Bank To Be Closed

L. M. Baze, cashier of the Sanderson State Bank has announced that the bank will be opened Friday morning from 9 o'clock until 10 o'clock only. This hour will enable the business men to obtain money for making change, etc., to carry them over until Monday, as the bank will be closed all day Saturday.

Mr. Baze states that no business other than providing of those in need of change will be made as there will not be time enough for transacting other matters. He requests that everyone please bear this in mind and do not ask that routine matters be attended to. Business will be resumed Monday morning as usual.

TERRELL COUNTY RANCHMEN'S ASS'N MEETS MONDAY

Announcement was made this week that the annual meeting of the Terrell County Ranchmen's Association will be held Monday of next week at the courthouse.

The meeting is called for 2 o'clock in the afternoon and will be held in the county court room. Efforts are being made to secure outside speakers for the occasion.

The association has been in operation for 1 year and interest seems to be increasing. The financial condition of the association is also stronger, according to R. N. Allen.

All members of the organization are urged to be in attendance and interested persons who are not members are also invited.

Presbyterian Ladies Meet at Church Monday Afternoon

The inspirational meeting of the Woman's Auxiliary met Monday at 3:30 p. m. in the church.

Mrs. N. E. Charlton led a devotional lesson and was in charge of the program "Home Mission Interviews". Mesdames D. A. Pollard, Joe Nichols, H. D. Williams, J. W. McKee and R. D. Holt represented home missionaries being interviewed.

After the program the members adjourned to the Annex for a social hour when Mrs. Elton Secrest served delicious refreshments.

Mrs. W. H. Savage and children, Billy and Jackie returned home Monday night from San Antonio, La Porte, Houston and New Orleans where they had been visiting about two weeks.

Lackey, Frank Harrell, W. J. Banner, Mary Beth Banner, Tip Frazier, Hicks Canon, Reginald Monroe, Ed Connor, Mr. and Mrs. Doc Turk, Mr. and Mrs. P. C. Coates, Mr. and Mrs. Charlie Turk, Melvin Chandler, Ed and G. Downie, Montie Wallace, O. T. (Teter) Shupbach, Shorty Robertson, Zach Blair.

"Teter Shupbach and Zech Blair were selling chances on a 2 year old registered thoroughbred stallion that has been given to the Sul Ross football team. The drawing for the horse is to take place in Alpine on July 1. The price is \$100 per chance.

Doc Turk was introduced to the grandstand during the show, and drew much applause.

Drivers' Licenses Good 3 More Years

Austin, June 27—Your present driver's license will be good until April 1, 1942—after it has been stamped by state police to show the extension.

Ralph L. Buell, chief of the drivers' license division of the department of public safety, said today license which expired April 1, 1939, will not be reissued, but

NEW BUILDINGS ACCEPTED BY SCHOOL BOARD

The new Mexican school building and the dressing rooms which have been added to the high school gymnasium were accepted by the school board of Terrell County at a meeting held Thursday. J. S. Clements, general contractor for the work was here from San Angelo for the inspection.

Cost of the building and the addition amounted to approximately \$45,000, part of which was furnished by a WPA grant. Material to go into the project was obtained from twelve different states, according to P. H. Fagen, engineer inspector for PWA.

Mr. Fagen listed the states from which the different materials were obtained in an effort to illustrate to what extent even a small project like the one here will go in making work for people and for better times.

He stated that the radiators and boiler used came from New Jersey; that the light fixtures and wiring came from New York; the hot water storage tank in the gymnasium from Pennsylvania; the rafters and ceiling joists from Oregon; pipe from Alabama; other brick, lumber, cement, sand and gravel from Texas; folding doors from Iowa; rolling doors from California; plumbing from Illinois; the desks from Michigan; shop equipment from Chicago; and the lumber for the doors from Idaho, although they were manufactured in San Antonio.

Sanderson Visitors To Paisano For Baptist Encampment

Louis Whistler, Wallace Pendle were in attendance at the Baptist Encampment which is under way this week at Paisano.

Those who were in attendance the first of the week were: Jimmy Davis, Tex Renfro, Ross Underwood, J. W. Bowden, John Louis Whistler, Wallace Pendle and Rev. Taft Holloway. The Rev. Holloway returned the boys to Sanderson Wednesday and accompanied another group there that afternoon.

Those who are there for the latter part of the week are: Misses Elizabeth Brown, Mary Beth Banner, Doris Cochran, Billie Rae Bowden, Mildred Underwood, Janice White, Yvonne Oberling, Edna Mae McAdams and Mary Hope Bodkin. They were also accompanied by Mrs. Maude Sullivan and Mrs. W. E. Stavley.

Miss Bess McAdams is pianist for the occasion.

Ray Frost Honored On Fourth Birthday

Mrs. L. L. Frost entertained with a birthday party for her little son, Ray, better known as "Speedy," on his fourth birthday, Thursday, June 22.

