VACCINATION CLINICS TO BE HELD WEDNESDAY

Ruby Caldwell, Red Cross announces that two immunization Clinics will be held on Wednesday and Tuesday of next week for pre-school children. On Wednesday, the Mexican people are invited to bring pre-school children to the new Mexican clinic at 1 p. m., and on Tuesday the clinic for the American children will be held at the house in the county court-rooms at 1 o'clock in the afternoon.

Caldwell says, "Any mother who has a child over six months of age should have that child protected against diphtheria and smallpox. A bulletin from the State Board of Health at Austin states that this state has the highest death rate from diphtheria."

Caldwell also stated that services rendered by Dr. R. E. Kern and Dr. J. C. Kern, for there was no charge, were appreciated. They aided in the examination of a number of school children over 1500 injections were given by them. The serums were furnished by the Red Cross of this county.

E. A. Robertson is giving mental inspections Wednesday next week to school students. Pupils in the grammar school will be examined first, followed by the high school and the Latin-American students.

Sanderson Obtains Twenty-five Percent Fire Credit

Effective March 1, purchasers of insurance in Sanderson are to receive the advantage of an additional 10 percent discount from premiums for good fire records.

In the past several years the city has had the 15 percent fire record, but effective the first of the month it was increased to 25 percent good fire record. This is the maximum discount for good fire records and means a saving of around \$2,500 to 10,000 to policyholders according to insurance men. A fire of consequence would place the city back in the 15 percent category, and a fire doing \$100,000 damage would add a penalty of 15 percent.

Sanderson All-Stars Winners In Alpine Basketball Tourney

Two trophies are being proudly displayed in the window of the Royal Dry Cleaners this week by members of the All-Stars basketball team which was sponsored by that firm.

The trophies were received when Sanderson took first place at an independent meet in Alpine the latter part of last week. One becomes the permanent property of the team and the other will become their property if it is possible for them to win the tourney again next year. Only two teams have won the trophy previously, but for only one year.

Members of the team who made the tournament were A. B. Caraway, Bill Caraway, Kenneth Litton, Robert Lochausen, Pat Harris, W. E. Stavley and Coach Duane Smith.

They won their first game from the Alpine Independents by a score of 26 to 23. In the semi-finals they took a game from the Kandy Kitchen team with a 33-29 score, and in the finals defeated the Fort D. A. Russell Marfa team by a score of 44-33. Gold basketballs were awarded them in addition to the trophies won.

The ring ceremony was performed in Fort Worth Oct. 11, with the couple leaving immediately for visits in Oklahoma, Arkansas, Missouri and Illinois.

The bride was graduated from Ozona High School in 1936 and studied later at Draughon's Business College in San Antonio. Mr. Geers is a radio operator at the airport in Dryden, where he and his bride will reside. After graduating from Corrollon High School in Illinois, the bridegroom attended the radio school at Chanute Field in the same state.

Nichols-Davenport Nuptials Held At Presbyterian Church

The First Presbyterian Church was the scene of an impressive wedding ceremony Saturday night when Dr. John V. McCall of Karnes City, united in marriage Miss Beatrice Nichols and Mr. Seth Rogers Davenport.

Mrs. Davenport is the daughter of Mr. and Mrs. Joe D. Nichols of Sanderson, and probably has the widest acquaintance of any woman in Terrell County, having been reared and educated here and for the past three

MRS. SETH DAVENPORT

years has been secretary to the county agent, E. L. Williams. Mr. Davenport is the son of Mrs. Cleo Davenport of Uvalde and is a graduate of A and M College. He is now engaging in the ranching industry near Sanderson.

The church was beautifully decorated with ferns, ivy, baskets of white gladioli and stocks, with an effective arrangement of candelabra in the background.

Mrs. R. S. Wilkinson was at the organ, and preceding the ceremony played, "Traumerel". This was followed by Cardman's "At Dawning," sung by Mrs. Duane Smith, D. L. Duke sang, "I Love You Truly."

To the strains of Lohengrin's "Wedding March" the wedding party entered. Mrs. W. C. Vaughan, twin sister of the bride, was matron of honor and the groom's sister, Miss Eugenia, was maid of honor. Bridesmaids were Misses Mary Arrington and Bess McAdams, and were gowned in dainty spring suits. The best man was Walter Thomas Shurley of Uvalde and W. C. Vaughan and W. R. Baggett of Ozona were ushers.

