SANDERSON, TEXAS FRIDAY, NOVEMBER 28, 1941

NUMBER 39

TO BE DEDICATED

MAMIE-TOM MITCHELL HOME given by Mr. and Mrs. T. C. Mitchell Marfa

Waco, Tex.—Culminating the most outstanding year of more than half a century and launching the drive for funds to finance next year's \$125,000 budget, the Methodist Home here will dedicate five new buildings on its campus Friday, November 28. Bishop A. Frank Smith of Houston and Ivan Lee Holt of Dallas will take parts on the program, and more than 2,000 out-of-town visitors are expected from the six conferences of Texas and New Mexico which support the home.

The affair begins with a barbecue on the Home campus at noon, the dedicatory service following at 1:30 p. m. Each new building will then be opened, its donors and the boys and girls who are to live in it serving as welcoming committees and coming committees and guides. Four of the new structures are residences, furthering Superintendent Hubert Johnson's long time dream of doing away with dormitories and transforming the orphanage into a group of homes, each with its own house mother, its dining room, kitchen and bedrooms so that children may be brought up in an atmosphere as near like actual home life as possible. Half the

Home's 400 children are now living in cottages. The fifth is an infirmary.

Donors are Mr. and Mrs. J. J. Perkins of Wichita Falls, who are giving a second cottage for girls after two years ago giving a home for senior girls; Mr. and Mrs. J. S. Bridwell of Wichita Falls, a boys' home; Mr. and Mrs. T. C. Mitchell of Marfa, a girls' home; the late Mr. and Mrs. H. A. Williams of Ft. Worth, who will be represented by relatives, a boys' home; R. P. Willis Sr. of Atlanta and the late Mrs. Willie Willis, who gave the infirmary. This building has been furnished by W. T. Penn of Wichita Falls and the late Mrs. Penn.

After the dedication, there will be an evening session of the Texas and New Mexico conferences. They will discuss the budget campaign, due to be held in all Methodist churches during the month of December. The Home, existing for more than half a century without endowment, has relied on free will offerings for support during its entire history. Because of the limited budget all buildings have been donated by private individuals, 1941 marking an all time high in gifts of this nature to the Home.

Mrs. Lee Grigsby And Mrs. Landon Rose Hostesses

Mrs. Lee Grigsby and Mrs. Landon Rose were hostesses to members of the Society of Christian Service of the Methodist Church in the home of Mrs. Grigsby Monday.

A bowl of large white chrysanthemums and ferns formed the centerpiece of the lace covered dining table while the opposite side of the living room was colorful with sunset shades of Mexican sunflowers.

Mrs. A. B. Gates, leader of the program entitled "Things That Make for Peace" was assisted by Mrs. Jennie Freeman, who read the Beautitudes; by Mrs. John Neal, who gave a meditation on the scripture reading; and by Mrs. Clyde Higgins, Mrs. B. F. Anderson and Mrs. Rose who gave discussions from the study material.

During the social hour the hostesses served a luncheon plate consisting of congealed shrimp salad, shoe string potatoes, individual pumpkin pies, salted nuts and coffee. Those present were Mesdames Bustin Canon, S. H. Underwood, H. E. Ezelle, Clyde Higgins, Eliza Wade, Pat Beard, W. F. Frazier, John Deaton, John Neal, Jennie Freeman, C. H. Topper, Kate Frazier, and the White, H. C. Goldwire, E. McSparren, B. F. Anderson, A. B. Gates, and Misses Anita Harrison, Helen Simpson, Lila Christ-Rev J. Y. Bowman.

SON TO ROBERTSONS

Mr. and Mrs. I. G. Robertson Jr. are the parents of a 7 pound and 10 ounce son, born Friday, November 21, at a local hospital. The young man has been named Ivy Guy III. Mother and son are doing fine.

Mrs. Malone Mitchell and son Malone Jr., and Mrs. Gayle Mussey left Wednesday for Llano where they will spend the Thanksgiving holidays with Mrs. A. A. Anglin, mother of Mrs. Mussey and grandmother of Mrs. Mitchell.

Terrell County Oil Activity Is Increasing

With three drilling wells in the county there has been considerable activity in leases and royalties during the past month.

The Skelly Oil Co. has drilled to a depth of 1190 feet with cable tools in their deep test on the northeast corner of section 190, block D, Ross Roberts ranch, and have cemented and welded casing and rotary equipment is now being installed for continuing to a depth of 7,000 feet or more. They are also putting down a water well and many of the company employees are moving to Sanderson to make their homes during the time necessary to do the drilling.