A nice time was enjoyed by all present. Mrs. Frost served cake, punch and watermelon to the following: Nancy and Betty Ann Peavey, Yvonne Oberling, James Bean and Jimmie and Billie Carter.

Mrs. R. A. Hurst and children, Betty and Earl, returned home Sunday after a months visit in Chihuahua, Mexico.

Drivers' Licenses Good 3 More Years

Austin, June 27—Your present driver's license will be good until April 1, 1942—after it has been stamped by state police to show the extension.

Ralph L. Buell, chief of the drivers' license division of the department of public safety, said today license which expired April 1, 1939, will not be reissued, but

will be rubber-stamped to show the extension. Lack of funds was given as the reason for this method. Drivers in Texas need not get the extension noted on their licenses, but Buell urged that it be done by all planning out of state trips. This plan does not extend to commercial vehicles.

Vote Saturday

Saturday is the date set for the citizens of Sanderson to go to the polls and decide the matter of whether the town should become incorporated or whether it shall remain as it is.

It has been pointed out by citizens of the town that to incorporate would mean an increase in taxes; that it would mean a decrease in the insurance key rate if certain requirements were met; that it would provide a means whereby we might obtain fire protection; that it would give a town and its citizens the opportunity to own and operate such utilities as they feel can be handled for the benefit of the town; and other things such as a better sanitation program, restriction of undesirable types of business and amusements.

The opinion has been expressed by many that the valuations will be raised, and that there will be no stopping the taxes. The limit as set by law for taxes is \$1.50 on the hundred. You can be taxed to that amount if it is required for paying for benefits and city management. Valuations can be raised, but they are raised by a group of leading citizens who are drafted for the purpose and who are property owners. The method is very similar to that used by the county when a valuation board is named to set the valuations placed on all property in the entire county. Such a board serving a city could be just as honest and careful in setting valuations as the men on the county board.

No tax can be levied until 1940 because levies are made the first of each year. New officers are elected or old ones re-elected the first Tuesday in April.

A few figures and facts from nearby towns will probably be of benefit in making decisions: The city of Alpine pays no fire department; her alleys are not paved, the majority of her water mains are 4-inch mains, and her insurance key rate is 51 cents. She has 25 miles of unpaved streets, owns no grading or other equipment. Streets are maintained with county equipment, as is also done in Marfa, in Fort Stockton, and in practically all other small towns in the state. Pumps water from wells 500 feet deep at a cost of 15 cents per thousand delivered to the homes and including depreciation on equipment and all other expense. Delivers 50,000 gallons of water for \$6.75 and has had no typhoid fever developed there since 1928.

This information furnished by L. B. Starns, mayor, and M. H. Moorman, city secretary, of Alpine.

A prominent business man of the city of Fort Stockton says: "Roughly, here is what we get for a tax of \$1.50 per hundred: Paved streets covering about 8 miles of town, fire protection, garbage disposal at no cost to property owner, night watchman protection, protection of police from magazine and photo solicitors of the fly-by-night kind, and regulation of utility rates."

These figures are on slightly larger places than Sanderson but were they cut down in proportion the report would be the same. A recent audit of the City of Fort Stockton is available at the Times office to anyone wishing to examine and study it to see for themselves just what the results are in an incorporated town.

Whether you are strong for bitterly opposed to, or just mildly interested—show you have a little pride in your town and community by going to the polls Saturday and voting as you feel. It is the duty of every citizen to put forth every effort to aid the town in making the right step—do your part—vote one way or the other.

CONDITION OF HARRY GOODE UNCHANGED

Word from Harry Goode, who is in Philadelphia, Penn. receiving medical treatment, is to the effect that he is doing as well as can be expected. He has been gone about ten days and was accompanied by his brother, M. H. Jr., and his nurse.

Lack WPA Workers May Prevent County Water Survey

An offer by the State Board of Water Engineers and the Federal Geological Survey to catalogue the present wells in Terrell County and make tests where there are none so that well drillers and persons interested in obtaining water might know what to expect and where, may have to be turned down because there are not enough WPA workers in the county to carry on the work.

The offer is that all machinery and supervision will be furnished without cost to the county if the county has as many as 10 workers who can meet the WPA requirements. The project calls for 14 field workers according to information received by Judge R. S. Wilkinson and by Ernest Williams who wrote for details of the matter. The county will furnish transportation for the workers to and from the work and nothing more. They must have 10 WPA workers to start the project, however, and according to Judge Wilkinson, there are only nine workers in the county.

The WPA money obtained for putting down walks and curbing in front of property where the owners are willing to pay for the cement is also at a standstill because of no workers to do the work. This project calls for 12 men available who qualify with the PWA.

DEL RIO TEAM DEFEATS LOCALS SUNDAY 12-4

The local baseball club met the Del Rio Merchants' Club at Del Rio Sunday and took a trouncing that ended in a score of 12 to 4.

