

Chiefs Scalp Elks In Upset Victory

Friona's Chiefs found the victory trail Friday night on the broad backs of Tommy Massey, Butch Barker and the passing combination of Bobby Daniel and Gary Snead.

Massey and Barker could be counted on for those extra payoff yards when the going got tough and Gary Snead accounted for one of the prettiest catches of the years when he shoe-stringed a Daniel aerial to set

up a TD, but the most thrilling run of the evening came when Floyd Reeve intercepted an Elk aerial and took off downfield and went 70 yards for a TD. All in all Friona did "everything right" and their offensive units clicked together and the defense played heads up ball to knock over the favored Stratford eleven and take their first win of the season. Stratford struck for their

first TD early in the first quarter taking over on downs near the midfield stripe. Bill Steinberger passed to Doug McBryde for a gain of 40 yards then called on Jerry Adams to streak around end for the TD. The try for points failed and the Elks lead 6-0. The Elks kicked off and Friona rolled up the field in 17 plays and four first downs to send Tommy Massey up the center

for 5 yards and the first Friona TD. Butch Barker punched across for the extra two points and the Chiefs were never behind again. Following an exchange of fumbles in the second quarter Friona took over on the midfield stripe and moved quickly into scoring position and calling again on Massey to lay across the cowhide into paydirt from the four. The try for extra points failed.

Stratford received the kickoff and moved quickly for a first down and fumbled on the next play. It was in this series of downs that Daniel took to the air and spotted Snead near the 15 and hit him. Snead snatched the ball as he fell but gathered it in to set up the TD. Faking a handoff to Big Tom Massey, Daniel kept the ball and rode across the goal line for the

third score. The Daniel-Snead passing combination worked for two more points on the extra point try and the score stood Friona 22-6. But it was short lived as Gary Garoutte took the kickoff and rambled down the left sideline 70 yards to paydirt and the score at the half stood Friona 22, Stratford 14. In the third stanza Floyd Reeve gathered in an Elk aerial late

in the quarter as the Elks moved downfield threatening a scoring drive. Reeve picked the ball out of the air in front of the intended receiver and cutting across the field and picking up beautiful downfield blocking he headed for the right sideline and ambled 70 yards for a TD. Daniel again faked Massey up the middle and kept for the extra two points.

Stratford's last scoring effort came in the fourth stanza following a Friona fumble. A slight drizzle began to fall in the third and as the game wound its way so did the rain making the pigskin hard to keep control. Stratford sent Adams around end for 10 yards and their last score, the extra point try failed and the score stood until the gun Friona 30, Stratford 20.

Friona To Meet NMMI Here Friday

In what Coach Earl Smith predicts as the "roughest game facing the Chiefs all year long" the New Mexico Military Institute will be the guests of the Friona Chiefs Friday night in a non-district tilt. Bringing over a line which averages over 200 pounds and a backfield in the 190 pound class NMMI has one of the best football teams found in the state of New Mexico this year. The Institute has only played one game this year, that was a 18-0 victory over St. Anthony's. St. Anthony had only the week before trimmed Deming, N. M. to a 41-6 scalping. "We hope to make a good showing in playing these boys, which would be the equivalent to about a AAAA class ball team in Texas," says Coach Smith. They are big and tough, with only three sophomores on the squad. The remainder of the squad are juniors and seniors with lots of speed and experience. Game time will be 8 p. m. Friday night in Friona.

CARRYING THE MAIL--Bobby Daniel goes over for a Friona TD in the second quarter after faking Tom Massey, Daniel kept the ball and scored standing up.

Friday night was pretty exciting for a lot of people and particularly for some of our firemen. Seems that during the ball game, or shortly afterward lightning struck a wooden windmill out at the George Jones farm (west of town Jones that is) and there wasn't enough water pressure there to fight the blaze. So, at least he was accused of doing it this way, after George figured all the firemen were in bed he turned in an alarm. The blaze was promptly extinguished, and after a lot of ribbing everyone went home, some water soaked, and others still joshing Jones about his "fire." George swears that he could take his water hose on the ground and squirt water half a mile, but when he would get up on the tower to put water on the fire, the water would just barely get out the end of the nozzle. Oh well, a poor excuse is better than none at all.

Vote Set For SCD Director

Residents of the Friona and Black school districts will have an opportunity to vote for a Soil Conservation District Supervisor at an election slated for October 4. Bruce Parr is the present director of this area. All persons who own land in this zone of the Farmer County SCD who are 21 years or older are eligible to vote in this election. Nominations will be made from the floor and the director elected will serve for a period of five years. Supervisors serve without pay except for a small expense allowance and constitute the administrative and policy forming body of the SCD just as school trustees manage the school district. Time and place of this election will be announced next week.

Mrs. Ida Merrill Buried

Funeral services for Mrs. Ida Florence Merrill, 91, who died early Tuesday morning were conducted from Friona Methodist Church at 2:30 p. m. Wednesday. Rev. Wallace Kirby, pastor, was the officiating minister. Mrs. Merrill was born near Dixon, Mo., August 8, 1869. She moved to Central Texas with her parents at the age of 10. She grew up in the region of Graham and Brownwood and lived there until moving to Friona in 1951. Her husband and several children preceded her in death. Survivors include one daughter, Mrs. Lucy Vestal, 10 grandchildren, 18 grandchildren and one brother, Stanley Gray of Snyder. Grandchildren living here are Mrs. Loyde Brewer and C. L. Vestal Jr. Burial was in Friona Cemetery under direction of Claborn Funeral Home. The following building permits were issued at the City Hall in Friona during the week ending September 20: Robert Zetzsche, build attached garage at an estimated cost of \$1,500. Mrs. C. H. Horner, move in storage building at an estimated cost of \$30. Jim Maynard, build a carport at an estimated cost of \$500.

THURSDAY--

R. C. Davis Has First Bale Here

R. C. Davis of the Lazbuddie community took the first bale of cotton to a gin in Parmer county last Thursday when James Mabry ginned out a bale at the North Lazbuddie Gin at 11:20 a. m. Davis, who farms a piece of land about a mile east of the gin, also brought the first bale to Friona Tuesday and it was ginned at the Plains Farmers Gin by Steve Hargus' crew. The Lazbuddie bale, and the bale ginned here Tuesday, were both from a 20-acre patch of improved Gregg variety and was planted April 13 on pre-watered ground, treated with 160 pounds of anhydrous ammonia and watered one more time. The bales were hand-pulled and the Lazbuddie bale weighed out at 458 pounds and the bale at Friona Gin weighed 600 even. Several other bales were reported to have been ginned over the first part of the week, one at Lawlis Gin in Bovina and one at the Hub. Davis received a bonus of 50 cents per pound for his bales at both gins.

FRIONA'S FIRST BALE OF COTTON--R. C. Davis, left, brought in the first bale of cotton to the Friona Gin for the 1960 cotton harvest. Davis also had the first bale ginned in Parmer County which went through the North Lazbuddie Gin last week. Those pictured above are left to right, Davis, George Evans, Jack Dickerson, Willie Perez and Steve Hargus, manager of the Plains Farmers Gin.

Two Wrecks In One Day In Friona

Two wrecks totalling an estimated \$1,000 in damages occurred in Friona last Friday. The first accident happened at the intersection of Main and Fifth Streets about 8 a. m. Mrs. Charles Scales was traveling south on Main and Fred Lloyd was turning onto Main from Fifth. Lloyd, apparently blinded by the early sun in his windshield pulled into the side of the Scales auto sending it skidding down the street. No one was injured and the charges in the accident were not determined at press time. Friday afternoon another wreck, this one on the other end of Main Street happened about 5:30 p. m. when Charles Hughes of Chouteau, Okla. attempted to turn from Highway 60 onto Main Street and turned into a car driven by James Rose of Hereford. Again, no injuries were reported although heavy damage was reported to all four vehicles. In this accident Hughes was charged with failure to grant right of way.

United Fund Meeting Slated Monday Night

All officers and interested parties in Friona's United Fund are urged to attend a meeting slated Monday night at 7:30 p. m. in Community Room of the Friona State Bank. This meeting will be for the purpose of looking over the Fund and its activities during 1959-60 and setting up a tentative budget for next year. In addition, members will plan the annual Fund Drive which usually takes place in November. All persons interested in working with the Fund, or those who have requests to make for next year's budget are asked to be present Monday night, says Danny Bainum, chairman of the Fund. Mr. and Mrs. Sterling Graham are visiting relatives in Elk City and Rush Springs, Oklahoma.

Fire Call At Jones Farm

Members of the Friona Volunteer Fire Department answered a fire call about 10:50 p. m. Friday at the George W. Jones farm eight miles west of Friona. Lightning struck a windmill tower south of the house adjoining a barn. Jones fought the fire with a water hose in an attempt to extinguish the blaze which sputtered atop the 40-foot windmill. Unable to get out the blaze due to insufficient water pressure he phoned for help. Firemen quickly put out the blaze and damage was confined to the windmill tower.

\$101,434 LOW BID--

Council Lets Contract For Water, Sewer Plant

Panhandle Construction Company, of Lubbock, was the low bidder on proposed water works and sanitary sewer plant installations to be made in Friona and their bid of \$101,434.10 was accepted pending approval of plans by the U. S. Public Health Service by members of the Friona city council in special session Monday. A total of six bids were taken at the special meeting and tabulations found the following bids considered by the council: Panhandle Construction Co. Lub-

bock, \$101,434.10; Stockton Construction Co., Amarillo, \$102,578.77; M. B. McKee Eng. & Equipment, Lubbock, \$104,603.90; Arnold D. Hayes, Lubbock, \$110,363.40; Clyde Construction Co., Odessa, \$119,347.26; R. B. Hodgson & Co., Midland, \$123,924.55. The low bid was broken down into a total of \$49,650 to go toward construction of the water improvements and \$51,784.10 to go toward construction on the new sewer treatment plant.

