GOOD ATTENDANCE ASSURED AT FIREMAN'S BALL

After a check-up of the tickets which have already been purchased a good attendance is assured for the Fireman's Ball to be held tonight in the Kerr Mercantile Building.

Music will be furnished by Wilson Humber and his nationally known 10-piece orchestra.

The third floor of the Kerr Mercantile has been cleared and the floors prepared for a real hot time and ample room is assured for all who attend. Seats have also been provided for spectators who care to listen to the music but who do not care to dance.

Plans are also complete for the turkey shoot which will take place Sunday afternoon at the rear of the State Highway Department warehouse, on the property of G. J. Henshaw. Shooting will be done at live turkeys as well as at targets.

PRESBYTERIAN AUXILIARY

Monday, November 25, at 2:30 the Executive Board of the Presbyterian Auxiliary will meet with Mrs. J. W. McKee. At 3 o'clock the Auxiliary will meet for a social meeting also with Mrs. McKee.

Mr. and Mrs. Houston Stokes and B. F. and Jimmy Davis spent Monday and Tuesday in San Antonio. They were accompanied home by Albert Weigand who is spending the holidays with his parents, Mr. and Mrs. F. M. Weigand.

MANAGER LUMBER CO.—

Pictured above is F. P. Sherrill manager of the Alamo Lumber Company yard which has recently been established here in the Crosby building. Mrs. Sherrill and their 10-year old son will move here from Saint Jo, Texas, following mid-term examinations in school. Pat Sullivan has been employed as book-keeper for the firm.

Mrs. Dema Walker returned home Friday of last week after spending three weeks in Mineral Wells, Fort Worth, Bridgeport and Ennis.

Mr. and Mrs. Ralph Barton and Mr. and Mrs. Dutch Cooper of Granola, Okla., spent from Friday until Wednesday visiting with Mr. and Mrs. Albert Appel and Mr. and Mrs. Gene Thorn. They enjoyed hunting while here, killing an 8-point buck.

RALPH ORD LEAVES AS FIRST MAN FOR SELECTIVE SERVICE

Ralph Walter Ord left Tuesday night as a volunteer responding to the call made to Terrell County for men for military training.

The call made for Terrell at this time was only one man, and Mr. Ord, although under age, volunteered to go as that man which meant that the registrant who would have been called will be next in line and will go at the next call.

Questionnaires up to and including 125 have been mailed out according to Alfred E. Creigh Jr., and no more will be mailed until after the Christmas holidays. Registrants receiving the questionnaires should remember that they must be returned within five days to the board. They should also remember that Jack Hayre has been appointed as a member of the advisory board to aid in the filling out of the questionnaires.

Mr. and Mrs. Waylin Califerno, Frank Clarey and Walter Clemens of Fort Worth visited with Mr. and Mrs. Albert Appel and Mr. and Mrs. Gene Thorn from Thursday until Wednesday. Mrs. Califerno is a niece of Mrs. Appel and Mr. Clarey a brother-in-law.

Mr. and Mrs. R. D. Holt and daughter, Nancy, left Thursday for San Angelo where they will visit their son, Roy Jr. They will also visit relatives at Coleman before returning home.

319 YEAR OLD HOLIDAY

The first Thanksgiving feast was given after the Puritan's first harvest in 1621. It had no special religious significance. In 1623 an abundant rain followed a protracted drought "for which mercie . . . they set apart a "day of thanksgiving." The first Thanksgiving proclamation was issued in 1668 by the Plymouth authorities. The observance of thanksgiving days was common from then on. George Washington issued the first presidential Thanksgiving proclamation. In 1864, President Lincoln proclaimed "the last Thursday in November" as Thanksgiving Day; this date was similarly proclaimed by all succeeding presidents until 1939 when President Roosevelt proclaimed the third Thursday of November as Thanksgiving Day. And again this year, he has proclaimed the third Thursday of the month, November 21, as Thanksgiving Day.

No matter what day we choose to observe for our thanksgiving, people of the United States have far more for which to be thankful than any other nation in the world. Here we have the most freedom, the highest standard of living, the greatest industries, the highest wages and the shortest working hours of any nation. There are a million and one things for which we should be thankful, and especially so, when the largest part of the rest of the world is enduring such misery as is brought about by wars, greed, and conditions as those prevalent across the seas. Every true American should give thanks for the fact that he is an American.

