NUMBER 26

JUNK RALLY TO CLIMAX SALVAGE DRIVE

SANDERSON SCHOOL BAND, SCOUTS AND DEFENSE GUARD TO MARCH IN PARADE; BUSINESS FIRMS REQUESTED TO CLOSE

In conjunction with a national salvage campaign for scrap iron and steel as well as other salvage materials, the people of Terrell County will stage an intensive junk rally which will culminate in a parade on Friday, September 11, according to a statement made by R. E. Harrison, chairman of the county committee.

That plans for the program were in charge of the committee from the Sanderson Club composed of G. C. V. McKnight, J. T. Dill, and C. V. McKnight. This committee has announced that there will be a big parade in Sanderson school band, by the scouts and by members of the Texas Defense Guard. The parade will be held at the stores of the town from 10 a. m. to 10:30 p. m. on September 11.

There will also be a rally at the same time and at the same hour. This rally will be held at a committee meeting of John Harrison as chairman and A. F. Buchanan and

Store Wants Scrap of Service From Terrell Co.

Grigsby, with the Kerr Co., has requested a photograph for the use of every Terrell County who is seeing service in the States armed forces. Grigsby states that these photographs will be placed in the large windows of the store and will remain there for the entire time of the war. He also stated that the photographs would be cared for and would be returned to the owners when the war is over. He stated that he has sons in the service and he would appreciate it if they could have a picture for this purpose. He stated that he would like to see a picture of these men and that he would like to see them, too, should they return from the war.

M. Wells Press To Boy Club

M. Wells was hostess and guests of the Bridge Club in the city this week. Dabbias and were used to decorate the dining rooms.

Mrs. Bill Tisdale was high scorer and Mrs. Tisdale was awarded certificate.

Miss served pineapple and cookies to Mesdames John Reininger, Bill Robert Duncan, Austin P. Peavy, P. E. Dish, Link, Steve Stumberg, John Harrison, Kellar, J. S. Nance, Wager, Walter Grigsby and Caroline.

OMITTED

The names of teaching for another year in Sanderson schools last year were omitted. She is teaching seventh grade.

George W Short left last week for his home at Miami, Fla. after a week here visiting his parents, Mr. and Mrs. Short.

TINY AUXILIARY AUTO LICENSE TAGS TO BE USED IN '43

Auto license tags for 1943 will be smaller—much smaller—but unless the legislature revises auto registration fees, which it is not likely to do, they will not be any cheaper.

Under restrictions ordered by the War Production Board, the 1943 tags will be one by four inches in size, probably with the year stamped on them and will be bolted to the 1942 standard tags, which must be continued in service.

By reducing the size of the tags thus, some 760 tons of steel will be saved for the war effort. It is estimated 40 tons of steel will be required to make the miniature tags, while 800 tons normally are consumed in making the standard size tags.

Fewer Ballots Cast For Run-Off Election Than for Primary

Balloting in the run-off election held Saturday was even lighter than the balloting in the primary election according to the unofficial count announced by County Democratic Chairman G. J. Henshaw.

James V. Allred in the race for United States Senator, received the largest count of votes with a total of 162 compared to 60 for O'Daniel. Votes in other races were:

For Lieutenant Governor: John Lee Smith, 134; Harold Beck, 80.

For State Treasurer: Jesse James, 149; W. Gregory Hatcher, 65.

For Railroad Commissioner, unexpired term: Beauford H. Jester, 111; Pierce P. Brooks, 103.

Official tabulation will be made of the votes within the next few days.

Methodist Women Discuss Committees At Monday Meeting

Mrs. C. H. White and Mrs. Jennie Freeman were hostesses to the Woman's Society of Christian Service of the Methodist Church Monday afternoon in the home of Mrs. White. Bachelor-Buttons were used in decorating the living-room. Mrs. J. A. Bell conducted the devotional entitled "How Lovely Is Thy Dwelling Place."

How the different committees of the society should function for the good of the church was presented by Mrs. Clyde Higgins and Mrs. John Neal told of the different projects sponsored by the Methodist Church. A round table discussion of possible projects for the local society was undertaken was led by Mrs. Bell. In this discussion it was agreed that one of the greatest needs is a recreation center for young people.

During the business session, presided over by Mrs. Gates. It was voted to take "Latin American Missions" as a study course to be begun September 14.

A dessert course of ice cream, cake and punch was served to Mesdames C. M. Sandel, J. A. Bell, Pat Beard, Lee Grigsby, Clyde Higgins, John Neal, C. H. White, Jennie Freeman, A. B. Gates, H. E. Ezelle and Miss Kate Frazier.

Mr. and Mrs. Charlie Blair and son, Zack, returned Saturday from San Antonio where Zack volunteered into the services of the U. S. Army. He is to report Sept. 1 when he will take oath and be assigned to a training center.

Mr. and Mrs. Lee McCue had as guests for several days Mrs. J. A. Russell and Miss Marian Russell of Del Rio.

THEATRE JOINS IN FOUR MINUTE SALUTE TO WAR HEROES

Carlton White, manager of the Princess Theatre, has announced that they will join with every other theatre of the nation in opening the "Salute to Our Heroes" month, Tuesday, September 1, at 9:00 p. m.

The motion picture industry has been designated as the spearhead of the Treasury's September bond and stamp drive with a billion dollar national sale of War Bonds as the goal for the month. Every branch of the motion picture industry has been mobilized for this campaign and many of the larger cities will have bond rallies at which topflight movie stars will appear in person. The slogan for the campaign will be: "Buy a Bond to Honor Every Mother's Son in Service."

