak. If you do smell gas, day or night, exit the building then call your local Energas office immediately. Do not flip light switches or use any other electrical equipment. Do not light a match or a candle. Do not try to find the leak yourself.

**For more information.**  
Get a free folder from your landlord or apartment manager. Or call your local Energas office.

Natural gas is the best energy you can have in West Texas for any home heating job. Just set your thermostat, and have a great winter!

**ENERGAS**  
We're proud to be your gas company

In making the announcement, Robert W. Kirk, senior vice president of operations, stated that Gustin would be responsible for the total operation of the City of Brownfield and surrounding areas. He replaces Bobby Brewer, who is retiring.

Energas Company, a division of Atmos Energy Corporation of Dallas, provides natural gas service to more than 307,000 customers in West Texas.

## Center Opened

The Don and Sybil Harrington Cancer Center officially opened in September, a second floor clinic suite to house the expanded programs in breast and cervical screening for women.

The newly remodeled area includes three exam rooms, two mammography rooms, a patient consultation room, patient's library, medical records area, film processing, lab, and reception area.

This area also provides more convenience to the patients through direct access by elevator from the underground parking garage or direct access from the back parking lot.

The cancer center is pleased to announce the addition of cervical cancer screening to the current breast cancer screening program.

The center has received a grant from the Texas Department of Health Breast and Cervical Cancer Control Program to provide these services for women who are eligible and meet financial guidelines. These services are also available for women who select individual or insurance as a method of payment.

Our professional staff for this

program includes: Roseann Wells, R.N., B.S.N., Program Director; Larry Puls, M.D., Medical Director for Gynecologic Oncology; Robert Hays, M.D., Medical Director for Breast Cancer Screening; Daniel Epley, M.D., Radiology Director for Mammography.

Services that are included are a clinical breast exam, abdominal exam, pelvic exam, pap smear and mammogram. Breast self-exam and vulva self-exam instructions will be given.

The R.N., B.S.N. professionals administering these exams have received comprehensive training at the University of Texas M.D. Anderson Cancer Prevention and Detection Program. The mammography program is accredited by the American College of Radiology.

HCC is excited with the opportunity to expand these services to provide early detection programs for patients, the family members, and friends. Please contact the center with any questions you may have. The toll-free number for long distance calls is 1-800-377-4673.

## Local Artists To Display Works At Prairie Acres

Prairie Acres Nursing Home and the Friona Art Association will initiate a new program at the Open House on Sunday, September 19. Since Friona and the surrounding area is blessed with many talented artists, the Prairie Acres Board of Directors would like to "show off" some of these paintings and, in doing so, enhance the decor of Prairie Acres.

Prairie Acres has just completed new construction and remodeling and the Board has now turned attention to making the home more beautiful and comfortable by creating a "homey" atmosphere.

"By decorating the foyer, rotunda, dining area and hall areas, we feel that our home will have its own distinctive personality to be enjoyed by our residents and their guests," said David J. Goddard, Chairman of the Board of Directors.

A different area artist will display their art work in a Mini Art Show each month. These paintings will be enjoyed by everyone and may also be purchased from the

artist for personal use or donated to Prairie Acres as a permanent decoration.

Many artists have stated that they will discount the price of the painting if it is to be donated to Prairie Acres. Prairie Acres will work with artists and donors to ensure that the gifts are tax deductible.

The Love Fund at Prairie Acres will also have a special "Art" account to which donations can be given for the specific purpose of purchasing art work for the home.

Local artist, Bobby Weid, will be the first artist featured and his work may be viewed at the Prairie Acres Open House on Sunday, September 19, from 3:00-4:00 p.m.

Everyone is invited to attend. There will also be a Quilt Show, M.C. Osborn will be exhibiting his Spur Collection and special music will be provided by Charles Turner.

You are also invited to stay for church services at 4 p.m. to hear more special music by Sharon White, the Gospel J's, and the ladies trio.

### PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 2, 1993

#### PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment that would authorize the Texas Legislature to provide for the issuance of bonds for the state financing of start-up costs for historically underutilized businesses. The amendment provides that the legislature by law may establish a Texas historically underutilized business capital growth and start-up fund. The money in the fund may be used without further appropriation and only for a program established by the legislature to aid in the start-up costs of a historically underutilized business, as defined by the legislature. To carry out the program, the legislature may issue up to \$50 million of general obligation bonds to provide funding. The legislature may require review and approval of the issuance of bonds, the use of the bond proceeds, or of the rules adopted by an agency to govern use of the bond proceeds. Bonds authorized by the amendment constitute a general obligation of the state.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to provide for the issuance of \$50 million of general obligation bonds for the recovery and further development of the state's economy and for increasing job opportunities and other benefits for Texas residents through state financing of the start-up costs of historically underutilized businesses."

#### PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 86 proposes a constitutional amendment authorizing the legislature, by general law, to exempt from ad valorem taxation all or part of real and personal property used, constructed, acquired, or installed wholly or partly to meet or exceed rules or regulations adopted by any environmental protection agency of the United States, Texas, or a political subdivision of this state for the prevention, monitoring, control, or reduction of air, water, or land pollution. The amendment applies to real and personal property used as a facility, device, or method for the control of air, water, or land pollution that would otherwise be taxable for the first time on or after January 1, 1994. The amendment does not authorize the exemption from ad valorem taxation of real or personal property that was subject to a tax abatement agreement executed before January 1, 1994.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to promote the reduction of pollution and to encourage the preservation of jobs by authorizing the exemption from ad valorem taxation of real and personal property used for the control of air, water, or land pollution."

#### PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 3 proposes a constitutional amendment to clear land titles in which the State of Texas relinquishes and releases any claim of sovereign ownership or title to an undivided one-third interest in and to the lands and minerals within the Shelby, Frazier, and McCormick League (now located in Fort Bend and Austin counties) arising out of the interest in that league originally granted under the Mexican Colonization Law of 1823 to John McCormick on or about July 24, 1824, and subsequently voided by the governing body of Austin's Original Colony on or about December 15, 1830. Title to such interest in the lands and minerals is confirmed to the owners of the remaining interests in such lands and minerals.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the clearing of land titles by the release of a state claim in a fractional interest, arising out of the voiding of an interest under a Mexican land grant, to the owners of certain property in Fort Bend and Austin counties."

#### PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 49 proposes a constitutional amendment that would prohibit a state personal income tax without voter approval and would dedicate the proceeds of any income tax, if enacted, to property tax relief and education. The amendment provides that a general law enacted by the legislature that imposes a tax on the net incomes of natural persons, including a person's share of partnership and unincorporated association income, must provide that the portion of the law imposing the tax not take effect until approved by a majority of the registered voters voting in a statewide referendum held on the question of imposing the tax. The referendum must specify the rate of the tax that will apply to taxable income.

The amendment also provides that a general law enacted by the legislature that increases the rate of the tax, or changes the tax in a manner that results in an increase in the combined income tax liability of all persons subject to the tax, may not take effect until approved by a majority of the registered voters voting in a statewide referendum held on the question of increasing the income tax. The referendum must specify the manner in which the proposed law would increase the combined tax liability of all persons subject to the tax. The legislature may repeal, or amend without increasing, a tax approved by the voters without submitting the amendment or the repeal to the voters. If the legislature repeals a tax approved by the voters, the legislature may only reenact the tax without voter approval if the effective date of the reenactment of the tax is within one year of the effective date of the repeal of the tax.

The amendment also provides that, in the first year in which an income tax is imposed, and during the first year of any increase in the tax, not less than two-thirds of all net revenues from the tax shall be used to reduce the rate of ad valorem maintenance and operation taxes levied for the support of primary and secondary education. In subsequent years, not less than two-thirds of all net revenues of the tax shall be used to continue such ad valorem tax relief. The net revenues of the tax remaining after the deduction of money for reduction of ad valorem maintenance and operation taxes shall be used for support of education. The maximum rate at which a school district may impose ad valorem maintenance and operation taxes is reduced by an amount equal to one cent per \$100 valuation for each one cent per \$100 valuation that the school district's ad valorem maintenance and operation tax is reduced by the minimum amount of money dedicated under the amendment, provided that a school district may subsequently increase the maximum ad valorem maintenance and operation tax rate if the increased maximum rate is approved by a majority of the voters of the school district voting at an election called and held for that purpose. The portions of the amendment relating to dedicating tax revenues to reduce the rate of ad valorem maintenance and operation taxes apply on or after the first January 1 after the date on which an income tax takes effect, except that if the income tax begins to apply on a January 1, the amendment applies to ad valorem maintenance and operation taxes levied on or after that date.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment prohibiting a personal income tax without voter approval and, if an income tax is enacted, dedicating the revenue to education and limiting the rate of local school taxes."

#### PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 15 proposes a constitutional amendment that would authorize the legislature to prescribe the qualifications of sheriffs. Currently, the constitution authorizes the legislature to prescribe the duties, perquisites, and fees of office, but not the qualifications for the office of sheriff.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow the legislature to prescribe the qualifications of sheriffs."

#### PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 21 proposes a constitutional amendment that would abolish the office of county surveyor in Jackson County. The amendment also provides for the powers, duties, and functions of the county surveyor to be transferred to the county officer designated by the commissioners court.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment abolishing the office of county surveyor in Jackson County."

#### PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 57 proposes a constitutional amendment that repeals article XII, section 6, of the Texas Constitution, which currently provides that no corporation shall issue stock or bonds except for money paid, labor done, or property actually received, and that all fictitious increase of stock or indebtedness shall be void.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment repealing certain restrictions on the ability of corporations to raise capital."

#### PROPOSITION NO. 8 ON THE BALLOT

House Joint Resolution 22 proposes a constitutional amendment that would authorize the commissioners court of McLennan County to call an election to abolish the office of county surveyor. The office of county surveyor will be abolished if a majority of the qualified voters of McLennan County voting on the question favor the abolition. If the office of county surveyor is abolished, the amendment requires the maps, field notes, and other records in the custody of the county surveyor to be transferred to the county clerk of McLennan County. After abolition, the amendment also grants the commissioners court of McLennan County the authority to employ or contract with a qualified person to perform any of the functions that would have been performed by the county surveyor if the office had not been abolished.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to abolish the office of county surveyor in McLennan County."

#### PROPOSITION NO. 9 ON THE BALLOT

Senate Joint Resolution 19 proposes an amendment to article VIII, section 13 of the Texas Constitution that would modify the provisions for the redemption of real property sold at a tax sale. The amendment deletes current language in article VIII, section 13 that allows the legislature to provide for the sale of property without trial to pay for delinquent taxes. It also states that the deed to the new owner vests a good and perfect title subject only to redemption as set out in this amendment or impeachment for fraud. Language is added limiting application of the current two-year redemption period to former owners of residence homesteads and land designated for agricultural use sold for unpaid taxes. When property is sold as the result of a suit to enforce collection of unpaid taxes, the amendment would allow the legislature to limit redemption to property used as a residence homestead or designated for agricultural use at the time the suit was filed. The amendment creates a second type of redemption for former owners of real property when property is neither a residence homestead, nor designated for agricultural use. These owners would have a six-month period in which to redeem their property by paying the amount of money paid for the property, including the Tax Deed Recording Fee, all taxes, penalties, interest, and costs paid plus an amount not exceeding 25 percent of the aggregate total. The amendment applies to redemption of properties sold at a tax sale for which the purchaser's deed is filed on or after January 1, 1994. For redemption of properties sold at a tax sale for which the purchaser's deed was filed before January 1, 1994, the former law is applicable and remains in effect.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to modify the provisions for the redemption of real property sold at a tax sale."

#### PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment that adds a

new section 49-b-2 to article III of the Texas Constitution. This new section provides that, in addition to the general obligation bonds authorized to be issued and sold by the Veterans' Land Board (the "Board") by sections 49-b (950 million) and 49-b-1 (\$1.3 billion) of article III, the board may provide for, issue, and sell general obligation bonds of the state in an amount not to exceed \$750 million to provide financing to Texas veterans. \$250 million of the bonds authorized by this new section shall be used to augment the Veterans' Land Fund (the "Land Fund"). The Land Fund shall be used by the Board to purchase lands situated in Texas owned by the United States government, an agency of the United States government, the State of Texas, a political subdivision or agency of the State of Texas, or a person, firm, or corporation. The lands shall be sold to veterans in quantities, on terms, at prices, and at fixed, variable, floating, or other rates of interest determined by the Board. Lands in the Land Fund that are offered for sale to veterans and that are not sold may be sold or resold to the purchasers in quantities, terms, prices, and rates of interest determined by the Board.

New section 49-b-2 creates the Veterans' Housing Assistance Fund II (the "Housing Fund II"), and \$500 million of the general obligation bonds authorized by the section shall be used for the Housing Fund II. The Housing Fund II is a separate and distinct fund from the Veterans' Housing Assistance Fund (the "Housing Fund") established under section 49-b-1 of article III. Money in the Housing Fund II shall be administered by the Board and shall be used to make home mortgage loans to veterans for housing within this state in quantities, on terms, and at fixed, variable, floating, or other rates of interest determined by the Board. The principal of, and interest on, the general obligation bonds authorized by this section for the benefit of the Housing Fund II shall be paid out of the money of the Housing Fund II. The principal of, and interest on, the general obligation bonds authorized by section 49-b-1 of article III for the benefit of the Housing Fund shall be paid out of money in the Housing Fund. If there is not enough money in the Land Fund, the Housing Fund, or the Housing Fund II, as the case may be, available to pay the principal of, and interest on, the general obligation bonds authorized by this section or by sections 49-b or 49-b-1 of article III, there is appropriated out of the first money coming into the treasury in each fiscal year an amount that is sufficient to pay the principal of, and interest on, the general obligation bonds that mature or become due during that fiscal year.

If the Board determines that assets from the Land Fund, the Housing Fund, or the Housing Fund II are not required for purposes of the fund, the Board may transfer the assets to another of those funds or use the assets to secure revenue bonds issued by the Board. The revenue bonds shall be special obligations of the Board and payable only from and secured by receipts of the funds, assets transferred from the funds, and other revenues as determined by the Board and shall not constitute indebtedness of the State of Texas or the Board. The Board may issue revenue bonds from time to time, which bonds may not exceed an aggregate principal amount that the Board determines can be fully retired from the receipts of the funds. The revenue bonds shall be sold in forms, denominations, and in installments, and bear a rate or rates of interest as the Board determines.

The general obligation bonds authorized to be issued by the Board by this section or by sections 49-b and 49-b-1 of article III shall be issued and sold in forms and denominations, on terms, at times, in the manner, at places, in installments, and shall bear a rate or rates of interest the Board determines. The bonds shall be incontestable after execution by the Board, approval by the Attorney General of Texas, and delivery to the purchaser.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing issuance of \$750 million in general obligation bonds to augment the Veterans' Land Fund and the Veterans' Housing Assistance Fund II."

#### PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 31 proposes a constitutional amendment relating to the duties of trustees of local retirement systems which provide retirement and related disability and death benefits for public officers and employees and that do not belong to a statewide retirement system. The amendment provides that the

board of trustees of such a system shall (1) administer the system of benefits; (2) hold the assets of the system for the exclusive purposes of providing benefits to participants and their beneficiaries and defraying reasonable expenses of administering the system; and (3) select legal counsel and an actuary and adopt sound actuarial assumptions to be used by the system.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing that the trustees of a local public pension system must administer the system for the benefit of the system's participants and beneficiaries."

#### PROPOSITION NO. 12 ON THE BALLOT

House Joint Resolution 23 proposes a constitutional amendment providing that any person accused of a violent or sexual offense committed while under the supervision of a criminal justice agency of this state or a political subdivision of this state for a prior felony may, after a hearing and evidence substantially showing the guilt of the accused, be denied bail pending trial. If the accused is not, however, accorded a trial within 60 days from the time of his incarceration upon the accusation or indictment, the order denying bail shall be set aside unless a continuance is obtained upon the request of the accused. In the amendment, the term "violent offense" means murder, aggravated assault (if a deadly weapon was used or exhibited during the commission of the assault), aggravated kidnapping, or aggravated robbery. The term "sexual offense" means aggravated sexual assault, sexual assault, or indecency with a child.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment permitting the denial of bail to certain persons charged with certain violent or sexual offenses committed while under the supervision of a criminal justice agency of the state or a political subdivision of the state."

#### PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 13 proposes a constitutional amendment that amends article VII, section 17(a), of the Texas Constitution to provide that, of the \$100 million currently appropriated by that section for the use of public institutions of higher education during each fiscal year, those institutions may also utilize this money to pay for acquiring, constructing, or equipping or for major repair or rehabilitation of buildings, facilities, other permanent improvements, or capital equipment used jointly for educational and general activities and for auxiliary enterprises to the extent of their use for educational and general activities. For the five-year period beginning on September 1, 2000, and for each five-year period thereafter, the legislature, during a regular session that is nearest, but preceding, a five-year period may, by a two-thirds vote of the membership of each house, increase the amount of the \$100 million constitutional appropriation for the five-year period. The amendment also reflects name changes that have been made to some of the institutions of higher education for which such funding is available. The amendment funds the Texas State Technical College System to those institutions eligible to receive such funding, but limits its allocation of the annual appropriation to 2.2 percent of the total appropriation each fiscal year. The amendment also provides that each governing board authorized to participate in the distribution of money under article III, section 17, may also issue bonds and notes for the purposes of refunding bonds or notes issued under that section or prior law for the purposes of acquiring capital equipment, library books and library materials, paying for acquiring, constructing, or equipping or for major repair or rehabilitation of buildings, facilities, other permanent improvements, or capital equipment used jointly for educational and general activities and for auxiliary enterprises to the extent of their use for educational and general activities. The amendment deletes language in article III, section 17, which authorizes the legislature to designate a single agency to issue such bonds or notes in lieu of the governing bodies, and to transfer to that agency the authority to collect and pledge money to the payment of such bonds and notes as directed by the governing body of each eligible institution. Funds appropriated under article III, section 17, may not be used for the purpose of constructing, equipping, repairing, or rehabilitating buildings or other permanent im-

provements that are to be used only for student housing, intercollegiate athletics, or auxiliary enterprises.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the amount and expenditure of certain constitutionally dedicated funding for public institutions of higher education."

#### PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 45 proposes a constitutional amendment that adds a new subsection (e) to article III, section 49-h, of the Texas Constitution. The new subsection provides that, in addition to the amounts authorized by subsections (a) (\$500 million), (c) (\$400 million), and (d) (\$1.1 billion) of section 49-h, the legislature may authorize the issuance of up to \$1 billion in general obligation bonds and may use the proceeds of the bonds for acquiring, constructing, or equipping new corrections institutions, including youth corrections institutions, and mental health and mental retardation institutions and for major repair or renovation of existing facilities of those corrections and mental health and mental retardation facilities. The amendment also provides that the provisions of subsection (a) of section 49-h, relating to the review and approval of bonds, and the provisions of subsection (b) of section 49-h, relating to the status of the bonds as a general obligation of the state and to the manner in which the principal and interest on the bonds are paid, apply to bonds authorized by this amendment.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of up to \$1 billion in general obligation bonds payable from the general revenues of the state for projects relating to facilities of corrections and mental health and mental retardation institutions."

#### PROPOSITION NO. 15 ON THE BALLOT

House Joint Resolution 37 proposes a constitutional amendment that would authorize the county commissioners court of a county to call an election to abolish the office of county surveyor. The office of county surveyor is abolished if a majority of voters of the county voting in the election approve the measure. If the office of county surveyor is abolished, the maps, field notes, and other records of the county surveyor are transferred to the county officer or employee designated by the commissioners court.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to permit the voters of a county to decide, at an election called by the commissioners court, whether to abolish the office of county surveyor in the county."

#### PROPOSITION NO. 16 ON THE BALLOT

Senate Joint Resolution 44 proposes an amendment to article III, section 49-(b) of the Texas Constitution, which currently limits the principal amount of bonds outstanding at one time for the Texas agricultural fund to \$25 million and for the rural microenterprise development fund to \$5 million. The amendment would raise the principal amount limit for the Texas agricultural fund to \$100 million. The amendment would also make the principal amount limit for each fund apply to the total principal amounts of both bonds and notes issued or sold rather than just the principal amounts of bonds outstanding at one time.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing up to a total of \$100 million in bonds and notes to be issued or sold to finance the Texas agricultural fund for providing financial assistance to develop, increase, improve, or expand the production, processing, marketing, or export of crops or products grown or produced primarily in this state by agricultural businesses domiciled in the state."

## Apple Season Begins When Other Fruits Are Gone

By CARLA MCKEOWN

I started to complain because the peaches are about played out for the summer, but then I remembered apples and got so caught up in the planning of apple recipes, that I forgot to miss the peaches!

I've been to the first football game of the season, felt the cool nip of autumn in the air. It is indeed apple season. While fresh peaches remind me of peach ice cream and fresh peach shortcake with piles of whipped cream, apples make me think of thick-crustured pies and hot spicy crisps.

There are several apple orchards in West Texas where you can pick your own fruit. Additionally, the farmer's markets often have baskets of freshly picked apples, and many grocery stores carry locally grown apples throughout the fall.

Now is the time to stock up on apples for the winter. Apples, when properly stored, can stay fresh for several months. Pick apples that are not bruised or blemished. Place the apples in a plastic bag, seal and store in the vegetable compartment of your refrigerator for several months. Check the bag from time to time for any fruit that has started to deteriorate.

Apples also can be frozen or made into jelly or applesauce for later enjoyment. To freeze apples, wash, peel, core and slice the fruit. To each quart of prepared apples, add 1/2 cup sugar and stir. Pack the apples in freezer containers or bags. (Leave 1/2-inch headroom if you use rigid plastic containers.) Seal the containers and place in the freezer.