This construction will be the third phase of a bond election passed by voters in the City of Friona last fall. The first two phases of the bond issue have been completed, they were the sealcoating of the old paving, paving 38 new blocks, and now the water and sewer construction and extension work. The old, or present, sewer plant which is located inside the east city limits, has been operating at about 100 per cent overload for several years. It will be done away with and the new sewer plant will be constructed on property recently purchased from the Santa Fe Railroad company about one and a half miles east of town, across the Santa Fe tracks. The new plant will be designed to accommodate a city of about 4,500-5,000 population and the old plant, when constructed in 1950 was designed for about 1,500. Work on these new projects will begin within 10-20 days fol-

lowing an okay of the plans by the U. S. Public Health Service. The water works contract calls for the construction of a 500,000 gallon ground water storage tank to be built on the city property in the west part of town. This new tank will be of concrete and, along with all the other additions and extensions to water mains, will alleviate the pressure problem in the west section of town prevalent in the summer time. In addition to all members of the council, Red Smith and Charley Cooper, of Parkhill Smith and Cooper, consulting engineers, were at the special meeting. The next regular meeting of the council will be held Monday, October 3, in the city hall in Friona.

Country Club Begins Drive

Membership committeemen report a "nice reception" to plans to construct a 9-hole golf course on the Massey property west of Friona and a drive to secure 100 members in the club is now underway. The prospective club members met Saturday night in the Production Credit Association offices and voted on a set of by-laws and discussed the drive. Cards for prospects were distributed and early Monday the drive got underway. A total could not be obtained as this paper went to press but officers indicate that the membership drive has met with good success and around 35-40 members have joined in the first

two days of this week. Work on clearing the land has gotten underway. John Renner and Pruitt Johnson have started the land, and a meeting is slated for this weekend to lay definite plans to get the land cleared ready for construction of the actual golf course and swimming pool. Renner and Johnson flew to Austin last Friday and got the club's charter approved by Zolile Steakley, secretary of state for the State of Texas. The Friona Country Club is now an actuality and officers in the organization point out that the organization is open to any resident of Parmer county. (Continued on page 7)

COTTON BOWL CONTEST--

Squyres, Watkins Tie In Upset Weekend

With a weekend full of upsets, keeping all the "experts" turned wrongside out, Friona's Football Contest was no exception with Phyllis Squyres and Kenneth Watkins tying for first and second place with two wrong picks each and Doris White coming in third, also picking two wrong ones, but farther away on the tie-breaker. Watkins correctly predicted Hereford over Dimmitt; Tech over West Texas, missed Lockney's upset victory over favored Tulia, picked Perryton over Canyon, Missouri over SMU, Nebraska's victory over Texas U, and missed the Kansas over TCU but picked LSU over A & M. Mrs. Squyres missed the Lockney over Tulia game and the Nebraska over TU game. Doris White missed the Lockney and Kansas victories. All three of these missed the Friona victory over Stratford. To give you an idea as to how others fared this week a total of seven missed three games; 18 missed four games; 15 missed five games and then one entrant missed all eight scores. Many more fell into the six and seven missed categories. So, everyone still has a chance to win the Grand Prize in the contest. This will happen again before the season is out. Last week, Gaylon Rhodes didn't miss a single game, as did Everett McBroom and Elizabeth McLellan, this week

McBroom missed five games, Rhodes missed four and Mrs. McLellan missed three. So, get your entry blank into

the box at BiWife Drug store this Friday before 6 p.m. and try to see how good you are at picking the winners.

THEY TIED FOR FIRST--Phyllis Squyres and Kenneth Watkins, both regular winners from last year's contest split first and second money as they both missed two games and evened up on the tie-breaker. Doris White was third place winner, she also missed only two games but was farther off on the tie-breaker scores.

OPEN LETTER TO ALL MAIZE DAYS COMMITTEES

We, as chairmen of the Maize Days Celebration for 1960, gratefully extend our thanks and appreciation to all of the committees and other people who worked so hard to make this year's celebration such a great success.

Maize days could not have been the success that it was without the hard work and cooperation of all these people.

It will be impossible to thank each one individually so we wish to take this means of saying, "Thank you sincerely, for your help and cooperation."

Martell LeVeque
Porter Roberts
Co-Chairmen Maize Days

Newman Jarrell Jr.
President, Chamber of
Commerce & Agriculture

Dear Editor:

The elementary teachers of the Friona school and pupils of the first six grades wish to take this means of expressing their appreciation to the Friona merchants and other individuals in the community who made it possible for the children to attend the Oasis Shrine Circus in Hereford last week.

We enjoyed it very much and it was the first circus for many of the children.

We also thank the parents who cooperated so very well in providing transportation and extra supervision for the children. Their help was really appreciated and the trip could not have been made without their assistance.

Thanks so much to all who helped in any way. And, remember the proceeds from the circus will go for a very good cause—"Crippled Children."

Pupils and teachers of the Friona Elementary School

To The Editor:

What are we waiting for? Is it going to take a new made grave to wake us up to the fact that this "hazing," or torture which is being inflicted upon our freshmen boys, under the cloak of "initiation," must come to an end? Certainly that is not an unthinkable possibility, in view of the resulting injuries already sustained by some. In the words of one of our local doctors, "We have had some severe injuries and some very sick boys as a result of this hazing which is unnecessary and very foolish, and in my opinion should be stopped."

Aside from these more severe cases, humiliation and pain has been imposed upon our boys by this overdone horse-play while we parents stand by with closed lips, cringing under the fear of reprisals against them if we "tell," for they have been warned, (Gestapo fashion) of more rigorous treatment if we "tattle."

Nevertheless, efforts have been made, on the part of some of the parents, besides an organized effort on the part of PTA, to stop this hoodlumism, but with no success. The practice was somewhat slowed down for several days after school officials ordered hazing to end, but has gradually been stepped up, according to reports from members of freshmen who

have been forced to do things and take things by mouth by members of the upper-classmen, out of the sight of teachers. I cannot see why the same disciplinary measures employed to enforce other rules made by the school would not prove just as effective for this one.

Picking offenders should not be too difficult, for, as a rule, it is the more overbearing and cowardly who take advantage of the opportunity to inflict such sadistic indignities and pain they could not otherwise exercise.

Heaven be thanked, they do not represent the majority of our school, of which we are so justly proud, and upon which we loathe to have such a smirch as is inevitable unless it is stopped. In fact some of the upperclassmen have been known to come to the aid of smaller freshmen, where they felt injustice was being done.

For several years the happy experience of entering high school has been overshadowed by a growing fear, some parents state their boys have dreaded the experience since the sixth grade. Even before eighth grade graduation a few of the high-school boys have threatened, "Just wait, I'll get you next year." They did.

It has always been my opinion that "initiation" primarily belongs to FFA and FHA, with pranks and fun-provoking tricks, even if a little rank sometimes, for it's new members, but not a liberty for the entire high school to plague these younger classmen with this harsh oppression for weeks prior to initiation, even those who do not belong to the organization. I do not believe that any of us object to these pranks and jokes within the bounds of reason.

Oh yes indeed, they have us parents bluffed too, for what is more fearsome to parents than the threat of reprisal against their children!

I am not one alone in this matter, but I know I am voicing the sentiment of literally scores of concerned parents, for there is a growing anxiety among them which is evidenced in discussions wherever groups come together, and in telephone conversations, and we are not making a mountain out of a molehill. How long are we going to let it continue? Till

something even more serious happens to one of YOUR SONS, or one of MINE? God forbid.

Do you recall that King Pilate, after mildly opposing Christ's crucifixion, went through the ceremony of "washing my hands of this man's blood"? After some futile attempts, are we going to wash our hands of the matter and say, "I've done all I can"?

Surely not, let's put a stop to this practice which, of all places has no right to be tolerated in the schools, and let us preserve the blessed democracy that some of the fathers of these boys risked their lives on foreign soil to defend.

I would like to emphasize that this article is not intended, in any wise, to cast a reflection upon our faculty, or any school official, (or for that matter, any individual,) for we look with pride upon our school as a whole, but this does not alter the fact that a situation is getting out of proportion which we believe should be stopped before it grows worse.

Two Decisions, One Hung Jury In Court

Three civil cases were tried in district court at Farwell last week and at the end of the five-day fall court session, two decisions had been rendered and there was one hung jury.

Mr. and Mrs. David Grimsley and boys enjoyed fishing at Conchas over the weekend.

Mr. and Mrs. Otey Hinds and Mr. and Mrs. Lloyd Shulk were Sunday dinner guests of Mr. and Mrs. Rosco Ivie.

Mr. and Mrs. I. D. Williams of Clovis were here this weekend visiting Mr. and Mrs. Giles Cobb.

Mr. and Mrs. Travis Stone and family and Mr. and Mrs. Harland Frye visited with Mr. and Mrs. Gene Welch Sunday evening.

Mrs. Gene Welch and new daughter, Varla Lanae, returned from Plainview where they stayed with Mrs. Welch's parents, Mr. and Mrs. F. B. Harkins.

Mr. and Mrs. Travis Stone and family were in Lubbock a couple of days this last week.

Mr. and Mrs. H. H. Frye visited Mr. and Mrs. Travis Stone on Sunday.

Seven cases had been on the docket for the session, presided over by Judge E. A. Bills, but three of the cases were settled out of court, reports Hugh Moseley, district clerk. The one remaining case will be heard at the next session, probably after January 1.

A 12-member jury voted in favor of Plaintiff Paul D. Tullis, of Anton, in a sale of property dispute with Vernon Bartlett of Petersburg. The dispute involved \$9,200 placed in escrow by Bartlett for partial payment on 160 acres of land owned by Tullis near the Lakeview community.

The sale transaction was never completed and Tullis sought the escrow money for damages occurring at the time he started to vacate the land for the new owner. Attorneys for the defendant sought to prove that there was an error in the property abstract.

Following the trial, a judgment was rendered against the defendant. The judgment is pending approval by Judge Bills.