Del Rio scored two runs in the first inning, two in the second and one in the fourth and Sanderson scored one run in the third and three in the fourth which tied the score. The tie remained until the last part of the fifth inning when a few infield errors caused the Sanderson boys to become rattled and they allowed six runs in that inning. Only one more score was made by Del Rio and that was in the seventh. Sanderson failed to score after the fourth and played a smooth game of ball with the exception of the fifth inning when they allowed the six runs. John L. Newton pitched a good game for the locals and was credited with one of the runs. Other runs were made by Weigand, Lea and Loehausen.

The Longhorns go to Fort Stockton Sunday where they will meet that team. The Del Rio team will return a game to Sanderson July 9.

HENRY GOLDWIRE SUCCESSFUL AS MUSIC COMPOSER

Friends of Henry Goldwire will be interested to know of his success as a composer of music at Columbia University where he is taking a course in music education.

Recently, during a series of concerts by original composers, at which is presented music of merit by composers of exceptional promise, one of Henry's compositions, a prelude, was most enthusiastically received by an audience of distinguished musicians, among whom was the illustrious Deems Taylor, composer and critic.

During the series a cantata composed by Taylor, with words by Alfred Noyes, had its premiere, the college orchestra, of which Henry is one of the first violins, accompanying the choir.

Ray Haley and Johnnie Whistler were visitors in Sheffield Sunday.

Mrs. M. H. Harrell, daughter of Mr. and Mrs. J. W. Daniels, is here from El Paso for an extended visit with her parents.

PROMINENT TERRELL COUNTY PIONEER SUCCUMBS THURSDAY IN SANDERSON

Joe Kerr, prominent West Texas rancher and business man, passed away Thursday afternoon at about 1:45 at his residence in

JOE KERR

Sanderson after a prolonged illness.

Mr. Kerr is known throughout this section of the state and has spent the greater part of his life in efforts to build a better Sanderson and to aid his fellowmen. His influence has been felt in almost every enterprise of the town and community since 1901 when he first came to Sanderson as a partner in the Hancock store. He later purchased the Hancock interest and he and his

LIVESTOCK SCALES BEING INSTALLED

Work is rapidly progressing on the installation of the new livestock scales at the railroad stockpens. Evacuation has been made and the concrete forms poured; the installation according to the committee in charge should be complete by the end of next week.

New sheep pens and chutes are being built by the railroad company, and are expected to be ready by the same time the scales are. There will be no flood lights for night loading installed.

Mr. Allen, a Fairbanks-Morse Co. sales service representative from Dallas, is in Sanderson to supervise the installation.

The scales have arrived and are stored in the Sanderson Wool Commission Co. warehouse. The committee in charge of procuring the scales is composed of C. C. Mitchell, R. N. Allen and Frank Harrell.

C. P. Peavey supervised the forming of the corporation for the purchase of the scales.

Larry Hogan returned Wednesday from Cleveland, Ohio where he has been the past several weeks attending a convention of the Brotherhood of Trainmen.

James English left Thursday for his home in Jourdentown after spending about a month here.

'Hot Check' Law Aid to Business Men

The new "hot check" law passed by the Legislature and which becomes effective immediately, is termed as being "the greatest single piece of legislation ever enacted for the protection and benefit of the merchants."

It is believed that because of the "teeth" in the new law that the number of bad checks given will decrease very rapidly.

This new law will put a stop to many of the checks now being passed which are not only most annoying and most expensive to the merchants, but to the banks as well. The new law provides that in event of conviction, where the check involved is for \$5 or less, punishment shall not be exceeding two years imprisonment in the county jail or by a fine not exceeding \$200. For first conviction, where the check is more

than \$5 and less than \$50, punishment shall be not exceeding two years in jail or by a fine not exceeding \$500.

Further provisions includes not less than 30 days in jail and not more than two years in jail for the second conviction in a case where the check was \$50 or less. Third or subsequent convictions carry a penalty of not less than two and not more than 10 years in the penitentiary.

Another clause in the new statute provides that in cases where a person has filed information relative to a "hot check" which results in an indictment by a grand jury and later requests the county or district attorney to dismiss the charge, he shall be deemed guilty of misdemeanor and upon conviction shall be fined not less than \$100 nor more than \$500.

Joe Kerr was born in Donegal County, Ireland, and was brought to the United States as a very small child by his parents who settled at Campbellton where he was reared and educated. He married Miss Josephine Robinson of Llano, and they had five children, four boys, Joe Jr., Campbell, Edward and James and one daughter, Betty Jo.

The remains will be in Sanderson at the home until 1 o'clock today and friends are invited in from 8 a. m. until 1 p. m. They will leave at that time for San Antonio where Rosary Services will be held tonight at 9 o'clock at the Zick-Kearns Funeral Home. Saturday morning the remains will be taken to Campbellton where funeral services will be held at 10 o'clock at the Sacred Heart Church after which interment will be made in the family burial plot in the Campbell Cemetery.

A police escort will be furnished with two highway patrolmen coming from Pecos and two more to join them at Del Rio. Sheriff Nance, Deputy Sheriff, B. F. Anderson, and John C. Tom, custom officer, will also accompany them.

