FARM BUREAU LEADERS WILL DISCUSS 1942 PROGRAM AT BIG SPRING

H. E. WOOD

J. WALTER HAMMOND

Plans for the 1942 Farm Program will be discussed by leaders of Texas Farm Bureau Federation at the district meeting in Big Spring, Setles Hotel, August 29, according to H. E. Wood, Concho County farmer and director of the organization for this district.

Wood states that Farm Bureau was represented in 41 states by farmers asking fair prices for what farmers sell as compared with things they buy. All members support the national Farm Bureau's program for fair prices, Wood said.

"Farmers in this area may well thank the Farm Bureau for the great increase in prices of cotton, wheat, and several other crops above last year," Wood declares. "Without the strength of Farm Bureau members in 41 and the leadership of Edward A. O'Neal, president of the American Farm Bureau Federation, J. Walter Hammond, president of the Texas Farm Bureau, and other state leaders testifying

Plans For Opening Of School Are Announced By Holt

Schedules are practically complete for the opening of the Sanderson Public Schools on Tuesday morning, September 2. High School pupils are to register any time during the week of August 25 to 30, but the two days of August 29 and 30 are set aside for registration. The registration of students will be under Duane E. Smith, principal of The Sanderson High School. Monday, September 1, will be spent in teacher's meetings, preparation and planning for the regular school work.

On September 2 at 9:00 a general assembly program will be held in the High School auditorium. This is open to the general public and parents are invited to be present. Textbooks will be issued after the program and regular classes will be held during the remainder of the day.

B. P. Hunter, last year's coach at Rising Star in Class A conference, has recently signed a contract as football coach in the Sanderson High School. He is a graduate of Daniel Baker College, Brownwood, where he lettered in football, basketball and baseball. He has coached in high school and college for seven years being highly respected in the coaching circles of Texas.

W. B. Thornton, mathematics teacher is to assist in coaching and in the physical education program. Duane E. Smith, coach for the past nine seasons is to devote his time to the duties of high school principal.

Miss Marjorie Smith, a graduate of Sul Ross College, was elected as teacher of the Dryden School at a meeting of the School Board on Monday, August 18. She takes the place held by Miss Josephine Smith of San Marcos during last school year. Miss Josephine Smith resigned in order to accept a place in the Dickinson school system.

Tol Murrah and C. V. McKnight were in Sonora Saturday and Sunday.

4-H CLUB MEMBERS MAY FEED CALVES, LAMBS IN TERRELL

Announcement has been made here by N. M. Mitchell that if enough interest is shown in the feeding of calves and lambs by 4-H Club members in Terrell County, T. W. Hillin, Pecos County Agent, will come here at regular intervals and meet with the feeders and supervise their work.

Mr. Mitchell stated that unless there were enough boys interested in the work, Mr. Hillin could hardly afford to drive from Fort Stockton to Sanderson to help and supervise the feeding. It was thought that there should be quite a lot of interest here in the feeding of both calves and lambs, and this cannot be done other than under the supervision of a county agent.

Mr. Mitchell asks that any person interested in the feeding of livestock in the 4-H Club division please get in touch with him or leave their names at the Sanderson Times office so that he might contact them when he comes in from the ranch. In this manner he'll be able to inform them as to the date Mr. Hillin will come for a meeting with them and also will be more convenient for many who live out of town.

If time permits announcement will be carried in the Times as to the date of the meeting when it is called. Persons interested however, should see Mr. Mitchell at once or leave their names so that he might contact them.

Funeral Services For Mrs. Tom Lemons In Tucson Wed.

Word was received here Tuesday by relatives telling of the death of Mrs. Tom Lemons, 58, which occurred on Tuesday, August 12, at her home in Tucson, Arizona. Mrs. Lemons was a sister-in-law of Mesdames Mary J. Mansfield and Luella Lemons of this city.

Funeral services were conducted on Wednesday, August 13, at Baker Mortuary in Tucson, with Elder E. E. Bledsoe of the Seventh Day Adventist Church and the Woodmen Circle of which she has been a pioneer member, conducting the services. Interment was on Thursday in the family burial plot at Winkelman, Arizona, beside the grave of her father and mother.

