## August 10 Deadline For Retailers to File Cost-of-Living Lists

All retail merchants in Terrell County were reminded today by J. M. Hayre, chairman of the Terrell County War Price and Rationing Board, that they must file with the local board by August 10 a list showing cost-of-living articles and their ceiling prices which the merchant has added to his stock since July 1.

"The filing of such lists by the tenth of each month is made mandatory by General Maximum Price Regulation No. 1," Mr. Hayre pointed out. He also called attention to the fact that many retail merchants still have not filed the initial listing of cost-of-living articles and their ceiling prices, which should have been in the hands of the board not later than July 1.

"Failure to file that list is a violation of the General Maximum Price Regulation," Mr. Hayre said, "and we have been advised that the state office of Price Administration staff is now making a field survey to determine how many merchants have not filed this list."

The results of this survey, he said, are to be turned over to the OPA compliance and investigation department, for immediate attention.

Any merchant who still has not obtained a copy of the General Maximum Price Regulation, or of Bulletin No. 2—"What Every Retail Merchant Should Know About the GMPR"—can get copies by applying to the office of the Terrell County War Price and Rationing Board.

Mr. Hayre stressed that compliance with Price Control is an essential duty in winning the war "on the home front."

## Mrs. C. L. Sims Entertains Members Presbyterian Auxiliary

The Woman's Auxiliary of the Presbyterian Church met in the home of Mrs. C. L. Sims, Monday afternoon at 3:30 o'clock. In the absence of the president, Mrs. John F. Nichols and the vice-president, Mrs. W. H. Savage, Mrs. J. H. Loehausen presided at the meeting.

The reading of the minutes of the last meeting was heard and the following members answered roll call:

Mrs. W. E. Grigsby, Mrs. J. H. Loehausen, Mrs. Lee McCue, Mrs. M. J. Shurley, Mrs. Elton Seccrest, Mrs. J. W. McKee, Mrs. John W. Byrd, Mrs. Earl Pierson, Mrs. Bruce Kaufman, Mrs. A. A. Pope, Mrs. W. A. Davis, and the hostess, Mrs. Sims. Guests were Mrs. W. E. McGee, Mrs. Maud Sullivan, Mrs. R. D. Craig, and Mrs. J. C. Mayberry.

Mrs. McKee brought some worthwhile thoughts from her devotional, "Sin Separates from God."

The program, "Watchman, Tell Us of the Night," which was under the leadership of Mrs. Grigsby, gave insight into some of our present missionary work. The information was most encouraging, as there has been no decrease on the whole in our mission work. Some fields have been closed to our missionaries because of the war, but just as many new ones have been opened.

The next meeting of the Auxiliary will be August 10th at the home of Mrs. W. E. Grigsby.

## SON TO TURNERS

Mr. and Mrs. George Turner are the parents of a six pound baby son born Friday of last week in a Del Rio hospital. The young man has been named William Frank and he and the mother are getting along fine.

Mrs. Herman Couch is in San Angelo this week visiting with Mr. Couch's mother, Mrs. M. E. Jasper, who has been seriously ill. Mr. Couch left Tuesday for there and will visit a few days with his mother.

## FREE AID OFFERED CRIPPLED CHILDREN IN CLINIC IN UVALDE

State Superintendent L. A. Woods has announced that a clinic for crippled children will be held in the Baptist Church at Uvalde, August 5.

The purpose of this clinic, according to the State Superintendent, is to provide children in Uvalde and the surrounding counties opportunities of being examined by specialists to determine if they need treatment for their crippling conditions.

If treatment is needed to alleviate or remedy crippling conditions, treatment will be provided, according to Mr. Woods, through funds which have been appropriated to a division of the State Department of Education by the State and Federal Governments.

A letter from the Public Health Nursing Service of Val Verde County extends an invitation to Sanderson and Terrell County to bring anyone under the age of 21 with a physical defect to this clinic. Parents are invited to accompany the children to the clinic which opens at 9:00 a.m. and closes at 4:00 p.m. Lunch is to be furnished by Uvalde according to the information received.

## Careless Fires Are More Destructive Than Bombing Raids

Destructive fire is a constant menace to our personal safety, as well as the safety of our property, it is claimed by Marvin Hall, State fire insurance commissioner.

Calling attention to the destructiveness of fire, whether it be an act of sabotage, or caused by carelessness, Hall added: "However dangerous and destructive a fire may be when set by an enemy agent, a fire caused by careless neglect can do just as much damage."

The commissioner said carelessness with regard to fire hazards is one of the country's greatest dangers as wartime production is speeded.

"Disregard of simple rules of precaution against the outbreak of fires," he continued, "can cause destruction of an entire factory in an hour or so. This means serious material loss in the plant itself, to say nothing of the lost production of materials needed for warfare."

The commissioner said carelessness with regard to fire hazards is one of the country's greatest dangers as wartime production is speeded.

Quoting figures of a leading British financial paper, Hall said the estimated British property loss from bombing was placed at \$480,000,000 during 1939 and 1940. Fire loss in the United States during that same time was estimated at \$561,000,000.

## Mrs. W. D. Casey Is Honored With Shower Wednesday

A pink and blue shower honoring Mrs. W. D. Casey was given Wednesday by Mrs. Lewis Wooten and Mrs. G. W. Kyle in the home of the latter.

