SANDERSON, TEXAS FRIDAY, DECEMBER 8, 1939

NUMBER 40

AMERICAN LEGION, LADIES' AUXILIARY VERY SUCCESSFUL CONVENTION HERE

E. Thomason Principal Speaker Special Services

Members of the local Post American Legion and the Ladies' Auxiliary held a very successful convention here Saturday and Sunday with approximately 150 delegates and guests in attendance.

Registration programs were arranged for both organizations beginning at 8 o'clock Saturday morning at the Hotel. Registrations continued until 3 o'clock in the afternoon when a concert was given by the local high school band and a parade of the band members was led by Legion members.

to Open Tonight: Fort Russell Here

Sander High School basketball team will open the season with the strong Fort D. A. Russell team in local gymnasium tonight, December 8, beginning at nine o'clock. The game will be played after the school which is to be staged in the gymnasium.

Games on the Eagles squad were played in the past by Basset, Bodkin, Burckle, Davis, Haynes, Kerr, Litton, Lochausen, McDonald, James McCreesh and Trevino. Probable starting for the team will be Litton, Burleson, Kerr and M. Davis.

R. S. Wilkinson Retains With Mexican Motif

R. S. Wilkinson entertained the Wednesday Bridge Club at her home Wednesday afternoon. The Mexican motif was used in the tallies, table and refreshment plate. Max Bogusch was winner of score prize and Mrs. W. Peavy was awarded second prize.

Present were Mesdames Mesdames McCreesh, D. A. Max Bogusch, Bustin A. E. Creigh, Jr., J. C. R. D. Holt, James Kerr, M. C. P. Peavy and W. Peavy.

Mrs. Zeb Newsom and her family have been making some in Lordsburg, N. M. here last week-end visiting friends.

Helen Downie and sons, Jack and Jack, spent the Christmas holidays on the ranch. They returned to Sanderson Sunday.

Those who are in Fort D. A. Russell attending the Christmas and Goat Raiser's Convention are Mr. and Mrs. Steve Kerr and Mr. and Mrs. Williams.

OGLESBY'S Whitfield Oglesby

Two friends who are married this Christmas. They are splendid young men, both mentally and physically, and if they really understand marriage means marriage is so different than when grandfather and grandmother marched up the aisle. During those days they took "until do us part" literally and figuratively. They had no differences. It is true, but now they managed to get them out satisfactorily. Of the modern life has placed a different aspect on marriage but fundamentally it is the same. Marriage is a partnership in which each party shares and is alike. This partnership, successful, must be founded on complete and honest understanding and loyalty to each other. (Continued to page two)

New Band Uniforms Are Received By Sanderson Schools

The Sanderson School Band received nineteen new uniforms last week which increased the number of school owned suits to forty-eight. The suits cost approximately \$15 each and are similar to the uniforms already owned by the band, which are an orange jacket and black trousers and an orange military cap. Two white gaberline suits were also received in the shipment. These were for bandmaster C. F. Pickard and drum major B. F. Davis.

Plans are being formed for the Sanderson Band to enter the District Band contest in Odessa next spring, the first time the band has attempted to enter such competition.

The new uniforms are yet to be paid out by the band organization. The Parent Teacher Association and the band carnival on Hallowe'en netted a total of \$86.21 which was the initial payment on the new suits. The balance of the cost was advanced by the school board until the band could raise additional revenue. The program tonight is the next step in the payment of the new suits.

ROTARY CLUB VISITED BY DISTRICT GOVERNOR WED.

Joseph C. Netzer, district governor of the International Rotary Clubs, of Laredo, was a visitor with the local club at its regular meeting Wednesday.

Mr. Netzer gave a very interesting address following a most enjoyable program of Christmas songs presented by Miss Anna Lee Hall. Mr. Netzer discussed the finer points of Rotary, explaining the benefits that can be derived from Rotary when efforts are put forth.

Willard Simpson, president of the Rotary Club of San Antonio, accompanied Mr. Netzer to Sanderson and extended a hearty welcome to the local club which has just been transferred into the district. Formerly the club was in the western district which extends west from Sanderson and into New Mexico.

Six new members were welcomed into the club at this luncheon hour. They were Jack Hayre, W. E. Stavley, Robert and Joe Kerr, Billy Ferguson and Johnny Williams.

