One of the largest cattle deals of the year was made this week when R. H. Muir of Amarillo sold for the West Cattle Co., of Long-fellow and Van Horn, its crop of steer and heifer yearlings to the Shannon Livestock Co. of Omaha Neb., and the Goodson Livestock Company, Oklahoma. There are 5,500 head of cattle and delivery is to be made from April 25 to May 15. The price was not announced. This is said to be one of the best strings of cattle in West Texas. Buck Pyle is the junior member of the West Cattle Co. and is the manager of the ranch. R. H. Muir, Sr., who made the deal, is a veteran ranch and commission dealer of the Amarillo country and is well known thru this section.—San Angelo Morning Times.

Speaker of House Visits in Interest Of His Candidacy

Robert Calvert of Hill County, candidate for attorney-general, was a visitor in Sanderson Wednesday in the interest of his candidacy. Mr. Calvert is the present speaker in the House of Representatives. He was reared in the orphans' home at Corsicana, worked his way to the high state he now occupies, and looks thoroughly competent to handle the duties of the office he seeks. His platform is short, sensible, and devoid of any wild promises.

Many Housewives Attend Interesting Demonstration

About one hundred or more interesting housewives gathered at the Princess Theatre Wednesday afternoon and viewed a four-reel film demonstrating preparation of many appetizing dishes, and emphasizing the importance of their preservation by proper cooling methods. The picture stressed the use of ice in refrigerators that have modern features. The "Coolerator" sold by the Community Public Service Co., was highly recommended. This refrigerator features, 1) Balanced humidity, 2) One-way circulation of air, 3) Washed air, 4) Constant cold. The film interestingly proved these features.

All who attended were given numbered tickets, with correspondingly numbered stubs and prizes were awarded to holders of numbers drawn. Prizes were won by the following:

Case of Coca Cola, (by City Drug), Mrs. R. A. Hurst.

One dozen doughnuts, (Sanderson Bakery), Mrs. Willie Banner.

Local Pastor To Oklahoma to Hold Revival Meeting

Mrs. Joe Nichols and daughter, Miss Beatrice, returned Sunday from Del Rio, where Mrs. Nichols had a tonsil operation performed on Thursday.

Longhorns Drop Opening Game To Artillery Men

The Sanderson Longhorns lost the season's curtain-raiser to the Cannonaders of the 77th F. A. from Marfa last Sunday, when the soldier boys presented them with a goose-egg, while they piled up thirteen runs themselves. Newton, local twirler, did a nice job for about four stanzas, and it looked like the customers were going to see a ball game.

The Longhorns showed a lack of team work in Sunday's melee, but this can be ironed out as the season progresses. The making of a good team is there, and, with a little more seasoning and encouragement from the fans, we should see several good ball games in Sanderson this summer.

Local Scouters Enjoy Outing At Comanche Springs

Twenty one local Boy Scouts made the trip to Comanche Springs last Saturday. This was the third annual trip made to Comanche Springs and it was necessary that each scout should make the trip.

The day was devoted to play and scout work, baseball, football swimming and cooking.

After the swim the boys cooked their dinner on the fire places near the Fort Stockton scout home. Many scouts passed their swimming and cooking tests.

Transportation was furnished by Messrs. D. E. Smith, J. A. O'Connor and E. W. Hardgrave.

Surviving are one son, J. W. Wilson, El Centro; a daughter, Mrs. Sam Sutton of Brawley, Calif.; five sisters: Mrs. Corder, Mrs. Nettie Roeck of Menard, Mrs. Jerry Monroe of Sheffield, Mrs. Howell Petmecky and Mrs. Wade Stubbs of Austin; four brothers: Joe Wilson, Hondo, Bevans Wilson, El Paso; Douglas Wilson, Sheffield, Louie Wilson, El Centro.

4-H Club Elects Officers; Set Goal Fifteen Members

Thirteen boys met with Ernest Williams, County Agent, Wednesday, to organize the Sanderson 4-H Club and elect officers for the year. Several more boys probably will join with the club later to swell the total to above 15 members which was the goal set by the state 4-H club leader for Terrell County.

