which there are no detailed figures available at this time. Local Business Good

The local office of the Comduring the Christmas munity Public Service Company s were far above any in reports that their business shows a nice increase over the past year scale, as evidenced by the Christmas business of the comthey had a year ago, and that the pany was the best it has experienced here in many years.

Local automobile agencies, too have come in for their share of prosperous conditions that better business conditions during during the year just 1936. The sales of cars, both new and used, was far ahead of sales in 1935, and in some instances a greater volume of sales would have resulted if they had the cars on hand. This encouraging fact proves that Sanderson folks are in good financial condition, and are keeping up with the trend in modern transportation.

Another sign that good times has turned the corner it that the local O. K. theatre is now showing five nights a week. During 1935 there were shows on but three nights a week. A sure sign of good times is when people seek entertainment, and the fact that the theatre is enjoyed a healthful patronage every one of the five night is proof that times, in Sanderson and Terrell county is de-
