A new shipment of materials and supplies has been received by the local chapter of the Red Cross and is being made ready for fashioning into much needed wearing apparel in war torn Europe, according to Mrs. J. W. McKee, secretary of that phase of the work. Your gifts have brightened their lives and instilled a ray of hope that the spirit of mercy still exists somewhere in the world."

Mrs. McKee said: "Our last shipment consisted of 30 hospital shirts, 22 little girls' dresses, 20 ladies dresses, 14 layettes (30 pieces each), and 37 knitted garments. "We should make another shipment by May 31 and will appreciate all volunteers help."

The first sale, held last Wednesday, exceeded the expectations of the sale ring operators, it was said, with more than 250 cattle, horses, sheep and goats having been consigned. Buyers were present from California, Lamesa, San Angelo, Sweetwater, Lubbock, Fort Stockton, and El Paso, with several local men participating in the bidding.

Induction Rulings for CCC Enrollees and Suspended Sentences

Members of the Civilian Conservation Corps who have been placed in Class 1 for Selective Service training prior to their enrollment and assignment to a CCC camp, will be permitted to report to the local Selective Service board nearest their camp for physical examination, General J. Watt Page, State Director of Selective Service, announced today.

Director Page also pointed out that a recent War Department ruling enables CCC enrollees to report for these Selective Service examinations without loss of CCC pay and also reports their status in the CCC should they be rejected at an Army induction station. He said: "If a CCC selectee for military training was classified and placed in Class I by his Local Selective Service Board prior to enrollment in the CCC, but had not received notification to report for physical examination until after he had been assigned to a CCC camp, upon receipt of such notice he may request his Local Board for permission to report to the local board nearest his CCC camp for the required examination. Also, the War Department has ruled that his CCC company commander will grant him leave of absence with pay for whatever time is deemed necessary to report to the Selective Service board."

In addition, Director Page said, if a CCC enrollee who has been passed for Selective Service training and discharged from the CCC be subsequently rejected at the Army induction station, he may be reinstated in the CCC camp from which he was discharged upon application made within 15 days of the date of his rejection. If he does not wish to return to the CCC, he may apply in person to the commander of the CCC company from which he was discharged who will give him the authorized transportation to his home. State Headquarters has also announced that a man convicted of a felony, but who receives a suspended sentence, is still eligible for induction into the military service if otherwise subject to the Selective Service Act.

General Page pointed out that this rule applies in those cases in which the suspended sentence is still pending, as well as in those cases in which the suspended sentence has been set aside. "All Texas Selective Service boards have today been instructed to check their classification records, and to reclassify and induct in the order of their order numbers all registrants heretofore placed in Class IV-F as felons who come within the purview of this ruling," General Page said.

He jumped to one side and heard another rattle—it was from a snake of which he was standing astride. His third leap brought him face to face with another coiled rattler. His final leap took him almost across the Rio Grande.

"You're the one" from Ray to ? (Now we wonder who it could be).

Campbell says, "You are the only Star in my Blue Heaven," to none other, yep you have it, Joyce.

Can we hear Doris singing "I love to Dine", (date and dance) with Billie", of course this is to Bill Cargile, folks.

From Jimmie to Doris we hear "You've Got Me This Way, Crazy for You."

Ah! What is this Dewain says to Margaret Ruth? Now Dewain, # couldn't be "Only Forever" could it? Well, maybe it could not, but most likely it is.

Poor Roberta takes one look at Betty Smith and it "Once in a While" in full swing.

Since Joyce Lawrence has left John Hardgrave just sings away on "I'll Never Love Again". Now John, do you believe that?

Recently we've heard Bernice singing "Jeepers Creepers," but we're still in the dark as to whom she is serenading. Folks, use your imagination!

What's this we hear Maurine Cox singing? Well, of all things! It's "You Are My Sunshine" (Ross).

