SANDERSON, TEXAS, FRIDAY, OCTOBER 16, 1942

NUMBER 33

## TRANSPORTATION COMMITTEE IS NAMED FOR TERRELL COUNTY

Creation of County Farm Transportation Committees in Texas' 254 counties was announced this week by B. F. Vance, chairman of the Texas USDA War Board.

The first job of the new committee will be to assist farmers and truckers hauling farm products and supplies in filling out applications for Certificates of War Necessity during national farm truck registration days, Oct. 22-24, the chairman explained.

Under a recent program announced by the Office of Defense Transportation, all farm trucks, trailers, buses, taxicabs and similar commercial vehicles, will require the Certificates effective

November 15. Purpose of the program is to conserve equipment for war purposes.

The local committee is composed of: George J. Henshaw, chairman, Glenn Longley, M. G. Northcut, James Kerr, regular members; and Frank K. Harrell, Tip Frazier, and Joe Nichols, alternates.

Chairman Henshaw designated the District Courtroom at the Terrell County courthouse at Sanderson, and the Buchanan Store at Dryden, as the places of registration for National Registration Days, Oct. 22, 23 and 24. The chairman of this committee, together with the secretary of the AAA, have been called to a meeting to be held in El Paso October 19 and 20 for the purpose of receiving detailed instructions relative to the work of this board.

Operators subject to the new registration order will not be able to obtain gasoline, tires or parts without Certificates of War Necessity, Vance said in explaining the importance of filling out applications.

Application blanks for the Certificates of War Necessity are being mailed by the office of Defense Transportation direct to each truck and commercial vehicle making it unnecessary to write in for the blanks. As the mailings are completed in each ODT district, full announcement will be given, after which everyone who failed to receive a blank will be advised how to obtain one.

## Betty Sue Yeates Is Honored With Farewell Party

Betty Sue Yeates was honored with a farewell party Tuesday night by Betty Ann Peavy in the Peavy home.

Indoor games were played and a musical quiz was enjoyed with the prizes going to Betty Sue, Edgar Wells, and Betty Jo Robertson.

Ice cream and cake were served by Mesdames C. P. Peavy, Mrs. Tol Murrain and Mrs. John Reininger.

Those present were Vivian McKnight, Doris Duke, Patty Jo Robertson, Harriet Ann Pierson, Mary Nell Gates, Betty Jo Beckett, Nancy Peavy, Will J. Murrain, Melvin Newton, Edgar Wells, Robert Jo Dishman and the honoree.

## GIRL SCOUTS TO COLLECT OLD KEYS

The Girl Scouts of Sanderson have announced that they will collect old keys to be turned in for defense on Saturday and Wednesday. Keys are made of a very important and badly needed metal and the Scouts ask that every housewife gather up all the old or useless keys that she can find and have them ready when they are called for.

The girls will make a house to house canvass in an effort to get these keys and wish to extend their thanks in advance for the cooperation they feel sure they will receive.

## Contest for Election Carnival Queen and Princess Under Way

The contest for the election of the queen of the Sanderson high school, to be crowned at the Parent-Teacher Association Carnival, and the princess of the American ward school, opened Wednesday morning. The contest is sponsored by the association.

The queen is to be elected from the four high school grades with the following girls representing each class: Margaret Ruth Yeates, seniors; Maurine Cox-Juniors; Clara Alice Bell, sophomores; Wilma Jean Northcut, freshmen.

The princess is to be elected from the eight grades of the American ward school with the following girls representing each class: Mary Nell Gates, eighth grade; Vivian McKnight, seventh grade; Lizzie Belle Phillips, sixth grade; Barbara Anderson, fourth and fifth grades; Barbara Lou Rose, third grade; Mary Lou Cargile, second grade; and Ruby Jean Bell, first grade.

Votes cost one cent each and boxes for the votes of each contestant will be placed in each school building and in the business houses. The proceeds from this election will go to the Parent-Teacher Association and friends of the contestants are urged to vote.

The contest will close Saturday night, October 24, and the coronation will be held in the high school auditorium on the night of October 31.

The queen will select the king from her class and the princess will select the prince from her class. The other contestants will be duchesses.

## Junior Woman's Club Meets With Mrs. James Caroline

The Junior Woman's Club met in the home of Mrs. James Caroline Thursday, October 8, with Miss Armenta Ragsdale as co-hostess.

The program was taken from the Reader's Digest, and "How Your Mind May Make You Ill" was reviewed by Miss Ragsdale. "We Will Be Needed in the War" was reviewed by Mrs. Conway Pickard.

Everyone enjoyed bobbing for apples after which they were rewarded with popcorn balls and peppermint sticks.

Those present were Mesdames Roy Deaton, Conway Pickard, James Caroline, Bill Vaughan, Misses Armenta Ragsdale, Margaret Kinkler, and Una Lee.

Guests of the hostesses were Mrs. Russel Walker, Mrs. Roger Rose and Miss Margaret Lattimore.

The club will meet in the home of Mrs. Vaughan November 19 for the next meeting and Mrs. Bill Jourdan will be co-hostess.

