NUMBER 17

MRS. JOHN REINGER INJURED IN AUTO ACCIDENT

Automobile accident, which occurred about noon Tuesday, resulted in serious injuries to Mrs. John Reinger.

Mrs. John Reinger was struck by the automobile which was driven by Richard Reinger.

Mrs. Reinger was thrown from the car and landed in the bottom of a ditch at the side of the road.

The car was damaged and the engine was crushed.

Mrs. Reinger was taken to the hospital where she is recovering.

Her condition is reported to be improving.

She is expected to be discharged in a few days.

Her family is very anxious for her recovery.

She is being cared for by her family.

George Nunn Succumbs In Alice Sunday

George Nunn, about 56, died in Alice at 6 a. m. Sunday, according to information reaching here the first of the week.

Funeral services were held Tuesday in Uvalde.

Sanderson residents will remember Mr. Nunn as he was employed as bookkeeper by the L. E. Turner Construction Company and he and Mrs. Nunn resided in Sanderson during the time that company was constructing several new bridges on Highway 90 near here.

Mrs. Nunn was also employed by the company.

She is being cared for by her family.

Her condition is reported to be improving.

She is expected to be discharged in a few days.

Her family is very anxious for her recovery.

Mexican Methodist Youth Caravan Here

After a week's training in McMurray College in Abilene the caravan, composed of five young people, organized to carry on work in the religious field, will visit various cities within the Mexican Methodist Conference.

Their work here with the young people this week has been a great success.

The courses taught by the caravan were: Worship and Evangelism, by Paul Calderon from Roswell, New Mexico; Community Ser-

vice, by Miss Maria Vidaurri of Austin, Texas; World Fellowship, by Miss Olga Gonzales, San Antonio, Texas; Recreation, by Oscar Tullos of Brownsville, Texas.

Miss Felicidad Mendez from Pharr, Texas, taught the intermediate group and the young adult workers.

The attendance in all the classes was very good, having an average of fifty-five.

Besides conducting the evening program, the caravan as-

sisted in the Summer Vacation Bible School. This had an average of eighty-five.

The caravan will end its week of service tonight with a consecration program.

The Rev. Felix Soto from Del Rio, will give the consecration sermon.

Mr. Soto is the special guest for tonight.

The caravan will leave tomorrow for Del Rio to continue in the work there next week.

NATIONAL DEFENSE TRAINING COURSES ARE OFFERED

Austin—National defense training courses in water and sewage plant operation are now being offered as part of the curricula in the University of Texas, A. & M. College, and Texas Technological College, according to Dr. Geo. W. Cox, State Health Department as a national defense measure and are tuition-free.

The courses provide three months of full-time training for water treatment and sewage plant operators.

The courses were designed to meet the need of additional trained water workers and sewage operators to serve in municipal plants and the plants.

The courses include in general principles of sanitation, principles of water treatment, sanitary water analysis, water treatment, plant operation, principles of sewage treatment, sewage analysis and sewage treatment plant operation.

Practical application of sanitary problems is being stressed, and much of the course has been designated as laboratory work in the water and sewage plants of nearby municipalities.

That each student may obtain the maximum benefits from the defense course, enrollment has been limited to fifteen students per school.

"The State Health Department wishes to commend the University of Texas, A. & M. College, and Texas Technological College for their cooperation in making these courses possible, thus supplying trained professional water and sewage plant operators at a time of national emergency when the need for such personnel in Texas is particularly great," Dr. Cox concluded.

LUIS E. COBOS DIES THURSDAY

Luis E. Cobos, 30, son of Mrs. Solidad E. Reyna, died Thursday afternoon at 3 o'clock after a long illness.

Funeral services were set for Friday afternoon at four o'clock.

Besides his mother he is survived by his wife and four children.

Bustos Named President Young People's Zone

Mario Bustos of Sanderson, was elected president of the Mexican Methodist Young People's Zone which met in Alpine Sunday with representatives of young people from Van Horn, Marfa, Sanderson, and Alpine in attendance.

The group met to organize and celebrate their first Zone meeting. Other officers named were: Miss Minnie Anola, Alpine, vice president; Luis Uranga, Alpine, secretary; and Ruperto Medina, Marfa, treasurer.

The Zone was given the name of "The Big Bend Zone" and the next meeting will be held August 31 in Marfa.

Mr. and Mrs. Henry Goldwire returned home last week after Mr. Goldwire received his master's degree from Columbia University.

Mr. and Mrs. Sam Harrell and Mrs. John Neal returned Friday from San Antonio where Mrs. Harrell went for a tonsillectomy.

Men Reaching 21 By July 1, Midnight Must Register

Every man in the State of Texas who has attained the 21st anniversary of the day of his birth subsequent to October 16, 1940, and before midnight July 1, 1941—with a few specific exceptions made by Congress—must register with his local Selective Service board on July 1, General J. Watt Page, State Director, said today.

Aliens, as well as American citizens, who are 21 years old on July 1 must be registered.