Making up the jury panel in this case were J. B. Sudderth, Sterlyn Billington, Vernon Jamison, Virgil M. Ferguson,

TOMMY MASSEY GETS TD!--Tommy Massey, in white jersey, crunches over two tacklers to carry over the first Friona TD in the fracas with Stratford last weekend.

Black News--

(Continued from page 2) to approximately seventy-five guests.

Mr. and Mrs. V. R. Wilcox returned from Poteau, Oklahoma and visited the Edgar

Turners on Sunday.

Mrs. Fern Barnett and Mrs. Wesley Barnett were in Lubbock on Monday.

Mr. and Mrs. Thomas Lewellen and Tommy Lou visited Saturday and Sunday in the home of Mr. and Mrs. T. A. Kelley and girls of Plainview and also in the home of Mr. and Mrs.

E. D. Matlock.

Mr. and Mrs. Alton Whitworth of Canyon visited with Mr. and Mrs. Jim Buckley and family this last weekend.

Mr. and Mrs. Jay Rainey and Misty of Olton visited Monday and Monday night with Mr. and Mrs. David Grimsley and boys.

Ray Martensen, Mrs. A. L. Kerby, Sam Bailey, James D. Roach, Cassey W. Perkins, Ed- die R. Hutto, Spencer Hough and Miss Opal Perry.

In a case styled Harris B. Dunn vs. E. T. Jennings of Benger Air Park, the jury could not reach a unanimous decision so a retrial is scheduled at a

later date. Dunn is seeking payment for a personal injury to his left hand while employed at Benger Air Park.

Members of the jury panel in this suit were P. L. London, James T. Bailey, Dick Gerles, Jack Patterson, Mrs. Boone Allison, James Ussery, Roy Beardin, William F. Bandy,

Ira Clyde Fields, J. R. Coccannouer, Joe Camp and Charlie Hromas.

In the first court trial heard early last week, J. E. Hardage was awarded payment of \$580.80 from C. A. Workman of Olton. The payment was for services rendered at Hardage's business, Farwell Fertilizer.

Young Couple Looks On Friona As 'Jinx'

Mr. and Mrs. Dominick Bruno of Tucson, Arizona, have a dismal opinion of Friona and Parmer County.

Seems that every time the couple have traveled from their home in Arizona to their folks back East they have met with trouble in Parmer county, Texas.

Back this winter they were stranded here one night without gas as a blizzard blew its way across the Panhandle.

Well, they thought that was bad until last Tuesday night.

They were headed this way again, this time with a brand new house trailer full of nice new things.

The trailer went out of control just outside Bovina and turned over.

If you can imagine having your own home stood on its end for a couple of hours, then take two

winch lines to it and drag it back right side up, well then you can sort of picture what happened to the Bruno's home. They were in Friona Wednesday afternoon cleaning up after their tragedy.

They left the trailer here, took their belongings and packed them in a trailer (not a trailer house) and continued their jour-

ney.

"We are glad of one thing," the young Mrs. Bruno says, "our car never turned over. The trailer hitch broke, and kept us from turning over too."

We hope that the Brunos will try our part of the country again, and we hope that they will find it isn't always as bad as it was for them this time.

IF YOUR HOUSE TURNS OVER, IT WILL LOOK LIKE THIS-- This picture was taken inside a trailer house after it fell over on its side and went skidding down the highway last week. The carnage inside the trailer is hard to image without seeing it for yourself, but perhaps this photo may give you an idea as to the extent of damage.

CLEANING UP THE MESS--Above Mrs. Dominick Bruno of Arizona unloads her family's possessions from their wrecked trailer house which overturned on Highway 60 last week. They left the trailer here for the insurance company's adjusters and carried their personal belongings on in their car. The couple escaped injury as the hitch broke keeping their auto from turning over when the trailer flipped.

Six SWC Games On Air Saturday

Six Southwest Conference football games will be broadcast Saturday by the Humble Company. In addition, the oil company will co-sponsor a live telecast of the Michigan State-Pittsburgh game.

The Michigan State-Pittsburgh telecast will start at 10:45 a. m. (CST) over KVII-TV, Amarillo.

The Texas-Maryland game will be broadcast from College Park, Md., by Yes Box and Jim Wiggins. Radio time will be 11:45 a. m. (CST) over KFDD, Amarillo-1440 and KDUB, Lubbock-1340.

The SMU-Ohio State game will be broadcast from Columbus, Ohio, by Eddie Hill and Stan McKenzie. Radio time will be 12:15 p. m. (CST) over KGNC, Amarillo-710, KPAN, Hereford-860 and KTUE, Tullahoma-1260.

The Texas A&M-Texas Tech game will be broadcast from College Station by Eddie Barker and John Smith. Radio time will be 7:15 p. m. (CST) over KBUY, Amarillo-1010, KFYO, Lubbock-790 and KCLV, Clovis, N. M.-1240.

The Baylor-Colorado game will be broadcast from Waco by Dave Russell and Dave Smith. Radio time will be 7:15 p. m. (CST) over KFDD, Amarillo-1440.

The Rice-Georgia Tech game will be broadcast from Houston by Kern Tips and Alec Chesser. Radio time will be 7:45 p. m. (CST) over KDUB, Lubbock-1340.

The TCU-USC game will be broadcast from Los Angeles by Bob Walker and Glenn Brown. Radio time will be 8:45 p. m. (CST) over KCBD, Lubbock-1590.

How about a Mule?

When your tractor and its attachments are destroyed, where will you go for assistance? To insurance or to a faithful old mule? Of course, mules can't take the place of tractors, combines, or cotton pickers, but **dependable, comprehensive insurance** can replace your machinery. Our policy, which covers mobile Machinery and Implements, is designed to keep your wheels turning. When you make your machinery secure with insurance, you also assure the working power of your machinery and the production of your farm.

Be foresighted and insure YOUR machinery against these dangers:

- | | | |
|---|---|--|
| COLLISION OF,
DERAILMENT OF,
OVERTURNING OF,
EXPLOSION | Conveyances while the insured property is being transported thereon | RIOT, RIOT ATTENDING A STRIKE
THEFT
FIRE AND LIGHTNING
AIRCRAFT DAMAGE
CIVIL COMMOTION
FLOOD
LANDSLIDE |
|---|---|--|

Also, protect your financial standing against costs sustained when your machinery is in a **COLLISION** or is **UPSET** or **OVERTURNED**. One policy can protect your mobile farm equipment against these many perils!

Trophies Awarded Winners Of Summer Bowling

Winners in the summer bowling leagues at Friona Lanes were announced by league secretaries last week.

In the Women's Nine O'Clock Scholars League, which bowled on Thursday morning, Hursts nosed out Gib's Cleaners in a battle which went down to the final day's bowling. Maurer Machinery was named third place winner in the league. High individual average award went to Levina Brown of the Piggly Wiggly team and the Most improved bowler award was given to Eula Bradshaw who raised her average a total of 40 pins over the summer season.

Team members of the Hurst's team are Joy Baldwin, Gennie Bingham, Mary Elliot, Billie Long, Lavonn Renner, Christine Shirley and Connie Bingham. Gib's Cleaners team members include Gladys Awtry, Betty Rector, Eva Lou Rector, Gwen Graves, Dorothy Ellis, Doris Sides and Sue Rector.

Maurer Machinery team members include Belle Maynard, Maydelle Taylor, Lavon Hughes, Joy Lindeman, Phyllis Anderson, Betty Renner and Stella Varner.

In The Men's Division, Major League winners were Hub Delinting, first place; Hub Grain, second place, and Hub Fertilizer, third place.

Bill Holcomb has the high series of the season with a 619 in three games and Joe Bullock had the high game with a score of 227.

In the Classic League Joe Brown Gin was first, Jarrell's 5&10 was second and Three Way Chemical of Bovina was third.

On Thursday night, the Industrial League winners were Paul Jones Texaco of Bovina, first; Friona Gin, second and Douglas Land Company, third.

League season play began again last week in both men and women's divisions.

in and around **FRIONA** WITH JUNE

It has always seemed that the sound of an ambulance or fire truck screaming down the highway or street is much more weird when it is raining. Don't know how long it has been since the Floyd household had been aroused by a siren until Friday night.

There had been a great deal of thunder and lightning for an hour or more. Then a gentle rain began to fall and things seemed very peaceful. However, about the time cars began passing on the way home from the football game, a siren joined the procession.

Who would have thought of looking on top a windmill for a fire? Lightning struck an unused windmill tower at the George Jones farm in a little while a fair sized blaze got started.

Mrs. Height, who lives on the Jones farm, called George as her husband and sons had not returned home after the ball game. George went out and attempted to put the blaze out with a garden hose, but didn't have much luck.

A few minutes after he called the fire department to come to his assistance, the blaze was extinguished and things were back to normal.

Life at the J. C. Claborn home has just about returned to normalcy. Jobey, oldest son of the Claborn's, has been nursing some cracked ribs; then Johnny, the middle son, received some pulled muscles in his neck.

Maybe Jackie, youngest of the three brothers, didn't want to be outdone by the older boys. At any rate, he had a mild case of flu Monday and was kept home from school.

About middle of the afternoon he sucked a small plastic gadget down a bronchial tube. After a quick trip to Parmer County Community Hospital, Jackie was taken to Amarillo for removal of the object.

By early evening the Claborn family was back home with everything apparently under control. Mrs. Claborn said one of the attendants reported removal of a grassbur from a young child's throat recently.

More new houses are being built. Mrs. Lucy Welch hopes to be in her new home near the hospital by Christmas time.

Country Club--

(Continued from page 1)

"We may have missed some people in our phoning and writing before our first meeting, but we want all the residents of the county who may be interested in the club to let us know and one of the membership committee will be glad to call on them," directors say. Plans of the newly-organized club call for the construction of a nine-hole course on 55 acres of land adjoining Friona on the west side of town. Club membership will entitle all members of that family to participate in the all-year-round swimming pool and all other activities of the club.