## BIBLE STUDY HELD AT CHURCH MON.

The Baptist Missionary Society held a Bible study at the Church Monday afternoon. Those in attendance were Mesdames A. D. Brown, Lloyd Ford, John L. Newton, James Caroline, E. E. Johnson and Walter Grigsby.

A social and Royal Service program will be held next Monday at 3:00 o'clock.

## Red Cross Home Nursing Classes Are Scheduled to Begin

Red Cross Home Nursing classes are now being scheduled, according to Mrs. John L. Newton, chairman of the Nursing Committee. Plans have been completed for teaching this material to two classes of high school girls, and another class has been arranged for Latin-American women on Tuesdays and Fridays from 2:00 to 4:00 p. m.

According to Miss Irene Thompson, the Red Cross Nurse, the class planned for Monday and Wednesday evenings from 7:00 to 9:00 has not been completed. If there are enough women who wish to take the course at this time, classes will begin Monday evening, October 19. At the completion of these courses, the Red Cross certificate will be given. For enrollment, leave your name with either Miss Thompson at the school, or with Mrs. John L. Newton.

## Expense for AAA Program Low for Year of 1942

The rate of deduction applicable to Terrell County for recovering required amounts of association expenses from 1942 agricultural conservation payments is only 1.5 percent according to information received by Mrs. Dorothy W. Mey, secretary of the local AAA office, from headquarters at College Station.

The information stated further that "Although 1942 expenses are higher and 1942 estimated payments are lower than corresponding 1941 figures, factors for all counties in 1942 are exceedingly lower than those established in 1941 because of very substantial allocations of non-deductible funds. If such funds are not available under the 1943 program factors for that year are likely to reach previous levels."

Mrs. Mey announced that the final date for filing assignments on Form ACP69 for work done under the 1942 Range Program is Oct. 31. Persons who have not filed these assignments and plan to do so should contact Mrs. Mey at once.

Part of the checks to cover work completed will arrive next week, she stated.

## MORE HELP NEEDED

Requests are being made for more women to volunteer their help at the sewing room. Those willing to help with this work which is being done for the Red Cross and is in charge of Mrs. J. W. McKee and Mrs. C. W. Martin, are requested to report at the courthouse any day of the week. Four machines are in service.

Miss Doris Fabian spent last week-end in Alpine visiting with her parents.

## Many Tempting Dishes Can Take Place of Meat, According to Food Expert

A beef steak may be tempting but ounce for ounce, there's just as much nourishment in a cheese souffle.

Pointing out that meat rationing is imminent, Miss Melva Bakkie, head of the American Red Cross Nutrition Service, has advised the nation's homemakers to accustom themselves to using meat substitutes.

And cheese souffles, she says, are only one of the many appetizing dishes which housewives can set on the table and still give their families a proper diet.

Actually, the proposed rationing program, calling for the allotment of two and one-half pounds of meat per week for each person, is equivalent to the average consumption per person in the United States for the past

## ROTARY CLUB BANQUET FOR SCHOOL FACULTY IS HELD FRIDAY NIGHT

The annual entertainment for teachers given by the Sanderson Rotary Club, was held Friday night of last week with a banquet served in the home economics banquet room at the Sanderson high school by members of the homemaking classes in charge of Miss Margaret Lattimore, instructor.

Order was called by C. P. Peavy, president of the Rotary Club, and the entire group sang "America," and "The Eyes of Texas," with D. L. Duke leading the singing and Mrs. R. S. Wilkinson accompanying at the piano. Prayer was led by the Rev. John W. Byrd.

Rotarians were then introduced, each introducing his guest or

guests, after which the teachers were introduced by Superintendent Tom Holley. The welcome address was made by Alfred E. Creigh Jr., with the response by Supt. Holley.

A trio, composed of Ann Bell, Wilma Lois Moorfield, and Beulah Lindley rendered two vocal numbers accompanied by Miss Marion Brieger at the piano. Mrs. Russell Walker, of San Antonio, was heard in two vocal solos and was accompanied by Mrs. Wilkinson.

A musical quiz, with Mrs. Tom Holley acting as Dr. I. Q., was given with Miss Brieger at the piano. D. L. Duke and Mrs. C. G. Bradford were winners of the prizes for the best scores and rendered, impromptu, a vocal duet, "The Little Red School House." After Mr. Peavy expressed thanks to the homemaking department for the banquet and service all stood and sang the Rotary parting song.

The menu, which was so ably prepared and served by Miss Lattimore and her students, consisted of a tomato juice cocktail, olives and celery curls, creamed chicken on toast, buttered peas in a nest of potatoes, buttered beets, hot rolls, apple and cream cheese salad, ice cream, cookies, and coffee.

Tables were decorated with bouquets of fall flowers and green and white candles with apples used as holders. A little red school house decorated the end of one of the tables and a globe of the world with text books were placed on the other. Place cards were prepared in the form of a miniature slate, using black paper with a yellow border and the name written in white ink.

## PLANS FOR PIE AND CAKE SALE BEING MADE BY SOCIETY

With the suggestion that "It's good to try somebody else's", the ladies of the Catholic Ladies Altar Society announce their annual pie and cake sale will be held sometime next month with definite dates and the place to be announced later.

