Glenn, 44, of Houston, died at 2:25 p. m. Wednesday, February 11. He was a member of the Southern Railroad Brotherhood of Sanderson lodge No. 11.

Funeral services were held at the home of Mrs. W. R. Glenn, 4401 Waco, at 10 a. m. Thursday.

Survivors include his widow, Mrs. W. R. Glenn, and one daughter, Miss Glenn of Beaumont.

Service Program at Church Monday

A service program of the church was held at 7:30 p. m. Monday at the home of Mrs. W. R. Glenn. The program was given by Mrs. W. R. Glenn and her daughter, Miss Glenn.

Hamiltons Are Hosts To 16 Young People At Valentine Party

The home of Mr. and Mrs. R. V. Hamilton was the scene Thursday, February 12, of a Valentine party for several boys and girls of Sanderson.

Ed Conner, Allens Buy Livestock, Lease Of Williams Bros.

Transfer of the lease of the Williams Brothers on the eighteen section ranch of Bud Holmes, thirty miles northeast of Sanderson, and the purchase of the livestock was affected last week by R. N. Allen, James Allen, and Ed Conner.

Two Boys Honored At Birthday Party On Carruthers Ranch

A birthday party honoring Carroll Talbot and "Pinky" Carruthers was given last Saturday at the John Carruthers Jr. ranch.

Mary Dever To Be Bride Of Edward Downie

Valentine Day was the appropriate occasion chosen for an announcement of wide social interest, revealing the wedding plans of two popular young San Antonians.

Through oversight on the part of the editor, the Times failed to carry the results of the show in last week's paper. We feel, however, that the information is still valid.

Gene Thorn gave one, C. C. Mitchell, two, the Rotary Club, one, and Robert Kerr gave one. The prize money was presented by Terrell County ranchmen and merchants.

Billy Short won first and second prizes with the calves, netting \$2.50 for first and \$1.50 for second money. In the Lamb Division Don Allen won \$2.00. Harvey Rogers won \$1.50, Marshall Cooke, \$1.00, Frank Stavley, 50c, Eugene Thompson, 50c, Junior Bowden, 50c, Edward Chastain, 50c and Milton McDonald, 50c. The remainder of the prize money was given on the points per lamb at the five point judging. Each point was worth 15c.

Don Allen had five lambs and each was awarded five points; Harvey Rogers got five out of a possible five points; Marshall Cooke received twenty-three out of twenty-five; Frank Stavley, eight out of ten; Eugene Thompson, ten out of ten; Junior Bowden, ten out of ten; Edward Chastain, five out of five; and Milton McDonald, six out of ten.

Ben F. Dawson Seeks Third Term As County Treasurer

Ben F. Dawson has authorized the Times this week to announce his candidacy for re-election as treasurer of Terrell County, his candidacy subject to the action of the Democratic primary, July 25.

Mr. Dawson, a resident of Terrell County for 24 years, presents as his qualifications, his past record in office. These records are open to public inspection, and he suggests that the citizens of the county do consider them when they make their selections in July.

Ed Conner, Allens Buy Livestock, Lease Of Williams Bros.

Transfer of the lease of the Williams Brothers on the eighteen section ranch of Bud Holmes, thirty miles northeast of Sanderson, and the purchase of the livestock was affected last week by R. N. Allen, James Allen, and Ed Conner.

The call came Wednesday night from San Francisco, where the destroyer had just docked for a short stay (he did not

TAX EXPERTS TO BE IN SANDERSON FEBRUARY 25

Collector of Internal Revenue Frank Scofield has announced that Deputy Collectors M. E. Chapman and W. R. Notwotney will be stationed at the County Courthouse, Sanderson on February 25, to help the people of this locality in filing their income tax returns.

A great many more returns will be filed this year than in previous years, and a great many more people will find it necessary to ask questions regarding their exemptions, allowable deductions, etc. The Collector's force in this district has been increased in order that there will be a sufficient number of Deputies to answer any and all questions taxpayers might care to ask.

This year people who have never before filed an income tax return will be liable, due to the fact that the basis for determining liability has been changed in that exemptions have been lowered to \$700.00 for a single person and \$1,500.00 for a married person. Deputies Chapman and Notwotney will be glad to assist anyone who cares to go to them in making out income tax returns, and there will be no charge whatsoever for this service.