Mrs. B. Carson Hostess to Tuesday Club

On Tuesday afternoon Mrs. B. Carson was hostess to the Tuesday Bridge Club in the home of Mrs. Mary Lou Kellar. Bouquets of beautiful roses were used in decorating.

High score prize was won by Mrs. C. P. Peavy and Mrs. Jim Nance was winner of second high score prize.

The hostess served a salad plate to the following guests and members: Mesdames Clay Adams, W. H. Goldwire, Denny Sullivan, D. M. Wells, Tol Murrain, D. A. Pollard, C. P. Peavy, Austin Nance, Jim Nance, Lee McCue, J. C. Kern, Mary Lou Kellar, John Harrison, Walter Grigsby, Bustin Canon and C. M. Breeding.

Mr. and Mrs. Andrew Dilworth and daughter, Patricia, of San Antonio spent the week-end in the home of Mr. and Mrs. N. E. Charlton. The entire group joined by John Fisher Charlton, visited the McDonald Observatory Saturday at Fort Davis. Mr. Dilworth also remained over for the American Legion convention Saturday night and Sunday.

Mr. and Mrs. Hal Tyler were visitors to Royalty Wednesday of last week where they spent Thanksgiving with her mother, Mrs. John Turmea.

CONTRIBUTORS ASKED—

Shown above is State Supt. L. A. Woods as he signed a letter to all county and city school superintendents asking that each school child in the state contribute ten cents toward continuing construction on a Texas Warm Springs center. Construction is now under way on the first unit of the center, sponsored by Gonzales Warm Springs Foundation, which when completed will provide facilities for treatment of sixteen crippled children. The first unit, a \$28,000 NYA project is a part of the Foundation's master plan for the center, designed to care for more than a hundred crippled children at all times.

GLANCING BULLET CAUSES INJURY

Sheriff Jim Nance has a bruised and battered as well as a burned side as result of his offer to prove that his 270 rifle would shoot through a railroad rail.

Mr. Nance had shot through the piece of rail from the side two or three times and decided to shoot again before quitting. He was standing several yards from the rail and failed to hit the center, hitting the curving part instead. The curve in the rail made a boomerang of the jacket of the bullet, throwing it right back at Mr. Nance. It cut its way through a woolen sweater, his shirt, and his underwear to smack a thud against his side. The force of the bullet was so well spent by that time that it did not go under the skin although it did cut it. The flattened jacket did hit with enough force to bruise his side rather badly and was hot enough to take the hide off when it was pulled off. None of the on-lookers would repeat just what Mr. Nance said, but he did think he was shot.

Texas Oil Industry Is Portrayed in Advertising Program

With December issues of state newspapers the Texas oil industry through its service organization the Texas Mid-Continent Oil and Gas Association has begun a series of institutional and educational advertising. The first of the series appears in this week's issue of the Times.

"It is logical that Texas, being the biggest producer of oil should think along lines of institutional advertising," George C. Gibbons, executive vice-president of the oil and gas group, said. "Twenty-five per cent of all the oil in the world and forty per cent of the oil in America comes from Texas. One hundred and thirty-four counties located throughout the state are now in production with exploration or leasing under headway in all but fourteen counties of the 254."

"Outside competition has forced average well production to such a low figure in Texas today that only by most careful management can our industry survive its fixed overhead costs. If through this institutional advertising program we can bring about a change in public opinion, (Continued to back page)

STUNT NIGHT PROGRAM OFFERS GOOD VARIETY

The "Stunt Night" program which is being staged by the Sanderson School Band tonight, December 8, starting promptly at 7:45, promises variety and entertainment to every person in the community. Sixteen organizations in the community have been invited to participate and most of these have accepted the invitation. The groups invited to present one stunt are Rotary Club, American Legion, Parent-Teacher Organization, American Legion Auxiliary, Culture Club, Junior Women's Club, the Boy Scouts, the teachers from each of the three schools and the five classes in high school. Most of these organizations have announced that they have selected their act and have been practicing on it.

The admission charges are to be 15 and 25 cents and the money raised is to go to pay for additional band uniforms which have been received recently. All persons are to pay admission, since there are no free passes.