Those calling during the afternoon between four and five o'clock and enjoyed refreshments of ice cream and cake were Mesdames W. D. O'Bryant, Pearl Babb, Lucille Brown, Virginia Williams, Mrs. Durby Cash, Chester Smith, A. L. Stewart, Bill Calk, W. E. Lea, James Hatfield, F. G. Grigsby, Lowell Stay, T. R. Reed, J. L. Schwaibe, Maurice Griffith, O. D. Gray, Val Glenn, Jack Laughlin, Henry Werenking, and Misses Winnie Mansfield and Lano Allen.

Francis and Willie Grigsby are visiting with their uncle and aunt, Mr. and Mrs. Lee Roy Grigsby, in McCamey this week.

## MUSIC RECORDS, GOOD AND BAD, WANTED FOR ARMY

Announcement has been made by the local American Legion Auxiliary that collection of old phonograph records will be made in Terrell County all next week.

The quota set for the county is 625 records and they may be records which are scratched or broken because they will be remade into new records and placed at entertainment centers for men in the United States armed forces.

Persons who have records which have become discarded because of age, a scratch or breakage, are urged to collect them and either deliver to or call Mrs. C. P. Peavy or Mrs. D. M. Wells and one of them will call for the records if they are notified. All persons are urged to collect all the records possible for it is felt that unless a thorough canvass is made the quota for this county will not be met. The quota was set by the Auxiliary headquarters at Austin.

## Army Signal Corps Asks Texans For Small Power Plants

County USDA War Boards are conducting a search for small power generating plants for the U. S. Army Signal Corps, B. F. Vance, chairman of the Texas USDA War Board, has announced.

The plants are needed for operating communications equipment, especially at remote bases where current is not available from established plants, the War Board official said.

Types of power plants (both engine and generator) needed include gasoline, diesel, kerosene or fuel driven motors, operating 110- to 220-volt generators, AC only. Equipment of these types can be used in capacities from 500 watts to 25 kilowatts and larger.

The boards are being asked to locate plants not now in use and to advise the state board, Vance said. All negotiations in connection with inspection and approval for purchase will be handled by the Army Signal Corps directly with the owner.

R. V. Hamilton went to Fort Stockton Tuesday where he met his mother, Mrs. I. S. Hamilton, and his sister, Miss Mary Lou Hamilton, who returned to Sanderson with him for a visit.

## Letter-Writing at Six and One-Half Miles In Experiences of Maria Aviation Cadet

(Big Bend Sentinel, Marfa)  
What he described as a "novelty letter," an apt description inasmuch as it was written high in the air over Kelly Field, has been received from Harvey Smith, son of Mr. and Mrs. J. D. Bunton, who enlisted in the United States Army Air Corps a few months ago.

A portion of the letter written Mr. and Mrs. Bunton was as follows:  
"... I am in a pressure chamber going to an altitude of 35,000 feet. All of us are wearing oxygen masks and we're only up to 12,000 feet.

"We're on a 'guinea pig' detail and every day we have to go in the tank for experiment. Seems silly writing up here but at least it's different... I'll try to keep writing until we get to 35,000 ft. One fellow's fountain pen emptied all over the floor at 10,000 ft."

"Twenty-five thousand feet now... Our ears are popping and we're getting a bit lazy but the oxygen will protect us. Yesterday thirty of us worked (K.P.) from 5 A. M. until 8:30 P. M. without leaving the building. We were really tired.

"At 32,000 feet now... will stop to rest and get better collected.  
Now—approximately 35,000 ft. I feel pretty good but some of the boys are having a little trouble... Now... 35,000 feet, and

## Dealers Must File Tire, Tube Inventory With Board Saturday

J. M. Hayre, chairman of the Terrell County War Price and Rationing Board, announced this week that automobile tire and tube sellers have been granted an extension of time from July 25 to August 1, in which to file with the local board an inventory of all tires and tubes, both new and used, that were on hand as of June 30.

"This is the second extension of time granted for this report," Mr. Hayre explained, "because of the late arrival of the necessary forms."

These reports must be filed by all persons who sell new or used tires and tubes and re-treaded or recapped tires of whatever kind, not mounted on a vehicle. The purpose of the inventory is to provide a fund of information to assist in charting the future course of rationing.

"Similar reports must be made by each tire seller in each calendar quarter hereafter," Mr. Hayre explained, "but in the future the reporting forms will have to be obtained from our local board by the tire dealer. They will not be mailed to the dealer hereafter, as they were for this first report."

## Missionary Society Members Enjoy Social Hour

The Baptist Women's Missionary Society met at the home of Mrs. C. F. Stavley Monday afternoon of last week for a business session and social hour. "Virtue of Obedience" was the subject for discussion.

Mrs. J. R. Link, who conducted the program, was assisted by Mesdames O. H. McAdams, Ira Deaton and A. D. Brown. At the conclusion of the business session the group sang several songs.

Mrs. Stavley was assisted by her daughter, Mrs. Francis Mansfield, in the serving of home-made ice cream and cake to Mesdames J. R. Link, Ira Deaton, J. B. Chandler, Tom Holley, O. H. McAdams, Jimmie Caroline, Horace Fletcher and J. G. Grigsby and to Miss Ella Savage.

John Clark Jr. of El Paso was here Saturday and Sunday visiting with his parents, Mr. and Mrs. John Clark.

## 283 CAST BALLOTS AT COUNTY POLLS IN LANGUID VOTING

Little interest was shown in the Democratic Primary election held Saturday as evidenced by the light voting done by Terrell County residents. Of the more than 700 eligible voters in the county only 283 were interested enough in their local, state, and national government to go to the polls and cast a vote for the candidate they thought best qualified to serve. Lack of interest in local politics was due to the fact that no office holder had an opponent.