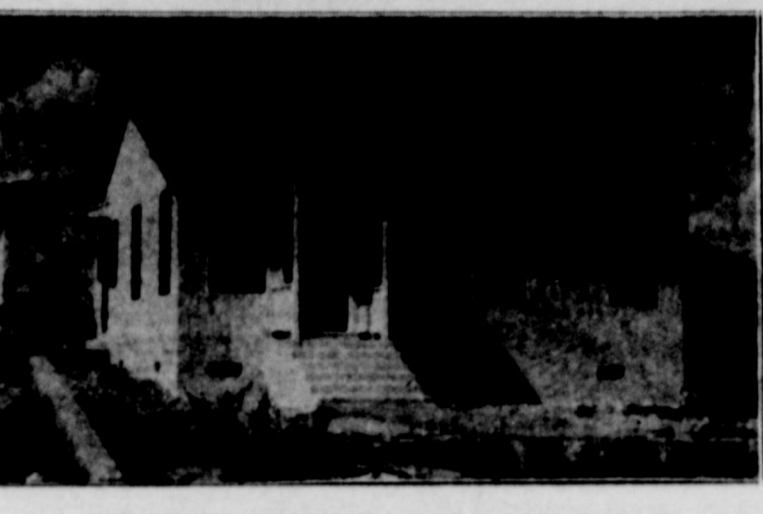

Mrs. Lemons was well known in Sanderson and this section. Born in Bandera County, Texas, on August 15, 1883, she later moved with her parents to this section of Texas. She was united in marriage in 1906 at Alpine to Tom Lemons. For a number of years Mr. and Mrs. Lemons made their home in El Paso, and for the past 20 years they have made their home in Tucson, Arizona, where for many years he was a peace officer, more recently being in business with his son there.

Besides her husband, Mrs. Lemons leaves two daughters, Mrs. Glen Horton, San Bernardino, Calif., and Mrs. James Anderson, Tucson; a son, Charles of Tucson; a sister, three brothers and four grandchildren.

SON TO MONROES
Mr. and Mrs. H. C. Monroe have announced the arrival of Henry III, a 9 1/2 pound, 9 1/2 ounce, August 14, in a San Angelo hospital. The little man is a grandson of Mrs. M. G. Northcut of Sanderson and Mr. and Mrs. Sam Black of Iran are his maternal grandparents.

PRESBYTERIAN AUXILIARY
The Presbyterian Auxiliary will meet Monday afternoon in the home of Mrs. R. D. Holt at 3 o'clock. The Executive Board will meet at the same place at 2:30.

NEW HOME FOR SANDERSON

Wm. (Bill) Lea is another resident of Sanderson who believes in the future of his town. His new home has recently been completed in the eastern part of the residential section and contains living room, two bedrooms, kitchen and bath. It is constructed of frame-stucco, is painted cream outside with composition roof and screens in black. At the rear of the home is a double garage with recreation above.

M. G. Northcut Truck Burns With Load Cedar Posts

One of the trailer-trucks owned and operated by M. G. Northcut was burned the first of last week with a load of cedar posts.

The truck was driven by Buck Thompson and about one mile east of Dryden he discovered one of the tires on the trailer was flat. He stopped the truck and was attempting to jack up the wheel with the flat tire when it burst into flames, caused from heat generated while running the tire flat. Thompson jumped the truck and started for Dryden, hoping to arrive there before the fire gained too much headway, but after he had gone about 200 yards flames started coming around the cab. He abandoned the truck and within thirty minutes it had burned completely, both truck and trailer.

Mr. Northcut stated that the truck was covered by insurance but the trailer was not. Loss was estimated at about \$1,000.

Registrants Are Entitled To Appeal Classification

Every registrant is entitled to appeal from any classification by his local board and no one has the right to deny him that privilege, General J. Watt Page, State Selective Service Director, declared today.