Story Told in Pictures of Benefits of Conservation Practices on W. T. Rangelands

Ranchers are finding that good land use practices prolong the life of soil and water conservation structures, help to stabilize their income, and to protect their capital investment—the land.

Sound land use practices such as conservative rates of stocking, proper distribution of livestock over the entire range, seasonal use and the selection of the proper class of livestock for the range are becoming to be considered as the key to any long time plan of conservation.

Stocking the range on the basis of livestock eating less forage than is produced builds up a reserve feed supply for the drought, builds up a vegetative cover of the best grasses to protect the soil from sheet erosion and builds up vigorous grass plants that make maximum growth from a given amount of rainfall. The value of stocking a ranch on this basis has been demonstrated in experiments conducted by the range experiment station at Las Cruces, New Mexico as follows: When the

range is stocked to provide all the forage cattle want to eat, 78 cows produced 70 calves which averaged 400 pounds each in less than eight months. When 100 cows eat the same amount of range feed only 50 calves which averaged 325 pounds each in eight months were produced. In other words, the beef production from the same amount of range feed dropped from 28,000 pounds under ideal stocking rates to 16,250 pounds when the range was heavily stocked. Proper stocking rates had increased both the calf crop and the beef production. This is why some ranchers make the statement it pays to keep one cow instead of two.

These photographs present a striking comparison of range lands used improperly and lands used properly. The upper left picture shows a range which has been stocked with more cattle and sheep than the range could support. Not enough vegetation was left on the mountain sides and the hillsides to prevent the rainfall water from rushing

down into the valley. Severe sheet erosion and gully damage resulted. A high percentage of rainfall runoff likewise creates flood hazards lower on the drainage systems. The upper right picture shows what happens to sandy soils when they are not stocked with few enough livestock to leave a forage reserve to protect the soil.

Due to a lack of vegetative cover to prevent soil blowing, wind erosion has created sand dunes which slowly are covering other range land. This problem can be solved only through the stabilization of the moving sands. Mechanical measures have not proven entirely practical or satisfactory. Stabilization is best achieved by the use of vegetation and to re-establish vegetation on severely eroded lands will require very conservative grazing and in extreme cases might require no grazing at all for a few years to start recovery. In cases such as this an immediate increase in beef production could not be expected

as the land would require a larger per cent of the vegetation to be returned to the soil leaving less for the production of livestock.

The use of water spreading devices and good range management practices are responsible for the excellent covering seen in the lower left photograph taken on the ranch of Sam Pruitt, 16 miles north of Balmorhea. Mr. Pruitt and his son, Billy Pruitt, have diverted flood waters from a small stream to cover the range land. This photo-graph was taken in April and shows how much feed reserve was carried over. This protective cover provides protection of the land against both wind and water erosion. The lower right picture shows a pasture which has been properly used over a long period of years. The range is on the ranch of W. T. Jones, 12 miles north of Marfa. The land seen here has a very good cover of desirable range grasses which reduces soil and water losses to a minimum.

CHAIRMAN NAMED FOR CHRISTMAS SEAL SALE 1940

Mrs. John L. Newton has accepted the post as chairman of the 1940 Christmas Seal Campaign, it was announced today by Mrs. Tol Murrain, president of the Sanderson Parent-Teachers' Association. Mrs. Newton has chosen her committee members and plans for the entire drive will be completed shortly. Committee members other than herself are Mrs. D. L. Duncan and Mrs. Wilson Banner.

Campaign material has already arrived at the Association's headquarters, and an early start on preparations for mailing is assured. The campaign opens November 25.

Sanderson, like all other communities, has its tuberculosis problem, and at least once a year efforts should be intensified to help solve the problem.

Tuberculosis still leads causes of death in this country for persons between the ages of 15 and 45. This will be the thirty-fourth Christmas when voluntary workers have cooperated with state and local tuberculosis associations to raise funds to carry on the nation-wide campaign against the disease.

