raiser and the farmer is seriously affected. He contends that "Texas should have the lowest of freight rates yet it has the highest."

"Our hauls are long, our weather better than in many states, we don't have to use snow plows and therefore we should have reasonable rates," said Stuart.

NEW STAR TEAMED WITH LORETTA YOUNG—

Richard Greene, new screen star, is co-starring Loretta Young in the spellbinding drama "Princess Theatre Wednesday and Thursday. "Prayer" deals with the lives of four young men who forsake all their careers to bring to an end the war which had caused their father to be discharged from the army and later caused his death.

TO TERRELL COUNTY VOTERS—

In conducting my campaign for sheriff of Terrell County I have had several hundred Sample Ballots printed at my personal expense and have endeavored to place one in each and every home in Sanderson and personally solicit your vote. If I have failed to see and ask you for your vote I assure you that it was unintentional and take this method of now asking that you vote for me for the office of Sheriff and Tax Collector.

In case of my election I assure you that I will fill the office and carry out its duties to the very best of my ability.

Mrs. David Crews and
Daughter Honored with
Steak Fry Friday

Friday evening a group of friends gathered at the Stirman ranch for a steak fry and an evening of pleasure honoring Mrs. David Crews and daughter, Virginia Ruth, of Sabinal.

Those enjoying the occasion were Mr. and Mrs. C. V. McKnight and Vivian, Janette Cobb, Mrs. J. C. Kern, Mr. and Mrs. Joe Nichols and daughter, Miss Beatrice, Mrs. Marvin Kelly, Mr. and Mrs. O. H. McAdams and daughters, Misses Bess and Edna Mae, and A. N. Tyler.

Mrs. Crews is a Sister of Mrs. McAdams.

DALE VUELTA—
(Continued from Page 1)

Sanderson's rodeo, and not just one person's affair. It brings much favorable publicity to the town and its people, and deserves the support of everyone in Sanderson.

Sale of 1900 head of lambs at a price of 5 1/2 cents per pound was made this week by the Townsend Brothers, Web and Everett, of Sanderson and Fort Stockton, to Conley and Humphries of Kansas City. This is the highest price reported so far this year for feeder lambs. Delivery of 2,000 head has already been made; the remainder are to be delivered around the middle of August.

C. J. Watts, railway agent, has billed 57 cars of livestock out of Sanderson, Longfellow and out of Pumpville during the past week.

Heaviest shipper was Dee Finley of the Finley-Kitchens Commission Co., in Ft. Worth, who shipped 12 cars of sheep to Chicago from Sanderson and Pumpville, 8 cars to Ft. Worth from Pumpville, and 2 cars from Sanderson to Washington, Ill.

Other shippers to Ft. Worth were: C. C. Woods, 3 cars lambs; C. H. Arvin, 4 cars lambs; Tip Frazier, 2 cars lambs; Albert Appel 2 cars lambs.

Mrs. Mary E. Mitchell shipped 8 cars sheep to the Kansas City market.

Russell Hays shipped 10 cars of Big Canon sheep to Oklahoma City.

Jimmy Mills, Del Rio commission man, shipped two cars of lambs to Bradford, Illinois.

Russell Menzies shipped two cars of lambs to Newbern, Tenn., from Longfellow.

Malone Mitchell shipped two cars of lambs to National Stock Yards, Illinois.

Headquarters and favorite hangout of Sanderson's erstwhile rodeo ropers is the shop of A. Bankhead, local saddler. Here, at almost anytime of almost any day, except Sunday, may be seen one or more of the boys who rope "for the exercise, pleasure and what money there is in it."

A new high in cattle receipts for the past 20 years, was hit last week by the San Antonio market. 13,282 head of cattle were received in the seven-day period.

CHICAGO OF 1854 ON PRINCESS SCREEN—

In the film, "In Old Chicago," coming to the Princess Theatre Friday and Saturday, you will see Chicago as it was in 1854, and again at the time it was destroyed by fire. In this spectacular film Tyrone Power, Alice Faye and Don Amechie take the leading roles supported by a large cast which includes Alice Brady, Andy Divine, Brian Downley and many other well known artists.

In addition to 2, 248 hogs, 389 sheep, and 723 goats.

Charlie Turk, Sanderson roper, did "all right" in the Coleman rodeo. He placed third in the first day money in the calf roping event, and was third in the final average money.

Milton "Shorty" Gillett, well-known Marfa ranchman, and his wife are in California on a vacation.

At Sanderson's 1936 rodeo, a world's record in the steer break-away was established when Clay Espy of Ft. Davis roped and broke loose from his steer in three seconds flat.