General Page emphasized. He pointed out that aliens between the ages of 21 and 36 years, who have come to the United States since the first registration on October 16, 1940, and have not been registered, must appear before the local boards on July 1 to register.

Quoting from Selective Service regulations, General Page said that the exemptions from registration as provided by the Selective Training and Service Act and the Coast Guard Auxiliary and Reserve Act are:

"Commissioned officers, warrant officers, pay clerks, and enlisted men of the Regular Army, the Navy, the Marine Corps, the Coast Guard, the Coast and Geodetic Survey, the Public Health Service, the federally recognized active National Guard, the Officers' Reserve Corps, the Regular Army Reserve, the enlisted Reserve Corps, the Naval Reserve, and the Marine Corps Reserve; cadets, United States Military Academy; midshipmen, United States Naval Academy; cadets, United States Coast Guard Academy; men who have been accepted for admittance (commencing with the academic year next succeeding such acceptance) to the United States Military Academy as cadets to the United States Naval Academy as midshipmen, or to the United States Coast Guard Academy as cadets, but only during the continuance of such acceptance; cadets of the advanced course, senior division, Reserve Officers' Training Corps or Naval Reserve Officers' Training Corps; members of the Coast Guard Reserve, other than temporary members; and diplomatic representatives, technical attaches of foreign embassies and legations, consuls general, consuls, vice consuls, and regular consular agents of foreign countries, residing in the United States, who are not citizens of the United States, and who have not declared their intention to become citizens of the United States."

Special registrars will be provided to register men who cannot appear before the local board because of illness or other incapacity.

Every man subject to registration who is an inmate of an asylum, jail, penitentiary, reformatory, or similar institution on July 1 is required to register on the day he leaves the institution.

ENGAGEMENT OF MISS MARJORIE ERWIN TOLD

According to word received here by friends, the engagement of Miss Marjorie Erwin to Robert E. Heyser has been announced by her parents, Mr. and Mrs. L. W. Erwin of El Paso.

Formal announcement will be made at a luncheon Saturday.

Mrs. Erwin will be remembered by many Sanderson residents as the former Miss Marguerite Basnett, member of the Sanderson school faculty at one time.

Miss Erwin is assistant librarian at the College of Mines from which she is a graduate. She is also a graduate of the Pratt Institute of Brooklyn, a school of library science.

BIGGEST FISH IS LANDED BY JESSE MARTIN ON TRIP

Mr. and Mrs. Jesse Martin of Sanderson, accompanied by Mr. and Mrs. Jack Etter of San Antonio, and Mr. and Mrs. Red Caldwell of Eagle Pass, enjoyed a fishing trip last week near Eagle Pass.

One of the main reasons Mr. Martin enjoyed the trip so much, according to Mrs. Martin, was the 9-pound bass that he managed to hook and bring out of the water. He not only knows this was the largest bass caught on the trip but believes that he has set a record with the catch.

They fished only two nights and report a catch of around 75 pounds of fish, cat and bass.

U. S. NAVY TO COMMISSION COLLEGE GRADS

The Navy Department will commission 4900 young college men under the Reserve Midshipman Training Program (class V-7 during 1941, according to information furnished by Ensign George R. Mitchell, U. S. Naval Reserve of the Houston Navy Recruiting Station—himself a graduate of the Reserve course offered last year. These men will be selected from candidates applying at Navy Recruiting Stations throughout the United States.

The South Texas and Southern New Mexico area has been assigned a quota of only 125 appointments and it is expected that they will be filled immediately, judging by the number of applications being made.

This opportunity to become an officer in the Naval Service is open to men who have obtained a degree from any accredited college or university, regardless of location. The training is completed in four months and successful candidates are then commissioned Ensigns, U. S. Naval Reserve. Applicants must be native-born, unmarried male citizens of the United States not less than 20 and under 28 years of age.

"A number of students recently graduated from college made application and then went on vacations, apparently under the impression that their papers are being considered," Ensign Mitchell said, "however, no action can be taken until the required documents are submitted, and such men should contact the nearest Navy Recruiting Station immediately for the purpose of completing their applications."

Full particulars concerning the Reserve Midshipman training may be obtained by calling at, or addressing a card to the nearest Navy Recruiting Station. Houston Station is located in Room 305, Post Office Building.

Mr. and Mrs. Bryan Harrell of Odessa arrived in Sanderson Wednesday for a visit with relatives.

Mr. J. W. Haynes and daughter, Miss Marzee, left Monday for Leakey where they will visit with her brother, Author Sharp, who is very ill.

Use of Artificial Respiration Is Demonstrated

The Ranch Home Demonstration Club met Wednesday, June 18th at the home of Mrs. Ernest Jessup. The Educational program was omitted until next meeting.

Miss Annabelle Horn, Pecos County Health Nurse, gave a demonstration on the use of artificial respiration and it was practiced by each member.