In the race for United States Senator, James V. Allred led the county with 120 votes. Dan Moody was second with 93 votes and O'Daniel received 56 votes.

For governor, Coke R. Stevenson received 237 votes in the county with his nearest opponent, Hal Collins, receiving only 31. Other candidates in this race received only one and two votes.

Among the nine candidates for Lieutenant-Governor, John Lee Smith led the county with 116 votes; Harold Beck with second with 43 votes. Arthur R. Miller received 16 and Vernon Lemens 15 votes.

Candidates taking first and second places in other races were as follows:

For Comptroller of Public Accounts, George H. Sheppard, 242 votes and Clifford E. Butler, 20.

For State Treasurer, Jesse James, 183; W. Gregory Hatcher, 32.

For Commissioner of the Gen- (Continued to Page Four)

## Infant Mortality Rate Decrease in Texas Is Phenomenal

Figures released by the Bureau of Census reveal that the infant mortality has reached the lowest level in the history of the State, said Dr. George W. Cox, State health officer. The reduction of infant deaths during the past year was phenomenal. For the past three years only two states had infant mortality rates exceeding Texas. The figures now available show ten states, Alabama, Arizona, Georgia, Kentucky, Louisiana, New Mexico, North Carolina, South Carolina, Virginia, and West Virginia, have rates in excess of those reported in Texas.

Infant mortality is expressed in terms of the number of deaths per 1000 live births. The infant mortality for 1940 was 68 per 1000 live births whereas the rate for 1941 is 56.7 per 1000. In 1933 when Texas entered the registration area of the United States the infant mortality was 77 per 1000 live births. The present reduction in terms of mortality for 1933 and 1941 when applied to the 135,000 live births recorded in Texas represents a saving of the lives of 2700 infants annually.

The evidence now available seems to indicate that the greatest reduction occurred in the southern part of the state where the State Health Department has been waging an intensive drive to protect the health of babies. It seems evident that the reductions in infant mortality achieved in El Paso, San Antonio, Corpus Christi, Austin, and in Hidalgo County are the most significant in the state for the year. These same areas of the state lead in the number of well children. The mortality among the Latin American group which has been disproportionately high has apparently responded to the educational efforts of physicians, public health nurses, and nutrition workers.

Maternal and child health is but one phase of the work being done by the State Health Department in their campaign to reduce illness and death. Other activities are carried out to the full extent allowed by the limited resources provided for saving lives in Texas.

Both here and in England millions of people seem to consider themselves completely qualified experts on military tactics and strategy. They know precisely what is wrong with the United Nations' High Command, and they are convinced that they could remedy matters in short order if they were put in charge. That widespread attitude underlies the aggressive demand that the British and the Americans immediately open a second front in Europe.

In theory, the second front would be of immense benefit to the Allied cause. It would divert men and machines and supplies from Hitler's Russian and African offensives. It would give the conquered people of France their opportunity to rise up against their conqueror and help destroy him. It would mark the start of a real effort to break Axis power at home—where Axis power must eventually be broken.

So much for theory. In actual fact, opening the second front now would be one of the most hazardous operations in all military history. According to all reports, the Germans have done wonders in fortifying their continental positions. In France alone, they have about 300,000 seasoned troops which have been rigorously trained in preparation for an Allied invasion. These troops have abundant equipment of the first quality, and they have plenty of air support. Their supply lines are secure, and they lie across land, not across water. The Germans have massed a gigantic amount of heavy artillery, much of it taken from the Maginot Line, along the French Coast, and every possible invasion point is a fortress.

As military history proves again and again, an over-water invasion of enemy-held territory is the most difficult of all martial operations—even after their complete victory at Dunkirk, when British military power was all but destroyed, the Nazi generals didn't feel confident enough of success to make the attempt. The enemy positions must be "softened" first by days and perhaps weeks of artillery fire—and guns do not exist which can adequately shell the German positions from the British side of the Channel. As a substitute for artillery, dive bombers would have to be used—and their losses would be enormous.

The losses in men which would follow when the stage of landing operations was reached, is also staggering. Without artillery support, the landing troops would have to advance against completely shielded defenders with a vast superiority in fire-

## It Happened in Sanderson TEN YEARS AGO

This week—Remember?

JULY 29, 1932

With the finding of a skeleton on the Wade Bros. ranch this past week by J. S. Dickens, an employee, may be the solving of a murder which was supposed to have been committed about 25 years ago or more. The body was evidently placed in the cave without any clothing and was covered with rocks. Part of the hair which is brown, remains on the skeleton, and three gold teeth are visible.

Mr. and Mrs. J. Neal, Mr. and Mrs. Sam Harrell and daughter, and Mr. and Mrs. Chester Surratt and son, left Wednesday morning for the George Baker ranch on the Devil's River where they will spend the remainder of the week fishing and camping.

While playing in the yard at the ranch home of his parents, Monday afternoon, Ross Stavley fell, breaking the two bones in his left arm.

Mrs. E. B. Litton and sons left Wednesday for Los Angeles, Calif., to visit with her daughter, Mrs. Esther Giacomini.

Mr. and Mrs. Tom Parsons left last Saturday for Christoval where Mr. Parsons will take baths and treatment at the sanitarium in that city.

Mrs. P. E. Dishman and sons left for their home in Bryan last Saturday following a visit here with her parents, Mr. and Mrs. J. J. Nance.

