**The Editor's Mistake**

An editor of a weekly paper commenting on the fact that his paper sometimes made mistakes in its news columns, says he made some more in his last issue and that a good subscriber told him all about it. He goes on to relate that about the same day there was a letter in his post-office box that did not belong to him; he called for No. 98 on the phone and got 198; he asked for a spool of No. 40 thread and got No. 60; he got his milk bill and there was a mistake of 10c in his favor; he felt sick and the doctor said he was eating too much meat when he hadn't tasted meat in two months; the preacher turned in his church notes with the name of the ladies aid society president spelled wrong and the editor got the blame for it; the garage man said the jitney was missing because it needed a new timer and he cleaned a spark plug and the flapper has run ever since. Yes, indeed, editors do make mistakes—and so, every thousand years or so, do other people.

Mrs. Pat Beard of Tyler is

**Pierce Brooks Lead Race for Rail Post**

PIERCE BROOKS

Dallas, Aug. 19—Pierce Brooks, Dallas, is the choice of Texas voters as the man to fill the unexpired term on the Texas Railroad Commission. Brooks polled a plurality of more than 64,000 votes in the July primary, with eleven in the race. In the previous primary, Brooks polled 420,000 votes. "Let's finish the job we started in 1940," say Texans. "Pierce Brooks is entitled to the unexpired term. Elect Pierce Brooks on August 22."

(Pol. Adv.)

visiting her sister, Miss Kate Frazier.

Mrs. W. D. O'Bryant Jr. spent the week-end in Del Rio with Mr. O'Bryant who is working there.

**WITH OUR NEIGHBORS**

Ozona Stockman—First big movement of the 1942 Crockett county lamb crop is under way as a result of the visit here in recent days of a group of buyers, who left with contracts calling for nearly 60,000 head of lambs and 10,000 head of old ewes.

Delivery of the lambs and ewes is already under way and will continue to mid-September.

Prices were 10½ cents a pound for mutton lamb and 11 cents for ewe lambs. Barnhart delivery. Old ewe prices were \$5 a head, and \$3 for broken mouths.

Fort Stockton Pioneer—To meet requirements of the State Department of Education requiring that high school facilities of equal merit be provided all students within its jurisdiction, the Fort Stockton school district board of trustees voted Wednesday night to instruct Supt. M. E. Finéher and Principal G. C. Moses to discontinue the offering of high school subjects in the H. H. Butz school.

The accrediting committee of the State Department of Education, acting on the advice of State Supt. L. A. Woods, recently recommended that the Fort Stockton schools be warned that unless steps be taken immediately to provide equal facilities and instruction for all high school students in the district, its affiliation would be withdrawn, removing the local school from the Southern Association approved class.

Big Bend Sentinel—With "two score and twelve" years of spiritual endeavor as its history, Boys Camp Meeting, in picturesque Skillman Grove, will open its fifty-third annual meeting Tuesday night, August 18, with the Rev. Richard G. Irving, Fort Davis and Marfa Presbyterian minister in his usual place as superintendent.

The meeting will close Tuesday, August 25.

Texas Mohair Weekly, Rock-springs—As their 22nd annual meeting, show and sale ended here Saturday, members of the Texas Angora Goat Raisers' Association counted the event eminently successful.

The show, featuring the greatest aggregation of fine Angora in the world, was followed by a sale in which the top buck brought \$525 in the first day of the two-day sale, 57 number one bucks sold for \$83.50, 39 number two's brought \$37.60, eight number one does brought \$28.75 each. In Saturday's sale, the number

Will you give at least 10% of your pay in War Bonds?

**★ AT THE PRINCESS ★**

**THEY ALL KISSED THE BRIDE**  
(Wednesday & Thursday)

Joan Crawford is a tough boss who wants her employees to know she means to get all the work she can out of them without putting out much for herself. Then Melvyn Douglas arrives on the scene and gets into the fight and somewhat. He kisses the bride in a wedding before the groom has a chance, and the bride being Joan's sister, the big boss is perturbed and remonstrates.

That's the set-up in the show of the art of converting an iron heart and getting a woman with a mind to know just what type she is. Joan's pride is strong, but she melts even to the degree of doing a history-making jitterbug dance with hooper Allen Jenkins, and with all her employees looking on.

Roland Young is mediator in the fight between the two; but he doesn't like mediation when he has to take part in the fighting. Highlight comes when Melvyn sues Joan for \$30,000 in a libel suit; and he goes out to collect and how!

