Seniors Are Complimented With Supper

Mrs. Aaron Billings and Mrs. J. L. Osgood, assisted by Miss Eva Billings, entertained with a Mexican supper Friday, May 15. at the home of Mrs. Osgood. The supper was given complimenting the graduating class of '42, Miss Featherstone, their sponsor; and Mrs. Gerald Grigsby, room mother.

The dining room was decorated with spring flowers, an array of colored balloons, and Mexican baskets. Favors were small Mexican hats attached to the place cards.

Twenty-four guests were present to enjoy the feast.

DOOLITTLE ONCE HERE

Brig. Gen. James Doolittle, under whose command the bombing attack was made on Tokyo and the Jap mainland, was stationed at the Sanderson Airport during World War I, it was recalled by many of the older residents here when his exploits became known. One incident which was cited as to his flying ability was that he was the first, and so far as is known, the only man to fly under the Pecos high bridge in an airplane.

INDUCTEES REPORT

Among the inductees who left Sanderson Sunday for induction centers were Charles Lorton Williams, Ollie Stout, Ricardo with Mrs. Sullivan at the piano Bustamante, Walter Wm. Baker, Antonio Leon, Narciso Holgiun, Jose Castello Flores. Geo. Trainer Adams, Edubijes Escamilla. Burto Torres Villegas, Alfonso Fuentes Trevino, Robert Wesley Dolan, Manuel Fuentes Zurita and Milton S. Holmes.

Mrs. Leonard Barksdale and T. L. Billings of Langtry were daughter, Peggy Sue, left Sathere this week for the graduaturday for San Saba where they will visit with her parents for ing exercises and visiting with several days.

PROHIBIT SPECIAL DELIVERIES, CALL BACKS

Order ODT No. 6, issued by the Office of Defense Transportation, which becomes effective June 1, places restriction on delivery service by rubber-tired vehicles.

NO SPECIAL DELIVERIES

may be made except to hospitals, military forces, or for delivery of medicine and other supplies necessary for protection of public health in emergencies.

NO CALL BACKS

may be made regardless of the purpose of the call on any given day. A call back is defined as any call made subsequent to the first call on any one person or firm in any one day.

ONE DELIVERY ONLY

may be made to any one customer except in accordance with the above outlined special deliveries.

PAYMENT OF BILLS

NEW FEDERAL RULING ON CHARGE ACCOUNTS

Attention is directed to the Reserve Board ruling regarding your account. This law prohibits me from charging merchandise to the tomers, when this customer's acco not been paid in full by the 10th of month following the purchase. B a customer makes purchases during owes a balance previous to May, not pay this bill in full before the of July, the merchant is prohibite from the extension of further case these items are paid for, at which is allowed to re-open the charge for further use. The Kerr Mercant pany is co-operating with the Po serve Board, and asks its customer theic accounts as promptly as post receipt of statements, and there, any possibility of having their char leges curtailed.

There are no restrictions a layaway purchases. There are no restrictions

Leathery in San / who is il

Uncle Sam wants you to take good care of your electric equipment-to make it last. Here are some suggestions that will help you get longer life and better service from your always economical electric refrigerator:

Use and Care of Your Electric Refrigerator

Defrost whenever frost is about 1/4 inch thick. Frost aces as an insulator-retards cold making.

Be sure door gasket seals tightly. Wipe off any groat that falls on gasket as grease destroys rubber.

Wash inside of refrigerator, including freezer, with weak baking soda solution each time you defrost.

Wash exterior with cloth dampened in lukewarm water and mild soap. If non-porcelain, wax occasionally to preserve finish

If an open unit model, keep oiled per manufacturer's instructions. Closed unit models need no oiling.

Remove dust from fins of condenser coils occasionally Keep unit compartment clean.

Den't overcrowd shelves. Air circulation is needed for dicient cooling.