LIFE OF A SENIOR

Billie Jo Corder

Miss Sadie Marzee Haynes was born October 21, 1924, in Leakey, Texas. Just a little leak from Leakey—that's "Zee"! "The last word is her nickname). Her ambition is to become a private secretary and later become a missionary. She plans to go to Draughon's Business College in Dallas for secretarial training. Marzee's favorite sports are skating, dancing, and swimming—and she's pretty good at all of them—at least he has had no major accidents. "Leakey" just loves tall, tan, terrific males with lots of charm and no ambition. So that's why you're going to business college, eh! She likes green and red and also any food that contains cheese—If you just can't get the "drip" of the conversation, it might help to know that the green doesn't apply to the cheese.

Her favorite subject is newspaper, and incidentally, this year she is the editor of your own "Eagle News". Marzee takes pictures—wants to go to Hot Springs, Arkansas, before school is out (It is an attractive "terrific" that is to be found there these days—maybe B. G. M?). At any rate, to get on with the Sunshiny Saga of Sanderson's Sweet Sadie, I add that her favorite synecopation is "We Never Dream the Same Dream Twice" and as for reading, "The Light That Failed." Yes, who blew out the light in her mental organs, people, huh?

To end the Saga, her motto is "Why Not"! Yeah, "Zee", why not?

PAN AMERICAN DAY PROGRAM IS ENJOYED

The two Spanish classes, under the direction of Miss Thornton, were in charge of the assembly program given Monday afternoon at one o'clock. Since April 14 was Pan American Day, the program, which was carried out in the form of a radio sketch was entitled "Great Names In Latin American History." Before the program started, Billie Jo Corder explained the meaning of Pan American Day. Then W. T. Frazier turned on the radio and voices of the past were heard telling the history of the Pan American countries during the different periods. A microphone connected to the radio made it possible for the audience to hear the voices behind the curtains. At different times during the program, such songs as "Mosa Mexicana," "Amapola," "Maria Elena," "Perfedla," and "God Bless America" were heard, all of which were sung in Spanish. Both Spanish classes took part in this program, the boys doing the talking and the girls doing the singing. W. T. Frazier and Bill Cochran were responsible for furnishing the radio and microphone and Edna Mae McAdams was pianist for the singers. Flags of the twenty-one Pan American countries, which were constructed by both classes, were displayed in front of the stage.

The Spanish classes wish to thank Mrs. McKee and Mrs. Savage for the beautiful red, white and blue flowers and the 'ny silk flags representing those of the Pan American countries which were placed in the library.

FASHIONS-FADS

Here's a tip to the modish maidens of S. H. S. To those seniors and juniors going to the banquet I slip the tip that the banquet will have a patriotic motif. So if you want to dress accordingly, there you are.

Yes, everything this year is going patriotic. You see the Red, White, and Blue on parade in the shape of comely lasses with yens for the styles everywhere. But S. H. S.'s men will always remain true to the vicinity. Never will the ample Stetsons and regal blue jeans be forsaken for more snazzier garb. No sir! So hail the West and long may red handkerchiefs wave!

After pressing the profs for some fantastic fashion flashes, I received the following suggestions. Let me say here that I do not claim responsibility for the frames of mind that they were in when I interviewed them. Miss Thornton comes through with a cabbage toque with the most interesting and slightly surrealistic decoration, a fork thrust through at a most rakish angle. Talk about hidden talents . . . or maybe that's just a frame of mind! And from Miss Taylor wafts the dream of a bed spring turban with a cluster of radishes trailing artfully over a properly flirtatious feminine eye.

Well, I guess that this is enough to show the intellectual ability of S. H. S. instructors—why go into ghoulish details?

Say, Jeep, just what on earth were you so happy about Saturday night? Honestly, we think that grin of yours measured 24 inches long.

Lois Bea was appearing Thursday night with all smiles. Oh, yes, that handsome A. and M. boy called Roger Bassett was here.

Corkey. I think you ought to be a little more observant. You have some competition with William, eh Virginia?

Somebody ask Jimmie if he had a good time with Doris Saturday and watch him turn on a big smile and sparkling eyes.