It is requested, however, that all who need help make arrangements to secure such help as early as possible in order to prevent congestion on the day of March 16, the last day for filing.

Collector Scofield states that he and his deputies are willing to do everything in their power to help their fellow South Texans; however, cooperation is necessary for the taxpayer himself, so be sure to see about your income tax return early.

Ed Conner, Allens Buy Livestock, Lease Of Williams Bros.

Transfer of the lease of the Williams Brothers on the eighteen section ranch of Bud Holmes, thirty miles northeast of Sanderson, and the purchase of the livestock was affected last week by R. N. Allen, James Allen, and Ed Conner.

Mr. Conner bought 900 head of ewes, and six saddle horses; the Allens bought 1800 ewes, and 260 goats. The property was divided between them, the Allens acquiring twelve sections, and Conner, six sections. Mr. and Mrs. James Allen will supervise the work on the twelve section ranch leased by him and his father.

Nine hundred of the ewes, five and six years old, were bought at \$8.00 a head; 1800, two to three years old, brought \$10.00 a head; and the goats were purchased at \$3.25 a head.

The sale of the lease and livestock followed in effect the drafting of the Williams brothers into the army. Jack and Gene Williams have already been signed and have their stations; and the third brother, Charles, will be signed shortly.

Mrs. Paul Collins This Week's Hostess To Friday Bridge Club

The Friday Bridge Club met last week at the home of Mrs. Paul Collins with three tables of bridge.

Mrs. R. D. Holt won high score prize, Mrs. Conway Pickard, second high and consolation went to Mrs. Jack Laughlin.

Fresh strawberry ice cream and heart-shaped angel food cake were served with a salad plate to Mesdames R. D. Holt, Lee McCue, Orville Work, Will Savage, P. P. Courtney, Gus Prickett, Bill Tisdale, P. E. Gray, Jack Laughlin, J. D. Weaver, Peter Parker and Conway Pickard.

Scofield Announces Who Must File Income Tax Return

Collector of Internal Revenue Frank Scofield has issued the statement that approximately 100,000 more people in South Texas will be liable for filing of an income tax return this year than were liable last year. This is due to the fact that the revenue laws passed by the Congress changed the basis on which income tax is paid, and also lowered the exemptions allowed.

A single individual in 1940 was allowed a personal exemption of \$800.00—this year he is allowed a personal exemption of only \$750.00. The same is true of a married couple—in 1940 they were allowed \$2,000.00; this year they are allowed only \$1,500.00. The credit for dependents remains the same—\$4.00 for each child under 18 years of age or indigent adult solely dependent.

Every single person having a gross income of \$750.00 or more; every married person, not living with husband or wife, and having a gross income of \$750.00 or more; and married persons living with husband or wife, who have an aggregate gross income of \$1,500.00 or more, must file a return.

Collector Scofield also calls attention to the fact that where a joint return is filed by either husband or wife, both signatures are required. If an agent with power of attorney prepares the return he may sign for both husband and wife; however, this is the only circumstance which eliminates the necessity for both husband and wife signing the return themselves.

If any citizens in South Texas is in doubt as to whether he should file an income tax return, it is only necessary that he report to the deputy collector nearest him, and this deputy will be glad to advise him. There is absolutely no charge for any service performed by a deputy collector of Internal Revenue, and Collector Scofield hopes that every South Texan will feel free to call on his men.

SON TO LATTIMORES

Mr. and Mrs. W. G. Lattimore are the proud parents of a baby son, born Friday, February 13, in a Pecos hospital. The paternal grandparents, Mr. and Mrs. M. R. Lattimore of Sanderson, had not been informed as to how much the young man weighed nor what he was to be named.

Mr. and Mrs. Russell Walker of Fort Stockton were here last week-end visiting with Mr. and Mrs. T. R. Arrington, parents of Mrs. Walker.

Cooke's Grocery and Market Is Sanderson's Newest Edifice

Sanderson's modern and new-age grocery and market opened its doors to patrons last week-end, and under the management of Mr. and Mrs. Greene Cooke is ready to offer its customers the best in all types of groceries and meats at a price consistent with good business policies.

TIRE RATIONERS MOVE OFFICES; MEETING TIME SET

The Terrell County Tire-Rationing Board has moved its offices to the courthouse and will receive applications for certificates there. The board will meet every Tuesday, Thursday, and Saturday from 5 to 6 p. m. and all applications must be submitted at those times. None will be considered at any other time or place.