Plans call for the serving of coffee as in the past and also the sale of aprons and fancy needle work. The community is asked to watch for the date of this event, and are assured that all cooperation will be greatly appreciated by the ladies who are in charge of plans and arrangements.

## HONOR ROLL—

The name of William Eugene McSparren was inadvertently left off the list of men who appeared on the Terrell County Honor Roll as printed in the last issue of the Times. He was inducted on January 27, 1942, and is now in Fort Lewis, Washington.

Other names which did not appear on the Honor Roll and for which the board has just received credit are:

Leonard Lynn Miller  
Harry Laroe Hunter  
Josiah Thompson

The name of Eugene R. Kelly did not appear and to date the board has not received credit for him although he has been in the Army for approximately three months and is stationed at Camp Roberts, Calif.

If there have been other names omitted it would be appreciated if attention would be called to them and they will be added as the list grows from week to week.

Mrs. Helen Downie of San Antonio and Mrs. Edward Downie of Pecos visited here Tuesday and Wednesday. Mrs. Helen Downie accompanied her daughter-in-law home after she had visited in San Antonio with her

Miss Ella Savage left Tuesday for El Paso where she will visit relatives.

## Club Achievement Day Program Is Held at Home Mrs. Brown

The Achievement Day program of the Ranch Home Demonstration Club was held Wednesday, October 7, in the home of Mrs. Joe F. Brown with Mrs. Ed Conner as co-hostess.

The outstanding achievements of the club members this year were canned fruits and vegetables and new and renovated garments for the family. Each member displayed something she had made.

Mrs. Malone Mitchell gave a talk on the milk shortage, and showed a product made of skimmed milk and cotton seed oil, which is less expensive and has the same food value as whole milk.

Mrs. Albert Appel Jr. gave a reading which was enjoyed. The Pecos County Achievement Day program will be in Fort Stockton October 27. The public is invited.

Miss Mamie Pryor explained the meaning and importance of the Victory Demonstrators Pledge Card, and urged everyone to sign them and mail one to her immediately.

The hostess served luncheon at noon to the following members and guests: Mrs. James Allen, Mrs. Miller Robertson, Mrs. Ernest Jessup, Mrs. Albert Appel Jr., Mrs. Sam Culbertson, Mrs. Malone Mitchell, Mrs. Herman Couch, Mrs. Sid Harkins, Mrs. Monte Corder, Mrs. Bill Bench-off, Mrs. Weldon Cox, Mrs. Donald Duncan, Miss Clara Shurley, Mrs. W. E. Lea, Mrs. R. E. Fred of Menard, Mrs. W. R. Moody and Miss Mamie Pryor of Fort Stockton.

The next meeting will be held November 4 in the home of Mrs. Herman Couch.

## MOVE TO CALIFORNIA

Mrs. Mabel Yeates and daughter, Betty Sue, left Wednesday for El Paso where they will visit a few days before continuing to Los Angeles, Calif., where they plan to make their home. Two other children, Margaret Ruth and Charles, will continue to make their home here, living with their grandparents, Mr. and Mrs. E. B. Litton and attending Sanderson schools.

The new anti-inflation bill, which was passed with relatively great speed by Congress and put into effect by Presidential directive on October 4, is one more important link in the long chain of "total war" legislation. Such a bill would be unthinkable except in time of great crisis. It gives the government almost limitless economic control over the individuals and industries of the nation. But there was little opposition to it. Economists of all schools have agreed that inflation is the direct internal danger we face—and that tough laws and tough administration of the laws is absolutely vital.

The bill, as passed, does not go so far as many economists believe it should. It is frankly a compromise measure. The labor bloc and the farm bloc in the House and Senate got a good part of what they wanted. Farm prices, for instance, are to be stabilized at the high level obtained on September 15. All existing "parity" provisions are to be observed. Wages also are to be stabilized at the high level of September 15, and they are not to be reduced below the highest point reached between January 1 and September 15. It is further provided that the War Labor Board can raise wages if it finds that necessary to correct "gross maladjustments". It is certain that some labor groups will make effort to gain wage increases under this clause of the statute.

The law places no restrictions on salaries below \$5,000 a year. However, it forbids increases in salaries above that amount unless approved by the Director of Economic Stabilization—or unless the salaried worker in question has been advanced to a more difficult and responsible position. It is considered possible that this clause may be used to restrict salaries to a maximum of \$25,000, after taxes. The Director has the power to order a corporation to eliminate all salary in excess of \$25,000 paid to an individual in making its income tax returns, and in computing cost-plus government contracts.

It is easier to pass a law than to rigorously enforce it. And so one big unanswered question is just what effect the law will have on the formidable and growing "black market" in this country. People with money in their pockets and a desire for scarce goods will offer higher than ceiling prices—and sellers will be found to bootleg the

goods, law or no law. The policing job, as a result, will be a difficult one. One clause in the bill provides that it shall be enforced by any and all departments of the government, using any and all laws and powers of the United States. In short, the measure is an all-inclusive one, and Congress put teeth in it.