Miss Pryor gave a short talk on whole grain products, and displayed a hand grist mill for grinding whole grain cereals and flour. Club members displayed whole grain, and white flour breads to be judged for their texture and food value by Miss Pryor.

Mrs. Jessup, hostess, served a delicious salad plate to the following members and guests: Mrs. J. W. Allen, Mrs. Jack Hardgrave, Mrs. John W. Byrd, Mrs. Sid Harkins, Mrs. E. W. Hardgrave, Mrs. Ferd Monroe, Mrs. Malone Mitchell, Mrs. Herman Couch, Mrs. Albert Appel, Jr., Mrs. Sam Cuberson, Miss Tuggle Hill, Mrs. Emma C. Gregory, Mrs. Helen Downie, Mrs. Octavia Downie Smith, Miss Annabelle Horn, and Miss Mayme Pryor.

The next meeting will be July 2nd, in the home of Mrs. Malone Mitchell.

Mrs. Carlton White returned Sunday from a week's visit in Houston accompanied by Billy Pipes who will visit here with his grandmother, Mrs. Luella Lemons. Janice White, daughter of Mrs. White, remained in Houston for a longer visit.

Mrs. Max Harrell and son, Max, Jr., of El Paso, are here for a visit in the home of her parents, Mr. and Mrs. W. J. Daniels.

Virginia Ruth and Sammy Raney are in Rocksprings this week visiting in the home of their uncle and aunt, Mr. and Mrs. John Richardson.

Miss Billie Kimball of Marathon was a guest of Miss Marzee Haynes over the week-end.

O. D. Shurley, of Anthony, N. M., visited with his mother, Mrs. M. J. Shurley, and his sister, Miss Clara, the last week-end.

Mr. and Mrs. J. H. Harrell, Miss Maxine Davis, Wallace Harrell, and Bob Crazier, all of Waelder, came in Sunday for a visit with relatives here. Mr. and Mrs. Harrell are the parents of Lynn Harrell and Mrs. Jack Hayre.

Mr. and Mrs. C. A. Haynes of Tringula, were guests Sunday in the home of Mr. and Mrs. J. W. Haynes.

New Dentist in Fort Stockton and Sanderson Offices

Dr. E. A. Robertson, with dental offices and practices in Fort Stockton and Sanderson, leaves this morning for Fort Sam Houston, San Antonio, to report for active duty as a captain in the Officers' Reserve Corps. He expects to be assigned to a post shortly, and probably will be stationed at one of the many army air schools or bases in Texas.

Mrs. Robertson and her son, Don, will accompany Capt. Robertson to his station.

Dr. G. D. Ketchersid of Nacona has moved to Fort Stockton to take over Dr. Robertson's dental practice in the two towns, and will lease his offices and equipment.

Dr. Ketchersid is a graduate of the Texas Dental College, of Houston. He has practiced in Nacona for the last 9 years. He is married and has 4 children, and his family is moving here also.

Dr. Ketchersid is a member of the Baptist Church and of the Masonic Lodge.

During the 10 years of his practice here Dr. Robertson has also assumed an active part in community affairs, both as a member of the Lions Club and of the Fort Stockton Lodge, and as a member of the Fort Stockton City Council. He has been a member of the council for the past six years, serving in recent months as mayor pro tem.—Fort Stockton Pioneer.

Mrs. H. D. Price and Mrs. Paul Hearn and daughter, Joyce Evelyn, of Fort Stockton, were visitors in Sanderson Thursday with Mr. and Mrs. O. T. Sudduth.

Miss Billie Kimball of Marathon was a guest of Miss Marzee Haynes over the week-end.

O. D. Shurley, of Anthony, N. M., visited with his mother, Mrs. M. J. Shurley, and his sister, Miss Clara, the last week-end.

Mr. and Mrs. J. H. Harrell, Miss Maxine Davis, Wallace Harrell, and Bob Crazier, all of Waelder, came in Sunday for a visit with relatives here. Mr. and Mrs. Harrell are the parents of Lynn Harrell and Mrs. Jack Hayre.

Mr. and Mrs. C. A. Haynes of Tringula, were guests Sunday in the home of Mr. and Mrs. J. W. Haynes.

Women's Society of Christian Service Meets in Ezelle Home

The Woman's Society of the Christian Service met in the home of Mrs. H. E. Ezelle with Mrs. Jack Shurley and her mother, Mrs. Benton, cohostesses.

Mrs. Gates presided over the business meeting in which all members of Societies in the New Mexico Conference were asked to participate in a five-minute meditation at 9 o'clock A. M. each day of July, in order that the kingdom might be made greater for the Lord.

Mrs. S. A. Underwood led the program entitled "Our Stewardship for Christian Citizenship." She was assisted by Mrs. H. E. Ezelle, Mrs. Ben Anderson, Mrs. P. E. Gray, Mrs. C. H. White and Mrs. G. Y. Bowman in discussing the present laws, the effects and the control of alcohol and narcotics.