Visiting in the Herbert Schueler home during the week was Mrs. A. L. McWhirter of Quitman, Texas. Also visiting Friday were Mr. A. L. McWhirter and Cecil Stehr, Mr. and Mrs. McWhirter are Mrs. Schueler's grandparents.

Mr. and Mrs. Bert Harper of Anton were recent guests in the homes of Mr. and Mrs. M. B. Harper and family and Mr. and Mrs. Bill Stephens and family.

Weddings Highlight Social Calendar

Faye Scales Weds Thomas G. Gibson

MRS. THOMAS G. GIBSON

Wedding vows were exchanged between Joyce Faye Scales, daughter of Mr. and Mrs. Charles C. Scales, and Thomas G. Gibson, son of Mr. and Mrs. Tom Gibson, at Clovis Thursday evening of last week. Attendants were Gwen Green and O'Neal Greeson, both of Friona.

Immediately following the ceremony, Mr. and Mrs. Gibson left for a wedding trip in Colorado. Mrs. Gibson, a 1960 graduate of Friona High School, is attending beauty school in Clovis. Her husband, a former student at Friona High School, is employed on a farm. They plan to live here.

Church Ceremony Unites Betty Rowe, Jimmy Mabry

In a double ring ceremony at the Church of Christ in Waldo, Arkansas, at 3 p. m. Sunday, September 4, Betty Rowe became the bride of Jimmy Mabry. Parents of the couple are Mr. and Mrs. C. R. Rowe and Mrs. C. R. Rowe and Mrs. James D. Mabry of the Lakewood community.

Wedding vows were read by Glen A. Parks of Lewisville, Arkansas, before an archway of greenery formed around white candelabra holding white candles. Jimmy Sayers, soloist, sang several songs in procession. A Cappella music, including wedding music, was given in marriage by her father, who wore a Chantilly lace and nylon tulle over taffeta. Accents of the fitted bodice were a scalloped portrait neckline and long sleeves which tapered to points over the hands. Her only jewelry was a single strand of pearls. Her fingertip veil of illusion lace embroidered with seed pearls. She carried a bouquet of white asters centered with an orchid.

Mrs. Aubrey Fussell of Texas, the matron of honor. Bridesmaids were Miss Linda Waldron of Waldo, Miss Kay Crawford of Waldron and Miss Margaret Mabry, sister of the groom. Cindy Fussell, cousin of the bride and Terri Sue Mabry, sister of the groom, were candlelighters. Kay Fussell, cousin of the bride, was the flower girl. Mrs. Fussell wore a tulle organza over taffeta. Her head-

MR. AND MRS. JIMMY MABRY

Formal Home Wedding Unites Mary Ann Stacy, Larncie Blake

MRS. LARNCIE GLEN BLAKE

The home of Mr. and Mrs. John Morgan Stacy, 1302 West 6th, was the formal setting for the 6:30 p. m. Thursday wedding of their daughter, Mary Ann Stacy, to Larncie Glen Blake, son of Mr. and Mrs. Larncie B. Blake, Route 2, Friona.

Rev. Norman L. Lockert of Amherst read the double ring ceremony before a picture window, draped in all white and centered with wedding bells tied with pink and white ribbon flanked on either side by candelabra containing pink streamers, and white rose entwined stands stood in front of the kneeling bride. The kneeling bride, wore a blue dress with draped bodice and a full skirt and blue accessories. She wore a corsage of white orchids. Mrs. Blake, mother of the groom, wore an orchid sheath dress and a sequined hat to match. Her corsage was an arrangement of white star and white tissue taffeta and embroidered Alencon lace featuring a portrait of the bride. Escorted to the altar and given in marriage by her father, the bride wore an original gown of tulle and a bouffant-bell skirt. Bridal attendants wore matching tulle and embroidered Alencon lace featuring a portrait of the bride. Jeweled appliques of lace enhanced the bodice, waistline and the front panel of the dress sweeping into a wide chapel train in the back. A French cap of orange blossoms sprinkled with sequins held her veil of silk illusion.

For something old the bride wore a gold chain with a diamond chip on her ankle. For something blue she wore a sarter decorated with a miniature wedding band. She carried a cascade arrangement of four white cattleya orchids topped with a white orchid corsage on a lace covered Bible with white satin streamers.

The receiving line stood in front of a screen draped with white satin bordered with white and pink roses. "Burr and Mary Ann" written in silver glitter on satin streamers centered the serving table for the reception was the bridal plate that held the punch bowl was covered with roses and the silver candle holders were entwined with roses. Mrs. Billy Bell, sister of the groom, poured the punch. Mrs. Orval Blake, the groom's sister-in-law, served the cake. The two assisting in hostesses wore dresses of identical shades of white mums. Sixty-five guests were registered.

For a wedding trip to points in Texas, Louisiana, Georgia and Mississippi the bride wore a pale yellow brocaded satin sheath dress with the bodice enhanced with jewels, with matching tunic length coat featuring a dramatic collared neck. Mrs. Blake is a graduate of Friona High School and attended Texas Tech. Mr. Blake graduated from Friona High School and is engaged in farming. The couple will reside at 1105 B White Ave., Friona.

Study Club Theme Parade Of Fashion

Members of the Modern Study Club met Tuesday evening at the club house. The theme for the program was "Parade of Fashion." Jimmie McLean gave a vocal solo "Beautiful Lady in Blue" accompanied by Sharon Reeve. Mrs. Fay Reeve told of the high lights of her term serving as president of the club during the years 1956 through 1958. Mrs. Aiton Farr presented the biography of the pattern as Sandra Beene, daughter of Dr. and Mrs. Bill Beene, modeled dresses that Mrs. Farr had designed. A presentation of "Thirty Years of Fashion" was given by Mrs. Grady Dodd. Mrs. Bill Nunn and Mrs. George Taylor served refreshments to 23 members and guests. Mrs. Aubrey Rhodes and Mrs. John W. Steele from Levelland.

Miss Linda Castleberry played piano and accompanied Miss Suzanne Taylor as she sang "Love You Truly" and "The Lord's Prayer." Mrs. Bomar Stacy, Lubbock, sister-in-law of the bride, was matron of honor. Attendants were Mrs. Charles Hough, Friona, and Miss Cathy Stacy, Levelland, cousin of the bride. The bride attendants wore identical dresses of Parma Violet. They featured a basque bodice, square neckline, short sleeves and full skirts accented in the back with large bows. Their head bands were Parma violet and silk ple satin shoes completed the costumes.

The matron of honor and attendants carried white mums with white pom-pom Elandas and streamers of pink satin. Mrs. and Mrs. Curtis Murphree, was the flower girl. She was dressed identically to the other bridal attendants. Douglas Meil of Dumas, cousin of the groom, was ring bearer. Orval Lynn, brother of the groom, served as best man. Groomsman were Billy Bell, brother-in-law of the groom, and Darrel Buske, uncle of Homer Meil of Dumas, uncle of the groom, also ushered. Mrs. Stacy, mother of the

THE FRIONA STAR THURSDAY, SEPTEMBER 22, 1960

Fireman's Aux. Plans Supper

During the regular meeting of the fireman's auxiliary Monday night at the City Hall plans were made for the regular fifth Thursday night fireman's supper.

A report was made of \$115 deposit in the treasury. Members of this organization received \$15 for winning the pumper race at the convention at Hereford last week. The \$100 was earned during Maize Days. Mrs. John D. Sanders received an attendance gift. Mrs. Lee Campbell and Mrs. Buddy Squires, business, served brownies, coffee and cold drinks. Those present were Mesdames Leo Reed, Ralph Shirley, Ruben Taylor, John D. Sanders, Tommie Jooss, Ed-

Ladies Class Has Luncheon

About 15 ladies attended a covered dish luncheon at the Church of Christ annex, Wednesday, September 14. Hostesses for the occasion were Mrs. Leonard Nettles and Mrs. John Renner. A visitation period preceded the luncheon. Husbands of those present were special guests.

WMU Women Have Luncheon

A covered dish luncheon was served in the home of Mrs. Mae Magness Tuesday, September 13, by the members of the WMU of the Calvary Baptist Church. The husbands were special guests for the lunch hour.

Proceeding the luncheon a program was presented on "Week of Prayer for State Missions", directed by Mrs. W. S. Crow, prayer chairman. The group sang "Sweet Hour of Prayer" and a prayer was given by Mrs. Audie Wiley. The program closed with a special prayer for Baptist missionaries around the world, who were observing birthdays on that day. Present were Mesdames W. S. Crow, Bill Sheehan, Irs. Holt, Clarence Monroe, Herbert Day, H. A. Hyde, Elmer Euler, Douglas Connelly, A. T. Stowers, Mae Magness, Bill Stephens, Audie Wiley, Ray Castleberry and C. Rhodes.

Lullaby Shower Honors Mrs. Crozier

Mrs. Truett Johnson, Mrs. Glen Stevick, Mrs. Ross Miller and Mrs. Robert Zetzsche honored Mrs. Bob Crozier with a lullaby shower in the home of Mrs. Johnson Friday morning.

Cakes, decorated with booties and baby faces, and cold drinks were served to the guests. Plate favors were miniature pacifiers made from candies and ribbon. Present and sending gifts were Mesdames R. L. Bates, Nelson Welch, Eugene Boggs, Grady Nelson, Larry Fairchild, Eugene Adams, Larry Need, Sterling Grahame, Jimmie Buckley, Ethel Adams, Nora Welch, Bill Woolley, Okey Hands, Bob Ruetting, Okey Hands, Doyle Cummings, Mrs. Mesdames E. J. Hall, John Blackburn, Jim Cocanauer, E. H. Cummings, Jack London, Gerald Taylor, Johnny Hand, Ray Dean Fleming, Raymond Fleming, Lucy Welch, Hardy May and E. R. Day. Attending from Hereford were Mrs. Jack Wright, mother of the honoree and Mrs. Al Lee and Deborah.