The Tire-Rationing Board has been authorized to receive applications for the position of clerk for the board, subject to the regulations of the Civil Service Commission. The position will be full time and will pay a salary of \$900 per year. Applications are to be presented to the board at the time of the meetings. Applicants must have had some clerking experience.

Mary Dever To Be Bride Of Edward Downie

Valentine Day was the appropriate occasion chosen for an announcement of wide social interest, revealing the wedding plans of two popular young San Antonians.

Mrs. T. T. Campbell announced the engagement and approaching marriage of her niece, Miss Mary Dever, to Edward R. Downie of San Antonio and Sanderson, the announcement having been made at a small informal tea on Saturday afternoon in the Campbell home.

The attractive bride-elect, who is the daughter of Frank H. Dever of Shaw, Miss., and the late Mrs. Dever, has made her home with her aunt for the past several years. She was graduated from Thomas Jefferson Senior High School and has been attending Incarnate Word College.

The bridegroom-elect is the son of Mrs. Edward R. Downie and the late Edward R. Downie. He is at present a student in the Air Corps School at Mather Field, Sacramento, Calif., and will receive his wings in March. He attended Washington and Lee University and the University of Texas. He is a member of the Sigma Nu Fraternity.

The wedding will take place in California shortly after his graduation.

Red and white blossoms were arranged in a Valentine centerpiece for the tea table on Saturday afternoon, when Mrs. Campbell entertained members of the families and intimate friends of the bride-elect. —Express

4-H Club Lambs Scheduled for Entry In Texas Stock Shows

Don Allen and Harvey Rogers led the prize winners in the 4-H Club Lamb Show in Sanderson, February 7. High money winner however, was Billy Joe Short, who went away with \$4.00 for his calf exhibit. The show was supervised by W. T. Posey, county agent for Pecos County; and sponsored by the Sanderson Rotary Club.

Following the showing here, the lambs will be shipped to various shows over Texas to be entered in contests. Fifty of them were shipped to Ft. Worth for the show there on February 13 to 23. Twenty-five will go to San Angelo for show on March 5 to 9; and twelve are scheduled to appear in El Paso at a show to be held from February 27 to 31. The two calves in the exhibit are to be sent to the El Paso show also. In the meantime, the stock will be fed at the N. M. Mitchell ranch.

In the Sanderson Exhibit, T. W. Hillin of Fort Stockton was judge. Some of the lambs shown were among those sold at the P-T. A. auction last fall and donated by the buyers to the boys. Keith Mitchell donated three.

Through oversight on the part of the editor, the Times failed to carry the results of the show in last week's paper. We feel, however, that the information is still valid.

Gene Thorn gave one, C. C. Mitchell, two, the Rotary Club, one, and Robert Kerr gave one. The prize money was presented by Terrell County ranchmen and merchants.

Cost of the feed for the lambs prior to the coming shows will be paid from the donations of the ranchmen and merchants. \$40.20 will go toward feed and shipping costs to Fort Worth, and \$6.00 will be spent in getting the calves to El Paso.

The 4-H boys who participated in the show have asked the Times to express their appreciation for the help given them by the Sanderson ranchmen and merchants, and wish to say that through this help, the 4-H Club will go on to future successes.

P-T. A. Officers Honor District Head With Informal Tea

Mrs. L. P. Bloodworth of El Paso, district president of the Parent-Teacher Association, was guest of an informal tea in the home of Mrs. C. P. Peavy, Thursday, February 12.

The afternoon was spent in discussing the duties and aims of the various officers, and each member was given an opportunity to become better acquainted with the district president.

Following an enlightening talk by Mrs. Bloodworth, the hostess, assisted by Mrs. Tol Murrah, served refreshments to the group.

Mrs. Bloodgood met that night with the Mexican P-T. A.

The call came Wednesday night from San Francisco, where the destroyer had just docked for a short stay (he did not

know how long) before returning to the high seas.

They are "ready for more action," Mrs. Wilson reported her son told her.

Hunt and Wilson are both signalmen first class, but had had training with gun crews, Mrs. Wilson said her son told her, and with many other navy men whose normal duties involve no shooting were pressed into emergency service when the bombers swooped down in the surprise raid.

