**CRIME DOESN'T PAY**

# Flooded Road Foils Speeders

Five Latin Americans found that the well-worn adage **Crime Doesn't Pay** was all too true last Sunday afternoon in Friona. The carload of men were driving, or according to some witnesses, were orbiting low through Friona on their way from Clovis, N. M. to their homes in Hereford when the chase began.

The 1954 Ford zipped past Bill Morgan, driving on routine town patrol in the police car in Friona along Highway 60 headed west when the Latins

zoomed toward Hereford. "I started not to even try to follow them," Morgan told, "for when I got the car turned around they were about five blocks away and driving between 85 and 90 mph."

"I went ahead and decided to give them a run however, and as it turned out it worked." Morgan gave chase to the Ford full of celebrating baseball players. It was later that the five men had been a Clovis playing ball all after-

noon and were returning to Hereford to visit "their sick mother."

The Ford zipped down the Highway, out of Friona and when they approached the intersection by the Wells farm they decided to turn off.

"I figured that they thought I'd catch them on the highway," Morgan said, "and if they could get me on a dirt road the dust would blind me."

The Ford squealed around the corner at the Wells farm, chasing Harold Joe Wells back

into his yard where he was attempting to turn onto the highway for a drive to town.

The driver and the man next to him changed positions after they barely made that corner on two wheels and gunned off toward the cemetery.

"When I turned onto the Wells road I couldn't see a thing, but by this time I had made up my mind to give these boys a run for their money, said Morgan.

"I was blinded, and con-

tinued driving by watching the barrow ditch and a small dark spot way down the road," the patrolman says.

This chase continued for about three miles, when the Ford turned west again.

This turn proved their undoing.

"When I saw them turn west on the road past the cemetery, I knew my hunch of continuing the chase had paid off," Morgan related.

I remembered that this road was blocked at the west end by

a lake which the rains and tailwater had filled and backed over the road.

Apparently the men in the speeding Ford didn't see the lake until they were right in it for they slipped to a stop right at the edge of the water.

"They piled out of their car and began rushing toward me as I approached in the squad car," Morgan says "I was taking no chances with this bunch so I pulled my pistol and hollared for them to stop where they were--they sure

did--I thought for a minute one of them was going to throw his arms away."

Morgan instructed two of the speeders to get in the police car, and the other three to drive their car back to the police station where they were charged with resisting arrest, drunk in a public place and driving in a manner to endanger life and property.

They all pled guilty and fined a total of \$210.

Sometimes Lady Luck even smiles on a patrolman!

SECTION I

## Star Wins State Press Award

The Friona Star was one of the winners presented with a certificate of award for winning second place in Division VI of Texas Press Association's news pictures contest at the annual convention held last weekend.

This is the second year in a row that the Star has won or placed at state contests.

Editor Dave McReynolds was on hand to receive the award from Tom Whitehead, president of the TPA and publisher of the Brenham Banner-Press.

Parmer county newspapers were well represented during the contests as the Bovina Blade of Bovina, and the State Line Tribune at Farwell were named as winner in their divisions.

There are seven divisions in the overall contest, according to population. The Star competed in the division between 2,001-3,500 population cities.

Earlier this year, the Star was awarded second place in general appearance contests as part of the Panhandle Press Association's annual competitions.

TO OPEN NEW SUPERMARKET--Ed White and his wife and son, Ed Jr., are shown above on the site of their new supermarket on which construction began Tuesday. The new supermarket will also house two more businesses, a ladies shop and an automatic laundry. Robert Schueler is owner of the new building which is being built on the corner of Washington and Ninth Streets.

## Paving Crews Busy; Sewer Plans Continue

Crews are laying curbs and gutters for the new paving project in Friona which is slated to be down and ready for use in a short time.

In addition to this civic improvement M. R. "Red" Smith of Parkhill Smith & Cooper is preparing plans in an attempt to get things ready for contract letting for a new sewer plant.

The new sewer plant, which has been held up until recently for lack of a site, will be constructed to serve a total capacity of 4,500-5,000 population.

Smith has prepared first drawings, which will be sent to the State Health Department for their okay before contracts can be asked for.

The new plant will be located east of town and south of Bengier Air Park on a site the city

will purchase from Santa Fe Railroad company.

Railroad officials have informed City Manager Albert Field by phone that the Chicago office has okayed sale of the tract and a deed will be sent to the city as soon as it can be drawn up to date.

At the same time plans call for construction of a 500,000 gallon ground water storage tank which will be put on the city's property on Sixth street.

## To Hold Swimming Program

According to an announcement by Baker Duggins, swimming supervisor for the Friona Chamber of Commerce and Agriculture, there will be another two weeks class held beginning Tuesday, July 5.

Registration for this additional class will take place in the high school counselor's office, beginning 9 a. m. on Monday, June 27, and the first 30 registrants will be accepted. There is a change in the age level that should be noted. This next class will consist of students who will be in the fourth through the eighth grades this September.

The chamber will once again bear the major portion of expense and what expense the

(Continued on last page)

## BUILDING PERMITS

The following building permits were issued at the City Hall in Friona during the week ending June 21:

H. F. Gee, build an addition over cellar at estimated cost of \$200.

John Allen, add onto existing structure at an estimated cost of \$200.

O. F. Lang, build commercial building at an estimated cost of \$30,000.

## Rev. Phillips Attends Church Workshop

Rev. Hudson Phillips, pastor of the Union Congregational Church in Friona returned Saturday from a trip to Houston where he attended a workshop on How To Teach.

The workshop was sponsored by Evangelical and Reformed Church.

Classes were held on the campus of the University of Houston and lasted one week.

## OPENING SLATED SEPT. 1--

## New Supermarket Plans For Friona Revealed

Construction of a brand new supermarket was announced this week as necessary papers were signed and the contractor stated plans to begin work immediately for a new building to house White's Supermarket plus space for two more businesses, an automatic laundry and a ladies ready to wear shop.

The new building will be built on the corner of Washington and 9th Streets in Friona facing south.

The entire structure will be 162 by 50 feet with the grocery division of the building occupying 62x50 and the other businesses having a space of 30x50 each.

Area from the store front south will be paved to accommodate shoppers.

J.C. Lane Sr. is contractor with materials furnished by Rockwell Bros. & Company of Friona.

A building permit was issued

last week and called for an estimated cost of \$30,000.

The building will be built of brick and concrete tile, air conditioned and will be furnished with the most modern up-to-date shopping facilities available.

Construction culminates a dream of some 40-odd years of grocerying for Ed White Sr. who with his son, Ed Jr., will run the new supermarket.

White moved to Friona 40 years ago from Florida and worked in various grocery stores until April 1922 when he was hired by T.J. Crawford and continued to work in that position until 1947 when Crawford sold his store.

"Following Mr. Crawford's sale I purchased my present business and have operated it until this date in the same location," says White.

White is married and is the father of nine children, four of whom still live in Friona. Ed Jr. and his family plus Richard, Sue, and Lois.

Ed Jr. is the father of one boy, John Claude, 4, and is a veteran of the Korean war having served overseas with the U.S. Army.

Concerning the new store, White and Robert Schuler, owner of the property say, "We hope to offer the residents of this area one of the new businesses in our line with plenty of parking, air conditioning and modern produce, dairy and meat departments within the store."

"We will offer the nicest merchandise available at the lowest possible price to the consumer," says White.

## Mothers Plan Ball Park Improvement

Ball park improvements are the goal of a group of mothers of Little League players who have organized to operate a concession stand on a volunteer basis.

Construction of rest rooms will begin immediately and will be paid for as the season progresses.

Mrs. Aubrey Rhodes is general chairman of the program and Mrs. Wes Long is acting as treasurer.

Two mothers from each team have consented to serve as co-chairmen and it is hoped that other mothers will need to participate only once or perhaps twice during the season.

"It is strictly a volunteer program," stresses Mrs. Rhodes. "If a mother prefers to donate the profit from sandwich and drink, that is perfectly all right."

Since two games are played each night, the first beginning at 6, the women feel that making sandwiches available will be both convenient for spectators and profitable for the Little League program.

Experimental sales at games last week proved successful with sandwiches selling for 15 and 20 cents and drinks for 10 cents. More definite plans were made at a Monday meeting of

the group.

Mothers are asked to contact the chairman and volunteer when their sons' teams play rather than wait for the chairman to contact them.

Team chairmen and co-chairmen are listed below:

Ethridge-Spring, Mrs. Bill Schwab and Mrs. Maynard Agee; Bengier Air Park, Mrs. Kenneth Watkins and Mrs. James Procter; Rockwell Bros.; Mrs. Ralph Price and Mrs. John Hand; Friona Consumers, Mrs. Joe Fallwell and Mrs. Ralph Shirley; Friona Motors, Mrs. Bill Carthel and Mrs. O. J. Beene;

Friona State Bank, Mrs. Dean Bingham and Mrs. Glynn Hughes; Brookfield Drilling Co., Mrs. T. A. Williams and Mrs. D. C. Herring; Reeve Chevrolet, Mrs. Bill Stephens and Mrs. H. C. Wells; Associated Growers, Mrs. J. P. Sims and Mrs. Charles Howell; Hub, Mrs. Wes Long and Mrs. John Renner; Star Hurst, Mrs. Doyle Cummings and Mrs. Loyde Brewer; McCaslin Lumber, Mrs. Grover Goggans and Mrs. Frank Truitt.

Instrumental in organizing the group were Mesdames Floyd Brookfield, Brewer, Renner, Long, Rhodes and Beene.

Whitefield improves

Otho Whitefield, who was admitted to Northwest Texas Hospital in Amarillo June 10, is reported to be improving by family members. He suffered a heart attack.

## Laurie Cooper New Star Society Editor

Laurie Cooper, formerly an employee of The Friona Star's parent organization, Plains Publishers, has replaced June Floyd as society editor of The Star.

Mrs. Floyd has taken the position of secretary to W. H. "Sonny" Graham, manager of the Plains Publishers organization.

Miss Cooper is no newcomer to the society editor's job having held down that position for the Farwell State Line Tribune prior to moving to Friona and working for Plains Publishers.

Prior to her job at Farwell she was employed in the Women's News department for the Dallas Times Herald.

Miss Cooper is a graduate of Eastern New Mexico University, having earned a B.A. degree in Journalism from that institution in 1956.

She is the daughter of Mr. and Mrs. M. M. Cooper of Portales, N. M. Her mother is society editor of the Portales News Tribune.

Mrs. Floyd, or June, to most residents of this area, has become acquainted with most of the residents of Friona and Parmer county while working for The Star since Graham and Joe Osborn purchased the paper in 1956.

Mrs. Floyd is a native of Oklahoma and moved to the Panhandle with her parents while a child. She has lived with her family in Friona for

12 years.

She and her family live on a farm six miles west of town and she has "one husband, five kiddoes and two dogs."

As of this week those residents of the area having society or personal items to report are asked to contact Miss Cooper as June will begin working full time for Plains Publishers in her new job of secretary.

## Launch Sub Campaign

It's time for Operation Sub at The Friona Star!

This will mark the first time in four years that The Star has really worked at a subscription campaign, not since first purchase of the paper by W. H. Graham and Joe Osborn in 1956 has the paper really "pushed" a subscription campaign.

This summer, while having an extra "hand" around the plant in the person of Donald Watkins this newspaper will attempt to contact every single family in, and on the routes serving Friona to sell subscriptions to the paper.

Beginning Thursday, Watkins, who teaches during the school year in the Friona schools, will knock on each and every door in the city asking residents to subscribe, or renew their subscriptions.

While Watkins is making the rounds in the town, Dave McReynolds editor of the paper, will begin the long trek of following down the persons living on the routes around Friona.

While Watkins will devote five days a week in town, McReynolds will work the routes on Thursday and Fridays.

In addition to sub selling, the pair will ask about 20 percent of the residents (or about one of every five families) to answer a few questions in an effort to make a small market survey of Friona in an effort to pass this information on to national advertisers.

So, if during the next couple of months you see two foot-sore people knocking on your front door, don't get alarmed, they probably aren't near as dangerous as you may expect.

SUBSCRIPTION CAMPAIGN BEGINS--Donald Watkins, left, calls on Mrs. Kenneth Williams of Friona during the subscription campaign sponsored by The Star this week. Watkins will call on all residents in the city during the sub campaign.

