Mary Lois Holmes And Frank Clark Married Last Week

The marriage of Mary Lois Holmes to Frank Clark was solemnized Friday afternoon at two o'clock in the Presbyterian church at Denton. In the presence of a few relatives and friends Dr. Will F. Galbraith read the double ring ceremony which united the couple.

Vows were taken before an altar decorated with ferns, palms, and calla lilies, with cascades of yellow gladioluses on each side. Tall white candles in white candelabra gave off a soft glow that lighted the church.

Pre-nuptial music was played by Mrs. W. T. Evers at the pipe organ, and included "Adante in F," "Cantilene Nuptiale," and "Spring Song." "Oh Promise Me" was played during the ceremony.

The bride and attendant, her sister, Miss Helen Whitten, of New Orleans, entered to the strains of "The Bridal Chorus" from Lohengrin. The bride chose an afternoon ensemble of gray, with printed jacket for her wedding dress and her corsage was of pink rosebuds and lilies of the valley. Miss Whitten was attired in maroon chiffon velvet, with gardenias.

The bridegroom and his best man, Ray Clark, a student at A. & M. College, waited for the couple at the altar and at the conclusion of the ceremony the wedding party left to "Mendelssohn's Wedding March."

Mr. and Mrs. Clark were honored immediately afterward at a reception given in Marquis Hall at Teachers College. White snapdragons and sweetpeas decorated the tea table from which about forty guests were served.

Famous Names Stud the Cast of Bing Crosby Film

As impressive a cast as you will see in many a moon of movies has been assembled by Paramount for its new comedy with music, "Double or Nothing," to be shown at the Princess Theatre next Wednesday and Thursday, Feb. 16 and 17.

With Bing Crosby and Martha Raye in the star positions, the cast includes Andy Devine, Mary Carlisle, William Frawley, Fay Holden, and others; it also has specialty bits from that famous comedy team, the Calgary Bros., the noted eccentric dancing team of Amos and Arno, Alphonse Berg, Tex Morrissy, Ed Rickard and Frances Faye.

In addition there is an aggregation of 75 beautiful girls and handsome young men known as the "Sing Band." This group uses no instruments yet "plays" popular music by imitating the various instruments of an orchestra so closely it is impossible for the human ear to tell the difference.

"Double or Nothing," which is a gay and irresponsible story of four persons vieing with a crooked lawyer to get a million dollar legacy, is the first film in which Miss Rays plays a star role away from Bob Burns. Bing, of course sing several popular songs.

Know Texas

Wisely changing sentiment now allows the staggering figures on venereal diseases to be published, and along with other states in the union, Texas is getting its eyes opened to the need for a concentrated fight against this danger.

Not only do gonorrhea and syphilis disable more than a half million in the United States each year, but in Texas alone there are around 50,000 victims annually, according to figures supplied by Geo. W. Cox, the state health officer, in the January issue of the "Texas Planning Bulletin."

Ranking with cancer, tuberculosis and pneumonia as one of the four greatest killing diseases, the cases are a hundred times more numerous than infantile paralysis.

Three thousand miles of large irrigation canals are located in the Lower Rio Grande Valley, a section of four counties which covers about 3,000 square miles. Tabulations in the Mission Times show that 700,000 acre feet of water, meaning enough to cover 700,000 acres with one foot of water, are pumped annually from the Rio Grande for irrigation purposes. The cost of this irrigation is from \$1 to \$10 per acre, depending on the amount used.

Gary Cooper Given Starring Role in First True Story—"Souls At Sea."

Pictures most famous soldier of fortune, stalwart Gary Cooper, comes to the screen again as an adventurer in what has been called the most powerful role of his career in "Souls at Sea," the epic of the sea, which comes to the Princess Theatre today and Saturday, Feb. 11 and 12.

Cooper plays the hero of a true story for the first time in this film. He re-enacts the role played in real life by "Nuggin" Taylor a sea captain in the 40s, whose famous trial for manslaughter on the high sea is one of the ocean's most amazing and thrilling stories. He is supported by George Raft, Frances Dee, Henry Wilcoxon, Harry Carey and other noted feature players.

Cooper's prototype, "Nuggin," was a passenger aboard the brig "William Brown" when that ship made her last voyage from Liverpool to New York. Among the passengers was his sweetheart, played by Miss Dee, and his constant companion, George Raft. In mid-Atlantic the vessel caught fire under the most mysterious of circumstances. Her master, played by Harry Carey, was killed and because of his rank "Nuggin" assumed command. Despite efforts of the ship's company to stem the fire it soon became apparent that the vessel was lost, and that the entire company must take to the two small boats that were wholly unable to handle the large number of survivors.

"Nuggin" summoned the crew and passengers before him and made them tell him why they thought they should be saved. In this way he assigned most of the list to the ocean's bottom and a select few, including himself and his sweetheart, to the precarious "safety" of the small boats. He saved himself and later testified, because he was the only man left who knew how to navigate a boat and the safety of the survivors depended upon him.

Despite this his sweetheart also turns against him—mainly because he had consigned her brother, a renegade British officer, mixed up in the slave trade, to the bottom. But "Nuggin" was not convicted by the court who tried him later. The reason why makes "Souls at Sea" just as amazing as the true story from which it was taken.