Christmas Seals have helped to wage a winning fight, but it is no time to become over-confident. As an enemy tuberculosis is far from being vanquished.

Mrs. Austin Nance Is Hostess to Tuesday Club

Mrs. Austin Nance was hostess to the Tuesday Bridge Club on Thursday of last week. Roses and chrysanthemums were used to decorate the entertaining rooms.

High score prize was won by Mrs. Joan Harrison and second high went to Mrs. Lee McCue.

A delicious plate consisting of chicken a la king, pickles, potato chips, hot rolls, ice box cake and coffee was served to the following: Mesdames Bustin Canon, J. C. Green, Walter Grigsby, John Harrison, Mary Lou Kellar, Lee McCue, J. S. Nance, C. P. Peavy, D. M. Wells, E. L. Williams, R. D. Holt and J. R. Link.

Mrs. D. A. Pollard of Del Rio spent last week-end in Sanderson visiting with friends.

POSSIBILITY OF MORE OIL ACTIVITY SEEN IN TERRELL

If present plans materialize, according to Marion Briggs, Terrell County will have another company in soon drilling a test for oil. Mr. Briggs, who has been working in Terrell County for the past 8 years, completed an agreement with the Texas Consolidated for putting down a test on a block furnished by him. He states that a company equally as dependable as the Texas Consolidated will put down another well within the next few months it is believed.

Mr. Briggs also stated that the drilling will be resumed on the well on which he has been working in the past and that it will be completed.

With bright prospects for at least five active drilling wells in the county within the next few months it is hoped that definite oil news can be furnished each week in regards to the progress made by each well and other information that will be of value to landowners as well as those companies and individuals holding leases in the county, or desiring to obtain them.

Reports from other locations than the Briggs well are:

Sides and White's Bassett Mineral Trust and Landon Rose No. 1, southwest corner of section 15, block 148, T&STL, cemented surface casing the first of the week and are drilling.

State Consolidated Oil Company No. 1 Holmes, northeast corner of section 14, block A-2, rigging up cable tools.

R. H. Kean et al. No. 1 Blackstone-Slaughter and Lackey, northeast corner of section 30, block 129, T&STL, (Pecos County) rigging up National machine.

We are informed that Chas. E. Detweiler of Oklahoma has partially completed plans to carry his No. 1 Sam Bell to a deeper depth, or to drill a new well in Terrell County.

It is reported that leases are being blocked for a third test to be drilled on the geological fold on which the Sides and White well and the State Consolidated wells are located. This structure is mapped as a long anticline which ends in the large block of leases that have been held by the Gulf Oil company just north of the town of Sanderson for about 15 years.

H. H. Sides, several years ago, drilled what was at that time one of the deepest wells in the state on the Bates-Felps ranch in the north end of Terrell County. The favorable formations encountered in this well caused the Thomasson Producing Co. of Denver, Colorado, to lease a large block in the same area and in the past year they have drilled three wells on this block. Mr. Sides also drilled the discovery well on the A. C. Hoover Ranch in Crockett County.

The Detweiler well on the Sam Bell ranch was drilled because of the favorable formations previously found in the McPhee well on an adjoining section.

Steps Necessary for FHA Loans Are Explained at Meet

Residents of Sanderson and Terrell County heard an explanation Tuesday night of the steps necessary to obtain FHA loans for building new homes or remodeling old homes E. S. McAdams, of San Antonio, was the speaker.

Mr. McAdams showed slides in color of many of the homes over the district and gave out the information as to how much they cost to construct, what the payments would be per month to pay it out in a certain number of years, and what was necessary to have on hand before applying for a loan.

A good crowd, manifesting the interest of Sanderson people in building their own homes, heard the discussion.

Delton Campbell was a visitor in Sanderson Tuesday.

**It Happened in Sanderson
TEN YEARS AGO
This Week—Remember?**

November 21, 1930

Mr. and Mrs. Ben Dawson have returned from San Antonio. She was accompanied home by her daughter, Miss Gertrude Litton who has been attending school there.

Mrs. Jim Kerr was hostess to the Wednesday Bridge Club at her home Wednesday afternoon.

The reception rooms were attractively adorned with a profusion of vari-colored chrysanthemums.