SOCIETY EDITORS--June Floyd, with phone, will move from her position of society editor of Friona Star after serving in that position since 1956. She will be replaced by Laurie Cooper, seated, who formerly worked for Plains Publishers.

Elsewhere . . . . . \$4 Per Year

## Now Will You Listen!

This writer was appalled at the tragedy that struck at Friona while away on vacation . . . the news of the two boys that we had come to know and respect had drowned rocked us on our heels.

The first thought that came to our mind, was had both boys known how to swim perhaps this tragedy could have been prevented. It has been only a few short months ago, that one group in our city had tried in vain to interest a civic organization in sponsoring a drive to construct a swimming pool in Friona.

True, the thought, in mind at that particular time was primarily for recreation, although we are hard-headed enough to believe that every person needs to know how to swim. Luckily when a youngster, a man in our home town had what some folks thought "more money than good sense" and donated enough money for the local YMCA to build an indoor swimming pool.

That is where I learned how to swim at the tender age of five.

Right now, our oldest son, age four, probably has a better knowledge of what to do in water than most sixteen year olds in Friona.

He can at least dogpaddle!  
We believe that Friona needs a swimming pool!

We don't care if it belongs to the city, the school, or a group of individuals.

The only thing we are interested in right now is to point out a few facts.

We talk of public pride and public spirit. What do you think the folks of Muleshoe think, and yes, the people in Clovis, when a representative of our chamber of commerce comes in with his tail between his legs and asks if we can borrow their pool for a swimming program for a week or two?

We think this is a deplorable condition. If you don't think a project like this is practical, well it is sorta like being married and wanting kids.

If you wait until you can afford them, well you never will have any.

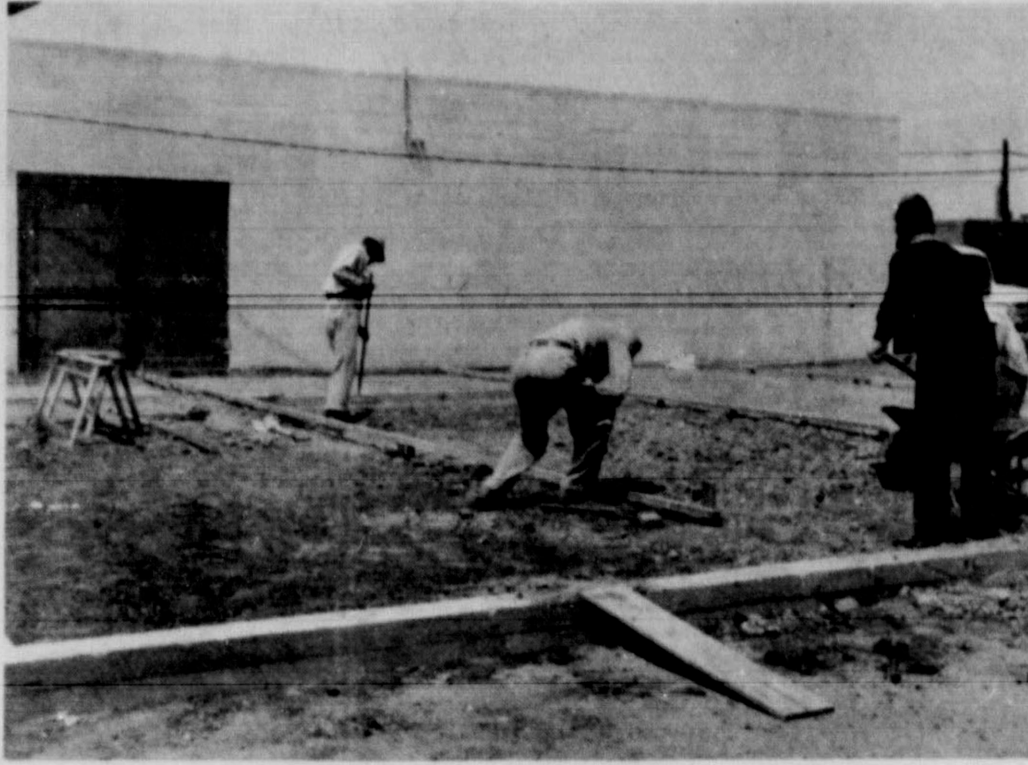

This is about the way Friona is about the swimming pool.

A pool could well be an asset to our community in a number of ways and if the life of only one youngster could be saved because he, or she, had learned to swim in this pool, well the project would have been well worth the cost.

We need a dozen or so citizens to roll up their sleeves, take the matter in hand, organize and get up a set of plans and drawings, find out the cost and organize a drive to raise the money.

Somewhere in Friona there is a group like this, we don't know where or who, but these folks need to be found and get moving, for although it is too late for this season a pool could be constructed in plenty of time for next year.

What do you say?  
D.T. McR.

NEW ADDITION TO PLAINS PUBLISHERS--Pappy Stevick, bending over in center, and his workmen get the ground ready for concrete as work progresses on the new addition to the Plains Publishers plant in Friona. The new addition will house the press and serve as newsprint storage when completed.

Construction on the addition to Plains Publisher's building is also underway.

Some of us who have been around quite a long time had just about reached the point of thinking, "things will have to get less confusing since it isn't possible for them to get more confusing" early this week. We were really in for a jolt.

Up until this week we had misplaced just about everything in the office in the way of smaller objects, but had never misplaced anything as large as a desk.

One morning after enlisting some assistance from the other half of the Floyd family, the writer and Laurie Cooper transferred a large desk from the outer office of Plains Publishers into the Friona Star office.

This was done in order to make working space for two persons for a few days. Much to our surprise on arriving at the office the following morning, there was a large bare space where the desk had been.

Never before had it been necessary for us to hunt a desk in order to be able to start to work.

Our most sincere expression of appreciation goes to everyone who called to say, in effect, "We're going to miss you when you're gone."

This brings a memory of a few years ago. A notice had been mailed to a subscriber who had not renewed his subscription to the Star. These notices have a comical "we're going to miss you" theme. This particular subscriber returned the notice with a notation scrawled on it

reading: "I'm going to miss you, too!"

Those six words just about express our sentiments, too. So many of you have been so cooperative in so many ways that to enumerate even a small portion of them would be just about impossible.

To anyone who doesn't understand just what is going on we make the following explanation. After more than four years of being society editor and "general flunkie" in the Friona Star office, we're joining forces with Plains Publishers--our next door neighbor for the past two years.

In And Around Friona will be the only regular contribution we will make to the Friona Star, but assisting Dave McReynolds during the past 2 1/2 years has been a pleasure and it has become such a habit that the thought "I must remember to tell Dave" will be first every time we learn of a new development in And Around Friona.

Recently returned from a tour of 12 states are Mr. and Mrs. D. P. Mann and Mr. and Mrs. Sam Rule and Patsy. The group visited friends in Pagan, Okla., and Pinkneyville, Ill. Other states visited include Texas, Arkansas, Missouri, Indiana, Michigan, Wisconsin, Minnesota, Iowa, Nebraska, and Kansas.

## Hospital Notes

Patients admitted to Parmer County Community Hospital week of June 6, 1960 to June 13, 1960.

Mrs. Ross Ayers, Friona, Medical; Ouida S. Jones, Friona, Medical; Josie L. Smith, Friona, Surgery; Beulah Whaley, Friona, Medical; Jane Gaskins, Friona, Accident; Mrs. H. N. Turner, Bovina, O. B.; Matt George Jesko, Hereford, Medical; Jay Beene, Friona, Surgery;

Mrs. Freeman Blaylock, Friona, Medical; Roy D. Beardain, Friona, Medical; Clarence Ray Monroe, Friona, Medical; Ida Florence Merrill, Friona, Medical; Ardith Dale Rolan, Friona, Medical; Vera C. Balnum, Friona, Surgery; Edna Estes, Bovina, Medical; Mrs. Ronald Smiley, Friona, O. B.; Sarah Ann Miller, Friona, Medical; Betty Lou Cunningham, Friona, Medical.

Patients dismissed from Parmer County Community Hospital week of June 6, 1960 to June 13, 1960:

Lawrence W. Williams, Ouida S. Jones, Eunice Margaret Adkins, T. J. Priddy, Beulah Whaley, Jane Gaskins, Roy D.

Beardain, Matt Jesko, Mrs. H. N. Turner and daughter, Josie L. Smith, Ardith Dale Rolan, Leona Ethel Wolfe, Mrs. Ross Ayers, Clarence Ray Monroe, Vera C. Balnum.

Spending the weekend with Mr. and Mrs. M. C. Osborn was Miss Kay Behymer of Dallas. She and Mrs. Osborn were roommates at Texas Women's University at Denton.

### FRIONA

WITH JUNE

In spite of soaring temperatures, harvest crews continue to run combines and haul grain, construction workers keep building new homes and places of business in Friona and the youngsters keep swimming and playing ball.

Needless to say, the mothers keep busy keeping up with extra activities that go with what their husbands and children are doing. The newest group of organized mothers working together for the good of the community is the Little League Mothers.

Hardly think this is a formally organized group, but much work is being done by a large number

of women. Sandwiches and cold drinks are being served at the newly constructed Little League Park each evening. Proceeds from this project will go to pay for rest rooms.

The way the story got to this desk was that construction would begin immediately and payment would be made as funds were available.

The Little League Park is a fine example of what a community can do when a number of interested persons cooperate on a given project. It is, indeed, a credit to the town and community.

Think most farmers are pleased with wheat yields. The

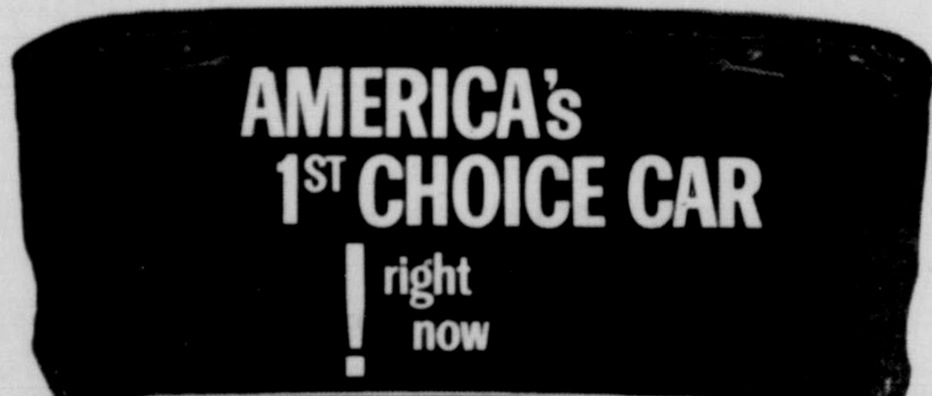

number of trucks on the road increases day by day. A very beautiful sight just as the sun was coming up Wednesday morning was a string of combines and trucks at the end of a field out west of town.

Elvie and Virginia Jennings have started construction on their new home. It is being built just west of Hayden and Mary Lou Cason's home in the north-west part of town.

So much street work and foundation work is being done in various parts of town that some vacant lots remind onlookers of a prairie dog town. Foundation digging crews have been at work on location of the new business building being built by Robert Schueler just east of Piggly Wiggly.

New streets are being opened up in the vicinity of the hospital and plans are being made for two or three new homes in the near future.

## Two Boys Attend SA Summer Camp

Joe Aleman and John Pipes of Friona are attending this week's session of the Salvation Army's annual summer camping program at summer headquarters near Fort Worth.

The youngsters were taken to the camp last Sunday, by Ben Moorman and will return this Sunday.

Two boys are sent each year to the camp as part of the local chapter's community service program.

It takes a wise man to discover a wise man. --Diogenes

## News From RHEA

MRS. FRANKLIN BAUER

**HERBERT SCHUELERS PARENTS OF SON**  
Mr. and Mrs. Herbert Schueler are parents of a son Glenn Louis, born June 16 at Parmer County Community Hospital. He weighed 8 pounds, 12 ounces. He is the couple's first child.

Grandparents are Mr. and Mrs. Herman Schueler of Rhea community and Mr. and Mrs. J. Stehr of Dimmitt.

**TWO YOUNGSTERS CELEBRATE BIRTHDAYS**  
Donna Garber, daughter of Mr. and Mrs. Eldon Garber, celebrated her eighth birthday Monday with a party given in her honor by her mother.

The group played games after which birthday cake was served.