The bride entered on the arm of her father and was given in marriage by him, Dr. McCall using a ring ceremony. She wore a poude blue ensemble suit with accessories of navy blue and her corsage was pink rosebuds.

A breast pin, formerly belonging to her maternal grandmother, was the "something old" she wore. The pin was worn by her grandmother more than 50 years ago.

As the familiar notes of Mendelssohn's "Wedding March" sounded out the wedding party left the church. A full church was proof of the popularity of the young couple.

Mr. and Mrs. Davenport left at once for a bridal trip to Monterey, Mexico, and will make their home in Sanderson upon their return.

THREE ARRESTED IN STOLEN CAR BY LOCAL OFFICERS

The local sheriff's department arrested three men in a Cadillac sedan, 39 model, Friday after their actions had been reported as suspicious.

Frank W. Moody, driver of the automobile, gave his home as Detroit, Michigan, and stated that he had stolen the car at Miami, Florida, from a parking lot. The other two men, Fred Bessenger of Kelley Field, San Antonio, and Winfield William Wilson of Eldridge, N. Y., claimed they had joined Moody after the car was stolen. Bessenger was picked up near Devil's River after he had hitchhiked that far from San Antonio, according to the men.

F. B. I. Agent Corrigan of the San Antonio office, aided the local department in the investigation and Bessenger was released Tuesday and returned to San Antonio where he was absent from Kelley Field without leave. Moody was taken to Del Rio by a U. S. Marshall and Wilson is being held pending further investigation.

In the car when stolen was about \$1,200 worth of ladies wearing apparel including several fur coats. Practically all the clothing had been sold or traded for gasoline when the arrest was made.

SANDERSON WATER SUPPLY APPROVED BY HEALTH BOARD

Word was received here this week by Clyde Morris, local manager for the Community Public Service Company, that Sanderson has been placed on the list of approved water properties by the State Health Department.

About one out of every eight systems in the state of Texas are approved and Sanderson is fortunate in having such a supply of healthful water.

The Company is also having a new well drilled a short distance from their other wells by the Lane Texas Co. of Dallas and Houston. They have reached a depth of about 300 feet to date and the well will probably be completed sometime next week.

Signs will be posted within the near future by the Highway Department which will inform the people who travel Highway 90 that Sanderson has good water, as well as being free from any form of contamination.

Digs Hole For Tree and Unearths Ancient Pottery at Ft. Davis

Fort Davis—Digging a hole to plant a fruit tree in his yard in Fort Davis, Lucio Granado's pick struck a hard object and broke it. Investigating carefully, he drew out a broken earthen jug or slim wine-jar, then found three more that were unbroken.

The jars each bore the name of the city of Nassau in the West Indies and wording in French, but no dates. However, it is believed they are quite old, for the earth above them had not been disturbed in the memory of the land owner or anyone else who was questioned.

They were found not far from the old fort grounds. Each jar was empty and dry. It is assumed that their corks must have rotted away and allowed the lively contents to escape.

Lucio gave the whole jugs away Mrs. R. K. Merrill who collects pitchers, was lucky enough to get one of the three.

It is considered possible that someone, perhaps a soldier, finding himself in possession of rare wine, may have buried the jars and afterward met circumstances that kept him from unearthing the elixir.

Lucio was asked if he extended the size of the hole to see what else might be buried.

"Oh, no," he replied. "I would have had to disturb a young peach tree to do that."—Alpine Avalanche

**Outstanding Cast of
Stars Highlights
Powerful Drama**

Swift, hard dramatic action of the type never before seen on the screen—realistic with the impact of the blow of a clenched fist—makes Hal Roach's newest film, "Of Mice and Men" which

has its first showing Monday, March 18, at the Princess Theatre, a picture that will not be forgotten quickly. Not only does the story itself deal with material never before picture, but the universally fine performances of the entire cast, which includes Burgess Meredith, Betty Field, Lon Chaney, Jr., Roman Bohnen and Charles Bickford, lift it far above the run-of-the-mill Hollywood output.

"Of Mice and Men" tells a new kind of story, one which Hollywood itself felt no one would dare to film, so startling different from all other film stories. Written by one of America's foremost authors, "Grapes of Wrath," "Of Mice and Men" tells of two men, who are "bindle stiffs," or migratory ranch workers, and the friendship between them. The huge, hulking Lon Chaney, Jr. plays Lennie with a skill that is strongly reminiscent of his famous father's acting; and never in his long career on stage and screen has Burgess Meredith portrayed a role with the authority and tenderness that he gives to that of Lennie's protective friend, George.