The rules for the presentation of the stunts and upon which the judges will base their decisions are the selection of the stunt, the acting or presentation of the stunt, and the appeal to the audience.

The winner will be decided by three or more impartial judges and the winner will receive a prize of \$5.00.

Immediately after the program the Sanderson High School basketball team will play the Fort D. A. Russell army team from Marfa in the gymnasium.

Plans for "Mix-Up" Basketball Tourney Are Under Way

Preparations for the annual "Mix-Up" basketball tournament which was inaugurated last season are being made. This tournament was entered into enthusiastically last year, and promises to be of even greater interest this year. The money raised by admission tickets will go to the high school athletic fund.

The rules of the tournament are as follows:

1. Anyone living in Terrell County may enter the tournament as a player. All entries are as individuals as not by teams. Each entry pays a fee of 25 cents in order to participate and this gives him a pass to all the games of the tournament. Those out of school are encouraged to enter.

2. There shall be only one class for all players, which includes high school and outsiders.

3. Drawing is made from all names entered for the tournament and continued until a team and two substitute players is drawn. The number of teams entered depends upon, of course, the number of players entering the tournament. After drawings have been made for teams then the teams are paired as for regular tournament play.

4. The winning team will be given appropriate awards.

5. The time for the tournament is set for Wednesday night, December 20th or the first rounds of play and for Thursday night, December 21, for the finals.

6. All players who will enter the tournament are asked to report to Duane Smith on or before Friday night, December 16th.

SIGN IS REPAIRED

The neon sign at the Princess Theatre has been repaired this week and does a lot to light up the town in that section. Carlton White states the sign has been out of order for many months but that he decided it should be working for the theatre again.

Jack Pope, formerly of Sanderson but now of Marfa, was a visitor here Friday of last week.

High School Honor Roll for Second Six Weeks Period

Following is a list of the names of those who have made the honor roll for the second six weeks period:

David Allen, Pauline Bell, Patty Billings, Mary Hope Bodkin, Bill Cochran, Doris Cochran, Malcolm Davis, Mary Bess Hardgrave, Helen Ruth Harrell, Lillian Harrell, Bernice Harris, Margaret Jane Higgins, James House, Roberta Lochausen, Erma Lee O'Neill, Harold Surratt, Joyce Yeates, Margaret Ruth Yeates.

HONORABLE MENTION

Margaret Arrington, Mary Corder, Glenn Babb, Lois Mae Bassett, Billie Jo Corder, Nina Follis, Maxine Holmes, Edward Kerr, Marjorie Morris, M. G. Nortcut, Laura Oberling, Manuel Ochoa, Katherine O'Conner, Jane Ord, Margaret Pierson, Manuel Rodriguez, Jane Sims.

HONOR ROLL, ELEMENTARY

First Grade, Willie Wolf, Barbara Anderson, Betty Cooke, Nancy Jane Peavy, Peggy Robertson.

Honorable Mention, Paul James King, Jackie Talbot, Marilyn Mansfield.

Second Grade, Bart Colwell, Jimmie Harris, Billy McDonald, Jo Ann Lemons, Ruth Ann Kelly, Margaret Newton, Lorena Brown, Sammie Jo Burleson.

Honorable Mention, Bobby Cooke, Frank Harrell, Jr., Jack Harrell, Ernestine Jessup, Laverne McDonald, Evelyn Neatherlin, Beverly Jean Thorne, Wilson Banner.

Third Grade, Margaret Turner, Doris Duke, Betty Sue Yeates, Betty Jo Beckett, Patty Jo Robertson, Harriet Ann Pierson, Betty Ann Peavy, Nancy Lou Holt.

Honorable Mention, Edgar Wells, Vivian McKnight.

Fourth Grade, Hazel Babb, Edward Chastain, Mary Agnes Frazier, Mary Nell Gates, Avis McDonald.

Honorable Mention, Ora Mae Blackweider, Jeanette Cobb, Carrie Marie Turner, Noel Striman.

Fifth Grade, Mary Alice Allen, Mary Jean Ogle, Roy Holt.

Honorable Mention, William Talbot, Bennye Gilbert, Doris McSparran, Clyde Griffith, Jack Lester.

