PRESIDENT PREDICTS GOOD YEAR

T. Baker Association Head Sees 1938 One of Most Prosperous for Ranchers

T. Baker, newly-elected president of the Texas Sheep and Raisers' Association, and a ranchman of Pecos Co., reviewing conditions of the stock industry, predicts that will be one of the most prosperous that modern ranching has in several years.

According to Mr. Baker, the dominating influence on the stock industry's well-being is all "Moisture that we have had during the past weeks assure us feed for lambing spring. We have the best prospects for good spring forage 1920. In the winter preceding spring the snows and the gave ranchmen a wonder-ful season, and I believe we are up for another such year.

Statistically, wool supplies are and there is little reason why and sheep in 1938 should bring fair to good prices. I do look for 1938 wool prices such the peak of 1937, but it is reasonable to assume that prevailing prices will change the better, which will, obviously, enhance the value of "

Baker predicts that the work of the Texas Sheep & Raisers' Association would be in 1938 with the continuing support of the directors, the members, warehousemen and the stock. "I am deeply grateful to predecessors in office for the Association in such excellent condition. They have a really fine job in educating the people to the worth of organization, and because of realization, I felt that even cooperation in the collection of due and in the conduct of association affairs will be evident in 1938.

I am going to continue the prosecution of the sheep thieves. I consider this of the most important phases of activity and undoubtedly work is getting real results. The Association will cooperate every possible way with the National Wool Growers Association. We are looking forward to gaining this organization in 1938. I urge every ranchman who can attend the National Wool Growers convention at Lake City, Jan. 26-28."

on the China Clipper, where the pictures were first exhibited to officials at Washington to establish the facts of the attack, which caused the death of several persons aboard the Panay.

The film, heralded as "the picture that could cause a war," portrays, vividly, every important incident connected with the attack; scenes of the crew abandoning ship under peril of machine gun fire; American refugees signaling desperately for aid; convoy ships rushing to their rescue; identification of the dead, and rounding up the wandering wounded.

The feature is 3,000 feet in length, and shows for about 30 minutes. The right to show these exclusive scenes were secured by the O. K. Theatres at an expenditure exceeding that paid for any feature in recent years.

UNDERGOES OPERATION

Mr. and Mrs. Frank Robertson and daughters motored to San Antonio last Friday where, on Sunday Mrs. Robertson underwent an operation. Mr. Robertson returned home Sunday night, and reported that she was doing nicely and would be able to return home in about two weeks.

SELLS NEW CARS

Last Friday the McKnight Motor Company of this place delivered to Keith Mitchell a 1938 Chevrolet pickup. On Tuesday of this week the company delivered a 1 1/2 ton truck to B. H. Gifford, local Texaco agent.

Five Arrested Here Admit Theft of Car in Mississippi, and Other Property

Five men were placed under arrest here last Thursday. They drove into town about noon that day, hunted by the local radio man, Harry Davis, and propositioned him to install a radio in the Chevrolet car they were driving. The men had two complete radios, and stated they wanted one installed, and as payment for his services Davis was to receive the parts remaining from the two after installation.

They also had a Winchester rifle which it is alleged, they sold to one of our citizens.

After getting "all set," the men started to leave town with much unnecessary horn blowing. Jim Nasse, deputy sheriff, becoming suspicious headed them off on the outskirts of town, asked to see the papers for the ownership of the car. They were unable to produce them. Further questioning elicited contradicting stories, and finally they admitted that the car had been stolen in Meridian, Miss., and that in Del Rio they had stolen the radios and Winchester rifle.

The quintet were lodged in jail here and Sheriff Steinmetz at Del Rio was notified, who arrived Friday morning and took the men in custody. Department of Justice men in San Antonio were notified about the car, and will come and get it later.

The men gave their names as Hoyt Sanford, Julian Johnson, Roger Frazier, Melvin Maddox, and Arthur Tuck, addresses unknown.