The hostesses served a dessert course and iced tea to the following guests, Mrs. Gordon, Mrs. C. F. Peckard and Mrs. G. Y. Bowman, and members, Mesdames G. Y. Bowman, A. B. Gates, Jessie Freeman, Sam Underwood, Ben Anderson, John Neal, Pat Beard, Lee Grigsby, John Deaton, P. E. Gray and C. H. White.

Jack Turner, Raymond Phillips and Marvin Heflin attended the dance Saturday night at Langtry.

Mr. and Mrs. B. M. Weatherby and daughter, Mrs. F. A. (Dick) Hill and son, Dwain, and Miss Margaret Ruth Yates, left early Monday morning for Fort Worth for a visit with friends and relatives.

R. W. Weatherby of San Angelo, was in Sanderson Monday on business.

E. R. Milam of Houston, spent the week-end in Sanderson last week in the home of his sister, Mrs. L. H. Lemons, and Mr. Lemons.

Miss Ania Price of Fort Stockton spent the first of the week here visiting in the home of her sister, Mrs. O. T. Sudduth.

Mrs. Ted Maples accompanied by her brother, Buster, of Ozona, flew over Sunday and were guests in the home of Mr. and Mrs. J. W. Haynes.

Mr. and Mrs. Sam Harrell and Mrs. John Neal returned Friday from San Antonio where Mrs. Harrell went for a tonsillectomy.

NEW BOOKS

"KABLOONA" By Gontran de Poncens

The complete story of what is probably the strangest life in this world today—life among the Eskimos in the farthest north. One of those rare books that provide an experience not soon to be forgotten.

It Happened in Sanderson TEN YEARS AGO This Week—Remember?

June 26, 1931

Mrs. J. W. McKee and Mrs. Will Savage attended the Presbyterial District Conference No. 8 at Rocksprings Saturday.

Mrs. O. C. Trawick and son, Brady, have returned from a visit with her parents. Mr. and Mrs. H. B. Ballard, in Nacogdoches, Texas.

Mr. and Mrs. W. D. O'Bryant have had as their guests their nephews, Joe Blackburn of San Antonio, Walter Erin and Chester O'Bryant, of Comstock.

This is the issue of the Times giving a report of the winners in the American Legion Rodeo held the week before. Many visitors were said to have visited the affair from sixteen towns, even from as far north as Fort Worth, and from the west as far as Alpine. The event was said to have been a great success.

In an 11½-inchX3 column advertisement the Kerr Mercantile Company complimented the American Legion on having "An Excellent Show" couched in the following language:

"We wish to take this opportunity to compliment the boys of the American Legion for the splendid Rodeo which they conducted last week. The ball games, Rodeo exhibitions, dances—all were good clean fast entertainment from start to finish, as was attested by the huge crowd that stayed through every performance, and the Legion boys in charge handled the whole affair after a fashion of experienced rodeo men.

"We do not feel that this statement would be complete if we did not bring the members of the 'Eat-More-Lamb-Club' in the picture also. We have never heard more complimentary remarks about a barbecue than the one you superintended last Friday. Your chefs evidently knew their business and the dispatch with which the entire dinner was carried out deserves the highest praise."

Write-up of a ball game between Sanderson and Marfa was headed "Sanderson 10--Marfa 0." Cecil Hutto was the hurler for Sanderson, and Leonard Howard designated as 'a fast ball artist' did not play such fast ball. The Times stated that the locals 'scored ten runs off his delivery.' The article goes on to say that "the entire local team played well. Rufe Stirman, an old time star of by-gone days caught for the locals and did remarkably well."

The world owes every man a living, also every bee, and the bee is willing to work for his.

WITH OUR NEIGHBORS

Eagle Pass Guide — Denver, Colo., June 19.—Delegates representing the majority of the 210,000 Rotarians and five thousand Rotary clubs of more than sixty countries of the world, at the final session of the 1941 Convention of Rotary International today elected Tom J. Davis, of Butte, Montana, as president of the organization for 1941-42. Mr. Davis succeeds Armado de Arruda Periea of Sao Paulo, Brazil, is one of the most outstanding legal men in Montana. A University of Michigan graduate, Mr. Davis is Counsel in Montana for Safeway Stores, F. W. Woolworth, Soo Line Railway, Northwest Casualty Co., and the board of trustees of the Butte Miners Union. He is a member of the county, state, and national bar associations.

The Uvalde Leader-News — Bankers delight in telling this story:

"Two darkies were discussing the financial condition of the country. They didn't agree. 'You is all wrong,' one expostulated. 'Dey ain't no money sho'tage. Ah asked Mr. Winters, moh banker, is he out of money, and he tuk me in de vault an' showed me piles an' piles o' money. An 'Ah says could yo let me have a little? n' he says sho' could. Has Ah any coll'rul? Ah hasn't. Now dat's whut's de mattuh wid dis countriy Dey's plenty o' money but we's jus' running sho't on collat'rul.'"

The Asherton Tribune — So many wives are shooting the wrong husband lately. It's a shame that schools don't include target practice in their domestic science courses. —Exchange.

