-by dave

Politics and politicians have been one of the biggest coffee-conference issues this week.

With the big day only a week or so down the road the Democratic primaries will be held in Texas and the aspirants are getting their lungs and hands in shape for the big sprint down to the finish line.

Our own Bill Sheehan, who is running for the office of District Attorney in Parmer, Bailey and Lamb counties vows this is the hardest work in the world, that of campaigning for public office.

And--he has a waistline to prove it!

When the campaign got underway Bill weighed 225 pounds of twisted "steel."

Now, he weighs 205.

Somewhere along the way some of the "steel" melted away.

Ironically enough, Mary, Bill's handshaking wife, has worked at least as hard, if not harder, during this campaign as Bill and has gained two pounds. It isn't hard to figure out who keeps on the go the year 'round in that family!

**Buy Brooms**

Back to more politics, a Coke Bottle told us the other day that Johnny Mars is running pretty hard for the office of County Republican Chairman... can this be true?

Some strange and humorous happenings have been reported to us by a few of the army of hand shaking, baby-patting, card-passing-out politicians we've met of late.

One man told of walking up on a front porch, knocking on the door and when the lady of the house came to the door he introduced himself and asked for her vote and support during the upcoming election.

"Oh, yes," the lady replied. "I remember you from the trial," she went on to add, "You sent Junior to the pen last year!"

What an introduction, but the man vowed the lady told him she would vote for him for as she put it... "Junior needed to go to the pen for a long time." Some days you never know do you?

**Buy Brooms**

Activities are slated to pick up around these parts before long it seems--looking down the road all we can see is go cart enthusiasts and plans for the summer's Little League plus rumors of a swimming program for the youngsters... so at least the first part of the summer will be filled with lots of things to do plus the opening of the bowling center before too long.

With all these things to choose from a man could lose a crop attending to these if he tried pretty easy.

TOP GRADUATES--Judy Smith, seated, and Adelle Smith, in background were named valedictorian and salutatorian, respectively by Principal Raymond Cook of Friona High School for the Class of 1960. The two girls are cousins.

EIGHTH GRADE HONOR STUDENTS--Diana Taylor, seated, daughter of Mr. and Mrs. J. B. Taylor of Friona and Joyce Rodgers, daughter of Mrs. C. J. Rodgers of Friona were named valedictorian and salutatorian, respectively of the 8th Grade Class in Friona.

## ★ BROOMS FOR SALE

Friona Lions will be hawking their wares for the benefit of the Lighthouse for the Blind in Fort Worth and the Little League baseball field Friday in Friona.

The local Lions will be making the rounds of the entire city and the surrounding rural communities selling brooms from the size of whisk brooms to warehouse straw brooms. Included in between are popular household models and other handy odds and ends around the house.

The trailer will be located at the city park in downtown Friona and Lions will fan out from this central point to cover this entire area in a one-day campaign.

The proceeds will be going for two good causes, the blind and our own youngsters in this area.

Don't forget, buy a broom Friday!

## Three Convictions In County Court

Three men were tried in Judge Loyde Brewer's county court Monday. All entered pleas of guilty and were fined.

Clemente Lopez, 40, and Lorenzo Rios, 38, were charged with violation of the liquor law. The Mexican nationals were picked up Saturday night about 10:30 near the Hub community by Ben Moorman and Don Tabor. Four cases of beer were found in their possession.

The men were fined \$150 and costs each. Fines have been paid, and they have been released. It was the second time Rios had been arrested by Parmer County officers.

Alton Meagson of Friona pled guilty to a charge of driving while intoxicated. He was arrested by Ben Moorman and Tom Atkins Saturday afternoon about 5 o'clock in Friona.

After pleading guilty, he was assessed \$200 and 20 days in jail by Judge Brewer. His fine has not yet been paid.

Three men were returned from other places to face Parmer County charges this week.

Darrell Groff of Lubbock was returned from there for a forgery indictment dating back to

1956. He is in jail awaiting district court. James Lewis, formerly of Friona, was brought in from Clovis to face a forgery charge also. He has been in the New Mexico state pen. He is now in jail here.

Sheriff Charles Lovelace re-

turned Tuesday evening from Yuma, Ariz., where he picked up Herman Cole, 52, who formerly lived in the Hub community. A child desertion charge awaits Cole here. He was indicted last month by the grand jury.

## Bids Coming In For League Park

With only a "grade stake city" to show for a week of planning and preparing actual construction will get underway shortly on the Little League park in Friona, says Sam Williams, post commander of the American Legion Post.

Three local civic organizations, the Legion, Jaycees and Lions, have split up the responsibility of sections of construction at the park, and as yet grade stakes, marking poles, bleachers, fence lines etc., are all that have been put up at the park site.

Members of Coach Earl Smith's surveying class laid out the park site and now bids are coming in to the respective

organizations concerning the actual construction.

Williams says pole moving and erection of lights will probably get underway either this week end or the next, depending upon the work load with Southwestern Public Service Company who will move the poles.

Fence arrangements have been made by the Lions club and this can be put up in one day, but will have to wait until the dugouts and poles are in place.

Jaycees says they will have the dugouts built this week.

It won't be long until the park begins to take shape and is slated to be completed in time for season opening around the last of May.

# Santa Fe 'Front' Quiet

## Honor Students At FHS Named

Judy Smith was named valedictorian of the Class of 1960 in Friona High School and Diana Taylor was named salutatorian of the 8th grade by principals of the respective schools Monday.

Salutatorian for the high school graduating class is Adelle Smith and Joyce Rodgers was named salutatorian of the 8th grade class.

Judy Smith is the daughter of Mr. and Mrs. Ralph Smith

of Friona and a cousin of the salutatorian, Adelle Smith, daughter of Mr. and Mrs. Hoyt Smith of Friona.

When the class graduated from junior high these two girls were the class valedictorian and salutatorian, at that time, however, the positions were swapped.

Miss Taylor is the daughter of Mr. and Mrs. J. B. Taylor of Friona and Miss Rodgers the daughter of Mrs. C. J. Rodgers of Friona.

No changes have been announced in the situation existing between the City of Friona and the Santa Fe Railroad this week.

Last Wednesday (April 20) a letter to the railroad officials was written as per their request, outlining the efforts made by the city to secure other land for the sewer site. No word has come from the Santa Fe offices in Amarillo.

Tuesday City Attorney Richard Collard made efforts to contact railroad officials but they were "out of town."

The railroad has been dodging the issue of a threatened condemnation suit by the City of Friona since over a month ago when the city made a bid to buy a piece of land east of Friona for the railroad for \$100 per acre on which to build a sewer plant.

"I hope this silence means they are getting in a position to sell us the land," says Collard.

Meanwhile City Manager Albert Field is out of town attending a city managers' meeting in Austin. The council will meet Monday.

## Patti's Shop Open For Business

In a newly constructed building with all new equipment and furnishings Mrs. Jimmy Hughes opened Patti's Beauty Shop late last week. The shop is located just north of the Hughes residence.

Mrs. Hughes, the former Patti Gosner, is a graduate of Lazbuddie High School and the San Jacinto School of Beauty. She has had about six years experience in local shops and invites the patronage of persons of all ages.

She is offering complete hair styling service, which includes cutting, permanent waving, shampooing.

Appointments may be made by calling 4841.

## CEMETERY ASSOCIATION HAS PLANNING SESSION

Preliminary plans for improvement of the Friona cemetery were made at the Thursday evening meeting of the Friona Cemetery Association in the Community Room of the Friona State Bank.

In addition to planning for a more attractive entry, a better roadway, more landscaping and grass, a Memorial Day service was discussed.

Mrs. Ralph Wilson, president, invites anyone interested in improvement of the cemetery to attend meetings of the organization.

## Lazbuddie Romps To Regional Track Crown

Totalling 64-1/3 points at the Regional Track and Field meet last week in Lubbock, the Lazbuddie Longhorns captured the coveted first place trophy and a right to represent their district at the upcoming state track and field event in Austin.

Although the Longhorns won only two first place honors, the team garnered enough points through their second and third place victories to pull far ahead of the second place team, which was Ropes with 39 points.

The two first place honors captured by Lazbuddie were the high hurdles event with Derrill Jennings running it in 15.9 seconds, and the mile relay team, consisting of Cooper Young, Fred Savage, R. L. Porter and Bill Hardage, with a time of 3:34.0 which was a region 1-B record.

Second place events were won in the low hurdles and a tie for second and third went to Jerry Don Glover in the high jump, with teammate Derrill Jennings winning a tie for fourth, fifth and sixth in the same event.

The 440 yard relay team, with

a time of 45.7 won third place in this event for the Longhorns, with Odis Bradshaw, Fred Savage, R. L. Porter and Bill Hardage doing the running.

In the 100 yard dash event, Savage took fourth place with a time of 10.5 seconds, and seventh place was won in the 880 by Jimmie Seaton with a time of 2:13.5.

The shot put field event gave the Longhorns another third place as Jerry Koelzer tossed the put a distance of 45 feet two and one-fourth inches.

Bradshaw represented the Longhorns in the broad jump and came out in sixth place with a creditable leap of 19 feet, 11 1/2 inches.

The Longhorns didn't qualify in either the discus or the pole vault events nor did they qualify in the 440 yard.

The Lazbuddie Longhorns are coached by John Bond and Bob Cox.

LAZBUDDIE'S LONGHORNS, pictured above, recently won the regional 1 B track and field meet held in Lubbock by turning in a 64-1/3 point performance. The individual team members and the events in which they participated are listed in the story

found in this issue of the Friona Star. The Longhorns have won the right to represent their school and district in the state meets to be held in Austin in the very near future.

**Monday is Dollar Day in Friona**

EDITORIAL COMMENT

THE FRIONA STAR

Dave McReynolds, Editor

Entered as second class mail matter July 31, 1925, at the post office in Friona, Texas, under the Act of March 31, 1897. Published each Thursday.

In Farmer County . . . . . \$3 Per Year Elsewhere . . . . . \$4 Per Year

Re-Elect Wilson

The office of the attorney general is one of the most important in state government. This office handles the legal problems of all the state agencies. Some of these, such as the Tideland Case, have millions of dollars of public money at stake. The attorney general also furnishes legal opinions to state and county officials at their request which involve interpretation of state statutes and thus affect county and state government actions. The attorney general's office has nothing to do with the legislative process except to give an opinion on the constitutionality of proposed bills. Thus, the primary qualifications necessary in this office are legal experience and a law enforcement record. Will Wilson got his law degree from SMU, taught law at SMU and Baylor, was a com-

bat soldier in the Pacific in World War II, returned to Dallas and was elected district attorney. His record as Dallas district attorney earned his nation-wide recognition as one of the five outstanding DA's in the U.S. In 1950 Will Wilson was elected to the Texas Supreme Court where he served for six years. He was one of the youngest men ever elected to our Supreme Court. Will Wilson is now running for re-election as attorney general on the basis of his record in this office which includes closing down gambling in Galveston which had been wide-open for years, filing suit on hundreds of loan sharks, and vigorously enforcing the state anti-trust laws. Will Wilson's experience and record in office merit him a return to this post.

due to some mix-up, some of the prospective sponsors had been led astray as to their responsibility in the sponsorship of a team. The only obligation that the sponsor has, she said, was to pay the \$7.50 sponsor's fee. The sponsor is not obligated to buy the shirts and have the printing put on them. Nor are they responsible for the \$1.50 fee for each member of their team to bowl each week. These things were brought out so that any misconception on the part of any individual could be cleared up. It was mentioned that the teams should try to bowl together at least once before the Summer League gets under way. This is for the purpose of acquainting the members with each other, for practice and so that league officers could be elected. League officers consist of a president, vice-president, secretary and sergeant-at-arms. (A league consists of the teams that bowl on any given night. It is hoped that 8 women's teams would be bowling each night, except Wednesdays and Saturdays, leaving 4 lanes for open bowling. This means that each set of eight teams would make a league.) Each team will elect a team captain. Dues are set at \$1.50 per member with the break-down of this amount as follows: fifty cents will be sent to the Woman's International Bowling Congress for each sanction card, fifty cents to the Texas Woman's Bowling Association and the other fifty cents is to remain in the local association to be used by the secretary for correspondence supplies and accessories. Each woman bowling on a team must have a W. I. B. C. Sanction card. Each team consists of 5 members with one or two alternates. Most of the teams are

planning to have one alternate although two are permitted. A different member of each team sits out every week. This is because, in order to be able to bowl on a team, you must bowl at least 75% of the time. This aforementioned method keeps all players eligible to bowl on a team. If a team member does not bowl the percentage mentioned, she is ruled ineligible and has to drop out of the team. All women bowlers are asked to please watch the Star for the announcement of the next meeting. (It will also be announced over KMUL-Muleshoe). This will be the last meeting of the Friona Woman's Bowling Association before league play gets under way and ALL women team players are encouraged to attend this final meeting. Any prospective women bowlers who might be interested in bowling on a team right away

or in the future are asked to call one of the following: Joy Hall, Hub 2177. Gennie Bingham, 8711 or Thelma Watkins, 9891, day or 5121 after 4 p. m. Refreshments were served to Joy Hall, Peck Stringer, Gennie Bingham, Jimmie Strickland, Dorothy Ellis, Mary Moseley, Stella Varner, Betty Rector, Junita Schwab, Eva Lou Rector, Thelma Watkins, Geneva Gustin, Sandra Rucker, Glenda Harrison, Billie Johnson, Leota Burnett, Imogene Cearley and out of town guests Evelyn Sowder and Betty Miller from Muleshoe. Evelyn is secretary of the Muleshoe Woman's Bowling Association. "They say brunettes have sweeter dispositions than blondes." "Don't you believe it! My wife was both and I didn't see any difference."