Hal Rowlett is Candidate; Asks Election as Sheriff

The first entry in the political arena in Terrell county is Hal J. Rowlett who, this week, authorized the Times to announce his candidacy for the office of sheriff, tax assessor-collector of Terrell county, subject to the will of the Democrats in the July primary.

Mr. Rowlett desired to make the simple announcement, presenting his name. However, a word of introduction will not be amiss. Hal is a purebred Texan, his forefathers having resided in the state since the early 1830's.

Mr. Rowlett has made Sanderson his home for over 11 years, at one time engaged in ranching on the Rio Grande. Prior to that he was in the service of both the Federal and State governments. At one time he was with the Texas Livestock Sanitary Department.

By training and experience Mr. Rowlett is thoroughly qualified to assume the duties of the office to which he aspires. "If elected," he stated, "I promise to devote all my time and energies to duties of the office. I intend to make a personal campaign, among the voters, and will certainly appreciate the vote and influence of the people of this county."

Car Stolen From Terrell Co. Ranch Left in Valentine

Last Thursday, shortly after the noon hour, the Ford sedan belonging to Tom Holmes was stolen from his garage at his ranch, four miles west of Dryden.

Returning from Dryden where he had ridden horseback, Tom discovered that the car was missing. As the ranch home is just off the highway, it is presumed that it was taken by hitchhikers.

On Friday morning a car was discovered in the city junk pile on the edge of Valentine by Vick Newton of that place. Returning to Valentine he notified the officers, who went after the car. It had just enough gasoline to make the trip back to Valentine. In the interim the alarm had gone from this place, to officers along the different routes to be on the lookout for Holmes' car. The Valentine officials notified the authorities here, and Mr. Holmes went to Valentine, identified the car as belonging to him, and drove it back here Sunday, none the worse for its trip and desertion. The distance driven by the party or parties who "borrowed" the car was approximately 163 miles.

Investigation by Mr. Holmes revealed that the only items missing were the driver's license which had been attached to the tube of the steering wheel, and a new inner tube that was in the car.

Column Right

"These government setups," remarked one man, "is going to do at least one thing—make expert bookkeepers out of most of us." Maybe so. But we hope they'll keep better books than does the government. Take the post office department. Mr. Farley admits a deficit in 1937 of several million dollars. How come? Practically every post office in the country, reported an increase in receipts last year. They don't do a credit business—it's cash on the barrel-head. If you don't believe ask Clyde for a post card and tell him to charge it. The army, navy, marine and aviation corps will be on your trail pronto.

Hitchhikers pilfered the Tom Holmes car from his ranch the other evening. When daylight came they discovered it was a Ford, so drove it to the Valentine trash pile and left it.

Paul Lowry of El Paso a perennial candidate for office, is out for county clerk to succeed the late Capt. Greet. Paul's son, Pat, kicked a field goal this season to beat Abilene high, so Paul ought to have a walkover.

Melbourne politician leaves his head to science. We'd give a pretty to see the inside of dome.

In Del Rio this week two were given pen terms for "intent" to murder. Justice isn't blind, she's cockeyed. The man who murders often goes free, while the fellow who had intentions only gets it in the neck. Maybe they penalize him for failure. The man who steals millions seldom is punished, but the man who snatches a loaf of bread for a starving family is lucky if he doesn't hang.

Run into a prize Latin scholar the other day. Talking about the passing of several old-timers during the holidays, he wound up with what we consider a classic. Said he, "That's life. Reminds me of that popular Latin phrase 'sic transit gloria mundi'—we're here today and gone tomorrow. We agreed with his philosophy, but not with his translation.

Actress Barbara Stanwyck, divorced from her husband, complains she's mortally afraid of the man, who she says, prays at the least provocation. All our life we've been scared to death of folks who pray one minute and cuss the next.

The Japs may be guided by a so-called "Son of Heaven," but they're giving the poor Chinks nothing but hell!