Mrs. S. S. Daggett won first high score and Mrs. Sims Wilkinson second. Lovely crepe de chene lingerie were awarded.

Harry Newton made a visit to Houston this week.

Mr. and Mrs. Russell Dyer who have been visiting with Mrs. A. B. Dyer, have returned to their home on the ranch.

**WITH OUR
NEIGHBORS**

Fort Stockton Pioneer—Fort Stockton's intervention in the Braniff Airlines' application to the Civil Aeronautics Authority for a passenger and mail line permit between San Antonio and El Paso was granted Wednesday by special order of the CAA in Washington.

The Guide—Eagle Pass' First International Borderland Fair was awarded the blue ribbon of public approval last weekend when some ten thousand visitors came to see the unique displays of Texas and Mexico products and the equally unusual program.

of international talent:

Grandfalls Gazette—During the past week Stuart Long former editor and owner of the Grandfalls Gazette, sold out to M. W. Vinson who also acquired the printing plant that formerly printed the Wink Times-Herald in Wink, Texas. It will be moved to Grandfalls as soon as possible and the Gazette will be printed there from then on.

Alpine Avalanche—Several blocks of paving is to be laid in Alpine within the next few weeks according to a recent announcement.

Property owners and the city will share the expense of laying the new paving, with property owners to bear all the cost of constructing curbs.

Ozona Stockman—A move to reorganize Scouting in Ozona met with a hearty response on the part of the boys of Scout age when 25 were present for the initial meeting of the revived troop in the Boy Scout cabin Tuesday night.

Guinn Caruthers, science and manual training teacher in the Ozona high school, has accepted the post of Scoutmaster.

Sabinal Sentinel—Ground was broken for the new city hall Wednesday. The plans for this building call for two stories facing Center Street. Down stairs will be a hall with the secretary's office on one side and the Council Chamber and Mayor's office on the other. Also joining the secretary's office will be compartments for two fire trucks. Upstairs will be a large Recreation room for the Fire Department and sleeping quarters for two men, with bath room and dressing room.

A negro couple applied for a marriage license.

Clerk: "Husband deceased or divorced?"
Bride-to-be: "I deceased him."

Irene Rich, Dave O'Brien and Charles Bickford are seen in the leading roles of Monogram's "Queen of the Yukon" Fri.-Sat.

Thrilling Gold Rush Days Live Again In Monogram's "Queen of the Yukon"

In the double feature program at the Princess Theatre Friday and Saturday, will be shown "Queen of the Yukon" in connection with "Days of Jesse James".

A powerful drama of man's struggle to gain gold in the Alaska wilderness is Monogram's thrilling Jack London story, "Queen of the Yukon." Sadie Martin is the "queen" as she travels up and down the river in her stern-wheeler, carrying the prospectors to and from their claims. Although there is gambling in the big salon, Sadie is always careful to see that none of the boys gamble more than he can afford to lose. They regard her as their friend, and look to her for advice.

Sadie, and Ace, her he-man helper, have had many successful seasons aboard the "Queen," when John Thorne enters the scene. He wants to buy the boat, and thus control the only fast means of communication with the Inland Empire, forcing the miners to pay any price he asks for transportation.

Sadie refuses to sell until she

finds out that her daughter, Helen, who has been away at school, is coming to Alaska. Rather than let her daughter find out she is running a gambling ship, Sadie decides to sell out to Thorne.

Despite this precaution Helen does find out, and considers her mother's life most exciting. Other complications beset Sadie, however, when she learns from the miners that Thorne, through a legal technicality, is about to jump their claims.

A struggle between Sadie, Ace and the ruthless Thorne results, with some very clever strategy displayed by both sides. Thorne confesses in the end and the miners are allowed to keep their property.

Irene Rich is the intrepid Sadie Martin and Charles Bickford as Ace give delightful portrayals. Bickford adds to his stature in this new role of a strong silent he-man while Miss Rich proves herself capable of playing a character role with the best of the screen actresses.

June Carlson as the young impressionable Helen, gives a promise of many fine portrayals to come. Cast opposite her, Dave O'Brien will again flutter all feminine hearts.