The Iraan Herald—Crockett County Judge and two Crockett County Commissioners met in Iraan Saturday to confer with a Iraan committee on a proposed bridge crossing the Pecos River. They were accompanied by an engineer from the Austin Bridge Company.

The kind, and location of the bridge was discussed. The Committee from Crockett County agreed that just north of the Leo Richardson Ranch home would be the logical location for the bridge, however this was not decided definitely.

Bids will be submitted to the Commissioners Court of Pecos County and to the Commissioners Court of Crockett as to price and type of construction.

Christian Science Monitor — Soviet factories are reported to be turning out 100-ton tanks carrying one 105 millimeter, two 75 millimeter, two antiaircraft, and eight machine guns.

The report, from the Ankara correspondent of the British news agency Reuters, said the Russians also had a new fighter plane capable of 400 miles an hour, and a bomber with a range of 8,750 miles in production.

Germans in Moscow, Reuters said, appeared concerned over the immense number of planes being turned out by factories mostly in Moscow and the Ural mountains.

The Eden Echo—A crew from the Maintenance Department of the State Highway Department of which Crockett Reed is superintendent in this county, began this week to put a seal coat course of asphalt and chat (fine-crushed rock) on the Eden-Brady road, in Concho County. The work will take but a few days, it was stated, and will require about six tank-cars of asphalt, which are being unloaded here.

The Fort Davis Dispatch — Three of the most celebrated names in athletics—all of them Texans, in fact, all of them residents of the same town, Sweetwater—recently bought thoroughbred horses, perhaps in the hopes that some of these days

soon horse racing again will be permitted in the State. Lew Jenkins, world's lightweight boxing champion, bought two thoroughbred mares from Sheriff Tom Wade of Nolan county, Sam Baugh, greatest star of pro football, also bought a mare from Sheriff Wade, as did "Bulldog" Turner, great pro football center.

Winters Enterprise—P. B. Gerhart, a mechanic of Canadian, saved plenty of ammunition during the last hunting season, accordig to a belated report

heaching the game department. Mr. Gerhart and Sheriff Rath-jin went hunting on December 16. Gerhart got out of the car at a persimmon patch on the Hartage ranch near Canadian. When he was within 100 yards of the thicket he saw a large buck looking at him. He fired. Imagine his surprise when he reached the buck, a 7-pointer, to see another buck stretched out just a few feet from the one at which he had aimed. Gerhart had seen only one buck, yet he got his season's limit with one

shot. The 7-pointer had been shot through the neck and the 4-pointer through the head. The hunter was using a 30-0-6. The bullet nearly tore the head off the second deer.

The Monahans News—County Agent John L. Mogford urges ranchers to vaccinate their horses against sleeping sickness, although no serious outbreak of the malady has been reported in this section. Because of the increase of flies and mosquitoes brought on by heavy rains, horse

owners who want to take precautions should vaccinate once.

Two horses have died from illness in Ward County in weeks.

AETNA LIFE INSURANCE COMPANY

RAILWAY LABOR UNION DEMANDS WOULD COST 900 Million Dollars A YEAR

THE labor unions have made their demands upon the railways of the United States—and through the railways upon the PUBLIC. These demands are vastly larger in proportion than any they have ever made. The economical and efficient operation of the railways is vital to the nation's defense effort. Therefore, the Western Railways present to the public the following facts:

The labor unions representing engineers, firemen, conductors, brakemen and switchmen are demanding a 30 per cent increase in wages, amounting to 190 million dollars a year—although their present rates of pay are the highest in history.

Other unions representing a greater number of railway employees are demanding wage increases ranging as high as 95 per cent—averaging 47 per cent—and amounting to 580 million dollars a year—although their present rates of pay also are the highest in history.

Thus the wage increases being demanded by the labor unions amount to 770 million dollars a year, an average increase in excess of 41 per cent.

In addition, certain of these labor unions have demanded advances in their pay not included in the above figures, and more rules for the creation of unnecessary jobs.

The situation, then, is this: The total cost of complying with all the demands made would be approximately 900 million dollars a year!

The average weekly earnings of railway employees are now 15 per cent higher than in the peak year 1929, while the cost of living is 12 per cent less.

The demands of the railway labor unions are being made when the entire nation has just been asked to make a supreme effort for National Defense.

The railways cannot meet these demands without a great increase in the cost of transportation. They exceed by more than 700 million dollars the income that the railways had left after paying their annual expenses, taxes and charges in 1940.

The railways have a vitally important job before them. They need all their resources to continue adequately to serve you and contribute effectively toward the National Defense Program.

THE WESTERN RAILWAYS

Union Station, Chicago, Ill.

STORIES

has one service which meets once for deliberations, discussions, luncheons. The club at present time is in the Kerr room of the Kerr club, one of 5,000 about 60 countries about States has many improvements among those include sponsor-Boy Scout Hut, located in Terrell County, which was put up last year. Last year the need of a fire fighting club, and today second to no town in western territory, the achievements club.

in 1925 or '26 the club has 19 members on

its roster; all live-wires, and possessing a zeal for the welfare of the little city nestled in the hill, in which lie their business interests.

