SANDERSON, TEXAS, FRIDAY, JANUARY 8, 1943

NUMBER 45

VOLUME XXXV

## Sailor Apprehended In Del Rio After Entering Local Shop

Tommy Ashburn, 16, a sailor from San Diego, Calif., was apprehended in Del Rio December 29 after he had entered the Tom Shaffer Shoe Repair Shop and taken a high powered rifle, pair of chaps, and a hunting knife the night before.

He was returned to Sanderson and all of the stolen articles were recovered. Because of his youth he was turned over to the naval authorities and no prosecution will be made here.

Mr. Shaffer stated that the young sailor had entered his shop the day before and inquired as to whether he had a pair of chaps for sale. Next morning when he opened for business he found a back window had been entered and the articles missing.

## GEORGE ASA JONES AND MISS NANETTE TODD TO WED SOON

Announcements telling of the approaching marriage of Lt. George Asa Jones, son of Mr. and Mrs. Asa Jones who ranch in the Bullis Gap country about 50 miles south of Sanderson, to Miss Nanette Leeman Todd, daughter of Col. and Mrs. William N. Todd, Jr., have been received by friends here.

The wedding is to take place Thursday, February 11, at the Post Chapel, Fort Riley, Kansas. Immediately following the ceremony a reception will be held at the officer's club at that place.

Mr. Jones is a Lieutenant in the Cavalry in the Army of the United States, and is stationed at Fort Riley.

## WORD RECEIVED OF S. CAUSEY DEATH

Word has been received here of the death recently of S. (Sis) Causey in Ysleta.

He was formerly a fireman of the El Paso division but had not been filling that place for some time due to ill health.

## Mexican Supper Given For Miss Sarah Silvers

Miss Edna Mae McAdams entertained with a Mexican supper and picture show party Saturday evening, honoring her guest Miss Sarah Silvers of Aucho, New Mexico, at the McAdams home.

Tomato juice cocktails were served in the living room. Afterward the guests were ushered into the dining room where the main course was served, which consisted of tocas, enchiladas, tamales, frijoles, spanish rice, apple pie with whipped cream and spiced punch. Mrs. O. H. McAdams was assisted by Mrs. Tom Holley in serving.

The center piece was a miniature adobe hut with tiny Mexican figures around it. The Mexican motif was carried out in the place cards and the menus which were written in spanish.

The guests present were the honoree, and Misses Kathryn Nell Nance, Janice White, Joann Holley, Maurine Cox, Margaret Ruth Yeates and Margaret Arrington.

## MAKES CORORAL

Word received here by Mr. and Mrs. P. G. Harris contains the information that Pat Harris Jr., stationed at Harlingen with the Flexible Gunnery Training Squadron, was promoted last week to the rank of Corporal.

## IS CAPTAIN

Dr. F. C. Lattimore, son of Mr. and Mrs. M. R. Lattimore of Sanderson, has recently been promoted to the rank of captain. He is stationed at Camp Grant, Ill., and is in the medical corps.

Mr. and Mrs. W. B. Burleson are business visitors in Dallas and San Antonio this week.

## NEW PASTOR FOR LOCAL CHURCH

The Rev. and Mrs. F. A. Matthews and sons, of Vinton, La., arrived last week to serve as pastor of the local Methodist Church.

The Rev. J. A. Bell and family moved to Vinton where he will assume the duties of the pastorate formerly filled by Rev. Matthews.

## MERCURY FLASKS ARE FOUND HERE

Sheriff J. S. Nance has two small flasks in his office which gave him a big surprise when he found them in the road and reached down to pick them up.

The flasks contained mercury and were evidently lost from a truck as it made the S turn just east of town. The containers are only sixteen inches long and are made of pipe, four inches in diameter, outside measure, and are estimated to weigh between 75 and 100 pounds each.

One tag had been torn from the flask but the tag on the other bore the name, "Texas Mercury Co., Study Butte, Texas." Owners have not made and inquiry concerning the flasks but they will be returned to their rightful owners if they will call for them.

## State Wide War Bond Pledge Program To Be Launched Soon

A State-wide Rural War Bond Pledge Program to reach every Farm and Ranch family in Texas during the period January 11th to January 31st has been announced by Frank Scofield, State War Bond Administrator of Austin. In announcing this Campaign, Mr. Scofield stated that H. H. Williamson, Director, Texas Agricultural Extension Service, has pledged the wholehearted support of the Extension Personnel for assistance in organizing and putting over the drive. County Agricultural Victory Councils made up of farm men and women and organized by the Extension Service in each of the counties of the state in the Spring of 1942 he asked to assist.

The purpose of the Campaign is twofold; to give more people the opportunity of purchasing War Bonds in 1943, making their plans at an early date; and to let the Treasury Department know better where they stand regarding individual investments during 1943. Those individuals who question War Bonds as an investment should remember that these bonds pay 2.9% interest and return 33 and one third percent on your investment in ten years.

## Web Townsend Home Is Scene Of Bridge Party

On Wednesday afternoon Mrs. Web Townsend was hostess to members and guests of the Wednesday Bridge Club at her ranch home. Beautiful red and pink carnations was predominant in the house decorations.

As a result of the afternoon games, Mrs. P. E. Dishman received the high score award with second high going to Mrs. Jack Deaton.

At the tea hour a delightful chicken salad with pickles, olives, crackers, fruit cake, homemade candy and coffee was served. The favors were carnations.