Women's Bowling League To Begin June 1st

In the meeting of the Friona Woman's Bowling League on April 21st at the Production Credit office in Friona it was announced that the local women would begin the summer league play about the first of June. The opening of the league depends on the completion of the Friona Lanes Bowling Alley. The first order of business at the meeting was the election of the remaining officers of the Woman's Association. (Joy Hall had previously been named president) Those elected include Peck Stringer, vice-president, Thelma Watkins, secretary, and Jimmie Strickland, sergeant-at-arms. Geneva Gustin, Melba Burleson and Billie Johnson were then named by the president, Joy Hall, to serve on the board of directors. All of these of-

ficers are to serve for a term of one year with new officers to be elected at the first annual meeting of the Friona Woman's Bowling Association next year. Since this association is new to Friona and to the people connected with it, it was decided to adopt the same constitution for Friona that the Muleshoe Woman's Association now has in effect. This constitution will remain in effect, as is, for the present year and if it becomes necessary, amendments will be added at the end of the present year or before if sufficient cause is shown for it to be altered. The by-laws of the association were discussed and it was decided that the president, secretary and board of directors would get together at an early date and draw up

these by-laws. They are to be presented at the next meeting, the date of which will be announced by the president. Gennie Bingham brought samples of material, including colors and price lists of shirts and she announced that these are available at the office of Bingham Land Company in Friona. If there are any sponsors, individuals, or teams who would be interested in taking a look at them, they can borrow them but she would appreciate getting them back as quickly as possible. The proposed nursery at the alley will be open at night, as well as in the day time, it was announced. The nursery will be a part of the service of the alley and no charge will be made for its use. The president pointed out that

LIONS QUEEN AT BORGER--Pat Foster, daughter of Lion Wesley Foster of Friona is shown as she appeared during the recent District 2T-1 Lions Convention at Borger when Miss Foster competed for the title of District Lions Queen.

## 14 Lions Attend Convention

Fourteen Frionans attended last weekend's activities in Borger, where Lions gathered from over District 2T-1 for the annual district convention.

Attending from Friona were Boss Lion George W. Jones, Kenneth Williams, Steve Messenger, Bill Nichols, Wes Foster, Flake Barber, Elvie Jennings and Tom Pruett.

Wives attending the convention included Mesdames Jones, Williams, Messenger, Nichols and Foster.

Pat Foster represented the Friona Lions during the Queen Contest and "represented our club in a grand manner," said Boss Lion Jones.

Jones, Nichols, the Friona Queen and her mother, left Friona early Friday morning and registered for the Queen Contest while Jones and Nichols attended business sessions.

Friday afternoon Foster, Mrs.

Jones and Mrs. Nichols traveled to Borger to attend the barbecue and Queen presentation.

Saturday morning Barber, Jennings and Pruett flew to Borger to take part in the session and vote during the election of district officers.

Seven voting delegates were present from Friona and district officers elected included Ralph Thomas, of Pampa, district governor replacing Don Zimmerman of Hereford and Miss Kay Kolosha of Pampa, district Queen.

Other district officers will be announced later as they are appointed by the district governor.

### In The Courts

#### JP COURT

The following cases were tried before Justice of Peace Thelma Jones during the week ending April 26:

Roger Harrison Gee, no driver's license; Ramon Rodriguez, turning without safety; Jimmy Ray Milligan, failure to heed stop sign.

#### CORPORATION COURT

The following cases were tried by Judge Thelma Jones in Corporation Court in Friona during week ending April 26:

Allen Ray Day, muffler violation; Luther Metcalf, muffler violation; Johnny Miller, no driver's license; Bobbie Ed McMillan, speeding 40 mph in 30 mph zone causing accident; Steve Struve, turning without safety causing accident; Billy Jo Buth, muffler violation; Bob Peace, muffler violation; Charles L. Williams, speeding 60 mph in 30 mph zone.

#### John Hamilton Receives Sweater

In a presentation at Texas A & M College recently, John Hamilton, son of Mr. and Mrs. Harry P. Hamilton and a student there, received a sweater.

All members of the Maroon Band were awarded sweaters for three year membership in the organization. John and his roommate, Jim Secco of Gilroy, Calif., spent the Easter holidays with his parents.

OVER BACK-COUNTRY ROADS AT 45 WITH A SKY-HIGH LOAD OF TIMBER

**Chevy middleweight shows the big rigs how it's done!**

That's a 6303 medium-duty Chevrolet powered by a 283-cu.-in. V8. But there's sure nothing medium-duty about the load. Mr. J. E. Blankinship, Arkansas logging contractor, says both of his torsion-spring 6303's "move along at 40 to 50 miles per hour, with 55,000 pounds gross weight and maintain a 5-trip-a-day schedule with no trouble at all." Figure the money you save when you've got a medium-duty truck that can cover 30,000 back-country miles a year with a high-tonnage load!

We've never seen anything like the amount of praise truck owners are heaping on Chevy's new torsion spring suspension. Owners like the fact the truck handles a whole lot easier, can move faster off the road without beating the driver to death and shaking loose all the sheet metal. They like the idea of extra thousands of miles before trade-in! . . . Drive a '60 Chevy just once. It's a whole new experience.

Chevy middleweight averages 200 miles of back roads a day dogging timber out of the woods and delivering it to the mill at Crossett, Arkansas.

FRIONA FFA LAND JUDGING TEAM—Chalking up two second places in the contest held Saturday at Texas Tech the above boys won second in the contest and second in Area I competition in the land judging division, nosed out by Monterey of Lubbock. Team members above are Carroll Bennett, Ronnie Wood, Joe Reeve and Charley Meyer, alternate.

# Friona FFA Wins Second at Tech

Members of the Friona Future Farmers of America Land Judging team won second in the overall FFA contest held Saturday at Texas Tech College in Lubbock.

Team members representing the Friona FFA Chapter included Ronnie Wood, Carroll Bennett, and Joe Reeve with Charley Meyer, alternate.

Wood placed 4th high individual; Bennett placed 5th and Reeve 8th high in the contest.

A total of 51 teams competed and a total of 153 boys judged during the day's contests.

# Father-Son Banquet Set May 6

Friday night, May 6, is the date set for the annual Father and Son Banquet, sponsored by members of the Friona Future Farmers of America Chapter.

The annual affair, slated for the high school cafeteria, will be "set up" for the boys and their fathers by the Parmer County Implement Company of Friona.

The PCIC annually fetes the boys and their fathers with a barbecue supper at this affair.

Details on the banquet will be carried in next week's Friona Star.

# Amarillo Man Killed in Wreck

Francis Marion Brewer Jr., of 900 N. Tennessee, Amarillo, was killed about 7 p. m. Friday when the pickup truck he was driving overturned about 3 miles northeast of Bovina on U. S. Highway 60.

Highway patrolmen reported Brewer was dead when they arrived at the scene shortly after the accident. He was traveling alone eastward on U. S. Highway 60 about three miles northeast of Bovina when he apparently lost control of the pickup, which overturned several times.

The body was taken by ambulance to Claborn Funeral Home Friday night.

# Friona P-TA Re-Elects Officers

During a business session following the program at the P-TA meeting Thursday evening, three officers who have served one year were re-elected.

Elected to serve with Mrs. Andy Hurst Jr., president; Mrs. Aubrey Rhodes, vice-president; and Mrs. Ross Ayers, secretary-treasurer; was Mrs. I. T. Graves Jr., parliamentarian.

These officers will be installed at the next regular meeting, May 19.

# Petition Requests Farm Road Paving

A petition signed by 42 persons was presented to the Parmer County commissioners court Monday when they met. The instrument requested a new paving project for a road linking Oklahoma Lane with Highway 60. The farm road under discussion is often referred to as "Sudderth Lane."

The petition: "To the Honorable Commissioners Court of Parmer County, Texas. We take this means of asking your body to arrange for a paved FM road, beginning on the east at what is known as the 'Caldwell Corner' and running thence west along section line to intersect the Bovina-Farwell pavement.

"We each agree to give, without charge, an additional 30 feet of right-of-way from our respective farms on each side of such road, except that none of us agrees to move irrigation wells free of charge. If it becomes necessary to move any improvement, such as a home or irrigation well, natural gas line or concrete pipeline, we wish reasonable pay for same."

The petition was dated February 29. Commissioners took no action on the request, other than to accept the petition. Parmer County recently exhausted its funds in the extensive ten-year FM road building program. Some construction is yet to be done, but all of the money from that project has been spoken for.

There were about a half dozen persons before the court on behalf of the petition, and their spokesman was Arlin Hartzog, who also was the first signer.

The road that the group is requesting to be paved is about five miles in length. It has been mentioned unofficially as a possible segment in the county's FM roadbuilding plans

previously, but a number of other projects, which the court felt had more priority, have been built.

The future of state funds for building paved farm roads is uncertain. Evidence lately seems to suggest the state is more interested in plugging gaps in present FM road projects than building new roads outright. Their explanation is that a secondary road system is desirable.

In other action, the commissioners accepted the report of a jury of view and ordered a mile-long county road opened in the Rhea community. They also awarded the contract for new floor covering in the offices in the courthouse to Joe Fallwell of Friona.

Fallwell's bid of \$551.45 was about \$40 lower than the only other entry, from Farwell Hardware. He specified "grade C" asphalt tile.

There may be reason to complain of slow mail service, but bills have a way of arriving on time.

# The Bible Teaches ...

that few will be saved, "Strive to enter in by the narrow door: for many, I say unto you, shall seek to enter in, and shall not be able." (Luke 13:24) (Please read Matthew 7:13-14 also)

It is true that Jesus died for the sins of the "whole world" (1 John 2:2). It is also true that he invites all mankind to "come unto me" (Matthew 11:28). Why, then will few be saved?

The answer is simple. All men do not choose to come to Jesus on the terms he set forth. Most men do not want Jesus as their master. They are self-willed; therefore are walking the broad way to destruction.

GREASEWOOD

The greasewood, named by scientists LARREA TRIDENTATA, is the most prevalent shrub of the southwestern desert. There is a reason why this bush can withstand the arid land (it rains very seldom in this part of the country), while others do not grow as well. It is because the greasewood has most of itself underground in the form of roots which are spread out for long distances. With the large root area it is easy to absorb any moisture in the ground.

The Christian who has large "root areas" (well founded in the Word) will be able to withstand all the attacks of Satan and especially the trying times which every Christian faces. In fact, the Christian will come through with flying colors. Study the word of God and be sure to attend the church of your choice.

--M. Alvin Askins  
Pastor, Assembly of God Church

# Bus Mail Service Begins

Friday evening of last week marked the first bus mail pick up service in Friona. Postmaster Leo McLellan announces that all mail deposited in the post office before 5 p. m. will go east on the Greyhound bus at 7 p. m.

This new service will speed delivery of all mail going east, north, northwest, northeast, and southeast by about nine hours. In the past mail deposited in the highway post office box has been picked up at 4 p. m.

McLellan states that under the present set-up, mail going to Fort Worth and Dallas will be delivered the day following mailing in the local office.

He further states that patrons must keep in mind that this service does not affect mail going south or southwest. "Careful checks have been made by postal authorities and it has been determined that the greater part of mail going out of Friona will be affected by this change," says McLellan.

Many men do not allow their principles to take root, but pull them up every now and then, as children do the flowers they have planted, to see if they are growing.--Longfellow

LAZBUDDIE FFA DAIRY CATTLE JUDGING TEAM--Chalking up a first place at the Texas Tech contest last weekend the boys above left to right, Dicky Chitwood, Jimmy Broadhurst and John Agee, shown with Coach Scotty Windham took top honors Saturday. These boys qualified for the State FFA Dairy Judging contest to be held April 30 at College Station.

