Part of this column is a week late, but due to space last week we left it out and hope that the first part isn't too "old hat" for most of you by now.

Anyhow, my wife and I returned to Friona last Sunday from a state convention of the Texas Press Association, where among other things it was our lot to hear a speech and a question and answer session by one Richard M. Nixon.

As you well know this fellow is way out in front for the nomination for President of the United States for the Republican Party.

One of the men sitting close to us punched his neighbor and mumbled--"Y'know we may be listening to the next President tonight!"

Well, before we go any further, we sure hope such a come along of things don't happen.

Personally, we don't think our nation can stand three Republican Presidents in a row!

But we did enjoy the speech, he did say one or two things that we agreed upon--one was that "I regard Lyndon Johnson as one of the ablest political craftsmen our nation has ever produced."

We let out a Rebel yell at that remark, as did many of our associates and y'know we sure hope that LBJ is the brand that gets into the White House this next year and certainly no hand-slinging Republican.

Back to Mr. Nixon, Harold Hudson, of the Ochiltree County Herald at Perryton, asked the vice-president what, if any would be his farm policy during his term in office--

Nixon replied in vague terms saying this would be announced "next week" in a speech in North Dakota but implied it would be tied in with flexible price supports.

He went on to blame the current farm situation on the Democratic Congress and Senate naturally.

One humorous item during the evening happened just prior to Nixon's talk.

L. B. Smith, incoming president of the TPA presented the vice-president with a branding iron and told a little of the history of branding irons and named some of the famous brands in Texas.

One of the reporters covering the talk, whispered to his comrade--"It sure would get a laugh if that brand had LBJ on it."

Sure enough, when the vice-president got up accepted the brand and told the audience that

he didn't know what to expect and it wouldn't have surprised him too much if the brand hadn't been made for Lyndon Johnson with his famous LBJ brand upon it.

Sure 'nuff the branding iron had nothing to do with the illustrious Senator from Texas. The talk was covered by a total of 50 working pressmen, television cameramen and radio men plus a crowded room full of about 1,000 ticket holders.

A total of 450-or more members of the TPA were present and the remainder of the tickets were sold to local Republicans in Houston.

The dinner was real swell, we enjoyed the meal, but the speaker we admit made us bilious . . . for he is in the running but good and shouldn't be taken lightly.

Richard Nixon will in all probability receive the Republican nomination reported to have a total of 850 votes for the nomination already in the bag, and will give the Democrats a hard way to go.

(Continued on page 6.)

Friona Lanes Slate Open House Monday

Friona Lanes, Friona's 12-lane bowling center, will hold its official grand opening Monday, July 4th, with two championship bowlers as the highlight of the day's activities.

These two bowlers, Norm Nichols and Helen Duval, will give personal instructions during the morning, then will give a match bowling contest during the evening with local bowlers.

In addition to the two star bowlers, Friona Lanes will give away a Amfite bowling ball and four pair of bowling shoes

to five persons at a drawing at 8 p. m. These door prizes are free, all you have to do is register during the day as you enter the bowling center.

Nichols and Duval are visiting the local bowling center through the auspices of the AMF Pin-spotters Inc.

Nichols is a resident of Denver, Colo. and is currently Colorado State All-Events Champion and a member of the Bowling promotion staff of AMF.

He is the winner of numerous

Midwest city and state titles bowling out of his native city of St. Joseph, Mo. including the St. Joe City Singles title at the age of 18. Nichols has added to his laurels since moving to Denver. He has twice won the Denver City Singles Classis (1956 and 1957) and in 1958 captured the Colorado State All-Events Championship to qualify for the BPAA National tourney.

He carried a 209 plus average during the 1957-58 season with the number one team in the

Colorado Classic League.

He has appeared on live TV bowling shows and boasts a streak of 14 consecutive TV'd matches, averaging over 211, and was recently featured on the AMF sponsored "Bowling Stars" program.

Nichols is 39, married and father of two boys. He is a veteran of World War II having served in the Air Force where he was decorated with the DFC and the Air Medal with 17 Oak Leaf clusters.

Mrs. Duval is a native of California where she and her husband own a bowling center in Oakland.

She recently bowled a perfect 300 game in a grand opening showing and is the only lady AMF bowler to perform this feat.

In addition to being one of the finest bowlers on the West Coast she is a top instructress in the sport.

She has been the California State All-Events champion and

a member of the champion California State team for two years running.

Her average over the past five years has been 190, with a high game of 287. Her top series is 748 and boasts a high league series of 701 in which she marked in 30 consecutive frames.

She has been bowling 15 years, and is the mother of two sons but finds time to perform for the AMF bowling promotion staff for the past two years.

Mrs. Duval has asked that all women bowlers meet with her at 10 a. m. on the Fourth for a film presentation followed by personal bowling instructions.

Friona Lane's Honeysuckle Room and snack bar will offer free coffee for all visitors to the Lanes all day Monday.

Ed and Gary Hicks, managers of the Lanes invite all residents of the area to spend a safe Fourth as their guests and visit with these top keggers.

Hot Sun Gets Harvest Rolling

With as much moisture falling in four days as double the amount already received during the entire year up until June, Farmer county farmers welcomed the 100 plus degree weather this week.

"As temperatures pushed the mercury to 102 degrees in Friona Tuesday, the hotter the day became, the more wheat trucks could be seen going south on Main Street toward the tracks and the elevators.

The story was apparently the same in all areas of this part of the county according to reports from five elevator operators in, and around Friona.

Out at Rhea Grain & Elevator Company, Carl Schlenker says that although he isn't receiving any wheat (he didn't purchase any this year) there "were more trucks passing Tuesday than any day I can remember during a wheat har-

vest."

He says that in all prob-

Firemen Report Falsie'

Only one false alarm kept members of the Friona Volunteer Fire Department on their toes during the last week.

Department members answered an alarm which reported a wheat fire at the Calvin Talley farm north and west of town last week.

Upon arriving at the scene with two pumps and the emergency pickup volunteers found a field of stubble ablaze, and purposely set afire.

No other fires have been reported in Friona.

ability the cutting has gone over the hump in the Rhea Community with an estimated 70 percent of the wheat cut by Tuesday night.

Going the other direction from Friona, Lloyd Prewitt, out at Black and Prewitt Grain Company, reported that the "yields are mighty fine" in his area with the average probably hitting about 50 bushels to the acre on irrigated wheat.

He says that about 60 to 65 per cent of the wheat in his area will have been harvested by Tuesday night.

Moving down to the Hub Community, Weldon Stringer of Hub Grain reports that it is beginning to slow down in his area with about 75 per cent of the wheat out of the field by this time.

Yields in that vicinity have been good, he reports, with J. D. Bouldin reporting a 71 bushel yield average on 49.5

acres of land. Jack Briscoe also reported a 61 bushel average on 92 acres of wheat.

At the two elevators in Friona, Preach Cranfill at Continental Grain Company reported an estimated 65 to 70 per cent of the harvest completed with no final yield reports in as yet.

"Most of our customers haven't finished cutting as yet, but the yields are good according to the truck drivers," Cranfill says.

Over at the Friona Wheat Growers elevator a total of 750,000 bushels of wheat have been dumped since harvest began June 13.

"We estimate the harvest to be about 70 per cent over," says Arthur M. Drake, manager of the elevator.

No large yield averages were

(Continued on page 6.)

Zone Change Hearing Slated For July 8

All residents effected by the proposed change in zoning within the City of Friona are notified that a public hearing will be held at the City Hall at 7:30 p. m., July 8 for the purpose of hearing reasons pro and con concerning the proposal.

A complete copy of this proposed zone change is carried in this week's Friona Star. (See legal on classified ad page.)

Legion Pays Tribute To Park 'Help'

On the inside pages of this week's issue of The Star is a page advertisement saying Thank You to all those who have helped with the park building project which is still in the process of being completed. "We know we don't have down all the names of individuals and organizations who have helped us with this project," says Sam Williams, post commander of the American Legion "but we hope that they will know that their help and support is appreciated by all the youngsters who will play on the new park."

The ball diamond, located in the east part of town on the old fair property, is one of the nicest parks in this area for youngster's baseball.

In addition to the clubs and organizations always active in and around the city, a new organization of mothers is plugging away along with the help of the home demonstration clubs in raising money for the purpose of building rest rooms at the site.

Although the park went into use this year without grass, next year the field will have a full covering of grass for after the season this year the field will be sodded.

If you haven't had an opportunity to visit the field drop by and see it the next time you are in town, says Williams.

HARVESTING GETS HOT--Marion Fite, taking a long draught of water Tuesday afternoon will testify that although the hot weather is good on his wheat harvesting, it sure does make it warm for the combine operators. Fite was cutting wheat west of Friona Tuesday when he was stopped long enough for this photo.

BICYCLE RIDER KILLED--Mary Lynne Stephens, seven year-old daughter of Mr. and Mrs. Bill Stephens of Friona was killed Wednesday morning when her bicycle was struck by a car driven by Mrs. Clyde Sherrieb. The Stephens girl was riding east on Fifth Street and as Mrs. Sherrieb approached rode across the street in front of the car. Mary Lynne would have been in the second grade in Friona schools this fall.

MARY LYNNE STEPHENS--

Bicycle Crash Fatal To Seven-Year-Old

A car-bicycle crash resulted in the death of Mary Lynne Stephens, 7-year-old daughter of Mr. and Mrs. Bill Stephens of Friona about 10:40 a.m. Wednesday.

The Stephens girl was riding her bicycle east on Fifth Street on the north side of the street when a 1958 Chevrolet, driven by Mrs. Clyde Sherrieb, was headed west.

The bicycle rider began angling across the street from north to south as Mrs. Sherrieb approached. Mrs. Sherrieb hit the brakes on her car and slid into the bicycle and its rider.

Mary Lynne was rushed to Parmer County Community Hospital by Claborn ambulance and died as a result of severe head injuries suffered in the wreck.

Dr. Paul Spring treated Mrs. Sherrieb for shock following the accident.

The wreck was still under investigation by Ben Moorman of Friona Police Dept. at noon Wednesday awaiting the arrival of the Highway patrol.

West Fifth Street is a spur of Highway 60 in Friona. Mary Lynne was born Sept. 18, 1952, in Lubbock. She is survived by her parents and two

older brothers, Mike, 15 and Jerry, 12.

The Stephenses own and operate a paint store in Friona

and have been residents of the city for about five years.

Funeral services will be at the Baptist Church at 4 today.