An advance of one-fourth cent has been made by feeder buyers of lambs in this section. Latest offered price is 5 3/4 cents immediate delivery.

270,000 pounds of eight-months wool was reported sold by the Val Verde Wool and Mohair Co., of Del Rio to Jack Hughes, buyer for Emery and Conant at a price of 22 cents. This is a new high price for this season in Texas.

Small lots of Wyoming and Montana wool bought 23 cents per pound at a recent Denver sale.

A friend was recently heard to remark that there were only six dwarfs with Snow White now.

We asked what happened to the other one. He replied: "Dopey's in the White House."

"It takes a Texan to put it over." At least, that is the conclusion we have come to after reading the headlines of the past week. Howard Hughes, who circled the earth in record time was born in Houston. Douglas Corrigan, who made his surprise flight over the Atlantic in an "old crate" airplane, is a native of Galveston. And Ralph Guldahl, twice winner of the national open golf championship, was born in Dallas.

Reported sale of a Rambouillet range ram at a price of \$100 was made by Walter Augustine, extreme northeastern Terrell county ranchman, to Col Coates, ranchman near Sanderson.

SELLS NEW FORDS

New sales reported by the Ferguson Motor Company, local Ford dealer, were to Tom Holmes of Dryden and Milan Northcut. Mr. Holmes purchased a tudor sedan and Mr. Northcut a new 157 long wheel base truck.

TRIBUTE IS PAID TO POPULAR DEL NORTE GIRL

Following is a tribute written to Margaret Joyce Ellithorpe of Del Norte, Colorado, who was buried at that place Thursday of last week. The tribute was written by Mrs. C. W. Donnen and follows:

"With the setting of the sun on Wednesday, there slipped away into the glory of its beauty one of the sweetest young lives that has ever blessed this community.

"Peggy", as Margaret Joyce Ellithorpe was affectionately known to all her friends, was the center around which revolved the happy doings of the boys and girls of her own age—and the lode star in which was concentrated all the love and hopes of her parents. She had inherited a brilliant mind and personal beauty just blossoming into the full radiance of young womanhood. These were not, however, the qualities which made her universally loved and admired. It was the faithful loyalty, the quick wit and ready smile, the kind thought and grave attention which her character possessed far beyond that usually found in one of her years.

Peggy was born in Del Norte, April 21, 1923, and died at St. Joseph's Hospital July 6th, 1938. She had been gently reared and carefully trained, and just as fruition was near, she was taken from our midst. Schoolmates and elder acquaintances, rich and poor, those of prominence and those who served her, grieve—but to her stricken parents, Mr. and Mrs. Ralph C. Ellithorpe, go all the rich outpourings of the sympathetic heart of the whole community. To her classmates, school will never be the same; in her Sunday School her presence will be lacking, but to her father and mother it will ever be—

"Oh, for the touch of vanished hand
And the sound of a voice that is still."

If true friends and great sympathy help, then "Ralph and Ada Lenore" have that help in greatest abundance."

Mr. and Mrs. N. E. Charlton returned from Del Norte last week where they attended the funeral services conducted at the Masonic Hall. Services at the cemetery were conducted by the Rainbow Girls. Mrs. Charlton was an aunt of Margaret Joyce.

At the time of her death Mr. and Mrs. J. H. Fisher, parents of Mrs. Charlton and grandparents of Margaret Joyce were in New York City on their golden wedding anniversary trip.

Honored with Surprise
Barbecue Dinner

Mrs. John W. Carruthers and her sister, Mrs. Levi Duncan, of Fort Worth, entertained in the Carruthers' ranch home Wednesday evening with a barbecue dinner honoring Mr. Carruthers on his 64 birthday.

After a sumptuous barbecue dinner with all the trimmings that go with it the group was entertained by readings rendered by Mrs. Clarence Carter of Seminole, Okla., and by songs rendered by her three daughters, Ann, Patricia and Margaret. Group songs were also enjoyed and many old favorite cowboy and other songs were sung. David Duke was accompanist with his banjo.

Some fifty or more relatives and friends were present to enjoy the evening.

VISITS IN DALLAS

Mrs. Odis Wickliffe and daughter, Rose Nell, returned Saturday from a ten day visit in Dallas, Ferris and other points. In Dallas they visited with Mrs. Wickliffe's brother, Arnold Singleton, and Mrs. Singleton. Miss Virginia Singleton, a niece, who had been visiting here for several days returned home with them. In Ferris they visited with Mrs. Wickliffe's father, J. P. Singleton. Enroute they went by Fort Stockton and were accompanied from there by Mrs. Eddie Ligon and Mrs. Alva Dedman. Mrs. Ligon and Mrs. Dedman are sisters of Mrs. Wickliffe.