In all cases local boards and government appeal agent must make every effort to insure protection of the registrant's right of appeal regardless of whether they think the appeal is justified, he said.

Any registrant who is dissatisfied with a determination of his local board may appeal the decision to the board of appeals and no one has legal power to interfere with his efforts to get a review of his case, the Director said.

Citing Selective Service Regulations relating to appeals, General Page pointed out that a registrant, any person who claims to be a dependent of a registrant, or any person who has filed written evidence of the occupational necessity of the registrant, may appeal from any local board classification, or from any local board finding as to physical and mental qualification after physical examination made while appealing is pending.

Four Are Injured In Automobile Accident Wednesday

A 1941 Chevrolet tudor sedan was damaged and the four lady occupants injured Wednesday about noon when a flat tire caused the driver to lose control of the car and a concrete culvert was struck.

The car was occupied by Mrs. Elsie Reynolds, driver, Mrs. Hazel Betts, Mrs. J. O. Teague and Mrs. Verne Whitney, all of Glendale, Ariz. All four occupants were thrown from the car when it struck the culvert and Mrs. Whitney suffered severest injuries, a slight concussion and cuts and bruises. Three stitches were required to close the cut in the top of her head. Mrs. Teague received a lacerated knee which required three stitches and Mrs. Reynolds and Mrs. Betts received cuts and bruises. The car did not overturn.

Mr. Whitney and son, Charles, were notified and arrived Thursday to be with Mrs. Whitney. Mrs. Betts and Mrs. Teague left Thursday for Arizona by train and Mrs. Reynolds remained over with Mrs. Whitney and to see about making the insurance adjustments on the car which belonged to her. Mr. and Mrs. Whitney and Charles and Mrs. Reynolds are to leave Saturday for their home.

Herald-Post Kids Rodeo To Begin August, 28

El Paso—A bang-up rodeo for all the family and prizes enough to go around several times are promised for the annual Rodeo Week program here, August 28-September 1.

The range festival pens with a colorful cowboy parade Thursday, August 28, opening date of the three-day ninth annual Herald-Post Championship Kids Rodeo. The Ranch Hands Rodeo, sponsored by El Paso Police Department, offering more than \$3000 in prize money, will be staged August 31-September 1, with two performances daily.

The Kids Rodeo is open to all boys and girls under 16. Entries must be filed by 5 p. m. August 23. The youngsters will compete for a big list of cash and merchandise prizes, including boots, belts and spurs, radios, watches, pocket knives, lariats, shirts, and shoes. The championship hand-tooled saddle and other valuable prizes. The champion cowboy will receive the saddle; the champion cowgirl will be awarded a cabinet model radio.

Communities of the Southwest have been invited to enter princesses in a contest for queen of the two rodeos. The winner will receive \$50 cash prize. Besides the grand prizes to be awarded the champion cowboy and cowgirl at the Kids Rodeo, the El Paso Police Department will give prizes to both champions and to the Queen of the Rodeos and her three princess runners-up in the queen's contest. Special entertainments are planned for all entrants.

The Herald-Post Kids Rodeo is the "daddy" of all rodeos for youngsters. Started nine years ago, it has attracted more and more youngsters to the rodeo arena. At the time it was started the Kids Rodeo was the only show of its kind in the world, and it has developed some first-class performers who give the spectators plenty of laughs and thrills.

The Ranch Hands Rodeo is open to all real cowboys. A big cowboy dance will be held in El Paso's Liberty Hall the night of August 30.

UNDERGOES OPERATION
Mrs. B. H. Moorefield went to Del Rio Wednesday of last week where she underwent an operation for removal of her tonsils. Her condition is good. She was accompanied by Dr. and Mrs. R. B. Lester.

It Happened in Sanderson TEN YEARS AGO This Week—Remember?

August 22, 1933

Many citizens of Sanderson and Terrell county experienced early Sunday morning their first earthquake when about 5:45 a. m. they were awakened by their beds being shook and houses rocking to and fro. The tremor lasted for a minute and was severe while it lasted.