Try the following recipes with this year's apple crop:

**APPLE STUFFING**  
2 apples, peeled and diced  
2 onions, chopped  
2 stalks celery, chopped  
10 cups whole wheat bread crumbs  
Pinch of dried thyme or 1/4 teaspoon chopped fresh thyme  
1 egg  
1/2 cup milk

Mix the apples, onions and celery with the bread crumbs and thyme. Beat the egg briefly with a wire whisk in a separate bowl; add the milk. Stir the egg and milk mixture into the bread crumb mixture. Spread the mixture in a greased casserole dish and bake at 325 degrees for 50 to 60 minutes. Serve with turkey, chicken or other fowl.

#### APPLE JELLY WITH HONEY

7 pounds apples  
Juice of 1 lemon  
4 whole cloves  
1 stick cinnamon  
1/4 teaspoon whole allspice  
2-1/2 cups honey  
Wash and quarter the apples.

Place in a large saucepan and cover with water. Add the lemon juice and simmer until the apples are soft. Drain the mixture through a jelly bag. Measure 4 cups of juice into a heavy saucepan or kettle and boil for 5 minutes. Tie the spices in a cheesecloth bag and add to the apple juice with the honey. Boil the mixture for 8 more minutes. Pour the mixture into hot, sterilized jelly jars, leaving 1/4-inch headroom. Adjust the lids and process in a boiling water bath for 5 minutes. Makes four 8-ounce jars.

#### APPLESAUCE

12 apples  
1 cinnamon stick  
Sugar or sweetener to taste (use up to 1 cup of sugar)  
Cut up apples and place in a

large, heavy saucepan. Add about 2 inches of water and cinnamon stick. Cover and cook over medium heat, stirring often to prevent scorching. When apples are soft, remove cinnamon stick from pan and put apples through a food mill or strainer. Add sugar or sweetener to taste. Return the applesauce to the pan and heat just to boiling, stirring often. Pour the hot applesauce into hot, sterilized jars, leaving 1/2-inch headspace. Wipe the rims with a damp cloth and adjust the lids; process in a boiling-water bath for 15 minutes (pints) or 20 minutes (quarts).

## Facts About The **BIBLE** BY JOHN LEHTI

### THE SCENE OF A PARABLE!

ASCENDING FROM THE JORDAN VALLEY TO THE HILL COUNTRY IS A STEEP PASS ADJACENT TO THE "PASS OF THE RED". THIS MARKS THE BOUNDARY BETWEEN JUDAH AND BENJAMIN AND THE SHORTEST AND MOST TRAVELED ROAD FROM JERUSALEM TO JERICO. BECAUSE IT WAS SUCH A MUCH TRAVELED ROUTE FOR CARAVANS IT BECAME, THROUGH THE CENTURIES, A HIGH SPOT FOR ROBBERS AND BRIGANDS TO PLY THEIR NEFARIOUS TRADE! IN FACT, SAINT JEROME ASCRIBED THE ORIGIN OF ITS NAME TO THE BLOOD SO FREQUENTLY SPILLED THERE BY THE HAWKISH THIEVES AS THEY PILFERED THE LOOT FROM THEIR VICTIMS. NO WONDER THAT IT WAS THE SCENE OF JESUS' PARABLE OF THE GOOD SAMARITAN.

## Library Corner

By DARLA BRACKEN

"PUTTING FRIONA ON THE MAP"...is the theme for this year's Maize Days Celebration. Having lived in this small town all of my life I have developed a loving perspective not only for Friona, but for life in a small town. I have always told my kids to always remember that 'your parents and your small hometown people will always love you'.

Hometown folks are always there to sponsor events and to contribute to good causes whether it be new equipment for the hospital, a new fire truck, renovating the Depot or building a new Library. They're always there to love and support you through grief, joy or pain.

And just as hometowns have special places in our hearts, our best homegrown product, our children, have special places also and we wish that more of them could make their adult homes with us also. There's one map that Friona is already on...the hearts of all who've lived there.

Please help me deliver some well-deserved pats on the back to all the people who strive to make not only Maize Days but also other Friona functions run smoothly: Chamber of Commerce, Mayor and City Council Members, various boards, clubs and charities. From working with and having the support of an advisory board, I have

learned firsthand to appreciate their service.

We welcome two new members this month Claire Blanco and Lori Stafford who join Buford Hartwick, Terri Cox, Donna Mears, Deb Hendley, Anita Padilla, Mercedes Williams, Don Kimbrough, Porter Roberts, Bud Rainey, Ann Nichols, and Marie Perkins; retiring board members are Lee Witten and Dana Jameson.

Thanks to these hometown businesses who have helped with our projects: Dairy Queen, Wilhelm Satellite and An Added Touch.

New-on-the-Bookshelf: Without Remorse by Tom Clancy; Vanished (also in large print) by Danielle Steel; Cleopatra Gold by William Caunitz; Shining Ones by David Eddings; Black Opal (Large print also) by Victoria Holt; Guardian by John Saul; Mary, Mary by Ed McBain; A Case of Need by Michael Crichton; Saving Grace by Julie Garwood; Heart of the Wilderness by Janette Oke; Turning This Thing Around by Jimmy Johnson; Government Racquet by Martin Gross.

Memorial donations have been made by: Cass Perkins, Sam Mears, Rex Brackens to WESLEY FOSTER; John Bingham, Charles Myers, Virgil Zemans and Bill Nichols to ANCEL RENNER; Bill Nichols, Cass Perkins, Rex Brackens, D.C. Herrings and Coleman Moseleys to HOWARD LOVE; Albert Cheshers, Bill Nichols, Coleman Moseleys, and D.C. Herrings to RAY CAMPBELL; Kent Pattersons and Ted Proctors to HAROLD JOHNSON; Ted Proctors to PAT YEARY and GLENN PHILLIPS.