Those present were Mesdames John Reininger, P. E. Dishman, J. S. Nance, Jack Deaton, Johnny Williams, C. P. Peavy, Roy Bogusch, S. H. Underwood, Roger Rose, Austin Nance, W. H. Savage and R. S. Wilkinson.

## TO JOIN WAACS

Mrs. B. A. Tisdale left Thursday for Lubbock where she will take the physical examination required for volunteering into service with the WAAC unit.

## EAGLES WIN FIRST GAMES AT STOCKTON TO PLAY HERE TUES.

The Sanderson Eagles went to Fort Stockton Tuesday night for a round with the Fort Stockton Panthers in basketball, coming out winners in two games.

The first team won with a score of 34 to 17 points by the Stockton boys and the second team won with a score of 21 to their opponents 17 points. Both games were hard fought and showed timing and cooperation between the players.

The Fort Stockton men will return the games Tuesday, January 12, and will be out to "get even" for their defeat on their home grounds. The Eagles are in fine fettle and basketball fans should be able to see plenty of action when the teams meet. There will be a game between the first teams and another between the second teams.

All supporters are urged to come out and help the boys win, and attention is also called to the fact that fewer games will be played this year as a result of gas rationing.

First team players for the Eagles are Bill Cochran, John Lewis Whistler, Joe Bean, Frank Stavley, and Harold Haynes. Second team players are Curtis Litton, Butch Murray, Marshall Cooke, Don Allen, James Kerr, and David Duke.

Towns represented in District 65B are Sanderson, Fort Stockton, Marfa, and Fort Davis. A schedule of play is to be announced at a later date.

## Mrs. Roger Bassett Honored With Tea- Shower

One of the outstanding entertainments during the Christmas season was the courtesy extended Mrs. Roger Bassett Saturday, December 26 from 2 to 5 o'clock when Mrs. Alfred A. Shelton entertained in the home of Mrs. Mary Lou Kellar with a tea-shower.

In the receiving line were the honoree, Mrs. Shelton, Mrs. J. L. Osgood, Mrs. J. M. Bassett and Mrs. Ben Dawson.

These assisting in the gift room were Miss Patty Billings, Mrs. Lowell Schwalbe and Mrs. Raymond Farley.

In the dining room the table was laid with a lace cloth centered with a bowl of carnations. On either side were burning tapers in crystal candelabra, at one end was the tea service and cake was served at the other by Misses Janice White, Maurine Cox, Mickie Corder and Kathryn Nell Nance, alternately.

Miss Roberta Lochausen and Miss Margaret Jane Higgins presided at the brides book where fifty-four guests registered during the afternoon.

## Called To Austin

Mr. and Mrs. J. M. Corder, Mrs. Sid Harkins, Mrs. Sam Culbertson and Mrs. Jerry Monroe were called to Austin Sunday night because of the death of Mrs. Bill Duncum, niece of Mrs. Corder and Mrs. Monroe. Funeral services were held Tuesday morning and they, with the exception of Mrs. Corder who remained for a longer visit, returned that night to Sanderson.

## TO AUSTIN MEETING

Supt. Tom Holley left Wednesday for Austin where he is attending an administrative conference called by State Supt. L. A. Woods. Sessions are scheduled for Thursday, Friday and Saturday and the school superintendents are to meet with representatives of the Army and Navy for discussion of plans to fit Texas' schools into the war program.

## Funeral Services For George W. Stout Held Here Tuesday

George W. Stout, 64, died Monday at the home of his sister, Mrs. W. H. McDonald, and funeral services were held Tuesday afternoon at 4:30 o'clock with R. V. Hamilton in charge. Cause of death was given as influenza.

Mr. Stout was born March 1, 1878, in Johnson City, Blanco County, and came to Sanderson in 1912 and was engaged in ranching. For the past 26 years he has been residing in Bowie, Arizona, engaged in the same industry. He returned to Sanderson about two months ago for a visit with his sister.

Survivors include three brothers, James H. Stout of Wingate; William M. Stout, Hylton; Jesse Stout, Lampasas; and four sisters, Mrs. Annie McDonald, Big Springs; Mrs. Mollie Hartfield, San Antonio; Mrs. Cordia Roberts, Crystal City; and Mrs. W. H. McDonald, Sanderson.

## Election Of Fire Department Officials Monday

At the first meeting of the year Monday night the local volunteer fire department held its election of officers with John L. Newton being named as fire chief, replacing Hal Tyler who had served in that capacity during the past year.

Marion Batson was named as assistant chief and replaced Orville Work, who had moved last month to Farmersville. James Caroline was retained in the position of secretary-treasurer. Hal Tyler was named fire inspector.

Present at the meeting also was A. L. Rathke, State Fire Instructor, who gave instructions on how to eliminate fire hazards and how to cope with those hazards which could not be eliminated. He also gave information as to the best methods of fighting fire and urged a rigid training course for all members of the fire department.

## PROMOTED

Lt. Edward Downie, stationed at Pecos as an aviation instructor, has been promoted to the rank of First Lieutenant according to word received here.

## SHERIFF ISSUES WARNING TO AUTO DRIVERS

A warning to persons who are driving automobiles without licenses and children under legal age was issued by Sheriff J. S. Nance in a statement made this week.

He stated that there had been numerous complaints regarding such law violations and that the practice must be stopped. Persons who do not have a drivers license and who are eligible should go to the sheriff's office for information on how to make application and obtain these licenses.