Mrs. J. C. Green, who has been ill for the past two weeks, was carried to El Paso Tuesday night where on Wednesday morning she was operated upon for appendicitis.

power. Writing in Collier's, Quentin Reynolds, one of the best informed of war correspondents, draws a vivid and probably accurate picture when he says: "Let those who shout loudly for the immediate establishment of a second front in France . . . visualize for a moment the cost, in equipment and life. Let them visualize the waters of the Channel running blood red under a white moon, and let them visualize the bodies of thousands of British and American soldiers floating in those waters. If the persuasive eloquence of the second front brigade is followed, no other result is possible."

This does not mean that a second front is impossible. To the contrary, every really informed military man is convinced that one will be opened in time. But it cannot be opened until everything is ready. That means that, first, there

## PRODUCTION . . .

Is the Present Need . . .

"This is a war of machines . . . Our national need calls for the best efforts of every man in industry. My message consists of one word, PRODUCE! Produce all you can, as fast as you can. Our entire war effort depends on how well you do your job." — Lieut. Gen William S. Knudsen

Munitions are important, but so also is the production of food and other essentials. Without well-planned production all along the line, the most hopeful plan for victory must fail.

The Sanderson State Bank is ready to do its part in increasing local production. We have faith in the future of America, and we shall welcome any opportunity to be of service.

**THE SANDERSON STATE BANK**  
MEMBER FEDERAL DEPOSIT INSURANCE CORP.

## FORGING AHEAD

## WITH OUR NEIGHBORS

Big Bend Sentinel, Marfa—Requests for accommodations in excess of the supply were reported this week by Paisano Baptist Encampment leaders who stated that a number of persons who were considering attending at the twenty-second annual meeting, beginning Monday night, had been advised that housing was unavailable.

Uvalde Leader-News—A total of 420 registered Angora goats from many of the world's outstanding flocks, have been listed for the 22nd annual show and sale of the Texas Angora Goat Raisers' Association at Rock-springs, August 6, 7 and 8, with 271 prize animals slated to go on the auction block and 149 listed for show purposes only, according to Ralph Stewart of San Angelo, secretary of the Association.

Monahans News—Developments on Monahans' Las Aero Flying School were at a standstill this week, pending arrival of officials from the West Coast Air Force Training Center. Chamber of Commerce Manager F. H. Ryan received a telegram early in the week stating that three officials of the school would meet here sometime next week.

Alpine Avalanche—Fort Davis, July 22 — Preliminary preparations have been completed for the annual Boys camp meeting at Skillman Grove near here, according to the Rev. Richard G.

must be many more bombings of Germany and the continent on the Cologne scale. It means that Allied troops must be given more and better equipment than they now possess. And it means that ways must be found of causing distracting trouble for power alone may create a second Germany at home.

Some experts believe that air-ond front. They look forward to a time when three, four, five thousand major bombers will be used nightly in raids against the Axis. Major de Sersvsky is the most eloquent exponent of this doctrine and his recent best seller, "Victory Through Air Power," is a convincing work. The problems involved here are those of production, supply and co-ordination—and the last two are even more important than the first. We are producing planes on an ever-increasing scale. We have not yet solved the difficulties that lie in them, their fuel, their crews and their parts to the battlefronts and keeping them flying.

In any event, many of those who demand a second front at once are terribly uninformed. The High Command has not opened a second front simply because it knows that the time is not ripe—and because it also knows that the United Nations must not be subjected to another defeat of the Dunker, Singapore, Philippines, and East Indies variety. A great amount of groundwork lies ahead before we can really start a sustained offensive drive of any kind against either Germany or Japan.

Irving of Fort Davis, superintendent of the association. The gathering is due to assemble August 18 for a week of varied services.

Ozona Stockman—A wide swath of parched range lands in Crockett County received reviving moisture, and hopes were raised to the highest pitch in months for a real general drouth-breaking rain when Tuesday night brought rains that were spotted but ranged up to an inch and a half in some areas.

Monahans News—The annual Monahans Water Carnival and Bathing Revue sponsored by the local Fire Department will be held at the City Swimming Pool the night of August 1st. It was announced by officials Thursday.

Hudspeth County News, Sierra Blanca—Bart Moore Jr., who installed a mill for handling tungsten in the Quitman mountains ten miles west of Sierra Blanca a few months ago, is grinding regular and shipping concentrates.

Tungsten concentrates—sheelite the ore here—runs high in price, it being a war metal.

OVER THE TOP FOR VICTORY with UNITED STATES WAR BONDS-STAMPS

## A WEEK Of the War

The U. S. overall output of planes, tanks, ships and ammunition during June was nearly three times that of last November, the month before Pearl Harbor, War Production Chairman Nelson reported. Nelson stated, however, "Too much boasting about production progress is altogether premature—the biggest part of the job is still ahead." Any letup now, he said, "Would mean years more of war and hundreds of thousands more lives."

Chairman Nelson, as an index of the Nation's productive effort, estimated that approximately 36 percent of the U. S.'s record breaking income during the first six months of this year went into military channels. This compares, he said, to the 50 to 75 percent of total income being spent by Great Britain and Germany.

The War Production Board announced it will concentrate production of civilian goods in certain plants and regions as much as possible. The Board said, as a general rule, small plants will be kept in civilian production and large plants will be required to suspend civilian production. Civilian production will be restricted or suspended in regions where labor is urgently needed in war plants or where power shortages are likely to occur.