The Briggs No. 1 Kerr, located on section 18, block D-5, is drilling at 1125 feet.

Sides and White No. 1 Rose, section 15, block 148, drilling at 925 feet.

A statement made by Walter E. Buck, president of the Texas Consolidated Company which recently plugged and abandoned their test on the Holmes No. 1, on his visit to Sanderson several weeks ago that they planned two more tests on the Holmes lease would indicate possible added activity. The equipment has not been removed to date and it is thought that possibly they plan to go ahead with the other two tests as Mr. Buck stated. Were this to happen, Terrell County would see a peak in oil activity for the past ten years.

Mr. and Mrs. Robert Duncan left Monday for a visit in San Antonio.

O. T. Schupbach Jr. Among Who's Who Of College Students

A new release received by the Times from Who's Who Among Students in American Universities and Colleges, states that O. T. Schupbach Jr., son of Mr. and Mrs. O. T. Schupbach of Sanderson, is among those students who will be listed in the 1941-1942 issue of the book which will be released in January or February. O. T. will receive his B. S. degree from West Texas State College in June.

This publication is published through the cooperation of over 600 American universities and colleges. It is the only means of national recognition for graduates which is devoid of politics, fees, and dues. Several students from accredited colleges are selected each year, by an unprejudiced committee, for their biographies to appear in Who's Who Among Students in American Universities and Colleges. These books are placed in the hands of hundreds of companies and others who annually recruit outstanding students for employment.

Mr. Schupbach is a member of the Phi Sigma Kappa fraternity, University of Southern California; president of the West Texas State College T-Club, also a member of the T-Club at Sul Ross State College and was vice-president of the sophomore and junior classes at Sul Ross.

Mr. Schupbach graduated from the Sanderson High School with the class of 1936.

Mr. and Mrs. John Reininger were visitors in Del Rio Tuesday.

Fireman's Annual Turkey Shoot, Ball Successful

The annual turkey shoot and dance sponsored by the Sanderson Volunteer Fire Department was again successful despite the unfavorable weather and cold.

The dance Saturday night was well attended and the music, according to those who attended, was good. In fact, music furnished by Cuco Garcia and his orchestra, was satisfactory to the extent that he has been engaged for three more dances scheduled for Saturday, December 20; Thursday, December 25; and New Year's Eve, December 31. The present plans call for a big

carnival dance on New Year's Eve and everyone is assured a good evening's entertainment.

The turkey shoot Sunday afternoon was well attended although the sky was overcast and it was rather chilly.

Both ladies and men entered in the shoot with the majority of them shooting at the live turkeys at 90 yards with high-powered rifles. Following this event the pistol shooting took place with the shooters trying their best to knock off a turkey's head at 25 yards.

The shoot and ball was also a success from a financial standpoint for the department and proceeds will go for other needed equipment and current necessary bills such as gasoline and service for the truck. The dance and shoot combined netted the department around \$125. Definite figures were not available nor were the names of those winning turkeys, at the time of publication.

The shoot and dance sponsored in December of last year netted \$125.23, or almost exactly the same as was netted this time although turkeys were much more expensive for the shoot this year. Entire cost of the shoot last year was only \$75 and the turkeys alone for the shoot Sunday cost \$100.30.

Culture Club Meets With Mrs. Lochausen And Mrs. Robt. Gatlin

The Sanderson Culture Club met at the home of Mrs. J. H. Lochausen Thursday of last week with Mrs. Robert Gatlin as co-hostess. Bronze Chrysanthemums and roses were used in decorating throughout the house.

A business session was held at which time it was decided to give \$2.50 to Pennybacker Cancer Memorial fund and also buy a \$5.00 tuberculosis health bond which is purchased each year.

Names were drawn for the Christmas program and each member is to bring a donation of food to be given to some needy family. Plans were completed for the Davis Mountain Federated Club meeting to be held in Sanderson December 6.

The program on "Federation" was led by Mrs. Ira Deaton. Mrs. A. D. Brown talked on "Education for Democracy's Defense" which was followed by Mrs. J. W. McKee's discussion of "A Challenge to the Federation—Malnutrition in America: Why Hitler Wins." Mrs. H. E. Ezelle told of the "Legislation we are pledged to support" and Mrs. W. H. Savage gave a poem, "I am an American."

The hostess served delicious refreshments of open face sandwiches, nuts, mints, cherry pudding, coffee and tea, buffet style. The table was laid with a beautiful white linen embroidered cloth with lace trim. The centerpiece was a bouquet of Chrysanthemums and roses.

