#### PROGRESS STILL MARCHES ON

Anything that stands still becomes stagnant, atrophies, petrifies, becomes totally paralyzed, finally vanishes.

The latest modern addition at the Times office is a machine that addresses your papers, not only in a clear, easily-read type, but with your expiration dates, also.

So, when in doubt as to when your subscription expires, just glance at the figures after your name-they tell the story.

This is just another reminder that the Times is on the job, boosting this section and giving you a readable paper. With the installation of this and other labor-saving equipment, we'll have more time in which to do a better job of both.

## Presbyterians to Present Program Sunday 5:30 P. M. to Robert H. Gordon, S1/2 of survey 45, block D-6, MK&TE Ry.

# FORD

# advances into 1937 with the LOWEST PRICE IN YEARS

# and new operating economy

THE ADDITION of a new 60-horsepower engine to the Ford line for 1937 brings you a new, low price and gives you a choice of two V-type 8-cylinder engines, 85 horsepower for maximum performance. 60 horsepower for maximum economy.

The 60-horsepower V-8 engine was originally developed for use in England and France, where fuel costs are high. It has been proven there for two years with brilliant success. Now, brought to America, it

creates an entirely new standard of modern motoring economy!

The "60" engine, available in five body types, is built in exactly the same body size and wheelbase — to the same advanced design - with the same comfort and convenience as the "85." And it delivers V-8 smoothness at speeds up to 70 miles an hour.

Two engine sizes—but only one car and one purpose-to give you more miles and more satisfaction for your money in 1937.

## Santa Goes Modern on the Thirtieth Christmass

A design showing the twinkling, jolly old face of Santa Claus, p symbol of Christmas, was submitted by Walter I. Sasse of Brooklyn York, and was chosen for the 1936 Christmas Seal and for the posters appearing throughout the country. The modern treatment is Mant red. green, and yellow makes this thirtieth Christmas Seal fairly "Good Health and Holiday Greetings!"

MR WALTER I. SASSE of Brooklyn, New York, submitted his first Christmas Seal sketch in 1929 ne was still a student at Pratt tute He has been eager to see a wholly new type of Christmas Seal. one that introduces a feeling of modern art and is at the same time decorative and colorful. The Advisory Committee of the National Tuberculosis Association composed of five members representing the 1981 state and local affiliated tuberculosis asso-

ciations throughout the unanimously chose this de Santa Claus treated in the cartoon manner. They const especially appropriate for the tieth Christmas Seal since the tional campaign to fight tuber urges the use of modern we

## Have Speed Tests Of Rankin Joust **By Kermit Quint**

The Sanderson Eagles were defeated by Kermit at the Rankin tournament last Friday. The defeat will probably prove beneficial to the Eagles. Kermit, thru some long shots, managed to nose out our boys and trim the wings of the Eagles by a lone marker-15 to 14. In the last quarter with the score 15 to 14, and about 30 seconds to play, Lea sunk a long shot, but the referee ruled he was traveling. All in all, no one will be able to say our boys didn't put

Weigand, Eagle center, was high point man in this game. All his points were scored by crib shots and free throws. It was his second game and he made an excellent showing. Bogusch was second in point

scoring for Sanderson. However, Jack was handicapped by a bad ankle sustained earlier in the season. He played offensive forward and defensive center. Fierro, forward, was first to

ring up a point for the Eagles. He Lea, guard, accounted for sev-

does very well in bringing the ball in an offense and is good as Appel, who also plays guard, caused Kermit to fumble several