Rogers Stars In New Film of Old West

A new unusual type of plot is brought to the screen in Republic's "Days of Jesse James," starring Roy Rogers and showing at the Princess Theatre Friday and Saturday.

The scene is laid in the middle west at the time when James Brothers were committing their depredations. Roy Rogers is imported by the Bankers' Association to track down the James boys. The railroad also joined

in on the man hunt, engaging a famous detective, Captain Worthington, and offering fifty thousand dollars reward.

Worthington's sole motive is to collect the reward money, while Roy, on the other hand, is fired by lofty ideals of patriotism and civic virtue—colored a bit, perhaps, by his regard for the pretty grand-daughter of one of Jesse James' bank robber victims.

The plot takes an unusual twist when Roy discovers that the James boys are not the ones he is after, after all. A contingent of local crooks has been operating unchecked, and blaming its outrages on the James gang.

EDITED BY THE STUDENTS OF SANDERSON HIGH SCHOOL

TIE SCORE LAST GAME SEASON

Sander son Eagles came in their last game in a clinch with the Rio B team. The score of the game was 7-7. The average of seven punts for the Eagles was thirty four yards. The number of the 229 yards of the Eagles were on seven passes out of ten tries were completed. Two interceptions. A Stavely to Kerr during the period set the Eagles their only touchdown. Being made on a pass by Cargile who had pitched to the edge of the field in the fourth period. First downs for the Eagles were counted to eleven while the other team netted only nine. The Eagles also finished with three to two.

Who played their last game for Sanderson are Jimmy Wilkins, Bill Kerr, Bill Cargile, and Johnny Hard. The names of the players will receive letters will

"Americanism" Is Subject of Program

The American history class, directed by Mr. D. E. Smith, gave a program on Americanism in chapel Thursday morning.

Helen Ruth Harrell talked on the Constitution, how it was written and adopted; Wanda Follis told about how the presidents are elected; Bonnie Oberling read a patriotic poem; Billie Jo Corder gave the rules for displaying the flag and John Clark talked about the Armistice of November 11, 1918. Joyce Yeates led the assembly singing "Star Spangled Banner," "America," and "God Bless America", accompanied by Edna Mae McAdams at the piano. Jimmie Wilkerson told the students of a contest which is being conducted by the American magazine on "Americanism" for all students in this country and discussed the rules for the contest and also the prizes offered. There will be two contests, one in essay writing and one in art. Prizes will also be awarded to the teachers who sponsor the contest in schools where students win.

Annual "Mix-Up" Basketball Tournney Dates Are Set

The annual Basketball "Mix-Up" tournament to be held in the local Gymnasium is scheduled for 11th, 12th, 13th, of December. Everyone is urged to enter the tournament. Last year 65 boys entered and the following teams drawn: Teeter's Tigers, Haynes Hyenas, Lockie's Lizards, Stavley's Stags, Sullivan's Surprise, Pat's Panthers, Weigand's Wizards and Caraway's Cats. The Wizards came out on top.

The rules of the tournament are as follows:

1. Any one living in Sanderson may enter the tournament as a player. All entries are as individuals and not by teams. Each entry pays a fee of 25 cents in order to participate and this gives him a pass to all games of the tournament. Those out of school are encouraged to enter.
2. There shall be only one class for all players, which includes high school players and outsiders.
3. A drawing is made from all names entered for the tournament and continued until the team and one substitute player is drawn. The number of teams entered depends, of course, upon the number of players entering the tournament. After drawings have been made for teams, then the teams are paired as in regular tournament play.
4. The winning team will be given appropriate awards.
5. Time for the tournament is set for Wednesday night, December 11th, for first rounds of play; Thursday night for semi-finals and Friday night for the finals.
6. All players who will enter the tournament are asked to report to Mr. Smith or Mr. Caraway on or before Friday night, December 6.
7. Fifteen and 25 cents admission to all who are not entered in the tournament will be charged.

MAKING BULLETIN BOARDS FOR SCHOOL

The boys in the manual training classes are making five bulletin boards for the school.