Within the next few months, it seems certain that a number of other unprecedented laws will be passed. The most important of the projected measures is the total mobilization bill. The draft is depriving industry and agriculture of sorely needed workers. Also, workers attracted by the high wages paid by war industries, have left the farms in droves—and the agricultural labor situation is extremely serious as a result. The total mobilization plan envisions making it impossible for any man to change his job without permission from the War Manpower Commission. It would prevent industries from competing against each other for workers. It would force millions of people who are now not working, or who are employed in "non-essential" undertakings, to go to work in war plants and on farms. And it would probably outlaw enlistments in the armed forces. According to some experts, the Army and the Navy have been accepting recruits who would be far more valuable to their country in a civilian capacity.

It is obvious that universal mobilization and universal war service would represent dictatorship of the most absolute kind. For that reason, government officials have been chary of even discussing it. But a great many authorities are reluctantly coming to the conclusion that in time, it will be unavoidable. By the end of next year, according to present prophecies, about 60,000,000 people will have to be engaged in the war effort in one way or another. The latest prediction is that we will have an armed force of 10,000,000 to 13,000,000 men. Their needs will be almost insatiable. So the argument runs, every pair of hands which can do any work at all will have to be used. And the only way to obtain maximum utilization of our manpower and womanpower is through compulsion.

It is also distinctly likely that Congress will soon have to pass another tax bill. The last tax bill is the heaviest in our history, but most economists are dubious of its ability to produce

## STRICTLY BUSINESS

by McFeatters

enough money. They are also convinced that the sales tax and forced savings are as inevitable as tomorrow morning—both as money raisers, and as aids in the campaign against inflation. To sum up, our troops are about to see more action on the war front—and our civilians will see more action on the home front at the same time.

### It Happened in Sanderson TEN YEARS AGO

This week—Remember?

October 21, 1932

Considerable drop in the temperature was felt here Thursday morning when a cold rain commenced to fall, accompanied by the north wind. For the past several weeks Sanderson and vicinity has experienced warm sunny weather.

Mr. and Mrs. C. V. McKnight were San Antonio visitors several days this week.

Mrs. Frank Weigand was a shopping visitor in San Antonio several days this week.

J. D. Nichols was a business visitor in San Antonio the first of the week.

James House was a business visitor in San Antonio several days this week.

Mrs. Joe Kerr, who has been ill in a hospital in El Paso for the past two weeks, is reported getting along nicely.

### WITH OUR NEIGHBORS

Fort Stockton Pioneer—Completed tax rolls for Pecos County for 1942 submitted Thursday by Tax Assessor-Collector Dan B Bihl show a total taxable valuation for the county of \$44,156,485, an increase of approximately 1 1/2 millions over 1941, and call for a total of \$856,501.95 in total taxes for state, county and school purposes. The total will be reduced somewhat by the discount for prompt payment, which during October is 3 percent, and which probably will total nearly \$25,000.

Alpine Avalanche—A huge relief map of the Big Bend National park in detail has been the latest addition to the extensive collection in the Big Bend His-

torical museum on the campus of Sul Ross college relating to the historical and scientific interests of the national park site. The map, completed about five years ago by members of the CCC under supervision of the National Park Service, was delivered to the Sul Ross museum through authorization of M. R. Tillotson, regional director of the park service in Santa Fe, N. M. The relief pictorialization of the complete park area topography is made of plaster and cement, 10 by 14 feet, weighing 2,000 pounds. It is built in two sections, mounted on a wooden frame. All of the principal scenic attractions of the park site—mountains, canyons, and roads—are shown in miniature on the map.

Big Bend Sentinel, Marfa—The District Engineer, Albuquerque, N. M., today announced

the award of a contract to Holland Page, Austin, Texas, in an amount less than one million dollars for the construction of flying field facilities at an airfield in Presidio County, Texas.

Giddings Star—There were 110,000 pounds of peanuts sold here Tuesday according to Sam P. Peebles of Lexington, manager of the local warehouse. The average price being paid is about four cents per pound which means that over \$4,000.00 was paid to farmers on that day for peanuts. Mr. Peebles states that the quality is very good and the percentage of No. 1 peanuts brought in by the farmers is high.

Eagle Pass Guide—Registration of residential rental property by landlords will begin Thursday, October 15th, in the Eagle Pass Defense Rental Area.

Sabinal Sentinel—The Board of Trustees of the Sabinal Independent School District, in an effort to give the community full benefit of the facilities of the public schools, decided in the meeting Tuesday night to authorize Superintendent A. I. Weir to offer a Secretarial Training course beginning Monday October 12, to any adult who desires to receive training in secretarial work.

## BASEBALL GAMES CREATE EXCITEMENT FOR STUDENTS

An exciting baseball game was played by the seventh grade boys of the Ward School and the fourth grade from the Latin-American school Wednesday afternoon. The seventh grade was victorious; however they lost their luck when they played the girls. The seventh grade girls were given three points at the beginning of the game, and the final score was 43 to 44 in favor of the girls.

Naturally, a big argument over the outcome of the game

followed the playing those boys!

## From where I sit

by Joe Marsh

HAPPENED to me only yesterday. I step on the starter of my car. Engine turns over O. K. but she won't start.