Mayor Hague of New Jersey is proving poison for the C. I. O. Their agitators are barred from the city. He even refuses to let them hire a hall. Mr. Beetle-brow Lewis and his cohorts are shouting "Dictator," and claim his orders violate the Constitution. Those familiar with C. I. O. tactics will get a horse-laugh out of that.

Headline states: "Proper use of Cosmetics Being Taught in High School." Pretty soon the kids will get everything in the world in high school except an education.

How's your New Year resolutions holding out? One or two we made must have been cracked when we made them!

A Regular Old Timer: "When did you come to Terrell county?" we asked a resident the other day. "Well, sir, when I arrived the moon was just the size of a tennis ball, and there weren't any stars at all!"

"Damsel in Distress" Has Three Star Funsters, Astaire, Geo. Burns, G. Allen

Sparkling with catchy Gershwin tunes with one of the P. G. Wodehouse's most hilarious stories of English social life, as its basis, RKO Radio's new "Damsel in Distress" will be the feature at the Princess Theatre tonight and Saturday, Jan. 14 and 15.

Joan Fontaine has the title role and Reginald Gardner, Ray Noble, Constance Collier, Montagu Love, Harry Watson and other celebrities head the cast, of this musical romance dealing with the fantastic love affair between an American dancer and a titled British girl.

Astaire is the dancer, a bashful and retiring man who has been given a great buildup in the London papers as a "heart breaker" through the efforts of his publicity agents, Burns and Allen, and who is heartily sick of the whole thing. Miss Fontaine is the girl who is trying to avoid a distasteful marriage, while her servants at Totleigh Castle are violently divided on the question of whom she should marry.

The two principal meet in a London cab, and then, thanks to a page-boy who has his own ideas about romance, are brought together again at the Castle. By this time Astaire has been led to believe Miss Fontaine is secretly in love with him, and the story immediately spreads.

Burns and Allen devote their efforts toward getting Astaire out of the entanglement and back on the stage, while Montagu Love, as Miss Fontaine's indulgent father, secretly backs Astaire's prospects. Constance Collier, as Miss Fontaine's imperious aunt, does her best to push Ray Noble forward as the prospective bridegroom, while the two factions among the servants, headed by the page boy Harry Watson, and the butler, Reginald Gardner, strive valiantly for their respective candidates and manage to tangle matters in hilarious fashion.

Through it all Astaire weaves a dizzy course, singing seven of the eight song numbers, and performing five new dance routines that are said to be the most spectacular of his career.

A London hotel and street settings, a country cottage and a village during Fair Week afford many unique backgrounds to the story. The most important however, is the huge 300-year-old castle, which was reproduced complete, to a moat and garden.

'Vogues of 1938' in Technicolor, Is Musical Forecast

Something breath-takingly new in screen entertainment comes to the Princess Theatre next Wednesday and Thursday, January 19 and 20, when Walter Wanger's "Vogues of 1938" will be shown.

In preparation for several months and representing a staggering investment, the film offers a preview of next year's vogues in fashions, fun, girls, dances and Technicolor.

This gay musical stars Warner Baxter and Joan Bennett at the head of an imposing cast, which includes Helen Vinson, Mischa Auer, Alan Mowbray, Jerome Cowan, Marjorie Gateson, Dorothy McNulty, Alma Kruger, Polly Rowles and the Walter Wanger Models, "the most photographed girls in the world— noted for rare beauty and shapeliness.

The story, a merry, made, original by Samuel and Bella Spewack, authors of "Boy Meets Girl," revolves around a he-man courtier (Baxter), hereditary head of the fashionable "House of Curson," and a beautiful New York socialite, Miss Bennett, who jilts a multi-millionaire on her wedding day to become a mannequin.

Contributing to the plot are the stage-struck wife of Baxter, Helen Vinson, her angel-hunting manager (Jerome Cowan), the jilted millionaire (Alan Mowbray), who tries to put Baxter out of business, an impetuous Russian prince, (Mischa Auer) backed by Baxter's enemies in a rival fashion house, and many other fascinating characters in Manhattan's passing parade.