## THE WAR FRONT

The Navy reported U. S. submarines in Far Eastern waters have sunk another Japanese destroyer, a medium-sized tanker, three cargo ships, and possibly a fourth cargo ship. The Navy said all of its large submarines are being fitted with cameras designed to fit over the eye piece of the periscope to record the results of submarine attacks on the enemy. Maj. Gen. Lewis H. Brereton, commander of the Air Forces in the Middle East, said American Air Forces caused heavy damage to enemy docks and port installations at Tobruk, Benghazi, Suda Bay and Crete.

President Roosevelt said Admiral William D. Leahy, former U. S. Ambassador to Vichy, France, has been called back to active duty as Chief of Staff to him as Commander in Chief of the Armed Forces. Gen. McArthur reported from Australia that the new 2,500-man Japanese invasion force landed in the Buna-Ambasi-Gona area in New Guinea on July 22 has been subjected to such damaging raids that few, if any, Japanese ships are left in the vicinity of the invasion. The Navy announced 17 more United Nations merchant

## ★ AT THE PRINCESS

RINGS ON HER FINGERS (Sunday & Monday)

Gene Tierney, in her first modern role, is pitted against millionaires in an attempt to woo them from their millions. She meets and is matched with Henry Fonda, but finds out the nearest he gets to millions is \$30 a week as a clerk. But she doesn't mind, because, after all, money isn't everything.

Laird Cregar and Spring Byington are fellow plotters in swindling of millionaires; and John Sheppard is a millionaire who doesn't mind being swindled if Gene is a part of the plan.

Supporters include Frank Orth, Henry Stephenson and Marjorie Gatenon.

TEN GENTLEMEN FROM WEST POINT (Wednesday & Thursday)

The early history of West Point was one of controversy and strife between a group of narrow-minded politicians and patriotic citizens. The academy was abandoned at one time, and only by strong pressure was it restored. The cadets who went into West Point to prove it was a value to the nation met opposition in a group of officers who were intent on proving otherwise; and the enrollment there dropped until but ten cadets remained.

That is the situation, supposed vessels have been lost to enemy submarines.

## ARMY

The nine Army Corps Areas were reorganized and renamed "Service Commands." The reorganization will further decentralize the operation of services of supply activity and eliminate duplicating facilities. War Secretary Stimson said 28,000 jaundice cases developed among Army personnel in the U. S. and abroad between January 1 and July 4, apparently due to the use of yellow fever vaccine. Sixty-two deaths resulted. "There has been a change in the form of yellow fever vaccine now used which the Surgeon General thinks will eliminate the whole trouble," Mr. Stimson said. Director Hobby of the Women's Army Auxiliary Corps said 20 companies of 150 women each will be trained by the end of this year and 25,000 women will be trained by April, 1943.

Lost and found columns of Tokio newspapers are crowded these days. Every time an American buys a War Bond, the Japs lose face. Buy your 10% every pay day.

A stitch in time saves nine. Buy your Liberty Lime today!

## Help Conserve Precious Tires! Automotive Equipment

## LEARN TO REPLACE "BLOWN" FUSES

Many folks always have replaced their own fuses. They haven't can be a big help in saving rubber and automotive equipment by doing it themselves from now on. It's easy—only do you eliminate the wear and tear of extra trips to service trucks; you also help yourself by restoring service immediately without waiting for the serviceman . . . who may be busy these busy wartime days.

## Here's How To Do It!

If Lights Go Out, check with your neighbors to see if their lights is also off. If not, look for a blown fuse, as the cause of the trouble is probably in your own home.

**Pull Cords From Outlets.** If you're not sure what caused the trouble to blow, disconnect all appliance and extension cords.

**Turn Off Main Switch.** Stand on a dry surface. See main switch at "OFF" position, so no electricity will flow through fuse box. Switch is usually on fuse box, but may be separate from main switch.

**Remove Blown Fuse.** Replace blown fuse with a new one of the same size . . . generally 15 amperes for household circuits.

**Turn On Main Switch.** If new fuse blows again and you cannot locate the trouble call an electrician or serviceman.

**Examine All Cords.** Before reconnecting appliance or extension cords, look for breaks in insulation or loose connections which have caused "short" and blown fuse. Repair or replace to prevent a repetition of the trouble.

**Never Use Substitutes.** Never replace a blown fuse with a fuse of too high an amperage. It's dangerous. Keep a few extra fuses of right size on hand.

### HOW TO TELL A "BLOWN" FUSE

Notice metal link under window of fuse. It is designed to carry a measured amount of current. When a circuit is overloaded or "shorted," the link melts or "blows out," and the current stops. The melted link and scorched spot under window indicate a blown fuse.

### WHY FUSES "BLOW"

Fuse "blow outs" are usually due to wornout, damaged or loosely-connected appliance cords, or to circuits overloaded with too many appliances and lights. Without fuses, your house wiring might be damaged. They are electric "safety valves."