Besides the widow and children he is survived by a brother, James Kerr of Sanderson, and a sister, Mrs. J. E. Dewess of Floresville.

Out-of-town relatives and friends who were here at the time of his death were: Mrs. W. B. Haynie, Mr. and Mrs. O. G. Porter, and Mrs. Slaton Duncan, all of Llano; Mrs. Ross Burke of Campbellton; Mrs. J. E. Dewess, sister, and Mrs. Sam Houston of Floresville; Mr. and Mrs. P. C. Schiffers of Cartagena, Columbia South America; Dudley Barker and Miss Mary Catherine Campbell of Alpine, and Dr. Wm. Wolf who was with him Tuesday.

AMERICAN NEUTRALITY

Happily, within the last few weeks, the shadow of war has lessened. The visit of the King and Queen of Great Britain to the United States and Canada, commanded front page space and shifted attention from rumors of impending conflicts.

Why should we become involved in another European strife?

Why quit our own to stand upon foreign ground? Why, by interweaving our destiny with that of any part of Europe, entangle our peace and prosperity in the toils of European ambition, rivalry, interest, humor or caprice?

That is the sum and substance of the question propounded by George Washington, "The Father of our Country". Such was the view of Thomas Jefferson when, addressing the Congress in 1803, he declared:

"We should be most unwise, indeed, were we to cast away the singular blessings of the position in which nature has placed us, the opportunity she has endowed us with of pursuing, at a distance from foreign contentions, the paths of industry, peace and happiness, of cultivating general friendship and of bringing collisions of interest to the umpirage of reason rather than of force."

Three things are necessary to keep out of war: A sound foreign policy, an impregnable national defense; and a policy of strict neutrality.

"None of us can forget that our heroic effort 20 years ago to aid the cause of world democracy ended in the greed and avarice, that, like ghouls, sat at the council table at Versailles. And we know that one of these so called has since then surrendered itself to a virtual dictatorship.

Our neutrality legislation should declare an absolute embargo on exportation of arms, munitions and implements of war to belligerents or to states involved in civil strife; should prohibit American vessels carrying goods and passengers to belligerent powers, and should provide that a State of War exists when so declared by any foreign belligerent or when the President or Congress finds an undeclared state of war between two or more foreign states.

In the language of the late President Theodore Roosevelt, "SPEAK SOFTLY AND CARRY A BIG STICK!"

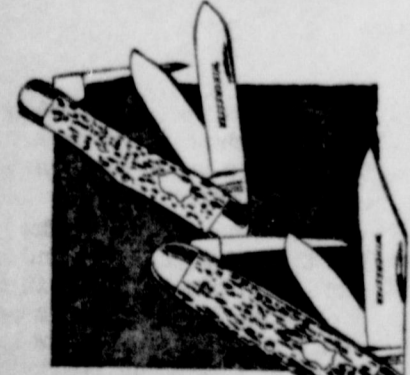

WITH OUR NEIGHBORS

Uvalde Leader-News—Delegations from Uvalde and Zavala counties will go to Austin Friday, June 30, to appear before the State Highway Commission seeking a new bridge across the Nueces River on Highway No. 4, 12 miles south of Uvalde. It was learned late Wednesday.

Fort Stockton Pioneer—Setting 2 o'clock on the afternoon of Monday, July 10, as the date for the hearing of the proposed zoning ordinance for the city of Fort Stockton, the city council has taken the second step toward adoption of regulations restricting building in the city.

City Drug

Wildlife Notes

Fish rescue work, of which much is done each year by the Texas Game Fish and Oyster Commission, has started. State Game Warden Sam Turner of Waco reports the rescue of 21,000 fish from an old channel of the Bosque River. A large party of Waco sportsmen cooperated in the rescue work. All the members of the finny tribe saved were placed in the Bosque below the Lake Waco dam.

Receding waters following heavy rains and streams, lakes and bar pits drying up during the summer months strands millions of fish in Texas. During the fiscal year of 1937-38 game department employees rescued a total of 2,846,279 fish and placed them in rivers, streams and lakes of which there was no danger of going dry. The fish rescued totaled nearly as many as were produced in the state fish hatcheries during the same period. 3,068,705 crappie, cat bass and bream being propagated by the hatcheries and used to stock waters of the state.

How'd you like to catch a six-foot forty-eight pound alligator on your trot-line? That is just what a party of four Belton fishermen did on the Lampasas River in Bell County south of Belton recently, State Game Warden K. S. Hull reports.

The alligator, far from its natural habitat, which in Texas is deep East Texas, became tangled in the fishermen's lines and had drowned when the four fishermen pulled it from the water.

Gators are occasionally found in Central and North Texas, but they are not native and have generally escaped from pens.

Early reports from several sections of the country to the State game department are to the effect that quail and dove are prospering. Should conditions during the remainder of the rearing season continue good, nimrods should have some excellent sport this year.