Those present were Mesdames T. R. Arrington, A. D. Brown, Joe F. Brown, A. F. Buchanan, Ira Deaton, H. E. Ezelle, R. A. Gatlin, H. C. Goldwire, J. R. Link, O. H. McAdams, J. W. McKee, Landon Rose, W. H. Savage, members and Mesdames M. J. Shurley, Seth Davenport and J. P. Morrison, visitors.

Mrs. Jesse Mullens Honored With Surprise Party

Mrs. Jesse Mullens was honored with a surprise "stork shower" Tuesday afternoon in the home of Mrs. Francis Mansfield with Mrs. Dixie Schupbach as co-hostess.

Contests were enjoyed after which the little "pink and blue" bundles were opened and admired.

The hostess served pumpkin pie topped with whipped cream tea and coffee. Plate favors were turkeys made of apples.

Those registering in the guest book, presided over by Mrs. Schupbach, were Mesdames Dillard Babb, Wallace Henshaw, Roy Harrell, C. F. Stavley, H. E. Fletcher, W. E. Stavley, Jack Laughlin, Gerald Grigsby, Lena Bowden, Francis Slover, Joe Chandler, Elmer Schwalbe, Lowell Schwalbe, Elizabeth McCullar and the honoree.

P. T. A. NOTICE

The Sanderson Parent-Teacher Association will meet Thursday, December 4, at 7:30 o'clock for its next regular meeting. Parents and members are urged to be in attendance and the meeting will be held at the high school auditorium.

Phoney Social Security Cards Being Sold

Workers, employers, and the public in general were warned today in a statement by George D. Clark, manager of the San Angelo Office of the Social Security Board, to be on the lookout for individuals representing themselves as salesmen for social security cards who are traveling through certain part of Texas and adjoining States and selling fictitious social security accounts number cards to unsuspecting persons. When last heard from, Clark said, these so-called salesmen were operating in San Antonio and Houston, Texas, as well as in the smaller towns adjacent to these cities.

In the Houston area the salesmen were receiving 25 cents for each card and giving as a token to the purchaser a "key tag." In San Antonio, the price was \$1.25 each, according to information furnished the Board by purchasers.

"The card resembles the official social security account card with the exception that it does not contain the seal of the Social Security Board," Clark stated, "and on the face of the card printed in bold type is the word 'Specimen.' The serial number is 078-05-1120. The card is similar to the type usually used as a sample by some stores in the sale of bill folds and card cases."

Clark warned all persons against purchasing such cards as described above since they are not to be recognized by employers or by the Social Security Board.

BUYS \$1,000 BULL

Malone Mitchell last week purchased a three-year old Hereford bull from the Blanco Hereford Ranch, owned and operated by J. D. Dodson, at Blanco, for a consideration of \$1,000. Mr. Mitchell states that he will use the male for the improvement of his present herd. Mr. Mitchell has one of the best Hereford herds in this part of Texas and puts most of his efforts toward muley Herefords. He has made good showings at both state and out-of-state fairs during the past two years.

Name of Kit Carson, Famous Scout Of Frontier Days, Is Found Etched On Huge Boulder at Rockpile Ranch

By Barrie Scobee

The name of Kit Carson, famous western mountain man and guide, etched on a boulder at Rockpile wayside park near here, has just come to public notice. The date inscribed below it is Dec. 12 and apparently either 1838 or 1858.

Local historians have avidly searched biographies of the famous hunter and trapper to learn whether Carson was ever in this neck of the woods, to have himself chipped the name. The books say that Carson was in El Paso in 1830. His record as a widely roving western man indicates that he could have been here in either 1838 or 1858. It is recorded that he was much associated with the Mescalero Apaches in the later years of his career. The Davis mountains were one of the strongholds of that Indian tribe, and the great and peculiar Rockpile, recently given to the state highway department for a wayside park, was the site of a great Indian camp, as shown by several pictographs and innumerable grinding stones.

The etched name and date have been examined minutely by L. E. Wood, P. M. Crawford and other state highway engineers located at Fort Davis, and by other persons, all of whom expressed the opinion that the letters are quite old, possibly 100 years. Their appearance indicates they have been subjected to long weathering.

Biographies show Christopher Carson to have been born in Kentucky the day before Christmas, 1809, and to have died in Colorado July 23, 1868. He was with Fremont on three exploration trips in the little known West. In the Civil War 1860's Carson was an army officer and Indian agent in charge of Apaches and Comanches. He was given this position it was stated, because of his intimate knowledge of the Indians. This fact, it is argued, substantiates probabilities that he was at some time in this homestead of the Mescaleros here.