### Lazbuddie FFA Wins First At Tech

Lazbuddie Future Farmers last Saturday bringing home top spot in the Dairy Judging contest. The team was 10th overall in the contest and qualified to

travel to Texas A&M College April 30 to compete in the state judging contests. Team members include Dicky Chitwood, Jimmy Broadhurst and John Agee.

### Longhorns Drop Close One To Nazareth

Lazbuddie Longhorns dropped a 1 to 0 game to the Nazareth team Monday. The only run scored was unearned and was a heartbreaker for Lazbuddie pitcher David Tarter who allowed only one scratch hit to spoil the possibility of a no-hitter. The Longhorns had three hits off of Gerber, a single by David Tarter and a single and double by Jerry Weaver. Thursday, Tarter pitched a no-hitter against Adrian for a 12-2 victory and the preceding Tuesday had a 9 to 3 win over Bovina giving them five hits. Tarter's record as well as the Longhorns season records now two wins against one loss. Most of the Longhorn baseball team members were out for track and they should continue to improve with each game.

The Longhorns take on Bovina at Lazbuddie Friday. The remaining scheduled games are: Tuesday, May 3 Adrian here Friday, May 6 Nazareth there All games begin at 3 p.m.

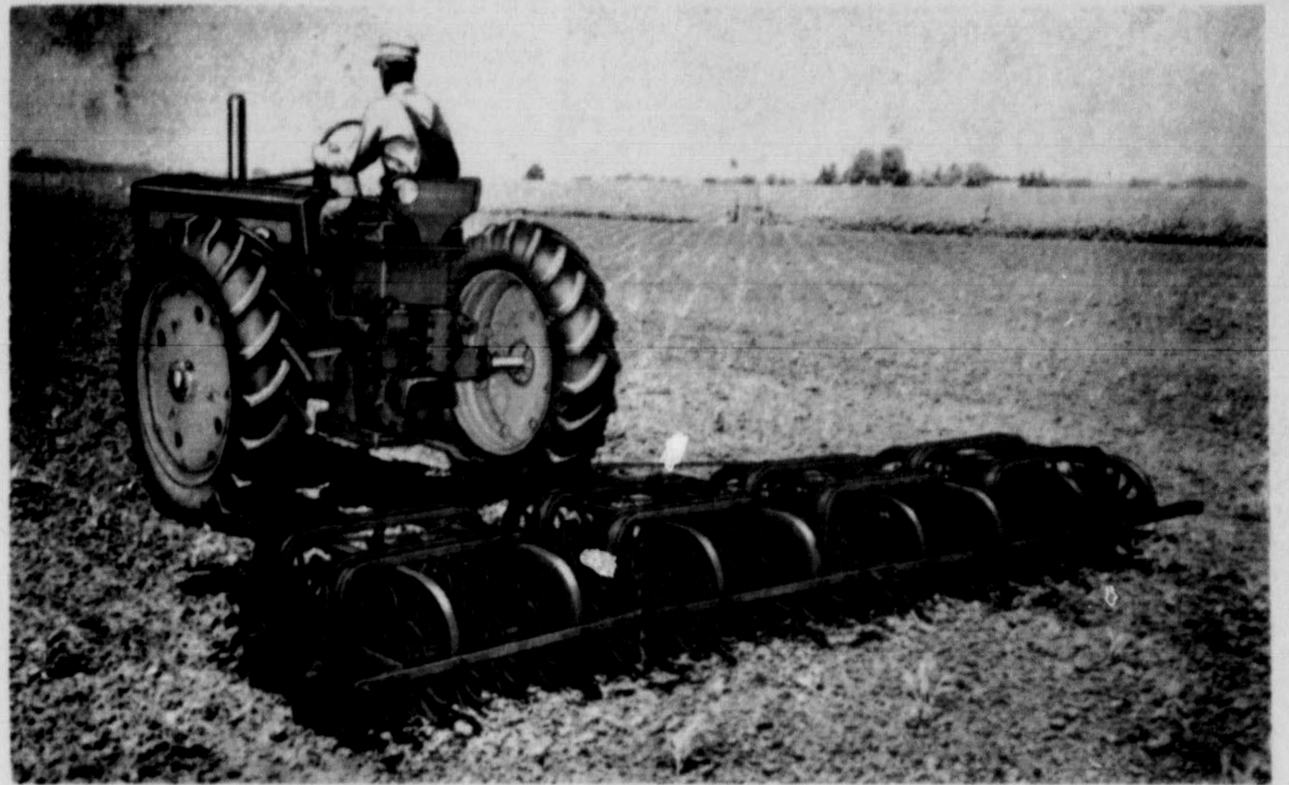

### Father Of Frionan Buried In New York

Mrs. Paul Spring was called to Dunkirk, New York, early last week following the death of her father, Leo Pleszewski of that city. Mrs. Spring flew to New York to attend the funeral.

### Beverly Smith Wins Soil Press Award

Beverly Smith, daughter of Mr. and Mrs. Jack Smith of Lazbuddie, has been notified that she is a winner in the Regional competition in the annual SAVE THE SOIL AND SAVE TEXAS conservation

awards sponsored by the Fort Worth Press. Beverly won seventh place in the Region I regional essay awards. She will be presented an award at Brownfield, Texas on May 10.

### IN ROW CROPS YOU GET Bigger Daily Capacity at Rock-Bottom Cost

Compared with regular sweep- or shovel-type cultivators, the John Deere Rotary Hoe does early cultivation at least twice as fast, with fuel savings of up to 40 per cent—and it does a better job between plants in the row as well as between the rows.

It's more convenient and less tiring, too. You get at the job faster—finish sooner. There's no fussy steering or dodging, no worry about covering up or uprooting the crop. You just take big swipes down the field, as easy as erasing a blackboard. That means you can do a fast, effective job of blind cultivation . . . breaking up crust and killing weed sprouts before the crop even appears.

The John Deere Rotary Hoe is unexcelled for

early cultivation of all kinds of row crops such as corn, maize, beans, soybeans, peas, cotton, sugar beets, etc. It handles all cultivating safely until the crop is well on its way—6 to 8 inches high.

With a 4-section rotary hoe, you can do 80 acres a day easily. You'll slash costs and save time in a busy season. But remember—good work counts. It takes more than spikes on a wheel to make an effective hoe.

You want a rotary hoe that penetrates and does thorough work, one that does the most in boosting your yields and profits. Check the exclusive, superior design of John Deere Rotary Hoes and you'll see why more farmers buy them than any other kind.

### A TRIBUTE TO OUR NURSES

The spirit of Florence Nightingale lives on today in countless homes and hospitals throughout this community. Working long hours, faithful and efficient, the nurse exemplifies the finest qualities of modern womanhood. What a blessed comfort it is to know that she, in her immaculate, starched uniform and cap, is instantly at your bedside at the touch of a button. Her happy smile and air of authority bring renewed confidence and hope to the most discouraged of patients. She is a practitioner of love and indispensable to the medical fraternity!

### LBJ's Campaign Gains Speed

The movement to name Senator Lyndon B. Johnson Texas' favorite son and win the Democratic Presidential nomination is gaining momentum throughout Texas.

Jack Bowen of the Johnson For President headquarters in Austin, in Friona Tuesday, said throughout Texas people of all walks of life are rallying to the LBJ standard.

"They want Lyndon Johnson as their next President of the United States," Bowen added. "It is not just a matter of being proud of Senator Johnson, they know he is capable, able and efficient and one of the most astute leaders in our nation today."

County leaders in the Johnson For President campaign in Parmer County, say that the

campaign in the County is progressing "quite well."

"I am convinced," Bowen said, "that the vast majority of people in our county are behind Senator Johnson. Many of them are working diligently in this movement to win the Democratic nomination for Senator Johnson. I believe we will be successful."

Bowen, who travels throughout Texas, says he has found the sentiment strong for Senator Johnson. "The people are ready to go 'All The Way With LBJ,'" he added.

Show me the man you honor, and I will show you what kind of a man you are, for it shows me what your ideal of manhood is, and what kind of a man you long to be.—Carlyle.

## Candlelight Ceremony Unites Janel Bragg And Marion Roper

PROOF THAT POLITICKIN' IS WORK--Bill Sheehan, candidate for reelection to the office of District Attorney in Farmer, Bailey and Lamb counties shows off his waistline after four weeks of politickin' Monday. Sheehan says this is one of the best ways he has found to lose weight, but he doesn't recommend it for regular practice.

In a candlelight ceremony, at 7 p. m. Sunday, April 10, in First Presbyterian Church in Brownfield, Miss Martha Janel Bragg, daughter of Mr. and Mrs. James G. Bragg of 416 East Hill, Brownfield, and Marion David Roper of Winters exchanged wedding vows.

Roper's parents are Mr. and Mrs. M. G. Roper of Winters.

The double ring ceremony was read by the Rev. Ralph O'Dell, pastor, before a background of white gladioli accented with bows of satin ribbon.

Pat Runnels was accompanied by Leona Ellington as she sang "Through The Years," "Whither Thou Goest" and "Wedding Prayer."

Entering on the arm of her father, the bride wore a gown of embroidered silk organza with scalloped portrait neckline and brief sleeves, complemented with gloves. Embroidered scallops and medals

MRS. MARION ROPER

lions gave the bouffant, floor-length skirt a tiered effect.

Her tiara of seed pearls held a veil of silk illusion. She carried a white Bible. In the Bible, she carried a handkerchief that a friend had carried in her own wedding.

Miss Betty Bragg was her sister's maid of honor and Miss Janith Spears of Lubbock was the bridesmaid. Each wore a lavender sheath dress of polished cotton with an overskirt of embroidered organza. They carried single white roses with lavender satin streamers.

Bobby Lemons of Fluvanna was best man and groomsmen was Dennis Rodgers of San Angelo. Ushers were Gerald Dietz and James Spill, both of Winters and Bobby Casey of Lubbock.

Following the wedding a reception was held in Fellowship Hall of the church. Parents of the couple and the bride's attendants assisted in receiving guests.

The serving table was covered with a white cutwork cloth. A tiered wedding cake topped with wedding bells and flanked with

lavender tapers formed the centerpiece.

For her wedding trip the bride wore a blue linen sheath dress with short jacket. Her gloves and hat were white and bag and shoes were black patent.

Mrs. Roper, a graduate of Brownfield High School, attended North Texas State College at Denton before transferring to Texas Tech at Lubbock where she is a senior student.

Roper, a graduate of Winters High School, is also a senior at Tech. He is employed by The Borden Company. They will be at home in Lubbock.

The bride, a former resident of Friona, is the niece of Mrs.

## Cubs Have Cookout

Fred White, Miss Lola Goodwine and Clyde Goodwine. Mr. and Mrs. John Fred White, Mrs. Fred White, Miss Lola Goodwine and Clyde Goodwine attended the wedding. They were accompanied by Mr. and Mrs. Leslie Gunnell of Kokomo, Ind., who were visiting here at the time.

Members of Cub Scout Den V and their families met at the roadside park east of town Friday evening for an outdoor party and picnic supper. After supper games were played.

Potts and Jay; Mrs. Bill Schwab, Darrell, Randall and Mike; Mrs. Fred Barker Jr., Pat, Eddie and Johnny; Also Mr. and Mrs. Bill Gibson, Donnie and Sherry; Mr. and Mrs. Oscar Baxter, Carolyn, Willene and John; Margaret and Jerry Don Hudson; and John Pipes.

Those present were Judge and Mrs. Loyde Brewar and son, Galen, Eddie Wood, Alan Zeman; Mr. and Mrs. Cordie

## You don't have to be liable to be sued!

The purpose of a law suit is to determine whether you are liable.

Should you carry insurance, you don't have to hire a lawyer to plead your case. You don't have to spend a lot of time collecting evidence and hunting witnesses.

Our adjuster finds out what happened and not only collects evidence but gathers the facts and prepares them for later use.

When your case requires legal handling, the adjuster pays for the lawyer, court costs, and legal fees. He does all this even though you are not to blame and there is no merit to the suit against you.

If you lose your case, our adjuster takes care of all expenses (up to the amount of your policy limits) including settlements or judgments, medical bills, death benefits, and repair of property.

AND

Don't forget it sometimes takes several years to settle a claim.