## FRANK O. BACON DIES IN DEMING

Frank O. Bacon died Monday in Deming, N. M., where he was chemist for a fluorspar mill.

Mr. Bacon at one time resided in Sanderson and is a brother-in-law of Hugh J. McGovern, engineer with the T. & N. O. Previous to his accepting the place at Deming he was for many years associated with mining companies in Mexico, and owned and operated an assay office in El Paso.

He is survived by his widow, two daughters, Mrs. Anna Lockridge and Mrs. Edgar Shadle, all of El Paso, two sons, Frank, Jr., of the Philippine Islands and William Bryant of El Paso, and four grandchildren.

## MEXICAN STABBED IS RECOVERING

Bernardo Ramos, 21, is recovering from wounds received in a fracas with Arnulfo Flores, about 26, which occurred during the holidays.

Ramos was stabbed several times quite seriously.

Flores has been released under a \$1,000 bond subject to action of the grand jury.

## IN OKLAHOMA

James Albert Mansfield, son of Mrs. Mary Jane Mansfield, and who recently volunteered for service in the United States Navy, is now stationed at South Base, Norman, Oklahoma, and is receiving specialized training in aviation maintenance. He was transferred there from San Diego, California.

## U. S. War Prisoners Receiving Aid From Red Cross Unit

American fighting men taken prisoner by Germany or Italy and American civilians interned by those countries received regular American Red Cross standard food parcels and necessary clothing as soon as the International Red Cross Committee in Geneva in notified of their capture and camp location. A total of 5,931 food parcels were reported dispatched during November to United States prisoners of war and internees in camps in Europe. Prisoners receive a package a week and internees one every two weeks.

In addition to the standard Red Cross parcels, which have been carefully prepared by nutrition experts to counteract any vitamin deficiencies in the regular prison diet, a prisoner also may receive one supplementary parcel every sixty days from his family or friends as soon as they have been officially notified by the Provost Marshal General's office of his whereabouts. Full directions for sending these parcels are sent to the next of kin at the time of notification. Information also may be obtained from any postoffice on what may be included in these parcels to prisoners of war, for which, under regulations recently issued by the Board of Economic Warfare, no individual export license is now required.

The American Red Cross food parcels contain evaporated milk, biscuit, cheese cocoa, sardines, pork, beef, chocolate bars, sugar, coffee, powdered orange concentrate, prunes, cigarettes and smoking tobacco. The contents of each package weighs 8 1/2 lbs. The shipping weight is 11 lbs.

Large numbers of these standard food parcels have been shipped through the neutral port of Lisbon. They are carried from Lisbon on a vessel chartered by the International Red Cross Committee, under safe conduct guarantee from the belligerents, to Marseilles, or Genoa, and from there are sent by rail to Geneva. The International Committee arranges for their transport to the camps, where they are handed out by the "man of confidence", the camp leader chosen by the prisoners from among themselves. A system of receipts in triplicate, and constant checks by the International Red Cross Committee delegates who make periodic inspections of the camps, assure that all parcels are received by those for whom they are intended.

Twenty thousand American Red Cross parcels were sent last June to the Far East on the neutral diplomatic exchange ship, the Gripsholm for distribution by International Red Cross Committee delegates to American prisoners in Japan, Occupied China, and the Philippines. The Gripsholm also carried 1,000,000 cigarettes, 10,000 tins of smoking tobacco, \$50,000 worth of medical supplies, and quantities of clothing and other necessities for (Continued to Page Four)

## MISS THOMPSON AT HEBBRONVILLE

Word has been received here that Miss Irene Thompson, Red Cross nurse, is now stationed at Hebronville.

Miss Thompson was called to the bedside of her sister before completing the course in home nursing here, although a delay in San Antonio in obtaining a plane, being grounded at Kansas City because the plane was damaged when it struck the tops of some trees, and bad connections caused loss of so much time she failed to reach the bedside before her sister's death.

## IN CASABLANCA

Hal J. Rowlett has received word from his son, Hal J. Jr., stating that he is now stationed in Casablanca, Africa. Mr. Rowlett received a Christmas greeting from him this week.

Clad in its war paint, the Texan, a swift, sturdy plane, is powered by a Pratt and Whitney motor, has hydraulic landing gear, dual controls, two-way radio and is equipped with machine guns and bomb racks. It is one of the world's most universal planes due to the fact that cadet pilots of 26 nationalities are training in it.

American. The Texan, a swift, sturdy plane, is powered by a Pratt and Whitney motor, has hydraulic landing gear, dual controls, two-way radio and is equipped with machine guns and bomb racks. It is one of the world's most universal planes due to the fact that cadet pilots of 26 nationalities are training in it.

It Happened in Sanderson TEN YEARS AGO This week—Remember?

January 6, 1933

Jim Lackey, ranchman of Pecos county is recovering at the ranch from a broken collar bone and cracked ribs received when a horse fell with him in recent days.

Announcement was received here Thursday morning telling of the birth of a daughter, Peggy Louise, weight 8 pounds to Mr. and Mrs. Frank Robertson of this city at Dr. Kinney's Sanitarium in San Antonio.

Mr. and Mrs. Tol Murrah and son visited with friends and relatives in Del Rio several days this week.

Mrs. J. W. McKee left Tuesday morning for San Antonio here she will visit her daughter, Mrs. T. Maxey Hart.