The tremor, the origin of which was probably in Mexico and moved northward or started in the mountains of Southwest Texas radiated in all directions. The width of the area experiencing shocks was more than 600 miles.

At Valentine the greatest damage was done. Not hardly a building in the community escaped. All homes and business houses, which were constructed of adobe were damaged to such extent that it will not be safe to turn down. The school building there was damaged to such an extent that it will not be safe and will have to be torn down and rebuilt. Another tremor was felt in the city Tuesday and further damage was done to the buildings. The town has suffered in the loss of all its homes and

business houses and the citizens are living out under the stars.

Not very much, if any, damage occurred here. One or 2 stucco places had slight cracks to appear and several houses were considerably shaken and weakened. Plaster fell from several of the stucco houses.

At Fort Stockton the Comanche Springs, which supplies the city with water, flowed muddy water for several hours after the tremor. The flow of the stream seems not to be affected.

Mrs. J. W. Savage, a pioneer resident of this city, states that in 1909 a light tremor was felt here occurring about 8 o'clock in the evening.

Lynne Harrell, secretary of the local Rotary club, returned the latter part of last week from the District Convention of Rotary held in Alamogordo, New Mexico.

Marfa and Carlsbad were in the race for the next convention to be held in May, 1932. By a vote of 12 to 5 won the convention.

Already Marfa is making plans and hopes to entertain some three or four hundred visitors next year when the Rotarians hold their session.

The convention was one of the best held by the organization there being fully one hundred per cent in attendance.

Sanderson and vicinity witnessed a heavy downpour of rain late Thursday afternoon lasting nearly three-fourths of an hour. With the rain was a severe electrical storm. A bolt of lightning in the north part of the city struck an electric wire putting lights, stoves and radios out of commission. The power company was busy the rest of the afternoon and until late in the evening repairing the damage. Power in the city was out for an hour and in some parts of the city there were no lights at all. According to reports the rain did not extend very far.

From the column "Searchlight" Overheard on the main Drag: Wonder if there will be any good-looking teachers here this year? Sure, we know there will be for Searchlight has been around these parts many years and Sanderson has always employed good-looking school mams—and furthermore: they usually make their homes here; that is, some few have been known to.

WITH OUR NEIGHBORS

The Winters Enterprise Sheriff Lee Moreland of Ballinger and deputy C. R. Hightower were notified yesterday by officers at Big Spring that early Wednesday morning four head of white faced calves, about five months of age, two heifers and two bulls were unloaded in the Live Stock Auction Sale corral at Big Spring. The calves, all of good quality, are unmarked and unbranded. It was thought likely they had been taken from their mothers on the night of August 12, 1941.

The calves were offered for sale by a man who claimed he was selling them for another man and, when questioned by buyers round the lot, he appeared to become suspicious and left without selling the stock, and did not return.

Local officers thought the animals might belong to someone in this vicinity.

Sketch in Menard News—Last week at the West Texas Press Association we were reminded that the press was the only business mentioned in the United States Constitution. We do not know what significance this might have, but it seems at any rate a business that has been going along a good while and has been for many years in good standing.

Ozona Stockman—Sale of 53,000 pounds of 12-months wool was reported by the Ozona Wool & Mohair Co., this week. The purchase was made by Tom Richey for A. W. Hilliard & Son at 42 and 43 cents per pound.

Approximately 265,000 pounds of long wool still remain stored in the local warehouse, according to Melvin Brown, manager. The warehouse has approximately a car of eight months wool on hand.

The Big Lake Wildcat—If clocks were able to talk, then the one hanging on the dining room wall of the L. Jagers home could give an interesting account of the Mexican raid on Columbus, New Mexico, in 1916.

On the morning of March 9th, this little town, three miles from the international border, was aroused by the distressing news that Pancho Villa and his Mexican bandits had slipped in upon the sleeping town.