Library Materials have been donated by Clyde Fields, Arley Outland, Leonard Coffey, Buford Hartwick, Lois Norwood, Jackie Martin and Donita Martin.

## "Join The Team" Spot the Hazards!

One of the most important fixtures in the conduction of electric current are those familiar utility poles. These sturdy giants hold the wires high above the ground, out of the reach of children and livestock. Once in a great while, however, weather conditions or accidents will dislodge or break one of these poles, causing the wires to sag or break, and resulting in extremely hazardous conditions. Should you come across a damaged or fallen utility pole, contact Deaf Smith Electric Cooperative immediately. Crews will be dispatched at once to correct the situation. If possible, remain on the scene to warn others of the hazard until repair crews arrive. Responsible Electric Accident Control Today is everyone's concern.

# Town Talk

By June Floyd

Call 247-3681 With Your News Items

Monday evening's cold snap may be just what we needed to get our annual Maize Days celebration off to a good start. There's a carnival in town, a parade is being planned along with several other special activities which include the Miss Friona Pageant—didn't we call this the Maize Queen Pageant for a few years?

Maybe the fact that maize hasn't been such a popular crop for a few years was responsible for the change. There was a time when it seemed like we should change the name of our fall celebration to Corn Shuck Days or something similar.

However, as I have driven around Parmer County in the past several weeks, I have noticed that there are many more acres of maize than usual.

Who knows? Floats in the parade may even be decorated with maize heads as most of them were in the past.

At any rate, it is definitely fall and we'll soon be wondering why we ever complained about the hot days we had in August.

Joe A. Osborn of Austin spent the weekend visiting in the home of his mother, Ilene Osborn. He is a long time Austin attorney and a former co-owner of the Friona Star and Plains Publishers.

The following was borrowed from a recent issue of the Amarillo Daily News:

"Jeremy S. Bruns of Muleshoe was named runner-up in the annual International Johann Sebastian Bock Competition at the Kennedy Center for the Performing Arts at Washington, D.C.

The competition featured 26 organists from around the world. Bruns, the son of Jerry and Jenda Bruns of Muleshoe is an organ performance major at Texas Tech University at Lubbock."

Jerry, a former resident of the Lazbuddie Community, attended school here a number of years ago. He's the son of Les and Ruby Bruns, who now live in Muleshoe and the grandson of the late Mr. and Mrs. Fred Bruns.

Jeremy is also the assistant organist at St. John's Methodist Church in Lubbock, where Bobby McMillan, a former pastor of Friona's United Methodist Church,

is pastor. \*\*\*\*\* James W. and Vernell Cunningham were in Amarillo Wednesday, September 8 for a retirement party honoring his brother, Marvin, whom we know as "Buck".

He had been employed by the Texas Department of Public Safety 37 years and 11 months.

Before joining forces with the D.P.S., he assisted in the operation of Cunningham's Laundry, which was located at the corner of Prospect and Highway 60.

At the time of his retirement, Buck had put in more time than any other employee of the Department of Safety in the state.

Roy M. and Ruth Miller are home again. They spent the past two weeks attending family reunions in Missouri and Oklahoma.

Their first stop on this trip was at Weatherford, Oklahoma, where they spent the night with some of their South Texas winter neighbors, Clifford and Leta Bell Harris.

From there the couple drove to Herman, Missouri and spent several days attending a Neher family reunion. The Nehers were Roy's mother's people.

One day several family members visited the former home of Roy's great-grandfather Neher and saw his grave, which was located on the farm.

Enroute to Altus, Oklahoma for a Miller family reunion, Roy and Ruth Stopped at Branson and Silver Dollar City. Ruth reported that one of the highlights of their stay in this area was attending a Ray Stevens show.

Two former Frionans, Jimette McLean of Anchorage, Alaska and one of her sisters, Luellen Wittenbach of Chickasha, Oklahoma met in Friona for a visit with friends during the Labor Day week-end.

These two were guests in the homes of Floyd, Betty and Becky Reeve, Martha Mae Pruett and Mr. and Mrs. J.T. Gee.

The Gee's son, Tom, who lives in San Francisco, California, was also here for the week-end. Other guests in the Gee home on Sunday were Owen and Linda Houston of

Lubbock. \*\*\*\*\*

Randy Weatherley returned home Monday evening after having been gone to Albuquerque almost a week. He left here Tuesday morning of last week and spent several days in the Veteran's Rehab Center, where he had an extensive evaluation.

After being dismissed from the hospital, he spent a few days attending the New Mexico State Fair, which is in progress.

In addition to receiving a good report, he came home with instructions for new exercises designed to strengthen his muscles.

If you missed the letters to the editor of Friday's Amarillo Daily News, you missed a rare opportunity to read the comments of several Panhandle residents, including Allan Haile of Friona, about a proposed television series "NYPD Blue".

Before I read the letters I had no idea what the series had to offer. Afterward I needed to look up the term soft core pornography, but it wasn't in my dictionary. In fact, I hadn't even thought about pornography having different degrees.

However, it was real encouraging for me to learn that a lot of our residents are willing and ready to stand up and be counted when it comes to programs which are morally degrading.

Since then, I've learned that many many people wrote letters of protest to KVII and a large number went to the station one day several weeks ago to register protests.