Mrs. Mata Wheeler of Rock-springs arrived Thursday for a visit with her sister-in-law, Mrs. Grace Wheeler.

A salad course was served to Mesdames Max Bogusch, Al Creigh, Jr., Clyde Griffith, R. D. Holt, W. H. Savage, Steve Stumberg, C. P. Peavy, Bustin Canon, and the hostess. Guests were Mesdames Walter Grigsby, Ben Pruett of Marfa, Maxey Hart of San Antonio and Donald South-all of Eagle Pass.

Mrs. McCall and Currie
Guests at Rotary Club
Luncheon Wednesday

The Rotary Club met in regular meeting Wednesday for luncheon with the Drs. Thomas W. Currie and John V. McCall as guests. Dr. Currie was the principal speaker at the occasion.

A report by a committee composed of W. J. Ferguson, Clyde Morris and Judge G. J. Henshaw is due to be made next Wednesday at the luncheon hour. The committee are to investigate different types of fire-fighting equipment and find the most adaptable to the present situation in Sanderson.

Mrs. David Crews and daughter, Virginia, of Sabinal returned to their home in Sabinal after visiting here in the home of Mrs. Crews sister, Mrs. O. H. McAdams and Mr. McAdams.

VISITS IN FORT STOCKTON

Mr. and Mrs. W. H. Savage and children, Mrs. J. W. McKee, and Mrs. T. Maxey Hart and children went to Fort Stockton Saturday where they met Mr. Hart, who returned from El Paso. They enjoyed a picnic and swim while there returning here that evening. Mr. and Mrs. Hart returned to their home in San Antonio Sunday.

G. M. Medlock and wife returned Tuesday from a visit to Kermit.

Hereford Assn. to Hold Field Meet August 3, 4, and 5

Will Stress Importance of Breeder-Feeder Movement

The Highland Hereford Association will hold a three-day field day meeting at Marfa, on August 3, 4 and 5, it has been announced by W. B. Mitchell, one of the organizers of the association, and one of the outstanding breeders of Hereford cattle in America.

Invitations to persons throughout the South will be sent according to the announcement. Officials of Texas A. & M. College will act as hosts to visitors in conjunction with the Highland Hereford Association. Among those who have signified their intentions of attending the three-day field meet are President Walton of A. & M., Dean Kyle, O. B. Conner of the Extension Department and D. W. Williams of the Animal Husbandry Department.

Purpose of the meeting is to give information first hand to those interested in the breeding of Hereford cattle in Texas and the Southern States. Visits will be made to ranches and cost of production and marketing as well as other features of livestock raising will be discussed.

A general round table discussion of the livestock situation will be held on the night of August 5th, and several prominent breeders as well as others will lead in the discussions.

"It is pretty easy to discuss and encourage expansion in any commodity," Mr. Mitchell said, "but with increased production there must be increased consumption. Our meat consumption fell off considerably last year, due to the high cost of beef. Our consumption is about 64 pounds, whereas some years ago it was 68 pounds. Three pounds per capita increase among 130,000,000 people would mean an increase of several million cattle. As a nation, America does not consume as much meat as Australia."

L. K. Walker left Saturday for Denton where he will attend North Texas State Teachers College the last six weeks of the summer session.

"MERRY-GO-ROUND OF 1938"—

comes to the Princess Theatre Monday and Tuesday and will be a film packed so full of comedy that you just can't afford to miss it. With four broken-down vaudeville actors trying to further the love affair of their adopted daughter, played by Joy Hodges, the result proves more than just comical. "The Four Horsemen of Hilarity", Bert Lahr, Mischa Auer, Billy House and Jimmie Savo are the fun-makers in the film.

Conservation of States Underground Water To Be Discussed

Austin—Conservation and control of the State's diminishing supplies of underground water will be discussed at a statewide meeting to be held in Austin on July 29.

The meeting was called by Gov. James V. Allred after the Texas Planning Board's water resources committee had reported that several sections of Texas were facing a serious shortage in underground water, and that other sections of the State were finding it difficult to locate new sources of water for an increased demand by industrial and domestic users.

Contrary to popular belief the State's underground water resources are not inexhaustible. Under ordinary conditions the present supply of underground water probably would be sufficient to take care of the demands but with new industries coming into the State and the population of the State growing by leaps and bounds, water is now being taken from the ground faster than Nature can replace it.

Just what legislative steps should be taken to conserve the State's underground water supplies will be discussed at the July 29th meeting.