Upsets Mark Week's Baseball Schedule

Upsets paced results of this week's baseball games at the Friona baseball park.

League-leading Associated Growers tumbled from the unbeaten ranks Monday night as Joe Aleman pitched Reeve Chevrolet to a 3-0 victory striking out 11 of the Growers' batters.

The best all around ball game to be played to date, according to spectators, Aleman walked only one Grower and gave up three hits during the tilt.

Dwain Reed was the losing pitcher allowing seven hits, walking one and striking out five.

In the other upset of the week, league doormat Star Hurst rose up and downed Reeve Chevrolet Thursday night in the first game 16-12.

Tommy Sherley was the

evening's hero as he homered twice once with bases loaded. It was his homer in the third that broke open the game. Winning pitcher was Scott Cummings who gave up six hits, walked eight and struck out six.

Danny Nettles was charged with the loss and gave up four hits, walked four and struck out two hitters.

The second game Thursday night was rained out.

Friday night Hub downed McCaslin 10-5 with Jesse Shorley chalking up the win allowing two hits, walking six and striking out one.

Darrell Schwab was charged with the loss and allowed five hits, walked four and struck out two. He was relieved in

(Continued on page 6.)

WASN'T QUITE THAT HOT!--Although it felt "hot enough to fry an egg on the sidewalk" Tuesday afternoon this handsome foursome found out different. The egg lovers above are left to right, Ira Holt, Durgis Rodgers, Sam Smith and Gassey Shirley. The egg-frying took place in front of the Coop gas station in Friona where the mercury showed 102 degrees Tuesday at 4 p. m. The egg was donated courtesy of Um Akens at Piggly Wiggly.

FRIONANS COULD SPEND A "WET" FOURTH---

If We Had A Swimming Pool

Perhaps this is a selfish angle to look at a swimming pool building project from, but from all the reports and predictions that have crossed our desk in the past two weeks concerning traveling on highways . . . we have drawn one conclusion . . . stay at home . . . and keep cool.

A heavily-traveled highway is always a poor place to spend a holiday, as we can readily vouch for having just returned from traveling on one of the most crowded roads in the state--Highway 75 into Houston from the north.

The experts predict 27 Texans will die on the highways this July Fourth . . . so just wish that we had a place here in town to go for a cool swim and then lay in the sun and get blistered.

Several persons have advanced theories on how a pool could be constructed in Friona.

Generally speaking there are three plans which have merit.

One, and the easiest for everyone, is for one individual to build a pool as an investment.

Two, the country-club angle. This way the money could be raised not only to construct a swimming pool, but also come up with a golf course and a clubhouse.

Three, is for a pool to be built by the schools.

Going back and taking a look at the three ways in which a pool could possibly become a reality we find some good points, and of course, some aspects which aren't too likeable.

Number one--in our opinion this particular manner would be pretty good, except that we think that for the investment to pay off it would have to be an enclosed pool, open

the year 'round (or at least open two to three days a week in the winter time) and if the operator could afford to landscape the land around it and have trees and places for picnics it would be even more enticing. But this would probably run the cost of this project way out of range for most individuals.

Number two--the country-club angle appeals to quite a number of residents, both because of the swimming pool, and the possibility of having a golf course.

The way the coffee-talk goes this project could be done with 200 families and organizations putting up \$500 each. This would be enough to construct and lay out a nice country club setup.

But, this would partially defeat the swimming pool angle because there are a lot of poppas of youngsters, including this writer, who don't have the \$500.

But--advocates of this idea point out member's youngsters could bring guests, or charge for them, or any number of ways . . .

Well, moving on to Number three, we have found from talking around that most people think that for the pool to be in the school system is the ideal setup.

Their idea being that in this manner the cost would be spread over a wider area, and then the pool in the school year could be utilized in the physical education curricula and the kiddoes could be taught to swim right.

Well, here are three ways--which way is best?

Personally, we haven't decided which would be the "right" way.

We don't care which way is used, but we know our town needs a pool.

News From RHEA

MRS. FRANKLIN BAUER

Sunday dinner guests in the Franklin Bauer home were Mrs. Urania Spears and Claudette of Portland, Ore.; Mrs. Elrado Hanks and three grandchildren

of Houston; John Dollard of Freeport; Mrs. Braxton Cannon, Jimmie, Billy, Sharon and Karen of Lubbock; Mrs. Danny Scott and Debra of Lubbock; Mr. and Mrs. LeeRoy Bauer, Sheryl and Ricky of Canyon; Mr. and Mrs. I. L. Bauer and Junell of Happy and Mr. and Mrs. Ernest Ramm, Ruth, Alta, and Nancy of Lariat.

Sunday dinner guests in the Herbert Schueler home were

Mr. and Mrs. J. Stehr and Cecil of Dimmitt, Mr. and Mrs. Herman Schueler and Lillian, and Pastor Stroebel.

Mr. and Mrs. Roy Burt and Billy Jay and Helen Hull of Garland, Texas were Weekend visitoes in the Herbert Schueler home.

Mr. and Mrs. Melvin Sachs and Betty went to Kansas the past week to help Melvin's aunt celebrate her 50th wedding anniversary.

Mrs. Franklin Bauer and children visited in Friona Thursday with Mr. and Mrs. Roy Likes and children of Shattuck, Okla.

Oscar Schlenker of California is visiting in the Carl Schlenker home.

Mr. and Mrs. Walter Schueler visited in the Raymond Schueler home Sunday night.

Mr. and Mrs. Norbert Schueler and children of Clovis visited Monday in the Raymond Schueler home. Clinton remained for a short visit.

FATAL ACCIDENTS

DATE FATALITIES

DATE DEATHLESS DAYS

THE DEADLY TRUTH--About traffic safety in Texas in 1959 was that only one day in the whole year was free of traffic deaths. In 1958, there were five "Deathless Days" in Texas, four in 1957, five in 1956, three in 1955. If more Texans will drive in such a way that their cars are never involved in a crash which takes a human life, then Texas can record more "Deathless Days." Will YOU drive so that the Fourth of July holiday will add a "Deathless Day" to the Texas traffic calendar? (Official 1959 Texas Traffic Death Calendar Compiled by Statistical Services, Texas Department of Public Safety and Reproduced by the Governor's Highway Safety Commission, Austin, Texas.)

Westbrook Participates In Exercise

GRAFENWOHR, GERMANY (AHTNC) -- Army Specialist Four Dale R. Westbrook, son of Mr. and Mrs. Bee Westbrook, Route 2, Friona, Tex., participated with other personnel from the 4th Armored Division in a field training exercise in Grafenwohr, Germany, which ended June 22.

The exercise, conducted under realistic combat conditions, was designed to evaluate combat effectiveness of the unit, a major element of the NATO shield of defense in Europe. Specialist Westbrook, a driver in Company D of the division's 54th Infantry in Heilbronn, entered the Army in December 1958, completed basic training at Fort Hood, Tex., and arrived overseas in May 1959.

The 23-year-old soldier attended Friona High School. His wife, Mary Belle, is with him in Germany.

Janell Daniel At Band School

Janell Daniel Route 1, Friona, is among more than 300 junior and high school musicians from throughout West Texas enrolled in a two-week summer band school currently underway at Texas Tech.

She will receive intensive daily instruction from outstanding area bandmen who are

specialists in individual musical instruments, says Keith McCarty, director.

Highlighting the days of practicing will be a three-band concert July 1. Directed by Dean Killion, director of Tech bands, the concert will be at 7:30 p.m. on the Ad Building green on campus.

Williams, Moseley Join Associated Growers

S. T. "Pappy" Thornton, manager of the Associated Growers of Friona, has announced that Sam Williams and Jack Moseley have joined their staff effective July 1.

"We hope that with the addition of these two men we can offer the finest staff for the servicing of the farmers fertilizing problems in this area," says Thornton.

Williams, formerly employed by Friona Consumers, has lived

in Friona for the past 30 years and worked as assistant manager of the local cooperative organization for 14 years.

He is known to all the local residents having been active not only in the Coop business, but is commander of the local American Legion post this year and has managed a little league team for a number of years. Moseley is a native of Friona, the son of Mr. and Mrs. David

Moseley, and was formerly employed by Herring Implement Company.

Moseley is also an active man, not only in business locally, but has been instrumental in the Friona Cemetery organization and in working toward making our cemetery one of the most beautiful in the Panhandle area. "We are proud to have both these men with us," says Thornton, "and we want all

the residents to feel free to call on us for any of their fertilizer problems."

Associated Growers of Friona began operations in this area last year and is currently nearing the completion of a new building on their site east of town near Benger Air Park. The new building, when finished, will house supplies and offices of the organization.

Mr. and Mrs. Ernest England returned Monday from a vacation trip to Ruidoso, N. M. They were accompanied by their granddaughters, Judy and Sheron England and Linda and Sandra Gregory.

THURSDAY, JUNE 30
Read John 13:1-10

He (Jesus) poureth water into a basin, and began to wash the disciples' feet, and to wipe them with the towel wherewith he was girded. (John 13:5)

In the upper room that night, the Master might have asked John, Peter, Andrew, or another of His followers to perform the menial act of washing feet. He might have told a manservant or a maidservant to come in and do it. He might have simply omitted this much-needed service. But Jesus became the servant. He girded Himself with a towel and washed the disciples' feet.

A master cannot be served until he has demonstrated his own ability to serve. So Jesus humbles Himself to serve us. He who holds the universe in His hand kneels down before us and washes our tired, dusty feet.

So the Son of God took a towel, not simply to cleanse the feet of His friends, or only to set an example for them to follow. He did it to show unmistakably that he who is sent is not greater than he who sends. God is like that.

LT. DON LEWIS--

Local Soldier Directs 'Rolling Along Of '60'

With two "Oscars" added to an already lengthy list of honors, 2/Lt. Don Lewis, son of Mr. and Mrs. Henry Lewis, will soon begin a world tour as director of "Rolling Along of 1960," the U. S. Army variety show.

As assistant special services officer at Fort Lee, Va., Lt. Lewis organized and directed the 30-voice 2nd Army Quartermaster Command chorus which took first place in the recorded phase of the all-Army entertainment contests for this year. He also directed and sang in a quartet which captured top spot in the live phase of the contests. These two honors earned him the engraved statuettes patterned after the Hollywood Academy Awards.

Competing in the contests were the West Point Cadet Choir, the 6th Army Russian chorus, and the 7th Army Symphony Chorus.