Mr. White stated that there would be a four minute pause in the show at 9:00 o'clock during which time will be seen a color guard from the local unit of the Texas Defense Guards. Patriotic music will be heard and bonds will be sold. It is hoped that a bond will be purchased in honor of every local man in the service. Each person buying a bond will be given a card to address to the man in service in whose honor the bond is purchased—a salute from home to every mother's son in service. "I have just bought a war bond and I was thinking of you when I did it," says the card which the theatre will supply and mail.

VOC Quota Raised To Secure Officers For Coast Artillery

Lt. Col. Marvin B. Durette, District Recruiting and Induction officer, Hq. West Texas Recruiting District, Lubbock, states that the War Department has announced an increased quota in the number of Volunteer Officer applicants who may be inducted for the purpose of competing for selection for an Officer Candidate School, the increase being for the Anti-aircraft Coast Artillery Corps. Interested Class III-A Selective Service registrants, deferred for dependency reasons only, between the ages of 18 and 45, may apply for the qualification examination through their Local Boards. Successful applicants who are detailed to attend Officer Candidate School and who satisfactorily complete the course of instructions are commissioned as officers in the Army of the United States. Unsuccessful Volunteer Officer Candidate applicants, who so desire, may apply for release from active military duty after four months service and return to their homes.

FRAZORS ATTEND SISTER'S FUNERAL

Mr. and Mrs. W. F. Frazor and daughter, Miss Betty, returned Friday of last week from San Antonio where they were called because of the death of Mrs. M. L. Frazor. Death came Tuesday, August 18, after a long illness.

Mr. and Mrs. Frazor had been residents of Sanderson until about two weeks ago when he moved to San Antonio. Mrs. Frazor had been there since June because of ill health. She was a sister-in-law of Mr. W. F. Frazor.

DRIVER'S LICENSE EXAMINER ALTERS LOCAL SCHEDULE

Josh Hart, area representative for the Drivers' License Divisions of the Texas Department of Public Safety, is now working under a new schedule, which is as follows for Sanderson:

8:00 A. M. to 3:00 P. M., Friday after each 1st, 3rd and 5th Monday of each month.

It is time to renew all old licenses, reminds Mr. Hart and this can be done most conveniently by mail, using blanks which can be obtained at any time at the tax collector's office.

TS&GRA Directors Meet September 9 In Mineral Wells

Meeting in an "off the range" section, directors of the Texas Sheep and Goat Raisers' Association convene in Mineral Wells on September 8th and 9th for their last 1942 quarterly directors meeting. During the past few years large numbers of sheep and goats have been introduced into the Palo Pinto County area. Sheepmen from the Edwards Plateau, anxious to meet these new fellow stockmen have selected Mineral Wells for this meeting.

TS&GRA directors, their wives and visiting stockmen, will be entertained by a dance in the Baker Hotel Rendezvous on the night of September 8th, with Jack Amung and his orchestra furnishing the music.

Directors will be welcomed at their regular business, starting at 10 A. M. September 9th at the Baker Hotel by Mayor John C. Miller of Mineral Wells. Following the morning session, visitors will be guests of Mr. and Mrs. J. R. C. Moseley and Palo Pinto County stockmen at a noon barbecue on the Mosley Brazor Valley ranch, just a few miles south of Mineral Wells on Highway 281.

State Doctor Urges Pre-School Check-Up For All Children

Austin—The State Health Department urges all parents to have their children undergo a thorough physical examination before entering school next month.

The importance of such examinations can not be over-emphasized according to Dr. Geo. W. Cox, State health officer, who declares that the health of a child has a direct bearing on his progress in school.

"It is advisable to have school children examined days or even weeks before school begins," Dr. Cox asserted, "so that minor ailments can be corrected and any possible serious ones placed under treatment."

Dr. Cox also advised parents to take their children to a dentist for a thorough dental check-up and cautioned that an examination of the eyes be not neglected.

"In the old days it was considered only necessary to have school children provided with necessary books and some fall clothing," Dr. Cox said, "but today we recognize that it is more important to be sure that his health has been properly safeguarded."

Immunization for protection against communicable disease should be effected before a child enters school, where he spends most of his time indoors with a large group of children, which facilitates the spread of infectious diseases. The student who has been immunized and whose health is under the observation of the family physician, whose eyes have been examined for corrective treatment, and whose teeth have been cared for by a competent dentist stands a much better chance of success in school than does the student who is handicapped by one or more physical defects.

DRAFTEES LEAVE FOR INDUCTION

Among those leaving from Terrell County Tuesday night for the induction center at Fort Bliss, El Paso, were Luciano Ballegos Trevino, Emilio Gonsales Torres, Genevove Maldonado Galban, Jesus Jose Arendandez, Jose Garabay Villegas and Pasquino Garcia Pena.

Men who helped fill the quota for Terrell County but who were transferred to other points for induction were William Hubert Bricker, left from Del Rio; Salomon Martinez, left from Rock-springs, Wyo.; Jerome Elrod Starley, left from Brownfield; and Lloyd E. Muller who left from San Francisco, Calif.

DAUGHTER BORN

Sharon, six and a half pound daughter, was born to Mr. and Mrs. Lewis Wooten Monday, August 24, at a Del Rio hospital. Condition of both the daughter and mother is reported good.

Mr. and Mrs. R. V. Raney and children left Monday for Del Rio where Mrs. Raney and the children remained for a short visit before continuing to San Antonio. Mr. Raney continued to San Antonio Monday, returning to Sanderson Wednesday.