Hicks Canon was elected president, with the offices of vice president, secretary-treasurer, and reporter being held by Bobby Allen, John Hardgrave and Campbell Kerr, respectively.

No plans for demonstrations were made at this meeting, but work on different projects will start earlier than it did last year.

MOHAIR BRINGS 25c-35c

A sale of mohair clip was made by the Sanderson Wool Commission Co., last week, which brought 25 cents a pound for grown and 35 cents for Kid hair. The deal involved 85,000 pounds, purchased by Johnnie Williams, representing a Boston firm.

SELLS STEERS

Rufe Murrell sold to Bob Weatherby of Elrod and Weatherby of San Angelo, 4 loads of yearling steers which was shipped out of here Sunday to Northern buyers.

Some one remarked the other day that Sanderson was one of the "backardest" towns in West Texas. That everyone was wrapped in his own interest, and can't get it through their noggin that to help the other fellow they help themselves. But when something happens that is a boon to business, everyone is on hand with smoked glasses and a tin cup. "And," he said, "all West Texas towns have a Chamber of Commerce. All we have is a chamber of comics."

How right was he? We'll have to answer the question, each one for himself.

In this week's issue is an article. A manufacturer is seeking a location for a fibre plant. The burden of interesting the company, likely, will fall on one or two civic-minded citizens. With an organization and concerted action, to prove that the community as a whole is interested, these things could be put over.

And there's the matter of Highway No. 90. The payoff from trade of tourists over the route is no small item for Sanderson. An organization here, working in harmony with those of all the other towns along the route, would result in untold benefit.

A Brazilian woman, 108, was frustrated in an attempt to drown herself. Said she was tired of living. We believe her and the bird who saved her should be arrested.

U S Ambassador Daniels hops from Mexico to Washington," was a headline last week. Josephus must be getting frisky in his old age, setting records like that.

High school band was playing the other day. One inane bird was making wisecracks about the music. One thing in the players' favor—they knew into which end of the horn to blow. That's more than we can say for the yokel who criticized them.

Consumption of distilled liquor is falling off according to statistics. Well, we tried to hold our end up, anyway, but guess we're slipping.

It's amusing the way politicians scramble for votes. Until recently nobody ever heard of collective bargaining, now it's a plank in every demagogue's platform. We're surprised that some candidate hasn't showed up with a promise to make Colorado deliver Pike's Peak.

Many criticize Mrs. Roosevelt for "gadding about the country." Most of them are women, so it looks like a plain case of catty jealousy. True she is getting thousands of dollars for some of her lectures, but she is traveling at her own expense and donating her earnings to needy causes. If she remained at home those who now criticize her, would say she's running the government.

This week some useless ladies' society censured her for expressing an honest opinion on a motion picture, "The Birth of a Baby." Well, the birth business has been in vogue for eons, and that it should cause a stir at this late day is beyond us.

This is the third week our hand's been in a sling. Between baseball and machinery both are wrecks. Which led one wisecracker to say we ought to be on a farm. If we went we bet a jackass would kick us to death the first day.

"Buccaneer" Said To Be De Mille's Greatest Picture

A thrilling and soul-stirring picture of America's struggle against England during the War of 1812 is presented by Cecil B. DeMille in his latest historical epic, "The Buccaneer" which comes to the Princess Theatre, Wednesday and Thursday, May 4 and 5, with Frederic March in the title role.

It is a mighty panorama of a crucial period in history, showing the burning of Washington, the Louisiana of the picturesque Creole days, and the defense of New Orleans by General Jackson.

March is seen as a pirate who turns out to be a hero when he realizes that his adopted country, the United States, is in danger of destruction. His sweetheart, Margot Grahame, a New Orleans belle, stimulates his patriotism by insisting that he become respectable before their marriage.

Although he helps Jackson win the Battle of New Orleans, he loses both his respectability and his sweetheart when the secret gets out that his men destroyed the American ship, the "Corinthian," on which Margot's sister and many other prominent citizens were passengers.