Since Army regulations prohibit an officer's performing in Rolling Along, Lt. Lewis has been made director of the 25-member troupe which will visit Army posts all over the world during their 9-month tour. He'd rather be performing, says the graduate of Midwestern University, but he's looking forward to building the show and his wide experience in both music and dramatics will enable him to fill in when performers are unable to appear.

Premier of the show will be August 20 at Ft. Belvoir, Va. Following a tour of the 2nd Army area, they will go to Canada. Subsequently they will play all Army areas in the continental U. S. as well as Alaska, Hawaii, Europe, Japan, Korea, and South America.

An honor student at Mid-

western, Lewis was sophomore class president, student body president during his junior year, and chief justice of the student court as a senior.

He is a member of Who's Who in Music at Midwestern, Who's Who in American

Colleges and Universities and Phi Mu Alpha, national music fraternity. He received the Vinson Award for poetry, the Bob James Memorial Award, the Daris Chorister Award and Ledford Music Award and was voted outstanding male student

ANTICIPATING a tour of the world as director of the annual Army variety show, "Rolling Along of 1960" is 2/Lt. Don Lewis, son of Mr. and Mrs. Henry Lewis. Don is holding one of a pair of "Oscars" he won recently as director of two vocal groups which took top honors in the all-Army entertainment contests.

Mr. and Mrs. Bert Franklin of Brea, Calif., visited briefly last Monday with the W. R. Riethmayer, G. E. Reed, Truitt Johnson, and Eugene Hoggess families.

He is the brother of Mrs. Ed Hoggess and an uncle of Mesdames Reed and Riethmayer, and Johnson and Eugene Hoggess.

Returning Sunday from two weeks vacation and fishing at T or C were Mr. and Mrs. Sam Williams. Mrs. Ira Holt worked at City Hall during Mrs. Williams' absence.

Recent guests of Mr. and Mrs. W. R. Riethmayer were his parents, Mr. and Mrs. Otto Riethmayer of Lamesa.

Henley Sentenced For Six Months

Wallace Henley, 42, of Muleshoe was fined \$100 and sentenced to six months confinement in a county court case last week for driving while intoxicated. He will serve his sentence in Parmer County jail.

Henley was arrested in Lariat last Tuesday and was tried by Judge Loyde Brewer Wednesday. "Henley was classified as an habitual, thus the reason for such a stiff penalty," said Parmer County Sheriff Chas. Lovelace.

The Muleshoe man had previously been arrested and tried on the same charge downstate. His driver's license had previously been suspended, Lovelace said.

Another DWI case, involving Marlo Gomez of Friona, was tried by Judge Brewer Monday morning. Gomez was arrested Friday night and fined \$100 and court costs.

Other activity for the sheriff's

department during the week saw Raymond Everett and Gene Bryant, both of Friona, arrested and charged with the possession of beer, whiskey and wine. They were picked up in Bovina Saturday night and each was fined \$100 and costs in County Court Monday.

Pedro Garza, a Mexican national working in Muleshoe, was picked up in Bovina Saturday night and charged with drunkenness. Garza was fined \$23.50 and costs in J. R. Thornton's justice of peace court in Farwell Monday.

Visiting in the T. L. Houston home last week were Mrs. Houston's parents, Mr. and Mrs. O. G. Glover, her sister, Miss Geraldine Glover, of Honey Grove, and a brother-in-law and sister, Mr. and Mrs. Fred Deavers of Dallas.

FRIONA LIONS OFFICERS--Installed as a vice president at the Friona Lions meeting Thursday night was Hollis Horton Jr., left and George W. Jones and Andy Hurst, directors. (BELLOW) Serving the Lions in the positions of Lion Tamer, Secretary-treasurer and Tail Twister for the coming year will be left to right, Martell LeVeque, Lion Tamer, Flake Barber, Secretary-treasurer and Dave McReynolds, Tailtwister.

Mr. Motoring Public Everywhere, USA

Dear Mr. Public:

Summertime driving is fun for the whole family! It's time for vacations and relaxation . . . for driving through the mountains and to the seashore . . . for family picnics and summer sports. These are the warm, full days of sunshine and enjoyment. Now is the time to travel new highways, visit new places, and do the many summertime things Americans love to do!

Unfortunately, a split second of driver carelessness or inattention at the wheel can mar these summertime pleasures. Inattention to the safe driving condition of the family car may also contribute to unnecessary delays or accidents.

May we suggest you discuss a few travel suggestions at your family dinner table tonight? Then, pass them along to your motoring friends.

- BE ALERT - driving is a full time job.
- MAKE COURTESY YOUR CODE OF THE ROAD - it takes only a moment.
- TAKE A BREAK - pull off the road and relax, drive refreshed.
- ALLOW FOR EMERGENCIES - adjust your driving to road, traffic, and weather conditions.
- FOLLOW THE RULES OF THE ROAD - signs, signals, and road markings are your guides to a safe trip, not guides for patrolmen or police to collect revenue for various governing bodies.
- CHECK YOUR CAR - be sure it is in top condition summer driving.

Have a safe, pleasant summer season - and do come back!

Cordially yours,
Henry B. Reeve

Harvest-

(Continued from page 1)

reported as most of the farmers haven't completed their harvesting operations says Drake. Most of the elevator men agree that with four or five more days of weather like Tuesday the harvest would be completed with the exception of a few scattered late patches.

NEW BOSS LION—Kenneth "Tasty" Williams, right, receives his gavel of office from installing officer Cleg Meharg, District 2T-1 Lions cabinet secretary from Hereford. Williams, along with other officers were installed in ceremonies held Thursday night in the clubhouse.

WILLIAMS NEW BOSS--

Friona Lions Install Officers For '60-'61

Kenneth Williams was installed as the new Boss Lion of the Friona Lions for the 1960-61 year.

In addition to Williams, vice presidents include Hollis Hor-

Trax-

(Continued from page 1) Our biggest worry at this time in our opinion is for the d... yankees in New York and Pennsylvania to swing to the Democratic "Dewey" ... Adlai Stevenson.

If Stevenson gets the Democratic nomination, the Republicans will once again put a President in the White House. Personally, we wonder how Adlai ever wandered into the governorship of Illinois, and how many can fall under his lure is beyond our comprehension.

But, this time our nation is in dire need of a strong man, one who can get things done on both sides of the fence, and we think that man is Senator Lyndon Baines Johnson, the senior Senator from Texas!

ton Jr., Paul A. Hall and J. C. Claborn.

Flake Barber will be the new secretary-treasurer and Martell LeVeque will be Lion Tamer and Dave McReynolds, Tail Twister.

New Directors taking office include George W. Jones, retiring boss lion, Andy Hurst and Marion Fite.

Cleg Meharg, district 2T-1 cabinet secretary from Hereford was on hand to install the new officers.

Nelda Douglas was named the Lions Club Sweetheart and Queen replacing Pat Foster. Judy Fesser of Friona gave

a report on her visit to Girl's State in Austin during the program session of the meeting.

A total of 30 Lions and guests were present at the meeting.

Barber and Williams will leave Friona Sunday afternoon to represent the local club at the international convention to be held in Chicago.

Recent guests in the home of Mrs. Lucy Welch and Mrs. Nora Welch were Miss Ruby Welch of Uvalde, Mr. and Mrs. Charley Allen of Lockney, and Mr. and Mrs. W. L. Yancey of Hemet, Calif.

Baseball-

(Continued from page 1)

the third by Ronnie Hill who allowed five hits, walked four and struck out two.

Brookfield Drilling vs Friona Bank game Friday night was protested on misinterpretation of rules and will be replayed July 5.

Monday night Hub downed Star Hurst 20-1 on the arm of Eldon Long who allowed four hits, walked three and struck out seven men.

Steve Hargus was the losing pitcher who allowed four hits, walked four and struck out four.

Larry Johnson and Teddy Renner of Hub both homered during the evening and both caught two men on.

Tuesday night Brookfield downed McCaslin 23-5 with Travis Graves chalking up the winning pitcher honors.

In the second game Larry Graves pitched, then drove in

the winning run in extra innings to win his own game as Rockwell Bros downed Coop 10-9.

Graves' line drive to center drove in Jerry Price for winning run in the fifth inning.

Pipes, Aleman Return From Summer Camp

John Pipes and Joe Aleman returned this weekend from their one week outing at the Salvation Army's Camp Hohlitzelle near Midlothian south of Fort Worth.

Their visit to the camp was sponsored by the local SA unit. Ben Moorman took the boys down, and returned them Sunday.

In Parmer county, the Salvation Army is supported by the Friona United Fund.

You don't have to be liable to be sued!

The purpose of a law suit is to determine whether you are liable. Should you carry insurance, you don't have to hire a lawyer to plead your case. You don't have to spend a lot of time collecting evidence and hunting witnesses. Our adjuster finds out what happened and not only collects evidence but gathers the facts and prepares them for later use. When your case requires legal handling, the adjuster pays for the lawyer, court costs, and legal fees. He does all this even though you are not to blame and there is no merit to the suit against you. If you lose your case, our adjuster takes care of all expenses (up to the amount of your policy limits) including settlements or judgments, medical bills, death benefits, and repair of property. AND Don't forget it sometimes takes several years to settle a claim.

When you ask these questions:

- My tractor turns over and injures one of my farm hands. Will this insurance pay the bill?
- I go hunting and accidentally injure someone. Will this insurance pay the other fellow's hospital or medical bills?
- My bull breaks through the fence and causes an automobile accident on the road. Will this insurance protect me in case of a law suit?
- An uncle, who is visiting my ranch, injures himself while helping to survey the property. Will this policy cover his medical expenses?
- My wife visits a friend and by accident breaks a fine china plate. Will this insurance cover the replacement?
- When a saw breaks and cuts through an employee's hand, will the policy pay the medical bills?
- My cattle get into the neighbor's fields and destroy a portion of his crops. Will I be protected against damage charges?
- If a scaffold breaks and a life is lost, will this policy pay death benefits?

IT ONLY FEELS LIKE POWER STEERING

(Corvair doesn't need it)

Corvair's ingenious design simply places the engine in the rear. That means less weight on the front wheels and a lighter, happier feel in the curve of your hands. No power assist is needed in a car that's naturally nimble. See what a fresh engineering approach can do? From handling and parking ease right on, there just isn't anything ordinary or conventional about Corvair. Look at its practically flat floor, four-wheel independent suspension, fold-down rear seat. Its air-cooled rear engine that never needs water or antifreeze or radiator repairs... and leaves engine heat and noise back where you've been. All these special advantages are standard in every Corvair. Just wait till you see how much they add to your driving pleasure. But why wait!