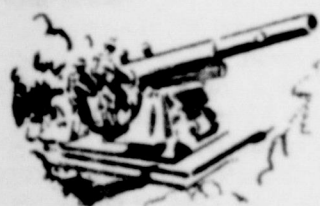

A. A. Shelton was a Del Rio visitor Sunday.

They grow em' big in wide open spaces of the Big Bend Country home of the finest range Herefords in America.

Last week T. J. and R. V. Cartwright, Alpine ranchers, delivered to Oscar Cook, representing Peyton Packing Company, El Paso, a four year old cow that

What You Buy With WAR BONDS

The biggest field gun in the Army. That's the 240-mm. howitzer. It's twenty-feet of barrel and must be pulled into position by tractors. After it is rolled into place, its own wheels are removed and the Big Bertha is set upon its emplacement ready to fire at its target some twenty miles away.

The cost of these huge guns runs into thousands of dollars but we can assure the Army of obtaining them by our purchases of War Bonds. Ten percent or more of your income is necessary. The easiest way is to join the Payroll Savings Plan at your office or factory. Let's "Top that ten percent."

U. S. Treasury Department

THE OLD JUDGE SAYS...

"How do you feel about this idea of stopping 'em from selling liquor anywhere near army camps, Judge?" "I was just talking about that with Will down at the barber shop about ten minutes ago. Tell you what I told him, Ned. I say it's up to the Army to decide. Why should we walk in and tell the Army how to do its job

...any more than I should tell you how to go about putting out a fire? And here's something that strikes me funny. All this worrying seems to be about the boys' conduct around the camps here in this country. You never hear a word of worrying about them drinking when they go abroad. Kind of queer, isn't it, Ned?"

Revenue Collector Frank Scofield announced in Austin Thursday.

Citizens have been active in interest of establishing such an office here for the past year and were promised some time ago by Scofield that a branch office would be opened here as soon as possible.

Uvalde Leader News—A total of 86 carloads of spinach have moved from Uvalde this season over the Southern Pacific Lines. It was reported Thursday, with a bulk of the crop yet to be moved

Virtually all of the shipments thus far have come from the Griggs Canning Co. and the O'Keefe Brothers farms near Batesville. Estimates have placed the shipments for the entire season at from 300 to 500 carloads, but shipments in the future will depend largely on prices and other factors.

ON THE HOME FRONT

Office of War Information

The test of the mettle of Americans on the Home Front will come during 1943 as we learn the war's hardest lesson for those at home—the lesson of doing without. It is true we have experienced some discomforts; we have also begun to lack some things once in common daily use, and have divided up the reduced supplies of some things by rationing. But on the whole, the goods and services we miss are only a small proportion of those we still enjoy.

Now, beginning in February, a great many staple foods and food products will be rationed, including canned fruits and vegetables, canned juices and soups, and dried and frozen fruits and vegetables. Vast quantities of these processed foods, which are especially adapted to shipment abroad, must go to the armed forces and to our Lend-Lease Allies. The balance available to civilians will be distributed by means of War Ration Book Two according to the new "point" system. Scarcer products will have a higher point value than the more abundant, and point values may change as the supply of certain products increases or lessens, but the total number of coupon points for each ration period will be the same for every civilian everywhere—even for the soldier's wife who buys her food at army stations.

When point rationing starts, all household stocks of items coming under the ration plan must be reported. Hoarders will be penalized by having to deduct coupon points for excessive supplies they have managed to accumulate. But unless all citizens are equally patriotic, hoarders and food speculators may cause

STRICTLY BUSINESS

by McFeatters

"I must have made a mistake somewhere, dear—the budget balances!"

acute local shortages before the plan goes into effect. Retail stores, already laboring under many war-time handicaps, are cooperating 100 percent in the program to combat hoarding, because grocery store managers recognize, probably as well as anyone, the great dangers to our economic system of "scare" buying. In most cases, grocery stores are limiting the amount of canned goods which each person can buy.

"Scare" buying—usually born of detestable rumors—can accomplish only one purpose, that of giving Hitler and Tojo a great deal of comfort. We on the Home Front who are foolish enough to think that the Axis does not hear of dangerous "runs" on goods here in the United States had better study our A. B. C's again. As a matter of fact, nine times out of ten we can trace such buying back to vicious rumors planted by the Axis in our country. If there is one resolution which the United States government would like for its Home Fronters to make in the new year, it is to stop listening to rumors. They are our most dangerous enemy on the Home Front. Rumors have only one purpose—to disrupt our war program. Everyone has to be a soldier in this fight. The rumor is an invisible enemy. And a tricky one. If we can ever get him out in the open, we can lick him. Our advice is give a thorough examination to every rumor you hear. Do your best to trace a rumor to its source and then deflate. There will be no medals pinned on Home Fronters for crushing this enemy, but Home Fronters will have the comfort of knowing that they have made vital contributions to the war program.

While food, tires, automobiles,

STATEMENT OF OWNERSHIP of The Sanderson Times published weekly at Sanderson, Texas for Oct. 9, 1942. State of Texas County of Terrell

Before me, a Notary Public in and for the State and county aforesaid, personally appeared O. T. Sudduth, who, having been duly sworn according to law, deposes and says that he is the editor of The Sanderson Times and that the following is, to the best of his knowledge and belief, a true statement of the ownership management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in section 537, Postal Laws and Regulations, printed on the reverse of this form, to wit:

- 1. That the name and address of the publisher, editor, managing editor, and business manager is: O. T. Sudduth, Sanderson, Texas.
2. That the owners are: O. T. Sudduth, Sanderson, Texas and Mrs. W. H. Brengle, Kansas City, Mo.
3. That the known bondholders, mortgages, and other security holders owning or holding 1 percent or more of total amount of bonds, mortgages, or other securities are: none.