Mr. and Mrs. Jagers and their two oldest children were living in an upstairs apartment above the station of the El Paso and Southwestern Railway, of which Mr. Jagers was depot agent. The building gave evidence of the terrible battle that went on about them, it was riddled with the heavy firing. Miraculously the Jagers family was unharmed. But not so for the faithful clock bandit bullets pierced its vital

Widow Wins U. S. Defense Bond

Mrs. Bessie E. Alston, of Salt Lake City, receives from Mayor Ab Jenkins (right) \$500 U. S. Defense Bond as first prize in unique contest sponsored by Lumbermens Mutual Casualty Company. Lee Nebeker, Lumbermens representative, looks on.

SALT LAKE CITY, UTAH.—In ceremonies held at the City Hall here today, Mrs. Bessie E. Alston, widowed school teacher, was awarded first prize of a \$500.00 U. S. Defense Saving Bond for the best letter in a nation-wide contest sponsored by Lumbermens Mutual Casualty Company on the subject: "How old should boys and girls be before being permitted to drive the family car?"

Mayor Ab Jenkins, an outstanding figure in safe driving, despite the fact that he has broken many world's speed records, made the presentation.

Peter Pans Crowd Highways
In her letter Mrs. Alston, who has a son in the Army and a daughter who is a nurse, declared: "Thousands of Peter Pans crowd our highways today—children who will never grow up. Put one of these behind a steering wheel and he immediately develops deadly auto-intoxication which is the cause of most traffic accidents; disregarding signals, weaving in and out, endangering lives, he is the world's worst 'show-off.'"

Driving maturity, Mrs. Alston wrote, is made up of five special qualities: intelligent thinking; sane judgment; emotional control; unflinching courtesy and a high degree of good citizenship.

"No one of these," she continued, "flashes automatically into being at the turn of a calendar page, each is a slow growing product of unborn intelligence and life-long training."

Mrs. Alston suggested, as a means of drastically reducing the appalling number of youthful automobile accidents each year, "an educational program so vivid and convincing that the public would wholeheartedly support it."

Lumbermens, nationally known for its long standing policy of "helping accidents not to happen," sought in the contest the most astute methods of attack on the growing problem of auto accidents among the youth of America.

The material contained in the many thousands of letters which were received over a two-month period, from all parts of the Western Hemisphere, will be assimilated by Lumbermens experts and incorporated into a safety promotion plan, according to company officials.

Lumbermens co-sponsors the Kemper Foundation for Traffic Police Training at the Traffic Institute of Northwestern University and the "Not over 50 Club" which now has a membership well over 300,000.

 "What the row now," asked the junior partner who had just ridden in from the ranch.
 "You remember old man U. B., the town drunkard, don't you?" asked the colonel.
 "Sure," said his partner, "but he's dead as a door nail!"
 "Yep, that's the trouble," replied the colonel. "That fact about that dumb Dink in the back office. You see when the old man passed away, I wrote a nice story about him, omitting, of course, all his shortcomings, and enlarging upon the few good deeds of which he had been accused. So with the carelessness of that dumb type-setter in dividing the word 'funeral' on the first syllable and then forgetting what he was really doing when tribe of U. B.'s kinfolks."
 "Take the case of old man U. B., that one little story has cost me, you, and the paper the friendship of the Rev. O. Urias Pretzel, not to mention the tribe of U. B.'s kinfolks."
 As the old colonel stopped for breath and to change his quid from the northeast to southwest corner of his mouth, his ranch partner piped in with—
 "Well, heck's fuzzy, what's the printer got to do with all this here disturbance, nohow?"
 "Do!" exploded the over-wrought colonel. "Dumb-fizzle him, he done plenty! Listen to this. Here's what I was made to say by that yowling jack rabbit:
 "U. B. Dam, a prominent citizen of the town was laid to rest at 4 yesterday afternoon. Rev. O. Urias Pretzel held the funeral while the rain poured down in torrents from the heavens above."
 The colonel stopped short as a fit of anger overcame him.
 "Gosh, I don't see anything about that to get so het up over," said his ranch partner, "because, as I figure, while living old man U. B. alius took whiskey straight, and claimed all water was good fer, was to wash a feller's feet in, occasionally, and I can't see that a little of it running down his throat could do any hurt now, especially and him dead. Frigit it, colonel, git yore hat and less ride out to the ranch to see the new buck I jest drive in."
 And the colonel did.