Those going from Friona were Rhonda Murphree, Patty Haile and Carolyn Wiseman. They saw stacks of letters and were told by the station's program director that all of them were in protest of the proposed program.

I've also learned that KVIA in El Paso, Lubbock's KAMC, Abilene's KTXS and WFAA in Dallas, which is one of the ten largest television stations in the United States are doing the same thing KVII is doing.

Surely someone with authority in ABC Broadcasting will get the message that there are limits of acceptable programming.

Thanks go to each person in the area who registered complaints. I'm very proud of all of you.

I've ceased to be amazed when I'm reading any publication and see the name of a Frionan on it's pages.

The most recent one I've noticed in a nationally circulated magazine was that of Garland Bruce Buske II. He's the son of B. K. and Janet Buske and the grandson of the late Garland Bruce (Pete) Buske and Myrl Buske.

A feature in the September issue of Texas Monthly was entitled, "This is Jeans Country."

Quotes from a large number of Texans including Governor Ann Richards, Speaker of the House Pete Laney and Jim Sholders, one of our best known cowboys, along with a lot of other well known citizens appeared endorsing different kinds of jeans.

Garland's quote read like this: "I wear Bugle Boy and Levi's, but I like Wranglers best because they don't let those sticker burrs stick you."

He's a fifth grade student in the local school. \*\*\*\*\*

Eunice Jeffers of Aurora, Colorado, is in Friona this week.

She's the daughter of Hazel Weir, who recently moved from 204 East 11th to Prairie Acres.

Sis, as she's better known locally, came down to close her mother's house and dispose of possessions which Hazel will not be needing any more.

Eufaula Ethridge, who had surgery at High Plains Baptist Hospital in Amarillo a couple of weeks or so ago, has returned to Friona and is a patient at Parmer County Community Hospital.

Ruth Stevick is a surgical patient at High Plains Baptist but expects to be home by the end of the week.

She had knee surgery early Monday morning and is making satisfactory progress. Her oldest daughter, Janet LaFrance of Abilene came up for the surgery.

Two Dimmitt residents, Hazel Waggoner and Millicent Davis, were visitors in the Floyd home Tuesday afternoon. These ladies and I were high school friends a long long time ago and have kept in touch since we graduated from Dimmitt High School in 1932.

Birthdays were responsible for a fun trip to the Abilene area by Hannah Lookingbill and Martha Hamilton last week.

Martha was a guest in the home of her brother and sister-in-law, Don and Lucille Blessingame, who live in Colorado City. Martha and Lucille were both observing birthdays.

Hannah visited an aunt, Ora Warren of Abilene, who was also observing a birthday.

A trip to the Christian Retreat Center, "New Beginnings," opened the club year for Black Study Club on Thursday, September 2.