When the fact the club is restricted to classification, heeded by most service clubs, one can readily understand the limited membership.

Newly elected officers who take office July 1, are J. T. Williams, president, Alfred E. Creigh, vice-president, and W. J. Ferguson, Jr., secretary-treasurer. Retiring officer is Judge R. S. Wilkenson, president. Mr. Williams steps up to the presidency from the office of vice-president. The secretary-treasurer retains his office for another year.

A sojourner in West Texas runs into a varied experience, queer towns and fine people. Take the town of Langtry, for instance. The place is known all over as the one-time home of Judge Roy Bean, Law West of the Pecos, and the building in which he did business and held sessions of his court, still stands as a show place with keeper to show anyone around, and answer questions. A town, which the 1940 census enumeration gave a population of fifty, yet it has church services four times a

month, by ministers of the Methodist, Baptist, Presbyterian and Christian denominations. The Methodist minister of Sanderson, the Rev. J. Y. Bowman, who holds a service there on Tuesday nights, the Baptist minister comes from Fort Davis, the Christian minister from Del Rio, and the Presbyterian minister, the Rev. John W. Byrd, Sanderson giving Langtry 4 services where the welkin rang 40 years ago with cowboy yells and the calls of the wild and with anything but the preaching of the gospel, today echoes the sound of songs and praises of the Lord. Services are held in the fine new school building.

It all goes to show how time changes. Forty years ago the place boasted a commodious school building, pint size, 12X12, in which the three R's were taught, and services were rarely held because of the fact that preachers were few and hard to persuade to come to a place so sparsely settled that a congregation was difficult to scare up; the town's population could be counted on one's fingers. According to Mrs. Joe Wolff, a citizen of Sanderson, who at one time lived in Langtry, "the little schoolhouse was always well filled on the rare occasions when service was held there." Con-

tinuing with her story of Langtry, as she remembered it, "A great many stories have been printed and scattered around concerning 'the Law West of the Pecos' some of which are true, some made up. Pictured as a man of the world, cold calculating, taking advantage of everyone he dealt with, yet Mr. Bean, as I knew him, was a good man, kind and sympathetic, and always attended religious services, when they could be had there. Some of the stories floating around, can be compared with the 'cornfield' scene of a recent motion picture built around Mr. Bean and Langtry.

"The writer of that story for the movies had a very lively imagination. Corn fields around Langtry? Who ever heard of such a thing. Why, if anyone ever raised corn among the slick rocks and bluffs of that country, it was planted in buckets, and watered by hand from the Pecos River."

Of course, in the script of the picture there had to be a motive for running the "squatters" out, and a corn field was provided because it fit in perfectly. People in the north, having seen the movie, perhaps if they toured the country around Langtry, or "Vinegaroon" as the

NBC President To Honor Texas With Broadcast

NILES TRAMMELL.
Dallas.—Niles Trammell, president of the National Broadcasting Company, has accepted an invitation to take part in the dedicatory ceremonies of the new WFAA and KGKO penthouse studios in Dallas on June 20 and 21, preliminary to their formal opening to the public on Monday, June 23. Trammell has followed closely the construction of the unique new broadcasting quarters for NBC's Red and Blue Network affiliates in Dallas, and engineers from Radio City in New York are especially interested in the mysterious dispersive treatment used by acoustical experts in the WFAA-KGKO studios.

NEIGHBORS—

(Continued from page two)

The State Observer—Revision of Texas' laws governing penalties for driving an automobile while intoxicated became the law last week as the Texas Senate joined the House in overriding a veto by Gov. W. Leo O'Daniel.

O'Daniel had vetoed the bill because of the reduction of the penalty from a felony to a misdemeanor on the first offense.

This had been done by sponsors of the bill, including the Texas Safety Association, because of the difficulty of obtaining a conviction on first offenses under the felony statutes.

The bill moreover clarified the definition of drunkenness to meet court objections which had prevented convictions.

"It was a good bill when we passed it and it's a good bill now," said Senator Moore of Houston, its author.

The Big Lake Wildcat—Yes, sir, there are fish in the lake near here from which this city got its name. It has been reliably reported that small catfish and perch have both been seen in the waters near the crossing.

Two years ago this body of water filled by the heavy deluges in the fall of 1932, was alive with catfish and perch. Some of the catfish weighed as much as three pounds, but the average was about a pound and half to two pounds.

It is believed that the fish were washed into the lake from a water hole near Kemper Station, a mile or two west of the lake. Several theories have been advanced as to how the fish got started. Some say that ducks brought the eggs while others claim that they were rained, and still others aver that there is an underground body of water underneath the lake and that large cracks due to dry weather let the fish come out as water filled the basin.