Support is given by Billie Burke, Helen Parrish and Roger Clark

**BLONDIE GOES TO COLEGE**  
(Tuesday)

Blondie and Dagwood decide that he's too dumb to go on without more formal education; so they both go to college without letting anyone know they're married. Then Blondie picks up a boyfriend and Dagwood gets excited. One of the college's big ex-students has an order to give someone and Dagwood's boss tells him to get it. A rowing contest settles the issue and wins the order—but not the usual way.

Arthur Lake and Penny Singleton again have the lead roles with Larry Simms as Baby Dumpling; and Daisy and Janet Blair help out around the campus.

one bucks brought \$54.85, and the total of 74 head entered in the day's auction brought \$47.88 per head.

Monahans News — Plans for the assured Las Aero Primary Flying School to be built two miles south of Monahans were shattered beyond repair Tuesday when officials here received a telegram from J. F. Hovorka Jr., school executive, which said that further expansion of primary schools had been temporarily discontinued. Two weeks ago, executives of the school informed the local chamber of commerce that construction would be underway by August 1st.

**A WEEK OF THE WAR**

Lt. Gen. Henry H. Arnold, chief of the Army Air Forces, said American airplanes generally are superior to those of the enemy. He said that in the Pacific theater since the war started 1,110 Army planes have battled with 1,459 Japanese aircraft and have shot down 190 with loss of only 174. These figures do not include planes destroyed on the ground, those shot down by anti-aircraft fire, Navy and Marine Corps action or the work of the American Volunteer Forces in China.

Gen. Arnold said the goal of a 2,000,000-man air force with 185,000 fighting planes would be met. He said the recruitment and training of pilots, bombardiers and navigators is progressing perfectly. There is, however, a growing demand for gunners, various enlist technicians, radio operators and glider pilots. Gen. Arnold said American planes are arriving in Britain every day in preparation for the aerial offensive against Germany in union with the R. A. F.

Lt. Gen. Dwight D. Eisenhower, commander of the U. S. Army Forces in the European theater, said in London that training of U. S. Units there must be intensive in all its phases. "This is true," he said, "first, because the time is short; second, because the problems we have demand the ultimate in trained personnel; and third, because our men must be toughened and harden-

ed physically to stand the most rigorous operations."

**THE ARMED FORCES**

The Army announced an intensive recruiting campaign to enlist 100,000 skilled mechanics and technicians for service in the Army Air Forces, the Signal Corps and the Ordnance Department. All applicants must be male U. S. citizens between the ages of 18 and 44, inclusive, and must obtain clearance from their Selective Service Boards.

The War Department said train dogs as sentries, pack dogs, airplane and for other purposes for Defense, Inc., a private organization, will continue as the Army's procurement agency and the dogs will be mounted at Front Royal Depot at Front Royal. The Department announced reorganization of its various public relations units to expedite the issuing of conflicting

**From where I sit...**

by Joe Marsh

WHENEVER I hear about anybody having a big family I think of Dad and Ma Hoskins. The Hoskins' had thirteen children.

They weren't a bad bunch of kids, by and large—but it seemed one or the other of them would always be having a fuss with the neighbors, or would break a window playing baseball, or some other kid trick. Kept Dad and Ma mighty busy all the time.

One day Dad got a bright idea. He called the whole family together for a special meeting at the dinner table.

He told them he was tired of checking up on them all the time. He said he thought they were old enough now to check up on themselves. The older children would watch the younger ones. They would have meetings every so often and hand out rewards or punishments.

Well, it was a crazy idea but the kids liked it and they started behaving better than they ever had before. The idea worked and Dad finally did get a little time for himself.

I mention this story about Hoskins because it's something like what I understand the industry is doing to regulate

As I see it, most of the industry behaves itself perfectly right... but every now and I guess, a retailer comes along runs a place that isn't a scratch... sort of like a way kid.

So like Dad Hoskins' family brewers and beer distributors have united together in an industry self-regulation program to help the proper authorities "up or close up" offending places.

The brewers, who want to protect beer's good name, cooperatively with the authorities enforce the laws.

From where I sit, that's a thing for the brewers to do particularly when you realize after all they're really not responsible for retailing conditions

**Bomb 'em with JUNK**

**JUNK NEEDED FOR WAR**  
Scrap Iron and Steel

Needed for all machines and arms of war. Fifty per cent of every tank, ship and gun is made of scrap iron and steel.

**Other Metals—Rubber—Rags—Manila Rope—Burlap Bags**

Needed for making bombs, fuses, binoculars, planes, tires for jeeps; gas masks; barrage balloons; wiping rags for guns; parachute flares; insulation for electric wiring.