### When you ask these questions:

- \$ My tractor turns over and injures one of my farm hands. Will this insurance pay the bill?
- \$ I go hunting and accidentally injure someone. Will this insurance pay the other fellow's hospital or medical bills?
- \$ My bull breaks through the fence and causes an automobile accident on the road. Will this insurance protect me in case of a law suit?
- \$ An uncle, who is visiting my ranch, injures himself while helping to survey the property. Will this policy cover his medical expenses?
- \$ My wife visits a friend and by accident breaks a fine china plate. Will this insurance cover the replacement?
- \$ When a saw breaks and cuts through an employee's hand, will the policy pay the medical bills?
- \$ My cattle get into the neighbor's fields and destroy a portion of his crops. Will I be protected against damage charges?
- \$ If a scaffold breaks and a life is lost, will this policy pay death benefits?

### Books, Books And More Books!

BY BETSY FRYE

NAUTILUS 90 NORTH  
By Commander William R. Anderson

From the dark waters of Puget Sound, Nautilus headed north toward the achievement of two historic goals--piercing the Pole and the completion of the first transpolar voyage from the Pacific to the Atlantic. Intricate preparation carried out under strictest secrecy behind them, the crew learned for the first time that the previously announced trip to Panama was a snare and delusion. The response was superb. Cracked Robert E. Simonini, "I knew there was some reason I saved those two British pounds."

Skipper of the Nautilus, Commander Anderson, recreates vividly life aboard the submarine, the suspense, the Top Secret orders, the human and humorous incidents that passed the time of the crew, and the unparalleled adventure of the first probe when Nautilus came within 180 miles of the North Pole and fulfilled the Jules Verne dream in steaming its 20,000th league under the sea. He shares with reader the excitement and tension of preparations, mishaps and repairs, omens good and bad, that filled the days before the dramatic announcement of destination North Pole was made.

It all adds up to a rousing true story in danger and excitement, and suspense which will leave readers gasping. But more than that, readers will know they have, in the pages of this book, lived through history in the making -- NAUTILUS 90 NORTH.

BY MARGIE CARLTON

ANTHONY ADVERSE

By Hervey Allen  
 ANTHONY ADVERSE has become a standard by which all historical fiction is inevitably measured. It has become a classic in its own time, one of the most loved and most influential books of this century. And it was not just the enthusiasm of reviewers or of a publisher that made the success of ANTHONY ADVERSE; the reading public took Anthony with an enthusiasm of its own. But the reviews do reflect well the feelings the book stimulates and give an indication of its vitality and its appeal.

Anthony Adverse--begotten in France, born in the Alps, raised in Italy and flung by fortune to the West Indies, Africa, and finally to America--unlocks with the key of action the diverting experience of his journey in body and thought from one hemisphere to another.

A slide rule contest was added to the competitive program of the University Interscholastic League in 1944.

## Musicians Journey To Center Of Earth

If you see students running around like "chickens with their heads cut off" it is probably because they are in a rush trying to get ready to JOURNEY TO THE CENTER OF THE EARTH. This is the theme of the annual music department banquet which is to be held Saturday, April 30, at 7:30 p.m. in the school cafeteria.

Approximately one hundred and seventy persons are planning to make the journey. Including band and choir members, their dates, faculty members and the administration.

On the program for entertainment this year are the Treble Teens and the Humming Honnies.

## Douglas Selected Lion's Sweetheart

BY CLARE SAVAGE

The annual Lion's Club sweetheart has been selected for 1961 Nelda Douglas with her charm, personality, talent and other valuable assets won this coveted honor with SuZanne Taylor giving her stiff competition. The only rules other than the natural ones are that the girl be a piano playing senior that lives in a den. In other words her father is a Lion.

PERRYTON OVERPOWERS TENNIS TEAM

Tommy Lewellen and Gwen Green took second place honors in the regional tennis meet held at Lubbock on April 23, 1960. Representing Friona in the girls doubles division, Tommy and Gwen scored six points in defeating Floydada and Fort Stockton before falling to a strong Perryton team.

Gary Bradley and Tommy Barker represented Friona in the regional track meet. Bradley scored four points in the pole vault tying for third place with Larry Smith, of Seminole, and Alvin Scone of Stamford. All three boys cleared eleven feet. Tommy Barker qualified for the finals in the high hurdles Friday with a time of 16.8 seconds. Barker took fifth place honors with a 16.1 in the finals Saturday afternoon.

# Smiths Capture Senior Honors

## Students Place At Regional

BY JANETTE JOHNSON

Having been certified to region, several Friona High School students rose up early the morning of Saturday, April 23 and started on their trip to Lubbock to represent their school to the best of their ability.

Upon returning to Friona, eight of these students were especially happy...they had placed in the Interscholastic League Regional Meets. The judging team consisting of Ronnie Wood, Carroll Bennett, and Joe Reeve, placed second in land judging, Area 1. Tommie Lewellen and Gwen Green, the girls' double tennis team blazed into the finals to win second. The journalism team Judy Smith and Janette Johnson, placed second, and Judy Smith placed fourth in individual scoring. Gary Bradley tied for third in pole vaulting.

Friona High School is proud of the above-named students and all those others who represented us in both district and regional meets.

## Program Meets School Approval

The most well received Southern School Assembly program was given at the Friona High School auditorium Monday, April 26, 1960, by Mr. Joss Winds. Mr. Winds, an expert on the piano, guitar, and violin, began by playing the piano and then went into a series of imitations of animals well-known people, airplanes, and just about everything else including scottish bagpipes which along with his ready humor kept his audience well entertained and laughing throughout the entire performance. When the program was over the enthusiastic student body forced Mr. Winds to return for two encores and then allowed him to leave only because he had to go on to another show.

Mr. Winds is married and carries an unusually large poodle with him in his travels. He was also an olympics tennis player for Holland, the country where he was born.

Congratulations are in order for two of FHS's outstanding students! Judy Smith, daughter of Mr. and Mrs. Ralph Smith, and Adelle Smith, daughter of Mr. and Mrs. Hoyt Smith, have earned the scholastic honors of valedictorian and salutatorian, respectively. Both of these girls have very high averages concluding their four years in high school. Judy has a four year average of 95.93, and Adelle has a four year average of 95.60.

ADELLE SMITH

council, active in FHA, pep club, and elected class officers during the past four years. Judy has been class secretary and treasurer, S.F.C. secretary and treasurer, editor of the Arrow. Among her other honors are Most Likely to Succeed and choir pianist.

Adelle has been FHA secretary during the past four years. Other honors are most studious, wittiest, most beautiful, football queen, and cheerleader.

Voting for the top ten honors were Janette Johnson, Charles McKenzie, Jacquelyn Magness, Ronnie Castleberry, Pat Foster, Carolyn Wines, James Gee, and Gary Bradley.

JUDY SMITH

Judy and Adelle have both been very active in many organizations connected with this school. Both girls have been representatives to the student

## Science Club Visits

### Tech Engineering Show

Friday, April 22, the science club went to the Science and Engineering show held at Texas Tech. The club left after school on Friday, April 22, and after a minor bus incident, arrived in Lubbock about 6:15. There were many interesting exhibits in agriculture, science, civil engineering, mechanical engineering, textile engineering, and electrical engineering. However, the club only had time to see the science, electrical engineering, mechanical engineering, and civil engineering. The bus left Lubbock about 10:15, and after two more bus incidents made it back to Friona at 1:00.

The science club is planning another trip Friday, April 29, to Palo Duro Canyon, on a Geology trip sponsored by West Texas College. They will leave

at 7:30 and try to be in Palo Duro at 9:00, they will see the places of the most geological interest the first 3 hours. There will be about 20 members going, one requirement is that the member have a 75 average for the six weeks.

## Teachers To Receive Stands

BY MARGIE CARLTON

The teachers are the recipients instead of the givers--for once. Students of the industrial arts class are making stands for the high school classrooms. A few of the students that are making the stands are Gary Bradley, Bobby Daniel, Reggie Hays, Gary Sneed, Luther Metcalf, Felipe Covarrubias, and other students that are finished with their class projects. They are making sixteen stands costing approximately \$4 each. These students have finished their own projects and are working on the stands for extra work.

EXODUS

By: Leon Uris

This book is the dramatic story of a dream pursued by the Jewish people for thousands of years. It is filled with dreams, hopes and romances. A young American woman, Kitty Fremont, is surrounded by the fears and hopes of one thousand Jewish children and entangled into the web spun by the happenings of World War II.

EXODUS is an eventful book and is climaxed by the Jewish fight for freedom. Be sure to read this great book and find the inside story of the problems of the Jewish people. You will be entranced up to the very end!

Can you think of an excuse to get back into school after a day of absence or tardiness? Here are some of the excuses given by students from Perryton High: sickness, out of town flat tires, wrecks, buses not running, going home to get a belt, "late ride," stuck in mud, and "not out of P. E. in time," nosebleed, hayfever, toothache, hurt thumb, went to circus, appendicitis, sprained ankles, eyeache. These are only a few of the many.

The popularity of the University Interscholastic League's two math contests--number sense and slide rule--is evidenced by the sale of practice contest material. Last year the League office sold more than 100,000 number sense bulletins, 33,000 slide rule tests and 800 slide rule manuals.

MONKEY SHINES--Friday is Senior Kid Day and Bill Taylor and Luther Metcalf are practicing up.

## Seniors Experience Second Childhood

BY ADELLE SMITH

The Senior Class of '60, soon to graduate, will experience their second and final childhood this Friday, April 29. This day has been declared "Senior Kid Day."

NELDA DOUGLAS

The University Interscholastic League, observing its golden anniversary during the 1959-60 school year, inaugurated a number sense contest in 1924 for an estimated 750 participants. Last year 566 high schools entered 1,698 contestants in the number sense contest while probably an equal number of students participated in the elementary division.

One of last years "kids" has been repeated as saying, "Mr. Brown, may I leave the room? I've got to go to the restroom."

Pretty neat way for a senior to get out of class!

## Janet Smith Competes Today

BY BETSY FRYE

Janet Smith, Friona's FHA representative to REA Beauty Contest, goes to Hereford's REA Contest today.

Girls participating in the contest are to meet at the Bull Barn at 12:00 for a barbeque lunch.

After the lunch there will be a speaker and short business meeting. After the meeting the contest will get under way.

Cotton John Smith of Amarillo will MC the program.

Contestants are selected only from the FHA Chapters. The first appearance of the girls will be in their bathing suits. The second in formals. During their second appearance the girls will give a short speech.

Girls are judged on personality, figure, face, poise and talent.

Towns participating in the contest are Friona, Dimmitt, Farwell, Hereford, and Bovina.

The freshmen girls are going to go to Hereford to help Janet win.

## WHO'S WHO IN FHS

BY BETSY FRYE

Honored this week as an outstanding student is Pamela Sue Koden sixteen-year-old daughter of Mr. and Mrs. Ralph Roden. She is a member of the sophomore class.

She belongs to FHA, band, Rainbows, and participates in basketball. During her high school years she has had the honors of being majorette, football queen attendant, and Maize Days contestant.

Some of her favorites are: Food.....fried chicken  
 Color.....blue  
 Car.....Oldsmobile  
 Subject.....biology  
 Teacher.....Coach Duggins  
 Song.....SUMMER PLACE  
 Singer.....Perry Como  
 Actor.....Tony Curtis  
 Actress.....Debbie Reynolds  
 movie.....PILLOW TALK  
 Book.....GONE WITH THE WIND

Her pet peeve is unfriendly people. Her ambition is to go to college.

LITTLE BRITCHES  
 By: Ralph Moody  
 BY BRENDA DEATON  
 This is a wonderful book of a boy's memorial to his father. Ralph Moody is the young lad that describes his grand relationship with his father.

The Moody family moves to Colorado and is, of course, faced with new adventures. Among the many occurrences are a range war and Indian trouble. You will be amazed by the way Ralph and his father handle both of these difficulties. Besides being dramatic, this book is also full of humorous incidents and is enjoyed by young and old. So be sure to read this great book!

The typewriting competition, started in 1926, is one of the most popular of all of the University Interscholastic League's literary and academic contests. In the sense that every first-year typing student is "trying out for the team," an estimated 17,500 students from 639 schools participated in this program last year.

## Chit Chat

BY BRANDA DEATON

School's almost out! With only five more weeks left to this school year, everyone is anxious for the appearance of that wonderful season...summer! You can tell that school is nearing an end by the increased activities of FHS's students every weekend. The past weekend, April 23 and 24, wasn't any exception. Here are a few happenings:

Janette Johnson was honored with a surprise party in her home Friday, April 22, celebrating her eighteenth birthday. Buddy Claborn, the "cook" for this occasion, served a delicious meal consisting of charcoal hamburgers, beans, potato chips, fritos, cake, ice cream, and iced tea to those present. His many jokes were the source of much laughter.