With Jackson's aid, March escapes and goes into exile on his flagship, "Raven." Francisga Gaal the only survivor of the "Corinthian" whom he has made his maid-of-all work, goes with him, and on the deck of the ship he realizes for the first time that she is the girl he really loves.

In the supporting cast are Akim Tamiroff, Ian Keith, and Walter Brennan.

Mrs. L. M. Baze and son returned Monday from an extended visit in Melvin with her parents, Dr. and Mrs. B. B. Beakley, and with other relatives.

Guests of Mr. and Mrs. John Neal and other relatives from Sunday until Tuesday of this week were Mr. and Mrs. Ivy Murdock and Mr. Alva Parks of Jayton, Texas. Messrs. Murdock and Parks are nephews of Mrs. Neal.

Broke Lass Chases Millionaire, and Do They Have Fun

Bringing the blond stars—Ann Sothorn and Gene Raymond—to the screen for the fifth time, RKO Radio's "She Got Everything" offers a gay romantic story of an impoverished society girl and a coffee millionaire. This entertaining picture comes to the Princess Theatre, Monday and Tuesday, May 2 and 3.

The theme deals with Miss Sothorn's efforts to pay off her father's creditors, after his death reveals not only that she is without a cent, but that the furnishings of her Long Island home, and even the clothes she wears, have not been paid for.

When the creditors, at first determined to take back their property, are persuaded by one of their members to back the girl in a campaign to marry a wealthy Latin, things begin to happen. Her refusal to participate in the scheme, and her determination to get a job and pay off the bills, lead her into unforeseen complications—especially when her job turns out to be that of secretary to a rich young coffee importer, with whom she falls in love.

Between the creditors, the millionaire, her match-making aunt and her own feelings, the girl runs into a storm of hilarious consequences, and the picture is hailed as one of the most sprightly offerings of the season. Its settings, which include a luxurious country home, a swank resort hotel, an expensive apartment and a modernistic office, gaily carry out the rapid-fire action of the story.

With Raymond and Miss Sothorn in "She Got Everything" there is a distinguished cast of mirth-makers—Helen Broderick and Victor Moore as Miss Sothorn's aunt and a race-track bookmaker respectively, and Billy Gilbert, Parkyakarkus, William Brisbane, Sally Ward, Jack Carson, Alan Bruce, Alec Craig and Richard Tucker in important comedy roles.

Mr. and Mrs. W. D. O'Bryant, Jr., and Mrs. Mary Lou Kellar returned home last Saturday after a visit with relatives in San Antonio and San Marcos.

Jim Kerr left Monday for San Antonio where he spent several days this week visiting with relatives and friends.

Isn't this the real problem of Beer —and almost its only problem?

THERE ARE people, of course, who steadfastly and sincerely believe beer to be intoxicating, or its use sinful, harmful, or a first step toward use of "hard liquor."

Just as sincerely we hold that the weight of the evidence is overwhelmingly against them...that beer is a mild, wholesome food beverage...and that "there is nothing more promising to combat the evil of too much alcohol than the opportunity of drinking good beer."

No...it is not in beer itself, we believe, that its gravest problem lies, but in those conditions, undesirable to us all, which sometimes surround its sale.

How should that problem be handled... by brewers, by retailers, by consumers, and by the public authorities? On its handling, we believe, depends the ultimate success or failure of the art and science of brewing, with all its manifold contributions to human pleasure and happiness and to the farm and industrial welfare of this country.

In that belief, a short time ago the Brewers Foundation was organized... to align the brewing industry with forces working for the public good in this country.

Our underlying motive... to perpetuate and promote our industry... is of course obvious. But equally obvious, we hope, is the fact that our interests coincide with the public interest.

Important progress has been made. Brewer-members of the Foundation already represent nearly half the production of beer and ale in the United States: and these members are

pledged, individually and collectively, to the Brewers Code, one significant clause of which, is as follows:

"We pledge our support to the duly constituted authorities for the elimination of anti-social conditions wherever they may surround the sale of beer to the consumer."

Being practical men, we promise no miracles. We cannot immediately or effectively "police" the quarter-million points where beer is sold (nor, to be fair, have we legal authority in many cases to do so). Nor can we, immediately, bring about full compliance with the law among all retailers, nor honest enforcement by all authorities.