A JOINT RESOLUTION

...the Constitution of the State of Texas be amended by adding thereto, immediately after Section 49, a section to be known as Section 49a, to read as follows: "Section 49a. It shall be the duty of the Comptroller of Public Accounts in advance of each Regular Session of the Legislature to prepare and submit to the Governor and to the Legislature upon its convening a statement under oath showing fully the financial condition of the State Treasury at the close of the last fiscal period and an estimate of the probable receipts and disbursements for the then current fiscal year. There shall also be contained in said statement an itemized estimate of the anticipated revenue based on the laws then in effect that will be received by and for the State from all sources showing the fund accounts to be credited during the succeeding biennium and said statement shall contain such other information as may be required by law. Supplemental statements shall be submitted at any Special Session of the Legislature and at such other times as may be necessary to show probable changes. "From and after January 1, 1945, save in the case of emergency and imperative public necessity and with a four-fifths vote of the total membership of each House, no appropriation in excess of the cash and anticipated revenue of the funds from which such appropriation is to be made shall be valid. From and after January 1, 1945, no bill containing an appropriation shall be considered as passed or sent to the Governor for consideration until and unless the Comptroller of Public Accounts endorses his certificate thereon showing that the amount appropriated is within the amount estimated to be available in the affected funds. When the Comptroller finds an appropriation bill exceeds the estimated revenue he shall endorse such finding thereon and return to the House in which same originated. Such information shall be immediately made known to both the House of Representatives and the Senate and the necessary steps shall be taken to bring such appropriation to within the revenue, either by providing additional revenue or reducing the appropriation. "For the purpose of financing the outstanding obligations of the General Revenue Fund of the State and placing its current accounts on a cash basis the Legislature of the State of Texas is hereby authorized to provide for the issuance, sale and retirement of serial bonds, equal in principal to the total outstanding, valid, and approved obligations owing by said fund on September 1, 1943, providing such bonds shall not draw interest in excess of two (2) per cent per annum and shall mature within twenty (20) years from date." Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State of Texas, at the next general election to be held on the first Tuesday after the first Monday in November, 1942, being November 3, 1942, at which election all voters favoring said proposed amendment shall write or have printed on their ballots, the words: "For the Amendment to the Constitution of the State of Texas, requiring appropriation bills passed by the Legislature to be presented to and certified by

...the Comptroller of Public Accounts as to available funds for payment thereof, limiting appropriations to the total of such available funds, providing for issuance of bonds to pay off State obligations outstanding September 1, 1943, and fixing the duties of the Legislature and Comptroller of Public Accounts with reference thereto." Those opposing said proposed Amendment shall write or have printed on their ballots, the words: "Against the Amendment to the Constitution of the State of Texas, requiring appropriation bills passed by the Legislature to be presented to and certified by the Comptroller of Public Accounts as to available funds for payment thereof, limiting appropriations to the total of such available funds, providing for issuance of bonds to pay off State Obligations outstanding September 1, 1943, and fixing the duties of the Legislature and Comptroller of Public Accounts with reference thereto." Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have same published as required by the Constitution for amendments thereto. Sec. 4. The sum of Five Thousand Dollars (\$5,000.00), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas, not otherwise appropriated, to pay the expenses of such publication and election.

...shall be of such denomination as may be prescribed by law, and shall be payable in not to exceed twenty-five (25) equal installments beginning one (1) year from date of issuance; and the State Treasurer is hereby authorized and directed to set aside into a special fund annually at the beginning of each fiscal year until all of said bonds shall have been paid off and discharged, a sufficient amount of the first moneys coming into the Treasury for the use and benefit of the General Revenue Fund not otherwise heretofore obligated to the payment of bonds and interest, a sufficient amount to pay the interest becoming due and the bonds maturing during such fiscal year. From said Fund, the Treasurer shall pay the interest on said bonds as it comes due, to the credit of the Available School Fund; and shall pay off said bonds as they become due and deposit the amounts so paid to the credit of the Permanent School Fund. The power hereby granted to issue bonds is expressly limited to the amount stated and to five (5) years from and after the adoption of this grant by the people." Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters of the State of Texas at an election to be held on the third day of November, 1942, at which election all voters favoring such proposed Amendment shall write or have printed on their ballot, the words: "For the Amendment to the Constitution of the State of Texas authorizing the investment of not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund in bonds of the State of Texas to be issued for the construction of a State office building or buildings and providing for the repayment of the said sum of money to the Permanent School Fund." Those voters opposing said Amendment shall write or have printed on their ballots the words: "Against the Amendment to the Constitution of the State of Texas authorizing the investment of not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund in bonds of the State of Texas to be issued for the construction of a State office building or buildings and providing for the repayment of the said sum of money to the Permanent School Fund."

H. J. R. No. 23  
A JOINT RESOLUTION

...proposing an amendment to Article 3 of the Constitution of the State of Texas authorizing the lending of Two Million Dollars (\$2,000,000) of the Permanent School Fund for the construction of a State office building or buildings; providing for repayment to the Permanent School Fund; providing for the submission of this amendment to the voters of this State; and providing for the necessary proclamation and expense of publication. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article 3 of the Constitution of the State of Texas be amended by adding thereto a new section to be known as Section 49-b, which shall read as follows: "Section 49-b. The Legislature may provide by law for the issuance of not more than Two Million Dollars (\$2,000,000) in bonds or obligations of the State of Texas to the Permanent School Fund for the construction in the City of Austin of a State office building or buildings, and the State Board of Education is hereby directed to invest not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund therein. Such bonds shall be executed on behalf of the State of Texas by the Governor and Comptroller, and shall bear a rate of interest not to exceed three (3) per cent per annum, payable annually; they