COUNTY IS DIVIDED INTO ELEVEN VICTORY ZONE DISTRICTS WITH CHAIRMEN NAMED FOR EACH DISTRICT FOR WAR DURATION

Final arrangements and plans for the big junk rally for Terrell County were made Wednesday in a joint meeting of the County U. S. D. A. War Board, the County Salvage Committee, and a Committee from the Rotary Club, with the county being divided into eleven Victory Zone Districts and a chairman named for each of the districts.

These districts were designated in an effort to have a complete network of contacts throughout the entire county. Chairmen of the districts will be notified of their appointment and will be informed as to which ranches fall within their district. In this manner each chairman will have only a certain number of ranchmen to contact and see that the necessary efforts are put forth to make the salvage campaign a successful one.

These chairmen have been appointed for the duration of the war and will not only be expected to aid with the present scrap rally but will be called upon from time to time to help with other campaigns as they become necessary. Men in the designated districts should remember that their chairman is donating his time and effort in an endeavor to win the war and without compensation and should have the cooperation of everyone.

Chairmen named at the meeting were Lindsey Hicks, Charlie Turk, E. B. Carson, John Harrison, Steward Henderson, E. W. Hardgrave, Sid Harkins, Clarence Jessup, Joe F. Brown, Homer E. Gatlin and Tol Murrain. These chairmen will probably receive the letters of instruction the first of next week and are urged by the committee to contact the ranchmen in their districts as soon as possible. All contacts should be made and gathering of the scrap should be underway not later than September 5 when the concentrated effort will begin.

It has also been requested that all salvage materials such as scrap iron, steel, rubber, etc., should be placed at a central point in each district and if possible on a county road so that the county trucks may pick up the entire collection. County trucks will pick up scrap where a full truck load is available. Ranchmen who have items too heavy or too bulky to haul are requested to notify their chairman who in turn will advise the salvage committee so that arrangements can be made with a junk dealer to call at the ranch and remove the materials.

R. E. Corder, chairman of the county salvage committee, again pointed out that no tin nor grease was wanted at this time. He also stated that car bodies and batteries were rated along with tin cans and were not wanted.

State Doctor Urges Pre-School Check-Up For All Children

Austin—The State Health Department urges all parents to have their children undergo a thorough physical examination before entering school next month.

The importance of such examinations can not be over-emphasized according to Dr. Geo. W. Cox, State health officer, who declares that the health of a child has a direct bearing on his progress in school.

"It is advisable to have school children examined days or even weeks before school begins," Dr. Cox asserted, "so that minor ailments can be corrected and any possible serious ones placed under treatment."

Dr. Cox also advised parents to take their children to a dentist for a thorough dental check-up and cautioned that an examination of the eyes be not neglected.

"In the old days it was considered only necessary to have school children provided with necessary books and some fall clothing," Dr. Cox said, "but today we recognize that it is more important to be sure that his health has been properly safeguarded."

Immunization for protection against communicable disease should be effected before a child enters school, where he spends most of his time indoors with a large group of children, which facilitates the spread of infectious diseases. The student who has been immunized and whose health is under the observation of the family physician, whose eyes have been examined for corrective treatment, and whose teeth have been cared for by a competent dentist stands a much better chance of success in school than does the student who is handicapped by one or more physical defects.

Mrs. Elton Secret Is Hostess Monday To Woman's Auxiliary

The Woman's Auxiliary of the Presbyterian Church met Monday afternoon in the home of Mrs. Elton Secret with Mrs. Joe F. Brown as co-hostess. Mrs. John F. Nichols, president of the Auxiliary, presided at the meeting.

An inspiring devotion, "The Kingdom of God Should Be Man's First Interest," was conducted by Mrs. Nichols.

Mrs. C. L. Sims had charge of the program, "Am I My Brother's Keeper?" This was a most timely subject in that it was a discussion of the dangers of becoming brutalized as a result of the present world condition. Mrs. Sims was assisted by Mrs. McKee, Mrs. Lochausen, Mrs. Byrd and Mrs. Pope.

Mrs. Byrd, as secretary of Spiritual Life, urged all members to read the book of Luke, as that is to be the study book for this year. Mrs. Byrd announced that the first study would be at her home, September 21st.

Members answering roll call were the following:

Mesdames W. C. Vaughan, W. H. Savage, J. H. Lochausen, M. J. Shurley, A. W. Pope, J. W. McKee, C. L. Sims, John W. Byrd, John F. Nichols, E. F. Pierson, Bruce Kaufman and the hostesses, Mrs. Secret and Mrs. Brown.

Guests of the Auxiliary were Mesdames Helen Downie, Emma Gregory, James Caroline and I. G. Robertson.

Next meeting will be at the home of Mrs. Lochausen with Mrs. Elton Secret as program leader, and Miss Clara Shurley, leader of Bible meditation.

Mr. and Mrs. Johnny Williams were visitors in San Antonio this week.

Mr. and Mrs. Roger Rose and children were visitors in Del Rio Tuesday.

Some of the most effective criticism of the government in its handling of the war effort has been based on the theory that there has been a definite and lamentable lack of frankness in telling the people what is going on. Many officials, this argument runs, seem to regard the people as children, from whom unpleasant truths must be kept. One of the most common sayings in Washington circles today is that "the people aren't awake." The defenders of the people say that the people are more completely awake than a good many of the bigwigs in government—and that the extent of popular bewilderment as to the course of the war is directly attributable to a stupid kind of censorship.

In the newspaper fraternity, a peak of disgust was reached during the long drawn out trial of the eight Nazi saboteurs. The high Army officers who made up the trial court seemed to work on the principle that the people should be told absolutely nothing. Not until the strongest kind of pressure was brought to bear were newspapermen even permitted to view the trial chamber. And even then they were allowed in for only a few minutes—and the presiding General stopped all proceedings until they had left.