Present were Shirley Lynn Smith, Darlene, Dory, and Dianne Schueler, Carlene Schlenker, and Sheryl and Sylvia Deyke.

**COTTON MEETING SET JUNE 23**  
Plan to attend the cotton meeting which will be Thursday, June 23, 2:30 p. m. at Parish Hall.

Joe Jones, county agent, will discuss insect control, cotton diseases, make trip counts, and discuss cotton production in general.

Wheat harvest is well on the way in the Rhea community. Wheat cut so far is turning out very good.

Mr. and Mrs. Durrenberger of Giddings, Texas, were recent visitors in the Chris Drager home. Mr. Durrenberger is a brother of Mrs. Drager.

Mr. and Mrs. Edward Bellew and family of Tennessee are visiting in the Jack Patterson home. Mrs. Bellew is Jack's sister.

Kathy and Shirley Schueler have been staying in Clovis

with Mr. and Mrs. Norbert Schueler the past week.

Dale Schueler returned home from the hospital Friday.

Mrs. Herbert Schueler and new son, Glenn Louis, returned home Monday. Mrs. J. Stehr of Dimmitt is visiting in the Herbert Schueler home while helping with her first grandchild.

Dwayne and Rhonda Bauer visited in the LeeRoy Bauer home in Canyon and also with their grandparents in Happy the past week.

About 37 dogs were vaccinated at the clinic at the Schlenker elevator Wednesday by Dr. Russel.

Vickie Schueler is walking again after having had a sprained ankle. She was with her daddy when several sacks of grain fell on her foot.

Mrs. Jarecki and children visited in the Jack Patterson home Sunday.

Mr. and Mrs. Gilbert Schueler and children visited in the Herman Schueler home Sunday.

Miss Lillian Schueler has been visiting in the Herman Schueler home the past week.

Mr. and Mrs. Woolever of Sudan visited several days in the Walter Schueler home.

**WASHINGTON Snapshots**  
The sizzling controversy over legislation to provide hospital, nursing home and surgical care for the elderly has become the number one issue before Congress—and the repercussions can have far-reaching effects.

Just what Congress finally agrees on is certain to be the subject of lively debate through the 1960 political campaigns.

Proposals range all through the spectrum of federal aid, either direct or through the Social Security program. And this despite the fact that since 1956 the Social Security trust fund has paid out each year more than it has taken in, or that private insurance plans now cover over 40% of those over 65, with the percentage expected to increase rapidly in the next few years.

Even the most conservative federal medical care plan reported to the House would be expected to be increased by the Senate or by future Congresses.

**DO YOU MEASURE UP?**  
Each of us may well begin taking his own measurement to determine whether he is advancing toward "the measure of the stature of the fullness of Christ," by asking himself the following questions:

Am I big enough to forgive and forget?  
Am I big enough not to be offended?  
Am I big enough to "keep on" when others faint or when others receive the glory?  
Am I big enough to be faithful to my responsibility?  
Am I big enough to speak well of my fellow workers?  
Am I big enough to love all men for Christ's Sake?

"It's the same old story—horses, women and drink."

A woman waiting at the door ready to go to the store had her arms full of coats and four little children at her side. Her husband, coming down the

stairs, asked why she was standing there. She replied, handing him the coats, "This time you put the children's coats on and I'll go honk the horn."

The crack in the Liberty Bell occurred while the bell was tolling for the funeral of Chief Justice John Marshall in 1835.

### How Many Bushels To The Acre?

How Many Bushels to the Acre?

That's an important question to you right now, with your grain awaiting harvest.

But suppose fire destroys your grain before you can harvest it--while it is still in the field? Then the answer will be 0 bushels to the acre.

The time to make certain that fire will not take your crop from you is now. For a small premium you can protect yourself against loss from fire and lightning.

Don't wait until sparks from the exhaust pipe of a tractor have started a fire fanning through your fields. Combines, pickups, trucks, automobiles, are all sources of sparks which can cost you your crop. After a cigarette or match thrown by a careless traveller or worker has set fire to your grain, it is too late to ask for insurance.

**You Can Cover Your Crop For 30 Days With \$10,000 Coverage For Only \$33.25**

THESE EARLY BIRDS MAY GET WET!--waiting for the bus to run to Muleshoe for their swimming lesson Wednesday morning we found this group of early birds all set to go, they are left to right, Tommy Barker, John Baxter, Byron Grant, Mike Smith, Glenn Goggins, Johnny Barker and Linda Smith.

## Monday Night's Games Week's Top Thrillers

Monday night's games proved the big excitement at the Friona Baseball park when McCaslin and Reeve plus Brookfield and Hub tied into each other.

In the first game of that night Reeve topped McCaslin by a score of 15 to 12 with Jim Grimsley picking up the winning pitcher honors.

Danny Nettles started the game and was relieved in the fourth by Grimsley.

Grimsley picked off four batters with strikeouts, allowed two bases on balls and three hits.

McCaslin got no strikeouts, four bases on balls and allowed four hits.

In the second game of the evening Tom Graves of Brookfield pitched a two hit ball game but ironically was beat out by a score of 5 to 4 by Hub.

Ted Renner was the winning pitcher and allowed five strikeouts, four bases on balls and six hits. Graves got eight strikeouts, one base on balls, hit two batters and allowed two hits.

Hub ended the thriller with a double play cutting off the winning runs when Lonnie Ellis made a catch of Tim Herring's

hard drive to right field, batted the ball to first cutting off the runner and ending the game.

Results of other games this week include:

THURSDAY NIGHT  
Brookfield 8 vs Reeve 3;  
Graves winning pitcher.

Friona Motors 6 vs Benger Air Park 2; Johnny Barker winning pitcher. In no hitter.

FRIDAY NIGHT  
Associated Growers 33 vs

Star Hurst 1; Dennis Howell winning pitcher; Duane Reed hit homer in third with bases loaded.

Hub 20 vs Friona State Bank 6; Ted Renner winning pitcher.

TUESDAY NIGHT  
Associated Growers 13 vs Friona State Bank 6; Dennis Howell winning pitcher.

Ethridge Spring 8 vs Rockwell Bros. 3; Jim Schlenker winning pitcher.

Associated Growers 33 vs

## SPORTS AFIELD

By Ted Kesting

A state law protects the poisonous Gila monster in Arizona. —Sports Afield.

Boaters should carry several toy balloons in their tool kits. When running into hidden rocks or sunken debris, inflate a balloon and anchor it for a buoy. This will mark a trouble spot for you and other boaters. Sports Afield.

Generally speaking, the Sussex is the only spaniel to give tongue upon finding game scent. —Sports Afield.

## Friona Lions Slate Officer Installation

Members of the Friona Lions Club will meet Thursday night at 8 p. m. in the Friona clubhouse to have their annual officer installation ceremony.

All Lions are urged to attend.

In a corner of his log cabin, the mountaineer struggled with a pencil and a piece of paper. Suddenly he looked up and explained, "Doggone if I ain't learned to write."

His wife walked over and peered at the lines scribbled on the paper. She asked, "What do it say, Ezra?" "I don't know," he answered. "I ain't learned to read yet."

Strive for the approval of your companions but do not be too easily moved by ridicule. When you know what you ought to do, permit not the laughter of others to deter you. —Fredrick Starr

IF THE WEATHER DOESN'T FIT---WAIT A WHILE! This old saying reminded us of the picture we took of David Moseley back in December when the snow was about two foot deep in town and the mercury hiding at about 12 degrees. Quite a contrast to the picture on right when we found Dave cutting his hedge Tuesday afternoon when the mercury was hovering at about 102 degrees.

### Births

The following births were recorded with Justice of Peace Theima Jones by Parmer County Community Hospital during week ending June 21:

Girl, born to Mr. and Mrs. Robert Barrett of Hereford at 11:20 p. m. June 2 weighing 6 lb. 2 1/4 oz.

Boy, born to Mr. and Mrs. Foster, A. Walker of Friona at 8:05 a. m. June weighing 10 lb. 7 oz.

Girl, born to Mr. and Mrs. H. N. Turner of Bovina at 2:15 p. m. June 8 weighing 7 lb. 9 1/2 oz.

Girl, born to Mr. and Mrs. Ronald Smiley of Friona at 4:50 p. m. June 11 weighing 9 lb. 10 1/2 oz.

Girl, born to Mr. and Mrs. Ola Dewayne Estep of Friona at 12:29 p. m. June 13 weighing 8 lb. 7 oz.

### Sartain Awarded Scholarship

Robert Lee Sartain, Friona, has been awarded a Music Scholarship for 1960-61 at Wayland Baptist College, according to an announcement by Donnie J. Adams, director of the International Choir.

One of 43 students receiving awards based on outstanding musical talent, Sartain is a member of the International Choir. Son of the Rev. and Mrs. L. A. Sartain, formerly of Friona, he is a 1957 graduate of Sundown High School.

As a member of the choir he took part in the productions "Elijah," "Messiah" and "God's Trombones" this past year at Wayland. Sartain and other Wayland musicians as individuals and groups are in constant demand to provide music for banquets, concerts, churches, radio and television programs. In the fall of 1959,

the choir toured a four state area for 10 days.

Seeking the BS degree in mathematics, Sartain served as program chairman of the Science Club at Wayland for the coming year. With other choir members he will report to Wayland a week before fall registration, beginning on September 12, to rehearse for convocation, the choir's first scheduled appearance of the 1960-61 season. Joining the music faculty at that time will be Kenneth Hartley, Tallahassee, Fla. Currently completing requirements for his doctorate, Hartley will serve as assistant professor of music and head of department of fine arts. Coming as director of the International Choir will be James D. Cram, Claremore, Okla. Mr. Cram, composer and musician, replaces Mr. Adams, who has resigned to do doctoral work.

The pure, the beautiful...the impulse to a wordless prayer...these things can never die--Doudney

### My Neighbors

"Now pound them softly--your daddy wants to nap."

Mrs. Ed Bagot of Amarillo, spent Friday in the home of Mr. and Mrs. Frank A. Spring. Her son, Edward, had been visiting in the Spring home several days and returned home with his mother. Mrs. Bagot and Mrs. Spring are sisters. Recent visitors in the home of Mr. and Mrs. Wesley Hardesty were Carl Lee Johnson of Salt Lake City, Utah, and Mrs. J. T. Robertson and daughter, Jane Sue of Fort Worth.

## Girls State Invaluable Says Local Delegate

BY JUDY FESSER  
(Editor's Note: Following is a report written by Judy Fesser, Friona High School's delegate to the 1960 session of Bluebonnet Girls State at Austin June 8-17.)

The first thing I want to say is that you have to have attended Girls State before you can truly appreciate the many wonderful things you experience while there. I will try to share with you some of my invaluable experiences.

Seventeen of us left Amarillo on the train Tuesday, June 7. We arrived in Austin around 4 p. m. June 8. From the train station we were taken to Texas School for the Blind. Once there, we were assigned to our cities and to our political parties. At once we deposited our money at our "bank."

After dinner that night came our first assembly. This was to introduce the ones who would be working with us for the next ten days. Miss Frances Goff was our director. After this assembly we went to our cities, appointed our newspaper reporter and paid our poll tax. Filing for county and state

offices began the next day. Thursday, June 9, we studied city government in our cities. Mr. Trueman O'Quinn spoke to us on "City Government." Miss Goff explained the legislative process to us. On this day we elected our city government. I was assistant police chief. We got our different political parties under way. I had never known such enthusiasm for anything in my life. You couldn't help but feel that your party was the only party. We would have demonstrations before each assembly. This would contain marching around the auditorium yelling for our individual parties.

We organized the House of Representatives and the Senate. I happened to be in the House. Friday, June 10, we learned what officials are elected and what officials are appointed to our county governments. We learned the length of their terms in office. That day, for the first time, the House and the Senate really convened. Eight bills were brought up in the House, but none of them passed.

Saturday we drew for places on the ballots. Four girls from

my city ran for state offices-- I ran for state treasurer; one girl ran for governor (and won!), one ran for attorney general, and one ran for comptroller of public accounts. The only one of us that won was the governor. Even if the rest of us didn't win it was worth the time and the effort we put in on it, because we learned so much of what it takes to be elected to an office.

Election night (Saturday) was the highlight of our efforts. By the time the governor was announced we were all so tense that when we found out that the girl from our city and our party had won, we all started crying. We did not realize how much of us we had put into this election until it was over.