Weedy Barb a Despoiler of Sheep Pelts and Meat

SPEAR-POINTED SEEDS of wild oats, needle grass, poverty grasses, foxtail, and bromes spell trouble in summer and fall for sheepmen of the western states.
 Carcass and pelt (1), pierced by the sharp awns, are cut to half value or less. (2) At first, the awns can be spotted (in circle) by parting the fleece, but having passed through the pelt (3) they make a pin cushion out of it. By painstaking work the awns can be cut out singly (4), much in the manner of trimming out pinfeathers, but often whole strips of meat must be sacrificed (5), so that the carcass is rendered unsightly (6).

spring and summer the seeds ripen and the rough awns catch in the wool of sheep. Then, as one packing house buyer relates, "every movement of the animal seems to propel these needles deeper until they reach the flesh itself, where they fester and cause bloodshot circles an inch or two in diameter."
 Some of the animals die, literally stuck to death. The pelts of other, looking like pin cushions, have no market, and may be carried a year before bringing \$2.50 a dozen as No. 2 seedings.
 "When lambs are killed within a month of the time the seed barbs lodge in the wool, the carcasses are severely trimmed by government inspectors," the buyer states further, "which usually leaves a badly mutilated cutter worth about one-third as much as the ones free of grass."
 Good management of herds, range, and pastures are the only effective preventive measures, buyers and experiment station specialists alike declare. Lambs may be sheared before the seed is ripe. Sheep may follow cattle which have been allowed to graze the weeds down early in spring before the spear points can develop. Ranges and pastures loaded with weeds at maturity should be avoided, especially in late summer and fall. Single night bedground on the range should prevail and permanent bedground avoided. Open herding should be followed, close herding avoided, and dogs used as little as possible, all to prevent close contact of the entire flock with weedy patches.
 In pastures, control of the weeds, most of which are annuals, is simply done by cultivation, and on open lands grubbing out is often resorted to, or soon after the plants have blossomed they are cut or burned.

"Nurse's Secret,"
Mystery Drama
Coming to Princess
 A mystery-thriller that packs suspense from the first reel to the last, called "The Nurse's Secret," opens next Friday, August 29 at the Princess Theatre. The Warner Bros. picture tells the intriguing story of two mysterious murders and the havoc that reigned before they were solved.
 Lee Patrick is cast as a nurse who is called in to tend to a woman who is suffering from the shock of finding her nephew murdered. Regis Toomey, playing the role of a detective, is assigned to the case and gets Miss Patrick to work with him. When her patient is poisoned she is accused of the deed and it takes some fast thinking to clear herself of the crime.
 Both she and Toomey set out to bring the real murderer to justice and their adventures get them into many a dangerous situation. The murderer they seek to trap is both clever and ruthless and it is only after the execution of a daring plan that they finally bring him to bay.

Defense Quiz—
 Q Can my children buy Defense Savings Stamps?
 A Yes. Hundreds of thousands of American children are buying Stamps regularly as their share in the national savings program.
 Q Why should children be encouraged to buy Savings Stamps?
 A Because by buying Stamps they write their names on a Roll of Honor Americans who are doing their part to show the dictators that united America will never flinch to preserve her sacred liberty.
 Q After my child has collected enough Stamps to exchange for a Bond, can Bond be registered in child's name?
 A Yes. A minor may own a Defense Savings Bond. Many parents are registering Bonds in their children's names to preclude them from belonging to someone in this vicinity.