Summer Projects Keep Homemaking Students Busy

Forty-four Friona High School students continued school work well into summer vacation.

Homemaking students may, if they wish, work on a summer project which gives them an extra half-credit. Begun on April 20, the projects were planned in detail, approved by the instructor, and required 100 hours of work. Deadline for completion was June 23.

Pictured on this page are students representative of the various areas in which projects were carried out. They included care and guidance of children, home care of the sick, home management, home improvement, personality improvement, provision of food for the family (gardening), meal planning and preparation, and clothing construction and renovation.

BIGGEST PROBLEM encountered by Gail Knight, standing above, was planning 21 different meals. Her project was planning, purchasing and preparing economical meals for the family of seven for a week. The senior student chose the project because she knew it would be valuable experience after she graduates. Her twin sisters, Martha and Mary, (we can't tell 'em apart--can you?) grin in anticipation as Gail takes a cinnamon nut roll from the oven. The twins are also homemaking students and had summer projects. Mary helped with cooking and had a number of household items such as cup towels and pot lifters. Martha's project was gardening and she helped landscape at the family's new home on the Loop. Mr. and Mrs. J. E. Knight are parents of the girls.

FINAL STEP OF summer projects is turning in records and having the instructor, Mrs. Valoris Osborn, right, check the work. Iva Ben Parr asks Mrs. Osborn's advice about a dress she is altering. The 15-year-old daughter of Mr. and Mrs. Bruce Parr had a combination project including sewing, child care, care of the sick and cooking. She will be a sophomore student this fall.

THE FRIONA STAR

THURSDAY, JUNE 30, 1960

PAGE 1, SECTION II

ROOM IMPROVEMENT was the project planned and carried out by Carol Ray. The 14-year-old sophomore repainted her room white and chose attractive blue curtains and bedspread. She recovered a vanity stool and plans to refinish a night stand to complete her redecoration. She is the daughter of Mr. and Mrs. Troy Ray.

LINDA CROW, also a sophomore, enjoyed her first project which included child care, house-keeping and cooking. She's shown above romping with her nephew, Doug Parmley, who's momentarily forgotten about his "horsie" in his absorption with the camera. Linda says she learned that getting along with children is essential if one expects them to mind. In addition to caring for Doug, she also kept a niece.

CUTTING OUT A blouse to complement a sports outfit is Ann Baxter, daughter of Mr. and Mrs. Bill Baxter. Ann's project was making her summer wardrobe, with emphasis on casual and sportswear to take when she attends a majorette school at Southern Methodist University at Dallas this summer.

WILLENE BAXTER likes to be outdoors so she chose a project that would keep her in the yard a large part of the summer. Her garden was hailed out May 28, but she replanted and her vegetables are doing fine once more. She has tomatoes, beans, peas, radishes, onions and okra. She is the 15-year-old daughter of Mr. and Mrs. Oscar Baxter.

BOUQUETS from family and friends came to Mrs. Charles "Grandma" Schlenker on her 94th birthday Tuesday. On the wall behind Mrs. Schlenker is a copy of the coat of arms of the Schlenker family, a gift from a daughter, Mrs. W. W. Burns of Des Moines, Iowa. A distant relative recently discovered the crest while on a visit to Germany.

Grandma Schlenker Celebrates 94th Birthday With Family Party

"Grandma" Schlenker celebrates 94th birthday with family party 3/30/60. Birthdays are nothing new to Mrs. Charles Schlenker so she took number 94 right in stride Tuesday.

Tuesday was fairly quiet since the family had honored the Farmer County pioneer with a party at the home of Mrs. Malinda Schlenker in the Rhea community Sunday.

Present were Mrs. W. W. Burns of Des Moines, Iowa; Oscar Schlenker, Mr. and Mrs. W. E. Schlenker, and Mr. and

Mrs. Harold Schlenker and Linda, all of California; Mr. and Mrs. Melvin Tiescher and family of Anton; Mr. and Mrs. J. R. Schlenker and Patsy of Portales; Jeff Weavel of Lubbock Air Force Base; Mr. and Mrs. Charlie Lovelace of Farwell; Dwayne Ridley of Bellview; Mrs. Bill Guyer and Jean of Washington and Mrs. Mabelle Hartwell, Mr. and Mrs. Ralph Wilson, Mr. and Mrs. Louis Welch and family, Mr. and Mrs. Carl Schlenker and family, Mr. and Mrs. Cordie Potts and family, Mr. and Mrs. Floyd Reeve, Mr. and Mrs. J. A. Guyer, Mr. and Mrs. Elmo Dean and Lindy and Mr. and Mrs. Billy Sifford and Kenny.

Another highlight of her birthday week has been the visit of her daughter, Mrs. Burns. She arrived last Tuesday and plans to leave Friday.

One of Mrs. Burns' gifts to her mother was a framed coat of arms of the Schlenker family. A nephew of Mrs. Schlenker's recently ran on a distant relative who had been visiting in Germany and discovered the crest while searching for information on the family. She had learned that all the family but two brothers had been killed in the Thirty-Years War in the 17th century. "We're all descendants of those two," says Mrs. Burns.

Mrs. Burns doesn't know the significance of the horse shield and other figures on the crest, but translation of the inscription is "Schlenker family documented in the year 1490 in the Old Schweminger."

The spry nonagenarian is working on her tenth large afghan since her 90th birthday. She made one for each of her six daughters and then kept right on making them.

She makes her home in Friona with a daughter, Mrs. Mabelle Hartwell.

Becky Edlmon Party Honoree

Honor guest at a theater party last Monday was Becky Edlmon, daughter of the Bill Edlmons who recently moved to Hereford. Hostesses were Mesdames Hob-Rietmayer and Ralph Price, teachers of the second grade Bible class at Sixth Street Church of Christ.

The youngsters went to Clovis for a movie and refreshments. Attending were Miles Lillard, Joe Boggs, Jeff Price, Kay Rietmayer, Billy Ross Procter, and Mike and Jill Rietmayer.

Mrs. Spring And New Son Given Shower

Friends surprised Mrs. Paul Spring with a shower of baby gifts last Tuesday shortly after she arrived home their newly-adopted son, John Louis.

Hostesses were Mesdames J. G. McFarland, Johnny Bengner, H. K. Kendrick, and Frank A. Spring.

Susie Spring, older sister of the young honoree, was assisted by Sue Gay and Celia Faye Vestal and Kathy and Linda Anderson in opening the gifts.

Attending and sending gifts were Mesdames Dan Ethridge, Lee Spring, O. J. Beene, George Anderson, J. T. Gee, H. H. Horton, Guy Latta, Bruce Parr, Sloan Osborn, Claude Osborn, C. L. Vestal Jr., Hank Outland, Dick Rocky, H. H. Elmore, Jesse Sinclair, Raymond Fleming, and John Bengner.

Mrs. Shelton Hosts WSCS

Mrs. Pearl Shelton was hostess to Maggie Hamblin Circle of WSCS of Friona Methodist Church Tuesday morning.

Lucille Rocky opening the meeting with prayer and Mrs. Valoris Osborn lead the program on prayer. Mrs. Winifred Hurst gave a devotion and Mrs. Ethel Ruth Spring discussed "Growth in Prayer." Mrs. Osborn talked on "Powerful Prayer."

Mrs. Blanche Boyle, chairman, presided during the business session.

Present were Mesdames Hurst, Boyle, Spring, Rocky, Kay Kendrick, Mary Lee Cass, Valoris Osborn, Verda Osborn, Olive Massie, Eula Bradshaw, Anna Anthony, Ruthie Fite, and Doris Kirby.

Dixons Honor Granddaughter

Special guests at a family get-together in the C. W. Dixon home Sunday were Mr. and Mrs. Ben Konis of New York City. Mrs. Konis, the former Eugenia Landrum, is a granddaughter of the local couple.

Entertainment in the afternoon was a showing of slides taken by the Dixons on a recent trip to Germany and Switzerland.

Attending were Mr. and Mrs. J. A. Hodges of Lubbock; Mr. and Mrs. Emmett Dixon of Hereford; Mr. and Mrs. Elmer Dixon, Mr. and Mrs. Weldon Bradley and family, Mr. and Mrs. C. W. Anthony, Mr. and Mrs. Fred Kuntz and family, and Mrs. Vernon Scott of Dimmitt; Mr. and Mrs. Vernon Collier of Canyon; Trina, Polly and Little Buck Dixon of Roswell and Mr. and Mrs. Ray Landrum and family of Friona.

MISS RUTH ANN ROGERS experiments with skirt-lengths on her niece, Linda Smith, as Mike Smith models a Turkist towel bathrobe. Both the material, hand-woven cotton, and the robe were brought to the children of Mr. and Mrs. Hoyt Smith by Miss Rogers who has been in Turkey and Iraq since December 1957. She is a secretary with the state department foreign service and the sister of Mrs. Smith.

Foreign Service Secretary Encounters Unique Problem

Friona women who think they have problems planning wardrobe and toiletries for their vacations should talk to Miss Ruth Anne Rogers who is visiting her brother-in-law and sister, Mr. and Mrs. Hoyt Smith, this week.

Miss Rogers, a secretary with the State Department foreign service, will leave next month for a two-year tour of duty in Duesseldorf, Germany. She will have to take sufficient clothing for that period and stock up on toiletries and cosmetics that may be difficult to obtain or more expensive in Germany.

Problems of that type were

quite prevalent in the Middle East where Miss Rogers has been since December, 1957. She took an adequate supply of her favorite brand of shampoo, only to find that it was one of a few brands available. Other items she'd planned to buy there were not to be had.

Until the revolt in Iraq in July of 1958, she was stationed at the American Embassy in Baghdad. At that time she and her job with Cento were moved to Ankara, Turkey.

In both locations the language barrier and the fact that women are still very restricted prevented any degree of social activity with the native popula-

tion, especially for single people in the foreign service. Native costumes are often a "conglomeration" of Bedouin robes and western garb, says Miss Rogers, and women are almost never seen on the street in Baghdad. Turkey has been "westernized" to a little greater extent.

American personnel can occasionally find wearing apparel that is suitable and fits, but shoes are almost impossible to find. They are generally made on shorter, wider lasts and are uncomfortable for most Americans.