**WASTE COOKING FATS**—Strain into a large tin can and when you get a pound or more, sell to your meat dealer. NEEDED ONLY IN CERTAIN LOCALITIES—Waste paper and tin cans—wanted only as announced locally. NOT NEEDED (at this time)—Razor blades—glass.

Let's blast Japan—and Germany—and Italy—with the chain lightning of destruction that can be built from the scrap in our cellars, attics and garages, on our farms and in our places of business.

Scrap iron and steel, other metals, rubber and waste materials. It will all be used to make tanks, ships, planes and the fighting weapons our boys must have. It is needed at once.

Sell it to a Junk dealer—give it to a charity or collection agency—take it yourself to the nearest collection point—or consult the Local Salvage Committee... If you live on a farm, and have found no means of disposing of your Junk, get in touch with the County War Board or your farm implement dealer.

Throw YOUR scrap into the fight!

## Birth-Death Riddles

(Continued from Page One)

charts on all these phases of vital statistics. The records also are kept in the office of the registrar of vital statistics in the State Health Department. But neither agency inquires into the why and wherefore.

Dr. W. A. Davis, State registrar of vital statistics, hasn't even had time to do much wondering about the between the lines mysteries for the last few years. Every boy who goes into the nations armed forces must have a birth certificate, and the search and certification section accounted for a large portion of the 182,147 pieces of mail which his office handled last year.

Workers on defense projects require birth certificates. Applicants for old age pensions need birth certificates. And because records were not kept prior to a quarter of a century ago the establishment of proof of birth is not so easy in many cases.

Keeping the current records is a simple matter of filing and bookkeeping. Last year there were 139,077 births and 63,827 deaths in Texas. The current ratio is about two births for one death. The birth rate, a little more than 19 per 1000 population increased 3.1 per cent in a year. It has been increasing since 1938.

## Ordinary Hygiene Good Preventive For 'Trench Mouth'

Dr. Go. W. Cox, State health officer, has released some interesting information concerning Vincent's angina which was commonly called 'trench mouth' during World War I.

Dr. Cox states that Vincent's angina is a specific infection producing inflammatory condition of the mucous membranes, more commonly those of the mouth, and the disease is spread by indirect as well as direct contact.

"Because of the readiness with which this disease is transmitted, it has been occasionally found in epidemic form among school children and other groups," Dr. Cox states. "Vincent's angina assumed epidemic proportions in the front line trenches in 1914-1918 and it was during this period that the disease became generally known as trench mouth."

Although trench mouth is now worldwide in distribution, reasonable application of preventive measures which are merely those in line with approved personal health practices will be found a sufficient defense against this infection.

According to the State health officer the most common causes of Vincent's angina are neglected mouths, broken teeth fillings, and other types of oral irritation. Daily hygiene, plus the periodic visit to the dentist can be relied upon as reasonable buffers against this infection. However, persons who are very careful regarding oral hygiene can acquire this disease by using infected drinking cups, eating utensils and other personal articles; also by kissing, though healthy gums and mucous membranes have a much superior resistance to the infection than does an unclean mouth.

### APPENDECTOMY

Mrs. Susana Rodriguez underwent an operation for removal of her appendix Thursday in a local hospital.

Miss Mary Ferguson of Fort Sam Houston, San Antonio, spent the week-end here visiting with her parents, Mr. and Mrs. W. J. Ferguson. Staff Sergeant W. J. Ferguson of Midland was also here Saturday and Sunday for a visit with his parents and with his sister.

### THE WAR FRONT

In the first offensive action by United Nations forces in the Southwest Pacific, U. S. Marines effected landings and then consolidated their positions in the Tulagi Area of the Solomon Islands. At the same time, U. S. Army and Allied shore based aircraft from Australia continuously attacked "Japanese air bases and ship concentrations in enemy harbors," in support of the invasion. Commander in Chief of the U. S. Fleet King reported early in the battle that the U. S. appeared to have had at least one cruiser sunk and two destroyers and one transport damaged, while a large number of enemy planes were destroyed and enemy units were put out of action. He said the type of operation being undertaken in the Solomons is one of the most difficult in warfare.

## Men's Work Clothing Go Under Scissors As Salvage Measure

Men's work clothing will have fewer pockets, buttons and buckles, and no unnecessary yardage as a result of an order, L-181, Carl Pool, manager of the San Antonio War Production Board, was advised by Washington.