Three girls--Margie Carlton, Maxine La Favors, and Sue White--spent the night with Janette following the birthday party adding a touch of gaiety to the night. These girls went to Hereford, watched the late movie on television, and simply "goofed off" which resulted in a rollicking good time.

# Of Interest To THE WOMEN

THURSDAY, APRIL 28, 1960

THE FRIONA STAR

SECTION II

## Jenny McCathern And Dwayne Cassels Wedding Vows Read In Amarillo

MRS. DWAYNE CASSELS

In a double ring ceremony at the home of Mr. and Mrs. J. R. Cassels in Amarillo at 3 p.m. Sunday Jenny McCathern became the bride of Dwayne Cassels. Wedding vows were read by Rev. James Cameron, assistant pastor of the First Baptist Church.

Parents of the couple are Mr. and Mrs. J. E. McCathern Jr. of Friona and Mrs. Jewell Cassels of Hereford.

The bride wore a blue batiste dress over taffeta and lace with white accessories and a white carnation corsage.

Attendants were Phyllis Bainum and Gary Brooks, classmates of the bride.

Those attending the wedding were Mr. and Mrs. J. E. McCathern Jr., Joy and Jerry; Mrs. Jewell Cassels; Mr. and Mrs. J. E. McCathern Sr. of Summerfield, grandparents of the bride;

Also Mrs. Veda West, aunt of the bridegroom; Mr. and Mrs. G. P. Owens, grandparents of the bridegroom; Mr. and Mrs. M. Ball, grandparents of the bride; Mr. and Mrs. G. W. McCathern; and Pat Cassels all of Hereford.

Mr. and Mrs. Cassels are making their home in Hereford, where he is a senior in Hereford High School. Mrs. Cassels, a senior in Friona High School, will continue her studies here.

## Jerry Lebow Weds Donnie M. Waller

In a candlelight service at 7:30 p.m. Saturday, April 16, in the Morton Methodist Church Jerry Lebow and Donnie Waller were united in marriage. The floral arrangement forming the background carried out the chosen colors of lavender and white.

The double ring ceremony was read by the Rev. Earl Landtroop of Clovis, N. M. Parents of the couple are Mr. and Mrs. Bill Lebow and Mr. and Mrs. R. M. Waller all of Morton.

The bride, escorted to the altar by her father, wore a floor length wedding gown of lace and satin. Lace formed the bodice and veiled the skirt. A portrait neckline and brief sleeves were features of the dress. Pearls encrusted the bridal crown and the illusion veiling fell to the bride's fingertips. She carried an orchid corsage with satin ribbon streamers.

Miss Loretta King of Clovis was maid of honor and Miss La Velle Benham was the bridesmaid. They wore identical dresses of lavender eyelet chambray and cotton satin. They carried baskets of white daisies and wore hats of white lace and lavender roses designed by the bride.

Serving as best man was the bridegroom's father, D. J. Peters, brother-in-law of the groom served as groomsman. Ushers were Carlton Peters of Pampa and Jerry Hinkle of Friona. Candelights were Alfred Coats of Lubbock and Richard Greer of Morton.

Jan Peters of Lubbock, niece of the groom, was flower girl and Forrest Baker, cousin of the bride, was the ring bearer. Miss Sara Jo Wallace, organist, provided wedding music and accompanied Miss Nedra Cundy of Roswell, soloist, as she sang "The Lord's Prayer" and "The Wedding Prayer."

Members of the house party

at the reception in the church parlor were Mesdames Eva Baker, Al Chapman, W. C. Benham and Grace Abbe.

Mr. and Mrs. Waller are

MRS. DONNIE WALLER

both graduates of Morton High School. He attended Texas Tech at Lubbock and she is a former student of Eastern New Mexico University at Portales. They are making their home on a farm west of Friona.

## Program Features Bible Study

Highlighting the Wednesday afternoon meeting of the Friona Woman's Club at the clubhouse was a Bible program. Koli call was answered with a Bible city.

Mrs. Mary Officer related many Bible miracles. She also read an article "Truly The Son of God," which was taken from the Midwestern University magazine, and "Owakiya," written by Luellen McLean, a student at the University and daughter of Mr. and Mrs. Jim McLean.

"Bible Parables" was the title of a presentation by Mrs. Charles Russell. Mrs. Roy Slaagle presented a convention report.

During the business meeting, presided over by Mrs. S. L. McLellan, president pro tem, it was voted to organize a historical society.

## HD Club Plans Luncheon

At the Thursday afternoon meeting of the Hub Home Demonstration Club in the community center, plans were made for an all day salad luncheon in observance of National HD Week. This luncheon will be May 5 in the community center.

Following the answering of roll call with "A courtesy I need to strengthen," Jimmie Lou Waincott presented a flannel board lecture.

Ila Daniel, hostess, served refreshments to Jo Hand, Taleta Mabry, Velma Cannon, Alma Lou Cannon, Jinx Snead, Peck Stringer, Peggy Monroe and Christine Shirley; Also Billy Thurman, Lydie Tomlin, Corene Jones, Joy Hall and Jimmie Lou Waincott.

## Esther Sorenson Speaks At Study Club

Guest speaker at the Tuesday evening meeting of the Modern Study Club in the club house was Miss Esther Sorenson, Area 1 supervisor for home making of the Texas Education Agency.

Miss Sorenson spoke on "Sources of Tomorrow's Personalities." She said, "This is a time for renewing energies, faith, hope, courage and ambitions. God left us the world as raw material--that we might have the privilege of sharing in creation. He who knows how far to go holds the key to success in making a home or a life."

Lilacs and white roses were used for decorations. Refreshments were served to 27 members and 17 guests by the hostesses, Vera Bainum, Grace Whitefield, Thelma Ford, Allo Reeve and Willard Stewart.

Guests were Anne Spring, Ethel Benger, Mary Lee Cass, Frankie Fortune, Jo Phillips, Jessie Douglas, Martha Russell, Ouida Capps, Pat Nichols, Tom Lewis, Luella Drake, Katy Osborn, Sarah Barber, Juanda Jarrell, Ruthie Fite, Topsy Farr and Pearl Shelton.

Preceding the meeting members of the program committee

FUTURE TEACHERS OF AMERICA OFFICERS INSTALLED--Mrs. Ethel Benger served as installing officer during formal ceremonies in the Nelson Welch home Monday evening. Pictured here, she presents a rosebud to SuZanne Taylor,

historian of the club. Others receiving rosebuds at the close of the installation were Andrea Milligan, Iva Ben Parr, Geneva Floyd, president, Gwen Green, secretary, Lawana Houlette, treasurer and Charles McKenzie, parliamentarian.

## Ethel Benger FTA Club Installs Officers

In formal ceremonies at the home of Mr. and Mrs. Nelson Welch Monday evening Mrs. Ethel Benger, a first grade teacher in the local school for a number of years, installed officers of the Ethel Benger Future Teachers of America Club.

Those installed were Geneva Floyd, president; Gary Bradley, vice president; Lawana Houlette, treasurer; Gwen Green, secretary; SuZanne Taylor, historian; and Charles McKenzie, parliamentarian.

teacher of several of the club members, and Mrs. Dorothy Rowlett, faculty advisor, were presented corsages by Geneva Floyd in behalf of the club. Mrs. Benger then presented red rosebuds to the club members.

Other members present were Mikie Welch, Andrea Milligan, Kay Johnson, Sharon Reeve, Cordelia Parr, Iva Ben Parr and Nawasa Parson. Members unable to attend were Carolyn Wines, Kenneth Harrington, Margaret Hudson, Judy Fesser and Debbie Hawkins.

Guests were Mr. and Mrs. Kenneth Houlette, Mr. and Mrs. W. K. Huff, Tom Jarboe, Mr. and Mrs. Sam Green, Mrs.

Mr. and Mrs. Paul Strickland returned home Wednesday evening after spending several days visiting Mr. and Mrs. Ray Strickland and sons at Kansas City. Gene Strickland accompanied his grandparents home.

Paternal grandparents are Mr. and Mrs. Irby Carlisle of Monday, former residents of the Lakeview Community.

## Births

The following births were recorded during the week ending April 26 with Justice of Peace Thelma Jones:

Boy, born to Mr. and Mrs. David E. Turner of Texico, N. M. April 5, at 10:22 a. m. weighing 9 lb 11 1/2 oz.

Boy, born to Mr. and Mrs. Andrew N. Fuqua of Lazbuddie on April 14, at 4:50 p. m. weighing 6 lb 14 1/2 oz.

Girl, born to Mr. and Mrs. Camilo Galicia of Friona April 16, at 6:30 p. m. weighing 6 lb 8 1/2 oz.

Boy, born to Mr. and Mrs. James F. Stephens of Friona April 22, at 2:02 p. m. weighing 8 lb 4 oz.

## It's A Boy For Carlises

Mr. and Mrs. Joe Dean Carlisle became parents of a baby boy at Parmer County Community Hospital, Thursday, April 7. He weighed 6 lbs. 15 ozs. and was named Joe Craig.

After being dismissed from the hospital Mrs. Carlisle and Joe Craig spent a few days with her mother, Mrs. Tommie Parker, before going to their home at Munday.

Paternal grandparents are Mr. and Mrs. Irby Carlisle of Monday, former residents of the Lakeview Community.

# THE HIGH PLAINS FARM AND HOME

## Area Early Cotton Planting Well Along

After several weeks of spring weather, High Plains farmers are planting cotton early this year, in an attempt to get a stand while the mild weather continues.

"It is really not warm enough, but we can't wait until June 15 to plant our cotton," says Parmer County agricultural agent Joe Jones. He says recommended soil temperature is 60 degrees for 10 days. "The farmers are right in planting when they think they can get a stand of cotton." Longer growing season is another

reason to plant early. "When the soil warms up enough to get cotton up, it is better to go ahead. Farmers can always plant later if they have to.

"Weather may cause you to lose two weeks if you wait for perfect planting weather.

"I think most of the cotton will be planted this week.

"We are going to have 48,000 acres of cotton in Parmer County. Most of it will be in by the first of May."

One of the hundreds of area

farmers, who will raise that 48,000 acres of the crop, will be Travis Dyer, who farms three miles east of Bovina. Dyer had finished planting nearly half of the 185 acres he plans to grow by the end of last week.

"It gives you a longer growing season, if you get an early stand," he says.

"The only reason you should have to plant again is from hail damage.

"Soil temperature has been high enough for planting for 11 days now, according to the

experiment station."

Dyer, with one hand running the tractor for him, is utilizing a new Cline W planter, which he says is different from what most area farmers use.

The specially designed cotton seed bed with a place for water to stand on both sides. The seed is pressed into the bed with a rubber tire and covered with pulverized mulch.

"Ground warms quicker and seed comes out sooner. It will usually give a stand from 5 to 8 days sooner. You usually never have to plant a second time because of heavy rains.

"One of the most important things is to have the soil ready for planting." Dyer cultivates a deep loose cover of pulverized mulch to cover the seed.

"Pulverized mulch doesn't dry as quickly as if it were cloddy." Another strong point, Dyer says, is the fact that rains and irrigation won't wash dirt over the seed, but into the troughs on either side of the raised bed.

"We are trying to put out 22 pounds of acid-deltined seed to the acre," he says of his planting rate.

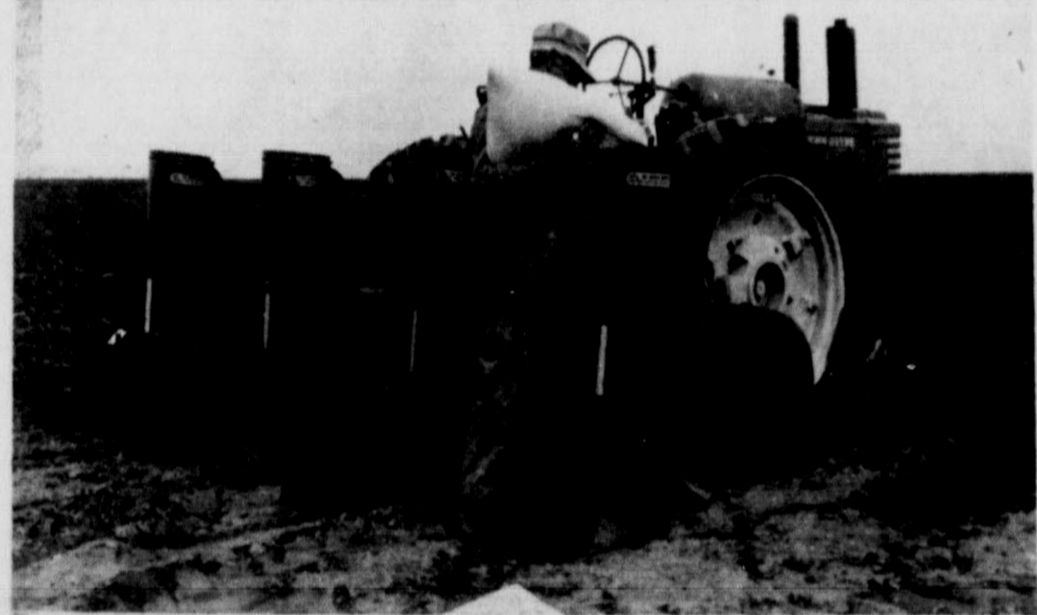

"I have been farming for myself 18 years." Dyer, a Second World War veteran, harvested his first cotton crop in 1946, and he has been successfully raising the crop every year since then.