Pupils' Program Features January P.-T. A. Meeting

The program for the January meeting of the Parent-Teacher Association, held Thursday, Jan. 6th, was presented by the children of the grammar school and high school.

"The Child and His School" was the theme of the program. Margaret Jane Higgins was the leader of the program which opened with "Our Lord's Prayer" led by Billy Savage.

David Duke, who was in charge of the musical part of the program, led the assembly in singing "Home on the Range" and "The Eyes of Texas."

The third grade room, under the direction of Miss Johnson, presented two playlets, "Three Little Kittens," and "School Day Fever." Taking part in the playlets were Doris Lee Cook, Doris McSparran, Earline Cox, Marie Morris, Clyde Griffith, Betty Jo Kerr, and Mary Alice Allen. The remainder of the class sang the song, "School Days."

In keeping with the theme of the program, Wesley Lochausen gave a short discussion on "What School Should Mean to Children."

To conclude the program Bernice Harris gave a reading, which was followed by a piano solo by Margaret Ann Gregory.

The fourth grade room again won the attendance ward, as was announced by Billy Jo Corder.

Wit and Beauty, Melody, Romance In This Musical

Mary Livingstone, plus her delirious laugh, and Fibber McGee and Molly, those inimitable funsters of radio fame, make an auspicious screen debut in one of the biggest laugh getters ever to come out of the Paramount studios, in the musical comedy-romance "This Way Please," which will be shown at the Princess for one night only, Monday, Jan. 17.

In addition to the three top-notch radio humorists, the comedy brings to the screen Charles "Buddy" Rogers, as the heart-breaking band leader, the vivacious blonde, Betty Gable, who cannot resist his allure, that perpetually sour-pussed comedian, Ned Sparks, in the role of a phoney idea press agent, and Lee Bowman, who made such an impression in "I Met Him in Paris," and other pictures, as the enterprising theatre manager. Other noted comedians, and a chorus of beautiful girls complete the well-balanced cast.

"Charles "Buddy" Rogers, so the story goes, is ripe for romance

wholesome brand of fun. Mary Livingstone, as the head usherette is in love with the press agent, Fibber McGee and Molly enter the show as a couple of trailer tourists who traveled hundreds of miles to hear Rogers. SPORTSMANSHIP AT THE BASKETBALL GAMES

Te loud, disrespectful boo-oo usually heard at any kind of athletic event is not some dairyman's pet bull, but some student who thinks his team has been mistreated.

When some visiting town has made a very good play it usually is greeted with a loud rasping boo instead of the deserved cheer.

Those who have participated in any sort of athletics knows how it feels to be booed.

Sanderson is to have many athletic events for the rest of this winter and spring. So, let's show the members of the different visiting teams that we practice good sportsmanship in Sanderson.

SENIOR BIOGRAPHIES

Prince Dishman, president of the senior class, first saw the light of day at Palestine, Texas, on June 7, 1919. His hobby is fishing.

The vice president of the senior class is Bertha Mae O'Bryant. She appeared on the scene at Del Rio, Texas, March 16, 1921. This little girl is very fond of going to Alpine.

Albert Weigand, one of Sanderson's best basketball players, was born January 18, 1921, in Tucson, Arizona. He likes to play basketball and to study solid geometry.

ASSEMBLY

"Education," it is said, "gives one the ability to think." The debate club was tested in that phase Tuesday morning, when a mathematical test was given them by the Math Club.

Bert Herbert won the prize for getting the most correct answers in the contest—a box of correspondence cards. Troy Druse won second prize.

Members of the debate club are Elizabeth Brown, Troy Druse, Mary Beth Banner, Bert Herbert.

SNOOPER

SEES NOTHING HEARS NOTHING TELLS ALL

Albert Weigand and Marjorie Canon won the prize at the scavenger hunt the other night.

Bobbie Allen is always bothering Elizabeth in the sixth period study hall. Be careful, Bobbie, some blondes are dangerous.