That is simply one example out of many that could be cited. There has been much criticism of what some authorities regard as the refusal of the Navy to tell the whole truth about Dutch Harbor and the occupation of certain Aleutian Islands. And lately, a San Francisco Judge brought serious charges against the ranking Army General in the Far West. Defenders of this General say that, in truth, he has done a first-class job, and they have much evidence to substantiate that. But again, as Time phrased it, "The trouble seemed to lie in the Army's tell-the-people-nothing attitude."

There are obvious difficulties in the way of deciding precisely what information would be of benefit to the enemy, and must be suppressed, and what can be told the public fully and frankly. But it seems virtually certain that in a long series of incidents the military authorities have leaned over backward to an extraordinary extent in refusing to release news which, according to American tradition, should and must be told. And the fault is by no means confined to Army and Navy authorities. Time and time again, various non-military officials of the government have made completely conflicting statements about the same subject—as, for instance, in news releases on the oil, rubber and automobile problems. Under those circumstances, it's no wonder that a very considerable part of the population is lost in a welter of confusion.

The main hope for ironing out this unfortunate business lies in Elmer Davis, the cool and canny head of the Office of War In-

It Happened in Sanderson TEN YEARS AGO

This week—Remember?

AUGUST 26, 1932

Mr. and Mrs. John L. Newton and son left Wednesday for Valentine where Mrs. Newton will spend sometime visiting relatives in that city. John L. returned home Thursday.

Ray Caldwell and L. H. Lemons spent several days in Ozona, Sonora and San Angelo on business this week.

Mr. and Mrs. E. B. Litton and family returned last Saturday from a pleasant visit in Los Angeles, Calif., with their daughter, Mrs. Esther Giacomini.

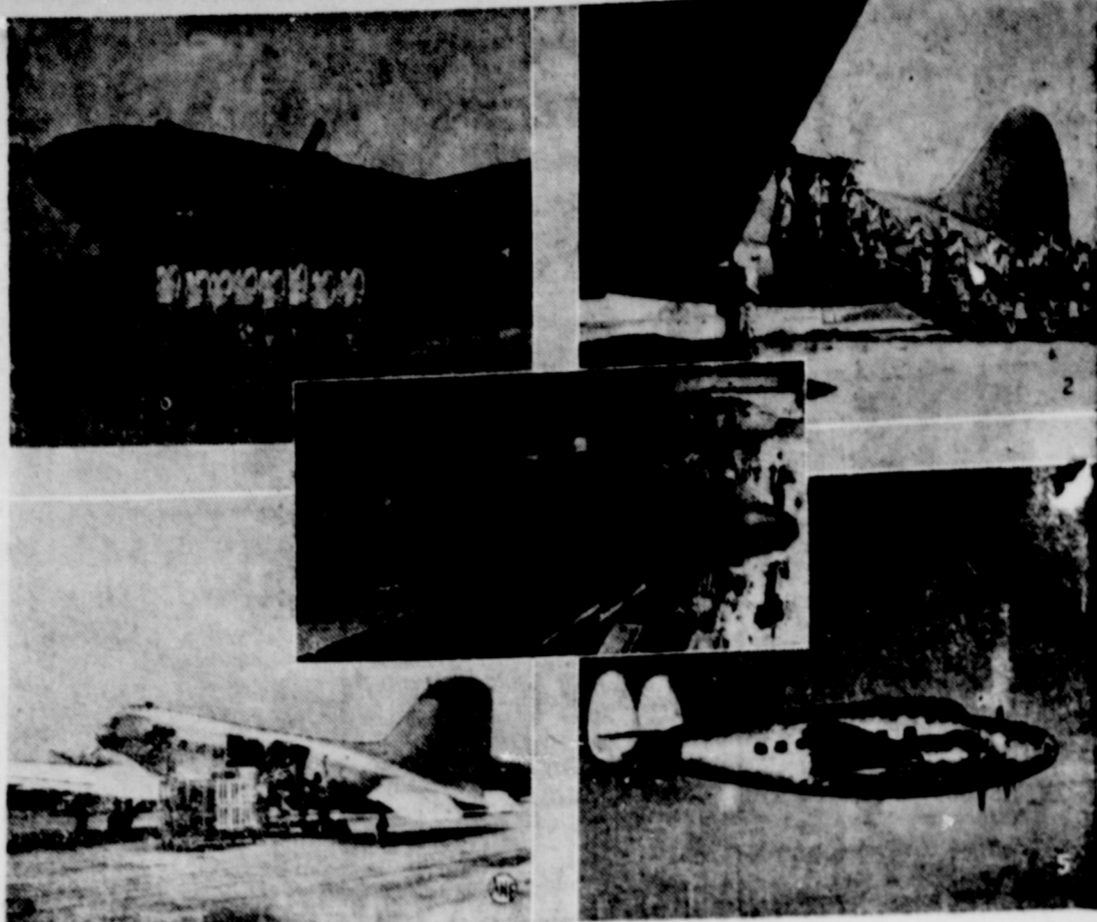

Mr. and Mrs. James Kerr and sons left last Sunday for San Antonio where Mrs. Kerr and the boys will visit relatives for a couple of weeks. Mr. Kerr returned home Tuesday.

Mr. and Mrs. J. L. Osgood and daughter, Lois Bea, spent last Sunday in Alpine.