...lislature shall have the power by local or general law, in counties having a population in excess of two hundred thousand (200,000) inhabitants to create other courts having exclusive jurisdiction with the county court in civil, criminal or probate matters; fixing the time for an election therefor; prescribing the form of ballot; providing for a proclamation of such election and the advertisement thereof; and making an appropriation therefor. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. Article V of the Constitution of the State of Texas be amended by adding thereto a new section to be known as Section 22-a and reading as follows: "Section 22-a. The Legislature shall have the power, by local or general law (without the necessity of advertising any such local law), in counties having a population in excess of two hundred thousand (200,000) inhabitants according to the then last Federal Census, to create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters." Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters of the State of Texas at a special election to be held on the first Tuesday after the first Monday in November, 1942, at which time all voters favoring such proposed Amendment shall have written or printed on their ballots the following: "For the Amendment to the Constitution, providing that the Legislature may in certain counties create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters." Those voters opposed to such Amendments shall have written or printed on their ballots the following: "Against the Amendment to the Constitution, providing that the Legislature may in certain counties create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters." If it appears from the returns of said election that a majority of the votes cast is in favor of the Amendment, the same shall

...become part of the Constitution of the State of Texas. Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have it published as required by the Constitution and existing laws of this State. Sec. 4. The sum of Ten Thousand Dollars (\$10,000) or so much thereof as may be necessary is hereby appropriated out of the State Treasury not otherwise appropriated to pay the expenses of said publication and election. 477 Words S. J. R. No. 20

A JOINT RESOLUTION

...proposing an amendment to the Constitution of the State of Texas by amending Section 33 of Article 16, of the Constitution of Texas so as to permit the accounting officers of this State to draw and pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 33 of Article 16, of the Constitution of the State of Texas, be amended so as to read as follows: "Section 33. The accounting officers of this State shall neither draw nor pay a warrant upon the Treasury in favor of any person, for salary or compensation, as agent, officer or appointee, who holds at the same time any other office or position of honor, trust or profit under this State or the United States, except as prescribed in this Constitution. Provided, that this restriction as to the drawing and paying of warrants upon the Treasury shall not apply to officers of the National Guard of Texas, the National Guard Reserve, the Officers Reserve Corps of the United States, nor to enlisted men of the National Guard, the National Guard Re-

...serve, and the Organized Reserves of the United States, nor to retired officers of the United States Army, Navy, and Marine Corps, and retired warrant officers and retired enlisted men of the United States Army, Navy, and Marine Corps, nor to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education." Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the third day of November, 1942, at which all ballots shall have printed thereon: "For the Constitutional Amendment permitting the accounting officers of this State to draw and pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education." "Against the Constitutional Amendment permitting the accounting officers of this State to draw and pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education." Each voter shall scratch out one of said clauses on the ballots, leaving the one expressing his vote on the proposed amendment. Sec. 3. The Governor shall issue the necessary proclamation for said election, and have the same published as required by the Constitution and laws of this State, and the sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated from any funds in the State Treasury, not otherwise appropriated to defray the expenses of printing said proclamation and of holding said election. Mrs. W. F. Williams of Del Rio visited here from Friday until Monday in the home of her son, Johnny Williams.

### THE STATE OF TEXAS

TO: Leonard Isaacs, and the unknown heirs of Leonard Isaacs, and Sarah M. Ellison, and the unknown heirs of Leonard Isaacs, defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Terrell County at the Court House thereof, in Sanderson, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 16th day of July, A. D. 1942, then and there to answer Plaintiff's Petition filed in said Court, on the 16th day of July, A. D. 1942, in this cause, numbered 1991 on the docket of said court and styled Pansy Yount, individually and as independent executrix of the estate of M. F. Yount, deceased; Midred Yount Manion, joined by her husband, E. D. Manion, Plaintiffs, Vs. Mrs. Katherine M. Gibson, individually and as Independent Executrix of the estate of Dr. J. A. Gibson, deceased; Joe A. Gibson; Leonard Isaacs, and the unknown heirs of Leonard Isaacs; Sarah M. Ellison, and the unknown heirs of Sarah M. Ellison, Defendants.

A brief statement of the nature of this suit is as follows, to-wit:

Plaintiffs allege that they are the owners in fee simple of an undivided 308 acres of land out of a tract of land located in Terrell County, Texas, and being survey 7, Abstract 23, Certificate 327, Block 162, and patented to Lem Barton, original grantee, by Patent 207, Volume 34, containing in all 1231.9 acres of land; that the defendants are the owners, jointly, of the remaining portion of said tract of land, amounting to 923.9 acres, and that plaintiffs and defendants together are the sole owners of said land and premises, so far as is known to plaintiffs, and the estimated value of the whole is Six Thousand Dollars, and plaintiffs pray that they have judgment for the partition and division of the land and premises above described, and that commissioners be appointed and a writ of partition issue and for possession of that portion of the lands described in the suit which may be ascertained and declared to be the property of the plaintiffs, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Sanderson, Texas, this the 16th day of July, A. D., 1942.

Attest:  
D. L. DUKE, Clerk  
District Court, Terrell  
County, Texas

Fireman Munson of El Paso has been assigned to a freight run out of Del Rio.

Fireman Pyle of El Paso has been assigned to a freight run out of this point.

Car Inspector S. D. Thompson made a trip to Alpine Wednesday.

Engineer W. A. Nunn made a visit to El Paso the first of the week.

### 283 CAST BALLOTS—

(Continued from Page One)

eral Land Office, Bascom Giles, 236 Neil Day, 22.

For Attorney General, Gerald Mann, 255, Jim F. Hair, 17. For superintendent of Public Instruction, L. A. Woods, 224; Charles J. Tergerson, 32.

For Commissioner of Agriculture, J. E. McDonald, 173; W. N. Bill Corry, 44.

For Railroad Commissioner, Ernest O. Thompson, 220; Lester Boone, 39.