So I look under the hood just as if I know what's the matter. Tap a few things with a wrench. While I'm standin' there, wondering what to do next, a young soldier stops alongside.

"Need some help?" he asks.

"Got her almost fixed," I says.

"But still she won't start."

"Looks like your carburetor's flooded," he says. "Got a screw driver handy?"

That young soldier knew what he was doin' all right. Went to work just like a professional.

"She'll be O.K. now," he says, straightenin' up and smilin'.

Boy's face looked sort of familiar. And darned if that soldier wasn't young Charlie Jenkins from Elm Street. Used to be a round-shouldered kid—one of those jitter bugs you hear about. Say! You wouldn't know him after six months in the Army. Fifteen

-pounds heavier—straight and real sure of him Army's done a lot for Made a man out of him guess that goes for lots young fellows, too.

The other day I read folks worry about havin' a glass of beer then. Well, after readin' don't think there's much people to fret.

Just like Charlie says can trust us with gas and tanks, I guess you us with a glass of beer while, if we happen to

And I know the beer is co-operating with the law-enforcement de- that beer is sold in decent places.

From where I sit, this never seen a finer, clean behaved lot of men than in uniform today...I'm in' about 'em!

Joe Marsh

No. 50 of a Series Copyright, 1942, Breuninger Industry

Stockpiles like this are needed all over the country so that our Government can plan our armament program—and our mills and plants can deliver the

Get the unused metal out of your cellar, your attic, your garage, your place of business. Without this scrap the Nation's steel mills must shut down, for all new steel is 50% scrap, and the mills have not enough for even 30 days more.

And one more thing. Help to stop the story—spread by innocents and ill-wishers alike—that there is lots of scrap already on hand. They point to junk yards, auto graveyards, and salvage depots that have not been cleaned out, as proof that there is no shortage. Kill this talk before it kills our boys!

In spite of the terrible lack of scrap, here is why you may still find full junk yards and scrap depots—and why they must be kept that way!

- All scrap must be sorted, stripped, and broken up by scrap dealers before it can be used. Their yards are full because they are busy—preparing your scrap for the mills as fast as they possibly can!
- Auto graveyards strip autos, keep the usable parts and junk the rest—turning out 450,000 tons of scrap in a typical month. Each must scrap within 60 days as many cars as he buys—that is the law!
- Scrap collections sometimes have to stay around because the dealers can't handle them all immediately. Even if they could, the mills could not store it all. The local salvage depot is a stockpile—where your scrap is available for instant use as soon as it's needed. And it will be needed!

Remember if these places become empty, the mills shut down—and we lose the war!

So get out your scrap and help your neighbors with theirs. It's the greatest single contribution you can make right now to win the war!

### NOTES ABOUT HOMEMAKING

The Future Homemakers of Sanderson met Oct. sixth. In order to acquaint new members with the activities of the club, the program consisted of repeating the motto in unison, singing the club song, and reading the purpose of the club.

Doris Lee Cooke, Joan Anderson, and Clara Alice Bell, were appointed to plan an entertainment for the month. Carrie Marie Turner, Beulah Lindley, and Virginia Byrd were appointed to serve on the year book committee.

The finance committee reported that a box supper will be given in November to raise money for the club.

### GETTING ACQUAINTED WITH OUR FACULTY

Mr. and Mrs. C. G. Bradford are two of the new faculty members in the Sanderson High school. Mr. Bradford is principal of the high school and teaches mathematics and physical education. Mrs. Bradford teaches history and social studies and is the junior class sponsor. Young Jimmie, the third member of this family, is in the third grade.

Natives of Commerce, Texas, the Bradfords came to Sanderson from Pleasanton. It seems that the things one member likes, the whole family likes. Blue is the favorite color, and Mexican food tops all other foods. Semi-classical music is a Bradford favorite and they like almost anything to read, especially historical books. Mrs. Bradford stated that they had no particular hobby, and after being around them, one can understand why; they are interested in everything.

Mrs. Bradford: Who did the most good, Henry Ford or Billy Sunday?

James House: That's easy — Henry Ford.

Mrs. Bradford: Why do you say that?

James House: Because Henry Ford shook the devil out of more people than Billy Sunday ever could.

### BAND NOTES

The band met at the regular band period Tuesday morning to elect a new drum major to fill the place vacated by James Albert Mansfield who has joined the United States Navy.

John Lewis Whistler was elected drum major. Other officers are: Margaret Ruth Yeates, vice president; Maurine Frazier, secretary-treasurer and reporter; and Harold Haynes, sergeant-at-arms.

### SENIORS LEAD IN PURCHASE OF DEFENSE STAMPS

Since the Defense Savings Stamps went on sale in the library on October 5th, \$12.50 worth have been sold. Five dollars and fifty cents of the stamps were twenty-five cent stamps and \$7.00 of them were ten cent stamps.

The senior class has bought more than any other class; however David Duke adds credit to the junior class with the purchase of a \$25 bond last week.

### MISS IRENE THOMPSON HERE IN INTEREST RED CROSS

Miss Irene Thompson, from the Midwestern Area Office of the American Red Cross in St. Louis, arrived in Sanderson Tuesday, Oct. 6, to be here for three months. Miss Thompson will conduct classes in home nursing. These classes will be offered in the afternoons and evenings. She will also teach health classes to the high school girls in the physical education classes.