W. A. (Tex Alexander) Banner, who is manager of the Big Hill Dude Ranch located on the Fort Stockton Highway, 7 miles northwest of this city, has announced Wednesday and Thursday, September 7 and 8 as the days for the Annual Fall Roundup and Rodeo and Race Meet to be held at the Highland Park.

formation Mr. Davis, it will be recalled, was given his appointment some months ago after the other governmental information bureaus had made an almost complete failure of the job. So far, Mr. Davis doesn't seem to have been able to make a great deal of headway. But, according to reliable reports, he is working stubbornly, and is determined that eventually the American people shall be promptly and truthfully told everything it is possible to tell them. He is said to have the confidence of the President, and he isn't frightened by either the military or the civil brass hats.

In the meantime, Mr. Davis' OWI is apparently doing the best job possible under the circumstances. On August 8, it issued a statement on the war situation which is hearteningly different from the usual Federal publicity releases. The statement is not glowingly optimistic. It isn't full of high-sounding phrases. Instead, it is simple, factual and impressive. It points out that so far our Allies have done most of the fighting, and that this state of affairs can't continue indefinitely. On the subject of production, it says that "we have done pretty well, but not well enough." It observes frankly that "we could lose this war"—and that it's going to take an infinitely greater

The United States Army Air Forces have developed a mighty military air transport system and today are using huge multi-engine planes which have been proved as practical load-carriers through millions of miles of service in scheduled air line operations, and, in more recent months, by additional millions of miles of service flying to and from the war zones. Lieut. Gen. H. H. Arnold, commanding the Air Forces, recently stated that during the next six months our production ratio will be one cargo transport to five multi-engine bombers. The production program for military transports has been speeded to the fullest extent permitted by the Government's allocation of critical materials. Shown above by the Aeronautical Chamber of Commerce of America are five types of transport planes used for ferrying troops, mobile equipment and replacement parts to all war fronts. They are: 1—The Boeing 307, a modification of the "Stratoliner," a former TWA luxury liner; 2—The Curtiss Commando C-46, a new "troopship of the skies"; 3—The Douglas C-54 four-engine cargo ship of unusual great load-carrying capacity; 4—The Douglas Army DC-3, long a familiar sight on the nation's air lines; 5—The Lockheed C-60, a modification of the luxurious Lockheed, also a veteran of the airways.

WITH OUR NEIGHBORS

Wink Bulletin—The draft quota for Winkler County dug deep into the ranks of married men as the call for the largest number thus far came to the local board.

Wink Bulletin—Activity at the Pyote Airfield, is on the verge of bursting forth in full swing as announcement was made that construction contracts would be awarded Monday or Tuesday.

By Wednesday we will be moving dirt," one of the officials in charge of construction said.

Monahans News—The rains came in Ward County during the past week, and although they were badly needed farmers

effort than we have so far made to win it. And it says one thing that every American should remember: "We are fighting fanatical men out for world domination and we can beat them only if we want to beat them as badly as they want to beat us."

In conclusion, it's a reasonable guess that, in the future, the American people will gradually get more—and more accurate—information on all phases of the war than they have had before. There is a definite and growing movement against unnecessary and unreasonable censorship, either direct or indirect. And there is a growing feeling that John Jones, who must do the fighting, working and paying that total war demands, is entitled to every fact, good or bad, which would not be of real aid to the enemy.

What You Buy With WAR BONDS

Hitler found out that his high powered mechanized and motorized army bogged down in the snow and mud of the Russian Winter. Although our Army is largely mechanized the cavalry horse is still a highly essential factor in this mounted division and in the Field Artillery. The Army also maintains remount farms where many cavalry horses are bred and raised.

These select horses cost from \$100 to \$165 and our crack cavalrymen are expert riders and carry on the traditions which have followed the cavalry from the earliest days of the Army. Purchase of War Savings Bonds will insure good mounts for the Cavalry. You and your neighbors buying War Bonds and Stamps regularly every pay day can help buy these horses for the U. S. Cavalry. Invest at least 10 percent of your income in War Bonds.

U. S. Treasury Department

What You Buy With WAR BONDS

Barbed wire used by Uncle Sam's fighting forces is vastly different from that used on American farms. Army and Marine barbed wire is much heavier and the barbs, about three inches in length, are more vicious than ordinary barbed wire.

The Marine Corps pays fifty cents for each twelve yards, or 36 feet of this specially manufactured barbed wire. The Army and Marine Corps needs thousands upon thousands of feet for defensive warfare. Your purchase of War Bonds and Stamps will insure sufficient quantity for their needs. Invest at least ten percent of your wages in War Bonds every pay day.

U. S. Treasury Department

predation of any kind will be prohibited in the area in the future. It was announced here this week.

Big Bend Sentinel, Marfa—Anticipating the arrival of troops within the next six or eight weeks, the United States Army Air Force Advanced Flying School, work on which has been under way several months at the site between here and Alpine, was activated Saturday by Colonel Gerald O. Hoyle.

Ozona Stockman—Real lifesaver rains, the million-dollar kind, fell over a wide section of Crockett county this week, some sections receiving bountiful downpours, the first rainfall of any consequence for most of the county this year.

Rattle of the

The eighteenth freighter has been added on Sanderson-Valentine District.

Traveling Engineer Cullar and Clerk Baker here from El Paso a few days this week.

Engineer H. G. Newton turned to work on his run between El Paso and Sanderson after being off time due to illness.

Fireman L. C. Pyle went to El Paso Tuesday.

Trainmaster L. B. here from San Antonio a few days this week.

RATIONING

Tire quotas will have a downward trend this year to keep amount of rubber earned the WPB for the purpose of the Office of Price Administration. The Office asked rationing boards for the possible interpretation of a cent amendment to rationing regulations restricting eligibility to vehicles to the war effort or public and safety.