Friona Woman's Club Meets For Breakfast

Wednesday morning, September 14, the Friona Woman's Club met at the Golden Spread Cafe for a breakfast. The club's colors, green and yellow were used in floral arrangements for each table.

Following the breakfast Mrs. Roy Slagle, president, conducted a business session. She gave an outline for the future program of the club. The club collect was repeated as the benediction.

Present were Mesdames U. S. Akens, a new member, Roy Slagle, Wesley Hardesty, Joe Moyer, L. R. Dilger, S. L. McLellan, A. H. Boatman, F. T. Schlenker, A. W. Anthony Sr., and C. W. Dixon.

Also Mesdames M. B. Buchanan, Charles Russell, Ed White, O. F. Lange, Pearl Kinsley, L. F. Lillard, Mary Ginsburg, Bill Baxter, Carl Maurer and Mary Officer.

Mr. and Mrs. David Bender and Patricia spent the weekend visiting relatives in Electra, Texas, Pauls Valley and Sulphur, Oklahoma.

Sunday School Classes Install New Officers

A salad supper preceded installation of Sunday School Class officers of the First Baptist Church Monday evening, September 12. The tables were decorated with arrangements of sweet peas and roses. Mrs. Spencer Hough led the opening prayer.

Mrs. Charles Baldwin installed the new officers and teachers of each class, using the theme "Turn Your Eyes Upon Jesus." Mrs. Roy Miller accompanied Mrs. William Beene as she sang several numbers. Mrs. Joe Tal-

ley gave the closing prayer. Others attending were Mesdames Edgar Carney, W. E. Smith, R. W. Parr, Dewey Price, G. H. Brock, Bee Westbrook, Sam Williams, Earl Drake, Joe Douglas, John D. Sanders, O. B. Moyer, Otis Massey, G. D. Coker, C. W. Tannahill, Noyle Wood, Ralph Taylor, L. R. White, Ed Hicks, K. E. Deaton, Lloyd Prewett, Glen Mingus, Lloyd Mingus, Clyde Hays and Veldon Carroll.

Also Mesdames Philip Weatherly, Dale Hart, Jim Maynard, Bill Turner, Luther Shelton, T. A. Williams, J. T. Carroll, Vernon Roberts, Grover Goggans, Jimmy Maynard, Richard Adkins, John Wright, Clyde Tims, W. K. Huff, Beatrice Stevick and Marie Roberson and Lucy Jones.

Couples Bridge Club Meets Monday Night

Hosts for the Couples Bridge Club meeting Monday evening were Mr. and Mrs. Ross Ayers, Mr. and Mrs. Deon Awtrey and Mr. and Mrs. Charles Allen.

Others present were Mr. and Mrs. Flake Barber, Mr. and Mrs. David Carson, Mr. and Mrs. Cayce Dunn, Mr. and Mrs. Dan Ethridge, Mr. and Mrs. Carl Maurer, Mr. and Mrs. Frank Spring, Mr. and Mrs. M. J. Stacy, Mr. and Mrs. Bill Stewart, Mr. and Mrs. George Taylor and Willard Skelton of Clarendon.

Fun And Fancy Club New Organization

Friends met in the home of Mrs. Rudolph Renner Jr. Friday afternoon, September 16 to organize the Fun and Fancy club. The following officers were elected: Mrs. Billie Dean Baxter, president; Mrs. Bill Bandy, vice-president; Mrs. Lee Renner, secretary and treasurer; and Mrs. G. A. Collier, reporter.

The purpose of the organization is to learn arts and crafts. The club will meet on the first Friday of each month. The next meeting will be in the home of Mrs. Lee Renner.

Refreshments were served to Mrs. Doyce Barnett, David and Cindy; Mrs. Billie Dean Baxter and Blaine; Mrs. Glen Mingus; Mrs. Lloyd Mingus and Cary; Mrs. Bill Bandy and Jeanie and Janice; Mrs. Lee Renner and Mrs. G. A. Collier.

Friona H. D. Club Elects Officers

The Friona Home Demonstration club met in the home of Mrs. Sam Jones Wednesday morning, September 14. During the business session new officers were elected for the coming year. They are as follows: Mrs. Earl Drake, president; Mrs. Wesley Hardesty, vice-president; Mrs. Walter Cunningham, secretary-treasurer; Mrs. L. D. Taylor, reporter; Mrs. Glenn E. Reeve, Jr., parliamentarian and Mrs. Kenneth McLellan, council delegate.

Outgoing officers are Mrs. Wesley Hardesty, president; Mrs. Ralph Shirley, vice-president; Mrs. L. D. Taylor, secretary-treasurer; Mrs. Walter Cunningham, reporter; Mrs. L. D. Taylor, parliamentarian and Mrs. Lee Campbell, council delegate.

Cookies and coffee were served to Mesdames Ralph Shirley, Lee Campbell, Paul Williams, Kenneth McLellan, Glenn Reeve Jr., L. D. Taylor, J. B. Williams and Sam Jones.

Sunday Guests In Neel Home

Visiting in the home of Mr. and Mrs. Otis Neel Sunday were Mr. and Mrs. Dwayne Neel and Mr. and Mrs. Gerald Neel from Lubbock, and Mr. and Mrs. Larry Fairchild of Friona.

Mr. and Mrs. Otis Neel plan to leave for Oakland, Calif., Friday, accompanied by Dwayne, who will sail from there the 30th for Korea.

They will also be visiting with Mr. and Mrs. H. T. Teston of Riverside, Mr. and Mrs. Teston are the parents of Mrs. Neel.

Floyd Rectors Adopt Baby Girl

The newly adopted baby daughter of Mr. and Mrs. Floyd Rector was born September 9. She weighed 6 lbs. 12 1/2 oz. and was named Donna Gaye.

Grandparents are Mr. and Mrs. O. C. Jones and Mr. and Mrs. Foster Rector. Her great-grandparents are Mrs. J. R. Roberson, Mrs. Charlie Jones and Mrs. T. B. Griffith.

Almost anyone can tell you how to live your life.

"LET'S START SOMETHING"

Ecc. 3:1 - To every thing there is a season, and a time to every purpose under the heavens.

Lately we have been so occupied with the dangers which threaten us that we have tended to fall into a negative attitude. Today we seemingly live to stop something. Inflation, graft in politics, secularism in religion. We have been so intent on stopping something that we haven't had time to start something. It is essential that we be alert to those forces which would destroy our ideals, but it is time that we started a second front.

I. Start a shout of faith and hope and good will. In this we may need to solo for a while but soon some courageous soul will join us, then another, until a mighty shout of hope and victory will be heard throughout the length and breadth of the world.

II. Start a chain of good deeds by being kind, generous and helpful to one in need. Insist that the one you have helped pass the kindness on to another, then the one he helps pass it on until the chain is a continuous chain of brotherly kindness that completely encircles the globe.

III. Start a fad for righteousness. Declare by your deeds that you belong to the Lord Jesus Christ. You remember he said, "Be not overcome with evil, but overcome evil with good." Here is a command that has not been overworked in recent years. Evil can no more stand before positive righteousness than darkness can endure in the light.

IV. Start living ALL the days of your life. Many people today are not living all the days to the utmost. Pay attention to the beautiful sunset, or to the sky just before the sun punches the time clock to begin his day's work. Listen to the birds, let the beauty of nature lead you to think on God, then go with beauty and music to your appointed task to continue your feeble effort united with God's great effort to bring this world back to Himself.

BUMPER SORGHUM HARVEST NEARS

THE HIGH PLAINS FARM AND HOME

WITH THE COUNTY AGENT

JOE JONES

Mr. Mock with Santa Fe Railroad was by my office this week to report that they were well pleased with results they got using Benzabar on bindweed on the railroad. He feels 95% of the weeds are killed where they treated on 36 miles of road between Farwell and Summerfield. Two miles was under water and was not treated, but he plans to complete the job in 1961 by getting the two miles missed and going back over the other.

Don't forget you are to report any bindweed along the right-of-way to your station agent in Farwell, Bovina, Friona or Black. The station agent will in turn report the plot to the Division Engineers Office in Amarillo.

Cotton is late this year and very little is likely to mature early enough for defoliation to be of wide spread use. For those considering defoliation here are some points you will be interested in.

These questions and answers have been prepared in an attempt to assist cotton growers who are considering harvesting cotton with a mechanical cotton stripper.

The true defoliants have not given uniform results. Desiccants have been more effective in preparing cotton for stripping.

1. What is a desiccant?
A. A desiccant is a chemical material applied to cotton for the purpose of drying the leaves in preparation for stripper harvest of the open bolls.

2. How do desiccants differ from the action of true defoliants?
A. Desiccants do not cause all the leaves to fall to the ground. Because of faster action on the tissue of the leaf, it may dry and stick on the stalk.

3. What are the recommended desiccants?
A. Pentachlorophenol and Arsenic Acid, usually 75%, have been very effective.

4. When should the desiccant be applied?
A. Cotton should be fully mature, 60 to 80% open and preferably 90% open. "Penta" is applied with diesel oil after the dew dries. Arsenic Acid is applied with water and can be applied under conditions of higher humidity than "Penta."

5. What is the cheapest material for use as a desiccant?
A. Commercial preparations containing about 75% arsenic acid.

6. Is Arsenic Acid poisonous to man and animal?
A. Yes. It is very poisonous and the safety directions on the manufacturer's label should be followed. It is also corrosive to equipment. Sprayers should be flushed with water and baking soda solution after each spraying. Black pipe is less corrosive than galvanized. Copper, aluminum, etc. is still less corrosive.

7. Is there a safer material to desiccate cotton?
A. Penta (Pentachlorophenol) is safer and does a satisfactory job with favorable weather (hot and dry), but is more likely to require two applications. A shower before penta completes its action reduces its effectiveness.

8. Hoe do you tell if a second application is necessary?
A. At the McGregor Experiment Station, they recommend retreating if more than 4% of the old leaves are still green. The better grades will pay for second treatment.