Sixth Grade, Charles Daniels, Bill Savage, Wanda Follis, Yvonne Oberling.

Honorable Mention, Earl Pierson, Joan Anderson.

Fifteen Lettermen In This Season's Football Squad

There were fifteen members of the local football squad who lettered during the past season according to Coach Duane E. Smith.

Those lettering were David Allen, Roger Basset, Martin Bodkin, Ralph Burleson, Al Creigh, Malcolm Davis, Lynn Haynes, Francis Keese.

Campbell Kerr, Kenneth Litton, Robert Lochausen, Theo McDonald, Wilton Murray, Jack Turner and Ross Stavley.

The following boys received reserve awards: Don Allen, Bill Davis, Joe Ozuna and Jesus Trevino. Jimmy Wilkinson will receive a sweater for serving as manager during the past season, and Robert Lochausen was elected team captain for the season.

Mrs. John Simmang and little daughter, Mary Kay, of Giddings, spent Saturday to Tuesday here visiting with her mother, Mrs. W. F. Bohlman and brother Vincent Bohlman. They left Tuesday for El Paso where they will visit with an aunt of Mrs. Simmang, Mrs. P. J. Clifford, for several days before returning to their home.

Miss Jane Ord was a visitor to El Paso the latter part of last week where she went to attend the El Paso and Austin High football game.

**WITH OUR
NEIGHBORS**

Alpine Avalanche—Plans are being made to open the campaign to buy needed land in the proposed Big Bend National park, it was announced recently by Amon Carter, publisher of the Fort Worth Star Telegram, who is chairman of the state executive committee.

Committees in Texas counties which have park land funds on deposit in local banks are requested by Mr. Carter to remit same to his office in Fort Worth as soon as possible.

Alpine Avalanche—Every corner of the Big Bend-Davis Mountain area has been covered the past week by the best rains which have fallen here at this season in several years, according to reports received in Alpine.

Big Bend Sentinel—Construction was begun this week on another major building for Marfa's 1939 year—the building of a service station at the intersection of U. S. Highway 90 and Highland Avenue, on the corner which for many years was the location of the Marfa Manufacturing Company building.

McCamey News—Gandy's Inc., of San Angelo is completing a \$5,000 distributing plant and living quarters in McCamey on North Burleson, which is expected to be ready for business about December 1.

Monahans News—Found guilty of recruiting football players by giving free lodging in a school-owned building and thereby offering inducement to players to remain in that school after their parents had moved from the district, Wink high school was suspended from participation in interscholastic football for one year or until such time as Wink officials can convince the District 7-A committee that these conditions have been corrected.

Menard News—Work on the WPA city paving project, which now encompasses five blocks to which more will be added in the near future, will continue to progress under a revised scheme of cost to the city. Mayor N. Z. Bethel stated this week after a conference with WPA officials from San Angelo and San Antonio.

Oglesby's Ogles—

(Continued from page 1)

other. This is the one sure way to happiness in marriage.

Of course divorce is accepted by modern society as a sensible and humane way of terminating marriage unions that have become intolerable, and as a social expedient, it probably has its place in our complex life of today. But this social expedient is abused in that so many many times it is taken as the easiest way out. Just like suicide when the going gets tough and one hasn't the backbone to overcome their difficulties.

Of the civil cases filed in the district courts, 50% or more are divorce cases. In some counties, I mean in this state, quite frequently one court is designated to try nothing but divorce suits. When a condition like this arises it is certainly high time a Court of Domestic Relations be established or some such solution be made to investigate and see if these marriage differences can be worked out satisfactorily for both parties of the union. The Legislature of Texas passes laws to protect our Wild Life—we'll let us have them pass laws to protect our marriages. Certainly a marriage union is much more sacred than wild life—at least the wild life has not been con-

The tragedy of divorce is tampered by modern ideas. found in the way it wrecks the lives of children involved—helpless children who are in no way responsible for the mistakes of their parents. Take for instance the case of the little Haselteen Black of Oklahoma City, whose bruised and mangled body was found in a field. Little Haselteen was a child of divorce. Her father and mother were divorced and each married again. The child spent part of her time with each. At last, she was murdered, so it seems, by a man who was angry with her mother for some unknown reason.