—From Texas Game, Fish and Oyster Commission

★ AT THE PRINCESS ★

Many of the shows now appearing at the theatre, about half of them, idealize some part of the armed service. Sanderson residents see very little of the army in the flesh, but there are some of the soldiers in this vicinity, and they want to know you.

That little Jeep you see running around here contains members of the 56th Cavalry, sole remaining complete horse brigade, stationed at Fort McIntosh in Laredo, and its reputation is one envied by similar brigades the country over.

On Monday nights, the two patrol boys who happen to be here help with instructing the home defense guard. Last Monday they were Pvt. Stanley Thomas and Pfc. Rudolph Cisneros. If you want to know these soldiers, stop them and talk to them. They like to gab about how they do or don't like this country; but from what these two boys said, the word all along the border is, "You'll like Sanderson. The folks there are swell."

☆ ☆
SERGEANT YORK
(Sunday & Monday)

One hundred and thirty-two Germans captured and between twenty and thirty killed in the record made by Corporal Alvin C. York in a battle in the first World War. His exploits have been kept to himself in his Tennessee home for the past twenty years, but with the outbreak of the present maelstrom, he turned his story over to movie producers as a medium of raising morale for the trials ahead. The return engagement will be presented at regular prices. Most of the play is the build-up of York's character as created by his environment and association. It tells of his hill-billy life; how he fell in love; worked to buy a farm for his bride-to-be; how he got religion; and how he converted himself from conscientious objections to the Army. His battlefield exploit is brief, but full of story, for it reveals him as he ultimately was—a true patriot with a feeling of pride in fighting and killing for his country.

☆ ☆
HOLD THAT GHOST
(Wednesday & Thursday)

Bud Abbott and Lou Costello inherit from a gangster an old abandoned house, supposedly hiding his swag. When the pair move in, they find others have preceded them, including door squeakers, chain rattlers, and murderers. The events that follow make them sure those things they see and hear are the ghosts of the white elephant the gangster has left them.

☆ ☆
PACIFIC RENDEZVOUS
(Friday & Saturday)

The Navy Intelligence, code makers and breakers, is the branch of the armed forces featured in this show. Because of his brilliance in code work, Lee Bowman is given a desk job with the service, although he aches to get into the action of the war. Instrumental in securing his position is Jean Rogers, niece of his commander. That puts him in outs with her; and gives her a chance to be in with him.

Mona Maris. Paul Cavanaugh. Carl Esmond and Russell Hicks have featured roles.

As I Was Saying . . .

By Aynah Nemus

The Secretary of State, under orders from the Legislature, has asked the Times to put before the voters of Terrell County certain amendments to be passed on in November. The Times, under stress, is limited to four pages, so when the amendments were placed in this column was pushed out to the edge of the press so that when run, it failed to get on the paper. This information is given to you in the supposition that you have no meet present and future needs for properly trained personnel in the Armed Forces. Out of every 100 men inducted into the Army, about 63 are assigned to duties requiring specialized training, the Department said. The Army said it is organizing and training Port Battalions composed mostly of former stevedores) for duty overseas to insure prompt handling of U. S. military equipment for forces stationed throughout the world. The Department said checks in payment of allowances to dependents of enlisted men of the Army, covering the first applications to be approved, will go out shortly after September 1.

The Navy announced recruiting of enlisted personnel of the Women's Naval Reserve will begin September 11, and training will start October 9 at the University of Wisconsin, Indiana University and Oklahoma A & M College.

SELECTIVE SERVICE

Selective Service Director Hershey said draft boards will begin calling men with dependents before Christmas. He said single men with "secondary" dependents, such as aged or crippled relatives, will be called first; married men whose wives work, next; then men with dependent wives; and finally men who have wives and children. He said the reservoir of 1-A men throughout the country is "practically exhausted." Selective service headquarters said Class 1-B (men fit for limited military service only) will be eliminated, and beginning September 1, all registrants who are not totally disqualified for any military service will be placed in 4-F. In the case of men reclassified in 1-A, the Army will determine after induction whether they will be assigned to full or limited service.

FARM PRICES

Secretary of Agriculture Wickard said he would approve a plan

to determine whether fuel oil should be rationed in the East Coast area this winter. Because of the shortage of fuel oil in the area, Mr. Ickes prohibited the hauling of automotive gasoline by rail in 20 middle and southwestern states in order to divert enough tank cars to carry 100,000 barrels of fuel oil daily to the rationed area. If the withdrawal of these 5,000 to 7,000 tank cars creates a shortage, rationing should be extended, Mr. Ickes said.

RENOVATIONS:

A certain soldier, who said he is in the Cavalry, saw a horse the other day and cried out, "What in the world is that?"

A member of a Marine band of 50 defending a small Solomon island was talking to a scout. "How many Japs landing on this island?" "About 9,000," the scout answered casually. "How many?" the marine asked, terrified. "I said about 9,000." "Oh. For a minute you had me scared. I thought you said 90,000."

CAUSE AND EFFECT:

One fellow is giving the local girls priority numbers on him.

At one time, getting dates with two girls the same night was cause for embarrassment; now dates with as few as two is embarrassing.