9. Can the cotton field be grazed after desiccation?
A. The answer is no, especially if arsenic acid was used. Also, if the stalks are shredded, the insect situation will be improved.

10. Is there any danger from drift in spraying desiccants?
A. A wind will drift the desiccants if it is strong enough. Arsenic Acid may drift into grazing areas and endanger livestock. Home plantings, vegetable, flowers, shrubs and trees might be damaged by any desiccant.

The cotton defoliation guide for Texas L-145 will give you information needed for materials recommended and use rates. Keep in mind cotton should not be defoliated or desiccated prematurely. I have a good supply in my office and have sent all ginners a copy.

Wheat and barley are going in all over the county and should be large enough to graze the last of October or November. If you plan to graze your wheat and barley you had better consider grazing the barley first. We lose a lot of barley grazing each year because it freezes back so if barley is grazed in the fall and early winter you are more likely to get the most from it and of course wheat will pretty well stand the cold and be ready to graze anytime during the winter. It is a good management practice to get barley early and save the wheat pasture until later.

There are several mineral elements which a chick must have if he is to show normal growth and development. Dr. C. W. Deyoe of the Texas A&M College System Poultry Science Department says that a chick will not fulfill the poultryman's expectations if his ration does not contain the proper amounts of these elements.

SOME FARMERS ARE AS RELIGIOUS ABOUT KEEPING WEEDS OUT OF THEIR GRAIN SORGHUM FIELDS AS THEY ARE THEIR COTTON. ACTUALLY, IT ALL DEPENDS ON THE SITUATION. THE WEED INFESTATION, THE CROP PROSPECTS, AND THE GOING RATE FOR HOE HANDS ARE SOME FACTORS TO CONSIDER.

Continuing on a course similar to years past, the 1960 grain sorghum crop in Farmer County will most likely be the "biggest ever."

There are more than 250,000 acres of grain sorghum in the county this year and most of the fields are covered with large, heavy heads, which are rapidly reaching maturity. A few sample loads of grain have already been harvested and combining is expected to begin in earnest within the next two or three weeks.

Last year saw an all-time high production of better than 20 million bushels, and this year's harvest should at least be as good and it will probably exceed that total, according to the pre-harvest estimates.

Increased grain sorghum production has been a trend for a good many years, especially during the last decade, which has seen huge increase in the number of bushels harvested. This has come about not so much from increased acreage as it has been from improved farming methods.

In 1950, on irrigated fields the average yield was 2,500 pounds per acre, while in 1960 the sorghum fields are expected to yield an average of 4,500 pounds. That's an 80 percent increase of per acre yields.

According to Farmer County Agent Joe Jones, increased yields have come about mainly because of: 1) fertilizer, 2) better land preparation, 3) improved watering methods, 4) improved varieties and 5) generally better farming methods practiced by everybody.

The average yields on irrigated fields during the past few years would hardly have been considered possible a decade ago.

However, this phenomenal grain output has not been a real bright spot of the county's economy, in spite of the fact that, of more than 400,000 acres of irrigated farmland in Farmer County, the biggest percentage is planted into maize.

Since 1955, the government price support has been declining regularly and last year it dropped to an all-time low of \$1.32 per hundred pounds. That's less than half of what the price support was a few years ago, so the harvesting each year of bumper crops has not made for more money in the sorghum-producers pocket.

In fact, the net profit has been somewhat less.

Improved farming methods naturally cost the farmer more

money to produce his crop and it has been questionable whether the market price warrants all the money and effort that goes into it.

There has been considerable talk about trying to replace grain sorghum with other crops, and this has been done on a relatively small scale. One of the most recent efforts has been the growing of vegetables, and while this and other "new" crops have met with some suc-

cess, none of them has even begun to dent the large sorghum acreage.

So, once again, in spite of the sliding price, grain sorghum is the county's "money crop." And, thanks to all the improved farming methods, as well as a most favorable growing season, the 1960 crop will quite likely make for new figures in the record books and overflow Farmer County's vast storage facilities.

LOW-COST ELECTRICITY BRIGHT SPOT IN TODAY'S COST OF LIVING

A penny a night, for example, to operate an electric yard light at the front of your home for warmly welcoming your guests... or, in the back yard providing pleasant yard lighting that discourages prowlers. Yes, your electric service dollar buys more than ever before - 20 per cent more. Sure, you spend more for electricity these days but that's because you use more - cooking, washing, clothes drying, vacuum cleaning - you figure it out. Add up the different ways you use electricity. You'll be amazed at the bargain you're getting.

FHA Office To Be Closed

The FHA office at Farwell will be closed Sept. 26 and 27 while Bill Boling and Wilma Linder attend a bi-area policy meeting in Lubbock.

WEST TEXANS SAY OF P-A-G MAN... that's sorghum!

The way P. A. G. Sorghums look in the field makes everybody who sees them exclaim "Man, That's Sorghum!"

P. A. G. has earned the confidence which farmers have in this sorghum. Each exclusive variety is researched, tested, and proved before it is offered for sale. Then when you plant P. A. G. you can be confident that not only will it look good in the field, but it will provide top yields. Careful quality control through triple isolation on seed production pays off in your field when you plant P. A. G. Sorghums. Hundreds of tests have proved it.

Now is the time to book your P. A. G. seed.

Annual Soil Conservation Tour, Banquet Planned

Plans have been completed for the annual soil conservation tour and banquet. These two events are looked forward to with a great deal of enthusiasm by farmers and businessmen in this area. Those making the tour will have an opportunity to see many of the latest innovations in farming.

worked out for the tour which will begin at the Soil Conservation Office in the American Legion Building in Friona. The entourage will leave this office at 1:15 p. m. Monday, September 26. Joint sponsors are the Soil Conservation District, the Extension Service and the Soil Conservation Service.

visited are those of Arthur Drake, Elmer Euler, Bruce Parr and George Warner. Projects that will be viewed and discussed include lake pumps, concrete pipeline repair, sugar beets growing and several varieties of grain sorghum and grasses being grown for seed and growing.

of the annual essay contest. Tickets for the banquet may be secured from Steve Messenger, secretary, or any of the following Soil Conservation District supervisors: A. L. Black, Bruce Parr, T. O. Lesly, Dean McCallum and Robert Calaway.

August Accidents Claim Two Lives

The Highway Patrol investigated seven rural accidents in Farmer County during the month of August, according to Sergeant Roger W. Sosebee, Patrol Supervisor of this area. These wrecks have accounted for two persons killed, seven injured, and a property damage of \$3,330.

the safety of such children." The Sergeant stated, "The driver of the passing vehicle is responsible for taking the due caution. He is responsible for knowing that his proceeding past the bus will not result in endangering any lives."

During the afternoon there will be a rest stop and Gifford Hill Western will serve refreshments.

Anyone in the area who is interested in learning more about farming practices will be welcomed on this tour.

Guest speaker at the annual banquet in the Friona High School Cafeteria at 8 p. m. Tuesday will be Max Carriker, state representative from Roby. A musical program will be directed by Mrs. Roy V. Miller Sr.

Awards will be presented to those who have done outstanding work in soil and water conservation and to the winner

Recharge Continues To Pay

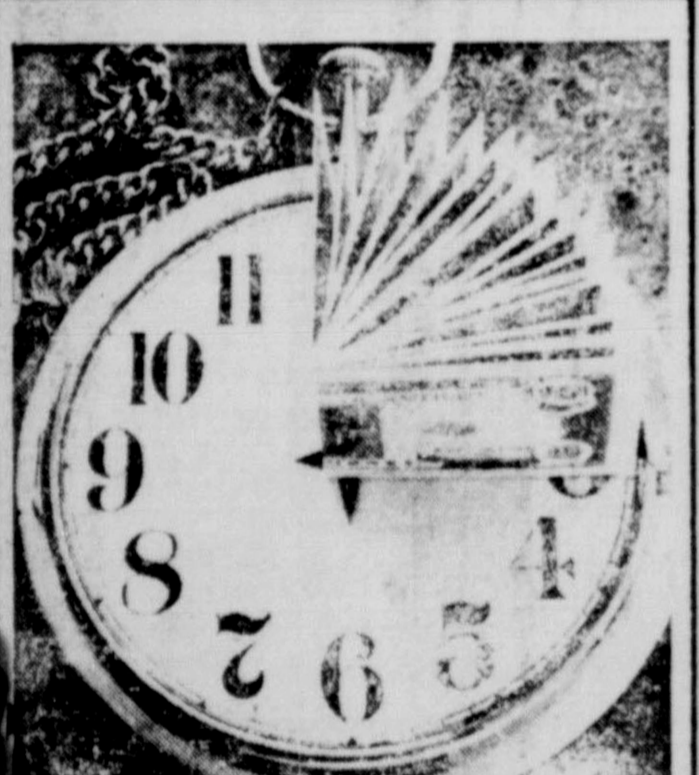

Seventy-nine acre feet of water was drained by gravity flow into the underground water sand from the plays lake on the High Plains Research Foundation at Halfway between July 4 and August 4, 1960. Since June 19, 1959 one hundred and eight-five acre feet of lake water has been stored in the underground sand from the lake.

The value of one acre foot of water applied to cotton has been estimated at \$65.00 an acre foot. If this 185 acre feet of water had been used to irrigate cotton the value of the water thus applied would be \$12,025.00.

State laws regulating traffic in regard to school buses read as follows: "The driver of a vehicle upon a highway outside of the limits of any incorporated city or town upon meeting or overtaking from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging any school children shall stop the vehicle immediately before passing the school bus, but may then proceed past such school bus at a speed which is prudent, not exceeding (10) miles per hour, and with due caution for

This water thus stored was saved from evaporation and added to the underground water supply for future irrigation. This added water supply will be the first used in subsequent irrigations.