The District meet proved to be a wonderful success for a "bunch" we know. We mean on top of sunburns, soreness, ruffled hair, lack of sleep, and worried minds.

Harold Haynes and Margaret Pierson seem to be enjoying each others company in Spanish. Have you forgotten James Shurley so soon Margaret?

We have been informed from a reliable source that Clifton Roark has made a nice showing with one of the debs of Sanderson High. We think that is his name, isn't it Marzee?

Why was Pauline so excited Saturday night? Was it because of a cute little Easter Bunny she received from a certain cute little boy? Well, what do you think?

Why does Joe Ross want to go to Marfa? Is it track or the attraction around the track field, meaning of course a blond.

200-yard low hurdles—Bill Cochran, third.

Broad jump—Bill Cargile, second. Joe Ross Phillips, third.

Stress Good Nutrition As Defense Need

Today nutrition authorities are stressing the need for guarding the national health in carrying on an effective program of defense. In calling attention to the importance of proper food, it is pointed out that a survey has revealed that approximately 45 million of our population are living below the "safety line" of what is considered an adequate diet.

What factors are essential in our foods to assure that the diet fully meets body needs? Protein is necessary to build and repair body tissue. There must be vitamins to promote growth and protect health, and calories to supply heat and energy. Minerals, such as iron, copper, phosphorus and calcium, are needed to build blood, bones and teeth.

Importance of Iron

In considering the minerals needed, medical authorities point to the special importance of iron as a blood builder. It ranks first among the nutritive elements in this respect.

The iron in the body of an average adult is only about the weight of a penny, but this element is vital to health. Iron enters into the structure of every active body cell. Iron is a constituent of the hemoglobin or red pigment of the 25 trillion or more red blood corpuscles, and thus helps to carry oxygen to every part of the body.

Foods rich in iron must be added to the diet at six months or earlier and continued throughout life, according to nutrition authorities. The adult requires at least 12 milligrams of iron daily.

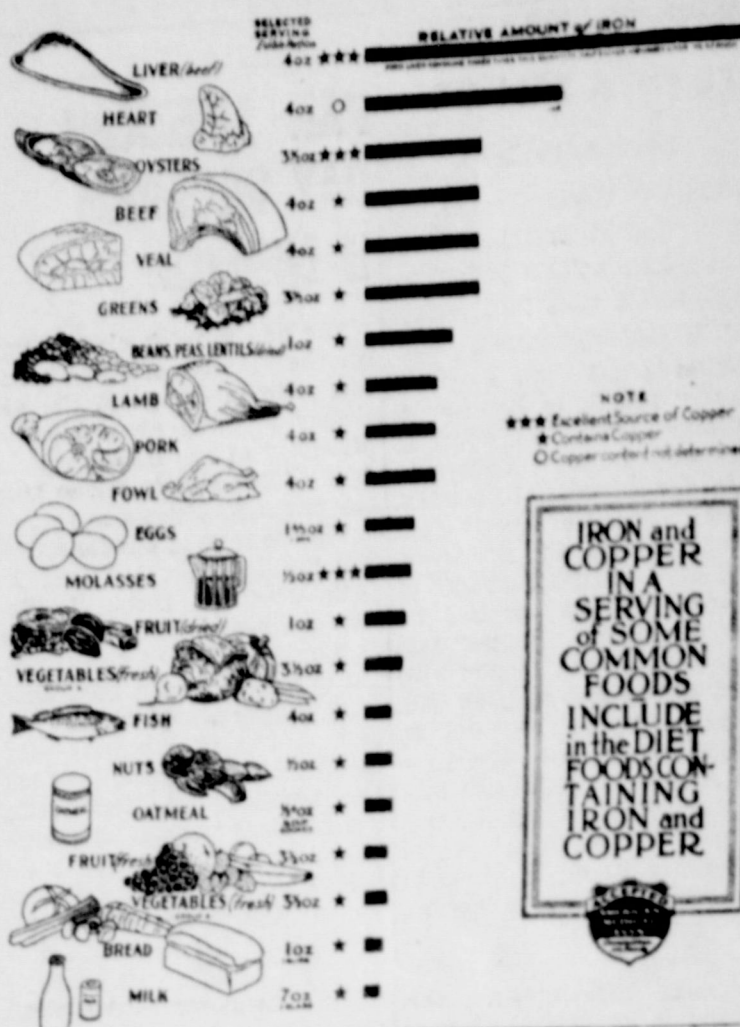

Iron Prevents Anemia

The penalty for an insufficient iron supply is a condition known as nutritional anemia, characterized by fatigue, digestive disorders and other symptoms.