Three are for use in the first grade, one is for the H. E. department and one will be given to the school in Dryden. The

Homemaking Girls Plan and Serve Rotary Banquet

Saturday evening, November 9, the homemaking girls served the Rotary Club banquet, which they had planned and prepared.

The girls planned how much food to buy to serve a large group, studied table arrangements, and then studied formal table service for a group. The H. E. I class made the place cards, nut cups, and doilies of paper. A western theme was carried out in the table and room decorations, in the food, and in the cowgirl costumes of the girls serving the meal. Miniature ranches and corral scenes were the table centerpieces, surrounded by animals, cactus and western shrubbery. The place cards were miniature hats, horseshoes, cactus, and boots. The girls serving the meal wore boots, cowboy hats, bright colored blouses, bandanas, and lassos, or scabbards. The orange and grapefruit cocktail represented the cactus flower; the green vegetable salad represented the grasses on the range; the veal cutlets, potatoes, peas, apricots, celery, gingerbread, and coffee were given typical western slang names.

The entire meal was prepared and arranged on the plates by the homemaking girls who shared the various duties in preparation and cleaning up. The H. E. girls thank those who loaned equipment for the preparation and decoration of the banquet, and also the Rotary Club for the opportunity to serve the banquet so that they could make some money for the Homemaking Club. This money will be used to send three girls to the State Homemaking Rally next spring; and the remainder of the club fund will be used to buy necessary equipment for the homemaking department.

material for these bulletin boards has been cut out, mortised and tenoned for all five and one has been completed.

The boys in this department have also completed a screen for the H. E. department. The screen has four panels, each panel 2x5 feet, hinged together, and it can be used for a dressing screen or a decoration for entrances.

H. E. GIRLS ENTERTAIN MOTHERS AFTER STUDYING

After studying entertainments for awhile, the homemaking II girls entertained their mothers with a simple tea in the living room of the home economics department on Thursday, November 14. The girls studied about simple, inexpensive foods for teas and found that a few simple food could be made very attractive and appetizing. They also studied how to serve and how to arrange the table for teas. Flower arrangements and suitable vases for both the tea

table and other parts of the room were considered. The girls planned and served fancy, dainty sandwiches, olives, carrot

and celery strips and cookies to their mothers and all students shared in the various duties in serving.

"It's his second—let's ask him why he picked the Gas Refrigerator this time!"

"Uncle Harry's a smart old boy," says Mary to me. "If he chose the refrigerator that freezes with NO MOVING PARTS for his second... maybe we should choose it for our first!"

1 "No moving parts to wear..."
Uncle Harry explains, when we ask him "How come?" "You see, this freezing system hasn't any machinery. It simply can't wear or become noisy. Just listen to Servel Electrolux!"

2 "Can't hear a sound, Uncle..."
we agree. "Is Servel always like that?" "You bet it is," he says. "And it's the only refrigerator I know of that is. You don't hear anything now—and you never will as long as I have it."

3 "Look at these savings, too..."
he beams, showing us his bills. "They're something. Other refrigerators may be pretty inexpensive to run when new, but it takes one with no moving parts to run for only a few cents a day...year after year."

4 "A tiny flame does all the work..."
adds Uncle Harry. "That's Servel's secret. Nothing in the freezing system to wear out or make a noise... Do you wonder I changed to a Servel Electrolux for my second refrigerator?"

5 "Let's make ours a Servel!" That's what more and more people are saying every year... whether they're replacing old, worn-out automatic refrigerators, or buying their first ones. Take a tip from those who've had experience: get a Servel yourself! The 1940 models are on display in our showrooms right now... more beautiful, more full of modern conveniences than ever before. Come in... pick the model you want, and begin enjoying the advantages of refrigeration without moving parts yourself!

CARD OF THANKS

We wish to express our thanks and appreciation to the Fire Department, our friends and neighbors for saving our home from fire Friday morning.

Mr. and Mrs. M. R. Lattimore

Mr. and Mrs. O. H. McAdams were Del Rio visitors Tuesday.

Cris Beerworth, Miss A. Kellerberger and Miss Jessie Bob Ryan of San Angelo were guests last week-end in the home of Mr. and Mrs. J. T. Dillard.

