**American Food Service** 

Baffles Spanish Refugee

"You Americans make things so hard," says Conchita Genoves,

Spanish refugee at Texas State College for Women, as she sits down

to eat and is confused at finding meat and vegetables on the same

plate. In Spain only one item of food is served at a time. One does

not have to think-"will I eat this first or that?" An exchange stu-

dent recently enrolled at TSCW, Conchita was forced to flee Spain

last February with her mother and two brothers, who are now in

Mexico. Her father is still a political prisoner in Spain.

# A Dangerous Combination

· Kite-flying is great sport for growing youngsters but danger lurks when kites are flown near electric lines. Every year little lives are needlessly lost in accidents caused by the use of wire for kite strings, attempts to retrieve kites entangled in electric lines and other hazardous practices.

## BOYS and GIRLS--PLAY SAFE!

Follow These Safety Suggestions

- 1. Do not use wise or metallic kite string
- 2. Do not fly your kite with wet string or in wet weather.
- 1. Do not use metal kite sticks.
- 4. Never try to rescue kites from electric wires by using long sticks or climbing poles
- 5. Never try to jerk your leite from an electric wire by pulling on the tail or string.
- 6. Best of all, fly your hires in open fields clear away from electric

If you see a kite eaught in a wire, call our office at once. Our employees know how to remove kites without endangering anyone or causing an interruption in electric service.