As early as 400 to 500 B.C., a condition corresponding to anemia was described by Hippocrates, the Father of Medicine. Menghini an Italian, is given credit as the first to discover iron in the blood—in 1747. The present view that an iron

deficiency is the principal cause of anemia, was first advanced in 1889. In 1849, a serious form of anemia, known as pernicious anemia, was described. In the year 1934, Drs. Minot, Murphy and Whipple were awarded the Nobel prize in medicine for their discovery that liver was effective in the treatment of pernicious anemia which was previously regarded as a fatal disease.

Sources of Iron

The accompanying chart carrying the seal of acceptance of the Committee on Foods and Nutrition

of the American Medical Association, presents the most up-to-date information on the iron and copper content of our common foods. The iron of foods is better utilized in the presence of small amounts of copper. Liver, which heads the list, is recognized as pre-eminent among blood-building foods.

An average adult would be assured an adequate daily supply of iron if the following amounts of foods are taken each day: 2 servings of meat (1 serving of liver each week); 1 egg; 2 servings of vegetables; 2 servings of fruit.

Flynn Starred in Gay Mystery Film at Princess Theatre

Erroll Flynn is back to bring more thrills and adventure to movie fans, but this time he swaps his bow and arrow for top hat and tails. He is starred in the role of a writer of mystery stories and amateur sleuth combined in the Warner Bros. comedy-mystery film, "Footsteps in the Dark," which shows Monday and Tuesday at the Princess Theatre.

Co-starred with Flynn is lovely Brenda Marshall, whose performance in "The Sea Hawk" brought raves from critics and public alike. Flynn, who attempts to lead a double life because he wants to keep his mystery writing exploits a secret, gets himself into a fine mess with the police accusing him of murder on one hand and his wife, Brenda's role, accusing him of being unfaithful on the other. Errol finally straightens things out but only after a series of harrowing and laugh provoking experiences that makes one of the cinema season's best entertainments.

Lloyd Nolan Is Starred in Exciting Mystery-Drama

When Brett Halliday, famed detective story writer, invented Michael Shane he thought of him as "red-headed, tough-skinned, thirsty and Irish as any dick who ever stood under a bowler hat in a hotel lobby. He has a 'what's in it for me?' complex, and a notable capacity for absorbing punishment and anything in a glass."

And so he comes to the screen in the rough and romantic person of Lloyd Nolan in 20th Century-Fox's "Michael Shane, Private Detective", which shows Friday and Saturday, April 25 and 26, at the Princess Theatre. Nolan, long known for his ready wit and his complete adaptability, fits into the role of the detective perfectly. It was a particularly appealing assignment for him when he discovered charming Marjorie Weaver was to play the girl in the case.

The film has been heralded as one of the most exciting in months, what with its mixed-up situations that put the detective on the spot. Shayne is found with a girl at the scene of the crime; he's the last man to see the victim alive—and his gun is the murder weapon!

But he turns the tables in the unique climax that caps a never flagging story. Cleverly blended in "Michael Shayne, Private Detective" are adventure, action, romance, plenty of humor and a set of unforgettable characters.

CESAR ROMERO BACK IN NEW CISCO KID FILM

Palpitating hearts and pounding hoofs mean one thing—the "Cisco Kid," gun in hand and Senorita in his arms, is back again in "Ride on Vacquero". The handsome Cesar Romero once more is seen in the role of that romantic rider of the sage, the carefree caballero who rights wrong with the business end of a .45, and who wins the ladies