"Of Mice and Men" brings a new portion of America to the screen. This is the America of the grain ranch hands—a wandering tribe of homeless, family-less men who follow the seasons, picking up work where they may and nursing a vague dream of owning their own place someday. Charles Bickford plays a leader among these men with an understanding and humanity that points up the other excellent characterizations in the film. Among these, a newcomer to the screen but an old favorite character actor on Broadway, Roman Bohnen, is outstanding as a one-armed veteran while the contribution of Betty Field, who has the only feminine role of any importance in "Of Mice and Men," will bring this talented youngster the attention she richly deserves.

With his usual flair for suspenseful action and cunning character portraiture, Lewis Milestone has directed the film with a sureness of touch that is certain to make it a contender for this year's Academy Award. Hal Roach, who produced it, has spared no expense in making every detail of the background authentic—a fitting treatment for a picture which will cause audiences all over America to sit up and take notice.

The cost of producing a barrel of oil in Texas averages 81 cents. The average selling price of the oil in 1939 was about \$1 a barrel.

In the Corsicana oil field, one of the most famous early fields of Texas, there are 621 wells still producing an average of only 6-10ths of one barrel of oil daily. Thirty six other wells average only fifth a barrel each day.

"A program of industrial development centers around the manufacture of raw materials into finished products"

Oil

LOCATED in all sections of Texas, 141 refineries manufacture into finished petroleum products 80 per cent of the State's crude oil production.

In contrast, Texas processes only 3 per cent of its cotton production and none of its wool or mohair.

Petroleum refining now constitutes 41 per cent of the value of all Texas manufactures.

Of the 225,000 Texans regularly employed by the oil business of the State, 25,000 skilled workmen and 5,000 office employees (a \$50,000,000 annual payroll) are employed in this one division of our oil industry.

All of the Texas oil refined in our State, whether used in Texas or shipped to other states, paid last year in taxes an average of 9.8 cents per barrel.

Clarity covers a multitude before God; so does business before men. Every day there is pushing and pulling in the hall and at the fountains. Loud talking and talking follow each other like a teacher who is blue in the face trying to tell us something. A lot of girls, simply bursting with secrets, whisper and giggle themselves, leaving some unfortunate at the outside of the little ring. Noise, noise, noise in the ears of the student who is trying to best to learn "MacBeth" the bell rings, but hears only noise.

Speakers Are Heard In Assembly

The Reverend Clarence Morton of Ballinger delivered a speech to the students Tuesday, March 5th. The Rev. Mr. Morton was holding a meeting at the Baptist Church. He spoke on a very interesting subject. He strived to tell all students to set a goal and work toward it. "There's a lad here, there's a lass here," he repeated. He stated that one could take the egg of an ordinary bird and put it in Washington D. C. and cover it with gold, and yet it would remain the same ordinary egg as before. After having assembled in the morning, the students were again assembled in the auditorium. This time the speaker was Mr. R. L. McCune, a noted lawyer of El Paso. He brought out important facts concerning "Americanism". He stated that some places, here in the United States, children were being taught to disrespect the American flag.

Many Students Out for Tennis Matches

By Edythe Walsh
Since warm weather has begun, one notices many students congregated around the tennis courts. If you wonder, it's because most of them are playing or practicing to play at the county meet to be held at Marathon March 29 and 30 in tennis, but a week earlier in all other events.

Len Louis Haynes was born in Edwards County Nov. 28, 1922. He has attended three schools but he likes the Sanderson school the best. He went to Hackberry, Dry Creek, and last Sanderson where he came in 1936. He is taking English IV, American history, physics and economics.

Football seems to be what Len likes most, and we can truthfully say he is good at it. Silly girls seem to get on Len's nerves for he dislikes them tremendously.

Three girls will be chosen to attend the state meet at Dallas on April 25 to 28. One girl will be chosen from the second year class, one girl from the first year class and one selected by the students as representatives. The girls only expenses will be their food. Amusements such as horseback riding, swimming, and picture shows will be free to these three girls. The trip will last a week, and will be the first trip of this type ever to be made by girls from Sanderson.