Mrs. Marvin Kelly and Mrs. W. J. Ferguson left Tuesday for San Antonio and Mrs. Kelly will continue to St. Louis, Mo., where she will visit with Miss Mary Ferguson.

FIRE TRUCK MAKES FIRST FIRE ALARM RUN FRIDAY

Sander's new fire truck answered an alarm of fire in a residence for the first time Friday morning of last week at about 8 o'clock when the M. R. Lattimore home caught fire from stove pipes in the living room.

By the time the truck arrived, which was only a few minutes, neighbors had practically extinguished the blaze. The pipes had become red hot and had set fire to the building where they entered the flu. No damage was done and no water was used other than from buckets.

The alarm did show, however, that the drilling the members of the department have been doing will prove valuable in case of a serious fire. It also showed that the truck could be at the scene of the fire within a very few minutes after the alarm is received.

Besides showing the advantages of a fire department, the alarm also made plain the dire need of an alarm system that can be heard all over town. The truck was manned with enough members to operate it efficiently but many of the fireman did not even know an alarm had been received until it was over with. That was due to the fact that many of them do not have telephones and no alarm was sounded which was loud enough for all the town to hear.

Surprise Party Given On Birthday for Harold Haynes

A surprise birthday party was given by Mrs. J. W. Haynes for her son, Harold, at the regular Scout meeting Tuesday, Nov. 5, at the Boy Scout house. Mrs. Haynes was assisted by Mrs. J. L. Osgood, Marzee Haynes and Lois Bea Osgood.

Refreshments consisting of hot dogs, which were cooked over the open fire in the fireplace, potato chips, pickles, cakes, cookies, and hot chocolate were served to the following:

The honoree, Duane Smith, scoutmaster, D. L. Duke, assistant scoutmaster, Alfred E. Creigh Jr., W. T. Frazier, John L. Whistler, Gene Earwood, Bland Gates, Francis Grigsby, Bobby Edwards, Junior Bowden, Frank Stavley, Billy Savage, James Shurley, Milton McDonald, Earl Pierson, Earl Hurst, James Kerr, Charles Daniel, Joe Bean, Tom Hill, James House, James Albert Mansfield, Curtis Litton, Eldridge Murray, Freddy Talbot, Billy Joe Short and Floyd Harrison.

ROOM OFFERED BY KERR HOTEL FOR RED CROSS WORK

The Production Corps Committee of the Red Cross met Monday afternoon at the Kerr Hotel where Mr. and Mrs. Downum have offered the use of the sample room for a work room which will be used by the volunteer workers in the production of garments for British war relief.

Cut-out garments will be issued to workers Tuesday afternoon from 2 to 5 o'clock. For the present the room will be open Tuesday and Friday afternoons from 2 o'clock until 5 o'clock and workers may take the garments home with them or may do the work at the room where sewing machines will be available.

If any organization desires to work as a unit arrangements can be made for the meeting to be held at a set hour for the group to work.

Persons interested in helping in this work are urged to report to the Work Room on Tuesday or Friday afternoons between the above mentioned hours.

Workers are calling on business men and citizens of the town in an effort to get as large a roll call for the Red Cross as is possible. It is hoped that the number of members will show an increase over the past years as the war situation in foreign countries make it necessary that more work be done by the Red Cross to relieve suffering and hunger.

Wednesday Club Entertained By Mrs. W. H. Savage

The Wednesday Bridge Club was entertained by Mrs. W. H. Savage at her home Tuesday afternoon.

The Thanksgiving motif was used in the decorations, tallies and refreshments, with orchid chrysanthemums placed at vantage places.

Mrs. James Kerr was winner of high score prize and Mrs. R. S. Wilkinson was awarded second high prize.

The hostess served a salad plate with pumpkin pie and coffee to the following members and guests:

Mesdames Max Bogusch, Bustin Canon A. E. Creigh Jr., Clyde Griffith, R. D. Holt, James Kerr, Tol Murrab, C. P. Peavy, R. S. Wilkinson, J. C. Green, E. L. Williams and John Harrison.