Carson Reported in Area

UNDERGOES OPERATION

Mrs. O. L. (Fogger) Dunigan of Dryden underwent a major operation last week in a Del Rio hospital. She is getting along nicely according to latest reports.

W. T. Montgomery and Herbert Smith of San Antonio were visitors in Sanderson last week.

Name of Kit Carson, Famous Scout Of Frontier Days, Is Found Etched On Huge Boulder at Rockpile Ranch

Arthur D. Bloys, lifelong resident of Fort Davis, said that he was told a few years ago by the late Frankelino Rodriguez, who was born in 1863, that in his youth in Fort Davis there was a strongly recited tradition that Kit Carson had been in the Davis mountains a few years earlier.

The name, in letters about five inches high, is on the belly of a huge boulder, and is very definite. The date is below in smaller characters, is not so easily made out, which accounts for the indefiniteness concerning the exact date. The date is clear enough except for the next to last figure. The name is above the ground about as high as on average man's chin. The letters indicate more work and care, observers declare, than would have been done by a casual rock-chipper.

So the question hangs suspended for the ages—Did Kit Carson etch the name himself, or was he present when the job was done?

The Rockpile site, consisting of boulders on a 10-acre tract, was given to the state highway department for a wayside park on the new Davis Mountains State Park highway recently by the Reynolds Cattle company, Ft. Worth, owners of the 500 sections of land that comprise the X and Rockpile ranches. The Rockpile section was taken up from the state of Texas in 1897 by Will Reynolds, now a Jeff Davis county commissioner. He said he knew of no one carving the Carson name there since he acquired the land.

It having been already predicted that the Rockpile park would become a famous picnic rendezvous, now that it is readily accessible for the first time because of the newly completed road, it is declared now that the carving of the famous name will be a tremendous attraction for visitors. The Mile High club of Ft. Davis plans to urge the state highway people to take some means of enclosing the name as a protection against vandals.

We're Talking COLD TURKEY

Maybe you've been scared off from building a home by talk of "scarcity," "advancing prices," "priorities," and the like—and chances are you have been so taken in by this current of talk that you haven't even bothered to see whether it applies to your plans, or hopes, to build or not.

The simple truth is that there has been very slight, if any, change in the cost of building, and the materials you need are available. The government expects home-building to continue, and it particularly urges building of increased farm storage facilities and repairs to existing property as a defense measure.

It is also true that with these conditions prevailing, your home investment now is sounder than it has been in years. Quite likely, you are better able now to afford building or improvement than you have been at any time in recent years (financing terms are as lenient as ever), so you're cheating yourself by holding back now.

McCamey News—Mr. and Mrs. Tommie Sudderth dug their sweet potatoes Saturday in the presence of witnessing neighbors and from their one potato vine, which measured 22 feet from tip to tip, took 29 pounds of Porto Rico yams. The original potato plant was given to Mrs. Sudderth last spring by Mrs. A. H. Riley, who obtained it from Mr. W. H. Welch of Hearne, Texas. Tommie Sudderth says he couldn't get all the potatoes out of the hill because the vine had been planted next to his house and he dug only under the house as far as he could reach. "However," he stated, "if the price of potatoes continues to rise, I may move 'home sweet home' about three feet farther north and search for more yams."

Who said this country is only good for oil and ranching anyhow? The largest sweet potato taken from the hill and weighed on the spot was a 5 1/2 pounder.

The stone and adobe cottages with Spanish tile roofs that nestle among tall timbers along the colorful mountain slopes are the first tourist facilities to be provided in Texas' first national park which is now in the making on the Big Bend of the Rio Grande in Brewster county. Construction of the cottages in advance of the acquisition of the land for the state's new tourist magnet was made possible by the National Park service working through the Civilian Conservation Corps on land owned by the State Park board.

Eighth Grade Elects Officers, Committees

A program of poetry read by the members highlighted the meeting of the Eighth Grade Club last Friday. The Good Citizens were Mary Jean Ogle and Wilma Jean Northcutt.

New officers and committees for the ensuing year were elected. They are J. M. Harrell, president; Dudley Harrison, vice president; and Charles Yeates, secretary. The committees were selected as follows: program, Betty Jo Kerr, Marianne Duke, and Doris Lea Cooke; thrift, Jimmy Merritt, Roy Holt, and Don Frazier; newspaper, Marjorie Jessup, Helen Holmes, and Ruth Ann Robertson; good manners, Wilma Jean Northcutt, Mary Jean Ogle, and Doris McSparran.