Sworn to and subscribed before me this 5th day of January, 1943.

J. M. Haye

and other goods will be evenly distributed by rationing, another method of assuring broad distribution has been adopted in the case of a wide range of consumer goods—chiefly items for personal or household use. An order of War Production Board limits the inventories of these goods which can be piled up by large retailers, wholesalers, and stock-carrying branches of manufacturers so that more than a million smaller stores will have a better chance to get things for their customers. The order, which aims at bringing down stocks until they are in the same proportion to sales as they were before the war, applies only to concerns doing a net business of \$200,000 or more a year, but smaller stores are expected to observe the same relationship on their own hook.

Control of scarce materials reaches from publishing houses to the farm. The magazine industry advisory committee advocates a flat 10 percent reduction in the amount of print paper to be used by each magazine publisher in 1943. Orders for machine tools are being more rigidly checked for their war necessity. Industrial thermometers, pressure gauges and other industrial types of instruments have been placed under strict control. The metal caps and tops for capping health supplies, chemicals, beverages, and household and industrial products—even metal and rubber for home canning—will be rigorously limited. Production of desk pencil sharpeners and file fasteners made of critical metals has been halted, and so has the manufacture of copper-engraved business stationery, greeting cards, and calling cards. But farmers who must have new machinery will be assured of an ample supply through the top priority given to the delivery of critical materials for the manufacture of agricultural equipment.

Effective January 18, a new order, signed by Secretary of Agriculture Wickard, limits the number of varieties of bread sold during a given week, provides for the enrichment of all packaged sliced bread, stops the sale of bread on consignment, and offers other economies designed to prevent a rise in the price of bread to consumers. But in spite of all measures to keep down the cost of living, a comprehensive survey of nearly 900 lines of goods indicates a price index at the highest level for the past

"Black Coffee" No Better for Health Than When Sugared

College Station.—Arguments that coffee taken black is "better for you" than coffee with cream and sugar has no basis in fact. For coffee is not a food. It can neither build and repair the tissues of the body nor provide energy for the body to run on. The cream in coffee is food, and the sugar, but not the coffee itself, says Hazel Phipps, specialist in food preparation for A. & M. College Extension Service. She says rationing will cause many people to change their food habits, and they may as well change them for the better.

For example, to "stretch" their coffee allowance, many people may want to try their coffee the French way—half hot coffee and half hot milk. This is a good beverage for making coffee go farther and for getting more milk into the diet. Miss Phipps says, too, that coffee and chocolate are flavors which blend well together. So for a change she suggests a cup of hot chocolate or cocoa with a dash of coffee in it, instead of a cup of coffee.

Homemakers who have any left-over coffee can make excellent use of it provided they store it in the refrigerator. It can be used as a flavoring, especially in desserts.

The specialist also suggests serving beverages which fill in the gaps where coffee formerly was served. At lunch or dinner a cup of steaming meat or vegetable broth is good. "The fragrance of that hot cup should give your appetite a lift," Miss Phipps says. With desserts, try a hot spiced fruit juice. Hot grape juice spiced with cloves or stick cinnamon, or hot spiced cider go well with many sugar saving desserts.

Rastus after being reprimanded by the judge for deserting his wife, says: "Jedge ef yo' knowed dat woman like ah does, yo' wouldn't call me no deserter. Ah's a refugee."

A young boy asked a foreman in a shop for a job. "What can you do, sonny?" asked the foreman.

"Anything," replied the boy. "Can you file a smoke," queried the foreman.

"Yes, sir, if you'll screw it in the vise for me," answered the boy.

He got the job.

16 years. It is evident, therefore, that we must continue the battle against inflation unrelentingly during the new year.

150 WAACs Move to Fort Sam Houston

Auxiliaries and officers of the Women's Army Auxiliary Corps are now replacing training centers and reporting to Lieutenant Colonel Marvin B. Duretts, Commanding Officer of the West Texas Recruiting Station at Fort Sam Houston. Last week a company of auxiliaries and officers in San Antonio for duty in the Eighth Service Center, Lieutenant Colonel Duretts. This company is being taken over by positions now held by able-bodied men for front duty.

The purpose of the Army Auxiliary Corps is the reason of its being, is a woman who enrolls with an able-bodied soldier for front duty. Unencumbered women between the ages of 18 inclusive, of good character and able to perform physical and mental tasks eligible for enrollment in the Women's Army Auxiliary Corps. Thousands of women needed now for service WAAC Auxiliaries can be trained at Dayton, Florida or Des Moines, Iowa on completion of training will be sent out to recruiting stations.

Auxiliaries showing leadership qualities will be eligible for officer training. Officers candidates are selected from the ranks. Women interested in the Women's Army Auxiliary Corps should contact the local Army Recruiting Station at Sanderson.

He had long welcomed. "Tell me, host at last, "how long fish you caught the fish?"

"Oh," said the guest, "his hands wide apart, "Well, so long," the host, "if you really mean it."

"A friend is a man who at your funny stories, they aren't so good, pathizes with your mood even if they aren't so good."

"College education is futile. If they're unnecessary, if they're inadequate."