For Railroad Commissioner, (unexpired term), Bryan Pat Patterson, 76; Pierce P. Brooks, 70. James E. Kilday was third in this race with 31 votes and Beauford H. Jester fourth with 26.

For Chief Justice of the Supreme Court, James P. Alexander, 281. He was unopposed for this office.

For Judge of the Court of Criminal Appeals, Harry N. Graves, 221; Walter H. Strength, 24.

For Congress 16th District of Texas, R. E. Thomason, 242; Louis A. Fall, 20.

For Chief Justice of the Court of Criminal Appeals, 8th Judicial District, P. R. Price, 243; Samuel K. Wasaff, 9.

For State Representative of the 87th District, Calvin C. Huffman, 278, unopposed.

For District Attorney of the 63rd District, Roger Thurmond, 279. Unopposed.

All office holders of the county were returned with the following votes:

R. S. Wilkinson, county judge, 281 votes; J. S. Nance, sheriff, assessor-collector, 279; D. L. Duke, county and district clerk, 280 votes; Ben F. Dawson, county treasurer, 283; Alfred E. Creigh, county attorney, 281; G. J. Henshaw, county democratic chairman, 280.

R. E. Corder was returned to office as commissioner for precinct one with 202 votes; Chester Smith was returned to office as commissioner of precinct two with 46 votes; Sid Harkins was elected to serve as commissioner for precinct three with 6 votes. J. C. Mitchell, who has served that precinct for the past several years as commissioner announced early in the year that he would not be a candidate for the office. C. M. Turk, who has been serving out the term of Dave Cunningham, who resigned because he moved from the precinct last November, was elected to serve another term with 16 votes.

Other precinct officers were elected as follows:

For Justice of the Peace: precinct 1, Mrs. Mabel Yeates with 205 votes (reelected); precinct 2, J. E. Hill, reelected, with 23 votes; precinct 3, J. M. Corder, Frank Warren and Herman Couch were tied with 1 vote each. No nomination made; precinct 4, Clarence Chandler elected with 3 votes.

For Constable: precinct 1, George Wright elected with 2 votes. No candidate had announced. Precinct 2, V. M. Mason, 11 votes, reelected; precinct 3, J. M. Corder 2, Frank Warren 2. No nomination. Precinct 4, C. M. Reynolds, 1.

V. I. Cargile was named Democratic chairman for precinct 1; A. F. Buchanan for precinct 2; Sam Culbertson for precinct 3; and C. M. Reynolds for precinct 4.

### PROMOTED

Information received from Perrin Field states that B. G. Maples of Sanderson, who is stationed there, has been promoted to corporal. He is a member of the Quartermaster Detachment at the Army Air Base there.

### Army Shoe Buying Should Force Civilians To Care for His Own

During the next six months the U. S. Army will buy more than 16 million pairs of shoes. That means civilians must take good care of all the leather goods they have, so the men at the front may have enough, says Mrs. Cora R. Barnes, clothing specialist for the A&M College Extension Service.

Taking good care of shoes and leather goods is in line with the Victory Demonstrator's pledge to help win the war which thousands of Texans have made in the last few months.

The shoe industry last year turned out four pairs of shoes for every man, woman, and child in the country, but many pairs are not in use now because they don't fit. The fault lies both in the shoes and in the customers, Mrs. Barnes says.

"You can't be sure you get a shoe that fits just by asking for a certain size. There are no national standards for sizing footwear. So the best you can do is keep trying on shoes until you find a really comfortable pair," the specialist advises.

Here are some rules for shoe buyers:

For toe room, allow at least one half inch between the end of the big toe and the end of the shoe inside.

The ball of the foot should rest at the widest part of the sole to give proper support for the body and assure maximum wear.

The shank of the shoe should fit snugly under the arch of the foot.

The shoe should hug the heel of your foot—no slipping, no gaping when you walk.

Use low heels for working, walking, and ordinary use; select higher heels for dress wear only.

Never buy shoes that need alterations.

### \$478 SAVINGS FUND BURNED IN OVEN; CAN BE REPLACED

Mrs. Obie Varble's heart is much lighter and her spirits somewhat revived after a harrowing and near tragic experience Thursday morning, where she learned that the lighted fire burns—even money on certain occasions.

Striving to fill a long desire for a new home, Mrs. Varble had been saving her money earned from sewing for several months. She neglected and discounted the idea of putting the money in the bank, and chose instead a secretive place in the oven of her stove.

Up until Thursday morning, she remembered her special hiding place for her bills, on lighting the oven each time.

She now had \$478 in bills and checks in hiding in her oven. When she discovered them after the oven had been on for some time, her money was a handful of charred, curled paper remnants.

Recovery of the value of the money will be made through the U. S. Treasury department, she learned Thursday at the Pecos County State Bank—Port Stockton Pioneer.

Office Supplies at the Times.

Mr. and Mrs. W. B. returned Saturday from where they had been busy purchasing merchandise attending to business.

Mrs. Clyde Carter and her, Mrs. J. W. Haynes, returned Saturday and with Mr. and Mrs. C. A.

Perry Dawson of Big Bend arrived Thursday for a relatives and friends continuing to Marathon with his father, and the pine. Mr. Dawson is State Highway Patrolman stationed at Big Bend the past ten months.

Mrs. E. B. Litton returned from South Gate where she spent two weeks with her daughter, Giacomini.

Mrs. Collie Hutcherson returned Thursday as a visitor in this week.