Wilson told his parents he and Hunt were in the same gun crew and saw five Japanese planes crash in flames before their fire. He did not say whether they were manning a machine gun or anti-aircraft cannon.

Their destroyer was undamaged and none of the crew was hurt.

"We didn't get a scratch," Wilson said.

It Happened in Sanderson TEN YEARS AGO This Week—Remember?

Feb. 19, 1932

A preparatory school and Junior College was opened on Monday, Feb. 8, at the Circle Bar Ranch 47 miles southeast of Fort Stockton, according to a news item appearing in the Fort Stockton Pioneer this past week. This unique college is for boys between the ages of 14 and 20.

The school is being conducted by Otho Adams, prominent young ranchman of Pecos County and who is well known in this city. Homer Adams, also well known here, and has formerly been connected with Draughon's Business College in San Antonio, and W. R. Calvert.

C. L. Sims, extra conductor on the west end of the T. & N. O. received minor injuries early Sunday morning when he was thrown from the rear end of his caboose just as the freight train he was on pulled out of Ryan, a section just this side of Valentine. Soon after the freight train had started, its conductor, E. B. Litton, gave the stop signal.

H. D. Williams is in Houston this week having gone to attend a meeting of the B. of R. T. Mr. Williams is on the general grievance committee.

The George Washington theme was the inspiration that prevailed Wednesday at the meeting of the members of the Wednesday afternoon Bridge Club and a few invited guests, Mrs. J. C. Green being the hostess.

WITH OUR NEIGHBORS

McCamey News—Final Plans for the Fifth Upton County Boys' 4-H Club Fat Lamb and Sheep Show and Colt Show have been worked out and the show will be held on March 2 at McZandt football field at Rankin. The show committees have planned a free barbecue for that date at 12:00 and everyone is invited to attend the show and the barbecue.

Asherton Tribune—Early this week, three boys ranging in age from 15 to 17 years living in a town in this area, came very near getting into serious trouble. The boys were out hunting and apparently got pretty hard up for something to use as a target. They shot at a "danger sign" on a Central Power & Light Company sub-station fence, but they missed the sign and shot a hole in one of the high voltage transformers. The insulating oil gradually leaked out, and the transformer "flashed over." This

caused an interruption to electric service for over 30 minutes to several towns and for several hours to the town where the transformer was located.

If it was believed that the boys willfully damaged electrical equipment or interfered with electric service, they would have been guilty of sabotage under a 1940 Act of Congress and liable to a fine of \$10,000.00 and/or a ten year prison sentence.

Big Lake Wildcat—The Ninth Annual Reagan County Boys' Livestock Show will be held this year February 20 at the vocational agriculture feeding barn. Plans were completed at the last meeting held by the F. F. A. committee for one of the best shows yet held by the Reagan County boys.

Fort Stockton Pioneer—The Fort Stockton City Council Tuesday voted to offer a reward of \$100 to anyone furnishing information leading to arrest and conviction of persons stealing a tire or tube within the city limits of Fort Stockton. Similar action was taken Monday by the Pecos County Commissioners' Court, except that the county reward applies to the entire county.

Fort Stockton Pioneer—In Pecos County, east of Fort Stockton, lies the best suited area in the U. S. for Commercial production of guayule rubber shrub, says C. L. Chapin of Washington, D. C. in an article which was included in the Congressional Record by Representative R. E. Thomason, El Paso, on February 5, in connection with debate on government appropriation to buy existing seed stocks and assets of a California company which has pioneered in development of guayula.

Big Bend Sentinel, Marfa—Problems of sheepmen and goatmen in the Highland area, particularly those presented as the result of the marauding of predatory beasts, were pointed to Saturday morning at the Marfa meeting when the Highland Sheep and Goat Raisers' Association came into being.

Several of the Stockmen emphasized the importance of doing something about the losses which probably will result during the lambing season when flock attacks by eagles will be a problem. The aid of predatory animal control agencies might be secured more easily by the united request of the men who raise sheep and goats if those raisers had their own organization, it was pointed out.

Monahans News—A 24-hour guard will be placed over the Monahans airport effective Sunday, local flyers have announced. The field is to be designated as a defense airport under new CAA rulings, and will be one of 15 airports in Texas so designated.

HOW MUCH

Is a Bank Worth to its Community?