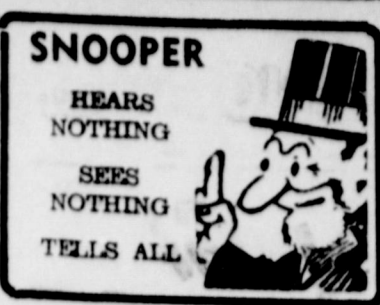

Miss Thompson has an office in the American Ward school building and she will be glad to do home visiting at the request of the families. She is very much interested in babies, especially in those under one year of age.

### Sixty Dollar Question

Senior girl: Guess who I've got a date with for the prom, Senior: I don't know.

Senior girl: I don't either, you see I still don't know where Bill C. got his black eye.

Phone your news to the Times

### POEM IS COMPOSED BY SANDERSON HIGH SENIOR

Following is a ballad composed by Clara Alice Bell in English II.

SCHOOL  
School days are here again  
With work and play and fun,  
Notes and dates and giggling girls  
And lessons that have to be done.

The Junior boys like Sophomore girls  
The Freshmen are so dear  
The Seniors are the jolliest bunch  
I have seen in many a year.

My teachers are a jolly bunch,  
I rate them all A-1.  
I hope I like the rest of school  
As well as the month that has gone.

### 1942 Model

Miss Kinkler (in automobile salesroom): Say this car hasn't any gasoline tank.  
Salesman: That's right, ma'am, it's our newest model. We call it the Ickes.

### CAN-U-IMAGINE?

Bill Stirman in a ballet dress?  
Why all the boys are planning to get sick now that the nurse is here?

Mary Agnes with short hair?  
What will happen when Donald Smith makes up his mind?  
Eating anything you like in school?  
Jimmie Merritt not being bashful?  
Hazel not looking in the mirror in class?  
Ruth not playing with someone when she should be studying?  
Malloy walking in a one foot step?  
Who the ambitious young freshman is who has been picking Donald Smith's pockets?  
Donald Smith and Lauretta playing postoffice?  
Willie Faye looking at a high school boy more than once?

Now that certain Army transfers have been made, Willie Faye can get back to studying.  
Snooper wonders what Harvey Rogers puts on his hair to make it shine?  
Earline, you surely do have a way with boys. Let the rest of us in on your secret.  
It's rumored that Mr Long is absent minded. He came to school in his car the other day and forgot it and walked home. What do you think?  
We wonder which boy will elect Maurine F. as queen?  
Jimmy Davis and Bado were waiting Friday night—Snooper can't learn her name.  
What will certain S.H.S. girls do when 18 to 20 year-olds are drafted?  
Malloy Winston hasn't been around girls very much, but he certainly is not bashful.  
Maurine F., John W., W. T. F., and Margaret R. Y. were having a good time after band practice Wednesday. Come on, tell us all about it.  
There's a certain boy who just can't keep from pulling the girls' hair in the show. After all Jimmy, it isn't very nice.  
Who were you with at the show Wednesday night, Delfina Gutierrez?  
Virginia Ruth, who were those cute boys you were with at the dance?  
What's this we hear, Enedina Ochoa? Did Isidro Martinez really take you to the show?  
What's wrong with you, Douglas B.? Can't you find a girl big enough?  
Joan A. do you enjoy reading the notes you get from Alonzo or do you still get them?  
I wonder who H. H. Haynes is dating these days?  
Dagger is such a good looking fellow. Why doesn't someone take up with him?  
I wonder why the blondes run after Edward Kerr?  
I wonder why Bill Stirman sits around so unhappy?

## ★ AT THE PRINCESS ★

### AUTREY WESTERN GOES OVER BIG WITH AUDIENCES

With world events growing more and more complex, people are inclined to seek the simple, homespun things for their relaxation, and pictures such as Gene Autrey's latest, "Call of the Canyon", which shows Friday and Saturday of next week, are typical of the need for down-to-earth entertainment.

"Call of the Canyon" is a simple, engaging tale about a cowboy who out-smarts a city slicker, but it is told in such a spritely manner, with lilting songs and gay dialogue, that audiences have accorded it a far better reception than that given to plot-heavy melodramas of the "drawing-room type".  
The picture was produced on

Joe Ross having a serious thought?  
The sudden interest in jeeps?  
Betty Frazier going anywhere without a boy?  
Curtis not flirting with Billie B?  
Maurine F. not rolling her eyes when cute boys come by?  
Jeanette short and plump with red hair?  
Mary Nell without pig-tails?  
Hazel not chewing on something?  
Jimmie Merritt being sensible?  
Betty Frazier wearing socks?  
Doris Duke with short hair?  
Hazel without a sweetheart?  
Jimmy Davis and Lauretta Dillard making eyes at each other?  
Ben Moorfield and Hazel Babb making eyes at each other in class.  
Jimmie Merritt being chased by Ora Mae?  
Charles Hill not playing with a girl?  
Joan Anderson keeping a date?  
Billy C. making A in history?  
Harvey Aquilar knowing where the place is in Spanish?