This helpless child, switched about from parent to parent—unwelcomed everywhere, was beaten to death by a brute who held a grudge against her mother. The fiend committed suicide when he saw that he was to be soon overtaken by the law.

Children of divorce are to be pitied, because they are denied the benefit of that type of home life which is not conducive to normal development—home life in which there is harmony and mutual affection between parents. Little Haselteen lies in her grave today because of the incompatibility of her parents. Her's was only one case among thousands of its kind. Modern society may yet have to pay dearly for its mistreatment of its most unfortunate members—the children of divorce. Something should be done.

**"Hotel for Women"
Brings Glamor to
Party-Giver's Debut**

A world of girls on their own, with the life of a million parties giving them a new slant on life rolls merrily into the Princess Theatre Monday and Tuesday in Elsa Maxwell's "Hotel for Women."

This Cosmopolitan Production for 20th Century-Fox marks the famous Elsa's film debut and describes in gay and thrilling terms a side of life you've never seen—dozens of smart, beautiful young things, girls who'll get to your head, girls who'll go to your heart; office girls in love with their bosses; girls on the make for fame; girls who want a good address—and a liberal education; girls looking for life in a pent house and girls longing for love in a cottage.

Production chief Darryl F. Zanuck lined up a fine cast to be co-featured with Elsa including Ann Southern, Linda Darnell (new screen discovery), James Ellison; Jean Rogers, Lynn Bari, June Gale, Joyce Compton, Elsa herself, John Halliday, Katherine

Aldridge, Alan Dinehart and Sidney Blackmer.
Gregory Ratoff directed "Hotel for Women" from a screen play which Katherine Seola and Darrell Ware prepared, based on a story by Elsa Maxwell and Miss Seola. Raymond Griffith post.
"Whistle a Little Old Melody," the song played and sung by Miss Maxwell at the cocktail party she throws in the film (yes Elsa gives you a typical Maxwell party!) was also composed by her.

Great Cast Brings "The Rains Came" To Life on Screen

Hailed as one of the truly great motion pictures of all time, Darryl F. Zanuck's production of "The Rains Came," the sensational successful novel by Louis

TYRONE POWER

Bromfield, plays Wednesday and Thursday at the Princess Theatre with Myrna Loy, Tyrone Power and George Brent sharing stellar honors.

This powerful story of human emotions at the breaking point and human lives at the climax, while the untamed forces of nature ravaged the earth, has been faithfully retold in this 20th Century-Fox film, in which all of Bromfield's colorful characters are brought to vivid life.

Myrna Loy is seen as the amorous Lady Esketh, Tyrone Power has the most romantic role as Major Rama Safti, and George Brent plays the world weary Tom Ransome.

Brenda Joyce, starmaker Zanuck's newest discovery, interprets the role of young Fern Simon, while others featured in the great cast are Nigel Bruce, Maria Ouspenskaya, Joseph Schildkraut, Jane Darwell, Marjorie Rambeau, Henry Travers and H. B. Warner.

Clarence Brown directed the production which reproduces

with breath-taking realism the earth quake, flood and fire and plague highlighting the novel. Philip Dunne and Julian Josephson wrote the screen play and Harry Joe Brown was associate producer.

Interviewed after his first showing of the film, Bromfield declared his delight with Zanuck's picturization of his novel and the expertness of Brown's direction.

Dryden News

Houston Chandler, Jr., who is attending San Angelo Junior College returned home Sunday after spending Thanksgiving with his parents, Mr. and Mrs. S. H. Chandler.

Mr. and Mrs. W. E. Dunlap of Ozona were week-end visitors of Mr. and Mrs. W. D. Chandler.

Ravens Tore Up Cotton

Ravens cantankerous, mischievous and generally regarded by landowners as destructive, were recently caught by Carl Clark of near Rochester (Haskell County) tearing up cotton from the burrs and throwing it to the ground. There were many ravens indulging in this destruction that the ground of the field was almost white with cotton. Mr. Clark and a neighbor reported to the State Game Warden of that region. Mr. Clark had no idea as to what caused the ravens to strip the cotton plants. He had never seen it done before.

THE RAINS CAME

LOY POWER BRENT

A NOTED EDUCATOR Speaks...