Housekeeping in Baghdad was left to a maid. "But we weren't

living in the lap of luxury!" emphasizes Miss Rogers. Very few streets were paved, and they fought dust and dirt constantly. Water supplies were inadequate and a bath often had to be preceded by a trip to the water barrel on top of the building with two buckets of water. One just can't work and keephouse, too, she says, so domestic help is a necessity.

Mutton is the most common main dish and state department personnel could purchase canned foods at the embassy commissary. Other items the maid bought in local markets.

Closets, cabinets, and storage space were non-existent in her Baghdad house, but she rented her apartment in Ankara because it had closets.

American-native relations are good on the whole, she says, but adds that most friction is caused by the attitude of a few Americans. Turkey especially has a strong, determined army that will fight if the need arises and it is to be expected that they resent the "we're-doing-you-a-favor-you-should-be-grateful" air of some American military and civil personnel.

"We're lucky to have Turkey as an ally," she says and stresses that the money going into Turkey needs to be supplemented with contact with personnel with a cooperative rather than a condescending attitude.

Foreign service employees may be sent to any country in the world with which the United States maintains diplomatic relations. Communist China and Albania are the only two countries to which they may not go. So far as possible, they are sent to the general area in which they are most interested.

Spain and Italy are Miss Rogers' first choice and the Middle East was her second. However, she's looking forward to living in Germany, and in two years she'll be eligible for a transfer.

"There's always something new," says the vivacious young woman.

C. W. Dixons Return From Trip To Germany

Mr. and Mrs. C. W. Dixon recently returned from a month-long trip during which they visited in the Eastern United States and toured London and points of interest in Southern Germany and Switzerland.

New York City, where they visited their granddaughter, Mrs. Ben Konis and family, was the first stop. From there, they flew to London where they joined a tour which took them to Buckingham Palace and other points.

Final destination was Munich, Germany, where they were met by their son and daughter-in-law, Lt. and Mrs. Jim Dixon. For the first time they met their year-old granddaughter, Melodi, who was born in Germany. Lt. Dixon is stationed with the Air Force at Landsuit, Germany, and has another year

there. From Munich the local couple, accompanied by Lt. and Mrs. Dixon traveled in Southern Germany, or Bavaria, and Switzerland. Mrs. Dixon was impressed by the crops and the well-cared for land in Bavaria. A highlight of the Switzerland tour for her was a trip to the top Frau Mountain in the Alps by electric cog train. It has an elevation of 11,333 feet and it is necessary to go through a 4 1/2 mile tunnel to gain the summit. Lake Lucerne was especially beautiful, she says, and they also visited a number of museums and historic places. Mr. and Mrs. Dixon arrived back in the states June 7.

Rebekah Class Meets Thursday

Mrs. L. R. Dilger was hostess to a Thursday meeting of Rebekah class of First Baptist Church. Bible study was from the book of Job.

During the social hour the hostess served cake and ice cream to Mesdames L. M. Crow, Bill Cogdill, Elmer Euler, E. Taylor, Eva Roberson, Rita Agee, Clarence Guinn, J. M. Bradley, M. A. Black, and J. R. Southward.

H.D. Club Contributes To LL Park

Members of Friona HD Club voted to contribute \$25 to the Little League mothers' organization which is building rest rooms at the ball park.

The transaction was approved at a Tuesday morning meeting at the home of Mrs. Earl Drake.

"Putting Closets to Better Use" was program topic and in connection with it the women toured several houses now under construction by a local builder.

Following the tour Mrs. Drake served hot, rolls, coffee, and cold drinks to Mesdames Bill Sims, Lee Campbell, Jay Sanders, Albert Fields, Sam Jones, Ralph Shirley, L. D. Taylor, J. R. Varner, J. B. Williams, Gayson Jones, Wesley Hardesty, Paul Williams, Glenn Reeve Jr., and a guest, Miss Carol Miller of Lazbuddie.

Mrs. Hardesty will be hostess at the next meeting July 12. "People Growing Old" will be program topic and a senior citizen of Friona will be a special guest.

Hub HD Club Has Program On Storage

Planned storage space was topic of the program at last Thursday's meeting of Hub Home Demonstration Club. Mrs. Derl McGuire was in charge.

During the business session plans for a family picnic were discussed.

Attending the meeting at Hub Community Center were Mesdames John Hand, Edgar Walters, Albert Cannon, Rene Sneed, Clarence Monroe, T. I. Burleson, Weldon Stringer and McGuire.

Births

The following births were recorded with Justice of Peace Thelma Jones during the week ending June 28 by the Parmer County Community Hospital:

Girl--born to Mr. and Mrs. Oral B. Gulley of Farwell June 14, at 8:20 p. m. weighing 7 lb 12 1/2 oz.

Girl--born to Mr. and Mrs. Joe K. Briggs of Muleshoe June 14, at 6:30 a. m. weighing 7 lb 1 oz.

Boy--born to Mr. and Mrs. Rene Ortiz of Friona June 15 at 4:18 p. m. weighing 6 lb 11 oz.

Girl--born to Mr. and Mrs. Jack Scaggs of Farwell June 15 at 12:40 a. m. weighing 7 lb 3 1/2 oz.

Boy--born to Mr. and Mrs. Herbert L. Schueler of Rhea June 16, at 11:36 a. m. weighing 8 lb 12 oz.

Boy--born to Mr. and Mrs. J. B. Suddarth of Farwell June 19 at 6:20 p. m. weighing 8 lb.

Girl--born to Mr. and Mrs. Cirillo Villa of Muleshoe June 20 at 11:45 p. m. weighing 5 lb 8 1/2 oz.

A/3c Stanley Varner, son of Mr. and Mrs. J. R. Varner, is visiting in the home of his parents before reporting to Dover, Del., for advanced training in the Air Force. He underwent basic training in San Antonio and has been at Amarillo Air Force Base.

A TRIBUTE TO OUR RANCHERS

Fabulous characters of song and story about Our Great West, rank alongside Robinhood and D'Artagnan for bravery and resourcefulness. These were the stout hearted men of iron and vision who pioneered our vast cattle and sheep country--who built it into an empire of progress second to none in all the world. Inured the most cruel hardships of Nature; born and bred to the saddle and the limitless pageant of the range, our ranchers produce the world's finest meat for the most discriminating markets. Who could dream of sweeter, more poignant tunes than our Western Ballads? Who among us would wish any rancher less than God's finest and most abundant? Proudly we salute these truly great Ranchers.

BOUQUETS from family and friends came to Mrs. Charles "Grandma" Schlenker on her 94th birthday Tuesday. On the wall behind Mrs. Schlenker is a copy of the coat of arms of the Schlenker family, a gift from a daughter, Mrs. W. W. Burns of Des Moines, Iowa. A distant relative recently discovered the crest while on a visit to Germany.

Grandma Schlenker Celebrates 94th Birthday With Family Party

"Grandma" Schlenker celebrates 94th birthday with family party 3/30/60. Birthdays are nothing new to Mrs. Charles Schlenker so she took number 94 right in stride Tuesday.

Tuesday was fairly quiet since the family had honored the Partner County pioneer with a party at the home of Mrs. Malinda Schlenker in the Rhea community Sunday.

Present were Mrs. W. W. Burns of Des Moines, Iowa; Oscar Schlenker, Mr. and Mrs. W. F. Schlenker, and Mr. and

Mrs. Harold Schlenker and Linda, all of California; Mr. and Mrs. Melvin Tischler and family of Anton; Mr. and Mrs. J. R. Schlenker and Patsy of Portales; Jeff Weavel of Lubbock Air Force Base; Mr. and Mrs. Charlie Lovelace of Farwell; Dwayne Ridley of Wellview; Mrs. Bill Guyer and Jean of Washington and Mrs. Mabel Hartwell, Mr. and Mrs. Ralph Wilson, Mr. and Mrs. Louis Welch and family, Mr. and Mrs. Carl Schlenker and family, Mr. and Mrs. Cordie Potts and family, Mr. and Mrs. Floyd Reeve, Mr. and Mrs. J. A. Guyer, Mr. and Mrs. Elmo Dean and Lindy and Mr. and Mrs. Billy Sifford and Kenny.

Another highlight of her birthday week has been the visit of her daughter, Mrs. Burns. She arrived last Tuesday and plans to leave Friday.

One of Mrs. Burns' gifts to her mother was a framed coat of arms of the Schlenker family. A nephew of Mrs. Schlenker's recently ran on to a distant relative who had been visiting in Germany and discovered the crest while searching for information on the family. She had learned that all the family but two brothers had been killed in the Thirty-Years War in the 17th century. "We're all

descendants of those two," says Mrs. Burns.

Mrs. Burns doesn't know the significance of the horse shield and other figures on the crest, but translation of the inscription is "Schlenker family documented in the year 1490 in the Old Schweningen."

The spry nonagenarian is working on her tenth large afghan since her 90th birthday. She made one for each of her six daughters and then kept right on making them.

She makes her home in Friona with a daughter, Mrs. Mabelle Hartwell.

Becky Edlmon Party Honoree

Honor guest at a theater party last Monday was Becky Edlmon, daughter of the Bill Edlmons who recently moved to Herford. Hostesses were Mesdames Bob Riethmayer and Ralph Price, teachers of the second grade Bible class at Sixth Street Church of Christ.

The youngsters went to Clovis for a movie and refreshments. Attending were Miles Lillard, Joe Hoggess, Jeff Price, Kay Riethmayer, Billy Ross Procter, and Mike and Jill Riethmayer.

Mrs. Spring And New Son Given Shower

Friends surprised Mrs. Paul Spring with a shower of baby gifts last Tuesday shortly after she arrived home their newly-adopted son, John Louis.

Hostesses were Mesdames J. G. McFarland, Johnny Benger, H. K. Kendrick, and Frank A. Spring.

Susie Spring, older sister of the young honoree, was assisted by Sue Gay and Celia Faye Vestal and Kathy and Linda Anderson in opening the gifts.

Attending and sending gifts were Mesdames Dan Ethridge, Lee Spring, O. J. Beene, George Anderson, J. T. Gee, H. H. Horton, Guy Latta, Bruce Parr, Sloan Osborn, Claude Osborn, C. L. Vestal Jr., Hank Outland, Dick Rocky, H. H. Elmore, Jesse Sinclair, Raymond Fleming, and John Henger.

Mrs. Shelton Hosts WSCS

Mrs. Pearl Shelton was hostess to Maggie Hamblin Circle of WSCS of Friona Methodist Church Tuesday morning.