## THE IDEAL SENIOR BOY

By Betty Frazier

The ideal Senior Boy would have Harold Haynes' perfect physique with some of Joe Bean's liquid brown eyes, Don's ocean wavy hair, Donald Babb's nose, Bill Davis, winning smile and Donald Smith's ears. Now we have a body so it needs some life such as W. T. Frazier has, dancing feet like Jo Ross Phillips, a personality like Curtis Litton, with Marshall Cook's humor. At times M. G. Northcutt, good natured quietness is extremely useful (a hint to the chatter boxes), and a wit like Eldridge Murrey's is strictly on the amusing side. A dry humor like Lewis William Lemons has would be enjoyed—but definitely—and the ability to join in all activities such as Weldon Blackwelder has. For his athletic ability we give Edward Kerr and last but certainly not least are the brains of James House. There you are girls—this makes up the Senior Class of Boys so take your choice.

**SNOOPER**  
HEARS NOTHING  
SEES NOTHING  
TELLS ALL

By Margaret Pierson

Who is this little boy that Lauretta seems so crazy about? Is Bill Cochran on the prowl again? We hear that Clara Alice still likes a certain colorful car. Certainly Santa was able to get jewelry this year. Have you noticed all these useless gestures to show bracelets and new rings? Mary Nell seems to be back to her old heart throb.

What is this we hear about Loyd D. and Jean?

Who was this that Doris Lee was with on Saturday night?

Don, how do you like the girl who was visiting here during the holidays?

Curtis, what has happened to your regular dates?

The smile on Connie's face during the holidays was due to a certain visitor from Pecos.

What boy or boys are weeping because Ann moved???

Who was the little girl that got so busy walking about the study hall to attract the attention of the new boys?

## THE IDEAL SENIOR GIRL

By W. T. Frazier

The ideal senior girl would have Margaret Pierson's sweet disposition, Mickey's hair and eyes, Betty Frazier's figure and Kat's ability to wear clothes, Janice White's athletic ability, Wilma Lois' voice, Carmen's teeth, Margaret Ruth's personality, Imogene's smile, Alma's shy manner, Laura's ability to get good grades.

### MAKING AMERICA STRONG

## PARACHUTE BOMB!

DESIGNED FOR FAST, LOW-FLYING BOMBERS OR THE LARGER TYPES OF "HEDGE-HOPPING" PLANES FORMERLY IN DANGER OF SPILTERS FROM THEIR OWN BOMBS, THIS "AIR-BRAKE" PARACHUTE OPENS AFTER A TEN FOOT DROP SO THAT THE BOMB WILL NOT EXPLODE DIRECTLY BELOW THE PLANE!

## Eggs By the Pound Instead of By Dozen

College Station.—A trend toward selling eggs by the pound instead of by the dozen is becoming evident in some sections of the country and this is profitable both to the producer and the consumer, in the opinion of Myrtle Murray, home industries specialist of the A. & M. College Extension Service.

Under present marketing practices, the consumer pays as much per dozen for extremely small eggs as for standard eggs which weigh 2 ounces each, or a pound and a half per dozen. Likewise, Miss Murray explains, the producer who markets standard size eggs or larger receives no price advantages for a better product.

Until the public and the trade accept the change from the dozen to pound basis, producers will have to obtain their premiums by offering high quality clean, infertile eggs correctly prepared for marketing. Miss Murray says that means eggs should be gathered at least twice a day and kept in a clean wire basket until they are cool and ready for packing. They should then be graded as to size, putting the uniformly small eggs, the medium (24 ounce to the dozen) and large ones in separate containers. They should also be candled, and sort out the defective eggs.

Eggs should always be packed with the pointed end down. If packing materials have been used previously, care should be taken to see that they are clean. Avoid wrapping eggs in newspapers or other printed materials for they may be soiled by ink the specialist says. It also pays to make certain that fillers and cases are sturdy, for one broken egg can stain an entire case full.

Miss Murray recommends that eggs be marketed at least twice a week so that consumers can be assured of fresh produce.

Blank notes at the Times office.

## HOMEMAKING

Toys! And at their age, too. The eighth grade girls have not gone back to early childhood. They are just learning how to be good companions to little children.

The Future Homemaker's Club will meet Tuesday, January 12 at 3:45 o'clock.

## LIBRARY NEWS

The library is making an effort to have a complete file of certain magazines for the years 1941 and 1942. The librarian is appealing to the students to search their homes for "American Magazine", 1942, "Good Housekeeping", 1941, and "Reader's Digest", 1942. Please bring them to the library so the files can be completed.

## SOPHOMORE NEWS

Mrs. Ed Babb entertained the Sophomore class with a Christmas party December 17. After games were played and Christmas gifts exchanged, fruit cake and punch was served to the group.

## MIDTERM EXAMS

Midterm exams will be held January 21 and 22. Each period will be one and a half hours long. Students will find a schedule of the classes on the bulletin board.

Betty: Janice, do you know the new definition for wienies?  
Jan: Yes, they are hamburgers with tight's on.

Miss Brieger: Miss Mixon, does your roommate talk in her sleep?  
Miss Mixon: No, and it's terribly exasperating. She just grins.

Boy: How about some old-fashioned loving?  
Girl: All right, I'll call grandma down for you.