Each committee gave a report of the activities of the past week.

Mr. McDonald is undecided as to what he'll do after he graduates, but I'm sure if he is as jolly an old fellow as he is a young fellow that he'll have as many friends as now.

HEARS NOTHING SEES NOTHING TELLS ALL

Yvonne and M. G. make a cute couple, especially sitting in the show.

Who was the cute boy Adeline was with Wednesday? Come, come Adeline.

Lois Bea and Robert S. seem to get along pretty well these days, uh, Lois?

Snooper wants to know why so many of the girls will be glad for the holidays to get here so soon. They have already started refusing dates.

James Albert is back to his old tricks again, still making eyes at the girls, this time it's Betty F.

Yes, boys, we know it was awful that none of you were invited to the party, but orders are orders!

Yvonne, what was it you knew nothing about Sunday morning? It seems that a few who were at the show Friday night knew.

Jacky Duke and Clara Alice and Marianne Duke have good times together.

Why does Clara Alice like to look in a certain direction when playing tennis at fifth period?

Who was that good-looking man Billie Jo was playing tennis with?

Carl, you and James O'Connor seem to be having the same troubles.

We hear all the girls (but one) are rather excited over the Choral Club's party where the girls ask the boys and pay their way to the show.

Why does Mickie like World History so well?

Marilyn B., is it brunettes again? It looked that way in Algebra.

NOTICE! Boys and girls, be sure to write a letter to Santa Claus. Yours may be printed in the Eagle News soon.

DATE ETIQUETTE IS DISCUSSED AT H. E. IIa MEETING

The H. E. IIa class met last Friday in the H. E. department for a study of "Date Etiquette". Arranged by the program committee, the discussion included subjects such as "How to talk to a man," "How to entertain a date" and "How to get over a man."

Suggestions posed as solutions to questions were 1. Don't ask too many questions, 2. Be a good listener, and 3. Sports is a good conversational subject.

Maurine Frazier was elected to fill the office of president vacated by Virginia Stansell who recently moved.

Covers for the yearbooks have been completed and the books are to be assembled at the next meeting. A program for the year and various parties were also arranged.

Advice to The LOVELORN

By Miss Experience

Dear Miss Experience: Women trouble me greatly; they are always running after me. Sometimes when I go to school I have to walk all the way to the back door to get in the building to avoid the women and then most of the time they follow me. One day a brown-headed sophomore girl (she's very cute) tried to kiss me and I almost had to climb out a window in the English room. Really, it embarrasses me and I just can't help my face turning red.

I am a junior in high school, a football player, and I make A's on all my report cards. I do a lot of figuring but now I am tired of figures so will you please tell me how to avoid these high school women.

Signed,
The 'It' Boy

Dear 'It' Boy: I've had a great many young fellows to ask how to get a girl but this is the first time I've had someone ask me how to get rid of one, or rather a bunch of girls.

My advice to you is to start running after the girls if you really want to get rid of them. That always works. Walk around and smack one of them on the cheek some time and see what color their face is after you do.

Let me hear from you to tell me how this scheme works.
Your Friend,
Miss Experience

BROWSING In The Library

REVELLE IN WASHINGTON
By Margaret Leech

History—with its humour and its pathos—drawn against the background of a sprawling, provincial, part-Unionist, part-Secessionist capitol city from 1860 to 1865 forms the content of Margaret Leech's new book REVELLE IN WASHINGTON.

Washington, situated on the northern fringe of Confederate Virginia and surrounded by the soil of pro-slavery Maryland, yet embodying in its very existence as the seat of national government all the principles and ideals for which the United States stands, struggled to preserve the union through four long years of war.

Political dissension, profiteering quarrels, and jealousy among army officials vied with the reverberations of Bull Run, Chancellorsville, and Shiloh in slow-

ly destroying the gallant, shadowy spirit from Illinois who acted with "malice toward none but with charity for all." From the reveille of the thundering guns of Fort Sumpter to the taps of Appomatox, Margaret Leech tells the other side, the Union side of the Civil War. This book is available at the library.

Feed Control Ruling Admits Added Grade Cottonseed Meal

A new ruling by the Division of Feed Control Service effective Nov. 1, 1941, permits the marketing of 41 per cent protein cottonseed meal. It must, however, contain not more than 12 per cent crude fiber, the maximum amount allowable in 43 per cent protein cottonseed meal, and not less than 46 per cent of crude protein and crude fat combined.