The HAPPY HOMEMAKER

BY JUNE FLOYD

Many homemakers are busy at this time of year putting the finishing touches on canning and freezing vegetables and fruits for winter use. It would probably be surprising to know the amount of food that has been preserved and stored during the past few months in this area. Possibly the most popular by-product of home grown tomatoes is tomato juice. Green tomatoes are used in various kinds of relish. For a green tomato relish that is very tasty, try the following recipe:

RELISH SPREAD
 1/2 gallon green tomatoes, ground
 1 pint green peppers (sweet), ground
 1 pint red peppers (sweet), ground
 1/2 pint ground onions
 5 teaspoons salt
 1/4 teaspoon celery seed
 1 pint vinegar
 1 pint sugar
 1 quart mayonnaise
 1 pint prepared mustard
 Mix tomatoes, peppers, onions and salt. Allow to drain overnight in a cloth bag. Add celery seed, vinegar and sugar. Cook 25 minutes, stirring occa-

sionally. Let cool and stir in mayonnaise and mustard. Pour in jars.

Another tasty relish is **VEGETABLE CHOP RELISH**
 12 medium onions (4 cups ground)
 12 medium potatoes (4 cups ground)
 1 medium head cabbage (4 cups ground)
 12 green peppers (5 1/2 cups ground)
 6 red peppers (2 3/4 cups ground)
 1/2 cup salt
 6 cups sugar
 2 tablespoons mustard seed
 1 tablespoon turmeric
 4 cups cider vinegar
 2 cups water
 Mix all vegetables and sprinkle with salt. Let stand overnight. Drain. Combine remaining ingredients and pour over vegetables. Heat to boiling point and simmer three minutes. Seal in hot jars immediately. Makes 8 pints.

If you are wondering how to use old powderpuffs, try using them to apply wax, shoe polish

or any cleaner.

Two pies that are very simple to make yet different from the usual run of pies are good for right now or will be very good for that Thanksgiving or Christmas dinner you are making plans for.

CRANBERRY CASSEROLE PIE
 Pastry for single crust pie
 2 3/4 cups sugar
 1/2 teaspoon salt
 1/4 cup flour
 3/4 cup water
 4 1/2 cups cranberries
 Juice and rind of 1 lemon
 Line baking dish (6 1/2 x 10 inches) with pastry. Combine sugar, salt, flour; gradually blend in water and heat to boiling. Add cranberries; cook until skins begin to pop. Remove from heat; add lemon juice and rind.
 Cool 1/2 hour. Pour into pastry-lined pan. Top with triangles of pastry. Bake in hot oven (425 degrees F) 35 minutes. Cool pie on rack. Cut into 6 squares for serving.

MERRY CHRISTMAS PIE
 1 envelope unflavored gelatin
 1/4 cup cold water
 1 cup sugar
 3 tablespoons flour
 1/4 teaspoon salt
 1 1/2 cups milk
 1/2 teaspoon almond flavoring
 1/2 teaspoon vanilla flavoring
 1/2 cup heavy cream, whipped
 2 egg whites (large)
 1 1/2 cups shredded coconut
 ten inch baked pastry shell
 soften gelatin in cold water. Combine 1/2 cup of the sugar, flour and salt; gradually add milk and cook over medium heat, stirring constantly until

thick. Remove from heat; add softened gelatin, stirring to dissolve. Chill until mixture begins to thicken. Add flavorings. Fold in whipped cream. Beat egg whites until foamy; gradually add remaining 1/2 cup sugar, beating until stiff. Fold into pastry shell and chill until firm. Pile remaining coconut on top. Makes 6 to 8 servings.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Next Monday afternoon, September 26, the annual "Soils and Crops Tour" will be held. This tour will be conducted by the Soil Conservation District, the Extension Service and the Soil Conservation Service.

The tour will form at the Soil Conservation Service office in the American Legion building in Friona and will leave at 1:15 p. m. to visit the farms of Arthur Drake, Elmer Euler, Bruce Parr and George Warner. Projects to be visited include lake pumps, concrete pipeline repair, sugar beets and various varieties of grain sorghum and grasses grown for seed and grazing.

Refreshments for those making the tour will be provided by Gifford Hill Western.

The annual Soil Conservation district banquet will be held Tuesday evening, September 27 in the Friona High School cafeteria.

Remove from heat; add softened gelatin, stirring to dissolve. Chill until mixture begins to thicken. Add flavorings. Fold in whipped cream. Beat egg whites until foamy; gradually add remaining 1/2 cup sugar, beating until stiff.

Fold into pastry shell and chill until firm. Pile remaining coconut on top. Makes 6 to 8 servings.

teria. Guest speaker will be Max Carriker, state representative from Roby.

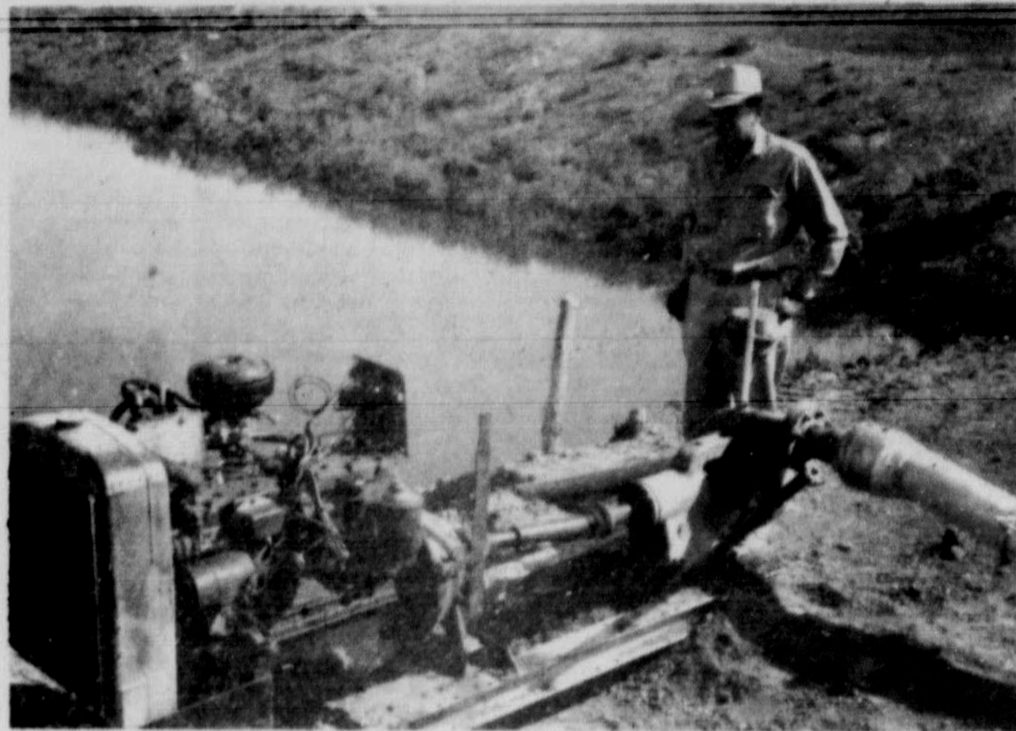

Awards will be presented to those who have done outstanding work in the field of water and soil conservation and also to the essay contest winner. A musical program will be directed by Mrs. Roy V. Miller Sr.

Tickets for the banquet may be obtained from the following SCD supervisors, A. L. Black, Bruce Parr, T. O. Lesly, Dean McCallum and Robert Calaway or from Steve Messenger.

Talley Utilizes Profit Planned Lake Pump

Calvin Talley, who farms 7,000 feet of irrigated land over a section of irrigated land northwest of Friona is pretty proud of his Byron Jackson lake

The pump is installed on a tank, dug by Talley who is in the earth-moving business in addition to his farming activities, and stores tailwater from approximately 15 irrigation wells.

The four-inch BJ pump, powered by a 1950 Ford 6-cylinder combine motor, is pumping 1,100 gallons of water per minute through 1,000 to

reaches almost every part of the Talley property.

Call 3201 in Friona, or come by the Farmer County Pump Company today and see how easily you can utilize your waste water which is now running uselessly down the barrow ditch.

NEWS FROM THE

FARM BUREAU

BY RAYMOND EULER

LEGAL NOTICE

Notice is hereby given that the Farmer County Commissioners Court will conduct a public hearing on the proposed 1961 Farmer County Budget at 2:30 p. m., Monday, Sept. 26, 1960, in the courtroom at the county court house in Farwell.

All persons wishing to attend are invited to do so. LOYDE A. BREWER County Judge Farmer County, Texas 2-1c

The question foremost, presented in present political and other organizational groups, is whether the government or the

CLOVIS MUFFLER SHOP Mufflers, Tail Pipes & Shocks Bob's '66' Ser. Sta. Ph. PO 2-0254 101 Main, Clovis

individual should take the initiative in developing industry and family income interests. The view of Farm Bureau people, from the individual member to the national level, is that the individual should be given the opportunity to seek his level of livelihood by exercising his initiative in the realm of private or public employment.

That is, if he wants to work for the other fellow, who chose to invest his funds and try, through good management and judgment, to increase the value of the investment, he can do so, without asking anyone but the employer. If that individual wants a better income than he started at, he should be entitled to higher pay when he demonstrates to his employer that he is making his employer more than he was when he started.

If the employed individual is not making his employer more than when he started, he should understand that another man, who may not have been working as long as he, may be entitled to an increase in pay because he is willing and able to produce more. And, if the employer needs to increase or decrease his number of employees to suit the needs of his productive machine, he should have that right.

Resolutions being prepared by Gilbert Kaltwasser and his committee for the consideration of Farmer County members include reiteration of one that has been presented before: allowing the farmer, whose income fluctuates greatly because of natural, uncontrollable conditions, to average his income over a five year period for income tax purposes.

Probably to be presented, is a resolution calling for the elimination of the "Weed Spray Law" which requires possession of a certificate that

Farm Production Expected To Remain High In 1960

John McHaney, extension agricultural economist, has recently completed an analysis of the 1960 economic situation as compared to the economic situation of 1959. Agricultural production, business conditions and other economic factors affecting agriculture are compared by the specialist.