Lucille Rocky opening the meeting with prayer and Mrs. Valoris Osborn lead the program on prayer. Mrs. Winifred Hurst gave a devotion and Mrs. Ethel Ruth Spring discussed "Growth in Prayer." Mrs. Osborn talked on "Powerful Prayer."

Mrs. Blanche Boyle, chairman, presided during the business session.

Present were Mesdames Hurst, Boyle, Spring, Rocky, Kay Kendrick, Mary Lee Cass, Valoris Osborn, Verda Osborn, Olive Massie, Eula Bradshaw, Anna Anthony, Ruthie Fite, and Doris Kirby.

Dixons Honor Granddaughter

Special guests at a family get-together in the C. W. Dixon home Sunday were Mr. and Mrs. Ben Konis of New York City. Mrs. Konis, the former Eugenia Landrum, is a granddaughter of the local couple.

Entertainment in the afternoon was a showing of slides taken by the Dixons on a recent trip to Germany and Switzerland.

Attending were Mr. and Mrs. J. A. Hodges of Lubbock; Mr. and Mrs. Emmett Dixon of Herford; Mr. and Mrs. Elmer Dixon, Mr. and Mrs. Weldon Bradley and family, Mr. and Mrs. C. W. Anthony, Mr. and Mrs. Fred Kuntz and family, and Mrs. Vernon Scott of Dimmitt; Mr. and Mrs. Vernon Collier of Canyon; Trina, Polly and Little Buck Dixon of Roswell and Mr. and Mrs. Ray Landrum and family of Friona.

MISS RUTH ANN ROGERS experiments with skirt-lengths on her niece, Linda Smith, as Mike Smith models a Turkist towel bathrobe. Both the material, hand-woven cotton, and the robe were brought to the children of Mr. and Mrs. Hoyt Smith by Miss Rogers who has been in Turkey and Iraq since December 1957. She is a secretary with the state department foreign service and the sister of Mrs. Smith.

Foreign Service Secretary Encounters Unique Problem

Friona women who think they have problems planning wardrobe and toiletries for their vacations should talk to Miss Ruth Ann Rogers who is visiting her brother-in-law and sister, Mr. and Mrs. Hoyt Smith, this week.

Miss Rogers, a secretary with the State Department foreign service, will leave next month for a two-year tour of duty in Duesseldorf, Germany. She will have to take sufficient clothing for that period and stock up on toiletries and cosmetics that may be difficult to obtain or more expensive in Germany.

Problems of that type were quite prevalent in the Middle East where Miss Rogers has been since December, 1957. She took an adequate supply of her favorite brand of shampoo, only to find that it was one of a few brands available. Other items she'd planned to buy there were not to be had.

Until the revolt in Iraq in July of 1958, she was stationed at the American Embassy in Baghdad. At that time she and her job with Cento were moved to Ankara, Turkey.

In both locations the language barrier and the fact that women are still very restricted prevented any degree of social activity with the native popula-

tion, especially for single people in the foreign service. Native costumes are often a "conglomeration" of bedouin robes and western garb, says Miss Rogers, and women are almost never seen on the street in Baghdad. Turkey has been "westernized" to a little greater extent.

American personnel can occasionally find wearing apparel that is suitable and fits, but shoes are almost impossible to find. They are generally made on shorter, wider lasts and are uncomfortable for most Americans.

Housekeeping in Baghdad was left to a maid. "But we weren't

living in the lap of luxury!" emphasizes Miss Rogers. Very few streets were paved, the houses were not tightly built, and they fought dust and dirt constantly. Water supplies were inadequate and a bath often had to be preceded by a trip to the water barrel on top of the building with two buckets of water. One just can't work and keep house, too, she says, so domestic help is a necessity.

Mutton is the most common main dish and state department personnel could purchase canned foods at the embassy commissary. Other items the maid bought in local markets.

Closets, cabinets, and storage space were non-existent in her Baghdad house, but she rented her apartment in Ankara because it had closets.

American-native relations are good on the whole, she says, but adds that most friction is caused by the attitude of a few Americans. Turkey especially has a strong, determined army that will fight if the need arises and it is to be expected that they resent the "we're-doing-you-a-favor-you-should-be-grateful" air of some American military and civil personnel.

"We're lucky to have Turkey as an ally," she says and stresses that the money going into Turkey needs to be supplemented with contact with personnel with a cooperative rather than a condescending attitude.

Foreign service employees may be sent to any country in the world with which the United States maintains diplomatic relations. Communist China and Albania are the only two countries to which they may not go. So far as possible, they are sent to the general area in which they are most interested.

Spain and Italy are Miss Rogers' first choice and the Middle East was her second. However, she's looking forward to living in Germany, and in two years she'll be eligible for a transfer.

"There's always something new," says the vivacious young woman.

C. W. Dixons Return From Trip To Germany

Mr. and Mrs. C. W. Dixon recently returned from a month-long trip during which they visited in the Eastern United States and toured London and points of interest in Southern Germany and Switzerland.

New York City, where they visited their granddaughter, Mrs. Ben Kois and family, was the first stop. From there, they flew to London where they joined a tour which took them to Buckingham Palace and other points.

Final destination was Munich, Germany, where they were met by their son and daughter-in-law, Lt. and Mrs. Jim Dixon. For the first time they met their year-old granddaughter, Melodi, who was born in Germany. Lt. Dixon is stationed with the Air Force at Landsuit, Germany, and has another year

there. From Munich the local couple, accompanied by Lt. and Mrs. Dixon traveled in Southern Germany, or Bavaria, and Switzerland. Mrs. Dixon was impressed by the crops and the well-cared for land in Bavaria. A highlight of the Switzerland tour for her was a trip to the top Frau Mountain in the Alps by electric cog train. It has an elevation of 11,333 feet and it is necessary to go through a 4 1/2 mile tunnel to gain the summit. Lake Lucerne was especially beautiful, she says, and they also visited a number of museums and historic places. Mr. and Mrs. Dixon arrived back in the states June 7.

Rebekah Class Meets Thursday

Mrs. L. R. Dilger was hostess to a Thursday meeting of Rebekah class of First Baptist Church. Bible study was from the book of Job.

During the social hour the hostess served cake and ice cream to Mesdames L. M. Crow, Bill Cogdill, Elmer Euler, E. Taylor, Eva Roberson, Rita Agee, Clarence Guinn, J. M. Bradley, M. A. Black, and J. R. Southward.

H:D Club Contributes To LL Park

Members of Friona HD Club voted to contribute \$25 to the Little League mothers' organization which is building rest rooms at the ball park.

The transaction was approved at a Tuesday morning meeting at the home of Mrs. Earl Drake.

"Putting Closets to Better Use" was program topic and in connection with it the women toured several houses now under construction by a local builder.

Following the tour Mrs. Drake served hot, rolls, coffee, and cold drinks to Mesdames Bill Sims, Lee Campbell, Jay Sanders, Albert Fields, Sam Jones, Ralph Shirley, L. D. Taylor, J. R. Varner, J. B. Williams, Gayson Jones, Wesley Hardesty, Paul Williams, Glenn Reeve Jr., and a guest, Miss Carol Miller of Lazbuddie.

Mrs. Hardesty will be hostess at the next meeting July 12. "People Growing Old" will be program topic and a senior citizen of Friona will be a special guest.

Hub HD Club Has Program On Storage

Planned storage space was topic of the program at last Thursday's meeting of Hub Home Demonstration Club. Mrs. Derl McGuire was in charge.

During the business session plans for a family picnic were discussed.

Attending the meeting at Hub Community Center were Mesdames John Hand, Edgar Walters, Albert Cannon, Rene Snead, Clarence Monroe, T. I. Burselon, Weldon Stringer and McGuire.

Births

The following births were recorded with Justice of Peace Thelma Jones during the week ending June 28 by the Parmer County Community Hospital:

Girl--born to Mr. and Mrs. Oral B. Gully of Farwell June 14, at 8:20 p. m. weighing 7 lb 12 1/2 oz.

Girl--born to Mr. and Mrs. Joe K. Briggs of Muleshoe June 14, at 6:30 a. m. weighing 7 lb 1 oz.

Boy--born to Mr. and Mrs. Rene Ortiz of Friona June 15 at 4:18 p. m. weighing 6 lb 11 oz.

Girl--born to Mr. and Mrs. Jack Scaggs of Farwell June 15 at 12:40 a. m. weighing 7 lb 3 1/2 oz.

Boy--born to Mr. and Mrs. Herbert L. Schueler of Rhea June 16, at 11:36 a. m. weighing 8 lb 12 oz.

Boy--born to Mr. and Mrs. J. B. Sudderth of Farwell June 19 at 6:20 p. m. weighing 8 lb.

Girl--born to Mr. and Mrs. Cirillo Villa of Muleshoe June 20 at 11:45 p. m. weighing 5 lb 8 1/2 oz.

A/3c Stanley Varner, son of Mr. and Mrs. J. R. Varner, is visiting in the home of his parents before reporting to Dover, Del., for advanced training in the Air Force. He underwent basic training in San Antonio and has been at Amarillo Air Force Base.

A TRIBUTE TO OUR RANCHERS

Fabulous characters of song and story about Our Great West, rank alongside Robinhood and D'Artagnan for bravery and resourcefulness. These were the stout hearted men of iron and vision who pioneered our vast cattle and sheep country--who built it into an empire of progress second to none in all the world. Inured the most cruel hardships of Nature; born and bred to the saddle and the limitless pageant of the range, our ranchers produce the world's finest meat for the most discriminating markets. Who could dream of sweeter, more poignant tunes than our Western Ballads? Who among us would wish any rancher less than God's finest and most abundant? Proudly we salute these truly great Ranchers.

Cotton Root Rot Damage Predicted

If rains occur during June, July and August, cotton root rot losses will be high. This prediction comes from Dr. Harlan E. Smith, extension plant pathologist. He bases it on the amount of disease carry-over in the soil from last year, and the late cotton crop. The disease occurs in all areas of the state except the Panhandle, High Plains and sandy soils of East Texas.

It is known that the disease fungus is carried over in the form of seed bodies or sclerotia. A minimum of 25 to 30 of these sclerotia per cubic foot of soil are necessary to cause disease. Due to the large amount of root rot the past two years, a high count of sclerotia are present in all infested soils, according to Smith.

When cotton roots grow close to the sclerotia in moist soil, the seed bodies of the fungus germinate and attack the cotton root. Within a few days large patches of dead cotton appear.

The disease is nearly always more damaging on late than on early cotton. Early cotton is more likely to escape some of the damage.