The trapping of antelope, as carried on by the game department in the trans-Pecos region two months ago is being hailed by big game experts in a large number of states as the most successful project of its kind ever attempted. More trapping will be done this fall after the young antelope have attained some size, it is announced by Will J. Tucker, executive secretary.

Antelope, strange as it may seem, will not leap a fence higher than four feet. As a result, have become overpopulated with the fleet-footed animals while other sections have none. The antelope trapped were transported to ranges as far distant as 100 miles, thus stocking new territory and relieving some ranchmen of having their range overgrazed and having the animals undernourished.

However, the plains region is the natural habitat of the antelope and they will not thrive in wooded areas. Therefore, no attempt will be made by the game department to stock any areas other than those on the plains. But, should antelope continue to increase in numbers as they have done in the last few years, there is a possibility of an open season on them not so many years from now.

a gun, uncoiled his lariat and made a perfect throw. The eagle made a dash at the rancher, hanging a talon in one of his hands.

Texas Mohair Weekly—The tenth annual Rodeo and Race Meet, under the auspices of the Edwards County Fair Association, closed another successful three-day program at the fair grounds here last Saturday, and it was the opinion of those attending that the 1939 annual event was the most complete, as well as enjoyable, ever held in this section of the country.

PRESENTS KEY

Lowery Martin, chairman of the Texas Press Treasure Chest Committee which had charge of the placing of copies of practically all Texas newspapers in the crypt in the founders monument dedicated at the 1938 State Fair of Texas, presents President Deskins Wells, President of the Texas Press Association with a gold key which will be used by newspapermen in 1938 in opening the Treasure Chest.

President Wells was custodian of the Key for only two days, as he turned it over to his successor, Walter Buckner of San Marcos, recently elected President of the Association. The key will be turned over each year to each succeeding president until 1988.

The presentation ceremonies took place at the recent convention of the Texas Press Association at Lubbock.

It Happened in Sanderson TEN YEARS AGO This Week—Remember?

JUNE 28, 1929

263,256 pounds of wool was sold here last Thursday by the Sanderson Wool Commission Co., to three Boston firms. All the wool sold was of 12-months clip. Prices received for the wool ranged from 28 1/2 to 31 cents.

A new house is being constructed on the McCue ranch near Sanderson. Roy and Gene Erwin of Del Rio have the contract for putting up the building.

Mr. and Mrs. Carl Cochran and children have returned from a visit with relatives in San Antonio and Del Rio.

C. I. White was a visitor in Dallas several days this week.

Mr. and Mrs. Dave Poillard and son returned from Rio Frio where they were visiting Mr. and Mrs. Hays Cavender.

Mrs. J. W. McKee returned last Saturday from El Paso where she visited relatives last week. While there she enjoyed a visit from her nephew, John Perner, who came in from Mexico to visit relatives.

McDuffey Kessler and Minton White were Sunday visitors in Alpine.

Al Creigh returned last Saturday from San Antonio where he had gone on business the first of the week.

HENRY MANSFIELD, Owner

The tomato, either ripe or green, is a rich and cheap source of vitamin C—without which a person may suffer from bleeding of the gums, loose teeth, sore joints, loss of appetite, and loss of weight.

Ripe tomatoes have an abundance of vitamin A which guards against "dry eye", night blindness, and infections of mucous membrane lining of the nose, throat, lungs and other organs of the body.

The tomato is a source of vitamin B which prevents beri beri, a disease characterized by a wasting at the ends of certain nerves and resulting in several types of paralysis.

FIRE AND SM

Cost the people of the United States \$1,000,000 daily and an average of 41 lives are snuffed out each 24 hours. Enough to make your heart sink. PROTECT YOUR FAMILY AGAINST SKIDS!... BLOW-OUTS!... PUNCTURES!

Here's the Scientific Tire and Tube Combination that does ALL THREE!

THE new Goodrich Safety Silvertown Tire with Life-Saver Tread has a regular windshield-wiper action that sweeps wet roads so dry you can light a match on its track! No wonder this new kind of tire will stop you quicker, safer on a wet pavement than you've ever stopped before! And at all times—whether roads are wet or dry—Silvertowns give you that other great life-saving feature—the famous Golden Ply blow-out protection.

And just look at this big, husky Goodrich Sealomatic Safety Tube—that lets you ride over tacks and nails and keep right on going! Yes, it's a fact. When nails or other objects penetrate this amazing tube it seals the opening automatically without loss of the air. And even though the nail may stay in this position and be pulled out days or even weeks later, the tire does not go flat. Let us put the tube "that never lets you down" in the tire that may save your life.

1 THIS NEW ROAD-DRYING TIRE GIVES YOU THE QUICKEST NON-SKID STOPS YOU'VE EVER HAD

2 FAMOUS GOLDEN PLY BLOW-OUT PROTECTION, TOO!

3—AND THIS NEW KIND OF TUBE SELF-SEALS PUNCTURES WHILE YOU RIDE!