Another year of high agricultural production is forecast by McHaney. He says that the total crop output in the United States will probably equal the all-time highs of 1958 and 1959, and that the total production of livestock and livestock products will probably be close to that of last year. 1960's wheat crop will probably be the third largest on record, McHaney continues.

The supply of feed grains

shows the number of acres to be sprayed, but offers no protection to those who may be damaged because of the spraying. The certificate costs ten cents per acre.

Farm Bureau members believe that every farmer should inform himself of the activities of farm organizations in the area, and become a member of the one he believes to be operating in the interest of a better America and a better agricultural opportunity for all farmers. Farm Bureau makes every effort it can muster to get the ideas of its members so that those ideas will be the policies guiding the legislative and other activities of the organization at all times.

You are urged to be in attendance at the annual Farmer County Farm Bureau Convention at the Oklahoma Lane Community Building on the night of October 6, 1960.

Consider this: Even a child is known by his doings, whether his work be pure, and whether it be right. Proverbs 20:11.

and other concentrates will probably exceed last year's record supply. Rice supplies for the 1960 marketing year, which began August 1, are expected to be below those of last year.

A smaller number of layers and tighter egg supplies will probably keep egg prices for the rest of 1960 higher than those of a year earlier. Hog slaughter for the rest of 1960, McHaney continues, should remain below that of a year earlier and prices should begin to improve.

In his comparison of business economic conditions, the economist reports that personal income for the second quarter of 1960 showed an increase over personal income for the same

period of last year. Civilian employment for the second quarter showed an increase over the same three months of 1959.

This same period showed retail sales and sales of the food group gained over last year. Industrial production, however, remained about the same for the second quarter of both years.

On the debit side, housing starts and construction outlays for the month of June showed a decrease from June, 1959, levels. Unemployment and consumer credit outstanding for June of this year were higher than for the same month of 1959, McHaney says.

How Much Can I Pay For A Bull?

Are you planning to buy a new beef herd bull and wondering just how much you can afford to pay for one? Tom Prater, extension farm management specialist, says that you can pay up to \$976 for a beef herd bull that will increase your calves' weaning weight by 15 pounds, assuming 24-cent calf prices. This figure would rise to \$1,108 with 30-cent calves, and it would decrease to \$910 with 21-cent calves.

These calculations are based on the assumption that you would pay \$450 for a bull of the same quality as your present herd—a bull that would neither increase nor decrease weaning

weights of your calves, Prater explains.

The computations are based on genetic expectations and the actuarial determination present values of future production. It is assumed that 20 offspring from the selected sire will be sold each year, and that 5 offspring from the daughter will be sold each year for 5 years. The daughters' offspring average weaning weight is increased by 17 1/4 pounds.

The selected herd sire is kept in production for three years.

New & Rebuilt Electric Motors For All Purposes Electric Motor Rewinding General & Starter Service Crown Electric PO 3-5433 1320 W. 7th., Clovis

Results Of Silage Feeding Program Announced A recent study has revealed that when silage instead of hay was fed to dairy cattle, 5 pounds less total digestible nutrients (TDN) were required to produce 100 pounds of 4 per cent milk, reports A. M. Meekma, extension dairy husbandman of the Texas A&M College System. Although cows ordinarily eat more hay than silage on a dry-matter basis, nutrients from silage are apparently used for milk production more efficiently than those from hay, the specialist continues. Although the reason for this more efficient use of silage nutrients is not known, the fact that the efficiency does exist tends to offset the lower dry-matter intake found when silage is given as the only forage. The specialist adds, however, that for best results some hay should be fed along with silage. Recent tests have also shown, Meekma continues, that almost 10 per cent more dry matter can be recovered in silage made from finely chopped forage instead of coarsely cut forage. Anton Man Fined \$25 For Assault

John Henry Ford, a 23-year-old Negro from Anton, was fined \$25 and court costs last week for aggravated assault. He was arrested by the Parmer County Sheriff's Department Wednesday and tried Thursday in J. R. Thornton's justice of peace court at Farwell.

The assault was on a woman, who lives near Farwell.

One other arrest made by the sheriff's department involved a Friona man, Allen Reece Gipson, 50. Gipson was picked up in Farwell Sunday and charged with drunkenness. He was fined \$20.50 in justice of peace court Monday.

One wreck was also reported by the sheriff. The accident occurred at 9 a. m. Sunday at

the intersection of Highway 60 and the state line road in Farwell. A 1959 Ford, being driven by Monroe Vinson, Muleshoe, collided with a 1961 Volkswagen being drive by Don Owen of Amarillo.

Owen was traveling west on 60 and Vinson was approaching the highway from the north. The Muleshoe man pulled onto the highway into the path of the oncoming car. Vinson was cited for failure to yield right of way.

Damage to both vehicles was estimated at \$100.

Mr. and Mrs. W. C. Osborn returned home last week after spending several days in Truth or Consequences, New Mexico.

Births

The following births were recorded by Parmer County Community Hospital with Justice of Peace Thelma Jones during the week ending September 20:

- Boy, born to Mr. and Mrs. James E. Carlson of Friona on September 4 at 4:42 a. m. weighing 7 lb. 14 oz.
- Girl, born to Mr. and Mrs. Donald Ray Williams of Farwell on September 3 at 10:29 p. m. weighing 5 lb. 7/8 oz.
- Girl, born to Mr. and Mrs. Donald Ray Williams on September 3 at 10:30 p. m. weighing 5 lb. 7/8 oz.
- Boy, born to Mr. and Mrs. Joel B. Landrum of Friona on September 5 at 3:28 a. m. weighing 8 lb. 2 oz.
- Girl, born to Mr. and Mrs. Floyd R. Schueler of Friona on September 13 at 8:50 a. m. weighing 7 lb. 4 1/2 oz.

... AN' IT COMES OUT HERE--W. H. Graham shows Helen Keller how her paper, The Kingpin, is printed at Plains Publishers. The Kingpin is circulated over New Mexico and part of Texas every other week.

Kingpin Co-Publisher Pays Visit To Friona

A businesswoman and bowling enthusiast paid a visit to Friona Friday afternoon of last week, and said she liked what she saw.

Her name is Helen Keller. She and her husband Don are co-publishers of The Kingpin, statewide bowling paper for New Mexico. Their offices are in Albuquerque.

Mrs. Keller was in Friona to see their paper printed at Plains Publishers, and while here she got a quick tour of the city, including--as you might guess--the Friona Lanes.

Mrs. Keller was quite complimentary of the city and of the facilities available to local

bowling fans. She enjoyed visiting with Lee Kimbrough of Friona Lanes, who has bowled in some New Mexico Tournaments.

The diminutive New Mexican not only has a sharp business head, but throws a wicked ball at the alleys in spite of her size. She has a 168 average and bowls in four leagues a week.

In one woman's league in which she participates the lowest average is 152. The highest is 198.

Lions To Hear SAC Officers

Capt. Joe Wright and Major Bill Thomas, of Amarillo, officers of the Strategic Air Command will be guest speakers at the regular meeting of Friona Lions Club at the clubhouse Thursday evening.

Kenneth Williams, Boss Lion, reports that a very interesting program is scheduled.

In The Courts

CORPORATION COURT

The following cases were tried before Judge Thelma Jones in Corporation Court during the week ending September 20:

- Geraldine Day - failure to stop at stop sign.
- Johnny Snodgrass - driving in manner to endanger life and property.
- Juan Roberta Hernandez - driving in manner to endanger lives and property.
- Quenton L. Greer - drunk and disturbing peace.
- Pinkney H. Luck - failure to yield right of way.
- Joseph Greer - drunk in public.
- Elbert Hendricks - violation of restriction on license.
- Bobby Joe Traylor - no driver's license.
- Gene Ortiz - no driver's license.
- Charles Hughes - failure to yield right of way.
- William Banks - drunk in public.

JP COURT

The following cases were tried before Justice of Peace Thelma Jones during week ending September 20:

- Albert T. Hodgson - speeding 72-60 mph zone
- Darrell Buske - muffler violation
- Jesse Tinker - speeding 56-45 mph zone
- David Smith - issuing inspection sticker after certificate expired
- Harmon A. May - no driver's license

Muleshoe Takes Pair From Friona's 7-8th

Muleshoe's junior edition of the Mules outweighed and outscored Friona's Seventh and Eighth grade footballers in a pair of games played at Muleshoe Monday night.

The Eighth Grade game went over to the Mules by a margin 26 to 8 with Larry Buckley providing the lone Friona marker on a 40 yard scamper in the fourth quarter.

Jimmy Snead added the two points on a rollout.

In the Seventh grade game Larry Johnson scored the Friona six points on a dive play from the four yard line in the third quarter.

"Both teams did a good job, I was real proud of the Eighth graders for they met a team that

had them outweighed, and more experience all down the line. The same for the Seventh inasmuch as the Muleshoe squad had been in one game already this season," says Coach Tom Jarboe.

Glenn Reeve New Officer Of TADA

GLENN E. REEVE, SR., PRESIDENT OF REEVE CHEVROLET CO. OF FRIONA was named this week as an associate director of the Texas Automotive Dealers Associ-

ation, the state-wide association of factory-authorized new car and truck dealers.

REEVE'S appointment was announced by TADA President F. D. Mitchell of Waco, TADA with headquarters in Austin is an organization of more than one thousand Texas new car dealers.

In this post REEVE will maintain close contact with new car and truck dealers in this area and will work directly with TADA Area Director TOM ROSE OF PAMPA.

Mr. and Mrs. Truett Johnson and Mr. and Mrs. Eugene Boggs made a business trip to Plainview Monday.

Mr. and Mrs. Weldon Fairchild of Canyon were weekend guests of Mr. and Mrs. A. S. Grubbs. They also attended W. T. and Tech football game at Lubbock.