The kids of Sanderson High were sorry to have to say "good-bye" to Ann and Douglas Bell who moved to Vinton, Louisiana, and to Floyd Harrison who moved to Del Rio. Many new students were welcomed, Harold Prochnow, from Fredericksburg; F. A. Matthews Jr., who came from Vinton, Louisiana; George W. Reynolds; and Ernestina Hernandez.

### What You Buy With WAR BONDS

Electric equipment is scarce because the raw materials are going into the War Effort. But you can save now and get back \$4 for every \$3 you invest in War Bonds so you can buy that range or whatever you want after the war is won.

Join the army of 30,000,000 who will be in the Payroll Savings Plan for regular War Bond Purchase by New Year's Day. Stop spending and save, and let's "Top that Ten Percent." U. S. Treasury Department

### MAKING THE MOST OF YOUR LIGHTING

(No. 7 of a Series)

## Place Lamps to Utilize Light Most Efficiently

The amount of useful light you get from a lamp decreases rapidly as the lamp is moved away from the working area to be lighted. Conversely, the useful light increases greatly as the light source is moved toward the working area. In the above example, merely by moving the end table lamp eight inches from the far to the near side of the table, the amount of useful light for reading or sewing was more than doubled. Remember this important point and always place chairs close to lamps. You'll not only get more light for your money, but you'll prevent needless eyestrain.

### There's a Right and Wrong Way to Wire a plug

Repairing loose plugs helps conserve vital war materials, but be sure you do it right or a "short" may develop.

**WRONG WAY**, left, shows wires not wound around prongs first.

**RIGHT WAY**, right, shows wires put around prongs. When cord is yanked or jerked, pressure is put on the prongs, not the connections.

### War Prisoners—

(Continued from Page One)

nished by the Army and Navy. Much larger quantities of supplies have been loaded on the Gripsholm in anticipation of her second sailing for which final clearance with the Japanese is still awaited.

Ever since the entry of the United States into the war, negotiations have been carried on vigorously through Red Cross and diplomatic channels to establish a regular shipment of food parcels and other comforts for American prisoners in the Far East. Delay in completing such arrangements for prisoners of war is not unusual. It took almost a year before the British could make satisfactory arrangements for sending regular supplies of food parcels from England for British prisoners held in Germany, in spite of the short distance to the Continent and other obviously more favorable factors.

In addition to the distribution of material aid, all information about prisoners of war is cleared through the International Red Cross Committee's Central Agency for Prisoners of War at Geneva, to which the belligerent nations acting under the terms of the Geneva Convention of 1939, send lists of those captured, and the location of their prison camps, for transmission to the country interested.

Up to December 9, 1942, Germany had reported 228 U. S. prisoners of war and 1,491 interned U. S. civilians, of whom 788 were men and 703 women. Italy had reported 15 U. S. prisoners of war and 21 U. S. internees, of whom 13 were men and 8 women. Japan had reported 1,442 U. S. prisoners of war, 310 Army, 728 Marine Corps and 404 Navy and 1,883 U. S. internees, 1,596 men and 287 women. Japan holds many times this number of Americans, and every available means is being used to obtain from Japan complete lists of names, the furnishing of which is required under the International Convention which that country has agreed to apply.

Staff Sgt. W. J. Ferguson Jr. visited here from Saturday until Monday with his parents, Mr. and Mrs. W. J. Ferguson. He is stationed at Midland. Mrs. Ferguson returned him to his post, bringing his car back to Sanderson. Mrs. Donald Jones accompanied them as far as Odessa where she visited until Mrs. Ferguson's return Tuesday.

### MEAT PURCHASED—Meat Allotment 2 1/2 pounds per person

4 lbs. (3 1/2 lbs. Pork Roast 1/2 lb. Bacon)	3 1/2 lbs. (Pot Roast of Beef)	— (Beef soup bone—un- restricted)	1 1/2 lbs. (Brown of Lamb)	—	—	1 lb. (Ground Beef)
---	--------------------------------------	--	-------------------------------	---	---	------------------------

Here's just one plan for a week's "Share-the-Meat" menus. These menus for a family of four—Father, Mother, Daughter, 16, and Son, 14—include 10 pounds of the restricted meats and additional amounts of the unrestricted meats; for example, liver and smoked jowl. Other unrestricted meats which may be added to this 10 pound "share" are tongue, heart, kidneys, brains, sweetbreads, tripe, and oxtails.

### Personnel Needed By FBI For Office In Washington

The FBI has need for personnel and is now affording an opportunity for patriotic individuals to do their part in the war effort. The position for clerk which is available at FBI headquarters in Washington, D. C., is open to all high school graduates who have reached their eighteenth birthday. It is not necessary that they possess either stenographic or typing ability. Eyesight must be good and corrected to normal. The entrance salary is \$1440.00 per annum, and it is possible to advance in service. There is also the opportunity for those individuals who have finished high school to continue their education inasmuch as there are numerous business schools in Washington, D. C., and the shift system allows the employees to attend school. The work of the FBI is extremely vital to the war effort in that the FBI has been designated by the President of the United States as the investigating and coordinating agency for matters pertaining to National Defense such as espionage, sabotage and subversive activity against the United States Government. Designated as it is to direct the nation's attack against spies and saboteurs it is necessary for the FBI to obtain additional personnel immediately to successfully carry out the President's directive. The FBI will assist all new employees in securing comfortable living quarters in Washington, D. C., and it has been found that the cost of living in Washington is approximately on a par with that of large Texas cities. In the near future a representative of the FBI will interview applicants in the following places:

- Waco, January 9; Temple, January 11; Belton, January 12; Austin, January 13; Brady, January 16; Kerrville, January 18; Brenham, January 23; Borwenville, January 26; Del Rio, January 28; Lampasas, January 30; Laredo, February 3; and Edinburg, February 13.
- For further information concerning details of the above positions, communicate with Mr. M. W. Acers, Special Agent in Charge, FBI 478 Federal Building San Antonio, Texas.

es: Waco, January 9; Temple, January 11; Belton, January 12; Austin, January 13; Brady, January 16; Kerrville, January 18; Brenham, January 23; Borwenville, January 26; Del Rio, January 28; Lampasas, January 30; Laredo, February 3; and Edinburg, February 13.