Maureen O'Hara and Robert Taylor Starred in "Stand up and Fight"

Maureen O'Hara and Robert Taylor in "Stand Up and Fight"

The Western breathes new life with every note of Nelson Eddy's songs in "Let Freedom Ring," the Princess Theatre's offering for Monday and Tuesday. The picture presents a happy combination in blending the romantic action drama of pioneer days with the music which fits the setting. And never has the screen's leading baritone been in better voice or offered more convincing dramatic work.

Songs Brought By Nelson Eddy In "Let Freedom Ring"

Despite the competition of such assured scene-stealers as Virginia Bruce, Victor McLaglan, Lionel Barrymore, Edward Arnold, Guy Kibbee and Charles Butterworth, with whom he is teamed in the leads, Eddy emerges preeminent as the young Harvard law graduate who is expected to champion the embattled farmers against the encroachments of a ruthless road gang.

The variety of musical selections heard in "Let Freedom Ring" include such well-known and beloved songs as "When Irish Eyes Are Smiling," "Love's Serenade," "Home, Sweet Home," "I've Been Working on the Railroad" and "My Country 'Tis of Thee." Then there are two new numbers especially written for the picture, "Dusty Road" and "Where Else But Here," and also an engaging comedy song, "Pat, Sez He."

A newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court, Sixty third Judicial District of TERRELL County, to be held at the court house thereof, in the town of Sanderson, Texas, on the fourth Monday after the first Monday in July, 1939, being the 31st day of July A. D. 1939, then and there to answer a petition filed in said court on the 20th day of June, 1939, in cause numbered 1894, wherein the State of Texas is plaintiff and J. Blalock, and the unknown heirs of J. Blalock, deceased; Mrs. J. Blalock, and the unknown heirs of Mrs. J. Blalock, deceased; C. E. Stone, and the unknown heirs of C. E. Stone, deceased; Mrs. C. E. Hendricks, deceased; all other parties owning, having or claiming any interest in the land herein mentioned, or any part thereof, or in any part thereof, all of whose names are unknown, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be

Three Musketeers To Appear At Princess Friday, Saturday

Motion picture companies have presented Dumas' "The Three Musketeers" several times on the screen, but never like this. The new version is described on the credit sheets as "a musical comedy version" of the classic, and the resultant hilarity of what might have been expected when the news came that the Ritz Brothers would occupy the roles of the three musketeers.

DON AMECHE

Don Ameche has the role of "D'Artagnan," and others in the cast are Binnie Barnes, Lionel Atwill, Gloria Stuart, Pauline Moore, Joseph Schildkraut, John Carradine, Miles Mander, Douglas Dumbrille, John King, Russell Hicks, Gregory Gage. Allen Dwan directed the picture, the screen play was written by M. M. Musselman, William A. Drake and Sam Hellman. Sid Kuller and Ray Golden contributed special material.

Clerk of the District Court Terrell County, Texas. Issued this the 20th day of June A. D. 1939. D. L. DUKE, Clerk of the District Court Terrell County, Texas. 16-4t

Notice
THE STATE OF TEXAS,
COUNTY OF TERRELL.
To all persons owning or having or claiming any interest in the following described land delinquent to the State of Texas and County of Terrell, for taxes, to-wit:

All of Abstract No. 700; Certificate No. 110; Survey No. 7; Original Grantee—M. K. & T. E. Ry. Co., located in Block No. "S" and in Terrell County, Texas, and containing 640 acres of land, more or less, which said land is delinquent for taxes for the following amounts: \$125.64 for State taxes and \$259.62 for County and District taxes; said taxes being delinquent for the years 1919 to 1937, both years inclusive, and you are hereby NOTIFIED that suit has been brought by the State for the collection of said taxes, and you are COMMANDED to appear and defend such suit at the July Term, 1939, of the District Court of Terrell County, and State of Texas, (being the Fourth Monday after the First Monday in July A. D. 1939, and the 31st day thereof), and show cause why judgement shall not be rendered condemning said land (or lot), and ordering the sale and foreclosure thereof for said taxes (penalties, interest), and costs of suit.

GIVEN UNDER MY HAND AND THE SEAL OF SAID COURT in the City of Sanderson, Texas, this the 20th day of June A. D. 1939.
D. L. DUKE,
Clerk of the District Court of Terrell County, Texas. 16-3t

STOCKHOLDERS' MEETING
The annual meeting of the stockholders of the Sanderson State Bank, of Sanderson, Texas, for the election of directors and the transaction of any other business that may come before the meeting, will be held at the office of said bank on Saturday, the 1st day of July, 1939. Polls open from 10 o'clock, a. m. until 12 noon.
14-4t. L. M. Baze, Cashier.

All kinds of office supplies at The Times.

CABALLERO (LEFT) PEON AT CUTTING BANANA STALKS, CORDOBA. LANGUOROUS SIESTA, ACAPULCO. ONTARIO ROOF GARDEN.

Denton, Texas—Following President Roosevelt's "Good Neighbor" policy toward Latin America, the North Texas State Teachers College this year will sponsor a Mexico Study Tour, July 16 to August 23, which will be sponsored by the college art department.