Junior Club Entertained By Mmes. Vaughan and Wells

The Junior Woman's Club met in the home of Mrs. W. C. Vaughan with Mrs. D. M. Wells as co-hostess, on Thursday, November 14, at 7:30 in the evening. The house was attractively decorated with roses and autumn flowers. After the business session Mrs. Roy Deaton led a very interesting program. Mrs. Keitel gave a review of "The American Women, Yesterday and Today."

The club was glad to welcome at this meeting the two past presidents, Mrs. Ernest L. Williams and Mrs. Seth Davenport.

Refreshments of pumpkin pie, coffee and candy were served to the following members and guests:

Mesdames Ted Baker, Roy Deaton, R. H. Denton, Jack Hayre, Wallace Henshaw, Jr., A. R. Keitel, Paul King, Conway Pickard, H. L. Woolwine, Ernest L. Williams, Seth R. Davenport, and Misses Mary Arrington, Myrtle Harrell, Armenta Ragsdale, Helen Simpson, Una Lee and the hostesses, Mesdames W. C. Vaughan and D. M. Wells.

Miss Marjorie Canon, who is attending Texas Tech at Lubbock, arrived here Wednesday night to spend the Thanksgiving holidays with her parents, Mr. and Mrs. Bustin Canon.

Culture Club Is Entertained in Home of Mrs. Morrison

The Sanderson Culture Club was entertained at the home of Mrs. J. P. Morrison Thursday afternoon, November 14, with Mrs. Morrison and Mrs. J. H. Lochausen co-hostesses.

The rooms were beautifully decorated with roses and chrysanthemums. The mantel was decorated with yellow candles in silver holders and the centerpiece on the dining table was a large bowl of yellow and white mums.

The following subjects in the November issue of the Reader's Digest were discussed with Mrs. E. W. Hardgrave as leader:

"Friends to the North of Us," by Mrs. Landon Rose; "Industry Beckons Youth," Mrs. W. H. Savage; "Young Democracy in Action," Mrs. W. E. Lea; "Why I favor Private Enterprise," Mrs. E. W. Hardgrave.

After a very interesting program the hostesses served a delicious salad plate, fruit cake, tea and coffee.

There were seventeen members present and Mrs. Lee Grigsby was a guest of the club.

Miss Rachel Sweeney left Thursday for Fort Worth where she will attend the T.S.T. convention. She will also visit in Bonham before returning to Sanderson.

Mr. and Mrs. W. W. Sudduth of Fort Stockton, S. E. Brown and Clint Brazeal of San Angelo, were guests of Mr. and Mrs. O. T. Sudduth Saturday and Saturday night.

Miss Armenta Ragsdale left Thursday for Pecos where she will spend the holidays with relatives.

Miss Maxine Clatfeiter who is attending Sul Ross at Alpine is spending the holidays with her parents, Mr. and Mrs. A. C. Clatfeiter.

RATTLE OF THE RAIL

S. D. Thompson left Thursday for Yoakum on a visit to his family.

L. T. Calk is on the sick list this week.

C. J. Ringo, boiler inspector, was here from San Antonio several days this week, continuing to Valentine.

A thirteen car special of Marines passed through west bound Tuesday.

CHRISTMAS CARDS at the Times Office. All Prices.

Six-Foot Babe

"Lulabelle" shows off her six-foot youngster at the San Francisco zoo. As excitement caused the death of her two previous babies, news of the birth was withheld for 3 days.

11-YEAR OLD BOY KILLS HIS FIRST BUCK

Maybe this deer season did not mean a lot more to the average hunter than a lot of other deer seasons, but it means a lot more to Dudley Harrison, 11-year old son of Mr. and Mrs. John Harrison.

It meant a big moment in his life when he brought down his first buck and an eight-pointer at that. He and his father were hunting north of Del Rio.

A number of other deer have been brought in but no one seems to know just who brought in the first one this season.

Sales Books at the Times office

Mr. and Mrs. John and children left Wednesday Junction to spend the giving holidays with parents, Mr. and Mrs. Morrison. They will continue Antonio before returning.

Mr. and Mrs. John of Beaumont were guests of the week visiting Mrs. H. D. Holt, Mr. Mr. Babineaux also hunting while they are in town.

CHRISTMAS CARDS Times Office. All Prices.