A large number of analyses of cottonseed meal, during the past 25 years has revealed the fact that there was a decrease in protein content of cottonseed in 1924-25 and that it has been reasonably constant since that time until there was a further decrease in 1940-41. Moreover, the evidence to date indicates that the current crop is low. The deficiency exists mainly in the eastern half of the State. Crushers in this area have experienced difficulty in making 43 per cent protein cottonseed meal or cake, the heretofore allowable minimum.

Consumers are not interested in purchasing hulls in cottonseed meal as indicated by crude fiber and hence the crude fiber for the 41 per cent protein cottonseed meal established is the same, 12 per cent, as the maximum crude fiber for 43 per cent. This ruling permits the millers to manufacture 41 per cent protein cottonseed meal, in addition to 43, 45, and 48 per cent protein cottonseed meal, provided that excessive percentages of hulls are not introduced, and for this reason limits the crude fiber to the same maximum as the 43 per cent protein cottonseed meal. This means that if cottonseed contains the proper amount of protein to make a higher grade, such a grade will result by the limitation of crude fiber in the usual process of manufacture. If the seed is low in protein, the change will permit making the lower grade without increasing the crude fiber. In the event that such cottonseed produce contains more than 12 per cent of crude fiber, it is required to be labeled cottonseed feed.

This ruling has been made after considering evidence presented by the Texas Cottonseed Crushers Association as well as evidence from consumer groups, together with a careful examination of our own records.

The definition of 41 per cent protein cottonseed meal of cake approved October 17, 1941, by A. B. Coner, Director of the Texas Agricultural Experiment Station, effective November 1, 1941, is as follows: "41 per cent protein cottonseed meal (or cake), prime quality, must be reasonably bright in color, not brown or reddish, sweet in odor, and free from excess of lint. Standard: It must contain not less than 41 per cent of crude protein and not less than 46.00 per cent of crude protein and crude fat combined, and not more than 12 per cent of crude fiber."

Mr. and Mrs. John T. Williams left Wednesday for College Station where they went to attend the Texas-A. & M. football game Thursday.

Mr. and Mrs. C. P. Peavy and daughters, Betty Ann and Nancy, left Wednesday for Marfa for the holidays. They will visit with Mrs. Peavy's parents, Mr. and Mrs. J. B. Pruet.

Tom Miller, Del Rio, was a business visitor in Sanderson Saturday and calling on friends.

E. P. Halley was brought home from the S. P. hospital in Houston where he has been confined with a broken left arm received in a train collision about three weeks ago.

AT THE PRINCESS

A full round of entertainment finds its way again to the Princess screen for the coming week. The country's best tap dancer, the season's funniest slap-stick comedy, and Western's drug store cowboy will parade before the local nightly footlights.

You'll Never Get Rich

Topping the others in real pleasure will be "You'll Never Get Rich" with drafted Fred Astaire nimbly one-twoing it in fancy military style beside one of Hollywood's most recently discovered sensations, Rita Hayworth. They promenade here next Wednesday and Thursday, and incidental humour as well as pathos will be attempted by Robert "How to Sleep" Benchley.

BOYS FROM SYRACUSE

Here comes one of the movie-land's real features. Whether accidental or planned, the comedy of this picture can't be surpassed. Although this is its second run, and although times are now fast, it is still timely, and

the lingo Allan Jones, Martha Raye and Joe Penner give the ancient Greeks leads one to wonder whether the Greeks really had the best word for it. It's due next Tuesday.

Flying Blind

Richard Arlen and Jean Parker collaborate in this script to foil some of Uncle Sam's deadliest enemies, spies, in the show appearing Sunday and Monday. From an aviation line for honey-mooners, these two airmen are suddenly and without premonition shoved amidst some of the most ruthless of fifth columnists. And they win too.

Sierra Sue

For next Friday and Saturday week Western lovers will again be wooed by the unesimatable Gene Autry. Another song title disgarded into a movie title, merely announces that he will again sing as he battles the bully brutes for the good and righteous.

Mrs. Lee Grigsby and two grandsons, Francis and Willie Grigsby, accompanied by Misses Helen Simpson and Lila Christopher, left Wednesday for McCamey. Mrs. Grigsby and grandsons will visit during Thanksgiving in the homes of Mr. and Mrs. Walter and Mr. and Mrs. LeRoy Grigsby, Miss Simpson and Miss Christopher will continue to Lamesa for the holidays.