### NURSES "CHUTE TO FAME ON LOCAL SCREEN TUESDAY

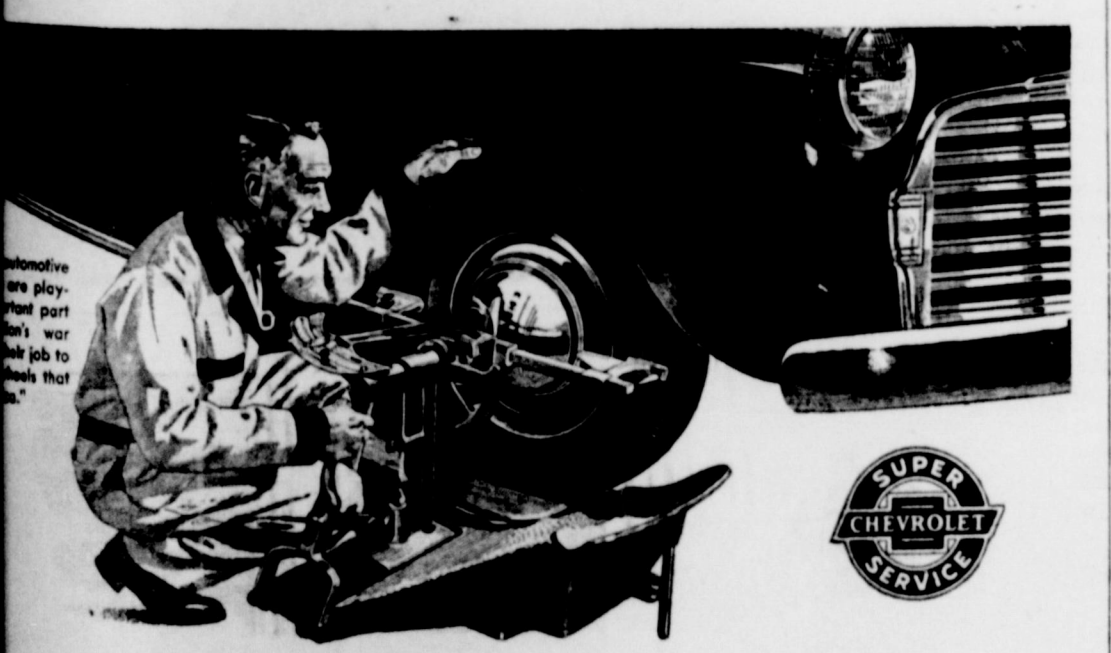

Blazing the trail for Uncle Sam, Columbia studios present a thrill-packed prelude to the headlines of tomorrow in their new film, "Parachute Nurse," which shows Tuesday.

Fictionally based on the adventures of our future Florence Nightingales of the air, the picture is dedicated to the newly-planned parachute corps of lovely angels in khaki and then goes ahead to show how and why these girls should be trained.  
The cast, which features Marguerite Chapman, Kay Harris, and William Wright in the leading roles, lists almost every beautiful young player on the lot, including such familiar names as Louise Allbritton, Die-

## Automotive Mechanic of Yesterday the VICTORY SERVICE MAN of Today

Help him to help you  
THE WHEELS  
SERVE  
AMERICA  
A skilled  
check-up  
regularly  
the word of  
billions:  
THE PEOPLE  
CHEVROLET  
HELPERS FOR  
SERVICE  
any other  
organization

Just how important the automotive mechanic's work is to the nation will be clear to all who consider the following facts\*:

- Automobiles and trucks form the sole practicable means of transportation for war workers and war materials in many communities throughout America.
- In some sections, 78% to 100% of the workers drive by automobile to vital war plants.
- 2,314 U. S. cities, with a population of 12,524,000, depend on private cars for transportation.

The automotive mechanic—the trained Chevrolet Victory Service Man—is the life-guard of America's millions of cars and trucks. Help him to help you and America by getting a skilled service check-up at regular intervals.

54,000 communities depend entirely on motor vehicles.

- Six out of every ten farms use one car or more; 67% of farm car mileage is necessity driving.
- More than 65.2% of all war plants reporting in Michigan (a typical war production state) depend on trucks to haul their incoming and outgoing freight.
- Trucks haul nearly 100% of the milk supply of most large cities—and 58% of all livestock marketed in the U. S.
- Trucks are the sole transportation system serving our 54,000 communities not reached by railroads.

The trained Chevrolet Victory Service Man—

C. E. Pinner of Odessa was a visitor here Saturday when he came to take his daughter, Mrs. Donald Jones, and Mr. Jones, to Odessa for a visit with him and Mrs. Pinner, and with parents of Mr. Jones, Mr. and Mrs. Felix E. Jones. Her brother, Virgil Pinner of the U. S. Navy, was at home at the time and they also enjoyed the visit with him. They returned Monday, accompanied by Mr. and Mrs. Felix Jones who visited until Tuesday.

Mr. and Mrs. H. D. Price visited here Sunday night and Monday with their daughter, Mrs. O. T. Sudduth and Mr. Sudduth. They were enroute to their home in Fort Stockton after visiting the past week in San Antonio with Mr. and Mrs. Major Dye. Mrs. Dye is also their daughter.