Sunday morning we attended church at Trinity Lutheran Church. Sunday night we had a Brotherhood Program with speakers from three different faiths.

Monday we visited the capitol and held our House and Senate meetings there. We ate lunch on the capitol grounds. Also, we toured the Governor's mansion. I shook hands with

Governor Price Daniel and talked with him for a few minutes. Our governor was inaugurated along with the rest of our state officials in the capitol.

Thursday, June 16, we loaded the buses for Barton Springs. During the afternoon we were graciously shown through a model civil defense air raid shelter. It was supposed to protect six people for two weeks, if necessary.

Friday, June 17, we had our last assembly of Bluebonnet Girls State for 1960. It was very sad because all of us knew this would be the last time all of us would be together at one time. We had truly learned to love and respect each other. As we were singing the Girls State song for the last time, our director, Miss Goff, said, "This sounds more like the song 'Cry Me a River' than it sounds like our Girls State song. 'We were awarded our Governor's card, our certificates, and our pins. I can truthfully say that I learned more than I believed possible. As I stated once before no one can really explain the way you feel deep down inside about things of this nature. This is one experience I shall never forget. I want to take this opportunity to thank each and every one who made this possible for me. Thank you."

### Wood, Ray Receive State FFA Degree

Ronnie Wood, son of Mr. and Mrs. Noyle Wood of Friona, and Connie Ray, son of Mr. and Mrs. John L. Ray of the Friona Exchange, received the highest FFA degree which can be presented on the state level, the degree of Lone Star Farmer.

According to J. C. Lane, Friona High School agriculture instructor, only two per cent of all FFA participants in the state ever receive this particular honor, which is awarded on the basis of the member's project program, leadership activities and overall FFA accomplishments.

The two boys will have the degree bestowed upon them during the State Convention to be held in Houston during the middle of July.

Thelma Jones during the week ending June 21:

- Bennie Taylor, no MVI sticker.
- Jackie High, speeding 70 mph in 50 mph zone.
- Bill Lee Jr., operating vehicle without mud flaps.
- Bennie Taylor, failure to appear in court.
- Robert G. Short, speeding 60 mph in 45 mph zone.
- Bobby Dean Sterling, failure to yield right of way.

Publisher Lee R. Fleming, Zion, Ill., Zion-Benton News—Regardless of how just the cause, rioting is government by mob rule. It is irresponsible and leads only to rule by force. . . . There are evils which need correcting, but an angry mob in the frenzy of a riot is worse than any evil it proposes to correct.

Editor Cornelius M. Mil-moe, Oneida, N.Y., Democratic Union—If one were to single out the worst feature of present day labor unionism, it would undoubtedly be that union leaders in their so-called "collective bargaining" have only one ambition—to obtain for their members the highest possible monetary rewards for the least possible effort.

### In The Courts

#### CORPORATION COURT

The following cases were tried before Judge Thelma Jones in Corporation Court in the City of Friona during the week ending June 21:

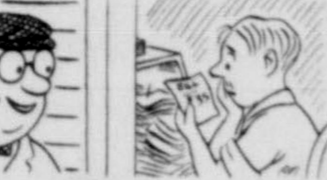

- Ricardo Chaves, resisting arrest.
- Bonifacio Renova, drunk in public place.
- Jesus Renova, drunk in public place.
- Valdana Tjirma, resisting arrest.
- Enrique Tjirma, speeding and driving in a manner to endanger life and property.

#### J.P. COURT

The following cases were tried before Justice of Peace

- Jay: "I'm looking for a beautiful girl."
- May: "Well, here I am."
- Jay: "Well, you can help me look."

### The Bible Teaches ...

that there are some things we MUST DO to be saved! Have you read of the conversion of the jailer at Phillipi? The story is told in Acts 16. He said, "Sirs, what must I do to be saved?" He expected to do something.

The teachers present gave him something to do. They said, "Believe on the Lord, Jesus, and thou shalt be saved. . . ." They taught him so he could believe. After the period of learning he was baptized. Following the things he did he "rejoiced greatly." Do you ask why? The answer is simple. He had done what he was told to do and his sins were forgiven. He was a child of God. There is no greater cause for rejoicing.

### ORDINANCE NO. 335

**AN ORDINANCE DEFINING LIVESTOCK, PEN, CORRAL, ETC.; STATING REQUIREMENTS FOR THE KEEPING OF LIVESTOCK WITHIN THE CITY LIMITS OF FRIONA, TEXAS; MAKING IT UNLAWFUL TO KEEP LIVESTOCK WITHOUT A PERMIT; FIXING FEES FOR PERMITS; PROVIDING FOR THE REVOCATION OF PERMITS; FIXING PENALTIES FOR THE VIOLATION OF THE PROVISIONS OF THIS ORDINANCE; PROVIDING FOR APPEAL IN CASE OF DENIAL OF PERMIT; PROVIDING FOR A SAVING CLAUSE; STATING THE DATE OF EFFECT OF THIS ORDINANCE AND PROVIDING FOR EMERGENCY PASSAGE.**

WHEREAS, the keeping of livestock within the corporate limits of Friona, Texas, creates certain hazards to the public health; NOW, THEREFORE, BE IT ORDAINED BY THE COMMISSIONERS OF THE CITY OF FRIONA, TEXAS:

1. The following definitions shall apply in the interpretation and the enforcement of this ordinance:

**A. LIVESTOCK**: Livestock is hereby defined as any or all of the following: Bovines, equines, swine, goats, sheep, rabbits, guinea pigs, hamsters, white rats, poultry, including turkeys, ducks, geese, guineas, chickens and peafowl; cats and dogs when kept for commercial purposes; or any other animal or fowl which may cause a health hazard within the meaning of this ordinance.

**B. PEN AND/OR CORRAL**: Pen and/or corral shall mean the enclosure in which livestock are kept.

**C. STANDINGS**: A standing is that portion of the shelter upon which the animal or animals stand.

**D. HEALTH OFFICER**: The term "Health Officer" shall mean the Director of Public Health of the City of Friona, City Physician or his duly authorized deputy or assistant.

**E. PREMISES**: Premises are defined as a parcel of land owned, leased or controlled by the person, corporation or partnership making the application for a permit and upon which livestock are kept.

**F. FLY BREEDING**: The presence of flies in the larval stage shall constitute fly breeding within the meaning of this ordinance.

**G. STOCK TRUCKS AND/OR CARS**: Stock trucks and/or cars shall include and mean vehicles of every character and kind used for the transportation of livestock.

**H. COMMERCIAL PURPOSE**: Commercial purposes are defined as the keeping of livestock for the purposes of gain.

**I. PERSON**: The word "person" as used in this ordinance shall mean person, firm, corporation or association.

**J. ESTABLISHMENT**: The word "establishment" shall mean a place of business together with its grounds and equipment.

**2. (A) PERMIT REQUIRED**: It shall be unlawful, from and after the effective date of this ordinance, for any person to keep livestock in the City of Friona without first obtaining a permit from the Health Officer of the City of Friona, and said permit shall be valid only for the location for which it was issued.

**(B) PERMIT FEES**: The permit fee to keep livestock in the City of Friona shall be as follows:

1. A person who keeps bovine or equine livestock shall pay a fee of \$5.00 per year or any fractional part thereof.

2. A person who keeps any other livestock as defined in this ordinance shall pay a fee of \$1.50 per year or any fractional part thereof.

3. Such fees shall be due and payable to the city secretary, and upon payment thereof said person shall receive a permit in writing to keep livestock in the City of Friona under the terms of this ordinance herein defined.

4. The permit fees as shown in Paragraph B, 1 and 2 of this section shall cover the period from January 1st through December 31st of each year. Renewals shall be made within a period of thirty-one days following date of expiration of the permit.

5. The fees provided for herein are made necessary and are required on account of the great additional expense to the City of Friona in the enforcement of the provisions of this health ordinance.

6. In the event the application for a permit is denied by the Health Officer, the applicant shall have the right to appeal to the City Council for a review of his case; and its decision shall be final in the matter. Such appeal shall be perfected by filing a written objection to the Health Officer's decision with the City within 10 days after the refusal of a permit.

7. The following establishments shall be exempt from the payment of fees specified in Paragraph B, 1 and 2 of this section:

a. Authorized places where the slaughter of cattle, sheep, goats, hogs, poultry or rabbits is conducted.  
 b. Stock yards and auction barns so declared and zoned at the time of passage of this ordinance, where livestock are kept for sale or trade.  
 c. Veterinary hospitals and exercise pens used in connection therewith.  
 d. Farm, institutional and/

or dairy farms.  
 e. Schools.  
 f. Circuses, stock farms, fairs, carnivals.

**(C) WHO MAY HAVE A PERMIT**: Only a person who complies with the requirements of this ordinance shall be entitled to receive and retain a permit to keep livestock.

**(D) REVOCATION OF PERMIT**: Any permit issued under the provisions of this ordinance may be suspended by the Health Officer, or revoked by the Health Officer after a public hearing of which five days written notice shall be given to the permittee, for the violation by the holder thereof of any of the provisions of this ordinance. Any person whose permit is suspended or revoked may appeal his case to the City Council upon written notice filed with the City Clerk within ten days from date of revocation or suspension of his license, and the decision of said City Council shall be final.

**(E) APPLICATION FOR A PERMIT**: Every person who is a keeper of any livestock shall make application, in writing, to the Health Officer for a permit to keep such livestock, as has been hereinbefore defined in this ordinance, and which shall contain the following information:

1. Where livestock are to be kept on premises already provided with the facilities, a properly prepared plan or sketch of the building or buildings, standings, pen and/or corrals, and the manure storage bin shall be attached to the application.

2. Properly prepared plans for all buildings, standings, pens and/or corrals, and manure storage bins which are hereafter constructed, reconstructed or extensively altered shall be submitted to the Health Officer for approval before work is begun.

3. There shall be provided also the following information:

a. A statement of the purpose in keeping such livestock.

b. A statement of the kind and number of livestock to be kept at said location.

c. The exact location of the site upon which livestock are to be kept, including the City lot and block numbers.

3. (A) **STANDING**: Standing shall be constructed of concrete or other equally impervious material that can be easily cleaned where bovine, equine, swine, goats, or sheep livestock are kept, or where any other livestock within the meaning of this ordinance are kept for commercial purposes.

**(B) MANURE AND ANIMAL WASTES**: All manure and/or other animal wastes from live-

stock shall be removed from pens, corrals or standings at least once each day. This material shall be deposited in a manure storage bin of concrete or metal construction and shall be provided with a fly-tight lid. Said manure and/or other animal waste shall be removed from this bin at least once each week to a disposal site approved by the Health Officer.

**(C) BREEDING AND HARBORING OF FLIES**: To permit or allow fly breeding on premises on which livestock are kept shall be unlawful, and shall authorize the denial, suspension or revocation of a permit by the Health Officer.

4. (A) Hogs may be kept within the city limits of the City of Friona only for the following purposes: Exhibition at stock shows, fairs, circuses, carnivals and/or are the property of a vocational school, slaughtering establishment or are being offered for sale at the stock yards or auction barn adjacent thereto.

**(B) Manure and/or other animal wastes** from animals held at stock shows, fairs, circuses and carnivals, shall be removed daily to a place approved by the Health Officer.

A cash bond of \$200.00 shall be posted by the owners or manager of stock shows, fairs, circuses and carnivals, with the Health Officer to guarantee the removal of all animal wastes and compliance with this ordinance.

**(C) Stock trucks and/or cars** which have been used for the transportation of livestock, if parked in any area within the city limits of Friona, Texas, other than the stock yards, shall have all animal waste removed and the vehicle thoroughly cleaned.

5. All fees payable under this ordinance, for whatever purpose required, shall be paid to the Deputy City License and Dues Collector in the Health Department of the City of Friona, Texas.

6. Any person who violates and provision of this ordinance shall be guilty of a misdemeanor and shall, upon conviction, be fined not more than \$200.00 nor less than \$5.00. Each and every violation of the provisions of this ordinance shall constitute a separate offense and each and every day such violation is continued shall constitute a separate offense.

7. All laws and ordinances of the City of Friona, and all parts of laws and ordinances of said city which are in conflict with the provisions of this ordinance are hereby repealed.