"Most of the time I try to irrigate and fertilize according to the experiment station recommendations."

Dyer also raises wheat and grain sorghum.

EARLY COTTON PLANTING was well under way throughout the High Plains at the end of last week. Here, a worker drives a tractor pulling a new Cline W planter on the Travis Dyer farm three miles east of Bovina. Dyer feels the new planter, which leaves a raised seedbed, will greatly increase the efficiency of his cotton farming.

A WORKER fills the containers on a new Cline W planter on the Travis Dyer farm near Bovina. Dyer, who had finished planting about half of the 185 acres he plans to raise by the end of last week, is only one of many Parmer County area farmers who are planting their cotton early, in an attempt to get an early stand.

## Herbicide Restrictions Announced

Use of an important weed killing chemical, used by many maize farmers on the High Plains, has been restricted due to recent rulings by the Pure Food and Drug Administration, according to Joe Jones, Parmer County agricultural agent.

The weed killer, 2,4-D, can still be used before the crop comes up, but county agent Jones asks that farmers consult him before using the chemical.

Decision to restrict 2,4-D and several other chemicals came about April 19. Restriction will continue until the agents are proven not to be harmful.

"The chemical may be used a certain period of time pre-emergence at present, but it may change at any time," Jones says. He feels for this reason that farmers should check with him before using 2,4-D.

"The President has asked for appropriations to increase the number of personnel on the Pure Food and Drug Administration so it can do a better job. An office is being opened in Dallas. Before, the closest office was in Denver."

A part of the memorandum sent to all county agents on April 21 by the Director of Texas A. and M. College Extension Service is the following notice:

"Prior recommendations made in publications of the Texas A. and M. College system for the use of any chemical not registered for this use and in conflict with federal regulations are hereby withdrawn until clarification is obtained. Information on the changes in

the use of chemicals by crops and the limitations in their use will be made available to you as rapidly as they are issued by the Food and Drug Administration."

## Farm Bureau Weed Committee Meets

Parmer County Farm Bureau's weed committee met in the Friona office Monday night. This was the second meeting of the committee for the year. J. T. Jones of Bovina was elected chairman, and Jack Patterson of Rhea was elected vice chairman. Vernon Symcox of Farwell was previously elected secretary.

At the suggestion of county agent Joe Jones, it was declared to let the Highway Department

treat bindweed plots they knew of before the committee made the check for new plots. Lloyd Killough, superintendent of highways in Parmer County said this would be done.

Joe Jones also stated that the Santa Fe Railroad had recently set up a man for the purpose of eradicating bindweed from their right of way, and that they would begin work in Parmer County soon.

Clayton Jay of Hereford, representing Texas Weed and Grass Control, Inc., explained their methods of bindweed eradication on a commercial basis, and offered his assistance to the committee any time they felt they needed him. Gus Schlaubs made a motion, which was seconded and carried, that the county commissioners be invited to attend future meetings of the committee.

These in attendance were J. T. Jones, Vernon Symcox, Jack Patterson, Gus Schlaubs, Joe Jesko, Prentice Mills, Joe Jones, Roy Crawford and Lloyd Killough. The next regular meeting of the committee will be on May 30.

### Farm Facts

Accidents to farm residents claim more than 11,300 victims and injure about 950,000 persons annually, according to the National Safety Council.

There are more than four times as many accidental deaths in farming than in manufacturing, says the National Safety Council.

Accidents in the farm home kill more than 2,700 and injure nearly 400,000 farm residents each year.

# County 4-H Contests Held in Farwell

With 37 Farmer County youths participating, the annual County 4-H Elimination Contests were held at the County Court House in Farwell Saturday morning, according to Jimmie Lou Wainscott, home demonstration agent and Joe Jones, agricultural agent, who conducted the contests.

Winners in eight areas of competition were named, and they will compete in the annual District 4-H elimination contests to be held at West Texas State College in Canyon, May 7. Senior winners in the district contest will go on to the 4-H Club round-up at College Station on June 7, 8 and 9. Contests boys and girls entered were Soil and Water Conservation, Beef Cattle Business, Electrical, Farm Co-operatives, Farm and Home Safety, Vegetable Preparation, Dairy Foods, and Poultry Marketing and Utilization. Age 14 and over competed in the senior division, while those under 14 were classed as juniors.

Winner in Dairy Foods, the only senior demonstration, as

THE BILLINGSLEYS all scored in the 4-H contests Saturday. Judy, center, took a first in dairy foods. Janic, left, and Bruce won first place in the poultry marketing division.

most senior division classes had no competition, was Judy Billingsley of Farwell. All other competition was in the junior division.

Mike Hinkson and Timmy Foster of Lazbuddie won first place in Beef Cattle Business with no competition.

Winners in Soil and Water Conservation were Bobby Gleason and Terry Parham of Lazbuddie, first place. Second place went to Ronald Ashburn and Gary Eubanks, also of Lazbuddie.

Winning without competition

in the Co-operatives Demonstration was the brother-sister team of Buddy and Aleene Embry of Lazbuddie.

Linda Phillips and Donna Kay Rundell of Farwell took first place in the junior division Dairy Foods. Second place winner was the team of Terri Sue Cummings and Judy Edelman.

First place winner in Safety was the Linda Monk and Katie Blackstone team of Lazbuddie. Loyd Bradshaw and Lewis Seaton won second and Cathy Wilson and Susan Pendergrass were third place winners. Also competing were Susan Carmichael and Terri Sue Mabry of Friona and Jeanne Blair and Martha Coffey of Farwell.

In competition for Electric, Linda Gleason and Marianna

Gammon of Lazbuddie won the blue ribbon. Placing second were Sherri Tannahill and Karene Milner of Friona. Taking third place were Sammy Harlan and Greg Schuman.

Bruce Billingsley and Janic Billingsley of Farwell placed first in Poultry Marketing and Utilization. Connie McKinney and Patricia Tannahill of Friona placed second.

In Vegetable Preparation Becky Wilson and Carolyn Annear of Lazbuddie won first. In second place slot were Judy Shirley and Darla Howell of Friona. Although her partner failed to show, Ann Collins of Lazbuddie gave her part of the demonstration and won a blue ribbon.

A total of 12 boys and 25 girls competed in the contests.

The bulletin gives suggestions for colorful, tasty vegetable platters. Recipes... with that special "something" are given for many different vegetables.

You can get copies of the bulletin from your county home demonstration agent's office.

NATIONAL HOME DEMONSTRATION WEEK

Some 30,000 Texas Home Demonstration Club women will be among the 7 million homemakers throughout the nation who will observe their 15th National Home Demonstration Club Week May 1-7.

During the week, most of the 1,700 home demonstration clubs in the State plan special activities to highlight their programs. Special exhibits, community programs, feature stories, radio and television programs, and tours are planned to inform other homemakers and families of the purpose of home demonstration work and to show its contribution to family and community life.

Today's home demonstration program takes into account that today's homemaker--and her family--face increasingly complex adjustments to the world around them.

The program is planned by

MAY FOOD PLENTIFULS

Milk and dairy products are headliners on the May plentiful foods list, released by the United States Department of Agriculture. Also included are canned freestone peaches, cranberry products, vegetable fats and oils and scallops.

Ice cream is one of the dairy

products that deserves a place in May meals. Serve it topped with canned freestone peaches. Cottage cheese is another popular item for spring salads, cold plates or relish dishes. Vary it by adding chopped parsley, chives or a little onion juice.

For a bright spot of color, there's plenty of ruby-red bottled cranberry beverage and also canned cranberry sauce on markets.

For breakfast or dessert fruit, those canned freestone peaches may be served chilled or heated, as desired.

Some of the plentiful vegetable fats and oils may well be used for pan-frying scallops. Have fat in a heavy frying pan hot but not smoking. Scallops can be nicely browned and ready to serve in 4 to 6 minutes.

\*\*\*\*\*

BE DISCRIMINATING... CHOOSE "LOADED" CALORIES

Every food contains some calories. But some foods contain so many nutrients--vitamins, minerals and protein--that every calorie is virtually "loaded." The calories in meat, eggs, vegetables, fruits, milk and whole grain or enriched cereals are loaded with important nutrients. That's why they are so important--even in reducing diets, according to extension foods and nutrition specialists.

Foods that contain a lot of fat and/or more sugar have less of the nutrients, but are high in calories. Excess calories can pile on pounds while your body is starving for some of the needed vitamins, minerals and proteins.

Learn to choose "loaded" calories. It can mean better health, an improved morale and appearance.

Family members may enjoy rating their eating habits. A new Extension Leaflet, "Are You A Good Eater," provides an easy check list. It lists the foods needed daily and describes some of the most symptoms

## Reveal Source of Farm Accidents

Does a farm accident begin at breakfast?

"It can," said Maynard Coe, the National Safety Council's director of farm safety, "if there's lack of harmony at the breakfast table."

"The attitude the farmer has when he goes out to run a lot of complicated machinery," said Coe, "is extremely important. If his wife or children upset him at breakfast, he's much more likely to have an accident than if he leaves the table in a good frame of mind."

"It's just a theory," he said, "but we think how a farmer feels at breakfast has a lot to do with how safe he stays throughout the day."

Coe's observations came on the eve of annual National Farm Safety Week, which the National Safety Council will co-sponsor July 24-30 with the U. S. Department of Agriculture.

It's not only a nagging wife at the breakfast table that can drive a man to an accident, Coe--a married man--hesitated to point out.

"Burnt toast, bad weather or a sleepless night can have the same disastrous effect," he said. "Anything that causes a farmer to concentrate less on the work at hand is to be avoided, if at all possible."

With the increased tempo of farm and ranch activities, farm accidents are becoming more numerous. The Texas Farm and Ranch Safety Council urges rural residents to keep safety in mind when planning and carrying out farm activities.

Are you including enough vegetables in your daily diet? Besides being nutritionally necessary, vegetables offer the color and flavor variety that adds to eating enjoyment.

Three kinds of vegetables should be included daily in your meals, according to the Texas Food Standards, which is the daily food guide for Texas. A green or yellow vegetables, sweet or Irish potatoes, and any one from the long list of other vegetables should make a total of three kinds for a day.

Ideas on how to get the most from fresh, frozen and canned vegetables are given in a bulletin written by extension foods and nutrition specialists of Texas A&M. Entitled "VEGETABLES," it tells and shows how to select, care for and cook vegetables to preserve color, flavor and nutrition. A special section of

## Farmers Plan Castor Crop

Forty-one farmers in a four-county area have signed up to raise more than 2000 acres of castor beans this year, making an average of 50 acres to the grower, according to Pat Patrick of Golden West Seed company in Texico, who is promoting the crop.

Patrick, who is selling the beans for planting to the farmers at \$5.25 a hundred, says he has one grower planning to raise 320 acres of the crop. Ten acres is the smallest amount he knows about.

Most of the growers in the Farmer County area are planning to raise about 40 acres. Farmers in Bailey County and Curry and Roosevelt Counties in New Mexico will also be growing the crop.

After we have a year with

a good crop, there will be a larger acreage," Patrick says.

"Response has not been too good, mainly because of the trouble some farmers had with castor beans in earlier years.

"Actually, I think that they will make more clear profit than sudan or mlo, and the harvest cost is less.

"One grower, who had 80 acres last year, signed up for 300 acres this year.

"Cost of seed is not too great; you tie up about \$2.10 an acre. Water and fertilizer are about the same as maize.

"It is a crop that responds to care like cotton. You can't neglect it."

Patrick has been promoting the crop for about three months now. He expects only a few more growers to sign up.

County had to rely on its underground water resources to supply this need our reserves would be exhausted in less than ten years. Any way you measure it, it's an awful lot of water.