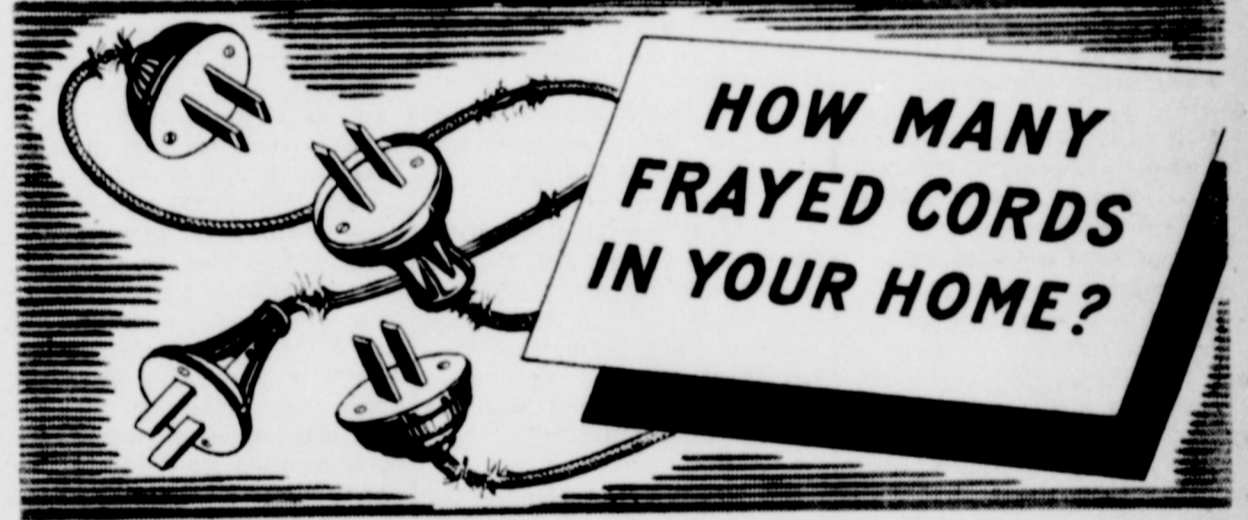

Girls may have to play football this year; and one coach has an idea already. He'll put mirrors in place of goal posts.

of livestock ceiling prices which must not permit abnormal profits to anyone in the industry at the expense of the producers or consumers." Mr. Wickard also said he now favors repeal of the provision of the price control act "that prohibits ceilings on processed farm products if the ceiling price reflects a farm price of less than 110 percent of parity." He said farm prices "have reached parity on an average." The WPB Food Requirements Committee asked the armed forces, the Lend-Lease Administration, and the War Production Board to collaborate in working out a program for allocation of all Government meat purchases as equitable as possible among federally inspected packers. The Agricultural Marketing Administration bought \$137,900,000 worth of foodstuffs during July for the United Nations and other requirements, including 80,000 pounds of dehydrated beef.

OIL AND GASOLINE

WPB Chairman Nelson appointed Under Secretary of War Patterson, Petroleum Coordinator Ickes and Price Administrator Henderson as a committee to

FRAYED CORDS ARE DANGEROUS AND A NUISANCE

They cause shorts, shocks and blown fuses. Your lights may not work when you need them most. But you can fix them in a jiffy by following these directions.

How to Repair Cord Frayed Next to Plug

Unscrew wire from the plug. Snip off the frayed part of the wire. Re-insert wire in plug.

How to Repair Cord Frayed in the Middle

Clean away the frayed insulation. Tape up wires separately. Then together. Don't use adhesive tape. It cracks very quickly.

Right and Wrong Way to Insert Wire in Plug

Wrong way: Wire not drawn around prongs. Right way: Wire drawn around prongs. When cord is yanked or kicked, the pressure is put on the prongs.

Caution: Disconnect cord before attempting repairs to any part of it.

CALLER HOME BECAUSE OF DEATH OF MOTHER

Pvt. Ben Ponce, stationed at Camp Barkley, Abilene, was called home because of the death of his mother, Mrs. Florentina Ponce, 85, who died Monday. Funeral services were held Tuesday morning with the Rev. N. Femenia in charge. Funeral arrangements were made by the Oberkampf Funeral Directors.

HOME ON FURLOUGH

Hollis Haley, son of Mr. and Mrs. R. H. Haley, has been here for several days on furlough for a visit with his parents and friends. He left Friday to return to his post at New Orleans, La., and was carried as far as San Antonio by his father. He is in the Navy.

Miss Lois Bea Osgood visited last week with her parents, Mr. and Mrs. J. L. Osgood. She returned to Del Rio Friday to register for typing and civil service course at Draughon's.

Governor Assists In 'Capture'—With Rural Telephone

Austin — Governor Coke R. Stevenson is convinced long and loud talk on a rural telephone line is as effective as radio broadcasting, for some purposes at least.

Returning from his Kimble County ranch, he told this one at a press conference: A paroled penitentiary prisoner returned to his home county of Gillespie and armed with a rifle and brace of pistols began terrorizing the community. Officers later found his abandoned, wet clothing and concluded he was receiving aid from a friendly neighbor.

The governor called his secretary long distance and instructed that the man's parole be revoked immediately so that it would be legal for officers to shoot him and that bloodhounds be sent from the prison system to join the search.

Two hours later the man gave himself up. I talked plenty loud and long so that everybody along the line could hear what I was saying," the governor said.

Mrs. F. M. Weigand returned Thursday from San Antonio where she had been visiting since Sunday. She was accompanied to San Antonio by Hicks Canon and Wilton Dishman who volunteered into the army.

Mrs. J. L. Schwalbe and baby, Minta Jo, and Mrs. J. L. Osgood, all of Sanderson, Mrs. B. R. Farley of Dryden, and Mrs. Ernest Miller and son, Kenneth of Dallas, spent Tuesday visiting in the home of Mr. and Mrs. Ike Billings near Langtry.