You may know how much a week you should pay a good cook, bookkeeper or ranchhand, but how much are the services of a good bank worth to you?

A good bank's services should be worth what it costs the bank to handle your account, including a fair return on invested capital. By maintaining a compensating balance in proportion to your account's activity, or by paying a service fee on small, or highly active accounts, which otherwise would cause the bank a loss, you "do your part."

Sound banking requires support from the public as well as from bankers.

Facts About Your Income Tax Return

In the event of failure to make and file an income tax return as required by law within the prescribed time, a certain percent of the amount of the tax is required to be added to the tax unless failure to file the return within the prescribed time is shown to the satisfaction of the Commissioner to be due to reasonable cause and not to willful neglect.

The amount to be added to the tax is 5 percent if the failure is for more than thirty days with an additional 5 percent for each additional thirty days or fraction thereof during which failure to file a return continues, not to exceed 25 percent in the aggregate.

A taxpayer who files a tardy

return and wishes to avoid the addition to the tax for delinquency must make an affirmative showing of all facts, alleged as reasonable cause for failure to file the return on time, in the form of an affidavit which should be attached to the return. Alleged ignorance of the law does not constitute reasonable cause for delinquency.

Taxpayers should make every effort to file their returns within the time prescribed by law and thus avoid the possibility of the additions to the tax for delinquency in filing returns.

As I Was Saying

By Aynah Nemus

Explosive expletives condensed the air into profane vapors at a collection of idlers at a local filling station a few days ago. The character from which emanated such incongruent English was the owner of a car being assayed by the hired hand.

"I don't mind," he said, "Your kinking the gas tank adjusting the exhaust. I'm not particularly perturbed that you should break my battery cable, just administering battery water. And even that crack you put in my windshield cleaning it doesn't cause me great ire. BUT

"I can't control myself, and righteously so, when you scratch that rubber gear shift knob"

Which reminds me (and I do not know why it should) of the old story about the Communist giving a farmer the once over. The share-it-all contender believed that he had the farmer sold on his idea so he tested him:

"And if you had one thousand

acres of land, would you give me half of it?"

"Yes sir!" the farmer ejaculated.

"And if you had five hundred head of cattle, would you give me half of them?"

"Most assuredly."

"And if you had 150 chickens and 100 hogs, would you give me half of them?"

"Heck no!"

"And why not?" the Communist, startled, queried.

"Because I've got 150 chickens and 100 hogs."

OLD JUDGE'S JINGLES

He got his girl at half past eight, But he thought of his car and not of his date;

They rode four blocks and he heaved a sigh, When they hit a bump, he knew he'd die.

But the angelic girl allayed his fear,

"Save your tires," she said, "run outta gas here."

IT'S EASY THIS WAY

TEXAS STUDENTS TO BUILD PLANES FOR ARMY STUDY

Austin—Texas school children today received an important war assignment—the construction of 20,000 model aircraft for use of military forces and civilian defense.

Dr. L. A. Woods, State Superintendent of Schools, said the request came from the Navy Bureau of Aeronautics through the U. S. Office of Education, with notation that the planes be built to scale in order to make them adaptable for such military training purposes as recognition, range estimation, and determination of cones of fire.

The project involves the construction of approximately 50 types of planes, including those of the United Nations and of the Axis countries. The models are to be constructed according to plans and specifications to be furnished by the Bureau of Aeronautics. The smallest model will have a wing span of 5 1/2 inches, the largest 25 inches, while the majority of the models will have less than a 12-inch wing span. Models will be constructed of wood such as white pine, poplar and bass.

In order to complete the job with the greatest speed possible, and in order that the largest number of individuals may have a part in the program Woods said an effort would be made to see that students in all public and private high schools and vocational schools have an opportunity to participate.

CARRY YOUR PURCHASES

The shopping public can help to conserve tires, trucks and paper by carrying home bundles instead of depending on delivery service, according to a statement issued by Washington officials.

"We need to save every bit of paper that we can in order to assure a sufficient supply of containers to ship munitions, food and clothing to America's fighting men at home and overseas," the statement said. "Moreover, it is necessary to relieve pressure on our domestic trucking facilities."

for the 52 weeks of the year, and married persons living together who have aggregate earnings of as much as \$28.85 a week for the year are required to file returns.