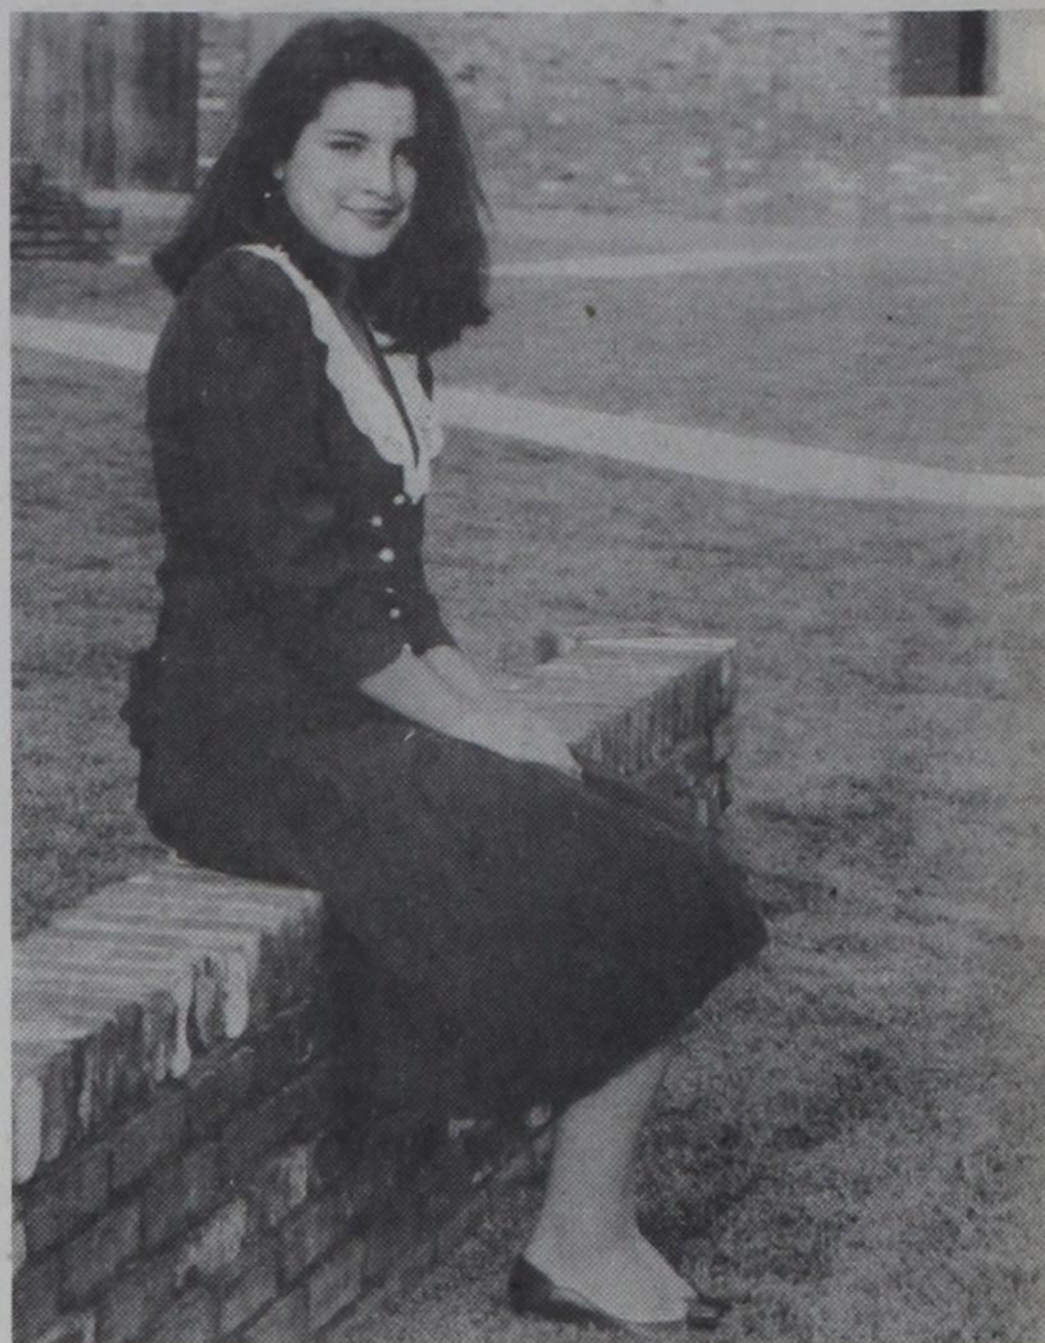

Club members met at the home of Martha Hamilton then drove together to the retreat, which is located between Channing and Dumas.

The ladies were given a guided tour of the facilities before having lunch in the very attractive vaulted ceilinged dining room.

After lunch they saw the five islands and posed for pictures on the unique connecting bridges. They toured the picnic and recreational facilities, which included miniature train tracks.

They also had a conducted tour of the beautiful chapel and heard some of the history of the retreat.

Those making the trip were Mildred Welch, Martha Hamilton, Lucille Rockey, Carrie Tatum, Ruby Stone, Ibbey Lewellen, Hannah Lookingbill and Ann Carthel.

LISA MARTINEZ, 17-year-old daughter of Javier Martinez and the late Lucy Martinez, is a senior student at Friona High School. She will perform a "Spanish Sonnet" in the talent portion of the Miss Friona Pageant. Her sponsor is D.L.'s Thriftway.

LA TAWN WHITE, 16-year-old daughter of Troy and Veca White, is a junior student at Friona High School and is being sponsored in the Miss Friona Pageant by Friona Motors. She will sign "For All the World," with tape accompaniment, in the talent portion of the competition.

ART PROGRAM--Local artists Carol Ellis and Bobby Weid presented a program for residents and guests at Prairie Acres Home last Saturday afternoon. They showed some of their art work and told a little bit about their paintings. Weid will also have art work on display at Prairie Acres during the Open House this Sunday afternoon from three to four p.m.

## YOUR EYES

### Strabismus

The dictionary definition of strabismus is "a disorder of the muscles of the eyes in which both eyes cannot be focused on the same point at the same time." The more common name is "crossed eyes."

Most often it's a parent or grandparent who first notices that a child's eye is turning in or out, usually before the child is six years old. That's a signal to see your eye doctor right away.

Because the condition is rarely outgrown, treatment should start as soon as possible. If strabismus is left uncorrected, the child—in order to avoid seeing double images—will suppress vision in the weaker eye. In time, the brain learns to disregard that image and the eye is largely unused. But if treatment is started in early childhood, correction is usually permanent and the eye will no longer wander off.

One method of treatment is visual training, teaching the child to coordinate the eye muscles. Glasses may be used to enhance results. Surgery is only a last resort if other methods of treatment fail.

## Rural Fire Payments....

(Continued from Page 1)  
During the commissioners' meeting, Mayor Clarence Monroe was asked how much money the city needed per year to make their situation workable. His answer was "between \$26,000 and \$36,000."

Using the averages for the past three years, the motion passed by the commissioners should create approximately \$19,000 per year for Friona, \$12,800 for Bovina, and \$8,700 for Lazbuddie.

Since the estimated \$19,000 per year for Friona was still considerably below the city's required estimate, Commissioner Johnny Mars offered to find an additional \$5,000 from his precinct fund.

The head-on confrontation between the City of Friona and Parmer County was brought about after the city had approached the county with a contract asking the commissioners to adopt by October 1, or else the Friona Fire Department would be forced to stop making rural fire calls.

Commissioners stated that they had a problem with liability implied in the contract. Mrs. Wilson said the contract shouldn't put liability on the county, as the City of Friona had all of the

equipment insured, plus worker's comp on the firemen.

Rector asked the court if the court was legally-bound to provide fire protection for its rural residents.

County Attorney Charles Aycock said that as far as he could find, the county was not obligated. "A county MAY provide fire protection for its residents, but it is not legally bound to do so," Aycock said.

However, County Judge Bonnie Clayton stated that although not legally bound to provide such protection, she felt strongly that the county was MORALLY obligated to do so.

During the meeting, Monroe pointed out that 47 per cent of the county's tax base is located within the Friona School District, and it was the feeling that the Friona area was not getting its money's worth in services back from the county.

Commissioner White of Farwell said that the Farwell Fire Department responded to a lot of fires in Bailey County. It was mentioned that the Farwell Fire Dept. might seek reimbursement for these from Bailey County.