Smith advises growers to start planning preventive measures immediately for the 1961 cotton crop. Deep plowing, 10 to 14 inches deep, with a mold board or disc type plow is recommended. In a few areas, because of the type of sub-soil, this will not be possible. However, deep plowing to as great a depth as possible will be helpful in reducing root rot, the following year, he says.

Local county agents can supply copies of the publication MP-361, "Root Rot Losses of Cotton Can Be Reduced," and additional information on practices which will aid in reducing plant disease losses.

AT LEAST two elevators in the Farmer County area had piled wheat on the ground because of a shortage of storage space and railroad cars. These two pictures show one small pile by both the Lariat Elevator and the Hub Elevator. Many more area grain companies might have had to resort to outdoor storing, but a shortage of combines and crews kept a rush from occurring.

HARVEST PASSES HALFWAY POINT

Halfway mark in an average wheat harvest was reported passed last week by Farmer County area elevator operators and farmers. Yield and quality of the small grain was reported good.

The harvest was virtually over in the southern part of the county, while it was just getting started good in the north side when rains halted work last week.

Estimates on the amount of the 1960 crop that has been cut ranged from 50 to 90 percent. Farmers and combiners feel the crop is making a better showing than was expected. Most elevator operators think the crop is average and about the same as last year.

Large amounts of hail, water and wind damage occurred in isolated sections of the county. Although elevator crews were kept busy until the rain stopped field work, there were insufficient combines available to create a rush.

Reports of yields ranged from five bushels in haled out areas to 70 bushels an acre in areas where little or no damage occurred from the weather.

The ground was still too wet to work Saturday, but elevator managers and farmers expected to see the combines and grain trucks rolling again on Sunday. Many felt the harvest would have been completed by now were it not for the inclement weather.

Quite a few combines and crews were caught in the field when rains began falling. Equipment was still sitting idle in fields throughout the High Plains at the end of last week.

Some wheat had to be stored on the ground when elevator bins filled and too few railroad cars were available to accommodate the abundant flow of golden grain.

Here is a report from area elevators on the progress of the harvest:

Black
"It's about 50 and 55 percent harvested," says Pete Braxton of Tri-County Elevator.

Braxton says it is difficult to tell what the average yield is running because of weather damage that resulted in varied reports.

"Test weight of the wheat is running 62 and 63," he says.

Lloyd Prewett of Prewett Grain Co. in Black says it is difficult to tell how much of this year's crop has been harvested.

"Yields are running good on dryland and irrigated both. I think the harvest is probably 50 percent over," he says.

"It has a very good test weight. It is exceptionally good grain and yields are running above average."

Friona
At Continental Grain Co. in Friona, G. "Preach" Cranfill says the harvest is about half through.

"Harvest is not far enough along to tell about the yields," Cranfill says the wheat is good quality and dry and the test weight is high.

"I imagine about half," says Arthur Drake of Friona Wheat Growers of the percentage of the wheat harvested.

"Most of the irrigated wheat is making around 50 bushels an acre and the dryland is making 10 to 30," Drake says the grain is good quality.

Texas Agricultural Income Ranks High

Texas far outranked other states in cash receipts from farm marketing of cotton, rice and grain sorghum in 1959, reports John G. McHaney, economist for the Texas Agricultural Extension Service.

Cotton was the leading income source for Texas farmers as it brought in one-third of the total agricultural receipts. Although Texas grain sorghum accounted for over half of the

total U. S. production, it accounted for only 10 percent of the State's farm income, McHaney continues.

In other rankings, Texas was second in receipts from cattle and calves, fourth in sheep and lambs and peanuts, and fifth in flaxseed. Even though Texas retained its top spot for number of cattle and calves on hand, Iowa ranked first in total cash receipts, McHaney says.

THE HIGH PLAINS FARM AND HOME

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL * OUR STRENGTH

Again this year the smoke from the fires of those burning their wheat stubble are beginning to show up. If the practice of burning stubble is kept up year after year it will result in diminishing returns from the land.

The residues that are returned to the soil merely replace a part of what is harvested. It is highly important that all crop residues are utilized for the building of organic matter.

Organic matter is any form of plant or animal bodies that are in the process of decomposition. This includes a part of a crop left on the fields, and crop plowed under green, any barnyard manure that is added, and the bodies of dead animals.

Organic matter present in the soil directly affects the water-holding capacity of the soil. The small fragments of organic matter have the ability to hold up to ten times as much water as a soil particle the same size.

Therefore, any increase in organic matter content will increase the amount of water a soil can store. This is extremely valuable to the dryland

farmer who depends on water caught during summer fallow and in the winter to produce the next crop.

Also, to the irrigation farmer who pre-irrigates, crop production depends on the water stored in the soil. Proper management of crop residues will increase the amount of water that can be stored in the soil.

This is only one of the many ways that crop stubble can help the land and the most economical way to supply this needed organic matter is by the efficient use of crop residues.

SAFETY SIGN: "Watch out for school children especially if they're driving."

Hub
"I think we are better than half finished," says W. E. Stringer of Hub Grain Co.

He reports varied yields, ranging from 60 to 70 bushels an acre. Wheat in the Hub area received little hail and other damage, and it is all testing good, weighing between 60 and 62 pounds a bushel.

Clay's Corner
"I believe it is a little better than half over," says Earl Owens of the Farmer's Co-Op elevator near Lazbuddie.

Owens feels the average yield will be about 50 to 60 bushels an acre. He says the grain is good quality and dry.

Bovina
T. J. Parkey of Bovina Wheat Growers says, "It's just about 50 or 55 percent over."

"I would say the average yield will be from 50 to 55 bushels to the acre. Test weight has been very good."

Parkey says the wheat has been good quality, dry grain. "I guess it's over half finished," says Harry Johnson of the harvest. Johnson is with Sherley Grain Co. in Bovina.

Johnson thinks the harvest will have the same results as last year, with real good quality wheat and irrigated average of about 50 to 60 bushels an acre.

Rhea
At Rhea, Carl Schlenker of Schlenker Grain Co. says the dryland wheat has nearly all been harvested, while the cutting on irrigated wheat is just

getting started good.

Schlenker says yield on both is good, probably above what was expected. He estimates five to 20 bushels for dryland and about 45 to 65 bushels an acre for irrigated wheat.

"It seems to be real good," he says of the quality. Test weight at the Rhea elevator ranges from 59 to 62 pounds a bushel.

Texico-Farwell
"I would say it is probably about 60 to 85 percent cut," Bull Dollar says of the wheat in that area. He reports all kinds of yields being recorded, mostly because of hail damage.

Dollar of Sherley-Anderson-Pitman Grain Co. in Farwell says, "It has all been good quality. All of the wheat we have got here weighed in at over 61 1/2 pounds."

Herb Potts of Worley Grain Co. in Farwell thinks the harvest is about 65 percent over.

"Yields average anywhere from 35 to 65 bushels per acre. Some farmers got hail and wind damage."

Potts says quality has been above average, weighing from 60 to 64 pounds a bushel.

"As far as our elevator is concerned, the harvest is practically over," says Bill Dollar of Lone Star Grain Co. in Farwell.

He reports all different kinds of yield recordings because of hail and wind damage, and about usual quality.

"It's been weighing out good," Dollar says.

Pat Patrick of Golden West Seed Co. in Texico feels the wheat harvest is between two-thirds and three-fourths finished.

"The irrigated wheat will average 30 to 35 bushels an acre. About 57 or 58 is the best we have had come in on a single patch."

"There is some shrivel wheat this year that is due to hot dry winds and not enough moisture."

Lariat
Boone Allison of the Lariat Elevator thinks the harvest in that area is about 89 percent over.

"I think the irrigated made anywhere from 35 to 50 bushels an acre."

"We have had wheat test as high as 64 pounds a bushel," Allison reports good quality.

"I would say it's about two-thirds over with," says Asa Smith of Sherley-Anderson Grain Co. in Lariat.

"I believe they would have gotten through by the middle of the week if it hadn't rained. Now it would be hard to say when they will finish."

"We've had good yields, from 50 to 60 bushels per acre."

"We will get more wheat this year than we have ever gotten before."

Smith reports good quality and high test grain.

WITH THE COUNTY AGENT

JOE JONES

Last week I looked at about 40 fields of cotton in all parts of the county and found seedling diseases and thrip in almost 100% of these fields. Seedling diseases have damaged the root systems of almost all our cotton and is holding the young plants back along with the thrip. Some cotton that had been poisoned had healthy leaves coming out but in many cases the small green leaves the size of a dime were being curled due to thrip.

Any way you figure it we are beginning this cotton year with 85% June Cotton regardless of the planting dates. Seedling diseases can be partly over come some by applications of fungicide mixed with the soil at planting time, rotation of cotton to land that was not in cotton the previous year, varieties that show resistance to these diseases, and planting when the soil temperature is 60 degrees and at an 8 inch depth for 10 days straight. This usually occurs between May 5 and May 20th.

Remember, most of you have June cotton this year and it should be handled from here out as such.

If you plan to use a 2-4-D type herbicide for weed control on grain sorghum here are a few things to keep in mind: Temperatures between 70 degrees and 85 degrees with no wind are ideal for application. The higher the temperature the more likely vapors are to drift to susceptible crops. Keep spray pressures low and use nozzles that will deliver a coarse spray.

Sprays should not be applied in the terminal leaf roll of sorghum, but should be directed below this leaf roll and should be applied to terminals of weeds. Do not spray young sorghum under 3 inches tall because it is likely to severely injure small plants. The ideal height for sorghum is between 6 inches and 12 inches. Grain sorghum is also very likely to be injured when in the advanced stage, especially in the bloom stage. Rates should be kept as low as will do the job. Rates of not more than one-half pound acid equivalent should be used.

In a few days I'll have demonstrator reports worked up showing the results of phosphate and nitrogen on wheat as compared to nitrogen alone. The demonstrations were carried on in the sandier area with the exception of the one on J. D. Kirkpatrick's place and the James Mabry farm at Hub. I hope to have these ready to publish in a week or two.

W. L. Edelman was by this morning and his variety trials will be complete in a few days. The wheat in general is very good this year but perhaps will be better when most all farmers use soil tests as a guide and do more checking on their own to determine the best rates of application of the different elements. Soil tests are only a guide and must produce the most economical return. This

is the reason for each farmer doing some checking on his own. To do this best, you must know what you put on, when it is applied, how much applied, and weigh the crop taken off. I think this year's demonstration results will be helpful to most of you.