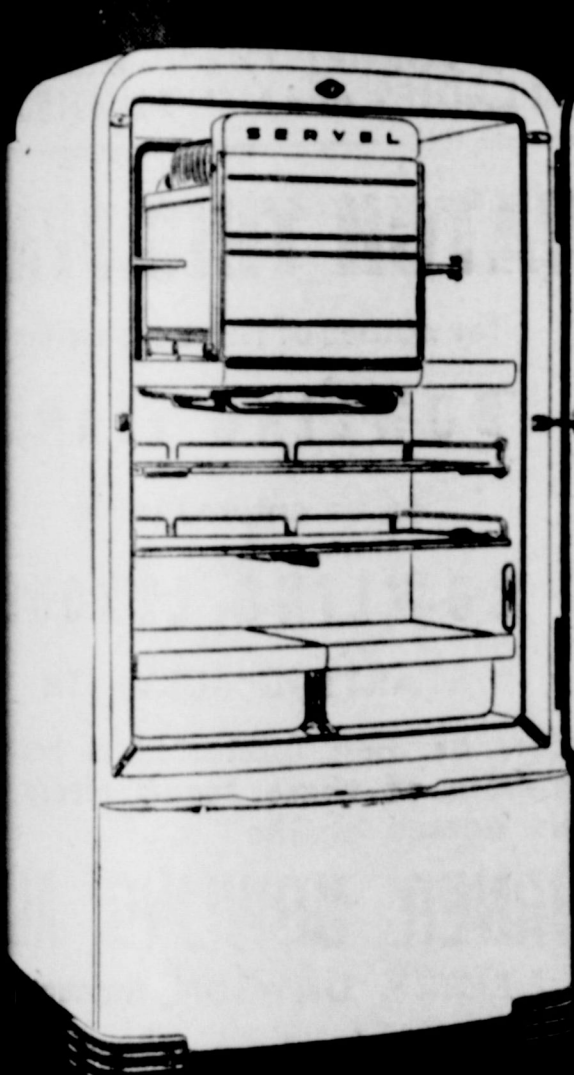

Anyway, there are fish in the lake, and lots of them.

So far, there have been no alligators or sharks reported. Two alligators were caught from the waters two years ago.

Time goes on endlessly and expenses with it, or a little bit ahead of it.

Those Nazis in Santiago seem to have found themselves in a Chile climate.

No other automatic refrigerator offers:
10-YEAR GUARANTEE
in the complete refrigerating system

Important!
READ THIS GUARANTEE
10-Year Guarantee on complete refrigerating system . . .

• We guarantee to the original purchasers of 1941 Servel Electrolux Gas Refrigerators to refurbish without cost any defective burner, control, or refrigerator unit, for a period of ten (10) years from date of installation. (You pay only cost of installing parts.)

NOW WHEN YOU BUY a Servel Electrolux Gas Refrigerator, you're doubly certain of more for your money!

For not only do you get Servel's famous freezing system with no moving parts . . . the resulting permanent silence, continued low operating cost, freedom from wear.

You also have the added assurance of our sensational guarantee . . . the longest and strongest you can find on any automatic refrigerator being sold on the market today!

So stop in today . . . tomorrow . . . as soon as possible, and see the beautiful models in the 1941 Servel line!

STAYS SILENT
LASTS LONGER

USE IT WITH **No Moving Parts!**

"No Moving Parts" means: Permanent Silence, Continued Low Cost, Freedom From Wear, More Years of Dependable Plus these modern convenience features . . . Porcelain Freshener, Automatic Interior Light, Meats Storage Tray, Cold Indicator, New Grid and Cube Release, Modern Streamlined, Continued Low Operating Cost, Savings that Pay For It.

Stays silent... lasts longer

Effective Killer for Screwworm Is Announced

College Station—An effective remedy for screwworm, the most destructive insect pest to livestock known, is announced.

Cameron Siddall, extension entomologist, says the remedy is relatively inexpensive and consists of a correct compounding of the two principal materials—diphenylamine and benzol—at present advocated by the Department of Agriculture for the treatment and prevention of screwworm cases.

When applied to infested wounds, the compound is efficient in rapidly killing all screwworms in a wound. At the same time the remedy gives as good protection, or better, to all wounds against subsequent attack as materials heretofore recommended for this purpose, Siddall says.

Full particulars for preparing and applying the remedy have been placed with county agricultural agents. It was developed through research by the bureau of entomology and plant quarantine during 1940 and 1941.

The smear is best applied with a one-inch paint brush.

The remedy kills screwworms

Vaccination Against Typhoid Fever Urged

Austin—Vacation time is once again at hand, and among preparations for your summer vacation, Dr. Geo. W. Cox, State Health Officer, urges that you include vaccination against typhoid.

"If you have not been vaccinated against typhoid fever recently—within the last year or two—go at once to your family physician for the three shots of typhoid vaccine that will protect you against that disease. Don't wait until just before your vacation to be vaccinated against typhoid," he urged. "Do it now, because the three shots are given at weekly intervals, and it takes several weeks for the protective treatment to establish itself throughout your system.