And there's a colorful land lying below the Rio Grande, says Ronald Williams, tour director, who brought back the above pictures from 'siesta land' when the Denton Teachers College first sponsored the tour three years ago.

Typical, says Williams is the rich land owner shown at the upper left. This picturesque caballero has the host to a group of Teachers College students who made the tour in 1936. On his vast rancho near Mexico City, he entertained them with a rodeo circus in his miniature arena. There was a mock bull-fight, cowboys riding at break-neck speed swooped down and snapped off the heads of chickens buried in the sand, there was roping and riding, and between each event Mexican movie stars danced with beautiful señoritas to the music of two Mexican bands.

The silvery embroidery on this riders hat is worth thousands of dollars. Each Sunday he and his compatriots dressed in their rich finery, may be seen riding up and down in Mexico City parks.

In Orizaba, near the Gulf Coast gardenias and orchids are sold for a song by peons who work neighboring plantations. Five cents buys two dozen flowers, kept fresh in banana stalks, as in the picture at the upper right. The sliding sections of the banana stalks are closed at night, collect moisture, and are cold as an electric refrigerator by morning.

The center picture shows a peon working one of the gardenia and coffee plantations, ready to cut banana stalks with his machete.

The siesta picture at lower left above was taken at Acapulco between early morning deep-sea

fishing in the Pacific and a swim which followed in a sheltered cove near the hotel. The others in the group were out gathering green coconuts. These are sliced open with a machete, straws are inserted, and one has a cold jungle drink. One morning a sea turtle was speared from a launch, but the fellow mede good turtle soup for the party that night.

Blue-and-white striped and orange-polka-dotted fish are found in the crystal waters off a neighboring beach.

The roof garden in the picture at the lower right is one of the oldest and finest hotels in the city—the Ontario, where ambassadors and aristocrats stay, and where one may look over the entire city and see in the distance, the picturesque Mout Popocatepetl.

The Mexico Study Tour will cover 4389 miles in eleven states of the Republic of Mexico. It will offer graduate credit in art, but will be open to those wishing to make the trip for pleasure.

A Citizen and a Taxpayer Alert and Eager To Serve You

SLY SI SAYS

Dear Mr. Times: Scientists say that we and all the tribes of northern Europe are kinsfolk, but none of us will claim blood relation with our bloody relations in Germany—there are too many strained relations between us.

Germany's the same way we reckon because when she wants anything she takes it and just figures "what's a little blood between relatives."

Furthermore she's more anxious to purify her blood than we are—look at the batch of other people's blood she's shed in the last 100 years!

The papers report a split between the Jap army heads. We're glad—maybe that'll stop the splittin' of Chinamen's heads for a while.

Mr. and Mrs. A. E. Creigh Jr. and son, Al, returned Sunday from Rocovert, West Virginia, where they attended a family reunion held at the home of his mother Mrs. A. E. Creigh, Sr. While away they also visited at the New York World's Fair.

Miss Betty Bassett, who has been with the Community Public Service Company offices in Pecos for the past ten months, returned to her old position with the local office Thursday of last week. Miss Silen Appel had filled the place here during the time Miss Bassett was in Pecos.

Mrs. Goodykoontz Hostess To Methodist Society

Monday afternoon the Social meeting of the Missionary Society of the Methodist Church was held in the home of Mrs. J. R. Goodykoontz.

Mrs. J. Y. Bowman was leader of the program, "Widening our National Outlook" with the following assisting Mrs. Bowman, Mesdames A. B. Gates, Jennie Freeman, Bustin Canon, H. E. E. Sell, C. H. White and C. J. Watts.

Following a short business meeting held by the president, Mrs. Canon, a lovely plate lunch was served by Mrs. Goodykoontz, assisted by Mrs. C. P. Peavy.

Those present were Mesdames B. Morefield, Jennie Freeman, A. B. Gates, J. Y. Bowman, C. H. White, Bustin Canon, H. E. E. Sell, Sam Underwood, C. J. Watts, Geo. Newsome, K. M. Lattimore and Miss Mildred Underwood.

Mr. and Mrs. E. S. Palmer and children of Del Rio spent the week-end with Mr. and Mrs. O. H. McAdams. Both families spent Saturday at the McDonald Observatory near Fort Davis.

Mr. and Mrs. W. A. Nunn left Thursday for a visit with relatives in El Paso.

Mr. and Mrs. R. D. Holt and children, Roy and Nancy went to Del Rio Tuesday where they met Mrs. Holt's brother and family. Mr. and Mrs. W. L. Pearce and children, David and Margie of Louisville, Ky. returning to Sanderson Wednesday. Mr. Pearce and family left today for Coleman where they will visit before returning home.

Mr. and Mrs. Collins Coates and Mrs. W. A. Nunn went to San Antonio Thursday of last week to visit with Mrs. F. B. Fyle who has been in a hospital there. They returned home Monday.