If you are having tomato plants to die, you likely have curly top.

Main symptoms - This disease is primarily a problem in irrigated areas of West and South Texas. Upper leaves first turn grayish-green. Soon leaves become crisp, brittle and roll upward. Leaves turn light green to yellow with purple veins on the lower side. Plants stop growing, fail to ripen fruit and die within a few weeks.

Principal control methods, thick stands of plants 6 to 12 inches apart, help to provide enough plants to escape. Control the beet leafhoppers by regular spraying or dusting with insecticides. In gardens remove the infected plants so the beet leafhopper cannot transmit the disease from the infected plant to a healthy plant.

Farm Bureau Opposes Minimum Wage Change

The Texas Farm Bureau this week voiced its opposition to proposed legislation which would increase the minimum wage to \$1.25 per hour and extend it to additional millions of workers.

J. H. West, president of the state farm organization, stated the Farm Bureau's position on the issue in letters to all members of the Texas congressional delegation. He urged the Texas lawmakers to use their influence to defeat the proposals.

The farm leader said Farm Bureau is opposed to the proposed changes in the law because they would:

- (1) Reduce farm income by increasing the cost of goods

and services used on the farm.

- (2) Give further impetus to inflationary trends and increase the cost of living.
- (3) Price the services of many people out of the market.

This would apply primarily to those who have handicaps of age, experience or capacity whose services would be worth less than employers would gain by employing them.

Legislation is now under consideration in the both the House and Senate Labor committees

to amend the minimum wage and hours provision of the Fair Labor Standards Act.

"It is my understanding," West said, "that the provisions of amendments being considered by both committees are almost identical, except for minor details, and if passed into law would increase the minimum wage to \$1.25 per hour over a period of two years, and in addition, would extend the wage and hour provisions to additional millions of workers."

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

We were a little premature in our statement last week that the wheat bill in congress was finally passed. Actually, what happened, after all was said and done, was nothing. The 1961 wheat program will be the same as the 1960 program was, with the same minimum allotment for the nation of 55 million acres.

Regrettably, we must say that it is quite evident that the welfare of the farmer was not considered by our Washington people beyond the point that the respective political groups would be benefited. Although there always has been competition between various industrial and economic groups in legislative efforts, it seems imperative that the welfare of the nation as a whole must be considered first, if the situation is to improve.

We believe there will be no great improvement made until agreement is reached in some of these high places that Divine Guidance is necessary to a solution.

Recently AFL-CIO News published what they referred to as the "extremely low" income of farm laborers which they said was an average of \$766. They did not go ahead and publish the average per capita income of the farm population, which is \$643. (These figures are income from farm labor and farming, excluding other income sources in both cases).

Farm Bureau Leaders will be meeting with platform committees of both major parties during their respective conventions in Los Angeles and Chicago. Farm policies of Farm Bureau that have been developed by members in 49 states and Puerto Rico will be presented for consideration of these committees.

The weed committee met last Monday night and Farm Bureau directors will meet Monday night, July 4th. You are welcome to these meetings which are held regularly on the last and first Monday nights of each month, respectively.

Remember to file for gas tax refund and pay Farm Bureau dues promptly. We are looking forward to resuming service as usual to members when Glenda Rickerd rejoins us next Tuesday, after a long seige of illness.

Consider this: "He that gathereth in summer is a wise son; but he that sleepeth in harvest is a son that causeth shame. Blessings are upon the head of the just; but violence covereth the mouth of the wicked." Proverbs 10: 5-6.

GET MORE GOOD FROM MILK

From soup to dessert -- milk used generously in cooking can add greatly to the nourishment in meals according to extension foods and nutrition specialists of the Texas A & M College system.

When families in this country are not well fed, the nutrient they most often lack is calcium. And the main source of calcium in our food supply is milk.

Milk would be an important food if it offered no more than the mineral calcium, which is needed all life long for healthy bones. Along with calcium, milk contains about 100 nutrients -- minerals, vitamins, sugars and protein elements. Altogether, this makes milk a very special food bargain.

The protein in milk is of the best quality that food offers, so that milk can help out with protein in the same way that meat, poultry, fish and eggs do. Milk is a good source of the B vitamins, riboflavin, which is another nutrient often short in the foods families choose.

Drinking milk is the simplest way to get the good from milk. But there are many opportunities in cooking to get part of the milk needed daily.

Children should have a minimum of one quart daily and adults need two or more glasses.

Use frozen bread when you must make sandwiches several hours ahead of time, suggest extension foods and nutrition specialists of the Texas A & M College System. It is easier to spread than fresh bread. The chill from the frozen slices will keep the filling fresh. Even lettuce keeps fresh for several hours. When slices thaw, they

have the characteristics of fresh bread.

Here's the one-two-three of fly control in and around the home: Sanitation all the time. Well-fitting screens that swing outward on all windows and doors. Use of spray -- both space and surface types -- in and around the house, and the new bait preparations outside when flies gather, such as around the garbage can.

Use recommended methods to freeze and cook frozen foods. Get a copy of the extension bulletin, "FROZEN FOODS" from your local home demonstration agent. It gives directions for preparing, packaging and freezing fruits, vegetables and prepared foods, such as cakes, pies, breads and combination dishes.

The Texas Farm and Ranch Safety Council urges all Texans to be doubly careful now with

LEGAL NOTICE

Parmer County will accept bids until 10:00 o'clock a.m. on July 11, 1960, at the office of the County Judge for the purchase of the following equipment delivered to County Warehouse, Latholm, Tex.:

One (1) standard tread, diesel tractor with not less than 28 H. P., to be equipped with battery, starter, lights, oil and rubber tires with boggy front wheel weights, calcium-chlorate solution in rear tires, and power take-off and power lift.

Parmer County reserves the right to reject any and all bids, or to accept the bid deemed the most advantageous to Parmer County.

Loyde A. Brewster, County Judge, 39-2rc

cigarettes and fires. Pastures are dry and grass fires are on the increase.

"With a family of three, I shop for a family of twelve!"

says Mrs. Harlan F. Gibbs, OF ROSWELL, NEW MEXICO

"Cheaper by the dozen," says Mrs. Gibbs. To explain her statement, she continues, "By buying in large quantities, I am able to save considerably on our food budget. In addition to dollar savings, I practically have a super market in my freezer, open 24 hours a day. And that means wholesome and delicious food because we have garden-fresh fruits and vegetables all year 'round."

WATCH and WIN!

Be sure to get your demonstration of an electric home freezer, electric dishwasher, electric range or electric clothes dryer (all four) at your Reddy Kilowatt dealer and then register for each demonstration. You may win one of the major appliances to be given away.

SEE YOUR PARTICIPATING REDDY KILOWATT ELECTRIC APPLIANCE DEALER

Mrs. Gibbs is a four-appliance owner and so, finds time that she can devote to her family. Reddy can help you save time in the same way, working dependably 24 hours a day to freeze your food, wash your dishes, cook your meals and dry your clothes. Give him the chance, he'll not let you down.

COOL PLACE TO SPEND SUMMER--Howard Love shows how to dig a ditch as city workmen move a fire hydrant at the location of the new White Supermarket in Friona. Really Love didn't dig all this ditch with a shovel, but by the size of sweat drops he looked as if he had.

Letters To Editor

Dear Dave,
I am glad to see you bring up the subject of a swimming pool again.
I happen to have been on the committee that tried to get a civic organization in town to get behind a swimming pool project. We got all of the figures together as to about what it would cost. We then took the plan before the organization and it was dropped right there.
People in Hereford said they couldn't build a Community Center, but they did. They also said they couldn't build a Methodist home that is going to cost people in Hereford about \$100,000 but it looks as if they are going to get it done.
What I am trying to say is that as long as we sit around and say it can't be done, well it won't be done, you can bet on that.
Some people said we couldn't build a little league ball park but the local civic organizations got behind the project and we now have one of the nicest around.
Sure a pool will cost a lot of money but it will be money well spent.
The small pool that is in town now is full every hour that it is open to the public. I think that the men who have this pool should be commended for opening it to be public. They didn't have to and maybe some of those kids can swim after this summer because the pool

LIONS SWEETHEARTS --Pat Foster, center, retired Thursday night as Lions Club Sweetheart and was replaced by Nelda Douglas, right, who will serve the club in that office during 1960-61. Judy Fesser, left, gave the club a report of her visit to Girls State in Austin during the evening meeting.

Letters--

(Continued from page 7)
was available to them.
I, for one, am ready to go to work with anyone and try again to get a pool in Friona so let's get started before another summer is gone.

A pool can be built in Friona if a few will just get behind it and say "It Will Be Done," rather than the favorite saying of "it can't be done here."

Sincerely,
Danny Bainum

Mr. W. H. Graham, Jr.
Publisher
State Line Tribune
Friona Star

Dear Mr. Graham,

Congratulations on being selected as a winner in the Texas Newspaper Contests of 1960 and being presented the certificates for the Tribune and the Star. The Texas Press Association seems to have adopted Mr. Thackeray's philosophy: "Next to excellency is the appreciation of it."

It was a real pleasure for me to attend the TPA meeting which was held in the Rice Hotel in Houston. I returned

"with a higher sense of gratification and appreciation for those principles which all of us hold sacred. I have never met a finer group of people than those who represented the "free press." The program was stimulating and challenging, the fellowship was inspiring, and a spirit of democratic friendliness prevailed among all.

May we always remember the words of James Bryce who said, "It is the newspaper press that has made democracy possible" and "A people without reliable news," states Harold Loski, "is sooner or later, a people without a basis for freedom."

We at Lubbock Christian College wish for you and your staff a prosperous and successful year.

Yours in the Nation's service
C. L. Kay
Vice president for Public Service

(Ed Note: Mr. Kay was one of the speakers on the program at the annual Texas Press Association convention held recently in Houston. He is associated with Lubbock Christian College in Lubbock and spoke on the subject of youth and their future on the program.)

The Bible Teaches ...

at there are some things we MUST DO to be saved! Have you read of the conversion of the jailer at Phillipi? The story is told in Acts 16. He said, "Sirs, what must I do to be saved?" He expected to do something.

The teachers present gave him something to do. They said, "Believe on the Lord, Jesus, and thou shalt be saved..." They taught him so he could believe. After the period of learning he was baptized. Following the things he did he "rejoiced greatly." Do you ask why? The answer is simple. He had done what he was told to do and his sins were forgiven. He was a child of God. There is no greater cause for rejoicing.