This heavy pumping has played some strange tricks on the topography of the valley itself. Hydrologists and geologists estimate the surface of the land has subsided in an area covering about 2000 square miles as a direct result of this heavy pumping. The land in some places has sunk as much as 20 feet during the last 30 years.

So far as we know that is a phenomenon which has not occurred on the High Plains. If the land has sunk any it has been an imperceptible amount.

Although it is not inconceivable that this strange sort of a change might take place in our area it is extremely unlikely that it could happen. Nearly all of our irrigation water comes from what can be considered deep wells and the outer crust of the earth does not depend on sub-surface sands for its support as it does in many areas in the San Joaquin Valley. So don't look for any big "cave-ins" on your farm.

Today's farms are becoming more like small industrial plants, according to the National Safety Council—and they have some of the same safety needs.

It is interesting to compare our irrigation area with irrigation areas in other parts of the country. Perhaps we should be a little bit more specific and say we are talking about irrigation areas where the water is drawn from underground supplies, not open ditch irrigation from rivers.

The high San Joaquin Valley in California is traversed by two important rivers and many smaller ones. However, a very large part of the irrigated acreage in this important-in-agriculture area is watered by wells. It is estimated San Joaquin Valley farmers each year pump about ten million acre feet of water onto their land. This is quite a bit more than twice as much as farmers of the Texas and New Mexico High Plains pump onto their crops.

Another way to look at it is to consider that if Farmer

## NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

"Some groups are trying to leave the impression that the things that Americans through the years have given their lives for was a higher standard of living," Roger Flemming, AFBF Sec-Treas., of Washington D. C., speaking at the Phoenix, Arizona, All American Banquet this month said. "But I find that hard to believe, because you've got to live to enjoy a standard of living. I believe it is freedom that we have found our young citizens willing to risk their lives for in the past, and Farm Bureau people believe that is the most important thing in the minds of Americans," he said.

After a sixteen day tour of New Mexico, Arizona, and California, we still are convinced that this area is best for farming and living. We are glad for the other areas to visit, but we're happy for this one to return to to live and conduct our business.

\*\*\*

We hope that you farmers are giving serious consideration to the various farm programs being presented in Congress. There are some so called "family farm programs" that would cut wheat and cotton acreage in half almost immediately. Even though they may sound inviting on the surface, surely no one has a strong enough imagination to believe that a price could be maintained to give a farmer the same income that he enjoys with more acreage.

We invite your careful study of American Farm Bureau proposals that are intended to maintain freedom for farmers and others, with the opportunity to do better, rather than a guaranteed, fixed starvation type handout, such as some proposals that suggest a \$5,000 limit to government aid per individual farmer, regardless of circumstances. We are well aware that the situation in this area is unlike that of many other farm and ranch areas. The fact remains, however, that any National Farm Program is going to have to be supported by a majority of the Congressmen from fifty states, and not just one state or one congressional district.

\*\*\*

The Farm Bureau Weed Committee met Monday night, with Chairman Gus Schlabs presiding, to formulate plans for bindweed control this season.

\*\*\*

We want to compliment your office secretary, Glenda Rickard, for the fine way she served you during our absence. She appreciates your cooperation with her when she was alone during rush periods.

\*\*\*

If you have not renewed your membership, won't you do it now?

\*\*\*

Joe Jesko and J. T. Jones attended the Bushland Experiment Station Weed Conference last week. J. T. Jones took several boys from Bovina with him. Jesko and Jones are members of the FB Weed Committee.

## NOTICE TO BIDDERS

Notice is hereby given that Farmer County will accept bids at the office of the County Judge until 10:00 o'clock A. M. on the 23rd day of May, 1960 for the purchase of a new Motor Grader with the following specifications:

One Motor Grader with not less than 150H.P. diesel engine and tandem drive. The grader is to be equipped with 14:00x24 tandems rear, and 14:00x24 front tires, 14 foot moldboard with 2 foot extension, steering booster, cab, cab heater, rain traps, windshield wipers and lights.

Successful bidder will be required to accept as a trade in a used No. 12 Caterpillar Motor Grader which may be inspected at Bovina, Texas.

Farmer County reserves the right to reject any and all bids, or to accept the bid deemed the most advantageous to Farmer County.

Loyde A. Brewer,  
County Judge  
Farmer County,  
Texas

30-2tc

Upon returning to her sixth-grade class one day, a teacher found the children sitting quietly at their desks. Since this was extremely unusual, she asked them for an explanation.

Rather hesitantly, a girl said, "Well, you once told us that if you ever left the room and came back to find everyone sitting still, you'd drop dead."

## POLITICAL CALENDAR

The Farmer County newspapers have been authorized to announce the candidacies of the following persons, subject to the action of the first Democratic Primary May 7, 1960.

# GUIDE TO COMMERCIAL FERTILIZERS

COMMERCIAL FERTILIZER  
Materials Supplying Nitrogen

Nitrogen can be supplied by a number of fertilizer materials as either solids, liquids or gases.

AMMONIUM NITRATE is a solid nitrogen fertilizer containing 33.5 per cent nitrogen (N). Half of this N is in the ammonium form and half in the nitrate form. It is completely soluble in water and takes up moisture when exposed to the air.

AMMONIUM SULFATE is a solid nitrogen fertilizer which contains 21 per cent N. All nitrogen is in the ammonium form and is water soluble. Because of the sulfur in this fertilizer, it tends to increase soil acidity.

Urea is a solid nitrogen compound which, when added to the soil, hydrolyzes to the ammonium form and eventually is converted to the nitrate form. This commercial material contains about 45 per cent N. Urea also is sold in combination with formaldehyde as urea formaldehyde and contains 38 per cent N.

SODIUM NITRATE, CALCIUM NITRATE and CALCIUM CYANAMID are three other solid sources of nitrogen fertilizer. They contain 16, 17, and 21 per cent N respectively. All three leave a residual alkalinity in the soil, which may be slightly beneficial when used on acid soils, but of no extra value on alkaline soils. Continued use of high rates of sodium nitrate on medium-to-fine textured soils would be undesirable due to the buildup of sodium. Calcium cyanamid should be applied at least two weeks before planting and should not come in contact with the seed or growing plants because it has a temporary herbicidal effect.

ANHYDROUS AMMONIA, a gaseous form of nitrogen, contains 82 per cent N in the ammonia form. It is a liquid when kept under pressure. When applied to the soil, it is released from pressure, and is injected into the soil as a gas.

LIQUID SOURCES OF NITROGEN include several nitrogen solutions ranging from 21 to 41 per cent N. These solutions vary from all ammonium to half ammonium-half nitrate solutions. Some of the solutions have to be kept under pressure and injected into the soil. Most of them can be applied with a properly equipped sprayer.

Price is the main consideration in determining which nitrogen source to use. Under most conditions, all sources of nitrogen will give equal results if used on an equivalent nitrogen basis. To determine which nitrogen fertilizer to use, consider the price per pound of N and the cost of application and use the most economical nitrogen source. (To determine the price per pound of N, multiply the per cent N by 2000. Then divide the price per ton by this figure.)

The residual acidity of nitrogen fertilizers often is considered in deciding which to buy. Ammonium sulfate leaves an acid residual about three times that of ammonium nitrate, urea, anhydrous ammonia and most nitrogen solutions. If fertilizer and handling costs are about the same on all nitrogen fertilizers, ammonium sulfate may be more desirable on alkaline soils than other sources, but less desirable on acid soils.

ROCK PHOSPHATE is the naturally occurring mineral form of phosphorus. It is found in large deposits in Idaho, Montana, Utah, Wyoming, Tennessee and Florida. The phosphorus content of rock phosphate is variable but it is usually guaranteed to contain 33 per cent total P2O5 which is relatively insoluble and a small portion of which will become available each year, depending on soil conditions and the crops grown.

COLLOIDAL PHOSPHATE is another type of phosphorus on the market and is sold under various trade names. This material is a product from the washings of the rock phosphate at the mines. It usually contains 20 to 22 per cent total P2O5 which is relatively insoluble with a small portion becoming available each year.

Rock phosphate and colloidal phosphates have their greatest value in acid soils where leguminous-type crops are grown. It is seldom of any value when applied to alkaline soils like we have.

The other type of phosphorus fertilizers is the superphosphates.

SUPERPHOSPHATE is made by treating rock phosphate with sulfuric acid, resulting in a material which contains 18 to 22 per cent available P2O5. It usually is marketed as 0-20-0. When rock phosphate is treated with phosphoric acid, triple superphosphate results ranging from 40 to 48 per cent available P2O5. It is usually sold as 0-45-0. Both of these superphosphates are recommended on Texas soils where phosphorus is needed.

CALCIUM METAPHOSPHATE is another type of phosphorus fertilizer containing available phosphorus. It is a high-analysis fertilizer containing 60 to 63 per cent available P2O5 and usually is sold as 0-62-0. Its effectiveness is about the same as the superphosphates, and may be used where phosphorus is needed. Calcium metaphosphate may be less effective than other available phosphates on short-season crops.

LIQUID PHOSPHORIC ACID is another fertilizer carrying available phosphorus. It usually is sold as 0-54-0. Because of its corrosive action, it normally is custom applied. Its effectiveness is about the same as superphosphate if used in equivalent quantities of P2O5 per acre.

The source of phosphorus to use—rock phosphate, superphosphate, calcium metaphosphate or liquid phosphoric acid—depends on conditions. The rock phosphates should be restricted to the acid soils of the East Texas Timberlands and Cost Prairie but not be used in this area. The other three sources—those containing "available" phosphorus—can be used anywhere in the State if phosphorus is needed.

Look primarily at the cost per pound of P2O5 and the cost of application to determine which source of the "available" phosphates to use. Phosphorus from any of the sources except rock phosphate or colloidal phosphate should be of equal value if applied in equivalent amounts of P2O5. Both solid and liquid forms of phosphorus should be of equal value. Materials Supplying Both Nitrogen and Phosphorus.

Some fertilizer materials contain both nitrogen and phosphorus. Special reactions may be set up to combine these nutrients chemically to form a special compound. An example of this is the ammoniation of phosphoric acid to form an ammonium phosphate, such as 11-48-0 or 21-53-0.

MIXED FERTILIZERS are another source of nitrogen, phosphorus and potassium. They contain at least two, and sometimes all three, of the major plant nutrients.

MIXED FERTILIZERS may be used when the soil is deficient in more than one nutrient and when the amount needed is small. The application cost of mixed fertilizer usually is cheaper since only one application is needed. The various plant nutrients are well mixed.

MIXED FERTILIZERS are made by combining proper amounts of the different carriers of the nutrients to obtain the desired composition. For example, ammonium sulfate, superphosphate and muriate of potash may be mixed to prepare the desired grade.

# New Law Affects Boat Owners

**NEW BOAT LAW**  
Water sports enthusiasts have become so numerous in the past few years that it has become necessary to enact safety measures to protect the fishermen, swimmers, skiers and pleasure boat operators from themselves and from each other.

The goal of Texas' new Water Safety Act, passed by the 56th Legislature, is to foster accident prevention with a minimum of regulations and a maximum of protection and freedom for all water sportsmen. The Act provides protection in three general ways—by specifying minimum safety equipment and operational safety; by providing penalties for unsafe operation of non-compliance with the Act; and by making provisions

for boat identification through a numbering system.

Safety provisions of the Act went into effect August 11, 1959, but boat owners have until March 31 of this year to fulfill the identification provision which requires them to make application to the Texas Highway Department for a Certificate of Number. (Application blanks are available from boat dealers and county tax collectors.) The number issued a boat owner must be painted on or attached to the hull of his boat in block characters at least three inches high. The number must be displayed on each side of the bow and kept in legible condition.

Fees for a three-year registration are based on the class of the boat. They are as follows: Class A: less than 16 feet in length, \$1.00; Class 1: 16 to 26 feet, \$5.00; Class 2: 26 to 40 feet, \$10.00; and Class 3: 40 feet and over, \$12.50. The same number may be renewed at the end of three years. (Motorboats of 10 horsepower or less are exempt from the numbering provisions and other requirements generally of the Water Safety Act. However, a boat owner in this category may secure a Certificate of Number as proof of ownership if he chooses to do so.)

Excess funds accrued from boat registration fees, above administrative costs, will be used for purchasing access ways to public waters, boat ramps, and will pay for their maintenance.

If a boat owner transfers any or all of his interest in a motorboat registered in his name, or if the boat is abandoned or destroyed, he must notify the Highway Department and surrender his Certificate of Number. A person who buys a motorboat that has been previously registered under the Water Safety Act must make application to the Highway Department for a transfer of Certificate of Number. Owners must also report address changes to the Department. All new boats manufactured

for sale in Texas after April 1, 1960, must carry a manufacturer's serial number before the owner can obtain a Certificate of Number.