8. If any clause or section, sentence or phrase of this ordinance is for any reason held

**FOR SALE** -- Ferguson 30 (same size as Ford Jubilee). 52 model. Good condition. Phone Hub 2441. 36-3tp

to be invalid or unconstitutional by the courts, such decision or decisions shall not affect the validity or constitutionality of the remaining portions of this ordinance; and the City Council of the City of Friona, Texas, hereby declare that they would have passed this ordinance and such section, sentence, clause or phrase thereof irrespective of the fact that any one or more of the other sections, sentences, clauses or phrases be declared invalid or unconstitutional.

9. The fact that the City of Friona, Texas, does not have an adequate ordinance covering the keeping of livestock within the corporate limits of the City of Friona, Texas, creates an emergency of urgent importance to the public generally with reference to peace, health and safety of the City of Friona, Texas, and the inhabitants thereof, that the rule requiring ordinances to be read on three separate readings be dispensed of and that this ordinance become in full force and effect from and after its passage by a four-fifths vote of the City Council and signature of the Mayor, as made and provided by law.

PASSED AND APPROVED on first reading, this 6th day of June, A. D. 1960.

(Continued from page 1)  
Texas and on the way back we almost had a heart attack in Fort Worth.  
We were driving home to Friona Sunday afternoon and to be honest had been trying to drive a wee bit faster than the speed limit on one of those big four-lane roads leading into Fort Worth.

As we topped a big hill leading into downtown Cowtown we heard the shrill scream of a siren right in our left ear...glancing into the outside mirror all we saw was a red light and the front of a white Ford auto.  
"What the \*!%, XX" we growled to ourselves, pulling over to the side of the road and climbing out of the car.  
Then I looked back to see what officer of the law was checking up on us and there was Ben Moorman.

Yep, big as life, Ben sat in his car and was purple from laughing--

"I sure wished I had a camera," he told us as we threatened his body and soul.  
"You sure dal look funny when you looked in that mirror," he said.

Well, honestly, our looks were nothing at all compared to what we were thinking at the time...for the weather was hot, the young'uns were squalling and we were all ready for chow.

But--we sure never expected to find Ben off down in that country.

As it turned out he was taking two boys to the Salvation Army camp for a week so you never know where you are going to pick up a news story about

**NOTICE OF PUBLIC HEARING**

Notice is hereby given all property owners within the City limits of the City of Friona, Texas, and to all other interested persons as provided by law and Section 24 of Ordinance No. 118 of the City of Friona, Texas, that the City Council of the City of Friona, Texas, will hold a public hearing on the 8th day of June, 1960 at 7:30 p. m. in the City Hall in Friona, Texas to consider amending zoning Ordinance No. 118, presented to the City Council by and approved by the Planning and Zoning Commission of the City of Friona, Texas, and said proposed amendment proposes that all of Lots 10, 11, 12, 13, and 14, in Block 3, Lakeside Addition to the City of Friona, Parmer County, Texas, be changed from an "A" to a "B" Zone, and that this notice is particularly to all owners of the property described above and to all owners of property within 200 feet of said property in all directions and that all property owners in the City of Friona, and all interested persons will be given an opportunity to be heard.

## Nancy Outland, Jon Mack Roden Exchange Vows Here Saturday

Miss Nancy Outland, daughter of Mr. and Mrs. Henry L. Outland, became the bride of Jon Mack Roden, son of Mr. and Mrs. Ralph Roden, Saturday at 6:30 p. m. at Friona Methodist Church.

Rev. Hugh F. Blaylock of Dimmitt performed the ceremony. Arched candelabra decorated with woodwardia and flanked by spiral candelabra decorated with palms and bouquets of pink glads and roses formed the setting. Pink candles adorned the prayer rail and a kneeling bench was decorated with plumosis.

Organist was Dorothy Hough and Pat Foster was pianist. Vocalists were Mrs. Eldon Wetsel of Portales, N. M., who sang "Because" and "With This Ring I Thee Wed," and Gerald Daniel who sang "I Love You Truly" and "The Lord's Prayer."

Honor attendants were Mrs. Don Reeve of Amarillo and J. W. Baxter. Bridesmaids were Jacquelyn Magness, Mrs. Leon Massey, Miss Lonita Streeter of Canadian, Mrs. Weldon Fairchild of Canyon, and Pam Roden.

Attending the bridesgroom were Steve Slagle of Hereford, Leon Massey, Weldon Fairchild of Canyon, Valton Howard, and Hank Outland.

Candles were lighted by Lorna Outland of San Antonio and Mrs. Wetsel. Ushers were Jack Fulgham, Larry Fairchild, and Wayne Rhodes. Jim Bob and Joe Bill Jones were ringbearers and Melissa Pruitt was flower girl.

The bride, given in marriage by her father, wore a full length gown of Chantilly lace and tulle over taffeta. The fitted bodice featured long sleeves and a high neck fastened with an heirloom pin belonging to the bridegroom's grandmother. The net overskirt swept back into a chapel-length train. Her veil of illusion was attached to a crown of pearlized orange blossoms and she carried a bouquet of hanging roses and lily of the valley.

Her pin was old, her veil was new, her gown was

MRS. JON MACK RODEN

borrowed from her matron of honor, she wore a blue garter and penny minted in the year of her birth was in her shoe to carry out wedding tradition.

Wedding and reception guests were registered by Lanita Renner of Amarillo. House party members at a reception at the church included Mesdames Larry Fairchild, Phillip Weatherly, Owen Houston, Jerry London, J. W. Baxter, Dalton Caffey, Olaf Rankin, James Boyle, Dorothy Hough, and Miss Sally Hough.

For a wedding trip to points

of interest in Colorado Mrs. Roden changed to an all-over pink cotton lace sheath dress with matching accessories and corsage.

The newlyweds will be at home in Friona until fall when they will move to Weatherford, Okla., where the bridegroom is a pharmacy student at Southwestern State College. Both Mr. and Mrs. Roden are graduates of Friona High School. Mrs. Roden is also a graduate of Amarillo Business College.

## Of Interest To THE WOMEN

THURSDAY, JUNE 23, 1960

THE FRIONA STAR

SECTION II

### Dolores Hodges To Wed Ardith Rolen

Mr. and Mrs. L. G. Hodges of Denver City have announced the engagement and approaching marriage of their daughter, Dolores, to Ardith Rolen, son of Mr. and Mrs. Albert Rolan of Friona.

An August wedding in the Church of Christ at Denver City is planned by the couple. Formal invitations are not being mailed; friends of the couple are invited.

Miss Hodges, a 1959 graduate of Denver City High School, attended Lubbock Christian College during the past school term.

Rolen, a 1957 graduate of Friona High School, has attended Texas Technological College at Lubbock the past three years.

### Classmates Have Informal Party

Phyllis Hinds Blake was hostess at an informal get-together for several members of her high school class last Thursday afternoon.

The afternoon was spent in visiting and taking pictures. Cold drinks and cookies were served to Doris McFarland Barnett, Gladys Baxter Young and Jan and Karen, Maldean Stowers Houston and Debbie, Patsy Anthony, Eva Woolbright of Hereford, Margaret Rhodes Coker, Phyllis Treider, Loretta O'Brian Hand and Phillip, Juanita Fuks Reeve and Glenda, Betty Duke Cunningham and Kathy and Delene Massey Varner and Debbie.

### Hadley Family Has Reunion

Five generations were present at a reunion of the F. H. Hadley family at Hub Community Center Sunday.

Mr. Hadley will be 92 years old in October and 54 members of his family were present for a father's day celebration.

They included Mr. and Mrs. L. D. Cannon and Mr. and Mrs. Marvin Gaddy of Muleshoe, William Hadley and Richard Hadley of Stinnett, Mr. and Mrs. R. H. Hadley and Mrs. Janie Woodard of Amarillo, Sandra Paxton of Phillips, Billy Ray Hadley of Texhoma, Mrs. Windle Sikes of Bovina and Jerry and Sharon Hanson of Athens.

Also representing the Friona assembly at the state-wide meeting will be Miss Carol Coffey.

Attending the party were Adabeth Akens, Pam Roden, Sharon Reeve, Linda Crow, Wanda Ready, Jimette McLean, Brenda Collier, Betty Drake, Carol Coffey, Kay Coffey, Merylene Massie, Marca Lynn Massie, Joy Ingram, and Cynthia Guinn.

MISS DELORES HODGES

### Two Bridal Courtesies Given Mrs. Tom Mason

Friends honored Mrs. Tom Mason with two parties recently. The former Miss Barbara O'Brian was surprised with a lingerie shower in the home of Mrs. Rex Blackburn June 6 and given a shower of wedding gifts last Friday at the club house.

Attending and sending gifts to the former affair were Mesdames Billy Nazworth, Pat Callahan, T. A. O'Brian, Claude Edelman, Charles Rickerd, Kenneth O'Brian, E. L. Fairchild; Also Mesdames Larry Fairchild, Tom O'Brian, Burke Hand, Ernest England, and Misses Billie Rae McKee and Peggy Taylor.

A color scheme of pink and white was followed at the latter party. Guests were served cake and punch.

Hostesses were Mesdames Joe Douglas, Glenn Floyd, Eric Rushing, Ennis Cummings, Doyle Cummings, J. R. Bartlett, Gene Ellis, Pat Callahan, Charles Rickerd, Claude Edelman, Kenneth Watkins, and Carl Fairchild.

Attending and sending gifts were Mesdames Rex Blackburn, E. L. Fairchild, Burke Hand, Nelson Welch, Russel O'Brian, Kenneth O'Brian, Eddie Eustace, Bill Sheehan, James Pope,

Doc Savage, G. B. Buske, L. R. Hand, Fred Dennis, H. G. White, Dan Ethridge, El Roy Wilson, Howard Mayfield, Keith Blackburn;

Also Mesdames Johnnie Parker, Weldon Fairchild, Sam Jones, Larry Fairchild, George Jones, L. B. McClain, Bill Turner, M. B. Buchanan, Bill Buchanan, O. F. Lange, T. A. O'Brian, Otis Neel, R. B. McKee, J. B. Buske, Wesley Cunningham, Frank Spring, Jerry Houlette, John Bengler, Lloyd Battey, Claude Blackburn, Raymond Euler, Rene Snead, Allen Stewart, Coy Patton;

Also Mesdames Wright Williams, Philip Weatherly, Sam Williams, Tommie Parker, M. S. Weir, Ralph Wilson, Clyde Fields, John S. Thompson, M. B. McKinley, Leonard Gonsler, Jimmy Hughes, Johnny Wilson, Robert Mason, J. B. Ray, W. C. Maxey, Lexie Branscum, and Tom O'Brian;

Also Misses Lola Goodwine, Claire Savage, Mary Tom Spring, Jane Fulgham, Denise Bender, Peggy Taylor, Billie Rae McKee, Levada Hand, Lila Buske, Karen and Linda O'Brian, Janet Snead, Virginia Patton, and Donna Fields.

## Doris Skeen Becomes Bride of Marvin Welsh

First Baptist Church in Friona was scene of the June 11 wedding of Miss Doris Skeen of Friona and Marvin Welsh of Melrose, N. M.

Parents of the couple are Mr. and Mrs. Floyd Skeen and Mr. and Mrs. W. A. Welsh all of Melrose.

M. B. McKinley, minister of Sixth Street Church of Christ, officiated at the double ring ceremony before an arrangement of palms flanked by candelabra holding white tapers. Baskets of pink gladioli and pink pew markers accented decorations in the church.

Traditional wedding music was played on the organ by Becky Coffey, niece of the bride, Miss Carol Coffey, also a niece of the bride, sang "One Alone" and "The Lord's Prayer" accompanied by Miss Linda Castleberry.

Mrs. Ralph Reed, sister of the bride was matron of honor. She and the bridesmaids,

Misses Carol and Kay Coffey, nieces of the bride, wore aqua street length dresses designed with scoop necklines, fitted midriffs, and full skirts. They carried long stemmed pink carnations.

Monty Welsh of Melrose was his brother's best man and groomsmen were Dickie Smith of Portales, brother-in-law of the bridegroom, and Ralph Reed, brother-in-law of the bride. Ushers were Archie Skeen of Clovis and Leonard Coffey, brother and brother-in-law of the bride.

Given in marriage by her father, the bride was attired in white tulle. The long-waisted bodice, fashioned with long sleeves ending in points at the wrist and a Queen Anne collar, topped the bouffant skirt. Satin ribbon above a gathered flounce on the skirt and tiny satin covered buttons on the bodice accented the wedding dress. A crown of seed pearls held her shoulder-length veil of illusion and she carried a bouquet of pink roses on a white Bible.