Mrs. Berta Clark Lassiter visited last week-end in Alpine with relatives.

NATIONAL ASSOCIATION OF MANUFACTURERS

## LOOKING AHEAD—

(Continued from Page One)

## AT THE PRINCESS—

(Continued from page 3)

dra Vale, Evelyn Wahl, Shirley Patterson, Eileen O'Hearn, Roma Aldrich and Catherine Craig.

As the story opens a group of hospital nurses decide to do their bit for the U.S.A. and enlist in a newly formed Nurses Parachute Corps. The principal reason for the corps' existence, they learn, is to drop medical aid to flyers marooned in inaccessible spots. They also learn much to their dismay, that their new life is to be a rigorous one filled with long hours of tedious drill and exercise as they go through practically the same education as men paratroops.

The male instructors at their camp, including Forrest Tucker, Frank Sully and Wright, provide ample opportunity for moments of romantic diversion amid the exciting background of life at camp. Many weeks of arduous training ensue and, after a breath-taking climax in which an actual parachute rescue is effected, the girls finally are graduated and all take their places in the ranks of heroic womanhood ready to 'chute their way to love and glory!

The screen play, which was based on a story by Elizabeth Meehan, was written for Columbia by Rian James.

## MILLAND, BETTY FIELD STAR IN FUNNY FILM

George Washington said something once about never telling a lie—but Mrs. Elizabeth Cugar apparently never heard about that. Anyway, at the Princess Sunday and Monday she glibly "whiffles" her way through one of the sprightliest comedy films of the season, "Are Husbands Necessary?"

The picture, directed by Norman Taurog, co-stars Ray Milland and Betty Field (as Mr. and Mrs. Cugar) and has such Hollywood bright lights in the cast as Patricia Morison and Eugene Pallette. Others who help the picture along the comedy line are Charles Dingle, Lief Erickson, Elizabeth Risdon, Richard Haydn, Kathleen Lockhart, Phillip Terry and Cecil Kellaway.

Just in case you don't know, a "whiffle" is an innocent little lie, told without any criminal intent. Mr. and Mrs. Cugar are addicted to "whiffles" and they continually pop out of the frying pan into the fire and then back again as the "whiffles" backfire.

Cugar is a banker, a spot in life where probity is a high virtue along with strict sobriety. Milland, as Cugar, breaks all the rules and the results are hilarious. Miss Morison, an old flame who flares anew in his life, adds considerably to the fun.

The film is a very amusing episode and is highly recommended for those who seek a good laugh these days.

Mrs. Jessie Conrad, pharmacist, has accepted a place with the Haley Drug. She took over her duties Tuesday of this week, coming from Texon where she had been employed previously.

## Artist of Christmas Seal for 1942 Is Dale Nichols

Dale Nichols, one of the outstanding younger American artists, designed the 1942 Christmas Seal, which goes on sale here November 23, as the means of supporting the fight against tuberculosis during the coming year.

Mr. Nichols joins a long line of distinguished American artists who have designed Christmas Seals for the National Tuberculosis Association and its affiliated associations throughout the 36 years Seals have been used to raise money to finance the anti-tuberculosis campaign.

The 1942 Seal is a typical example of Mr. Nichols' work. It features a red barn, which has been the center of design of many of his paintings. The Seal shows a red barn and a white farmhouse in the background of a snowy country scene. In the foreground is a drift-lined road on which is shown an old-fashioned swell-front sleigh drawn by two horses.

In discussing the design he used for the Christmas Seal, Mr. Nichols says, "In all my work I strive to have my paintings radiate cleanliness and health. Therefore, I look upon my work in designing the 1942 Christmas Seal for the Tuberculosis Association not as just another problem in design, but as an unusual privilege, in that this great institution constantly works toward those objectives."

Dale Nichols was born in 1904 in David City, Neb., and moved later with his family to Glenview, Ill. His painting of barns, he says, is "... due to living with them for 20 years."

"We had a large white barn on our farm and I helped fill it with hay and grain, fed the animals three times a day and served for, what seemed to me, 100 years as chambermaid to the horses and mules.

"But fortunately for my art those 20 years on the farm were the most intriguing of my life... when I began painting I turned naturally to painting farms and featuring red barns because, to me, they symbolize the life of America's farmers," he said.

His paintings are hung in many museums and private collections, including the Metropolitan Museum, the Art Institute of Chicago and the University of Illinois.

## RECEIVES PROMOTION

Sergeant Walter R. Ord, who is stationed at Fort Bliss, has been promoted to Staff Sergeant according to information received here.

## O. E. S. MEETS

Sanderson O. E. S. Chapter 136, will meet Oct. 20, at 8:00 o'clock, according to Mrs. Mary Miller, Worthy Matron. She stated that all members are urged to be in attendance.

Miss Floy Watts of Uvalde arrived here today, Friday, for a visit with Miss Pearl Howell and other friends.

Word received here by Judge and Mrs. R. S. Wilkinson is to the effect that their son, Jim, has been made Cadet Second Lieutenant in the Band Company at Schreiner where he is attending school.