Dr. Homer P. Rainey, President of the University of Texas, has analyzed Texas' future possibilities in repeated public address. These statements express his thought:

"The next stage in the progress of Texas lies in the development of our great industrial and commercial possibilities."

"A program of industrial development centers around the manufacture of raw materials into finished products."

"American industry is moving closer to its raw material sources. We in Texas can capitalize on this movement if the opportunity is grasped."

"Our great highway development, coupled with industrial progress, will greatly aid the Texas farmer in his marketing problem."

"The best measure of the importance of an enterprise is the employment it creates and the income it produces."

"Our need for increased employment requires the keenest intelligence in solving the problem. Our boys and girls must be trained in highly efficient schools to meet the growing needs of farm and business."

"Our Universities are dedicated to a program of scientific training and research which will create employment and build industry to use our raw materials at home."

"Repeated failures did not stop our hardy pioneers in the building of our present empire. The same spirit must prevail for a successful future."

The Texas oil industry recognizes the soundness of these broad principles. They underlie present employment and provide for expanded future employment for our Texas people. The vital part oil plays today in putting these principles into actual practice will be portrayed in a series of advertisements to follow in this publication.

Antelope Trapping Is Resumed After Hunting Season

Sterling City—With all the color of the old-time cattle round-up, antelope are being trapped on the Brennan ranch near here by a crew of cowboys and biologists for the Texas Game, Fish and Oyster Commission and game conservation history is being made.

Due to the fact antelope, the fastest animal on the North American continent, will not jump a fence higher than four feet, they overgraze areas upon which they live and in order to increase the supply of pronghorns in Texas, to the point where it may be possible to open the season on them within a few years the game department found it necessary to devise a successful plan of trapping antelope, no easy task.

Two other states had attempted antelope round-ups and their mortality rate was so high, more than 50 per cent of the animals being killed, that the projects were abandoned. However, Dr. Lee Fisher, regional game manager for the Texas Game, Fish and Oyster Commission experimented and developed methods which proved so successful that only 2 antelope were lost in the first 93 trapped near here. A total of 93 antelope were trapped in ten days before the drive was suspended temporarily at the start of hunting season. It is now being resumed and it is believed more than 400 of the pronghorns will be trapped before the drive closes. They will be distributed to areas suitable for them. Areas must be open prairie as antelope cannot live on land too heavily wooded.

The colorful round-up of antelope has caught the fancy of newspaper and magazine editors and photographers for Life Magazine. Texas newspapers and magazines of this section have flocked to the Brennan ranch to get "shots" of the proceedings. Equipment for the round-up, which is a Pittman-Robertson federal aid project, is extensive. Eight of nine hard-riding cowboys are used in the round-ups and do not, nor can they spare their horses over the rocky terrain of this section.

Each drive is carefully plan-

TEXAS OUT-O'-DOORS

Austin—Quail built a church for the Liberty Community in Northeast Texas!

In 1934 a group of sportsmen in Sulphur Springs and surrounding towns formed the East Texas Field Trial Association. Seeking a suitable area in which to hold the annual trials the association finally settled upon Liberty Community in Hopkins County. Quail were more plentiful in some other sections, but the spirit of cooperation of residents of Liberty Community sold the Association.

When the field trials officials presented their problem to the community, landowners saw an opportunity to realize money from their quail crop without harvesting it—a case of eating

and still having it. So an agreement was reached with the agreement that the residents of the community build up their quail supply.

It costs \$3 to enter a dog in the field trials. \$1 goes to the Association, \$1 to the Liberty Community and \$1 is for the prize fund. The women of the community add to the proceeds by serving meals.

The affair turned out to be so successful that in 1938 the proceeds from the trials was enough to enable the Liberty Community to erect a substantial church. From the fruits of early success has come seeds of greater ambition. Both the association and the Liberty Community residents now feel that more quail on their farms will mean even greater income. Last summer they requested the Texas Game, Fish and Oyster Commission to assist them with technical advice name methods of producing larger bobwhite crops. The game department biologists for that region made a survey of the locality and concluded that too many fields were devoid of either sufficient food, cover, or both. Consequently, 13 landowners have agreed to build 36 different food and shelter patches. The Association agreed to furnish the wire for fencing purposes while the landowners are furnishing the labor.