We, the other editors, cordially invite Prince Dishman to attend the newspaper work on Monday at four o'clock.

P. S.—We'll have refreshments if you'll bring them.

You can still see written on the blackboards advertisements for the different candidates for band sweetheart. Old stuff!

Have you heard? Why doesn't the man in the moon get married? He only makes a quarter a week, and it takes a whole month for him to make a dollar!

I met her in the garden; The night was still as death. I knew she knew her onions 'Cause she had them on her breath.

You didn't know we had a wonderful poet in high school? Neither did I, but there is Prince Dishman's masterpiece.

Mary Bess—Can you drive with one hand?

Bert—You bet! Mary Bess—Well, here, have an apple.

Eagles Drop Heart-Breaking Cage Tilt Tilt to Owls of Big Lake, Score 25-26

Tuesday night the Eagles of Sanderson high school lost a heart-breaker to Big Lake. Having a good lead over the Owls throughout most of the game, the visitors came back strong in the fourth quarter, evened the score by overcoming a ten-point lead by the Eagles.

The first quarter ended with the count knotted, 4 to 4. In the second period, the Eagles pushed out in front with a lead of five points, but the Owls, with a series of miraculous shots, came through in the closing minutes of the quarter and the first half found both teams on equal terms, the score being 10 to 10.

In the third quarter, the Eagle attack, led by Fierro and Weigand, began to click. They looped one basket after another, and the quarter ended with Sanderson leading by what everyone considered a safe margin, 22-12.

Owls Win in Final Spurt In the last quarter the rangy forwards of the Owl quint swung into action and began slinging them from every corner of the court, and from seemingly impos-

sible angles, and it looked as if they'd never miss. Nearing the close of the game Sanderson was still out in front, with a slim margin of three points—23-20. Weigand got pair of free throws that scored two more, and ended the Eagles' scoring for the evening.

The Owls, however, refused to call it a day, and proceeded to loop two field goals and a pair of free throws, to bring their total to 26, and winning one of the season's thrillers by a lone point.

Receipts from the game totaled \$22.65.

Box score table for Sanderson vs Big Lake. Columns: Team, fg, ft, Tl, pts. Sanderson totals: 11 3 25. Big Lake totals: 12 2 26.

Eagles Eliminated By Alpine Quint

Sanderson's lineup was as follows: Litton and Weigand, forwards; Lewellen and Lito, guards, and Druse center.

The final score was Alpine 20, Sanderson 17. The Eagles scores were distributed as follows: Druse 4, Litton 4, Weigand 2, Lewellen 2, and Fierro 5.

Brain Teasers

FROM MATH CLUB

Well, folks, here are some more brain teasers—I mean teasers.

Bobo, the hobo, found by experience that from six snipes he could make one good cigarette. One fine sunny day he found 36 snipes. Now how many cigarettes could Bobo the hobo, make? If I retire at 10:30 and I set my electric alarm clock to ring at 6:30, so I can get up and get my English before school starts, and in doing so I accidentally stop the clock. In restarting it the darn thing starts running backward. When will it ring?

Last Week's Answers I had \$5 and 5 cents. You had \$10 and 10 cents.

Mr. C. was out the dollar because he had to pay another dollar and fifty to get the two dollars out of the pawn shop.

SPANISH CLASSES PRESENT ASSEMBLY PROGRAM PLAY

First and second year Spanish classes presented a short play in Assembly, entitled "Hay Paz?" The story was of a man who couldn't find peace, so he went to the park where he was interrupted several times by the vendors.

The second year class took the parts of the vendors, while the first year class contributed songs. The last part of the program consisted of a dance, "La Cucaracha," in which Mary Beth Banner and Harry Lewellen were partners. They were accompanied by Margaret Gregory at the piano.

Perhaps the most important event will be the Brewster-Terrell County meet in Sanderson on March 18. Practically every student will take part in this meet.

In athletics there will be basketball, volleyball, track, playground baseball, tennis matches, and spring football practice.