EAGLE AND FOUR FREEDOMS

United States food products will soon be showing an American Eagle poised protectively over a boat, fending off an enemy bombing plane. Stars representing the four freedoms—speech; freedom of worship; freedom from want; freedom from fear—are over the eagle, just below the "U. S. A."

The emblem was designed by Walt Disney and adopted by the U. S. Department of Agriculture. The design has been sent to several thousand processors who have contracted with the Department for food supplies under the Lend-Lease shipment and domestic distribution to low-income areas to meet the other needs of the Food For Freedom program.

Sure we can do it!

Old Man Texas has sharpened his pencil. There's a job to be done.

Uncle Sam has a war to win and it will be paid for by you and me.

Our big job is to meet rapidly increasing federal taxes and buy defense bonds. And added to these are the costs of our local and State governments, including bond issues. The money to pay for them must all come out of the same pocket.

To make the bill fit our pocket, we're going to have to cut out some of the things we can do without. Among these are new bond issues, new State and local taxes and nonessential spending in every branch of government.

Old Man Texas is looking to taxing officials all over the State to be on the alert to effect economies.

Every local tax dollar saved for Texas taxpayers is another dollar available for victory.

EDITED BY THE STUDENTS OF SANDERSON HIGH SCHOOL

Take Off Day Tour to Bad Caverns

February 13, eight girls of the senior class for Carlsbad, N. M. trip. The student trip were Sam Eaton, Dewain Hill, Lee McSparran, Ross Stavley, Patty Billings, Conaughy, Vima Corder, Marybelle Bea Osgood, and Mrs. Charlie C. F. Stavley and were sponsors.

They left Sanderson at 8:00 Friday morning for Carlsbad. They stayed in the courts. They spent the night seeing the students left at 6:00 Saturday morning and spent from ten to three thirty going Caverns.

They were making the trip Sanderson Saturday returned Sunday.

SNOOPER

HEARS NOTHING
SEES NOTHING
TELLS ALL

Why was Maurine Frazier's face so long when the Seniors drove past school on their way out of town Friday?

The Seniors thought maybe they would have to make a special trip back to Sanderson to bring Dewain, but they found that he liked "mush" away from home, too.

We hear that Ross Stavley was stabbed in the back by Sam Bell.

J. D. was heard singing in the shower. He must have been happy.

Snooper heard that Ross slept under the bed. Ross says that he didn't sleep. I don't get it.

My, my, Loyd and Billie Jo parked thirty miles out of town and they really were out of gas.

To the Senior girls' delight, there were 140 soldiers going through the Caverns with them.

We hear the Caverns are still ringing with "Deep in the Heart of Texas" as sung by the S.H.S. seniors as they went through.

The girls are still talking about the good looking ranger escorts at the Caverns.

J. D., Theron and Ross had a nice game. Theron was the winner.

Boy, what some Junior girls would do if they knew as much as Snooper. Bang! Bang! And two senior boys would be gone.

Theron was seen with three different girls during a short period of time—some work.

Ross Stavley has a caveman technique—so we hear.

J. D. got so excited he drove twenty miles up a dead end road in the opposite direction of Artesia.

Time surely does fly—especially when some peoples' ages jump from 17 to 21 in two days.

The senior girls are doing all right. They made two of the senior boys get up out of bed and with the company of two more boys, take the whole flock of girls walking.

Marybelle doesn't like to be awakened once she goes to sleep. The seniors learned that Saturday morning.

It seems that some of the students didn't fare so well in the snow. But still they wish for more. They must want revenge.

David Duke, remember where you are when you start talking.

Maurine Cox seemed happy the other day—Ross was in town.

The eighth grade girls were all aflutter Wednesday over a new boy.

Snooper knows that much more has happened than was turned in, but how can he put it in the paper when it isn't reported?

Marshall had Clara Alice out the other night. Curtis, where was Billie; and Edward, where was Janice.

Build 'Em or Fix 'Em, Is Ambition of Boys in S.H.S. Radio Club

Hear anything? You don't! Well you will.

The world is demanding more and more radios every day and anyone who can make or fix one has a good chance in the future of getting a good job on some radio program or in some army camp.

Radio Club of Sanderson High School was started the last half of this year for the boys who wish to learn to make a radio or get the idea as to how one is made. After learning to make and operate radios some of the boys may decide to follow radio work after they finish school.