Typhoid fever is a germ disease. Water, milk, or other foods that have been contaminated by typhoid germs are the main sources of the disease.

"A great deal has been accomplished by public health measures to prevent the spread of typhoid from such sources. The protection of public and private water supplies from contamination, the extension of community sanitation, the sanitary supervision of food, pasteurization of milk, and other public health measures have all helped to safeguard the public against the disease. Typhoid is much less prevalent than formerly, but it is still a source of such unnecessary and avoidable illness.

"The typhoid-producing germs are passed in the discharges from persons ill with typhoid or who have had it at some time. Some persons continue to pass the germs long after recovery from the illness and become what are known as 'carriers.' If

quickly, and after its application large numbers of them soon drop out of the wound carrying along a considerable amount of the protective chemical. For this reason, Siddall says, it will be good practice to apply a second treatment 24 to 48 hours after the first one in order to insure a proper coating of the wound service. Thereafter, under average conditions, regular treatments twice weekly should be given until the wound heals. It is especially recommended that infested animals be kept in a hospital pasture when this schedule of treatment is used. When flies are unusually active and abundant more frequent treatments may be necessary.

In treating an infested animal, the material is swabbed into the wound. Care should be taken to push it well into pockets made by the maggots and painted around the wound where blood and wound exudate have made the surrounding tissues attractive to flies and susceptible to infestation or to fly blows.

Degrees Seal Childhood Oath

"We cross our hearts . . . and solemnly swear to stick together." Thus five little girls who graduated from Texas State College for Women June 2 took time off from skipping rope and playing dolls to form a secret society in fourth grade days in Belton.

Years have flown by since the quintet, Mary Alice Garner, Jean Singleton, and Rosemary Polk, standing left to right; and Violet Beville and Gladys DuBose, seated; banded together for the first time, but they've gone through grade school, high school and college the closest of friends.

these carriers of the disease germs are careless in their personal habits before handling or preparing food for other people, the food may become contaminated and be a source of danger. Some of the most serious outbreaks of typhoid within recent years have been traced to foods handled by careless carriers.

"Another source of danger in the rural areas is the unprotected water supply. You can not tell whether water is safe for drinking purposes even if it looks clean. It is wise to boil all water used for drinking purposes in non-urban areas. For the same reason, unless you are certain of the source of your milk supply while on camping trips, you had better boil that also.

"State and city health departments can and do protect the public against many of the dangers of typhoid from public sources, but the best protection against unknown sources of infection is through vaccination against the disease.

ban accidents. The Highway Patrol has worked out a method of controlling accidents in areas immediately adjacent to military establishments, and the results have been highly

Auto Accidents Taking Toll of Solider Boys

ANSTIN, JUNE.—Soldiers in Texas are meeting death now in a preview of man against mechanized monster.

Forty seven persons were killed and injured in Texas traffic collisions involving military personnel during the first four months of this year.

In 445 accidents involving soldiers either as drivers, passengers or pedestrians, damage to vehicles alone amounts to \$65,270. But the totaleconomic loss--- included lost lives and expense to the injured--- amounted to \$2,115,000.

These facts were announced today by Col. Homer Garrison Jr., State Police Director, who revealed completion of a statewide survey designed to provide information upon which preventive measure may be based. "The defense traffic problem in Texas falls into three separate phases," Garrison said "Cities are coping with the ur-

NOTICE--

We have loaned our Ambulance Cot on several past occasions when requested, but in the future we will be unable to continue this practice.

An Ambulance is a valuable asset to the community and must be kept in perfect condition for immediate use at all times. Therefore, necessary equipment must be in it at all times in case of an emergency call. No other cot but the one made for it will work satisfactorily in an ambulance—a fact which makes it impossible for us to loan or rent our cot at any time.

We operate our Ambulance at the customary charges made in neighboring towns. However, if you are without sufficient funds when in need of this service come in and tell us about it and we will see that your needs are taken care of.

satisfactory. this servay reveals the third phase—rural accident occurring on Saturday, an average distance of 80 miles from any army camp, and caused by the 'rush to get home' on week-end leaves.

"Principals violations figuring in these collisions are driving too fast for conditions, driving on the wrong side of the road or passing without sufficient clearance, and driving while drinking.

"The significance of speed is shown by the fact that out of 170 rural collisions, 31 resulted in deaths and 90 injuries.

Garrison said the State Police are working with Eighth Corps Area officials at Fort Sam Houston "toward a mutual solution to these problem," as an example of army co-operation, he pointed to Camp Bowie, Brownwood, where tmese regulations have been set up; cars must be inspected for safety before making trips; the number of passengers is limited; no trip longer than 300 miles from the camp may be undertaken on a 72-hour leave.

Obsurving that neither all the victims nor the violators involved in these collisions are military men, Garrison declared that "it is as much he civilliant's duty to compensate for traffic hazards as it is the Soldier's."