To carry out wedding tradition she wore a crystal and pearl necklace belonging to the bridegroom's mother, her new dress, a handkerchief borrowed from her mother, and a blue garter given her by Becky Coffey.

Mrs. Skeen chose a pink linen two piece dress accessorized with white for her daughter's wedding. Mrs. Welsh wore beige linen with pink accessories. Both wore pink carnation corsages.

Aqua under white net covered the serving table at a reception in the church parlor. Pink and white carnations in a pink milk glass bowl formed the centerpiece. Pink candles and a crystal punch bowl completed the table setting. Mrs. Dickie Smith of Portales and Mrs. Clarence Thompson of Midland, sisters-in-law of the bridegroom, served, and Miss Owassa Skeen of Clovis, niece of the bride, registered guests.

Both Mr. and Mrs. Welsh were graduated from Melrose High School. Mrs. Welsh has been employed in Friona for the past two years and her husband is a student at Eastern New Mexico University in Portales where they will make their home.

### Fidelis Class Honors Mary Dorcas Group

Fidelis Sunday School of First Baptist Church honored members of Mary Dorcas class at a tea in the home of Mrs. Jimmy Castleberry last Thursday. She was assisted by Mrs. Jimmy Maynard.

Mrs. Dan Ethridge gave a devotion from the book "Mr. Jones Meet the Master" by Catherine Marshall.

Refreshments were served from a table covered with a crocheted cloth over yellow. The color motif was carried out in the white cake decorated with yellow rosebuds and lemonade served from a crystal punch bowl.

Guests from Mary Dorcas Class were Mesdames J. H. Wise, Sallie McFarland, W. M. White, Florence Buske, Otis Massey, Rosa Anderson, Sarah Vernon, George Baker and Julia Lloyd.

Members of the hostess group Mesdames Dale Williams, Richard Adkins, Philip Weatherly, Clarence Monroe and Alan, Clyde Tims, Claude Osborn, M. C. Osborn, Maynard and Castleberry.

Other guests were Mrs. Ethridge, Mrs. Ernest Hock of Stanton, and Miss Kaye Behmyer of Dallas.

### Burke Hands Parents Of Son

Mr. and Mrs. Burke Hand are parents of a son born Friday at Plains Memorial Hospital, Dimmitt. He weighed 6 pounds and 4 ounces and has been named Danny Lynn.

Grandparents are Mr. and Mrs. L. R. Hand and Mr. and Mrs. Kenneth O'Brian. Great grandparents are Mr. and Mrs. E. B. Brannon, Mrs. T. A. O'Brian Sr., Mrs. Pearl Hand, all of Friona, and Mr. and Mrs. Clifford Hogue of Mt. Vernon, Ark.

Overnight guests in the Jimmy Maynard home last Thursday were Mr. and Mrs. Ernest Hock.

### Mrs. Ethel Chitwood Hosts OES Luncheon

Highlighting regular meeting of the Hereford OES Past Matrons' Club meeting in the home of Mrs. Ethel Chitwood Monday of last week was a covered dish luncheon.

A social hour followed a brief business session during which new officers were elected. Games and contests were conducted by different members of the organization.

Assisting Mrs. Chitwood with hospitalities were Mesdames Florence Guinn, Pearl Kinsley and Bessie Boggess. These three ladies are all former past matrons of the Hereford chapter.

Others attending were Ethel Curry, Vivian Major, Mary Baird, Emma Beyer, Louella Ferguson, Myrtle Witherspoon, Florence Fluitt, Pearl Gass, Cora Thompson and Johnnie

Sanders; Also Nell Culpepper, Virginia Patton, Gladys Majot, Belle Hromas, Audrey Thompson, Grace Thomas and Juanita Hershey.

### Friona HD Club Sees Arctic Film

Friona Home Demonstration Club entertained Northside Home Demonstration Club Monday night.

Following the showing of a documentary film, "Arctic Adventure," from Radio Station KGNC in Amarillo, home made ice cream and cake were served.

Robert Crozier of the Soil Conservation Service showed the film to approximately 40 persons.

### Rainbow Girls Honor Grand Representative

Friona Rainbow Assembly honored Miss Virginia Patton at a Coke party last Thursday afternoon. Miss Patton has served as Grand Representative from Michigan to Texas for the past year and will leave Sunday to attend Grand Assembly in Corpus Christi.

Also representing the Friona assembly at the state-wide meeting will be Miss Carol Coffey.

Attending the party were Adabeth Akens, Pam Roden, Sharon Reeve, Linda Crow, Wanda Ready, Jimette McLean, Brenda Collier, Betty Drake, Carol Coffey, Kay Coffey, Merylene Massie, Marca Lynn Massie, Joy Ingram, and Cynthia Guinn.

COME AND GET IT!—Mr. and Mrs. Frank Spring, left, and Mr. and Mrs. Charles Allen officiated at a backyard supper for employees of Friona State Bank last Thursday night.

Guests of the two couples were served in the backyard of the Spring home.

### Employees Have Supper

Hosts at a supper for Friona State Bank employees Thursday night were Mr. and Mrs. Frank A. Spring and Mr. and Mrs. Charles Allen. Backyard of the Spring home was scene of the annual party.

Attending were Mr. and Mrs. Wright Williams, Mrs. Eddie Mell and Jill, Lola Goodwine, Clyde Goodwine, Mrs. Jack Nelson, Mr. and Mrs. Jack Moseley, Mr. and Mrs. Charles Hough, Peggy Taylor, Jane Fulgham, Jerry Hinkle, Frank Lewis Spring, and Mr. and Mrs. Bill Nichols and children.

Visiting this week with the Carl Maurers are their daughter and children, Mrs. Robert Cleveland and Melanie and Chris of Anamosa, Iowa. They will visit during the middle of the week with Mrs. Cleveland's brother-in-law and sister, Mr. and Mrs. Henry Donnelly and family at Artesia, N. M. The two families will return here Friday for a visit with their brother, Gaylord Maurer who is due from Caracas, Venezuela, Friday night.

Mr. and Mrs. John Inman of Muleshoe announce the engagement and approaching marriage of their daughter, Priscilla Ann, to Gary Ray Hicks, son of Mr. and Mrs. Edward Hicks of Friona. The wedding will be Aug. 20 at 8 p. m. in First Baptist Church at Muleshoe with Rev. E. K. Shepherd performing the ceremony. Both Miss Inman and Hicks are graduates of Muleshoe High School.

# THE HIGH PLAINS FARM AND HOME

---

---

## White Unto The Harvest

Oh, mighty Plains!  
In summer's midst I see your great wealth  
unfolding from horizon to horizon.

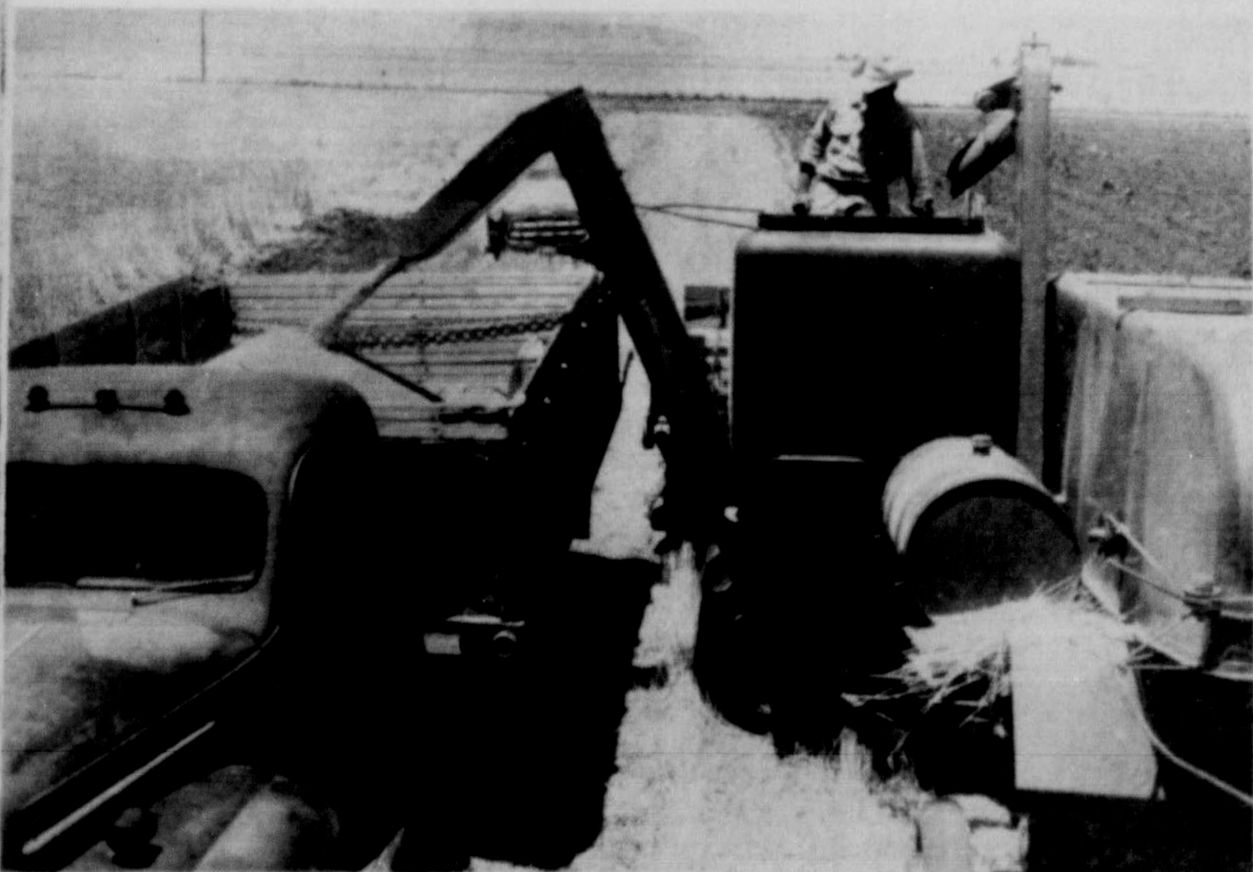

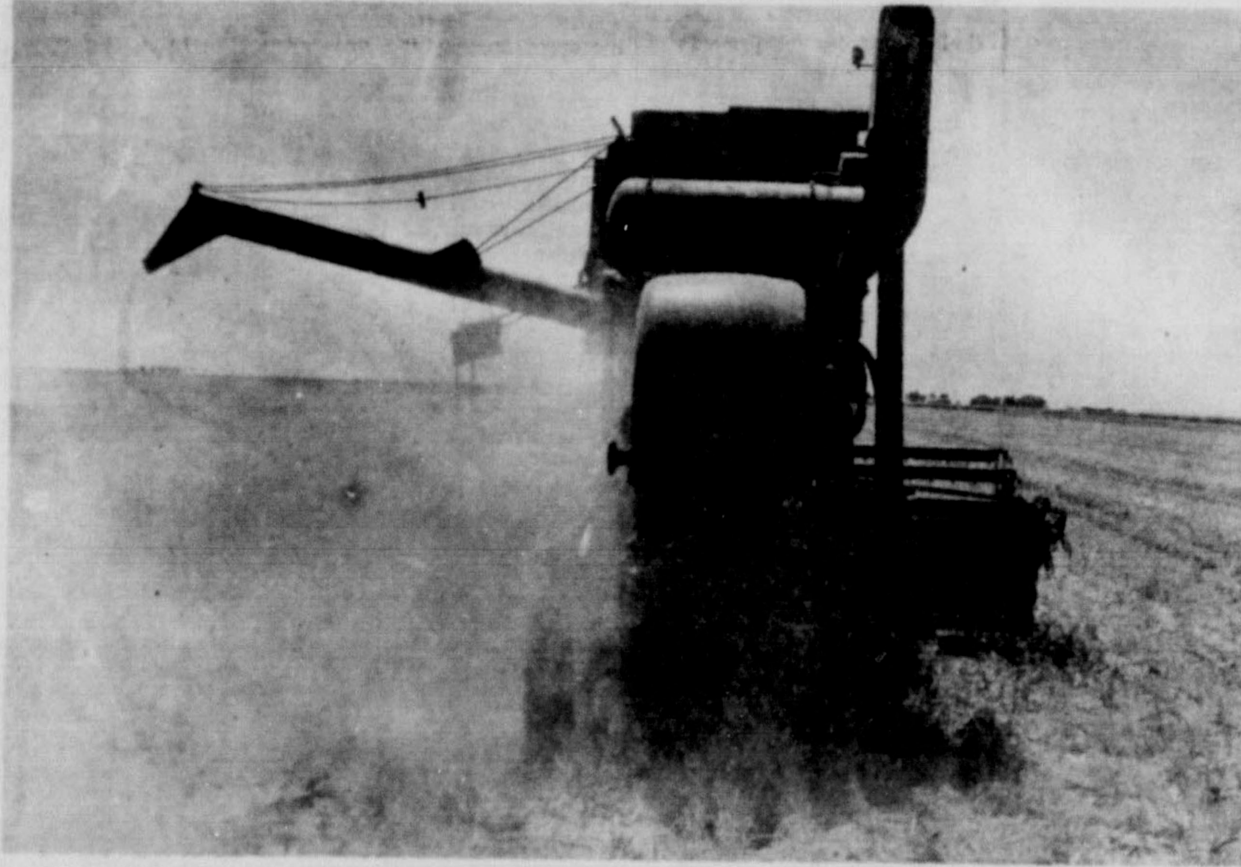

Seas of shimmering, golden grain  
Adorn your crown, glint in the afternoon  
sunlight

As men and machines struggle in the dust  
And heat of noonday  
To unlock your golden store.