Killed 25-Pound Goose
Ever hear of a wild goose bigger than 25³/₄ pounds being killed in Texas. If so the State Game department would appreciate the information. Jack Moody of Lufkin bagged a goose that big on the opening day of the season at the K. P. Hunting Club in Trinity County.

Veteran, 83, Gets Limit
George Walker, a veteran Lufkin sportsman who recently observed his 83rd birthday, will tell you hunting conditions are better in Texas than they have been in a good many years. The Vet East Texan bagged a duck in the Lufkin territory the opening day of deer season and went to the Gulf coast the following day. He brought back his limit of geese and ducks that night.

More East Texas Deer
Early reports to the State Game Department indicate deer are more plentiful in East Texas than they have been for many seasons. More are being killed this year.

Find Unusual Antelope
Should Texas ever have an

Guardian of Life and Health

A reserve of 44,000 Red Cross registered nurses stands ready to aid in preserving the life and health of the nation. Typical activity of Red Cross nurse is shown, working in clinic under doctor's supervision. Red Cross nurses are nation's reserve for Army, Navy and Government hospital service, and also to serve civilians in epidemic or disaster. The Red Cross Nursing Service is supported by members who join the Red Cross during Roll Call.

open season on antelope, which is far from being an impossibility, you may hear of a doe being mistaken for a buck and being killed. It is a very rare occasion when an antelope doe is found with a full pronghorn as large as those grown by a buck antelope. However, one was rounded up in the State Game Department's drive of antelope on the Brennan ranch near Sterling City recently. The doe appeared to be a barren animal. Buck antelope have a horn which curves back in a hook like shape and the prong is full. Does have a straight horn which does not boast a wide prong.

Bage Deer in 2 Minutes
Dr. George W. Lacy of Fort Worth may have set a record for other Texans to shoot at when the hunting season lasted just two minutes for him. Hunting in Gillespie County on opening day, Dr. Lacy killed a pair of bucks within two minutes after he started hunting. And that's another record the Game Department would like to know about if it is ever broken.

Bobcat Plays With Life
A bobcat which recently killed a 25-pound deer in Colorado County and carried it 100 yards before dropping the fawn in the middle of a road, paid with his life, or at least some relative of his did. The State Game Warden set three traps for the bobcat after discovering the dead deer. The following morning a huge male cat was found in one trap and there was evidence that another had pulled loose from another of the traps.

Great White-Wing Season
Texas recently closed its greatest white-wing dove season in a decade. It is estimated by State Game Department officials in the Rio Grande Valley that more than 350,000 of the sporty white-wings were carried into camp or home by hunters and that from 30 to 50 per cent more than that were killed, but were lost in the brush and cactus.

Mourning dove hunting was generally good over the state and reports of excellent shooting were received by the Game Department even from some areas surrounding cities of sizeable proportions.

Mr. and Mrs. Roy Haley, Mrs. Lula Stubblefield, Mrs. Prula Smith and daughter, Ellen, and Clayton Stubblefield spent Thanksgiving Day in Sheffield with Mr. and Mrs. Will Smith.

Church Services

Oil Industry—

(Continued from Page one)

vertising program we can stimulate the bringing of other industry into the state, we can help stimulate added employment and incidentally our own industry through the use of more of our products at home.

"Each time we interest other industry in coming to Texas to use our oil products we cut down exportation of our surplus. The new paper mill at Lufkin is an example in point. Though the paper is made of another raw product, timber, it is made possible through tremendous supply of cheap fuel. Much of our raw product is yet to be produced within the state. Wool and cotton are both examples of such opportunities.

"The oil industry has made tremendous strides in the processing of its crude oil, now refining more than eighty per cent within the state's borders and thereby furnishing employment for many thousands of Texas people.

"The advertising series will endeavor to portray to the public the part the oil industry plays in the economic life of Texas and its contribution to employment, tax revenues, distribution of new wealth created through constant production of oil and the advantage it offers to new industry."

NOTICE TO PIG OWNERS

Owners of pigs within the limits are hereby notified they must be removed according to a ruling passed by the commissioner's Court. It is illegal to keep pigs within the city because of the danger of spreading disease and because of cleanliness.