Governor Allred has invited everyone interested in underground water to attend the one-day conference and help formulate a plan for the conservation of this great natural resource.

Health Officer Warns Against Paralysis in Summer

AUSTIN—"Infantile paralysis can be expected to occur more frequently during the next three or four months," predicts Dr. Geo.

W. Cox, State Health Officer. "This disease is always more frequent during the hot months. The germ responsible for infantile paralysis is so small that it escapes detection even with the most powerful microscopes. The first symptoms are usually vomiting, headache, fever, stiffness of the neck, pain in the legs, irritability and drowsiness. Complete recovery may follow such an illness. In the more severe cases, the germ penetrates the nervous system, resulting in paralysis of nerves controlling one or more groups of muscles. Flies or other insects have not been demonstrated to play a part in the spread of this disease. Infection spreads from person to person with the droplets transmitted by coughing and sneezing. Children and grown people that are healthy may be carriers of the germs. When present in epidemic form, about one child in each hundred is apt to suffer an attack."

Mrs. A. L. L. Boling was a business visitor in Fort Stockton Saturday.

J. W. Leatherwood was in Ozona and San Angelo Sunday visiting with his parents, Mr. and Mrs. C. W. Leatherwood.

Mr. and Mrs. O. H. McAdams were visitors in San Antonio Tuesday and Wednesday.

UP THE LADDER TO FAME

NEW YORK—It took Ross McKee of the New York Daily News 35 minutes to climb to the top of the 700 foot Trylon on the grounds of the New York World's Fair 1939. Once up he squeezed out on a 14-inch ledge and took panoramic pictures of the Fair grounds and snapshots of the giant 200 foot Perisphere, the framework for which is nearing completion.

McKee was the first cameraman to accomplish this feat. He followed in the footsteps of steel "birdmen" who had just planted the U. S. flag, marking the finish of the steel frame of the Trylon.

These two structures will be covered with stucco and, as the Theme Center of the Fair, will set the pace for the \$150,000,000 Exposition.

Police Urge Drivers Help Prevent Accidents By Study of Laws

Austin.—State Police today urged drivers to study laws relating to right of way after analysis of 771 recent accidents showed that one or more vehicles involved in 123 or 16 percent of the crashes were not in their rightful positions.

Unless intersections are controlled by local regulations, police pointed out, vehicles approaching from each driver's right have the privilege of entering the inter-

section first. Drinking on the part of a driver or pedestrian was listed as the

cause of 101 of the 771 accidents, with speed ranking third. Fifty-four collisions were caused when automobiles moved too close to the center of the highway or were driven on the wrong side.

Other facts revealed in the study showed that 48 accidents were caused by pedestrians running into the paths of vehicles, 40 by improper left turns, 31 by disregard of traffic control signals, 30 because drivers did not signal intentions of making turns or stops, 27 by improper passing, and 19 by drivers' lack of attention.

State officials warned drivers of motor vehicles to use more courtesy at intersections and places where other vehicles or pedestrians may possibly move into their line of travel. Through courtesy, they explained, hundred of crashes can be prevented each year and many lives may be saved.

Aside from the continued heavy death toll on Texas highways the safety officials were encouraged by the continued reduction in violent traffic fatalities. A general nine percent decrease has been reported for the first five months of this year, despite a nine percent increase in travel.

Nicotinic Acid Proves Aid in Combating Disease of Pellagra

Austin.—What is believed to be conclusive proof that nicotinic acid and its compounds provide a curative for the prevalent disease, pellagra, have been discovered by a former University of Texas student and associate scientists, it has been learned here.

Dr. Thomas D. Spies, formerly of Bonham and a student in The University of Texas from 1922 to 1924, is one of a group of physicians whose far-reaching experiments, recently reported to the American Medical Association, have substantiated a theory of C. A. Elvehjem of Wisconsin that nicotinic acid would cure pellagra. Dr. Elvehjem found this acid would cure black tongue the canine equivalent of human pellagra. This hint was acted upon by dozens of clinicians, who began to experiment with the administration of this acid to human

beings. Dr. Spies and his associates Dr. William Bennett Bean and Dr. Robert E. Stone, made the most extensive tests of the new curative, and proved its efficacy in 199 patients. They found that dosages of this acid would protect the poor population of the South during those seasons of the year when there is a scarcity of milk, eggs, fresh meats and green vegetables—lack of which D. Joseph Goldberger of the United States

Public Health Service years ago to be the cause of pellagra. Dr. Spies recently graduated from the University of Texas and has been doing research in some teaching at the General Hospital, Columbus, Ohio. When he visited in ham, Ala., to the Hospital, where he started his work on pellagra.