Mr. Smith, who is teaching the boys, is letting them order a radio that has not been put together so that they can put it together themselves. There are 21 boys in the club and it meets once each week.

Homemaking Girls Offer Suggestions For Saving on Clothes

During the emergency which we are now facing, homemakers must save on their clothing budgets as much as possible. Every homemaker should search her closets to see if he has any old clothing which could be reconditioned.

The Homemaking class this semester has made several suggestions and ideas for making over old clothes and alternating them for the young children of the family.

From a man's suit one could make a lady's suit. From the pants one could make a skirt. From the coat make the jacket for the skirt, the vest could be made over attractively into a jerkin by taking the back out and stitching in some material of a contrasting color. Flannel would be suitable.

From the shirts one could take the back and tails and make small children's garments. An old dress which has a good skirt but bad blouse, could have a new blouse of a contrasting color added. From a dress, the skirt could be made over into a dress for a small child or for a skirt for the lady. From the old evening dresses one could make house coats.

I WAKE UP SCREAMING (Sunday and Monday)

If your desire in motion pictures is comprised in a story including suspense, emotion, crime and suspects, false clues, and all the other assets of a good detective yarn, including romance, you'll really go for the show next Sunday and Monday.

Besides the points above, it has Betty Grable, legs and all, and the he-man Victor Mature, with Carole Landis who starred with him in the prehistoric epic, "Two Million Years B. C." A hard-boiled yegg in the detective role is Laird Cregar, and his assistant, not quite so hard, is William Gargan, and among the suspects, besides the two stars themselves, are Alan Mowbray and Allyn Joslyn, who also furnish humor.

The murder points directly to Mature, and he's it until the last minutes, when he proves himself, who really did it.

This picture was first introduced under the title, "Hot Spot" but at the last moment it was given its original name. So if your favorite movie magazine boosts "Hot Spot", remember it's "I Wake Up Screaming."

★ ★ NOTHING BUT THE TRUTH (Wednesday and Thursday)

Bob Hope, who is spending his time entertaining the soldiers and sailors (and well, too) will appear in another screen continuity script that will equal, if not exceed, its predecessors in laughability.

It's the same line of gags, but of the married women sued.

You and each of you and your unknown husbands and heirs are hereby commanded to appear and answer at or before ten o'clock A. M. on the first Monday after the expiration of forty-two days from the date of issuance of this citation, being Monday the 30th day of March, A. D. 1942, at ten o'clock A. M. then and there to answer a petition filed in the District Court of Terrell County, Texas, on the 9th day of February, A. D. 1942, in Suit No. 1984 on the docket of said Court wherein N. D. Blackstone and Gillean Blackstone, husband and wife, and Mrs. Josephine Slaughter Individually and as Community Administratrix of the estate of herself and her deceased husband, W. L. Slaughter, all of Tom Green County, Texas, are plaintiffs and you and each of you so named and your unknown heirs and husbands are defendants, said suit being an action in trespass to try title for damages brought by the plaintiffs against their unknown husbands

the situation which exists all through the picture, keeps one chuckling even when the going gets tough on the hero.

Paulette Goddard is his opposite, and because he loves her, she's the only one his truths fail to insult.

But let's get down to the skeleton of the story. It begins as Hope enters a partnership with two very sly schemers and he gets mad when he finds that they'll tell a prospective customer anything. They therefore bet him the small some of \$10,000 that he can't go for twenty-four consecutive hours and tell "nothing but the truth." They then take him aboard a yacht where are assembled the town's biggest and proudest people. His 'truths' to them are not only insulting but embarrassing. And he becomes as popular as a well-known feline with a broad white stripe down its back.

Edward Arnold and Glenn Anders are the partners; Willie Best, the negro cook who saves the day; and Lelf Erickson and Helen Vinson enter into the plot.

★ ★ STORK PAYS OFF (Tuesday)

Slapsie Maxie Rosenbloom is the center around which this picture rotates. He's the dumb but good-hearted gangster who finds that raising kids isn't child's play.