 The Wink Bulletin—Monahans: The most thieving thief in Monahans has been at work again.
 Several weeks ago a camera was stolen from the City Pharmacy here but the thief overlooked the box in which it was packed. Mrs. Pat Hutcheson, manager of the store, then placed the box near the cash register with this sign: "Free—this box for the camera stolen Sunday."
 The box was missing Sunday.
 Memories of 1909. Brackett News-Mail—Playing on both sides: Reed and Kersey, Stadler and Veltmann, batteries for the Brackett ball club were in Sanderson this week. Reed & Kersey being the batteries for the Del Rio team and Stadler and Veltmann for the Sanderson Club.

form when his latest movie, "Caught in the Draft," comes to The Princess Theatre on Wednesday, August 27. Fashioned in Hope style. Paramount's merry making version of life among the recruits is said to be an all-out blitzkrieg of laughter.
 With Bob Hope is the one and only Dorothy Lamour—the gal who hit the gong with a sarong. Lynne Overman, who plays the part of a Hollywood theatrical agent, follows Bob and his ten per cent into the Army. The Hope fans will delight in Bob's new stooge Eddie Bracken, the rookie who'll do anything for a laugh—even switching the Army's road signs during some war games and almost causing a major disaster. All for sake of his goose-plumy boss who can't stand the sound of guns.
 In addition to the merriment, there are more tricky new tunes that everybody will soon be

humming. Add to this the choice morsel of a gag in the mouth of Hope and you get laugh menu that will do things to the sides of your ribs when you see "Caught in the Draft."
 Fred Durbon of Maria was in Sanderson Tuesday on business. He was accompanied on his return as far as Marathon by Mrs. Joe Wolff who will visit a few days with her brother, Ed Burdwell, and family.
 Among those attending the Uvalde Rodeo the 7, 8 and 9 were Mr. and Mrs. Seth Davenport, Mr. and Mrs. J. W. Carruthers, Jr. and family, Mr. and Mrs. Milton Smith and Charlie Turk.

ISN'T IT A RELIEF —
 TO KNOW THAT THERE'S ONE ITEM IN THE COST OF LIVING — **ELECTRICITY** — THAT NOT ONLY HAS NOT INCREASED IN COST BUT IS CHEAPER NOW THAN EVER BEFORE
IT'S A FACT! The cost of food and other essentials is going up, due to circumstances beyond the control of your local merchants, but there's one item in the cost of living—electricity—that not only defies this trend but actually costs less today than ever before. Year by year, the unit cost of electricity has come down until today the average customer of this company receives 53% more electricity for his money than he did in 1931. The dollars you spend for food, clothing and other necessities are steadily shrinking in value, but your electric dollar buys more today than it ever did.

Action Aplenty In 'Singapore Woman'

A talented cast, a gripping story and a beautifully scenic background have been put into Warner Bros' "Singapore Woman," the film opening at the Princess Monday, August 25.

Heading the cast is Brenda Marshall lovely to look at and a versatile actress whose several impressive screen appearances have already put her in star rating. Supporting Miss Marshall are David Bruce, Virginia Field, Jerome Cowan and Rose Hobart.

"Singapore Woman" has for background that romantic and intriguing Malay Strait settlement of Singapore. The terraces, and plantations are all captured to enhance the entertainment value of the film.

In this exciting locale is a woman played by Miss Marshall, who is looked upon as a curse. Her father, husband and former suitors have all met tragic ends. To fall in love with her is to sign one's own death warrant. But David Bruce, as a young rubber planter, brands all this superstition as utter nonsense and cast his lot with hers.

lined the provision of the Regulations on how an appeal is taken, as follows:

"Any person entitled to do so may appeal in either of the following ways:

"(1) By filing with local board a written notice of appeal. Such notice need not be in particular form, but must state the name and identity of the person appealing so as to show the right of appeal.

"(2) By signing the 'Appeal to Board of Appeal' on the Questionnaire (Form 40)."

The person appealing may attach to his notice of appeal, or to his questionnaire, a statement specifying the respect in which he believes local board erred; may direct attention to any information in the registrant's file which he believes the local board has failed to consider or give sufficient weight; and may set out in full any evidence which was offered to the local board and which the local board failed or refused to include in the registrant's file. General Page emphasized.

Neither registrants nor representatives of the Selective Service System are permitted to appear before boards of appeal, however. General Page added. In reviewing the appeal no evidence shall be considered which is not contained in the record received from the local board, and the decision of the board of appeal shall be based solely thereon.