Surely nowhere else, save  
Heav'n itself  
Can man and nature tune for greater concert  
than upon thy shoulders!

Photography by Ed Montgomery

Layout and Text by W. H. Graham

Photographed on Parmer County farms

# Area Wheat Harvest Now Going Strong

Wheat harvest is in high gear throughout the High Plains as grain trucks roll day and night carrying their precious cargo of golden grain to area elevators.

Farmers were just getting started good on their wheat cutting at the end of last week. Some irrigated wheat and barley is still too green and wet to cut, and it will be sometime next week before this late grain can be harvested.

From all indications, the yield and quality of wheat will be high. Only a few had cut enough to tell what their yield would be. One farmer in the Bovina area reported a yield of over 60 bushels an acre—on irrigated wheat.

Farmers and elevator operators are optimistic about this year's crop. Most feel that it will be better than was expected.

Two Parmer County elevators reported taking in a large amount of the small grain Saturday. Friona Wheat Growers received over 100 truckloads. More than 85 had been recorded there by 1 p. m. Saturday.

Sherley Grain in Bovina also reported good quality and yield. Some irrigated wheat was coming in but both elevators reported that most of the wheat being harvested was dryland. Over 45 truckloads was received by the Bovina elevator by 1 Saturday afternoon.

"It may be 10 days or so before they can harvest some of this irrigated wheat," says Harry Johnson of Sherley Grain Co.

Wheat farmers and workers in the harvest also have high hopes. Although it is too early to estimate an average yield, many feel it will be above average.

T. I. Burleson, who farms five miles south of Friona, says he has not cut enough wheat to know what his yield will be, but that the grain is very high quality. He raised the Crockett variety this year.

"I haven't had much trouble with lodging or anything else," says Burleson.

"As a rule they say the wheat is making more this year than was expected."

Cecil Winegeart had finished cutting 47 acres of barley on his farm one mile east of Oklahoma Lane Saturday. He planned to start harvesting wheat on Monday.

A combine operator on the Kenneth Johnson farm one mile east of Oklahoma Lane reported that not enough wheat had been cut to tell what the yield would be, but quality was high. He said he would guess the yield to be about 50 bushels an acre.

Carl Coffey was harvesting wheat for farmers in the Bovina area last week. He says one field yielded 50 bushels to the acre. Coffey was cutting dry-

land barley on Delbert Garner's farm, but he said it would not record a very big yield.

D. M. McGuire, harvesting wheat on his uncle's farm ten miles south of Friona, says it is too early to tell what the yield will be. He reports that the grain is of high quality. He says the

ground is still a little wet on B. L. McGuire's 27-acre wheat field.

"It's going pretty slow," said Lloyd Shulk, who was cutting irrigated barley last Saturday for Roscoe Ivy.

"This is the second barley

I have ever cut and it doesn't seem as good as wheat."

Several more farmers were harvesting in the south part of Parmer County Saturday, although there appeared to be little difference in the wheat and barley in any part of the country.

## Five Rural Accidents In Parmer County In May

Five rural traffic accidents were investigated by the Highway Patrol service of the Texas Department of Public Safety in Parmer County during the month of May, according to Sergeant Roger W. Sosebee.

In making this announcement, the sergeant reported three property damage accidents, two injuries, and no fatal accidents. These wrecks caused a total property damage of \$3,060. This brings the total for the year in this county to three killed, 12 injured, and property damage of \$51,955.

"During the first five months of this year, traffic deaths decreased 11 per cent over the same period of 1959; however, the most dangerous part of the year accident wise is still ahead of us," the sergeant said.

"In Texas, about 40% of all traffic deaths are usually recorded during the first six months of the year; about 60% in the latter half. With the Fourth of July holiday, we start the busiest season of the year traffic wise, and we continue through the summer harvest

season, the summer vacation season, the Labor Day holiday, school opening and school activity, the fall business season and the Thanksgiving and Christmas-New Year's holiday.

"Some of our motorists have done a magnificent job thus far, but unless we pull out all the stops and realize that obedience to the traffic laws is necessary to stay alive, then some new death records are in store for our state."

Holiday and vacation traffic accidents take a costly toll throughout the state. The tragedy on top of tragedy is that accidents could have been avoided. According to the veteran officer, if everyone will check their own driving, take time to be careful and be alert for the careless driver, vacations can be accident free.

Milk is a well-rounded food wrapped up in a single package. This nutritional package sells for half of what the nutrients would cost in other common foods.

### SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Good topsoil is full of life. Worms, insects, bacteria and millions of microscopic organisms live and die within the soil and enrich it with their bodies. Their food comes mostly from plants that have decayed.

This process is called soil organic matter which is a very important ingredient in a money making farm. Crop residues, such as wheat stubble, are very important in supplying the necessary food to the soil organisms.

When soil was in its native and original condition, it was in its most productive state. At this time the soil was filled with grass roots, decaying organic material and millions of both microscopic and small visible soil organisms.

When this soil was plowed for farming it was loose and productive. It had the organic material and soil organisms that were necessary for breaking down these residues into plant food for growth. The soil was also open and porous and the organisms could do their work in the process of air and moisture which are necessary for their survival.

If crop residues are burned, the food needed not only by these organisms, but for future crops, is taken away. Burning also directly destroys these organisms that are present in the soil thus making the condition more serious.

It is easy to touch a match to wheat stubble to get a clean bare field for plowing, but when a farmer does, he is sacrificing future gains in production for immediate reduction in cost.

Productive surface soil cannot exist for long without protection. Uncover it and the wind and rain may blow or wash it away. Keep it covered and you will lose less of it and less of the moisture in it.

Whatever is in any way beautiful hath its source of beauty in itself, and is complete in itself; praise forms no part of it. So it is none the worse nor the better for being praised.—Marcus Aurelius

## 1959 TEXAS LIVESTOCK PRODUCTION UP

Texas' livestock production for 1959 showed a sizeable increase over 1958 production, according to Lloyd Bergsma, extension livestock marketing specialist.

Mohair production in Texas set a new record in 1959. An increase in the average mohair price coupled with an increase in production resulted in this new record, the specialist explained. During 1959 Texas accounted for 97 per cent of the U. S. mohair production.

Texas again outranked all other states in beef production. Although cash receipts and total poundage for Texas showed an increase in 1959, Iowa exceeded Texas in gross income from cattle and calves. Bergsma ex-

plained that Iowa's larger gross is the result of the intensive cattle-feeding industry in that state and in shipments of cattle and calves.

Hog, wool and sheep and lamb production in Texas all showed an increase in 1959 over 1958. In commenting on the market outlook for 1960, Bergsma said heavy market supplies of most classes of cattle have forced the market lower, thus making for a delicate market which reacts quickly to adverse weather or other unfavorable factors. Marketings of stocker and feeder cattle will continue heavy, and this could reduce expected heavy runs this fall. Lower priced feeders will fill the feedlots, the specialist added.

Reduced hog slaughter will result in a strong seasonal price advance, and efficient producers will be in a good position to take advantage of this increase. Larger supplies of slaughter lambs will dampen the effect of a seasonal price advance. Increased competition from lower priced beef will influence the lamb price downward, the specialist concludes.

## Expand Research On Cotton For Irrigation, Fertilizer

Research in cotton irrigation and fertilizer levels is underway for the third year at the High Plains Research Foundation at Halfway. The number of irrigation methods under study have been increased from six to nine for 1960.

These methods include application of water compared to dryland cotton with water applied by the following methods:

- (1) preplant only;
- (2) preplant plus first bloom and mid-bloom;
- (3) preplant plus first square and peak bloom;
- (4) preplant plus first bloom and peak bloom;
- (5) preplant plus peak bloom;
- (6) preplant plus first bloom, mid-bloom and August 20;
- (7) preplant, first square, first bloom, and peak bloom;
- (8) preplant plus whenever soil moisture content drops to 50% as determined by moisture blocks; and
- (9) preplant plus first square, first bloom, peak bloom, and August 20.

All irrigation methods are being metered, and moisture blocks will determine soil moisture during the growing season.

The September watering test has been discontinued, since this last irrigation has been found to reduce both quality and yield of cotton.

Fertilizer applications have been and will be made in the following proportions: 40-80-0, 80-80-0, and 120-80-0. These will be compared with results from no fertilizer applied. Gregg, Lankart 75, and Blight-

master cotton varieties will be used in this test.

The most profitable irrigation application in 1958 was preplant, mid-bloom, and August 20; and in 1959, and preplant and peak bloom application.

Conducting this test are Shelby Newman of the Texas Agricultural Experiment Station No. 8, Lubbock, and James Valliant, assistant water engineer, of the Foundation.

## THE ELECTRIC CO-OP MEANS

## TO RURAL TEXANS

The hands that hold the phrase above could be those of most any citizen who shared the darkness of rural Texas 25 years ago. For it was then that rural people organized the first electric cooperative . . . borrowed money at interest and built the rural electric system that no one else would build.

Today principal and interest on these loans are being repaid . . . in many instances well ahead of schedule while the rural community enjoys the countless blessings electricity has brought.

Modern electric systems, efficiently managed, offer top flight service to remote areas of the state.

The electric cooperatives are keeping pace with rural development with heavier lines and improved service.

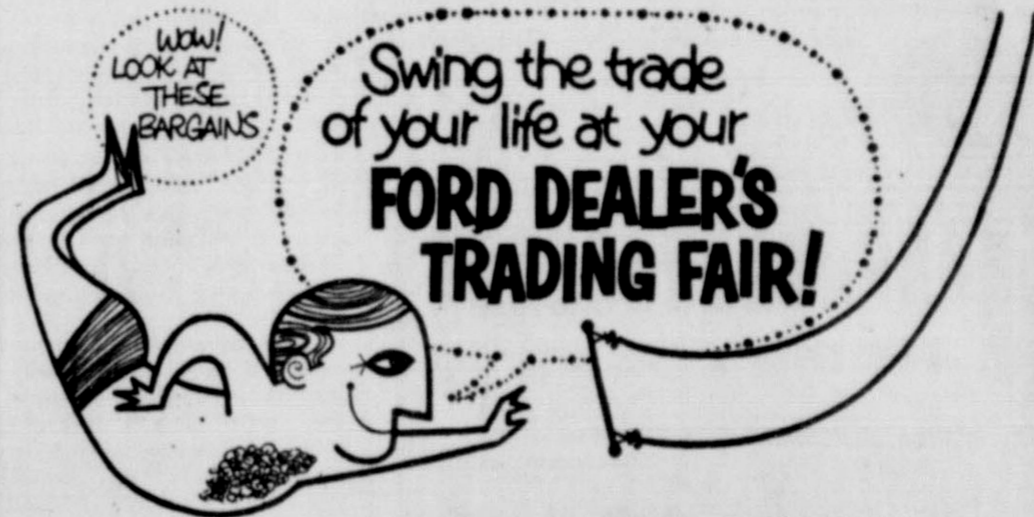

The electric cooperatives that mean "so much" today will mean even more in the future.