Other provisions of the Water Safety Act, which is administered by the Texas Highway Department and enforced by all authorized peace officers include the following:

**LIGHTING:** Any kind of self-propelled boat, when underway between sunset and sunrise, must use at least one bright light; motorboats of Class 1 must use two lights; and boats of Classes 2 and 3 must be equipped with stem, stern, port and starboard lights as specified by the Act.

**LIFE PRESERVERS:** Every motorboat or vessel must have an approved life preserver for each person on board.

**SKIS AND AQUAPLANES:** Water skiing, aquaplaning and similar sports are not permitted from one hour after sunset to one hour before sunrise, except in tournaments and exhibitions. Such activities must be conducted in a careful and prudent manner at a reasonable distance from persons and property.

**BOAT LIVERIES:** Boat livery owners are required to keep records of persons hiring boats and the length of time for which they were hired.

**ACCIDENTS:** The operator of a boat involved in an ac-

cident is required to stop, render assistance, and identify himself to the owner of the damaged property. An accident resulting in death, injury or property damage of more than \$100 requires the boat operator to file a description of the accident with the Highway Department.

**PENALTIES:** A person who violates any section of the Water Safety Act is guilty of a misdemeanor, and upon conviction, may be punished by a fine of not less than \$10.00 or more than \$50.00.

**INTOXICATION:** Any person who operates a boat or manipulates water skis, an aquaplane or similar device while intoxicated will be guilty of a misdemeanor. Upon conviction, the violator may be fined not less than \$50.00 or more than \$500.00 and/or be imprisoned for not more than six months.

**LOCAL REGULATIONS:** Just as the Water Safety Act must be in conformity with the Federal Boating Act of 1958, local regulations must conform to the Water Safety Act.

**ENFORCEMENT:** All peace officers have authority to enforce this Act. A violator may be taken into custody by an officer if he refuses to sign a ticket to appear in court within 30 days. Courts of the county in which the violation occurred have jurisdiction.

## Farm Facts

By 1975 farmers must produce half again as much in many crops if Americans are to eat as well then as they do now.

A guide to assist producers with problems related to the business side of a cow-calf enterprise has been released by the Texas Agricultural Extension Service. It was developed primarily for cow-calf operations in Central and East Texas. Copies are available from the offices of local county agents or the Agricultural Information Office, College Station, Texas.

**PRACTICE SAFETY**  
NATIONAL FARM SAFETY WEEK JULY 24-30, 1960  
Leaders in Texas rural communities are finding that improvement projects are easier to accomplish when everyone joins hands to help each other. Reagan Brown, extension rural sociologist, says 213 communities are now participating in the Texas Community Improvement Program sponsored jointly by the electric utility companies of the State and the

Agricultural Extension Service.  
Deterioration of the embryo roots within cottonseeds is probably the major cause of nubroot—a condition which can reduce cotton yields by 25 per cent. In some years, says Harlan Smith, extension plant pathologist, this condition results in big losses for Texas producers. Smith adds that recent USDA findings show the importance of finding adequate tests for determining the degree of deterioration of seed as a means of improving stands in cotton.

**NOTICE**

Notice to all owners, claimants, or parties interested in any property abutting on portions of streets and avenues hereinafter mentioned in City of Friona, Texas.

The City Council of the City of Friona has ordered the improvements by grading, placing curb and gutter, caliche base and triple asphalt surface on the following portions of streets or avenues in Friona and has entered into a contract with J. R. Fanning for construction of such improvements. The portions of said streets and avenues to be improved together with the cost amounts per front foot proposed to be assessed against the abutting property and the owners are as follows:

Unit No. 1-60 consists of all streets to be paved 31-feet in width and is divided into 10 sub-units, a public hearing covering sub-units 1 to 9 inclusive was held April 2, 1960. The amounts proposed to be assessed against front abutting property and the owners thereof is \$4.00 per front foot for all improvements including curb and gutter, and against side and rear abutting property \$3.60 per front foot for all improvements including curb and gutter. The total property owners cost in this unit is \$17,520.00; the City's cost is \$2,137.41; total cost of this unit \$19,657.41. The sub-units included in this public hearing are as follows:

10, 1-60 Frio Street, From: W.P.L. Oak Ave. To: E.P.L. Jay Ave.

Unit No. 2-60 consists of all streets to be paved 36-feet in width and is divided into 18 sub-units, a public hearing covering sub-units 1 to 14 inclusive was held April 2, 1960. The amount proposed to be assessed against front abutting property and the owners thereof is \$4.84 per front foot for all improvements including curb and gutter, and against side abutting property and the owners thereof, \$4.28 per front foot for all improvements including curb and gutter. The total property owners cost in this unit is \$64,296.56; the total City's cost is \$13,334.11; total cost of this unit is \$77,630.67. The sub-units included in this public hearing are as follows:

15, 2-60 Grand Ave., From: S.P.L. 4th St., To: 150' south of 4th St.; Unit 16, 2-60 Eighth Street, From: E.P.L. Ashland Ave., To: W.P.L. Woodland Ave.; Unit 17, 2-60 Columbia Avenue, From: N.P.L. 12th St., To: N.P.L. 14th St.; Unit 18, 2-60 Jackson Avenue, From N.P.L. 12th St., To: S.P.L. 14th St.

Unit No. 3-60 consists of all streets to be paved 40-feet in width and is divided into 3 sub-units, a public hearing covering sub-unit #1 was held April 2, 1960. The amount proposed to be assessed against front abutting property and the owners is \$5.21 per front foot for all improvements including curb and gutter and against side abutting property \$4.60 per front foot for all improvements including curb and gutter. The total property owners cost in this unit is \$8,588.24; the City's cost of this unit is \$3,779.73; total cost of this unit is \$12,367.97. The units included

**SHERIFF'S SALE**

THE STATE OF TEXAS  
County of PARMER

**NOTICE IS HEREBY GIVEN** That by virtue of a certain Order of Sale issued out of the Honorable 99th District Court of Lubbock County, on the 13th day of April 1960, by the Clerk of said Court for the sum of Four Hundred, Ninety-two and no/100ths --(492.00)--together with interest thereon from June 19, 1958 at 7% per annum, plus \$125.00 attorney's fees, and costs of suit, under a judgment, in favor of Plaintiff in a certain cause in said Court, No. 34,381 and styled MUNICIPAL INVESTMENT CORPORATION vs. W. M. SUDDERTH and wife, OBERETA F. SUDDERTH, placed in my hands for service, I, CHAS. LOVELACE as Sheriff of Parmer County, Texas, did, on the 18th day of April 1960, levy on certain Real Estate, situated in Parmer County, Texas, described as follows, to-wit: Lot 11, Block 78, Original Town of Bovina, Parmer County, Texas, and levied upon as the property of W. M. Sudderth and wife, Obereta F. Sudderth and that on the first Tuesday in June 1960, the same being the 7th day of said month, at the Court House door of Parmer County, in the City of Farwell, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said judgment I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said W. M. Sudderth and wife, Obereta F. Sudderth.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Friona Star, a newspaper published in Parmer County.

Witness my hand, this 18th day of April 1960.

CHAS. LOVELACE  
Sheriff Parmer County,  
Texas.

BY  
MRS. DELTON LEWELLEN

**BLACK HOME DEMONSTRATION CLUB**

The Black Home Demonstration Club met Thursday morning in the home of Mrs. Rosco Ivie.

A demonstration was given by home demonstration agent Miss Jimmie Lou Wainscott. The demonstration was on insurance.

Fifteen members and six children were served. They included Mesdames Ralph Price, Dick Rocky, T. J. Presley, Clyde Hays, Helen Fangman, Rosco Ivie, Bill Carthel and son, J. R. Braxton, Travis Stone and sons, Ellis Tatum and Debbie Houlette, Fern Barnett, Delton Lewellen and girls, Lloyd Prewett, T. A. Sherley and Johnny Mars.

**BLACK COMMUNITY NEWS**

The Black Community meeting was held last Thursday night. One of the objects of the meeting was to elect officers for the coming year. Coy Patton was elected president and Tom Lewellen vice-president. Mrs. Carrie Tatum was elected secretary and treasurer.

The same community house committee that served last year will serve this year.

The hosts for the community meeting Thursday night were Mr. and Mrs. Coy Patton, Mr. and Mrs. T. J. Presley, Mr. and Mrs. Bruce Parr.

**TROOP 54-BOY SCOUTS**

Troop 54 of the Boy Scouts of Black met Monday night at the Black Community house.

Ray Braxton, Dwight Whitaker and Tommy Sherley went before the Board of Review. Others attending the meeting were Dean Nazworth, Larry Elmore and Jim Braxton. Coy Patton and Woodrow Whitaker were the leaders present.

Mr. and Mrs. L. R. White and boys, and Mr. and Mrs. J. H. Key and Ray White, Troy and Shirley were Sunday dinner guests of Mr. and Mrs. Rosco Ivie.

Mr. and Mrs. Wade Birdwell of Dimmitt visited in the home of Mr. and Mrs. Jim Buckley and family.

Mr. and Mrs. C. W. Covington and Gloria of Hereford, Mr. and Mrs. Claude Edelman and family visited with Mr. and Mrs. Coy Patton and Virginia.

Mrs. Pat Hampton and son, Joe, of Hereford spent Sunday with her parents Mr. and Mrs. C. H. Hammock, and Joe will spend this week with his grandparents.

Mrs. Helen Goodwin and son, Gary, of Hereford and Mr. and Mrs. D. R. Vandiver and grandson, John Bill, of Dimmitt spent Sunday afternoon visiting Mr. and Mrs. C. H. Hammock.

Mr. and Mrs. Carlos Bills and family of Earth visited with Mr. and Mrs. David Grimsley and boys Sunday.

John Southall of El Paso visited in the J. R. Braxton home on Saturday. Mr. Southall is Mrs. Braxton's brother.

A Southall reunion Sunday in the Porter Southall home was attended by Mrs. Benthal Miller and children of Clovis, John Southall, Mr. and Mrs. Aubrey Tucker and son of Borger and Mr. and Mrs. J. R. Braxton, Jim and Ray.

Mr. and Mrs. Jim Barnett and family from Amarillo visited Saturday night and Sunday in the R. E. Barnett home. Mr. and Mrs. Fern Barnett visited Sunday afternoon.

Mrs. Daisy Miller, Mrs. Lucy Welch and Mrs. Maxine Christian visited with Mrs. R. E. Barnett last Wednesday. Mr. and Mrs. T. J. Presley visited in the Woodrow Whitaker home Sunday.

Mrs. Woodrow Whitaker and Dwight were in Amarillo shopping last Monday.

Mr. and Mrs. Gene Welch went to Plainview Thursday and visited Mr. and Mrs. F. B. Harkins, Mrs. Welch's parents. They also visited Mr. and Mrs. Glenn Welch and daughter of Lockney.

Mr. and Mrs. Clifford Galley and daughter of Hereford had Mr. and Mrs. Gene Welch and family as Sunday afternoon visitors.

Danny Carthel went on a skating party in Hereford with a group honoring Troy Bass of Friona on his birthday Saturday.

Mrs. Bill Carthel attended a tea given by the Dawn Music Club in Hereford at the home of Mrs. Gayle Neal.

This bit of news would have been just as good left out of the paper but I got threatened that if I didn't put it in someone else would so I decided I would put it in myself.

I had a little car accident last Thursday afternoon. I was going home from Black and happened to pick up a couple of nails at the same time. One was in the right front tire and one in the left rear. I was unable to control the car and landed in a ditch and the car was lying on its right side. My girls, Donna and Pam, and I were a little "shook up" for a while but other than that we were not hurt.

**Frances Clenney Buried Saturday**

Funeral services for Mrs. Frances Ann Camp Clenney, 18, were read at 10 a.m. Saturday in St. Peter and St. Paul Catholic Church in Dumas with Rev. Jerome A. Hancox officiating.

Mrs. Clenney, a former Friona resident, was the daughter of Mr. and Mrs. M. T. (Doc) Camp of Sunray and wife of Albert Clenney of Balko, Okla. She was injured in a two-car collision near Amarillo August 25 of last year and had not regained consciousness since.

She died in Dumas Memorial Hospital Wednesday. Burial was in Memorial Park Cemetery in Dalhart.

Survivors, other than her husband and parents, include a brother, Mark of Sunray; three sisters, Mrs. Rose Mary Sheppard of Amarillo and Dianna and Carolyn Camp, both of Sunray; and her paternal grandfather, L. T. Camp, of Dalhart.