Robert Shaw and Thomas Lee Billings Jr. have informed friends here that they have been transferred from California to Indianapolis, Ind., where they are attending a Naval armory radio school.

What You Buy With WAR BONDS

Gas masks which came into use in warfare for the first time when the Germans used poison and mustard gas in World War I, are much improved today over those used then. The Chemical Warfare Branch of the War Department issues these gas masks to every man in the service. We are taking no chances.

The type pictured here is the "can" and "elephant nose" mask and costs about \$9.25 each. The headgear is transparent, made of material resembling cellophane and does not cloud with the breath. You can buy two of these gas masks with the purchase of an \$18.75 War Bond. We need thousands of them. Don't fail to give at least ten percent of your income every pay day for War Bonds. Buy them at your bank or postoffice, regularly.

U. S. Treasury Department

Because of the scores of aviation accessories which Yankee inventive genius has perfected, the job of piloting America's warplanes is not the hazardous or fatiguing task that it was just a few years ago, and flawless navigation has become a commonplace, declares the Aeronautical Chamber of Commerce of America. Many accessories are designed to aid pilots of aircraft shot down during battle. Shown above is a North American patrol plane dropping a folded rubber life raft to two airmen in the sea. As the raft leaves the plane it is automatically given buoyancy by a device which employs liquid carbon dioxide gas as an inflation medium.

Technical Assistants To Marine Production Expeditors Sought

The United States Civil Service Commission is seeking more persons to expedite production for the Maritime Commission, it was announced this week. Technical assistants in engineering, metallurgy, and physics are also sought.

Expeditors are needed as a contact with manufacturers to speed the production of marine propelling and outfitting equipment, and report upon the economic status and practical ability of a manufacturer to produce. Positions in the Maritime Commission pay \$2,600 and \$3,200 a year, and in a few cases, \$3,800 a year. Production or inspection experience at or above the grade of a factory or shop foreman, in a factory making heavy machinery, is required. Additional appropriate sales or distribution experience in such factories is required for the \$3,200 and \$3,800 positions. Work as machinist or pattern-maker in a factory making heavy machinery may be accepted for the \$2,600 positions. There is no education requirement, and there are no age limits.

Positions as technical assistant in engineering, metallurgy, or physics pay from \$1,440 to \$1,800 a year. Applicants may qualify if they have completed either 1, 2, or 3 years of college study. However, such study must have included a certain number of courses in the optional branch in which the ap-

plicant desires to be appointed. For example, to be appointed as an assistant in physics, at \$1,440 a year, the applicant need have only 6 semester hours in physics. War training courses will be accepted. Students now enrolled may apply if they will complete the required courses within 4 months after applying. There are no age limits, and no written test is required.

Applications must be filed with the Civil Service Commission, Washington, D. C. and will be accepted until the needs of the service have been met. Full information as to requirements, and application forms may be obtained from the Secretary of the Board of U. S. Civil Service Examiners at first- and second-class post offices, or from the United States Civil Service Commission, Washington, D. C.

Major E. A. Robertson visited a short time Wednesday here with friends.

Mr. and Mrs. W. E. Grigsby visited in Alpine Sunday.

When you're looking for typewriter ribbons, carbon paper, letter files, inks, in fact, almost anything for the business office, call the Times, telephone 39.

What You Buy With WAR BONDS

These beds cost approximately \$22 each. They are the latest thing in modern hospital beds, with elevating springs. In some instances surgical cots are used in temporary field hospitals and there is a folding bed which may be used in ambulances. Your purchase of War Bonds and Stamps can buy many of these beds for the Army. You'll sleep better if you know our boys have every hospital comfort. Buy War Bonds every pay day. Invest ten percent of your income.

Civilian Instructor Positions Open In Service Schools

A new campaign to "Keep 'Em Flying" was launched by the Civil Service Commission this week. Under a new announcement with completely modified requirements, Student and Junior Instructors for the Army Air Forces Technical schools and Navy Aviation Service schools are being sought. Student instructors receive \$1,620 a year; Junior instructors, \$2,000 a year.

Student instructors will be given training in radio operating, engineering, airplane mechanics, or shop work for a period of from three to six months. Those who successfully complete such training will be promoted to junior instructors and assigned to an appropriate school.

Student instructors can qualify through completion of one year's study in a college; through the possession of a Civil Aeronautics Administration ground instructor's certificate, airplane mechanic's or airplane engine mechanic's certificate; through one year's progressive technical experience as aircraft mechanic, aircraft or automobile engine mechanic, sheet metal worker, welder, machinist, photographer, camera repairman, radio operator, radio engineer or radio maintenance and repairman; through completion of technical courses (6 months) in a radio school or a war training course in radio work; or through the possession of a commercial or amateur radio operator's license. Additional training or experience is necessary for the junior instructor positions.

No written test is required. Applicants' qualifications will be judged from their record of training or experience. Applicants must have reached their 20th birthday, but there is no maximum age limit. Qualified persons are urged to file their applications at once with the Secretary of the Civil Service Board at Chanute Field, Rantoul, Illinois. Applications will be accepted until the needs of the service have been met. Full information as to requirements and application forms, may be obtained from the Secretary of the Board of U. S. Civil Service Examiners at first-

Mr. and Mrs. J. T. Dillard and Mr. and Mrs. O. T. Sudduth visited in Lubbock and Abilene during the past week-end.

Miss Eva Billings of Dryden spent Monday in Del Rio visiting her sister, Miss Patty Billings.

Mrs. J. R. Goodykoontz left the first of the week after visiting here several days with friends.

Mr. and Mrs. Ben Gilbert of San Angelo arrived Thursday for a visit with friends.