TO SAN FRANCISCO FAIR Mrs. J. W. Haynes and children Harold and Marzee and Mrs. C. D. Carter and daughter, Jerry, left Wednesday for the fair in San Francisco, California. They will also visit in Los Angeles and Sanego, California and on their return home will visit a few days with a son, Buck Haynes in Phoenix, Arizona.

Mr. and Mrs. Walter Reiffert and children, Avis, Marce and Billy C. Foster of Cuero arrived here Friday for a visit with Mr. and Mrs. R. S. Wilkinson. Mrs. Reiffert and Mrs. Wilkinson are sisters.

Mrs. Theresa Friend and son, Houston Stokes, of Robert Lee visited here Tuesday and Wednesday with Mr. and Mrs. Preston Prater and children.

Mrs. Grace Wheeler returned home Sunday from Rocksprings where she had been visiting Mrs. Maia Wheeler, who accompanied her home.

Leo Daniels is home for the summer from Dallas where he has been attending Baylor Medical University. He is the son of Mr. and Mrs. J. W. Daniels.

Proof that the old-time dances can rival the jitter-bug favorites of today in popularity was given when the polka was introduced recently at an outdoor dance at Texas State College for Women. The students now demand polka music at every dance.

The old grasshopper-ant story is no longer told at Texas State College for Women to their young charges in the kindergarten. As a more effective way of demonstrating the ant's preparedness they filled a container with the necessary food and dirt, added a few families of ants, and settled down to watch developments. Teachers and pupils alike were fascinated by the activities of the tireless insects.

A new replica of the dress worn by the wife of Governor Sam Houston when he was inaugurated in 1859 has been added by the Huntsville Chapter of the D. A. R. to the collection of inaugural gowns at Texas State College for Women.

WANTED—Position as governess. Have had several years experience in teaching and have specialized in primary work. Can furnish references. Mrs. Carrie Hogue Brotherton, Gen. Del. Del Rio, Texas. 17-26P

BIG BEND TRIP FOR CONCHO VALLEY SCOUTS

Plans are well under way for a Senior Scout Exploration trip in the Big Bend country and old Mexico. Directed by Frank Barney, Chairman of last year's trip, Scout leaders through the Council are arranging for the older Scouts to enjoy a real exploration. Through assistance of park officials connected with Sul Ross College, Professor G. P. Smith, a pack-horse trip into the unexplored mountains of old Mexico will be featured. Many leaders are expressing their desire to accompany the Scouts.

Serums Developed For Combating Hay Fever

It will not be many weeks until a large number of Texans will be sneezing, wheezing and in many other ways evidencing that they are victims of so-called hay fever. Many of these persons either because of ignorance or carelessness, will endure their affliction, bolstered only by the distant hope of the "fall frost" which will mark the end of their ordeal for this year. On the face of it, these allergies have a rather hard row to hoe. However, for many of them, this situation could be altered most favorably, prophesies the Texas State Health Department.

Indeed, science has developed a successful method of combating many forms of this seasonal affliction. For persons who possess this unusual sensitiveness to the pollens of certain plants, weeds, grasses, and trees, serums have been developed to counteract it.

Before this type of treatment can be effected it is essential that the particular pollen causing the disturbance be discovered. Guesswork plays no part in this investigation. The physician will make simple and painless tests with extracts of pollen that are suspected of causing the trouble. By way of a needle prick a minute portion of each of the pollens under suspicion is placed under the skin. And that extract which generates a slight local reaction points to the offender. Inoculation of that type of serum is then administered.

The potency of this treatment depends upon its use prior to the pollen season. Immunity must be established early. Bodily reactions to this type of therapy are slow. In fact several months involving several treatments at intervals are required.

While this preventive is not effective in all cases, the percentages of successes has been

sufficiently high for every hay fever sufferer to give it a fair chance. In some patients the result while not totally satisfactory, has noticeably reduced the suffering.

Also recommended for diminution of suffering is cutting of ragweeds from locales where hay fever sufferers frequent. Vacant lots are a potent source of ragweed and should be included in preventive measures against the disease.

Wildlife Notes

Due to cooperation obtained from State Game Warden F. O. Lytton the Valley section of Texas will have thousands more whitewinged doves this year. The warden found employees of a huge ranch operating a brush machine with the intention of pushing down 2,000 acres of brush in which thousands of whitewings were nesting. Warden persuaded the landowners to wait a month before destroying the brush. They will now have ample time to raise the young before their habitat is destroyed.

In answer to an often-asked question: Only nimbros hunting migratory WATER-FOWL need purchase the Federal duck stamps. It is not required to dove hunters.

While blue catfish often take angler's plugs, it is a bit unusual for yellow cats to be attracted by

the lures. However, a yellow cat has been seen casters on the huge Lake in Central Texas.

State Game Warden Conner, whose district is Orange and Chambers counties, was recently voted an outstanding member of the Gulf Coast Rod and Club of Beaumont.

USE CAUTION—Bog Texas roads and streets est in the nation.