He's assisted by Rochelle Hudson, and Victor Jory and a gang of killers who think the boys are in the money because they own a Stork Club

Conservation IS THE KEYNOTE OF WARTIME AMERICA

Uncle Sam Says: "Take Good Care of the Things You Have"

Your Electrical Appliances Can Help You Save

AS America's military might grows, more and more of the nation's supply of food, metals, textiles and other resources must be devoted to war uses, leaving less and less for civilian consumption. That means that all of us must learn to conserve what we have in order that essential raw materials may be released for war purposes. Uncle Sam says: "Buy carefully; take good care of the things you have; waste nothing."

Your electrical appliances can help you in this program of conservation. Intelligent use of your electrical equipment not only enables you to prevent food waste and prolong the life of clothes, linens, rugs and other household furnishings; it also conserves your time and energy and helps safeguard your health and eyesight.

There is no room for waste in wartime America. It is up to all of us to conserve what we use and own... to make things last as long as possible. Your electrical appliances, by helping you save, enable you to do your part in the conservation program and at the same time maintain your family's health and morale at a high level.

COMMUNITY PUBLIC SERVICE CO.

Your Electric Refrigerator prevents food spoilage...preserves vitamins...enables you to buy food in quantities on special bargain days.

Your Electric Range saves vitamins...reduces meat shrinkage... tenderizes cheaper cuts of meat... saves on kitchen cleaning and redecorating expense.

FSA Authorized To Make Aid Loans To Farm, Ranch Clubs

Herbert A. Dodd, Rural Supervisor of the Farm Security Administration office located in Alpine, says that his organization has been assigned a definite place in America's war economy through Food for Freedom loans.

Mr. Dodd states that immediate, extreme increases in the production of vital foods are demanded of farmers and ranchmen as their part in our struggle for existence. The nations straining to garrison the strongholds of freedom with fighting men and to implement them with the weapons of war, are hungry. They must be fed—and well fed—by the United States. The imperative requirement is laid upon America's food producers to create the margin of strength that will mean the difference between our victory and our defeat.

He further states that in this struggle to keep food supplies ahead of hunger, that FSA has been mobilized, not for a new job, but to handle a familiar job more effectively. The promotion of food production is not strange to the FSA, for one of the cornerstones of the rehabilitation of our borrowers, has been the production of food for home consumption.

Now, however, we have not only the job of helping low-income ranch and farm families feed themselves, but seeing that

Lt. and Mrs. Allen Bosworth and son, Jimmie, have moved from Philadelphia to San Francisco where Lt. Bosworth will take up duties at a post there. While enroute to the new position, the Bosworths stopped in Sanderson the first of this week and visited with his mother, Mrs. B. I. Bosworth, and with his brother, D. O. Bosworth and family.

they produce a marketable surplus of vital commodities such as dairy and poultry products. This is our role in cooperation, with all other agencies in the Department of Agriculture's Food for Freedom campaign.

We realize that in this particular area, little can be done to increase production of the vitally needed foods on a commercial scale. However, we do feel that it is our patriotic duty to use every practical available means of producing home grown foods for home consumption to avoid drawing from the markets, that which might be used for our soldiers and allies.

Food for Freedom loans will be made to low-income rural and semi-rural people who heretofore have been unable to qualify for an FSA loan because they lacked adequate land resources, or because they were part time farmers or ranchmen.

Special loans are to be made to supervised clubs of young people; 4-H, FFA, and FHA clubs, for the production of a particular commodity or commodities. Loans will be made, for example, for club gardens, or the purchase of dairy heifers, bred gulls, or baby chicks, or for any

AUXILIARY MEETS

other purposes to stimulate food production.

Mr. Dodd asks that anyone interested in this new type loan program, please call at his office in Alpine in the Fuller building. To those who do not care for a loan, but are interested in producing food, he and Mrs. Ella R. McBride, home supervisor, will be glad to help in garden preparation, poultry plans, canning demonstration, or offer suggestions on anything that will be of assistance in producing more food.

Joe Farley of Hollywood, California, left for his home Tuesday after spending the week-end with his parents. Mr. and Mrs. B. C. Farley. Mr. Farley came to Sanderson especially to be registered from Texas in the February 16 Selective Service Registration.

Mr. and Mrs. R. V. Hamilton and son, James, returned Wednesday from Ozona where they visited for several days with Mr. and Mrs. Boyd Lovelace.

Mrs. Hugh Rose and her daughter, Mary Landon Rose, returned from Del Rio last week end. They were accompanied by Mrs. Rose's mother, Mrs. Judith Striegler.