# Don't Take Chances When Storing Chemicals

Safe storage of agricultural chemicals is vital to farm safety, says the Texas Farm and Ranch Safety Council.

One recommendation the Council makes for safe storage of chemicals is to always use properly labeled containers. Chemicals may look like other compounds such as sugar or soft drinks. Without a label it is impossible to distinguish between a dangerous substance and one that is safe.

Agricultural chemical labels not only explain how the material is to be used but also the safety precautions that should be observed.

The Council lists these Commandments of Chemical Storage:

Have an organized place for storage.

It is best to use or dispose of small amounts of left-over chemicals.

When chemicals of any kind are stored, be sure the label is kept intact.

Keep chemicals stored in a dry place away from fire or other sources of ignition.

Keep the chemical storage place locked to keep out children and others who are not responsible.

Store highly toxic chemicals, those having skull and cross-

bones on label, high enough to be out of reach of children should they get into storage area.

Never stack one chemical on top of another.

Check label for instructions so that chemicals that should not be stored together are separated.

## FUTURE BRIGHT FOR 4-H CLUB MEMBERS

An estimated 15,000 jobs are awaiting June agricultural college graduates offering a variety of challenging careers in modern farming, science, research, sales, services, education, journalism and marketing. Some of these jobs will be filled by former 4-H members whose work with club projects helped them decide on an

agricultural career.

The million farm youths now enrolled in the 4-H Agricultural program already are benefiting from special training in crops, soil conservation, entomology, livestock production, forestry, tractor operation, and the like. This work is under the direction of the Cooperative Extension Service of the U. S. Department of Agriculture and the state land-grant colleges.

Last year six outstanding young men who had successfully completed agricultural projects were rewarded with \$400 scholarships to start them on the first leg of their career—a college education. The scholarships were provided by International Harvester, and will be offered again to the 1960 national champions.

Other incentive awards are expense-paid trips to the National 4-H Club Congress in Chicago early next December and handsome medals of honor.

Club members enrolled in the agricultural program are between 10 and 21 years of age. To be eligible for a state or national award the 4-H'er must have successfully completed at least three years of club work and be over 14.

Additional information about 4-H can be obtained from the local Extension agent or the State Extension office.

## Rules On Herbicides

A reminder to Texas farmers and ranchers was given today by Agriculture Commissioner John C. White reminding them that the use of hormone herbicides is regulated by state law and that each applicator must obtain a permit before application.

White said the hormone herbicide is more popular than ever, and while it is a good chemical, it can be highly injurious to broad leaf crops, especially cotton. White urged the applicator to be sure he understands the nature of the herbicide he uses, the physiology of the weed as well as the crop plants he is treating, and the various methods of application available.

Approximately 300,000 acres of crops and brush will be sprayed this spring and summer including such crops as milo and wheat. Herbicides are also used to kill unwanted brush.

Herbicides usually are classed as one of three types depending on how they affect the weeds and crops being treated: (1) contact herbicides, (2) translocated herbicides and (3) soil sterilants. A single chemical may be classified in more than one way depending on the method or rate of application.

Riboflavin in milk is essential for growth and contributes to health and vigor in adult life.

Guar, a drought resistant dual-purpose summer legume, is well adapted to the climate of Texas. Three varieties—Texsel, Groehler and Mesa—are recommended. Guar is resistant to cotton root rot; is a dependable producer of high yields of forage and seed and is a valuable livestock feed and soil conditioner.

Mother is the name for God in the lips and hearts of little children.—Thackeray

Turkey producers should watch government hatchery reports, says Marshall Miller, associate extension poultry marketing specialist, because the size of the poult hatch between now and July will have a very strong bearing upon total turkey production for 1960.

Hot weather is also horn fly weather. These insects, says C. F. Garner, extension ento-

mologist, will be one of the chief pests of livestock from now until fall. They can be controlled and Garner recommends that producers check with their local county agent

for the best practices and control measures. Golden hours of vision come to us in this present life when we are at our best.—Dole

## WITH THE COUNTY AGENT

JOE JONES

Seedling disease, thrip, sand and wind has our cotton looking pretty bad over the entire county. With this past week's rather warm and dry weather, much improvement has been shown in the cotton. In most all instances where a stand can be maintained the cotton should net more money per acre than any crop that could be used to replace it.

With a good insect control program and good timely irrigation most cotton could produce well. This is not to say it has not been hurt but to say it can still produce a good yield with favorable weather. If growing conditions are right it only takes a few days for cotton to set a good crop.

With our present moisture, cotton should not need water until it begins blooming. For the first watering it is usually a good plan to begin watering cotton so you will be half through when the first bloom appears. This way you will be just a little early on some of your cotton and just a little late on the other but it hits just about as near the ideal time as can be worked out where any sizable acreage is being irrigated.

In the future farmers who want the county to pay for the chemical to be used for bindweed control on county right-of-ways are to meet with the commissioners court. The court meets on the second and fourth Mondays of each month.

James R. Banner with the Fish and Wildlife Service, Santa Rosa, New Mexico, informs me it will be late July or early August before fish deliveries will be made to this county. I have order blanks for those of you who still desire to order.

Bill Nickles, treasurer of the Farmer County Game Management Association, sent off an order for 298 pairs of Bob White Quail last Thursday.

These will be delivered to about 30 cooperators very shortly.

Farmers planning to use a hormone-type herbicide are reminded that a permit is required. I have application blanks and most all farm stores also have these blanks. Application is made to Gene Cupp, State Department of Agriculture, 2814 34th Street, Lubbock, Texas. His phone number is SH-4-8610.

Let me remind you again the tolerance of 2-4-D type herbicide on corn and grain sorghum is zero. This was set by the Pure Food and Drug Administration and has not been changed to date. The recommended time of application to be sure to meet this tolerance has been set as pre-emergence use only.

If anyone needs a small carry-all for doing land leveling or filling around the farm, contact one of the Soil Conservation District Supervisors. The district owns four carry-alls that can be used with farm tractors. Bruce Parr at Black, T. O. Lesley between Hub and Clay's Corner, Robert Calaway, Bovina, and A. L. Black, Friona, have charge of one each. They are for farmers' use at a rental charge of \$7.50 per day and have a four and one-half yard capacity.

## DON'T DO IT!

Wheat stubble makes a crackling good fire, but agricultural authorities warn of the consequences that can come from destroying organic material that the soils of the irrigated Plains so badly need. These pictures were made at night on a Farmer County area farm.

### NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

BY RAYMOND EULER  
Agricultural people have long been perplexed as well as dissatisfied with the fluctuation of prices paid to the farmer for raw products while retail prices on these products remain virtually unchanged.

Retail prices usually rise when the farm market price advances, but seldom do retail prices decline when farm commodity prices decline, even quite drastically.

It seems that advances in retail prices operate on a kind of ratchet, going up when the raw products go up--holding steady until another temporary increase in raw product prices comes along, and advancing another notch.

A few months ago, American Farm Bureau organized the American Agricultural Marketing Association, designed to help coordinate the activities of state and regional marketing--bargaining associations. This is not a "forced bargaining effort," but an effort based upon improving the quality and stability of our markets.

We are happy to note that every Texas Congressman who voted, voted against the House Federal School "Aid" Bill. And it looks like they all voted. In fact, there were only ten votes for the bill in the Southern region, and this gives us new confidence in some of our congressmen.

You hear a lot about the disappearance of the "family farm" these days, and some-

times you almost begin to believe it. But since 1910, the percentage of family workers has decreased only a little more than one per cent. And the highest percentage of family workers is shown in 1950, when it was 76.5% compared to 73.9% in 1959. Between 96 and 97 per cent of the farms in the United States are family operated units now.

Well, the Senate passed a wheat bill June ninth. About all we are able to understand about it is that the support price will be 75% of parity with a mandatory cut in acreage of 20%. There are many other factors

in the bill. We do not know if the president has or will sign it or not.

Labor unions in California are causing fruit producers to loose lots of money by picketing farms where national laborers are standing by to work, but where unions insist on a minimum wage of 1.25 per hour, among other things that are prohibitive to the producer's pocket book.

CONSIDER THIS: "Open thy mouth, judge righteously, and plead the cause of the poor and needy." Proverbs 31:9

## Lawn Mower Can Be Lethal Weapon

Did you know a rotary power lawn mower blade travels at speeds up to 150 miles per hour and is capable of throwing sticks, stones, or other objects at comparable speeds? Imagine what would happen if you were hit by one of these fast-flying objects.

Power lawn mowers are now in the majority both in town and among farm people. Along with their increased use has been a closely related increase in accidents involving both operators and bystanders. Most accidents have been due to carelessness or lack of knowledge on the part of the individual.

W. L. Ulrich, extension agricultural engineer, offers these suggestions on how to operate your rotary power lawn mower safely and efficiently.

Always disconnect spark plug wire before working on the blade.

A clean sharp blade does a better cutting job and requires less power.

Never operate mower with safety shields removed.

Make sure all rocks and debris are removed from the

area before close mowing. Do not refill the gasoline tank when engine is hot or running.

Run mower as slow as possible to do good work.

Keep children and pets away from mowers.

Always be certain of sure footing when mowing on steep slopes.

Never leave engine running when mower is unattended.

Make sure mower is steady and under control before starting engine.

Always be aware of the hazards involved when you are using a power mower. Don't get caught napping.

Don't relax your efforts in the production of high quality milk. That's the advice to dairymen from A. M. Meekma, extension dairy husbandman, who adds that seasonal jobs may take more attention now but herd management and production of top quality milk must always be prime considerations.

According to A. M. Meekma, extension dairy husbandman, studies of consumer food expenditures show that 18 to 20 per cent of the family food budget goes for milk and milk products. For this expenditure, he says, they get from 23-26 percent of their calories, 40-45 per cent of their protein, 75-84 per cent of their calcium, 59-76 per cent of their riboflavin, 35-39 percent of their Vitamin A, 18-19 percent of their thiamin and 5-6 percent of their iron and niacin.

## Man In Custody In Arizona Case

Guy Carter, alias Nick Cathey, who has been wanted on burglary charges in Parmer County, is in custody in Arizona, says Sheriff Chas. Lovelace, and will be brought back here to face charges.

The 19-year-old was wanted for attempted burglary of Hughes Auto Parts and for the theft of a television set from the trailer house of Guy Ziegler which is located near Farwell Wrecking Yard. The TV set was recovered, says Lovelace.

Lovelace says charges are pending on the young fellow in Tucson, so officers do not know when he can be returned here. According to Lovelace, Carter has served time in the penitentiary and has done time in Santa Fe for assault with a deadly weapon.

## Congregational Bible School Starts Monday

Beginning session of Vacation Bible School at Union Congregational Church will be Monday at 9 a. m.

Classes will be conducted daily from 9 to 11 a. m. at the church for pupils from 3 through 14. All youth are invited, according to Mrs. Fred Helmke, superintendent.

Teachers for the school are Kay McKee and Karen Helmke, nursery; Mrs. Elvie Jennings and Gaye, kindergarten; Mrs. R. B. McKee, primary; Mrs. George Treider and Mrs. Charlie Wise, junior; and Rev. Bill Phillips and Miss Phyllis Treider, junior high. Miss Treider will also assist with music and Mrs. B. E. Sanders will be in charge of refreshments.

The school will conclude with a program at the church Friday night.

## Black News

BY MRS. DELTON LEWELLEN

### BLACK HOME DEMONSTRATION CLUB

The Black Home Demonstration Club met Thursday at the Black Community House. A surprise pink and blue shower was given in honor of Mrs. Gene Welch. Delicious refreshments of iced tea and fruit salad pie was served.

Mrs. Ralph Price was the hostess and others present were Mesdames Dick Rocky, Clyde Hays, Fern Barnett, Gene Welch, J. R. Braxton, Johnny Mars, Rosco Ivie, Helen Fangman, T. A. Sherley, H. H. Elmore, Travis Stone, Giles Cobb, Ellis Tatum, Jerry Houlette and Mrs. George Frye was a visitor.

Mr. and Mrs. Elmer Finley of San Pedro, California, are visiting Mr. and Mrs. H. H. Elmore, Mr. and Mrs. Dick Rocky and Mr. and Mrs. Bud Elmore.