The order does not interfere with quality, freedom of action, or the utility of the garment, it being realized that work clothes are getting harder wear now than before the war and therefore require utmost durability.

The following work clothes are covered by the order—waistband overalls or dungarees, big-overalls, overall jumpers or coat, one-piece work suits, work pants and work shirts.

The work clothing unit of the Textile, Clothing and Leather branch of the WPB estimates that the order will result in an annual saving of (a) approximately 21,000,000 yards of cloth, enough to produce approximately 7,000,000 additional garments; (b) 125,000,000 yards of threads, through the elimination of triple stitching; (c) approximately 150,000,000 buttons and 12,000,000 buckles; (d) 29 percent of the normal shipping space involved in the shipping of work shirts, since the order prohibits the shipping of work shirts in boxes.

The order became effective August 15 after which date work clothes manufacturers are subject to the restriction.

The following restrictions apply to all types of garments covered by the order:

- 1. False or more than double stitching is prohibited.
- 2. Pockets or waist bands may not be made from drills, twills or jeans heavier than four yards cloth, except for such materials already in inventory prior to August 15.
- 3. Pockets may not have more than a single thickness.

Mrs. Marvin Kelly of San Antonio visited from Friday until Sunday with friends.

G. M. Sudduth of Eden is here this week visiting with his sons, O. T. and W. W. Sudduth and families.

Miss Betty Lou Dahlberg returned Friday to San Antonio after visiting here several weeks in the home of Mrs. Helen Downie.

Mr. and Mrs. C. P. Peavy and daughters left Saturday for a week's vacation in San Angelo, Marfa and other points. They were accompanied to San Angelo by Mrs. Jack Deaton and son, David who continued to Abilene where they will visit with her parents, Mr. and Mrs. Arthur Pender.

Mrs. Isidor Flores is recuperating in a local hospital where she underwent an operation and blood transfusion Monday.

Mr. and Mrs. Tom Bryan and daughter, Miss Billie, of Fort Worth are here visiting in the home of Mr. and Mrs. H. E. Fletcher. Mrs. Bryan and Mrs. Fletcher are sisters.

## Hunting, Fishing Law To Have Changes For 1942 Season

Austin—Because the Legislature and not the Game, Fish and Oyster Commission makes regulations governing hunting and fishing in Texas, there will be several changes in the new Game Law Digest now being prepared for publication about September 1, the executive secretary of the Game Department announced this week.

The changes principally affect deer and turkey hunting. Sportsmen were advised to note the changes carefully, and to procure upon publication a copy of the handy pocket-fitting Digest. They may be obtained free of charge from Game Wardens, county clerks and most sporting goods dealers.

Most important changes were announced as follows:

1. Deer may be killed in Harrison County beginning with this fall's open season (November 16 to December 31). The season had been closed for five years. Wild turkeys may not be killed in this county, however, until November 16, 1946, because of a special law passed at the Regular Session of the Legislature last year.

2. Deer and wild turkey may be open season in Marlon, Cass, Coleman and Mills Counties, because a special law providing a closed season in those counties for five years expired this month.

3. Wild turkeys may be taken in Brown County beginning with this year's open season. A law protecting the turkeys for five years in this county expires this month. As was the case last year, the bag limit on deer in Brown County will be one per season.

4. Deer and wild turkey may be taken in Taylor County beginning with this year's open season, because of the expiration of a three-year protective law on May 15.

5. Wild turkeys may be taken in Guadalupe County beginning with this fall's open season because of the expiration of a three-year protective law on March 15.

6. Wild turkeys may be taken in Austin County beginning with this year's open season because of the expiration this month of a law that gave protection to these birds for five years.

7. Seining and netting of any kind of fish is now permitted in the West Fork of the Trinity River in Wise County, because a law that prohibited these practices for three years expired on February 15.

8. In Cass, Bowie and Marion Counties it is now lawful to trap furbearing animals anywhere, provided the trespass law is observed, because of the expiration April 26 of a five-year law that forbade trapping except on one's own property. It is still unlawful, however, to take pelts of fur-bearers except during the months of December and January, with the exception of Cass County, where, under terms of a law passed last year, wild fox may be killed and their pelts sold during the month of December only.

9. It is now legal to kill fox at any time and to market their pelts during December and January only, in Lamar, Fannin, Smith and Red River Counties, because of the expiration this month of a special law that gave complete protection to these mammals for five years.

Hicks Canon and Wilton Dishman returned Tuesday night from San Antonio where they volunteered into the United States Army. They are to report Monday of next week when they will take oath and be assigned to training centers.