Mrs. J. W. McKee left Thursday for San Antonio where she will visit her daughter, Mrs. T. Maxey Hart, and family.  
Ross Stavley left Thursday of last week to return to Fort Worth where he is attending T. C. U. He spent the holidays here with his mother, Mrs. C. F. Stavley.  
Mr. and Mrs. C. V. McKnight and daughter, Vivian left Tuesday for San Marcos where Vivian will enter school for the last term.  
Steve Stumberg and D. M. Wells were business visitors in San Antonio this week. They returned Thursday.

### Your Income Tax

**What Is Income Tax?**  
The federal income tax is, as the name implies a tax levied upon incomes, and it is payable in relation to the amount of income. Income, for Federal income tax purposes, means in general any compensation for one's services, whether the compensation be in money or in goods or other labor, as farm produce in the case of a farmer; income from investments; profit from business operations; and other gains from sales and exchanges of goods and property. Certain limited categories of income are, however tax exempt, and to the extent of such exemption are excluded in computing the tax. Because of exemptions from the tax given to persons having less than certain stated amounts of income, as well as because of various deductions and credits allowable, only a small proportion of the number of persons receiving income have until recently been subject to the tax. Thus, of the estimated 55 million persons in this country who received income in one form or another during the calendar year 1941, only some 26 million persons were required to file Federal income tax returns for that year, while of these same 26 million, more than 9 million were not taxable due to credits and deductions allowable. As a result of the lowering of exemptions, many more persons are now subject to the Federal income tax than before, and for the calendar year 1942 it is estimated that more than 35 million persons will file Federal income tax returns. To the large number of persons now subject to the Federal income tax, who have never reported income before for Federal tax purposes, an understanding of the law and applicable regulations is of prime importance. An income tax is a declaration on the part of the taxpayer of his total taxable income for the year, together with the various deductions, exemptions, and credits to which he is entitled. It is in reliance upon voluntary disclosure, and the integrity of taxpayers generally, that the cost of administration of the income tax can be kept at a minimum. Though the return is a voluntary statement, any person who willfully makes a return which he does not believe to be true and correct in every material matter is subject to the penalties provided by law. The first requirement of the law is the filing of an appropriate return. For individuals generally, this must be filed with the appropriate Collector of Internal Revenue for the district in which is located the legal residence or principal place of business of the person making the return. Under the present law every single person, and every married person not living with husband or wife, having a total income (earnings, together with other income) of \$500 or more, and married persons living with husband or wife throughout the taxable year, who have an aggregate income (total earnings of both husband and wife, together with other income) of \$1200 or more, regardless of the amount of net income, must file a return. Phone your news to the Times

### Women of West May Become

**Instructors of Soldiers**  
Women in West Texas Oklahoma now have the opportunity of teaching and keeping Uncle Sam's glib air, the magnificent Princes, in fighting conditions according to information from Amarillo Air Field, Army. The United States Army is only recruiting women as instructors in bomb maintenance, but is training at full pay, to become instructors. A successful applicant comes a junior instructor salary of \$2,000 a year. Any woman, whether worked before or not, may apply if she has completed school and has attended for one or more years in educational requirements waived in the event the applicant has exceptional experience. Teaching experience is not required. In the past year in college, a woman may have had a year of technical experience in aircraft, automobile mechanics, craft engine mechanics, or color of science degree in aircraft or civil engineering, or bachelor's degree in industrial education or educational education; a Civil Administration airplane mechanic's or airplane engine mechanic's license. An applicant must be 20 years of age. There is no speech defects or other physical defects which would interfere with hour teaching day or move freely, she will be barred from consideration. Men, too, will be accepted as instructors, but only if classified under Selective Training in 4-f, or in 3-a and 4-b. Most of the vacancies at Amarillo, however, will be filled by transfer of women. Transfer to instructor employment with other agencies can be made only with approval of the Technical Regional Office in El Paso. Training will be at the H. H. Rife, where domestic fields for single persons are provided for them without cost. Information about positions may be obtained from the Personnel Office, Army Air Field, Amarillo, Texas. Mr. and Mrs. O. E. H. returned Wednesday from San Marcos where they were and a guest, Miss H. who had visited here during the holidays. She also accompanied to San Marcos by Miss Joan Holley who used from there to San Marcos. She is attending school at McDaniel, father of the Holley, accompanied by Adams home from San Marcos and will visit with the Mrs. and Mrs. G. H. returned Thursday from McAllister, where they spent Christmas with their parents, Mr. and Mrs. Prickett and Mr. and Mrs. Lorraine.

**It's a known fact**  
that only necessary materials are available for civilian use. If you are a producer you can get materials to repair, repaint or for necessary new building. SEE US FOR PARTICULARS
