The Sanderson public schools over last year in the high school opened Tuesday of this week and Latin-American school. with an enrollment of 562. Of Last year's enrollment was: the Latin-American ward school and high school, 131; or a total and 154 in the high school. This of less than at the begining of enrollment shows an increase this year's term of school. Several students have enrolled since these figures were obtained.

A large number of parents and supporters of the schools was in attendance at the program Tuesday morning with the program opened with a pray by the Rev. John W. Byrd. Assembly singing which followed was led by D. L. Duke, and the Rev. J. Y. Bowman spoke on education, stressing the kind of education needed and the advantages offered. A passage of scripture was read by the Rev. Taft Holloway.

Introduction of teachers then took place with each teacher making a short talk. Others making talks were John Harrison, member of the school board and Mrs. Tol Murrah, president of the Parent-Teacher Association, who spoke of the work of the organization.

Among the teachers introduced was Miss Ruby Adcock, Brownwood, who accepted a position teaching one section of the first grade in the Latin-American ward school after faculty were published last week. She has B. A. and B. S. had several years teaching experience, having taught in the Kennedy public schools for six years and was instructor in the college at Brownwood during the past year.

# Rotarians Hear School Problems

Members of the Sanderson Rotary Club heard Superintendent R. D. Holt in a discussion of the problems confronting both teachers and parents in regards to school matters at the regular

Mr. Holt first discussed the proper kind of food needed to build strong bodies and minds. He discussed the problem of properly training pupils who will not attend colleges after their graduation and pupils who will even fail to complete their high school courses. For these boys and girls, it is neccessary to teach as much as possible in the shortest time, and courses that will fit them for their life undertaking: studies that will enable them to become good citizens. For students who plan to continue their education in colleges this is not necessary and more time can be spent on the fundamentals. He discussed school finances-

with an almost doubled enrollment school taxes have remain-H. White, Ben Anderson, Bustin ed at the same figure they were Canon. Eugene McSparren, John during the depression years. The increase in enrollment would naturally necessitate more 1nancial support. The recent election helped somewhat, adding 13 cents for schools, but this increase was in no way near the increase necessary expenses a doubled enrollment. The matter of teachers and their salaries were discussed; racial groups were discussed and the problems of teaching in the Latin-American schools that will make good citizens of these pupils. Mr. Holt stated that the

courses studied in the Sanderson schools were standard; that the school was one of the best in the state so far as credits, standing, etc., were concerned but there were these other things that should be considered-and acted upon.

#### AT POSTOFFICE

R. R. Ellison of Marfa spent return the latter part of the in one piece, but it was deemed pleased to have photographs of position with the local post

The Wink Bulletin-The Wink High School Band starts its practice September 3 and the prospects for a good band are bright, according to Gerald Mc-Guire, the director. The students are all very young but with hard work the band should improve rapidly. The begining students of the past two years will come into their own and become fullfledged members of the Wildcat band. It is only through the organization of these begining classes each year that the Wink school is able to continue to uphold the reputation which it has made in the past ten years

The organization of this year's begining classes in instrumental music starts September 2 and the organization work will continue for one week. Music apti tude test will be given students to determine what they are best fitted for and what the probable chances are that the students will make a success of their music study. A representative of the N. H. White Co. of Texas Texas will give these tests available for any information concerning the purchase of instuments. Interested parents and students should be thinking of the possibilities of band membership and Mr. McGuire will be at the band hall and will be glad to answer any questions regarding the band work.

# "CHARLEY'S AUNT"

Jack Benny, the greatest comedian of our time makes his buying Defense Savings Bonds? bow in Brandon Thomas' immortal comedy. will present on Wednesday, Sept. 10 at the Princess Theatre.

Jack has been cast in the title role of this long-time laugh fav- Bonds reaches maturity. orite, and it promises to be the most hilarious and most unus- \$50 a month. al of his career.

The story is that of the fellow who helps out two college pals by masquerading as his friend's aunt. While clothed as his aunt, he chaperones two young ladies and receives two proposals of marriage. Then, at the height of his impersonation, the real aunt comes upon the scenee. How he and his friends get out of their predicament makes one of the funniest comedy climaxes.

Preview audiences hailed Jack Benny's performance and have called him the funniest thing in skirts. Kay Francis is the real aunt who turns up at the wrong time and James Ellison is the friend who needs the help.

The Brandon Thomas farce from which this screen comedy has been adapted is one of the most popular stage plays of all time. It has been shown more times than any other play with the single exception of "Hamlet." Translated into seventeen different languages, it has scored a hit in every one. In fortynine years since it was first shown in London, there has always been at least one company playing "Charley's Aunt" some-

An impressive cast of laugh provokers have placed in the other supporting holes to make this the funniest comedy of the year. Among others in the cast are Edmund Gwenn, Anne Baxter. Reginald Owen. Arleen Whelan, Laird Cregar, Ernest Cossart. Richard Hayden and Morton Lowrey.

# "Knockout" Sock Film Opens Friday

Coke Stevenson. of whom it was said, he has something like 80,000 head of stock. You know what the tax ered and paid taxes on 2,500 is, who paid the tax on the remaining 77,500 head he failed been set aside for the purpose to render for taxation? You see the point, don't you. Lands all over the country are rendered at a very nominal sum when in fact they sell for up in the thousands of dollars per section. This tax business is coming to a showdown some day. The way monies are being appropriated, spent. member of the church would billions and billions every day, and someone is going to have to repay these vast amounts. It may not be the present generation, but our children's children for generations to come will have to bear these tax burdens, and what an heritage to pass on

> So much for that effusion! It probably won't decrease your taxes or prohibit the spending of more and more money, but I've the satisfaction of having it off my system!

positerity!

Many of you, or perhaps some of you remember the financial panic of 1908! No mater whether a man had a hundrd or a million dollars on deposit, he was limited to only \$5.00 a day. Many a business man was badly handicapped for his business may have required considerably more than \$5 to carry on his daily expenses. But he had to make out on the measley five bucks.

One day a man was holding forth on a main street corner. A crowd of curious people had gathered, listening to the fellow spout. He was cursing the government, the banks and anyone else he deemed responsible for the five-a-day-limit.

A man whose business required considerable money daily. approached him and said: "My right to reject any and all friend, you seem to be in a financial jam. How much money do you have tied up in the bank here." And the fellow replied: "Not a darn cent, but it is a ud- shame when a man has to submit to such an outrage!"

So. you see, it isn't always the one hardest hit who yelps the loudest.

Me? I don't even have to pay a poll tax, much less a property tax, hence I am privileged to yell to my heart's desire!

YOUR OTHER DOLLARS ARE SHRINKING

IN VALUE . . . BUT I'LL BUY MORE TODAY THAN I EVER DID

Prices of most items in the cost of living have followed a steady upward trend since the low point of the depression, but while other prices have been going up, the cost of electricity has been coming down. Right now, the unprecedented demands of the defense boom are forcing the prices of food and other essentials to still higher levels, but electricity was never cheaper than it is today. Year by year, due to increased use and successive rate reductions, the average cost per kilowatt-hour of electricity has come down until today the average customer of this company receives 52% more electricity for his money than he did 10 years ago. Today . .. more than ever . . . electricity is your biggest bargain.