But a beginning has been made...and we do promise that you will see results from it.

How far we can go, and how soon, depends very much on ourselves...but partly also on you.

Public opinion, once aroused, can operate to bring about honest enforcement of existing laws. Restriction of your patronage only to legal, respectable retail outlets can and will operate to raise retailing standards. Public preference for the products of Foundation members* will bear witness of your approval both to members and to cooperating retailers, and will encourage them to renewed efforts.

This is, therefore, at once a statement of our objectives and an appeal for your support, without which we must fall short of our high hopes. We urgently invite your full and sympathetic cooperation.

"Hurricane" Great Film of Romance In the South Seas

Samuel Goldwyn's long-awaited film version of "The Hurricane," the famous novel from the typewriters of Charles Nordhoff and James Norman Hall, who wrote "Mutiny on the Bounty," arrives at the Princess Theatre tonight and Saturday, April 29 and 30th.

The high point of the picture is, of course, the amazing spectacle which gives the story its climax and its name, but the film does not depend upon this alone for its effectiveness. It has tender romance, a picturesque setting, powerful drama—in fact, every element of great motion picture entertainment.

"The Hurricane" introduces an important new star in Jon Hall, the handsome young man of the magnificent physique, whom Goldwyn selected over leading Hollywood names to play Terangi, the native hero of the story.

Dorothy Lamour, who made her screen debut a year or so ago as the native heroine of "The Jungle Princess," appears opposite him as the South Sea belle, Marama, and also scores a triumph in a difficult role.

The story, which is set on the low island of Manukura, 600 miles from Tahiti, opens with the wedding of the native lovers, Terangi and Marama. Their short lived happiness ends abruptly when Terangi, returning to Tahiti with the schooner of which he is first mate, strikes a drunken white man who insults him. The man has influence, so Terangi is imprisoned. Yearning to see Marama, he attempts to escape, but is apprehended and his sentence extended. In the ensuing five years, he makes several unsuccessful attempts and in his final break accidentally kills a guard.

Terangi finds his way to his native island, but cannot remain there because of the attitude of the duty-ridden French Administrator, DeLaage, played by Massey. He takes refuge on a neighboring island where he is reunited with his bride and sees his little daughter. While the search for him is at its height, the great hurricane begins to blow. Unmindful of his own safety, Terangi goes to Manukura to warn the inhabitants and plays a heroic role in the great catastrophe. Although most of the inhabitants of the island are lost, Terangi is able to save his wife and child and the sympathetic Madame De Laage, beautifully played by Mary Astor who intercedes with her husband to close his eyes to Terangi's escape to freedom and a new life.

Mr. and Mrs. Eddie DeVolin of Marfa arrived here Saturday night and spent Sunday with Mrs. Edith Lane, mother of Mrs. DeVolin, and other relatives, the occasion being Mrs. Lane's birthday.

Junior-Senior banquet tomorrow night. Ah, my friends, Juniors and Seniors, I hope you have a real good time. I hear that there is a surprise in store for the Seniors.

Make plans now to attend the presentation of the Senbr plays, May 13th. You will see 3 plays for the same money.

Our tack episode or fad has decreased lately! Why so, my dear students? Is it from a scarcity of tacks? I think not, but will leave it to you.

Jimmy—The Chevrolet is a better car than the Ford.
Mr. Smith—Do you stand out on the running board and oil it while driving?

Too bad the girls (E. B. and M. B. B.) didn't win at regional, but they have a wonderful record just the same.

This is the second time that Billy Jo has represented her school in the essay writing contest at the district meet, the other time being in 1936. Breaking away from the traditional one 3-act play, they will this year present three 1-act plays, which is believed will be for greater entertainment to the public. MY GARDEN

Margaret Jane Higgins
In my garden are many rare things;
A robin's melody sweetly rings,
Dandelions with sweet perfume do tease
As trees waltz in the breeze.
The roses nod their heads as to pray;
Tis' the song of the spring that does ring
In my garden of many rare things.
