These masters of Uncle Sam's "Flying Fortresses" who had already received a thousand decorations for gallantry in the Philippines, Java, Australia, New Guinea and other Pacific zones for gallantry beyond the call of duty, received nearly 700 more individual decorations and then dissolved as a unit.

They go to scattered training bases over the country to teach fledgling bomber crews the fine points of battle and tricks learned in their many experiences of 13 months during which they accounted for 800 Jap planes, many ships and vital ground positions.

To line up a few for the week which again is dancing is strawberry shortcake. Jan, who spends one of her time at the show, played Reagon as her favorite star. She prefers "All Thers" for reading (which often) and "Sunrise" brings on swoons. She turned, Jan's favorite is shorthand.

This laughing and student has accomplished in four years. She has been in the volleyball team and went to county meet and declamation. She has been in the Dramatic Club for two years is Drum Major in the when she's not beating she has even been Pop Leader for the past year.

EAGLE NEWS

(Continued From Page Two)

This week we have the honor of presenting to the public the life of William Foster Davis, one of our loyal Seniors. He was born in Del Rio, Texas on December 10, 1924. "Bill" or "Dagger", as his friends call him, has gray eyes and brown hair. His education has been carried on in El Paso, Alpine, and Sanderson, and I know that everyone is glad that Bill is in the Senior class because he is famous for his friendliness and willingness to help everyone.

Bill's hobby is collecting—apparently. If the truth were

known it might be collecting attractive Sophomores. His plans, after graduation, are to join either the marines, air corps, or navy, but he prefers the air corps. After the war is over, Bill wants to be a rancher. In Bill's list of favorites, hunting and dancing are his favorite pastimes. In food, it is fruit salad and whipped cream, and in colors it is blue. Blue goes well with blondes so maybe this is why his favorite movie star is Betty Grable. When Bill is in the mood for reading, he likes "The Raven" maybe that is why he is so good in Texas History. In songs, number one on Bill's hit parade is "When the Lights Go on Again." Bill has quite a few favorites in school subjects: there are Math, History, and Imagine! English. He also has quite a record in school activities, having taken part in football, basketball, and track for three years. He has been President of the Auto mechanic and Science Clubs and has been in Debate and Dramatic Clubs. Bill's dislike is medicine in any form, and don't we all agree? Oh Yes, last, but not least by any means, is the fact that Bill has been vice-president of the class for both his Senior and Junior years. A

very good one too! Bill was chosen as a popular favorite in an all School Contest recently. By Mickie Corder

BOOK CHAT As I was wandering around in the library one day last week, I came upon several good books which haven't been read many times this year. Perhaps if I tell you a little about some of them, you will want to read them.

Dorothy Scarborough's In the Land of Cotton is an entertaining novel of East Texas.

Let the Hurricane Roar by Rose Wilder Lane is a very short novel of pioneer life.

Thornton Wilder, in the Bridge of San Luis Rey, tells a very different story of the live of five Peruvian travelers who were caught on a bridge when it collapsed.

A delightful and thoroughly enjoyable story is Parnassus on Wheels by Christopher Morley. A spinster buys a wagon van of books and employs a shy-middle aged professor to go with her on her adventure of selling books throughout the country.

Ben Hur by Lewis Wallace is now on our shelves. The romantic story is of a young Jew of noble family who is made a galley slave during the time of Christ. The reader might be interested in knowing that the book Ben Hur was being written during the time Billy the Kid

Assembly Program

The picture show this week was a series of pictures called "Canada Carries On." In this series was "Wings of Youth," telling of the training period of the Canadian youths, also "Men of Tomorrow" which was about the work the Boy Scouts were doing in the war effort.

Friday morning in assembly the girls chorus, under the direction of Miss Brieger, sang five negro spirituals: "Go Down Moses," "Nobody Knows the Trouble I See," "Swing Low Sweet Chariot" and "Get On Board Little Children." Their last song was a church hymn "Church in the Wildwood."

Rev. Davis minister of the Baptist Church, talked to the student body. He stressed the importance of building life on a good foundation.

ART CLUB NEWS The members of the Art Club are making song books for the Parent-Teacher Association. The books are made in the P. T. A. colors of green and white, the booklets in green and the initials of the school, L. W. S. in white. The songs so far included are God Bless America, and Auld Lang Syne. Since the books are of a loose-leaf type other songs can be added. The club will present the books at the next regular meeting of the P. T. A., which is the second Monday in March.

Consuelo Chavez is in San Antonio to attend her sister's wedding.

Mrs. Jack Hayre, the IB teacher, spent last week-end with her parents, Mr. and Mrs. J. H. Harrell at Waelder, Texas.

Manuel Ochoa, brother of Ernestina Ochoa, and Ismael Aguilera, brother of Adalberto Aguilera, left this week for Fort Bliss to take their physical examinations for induction into the Army.

Dionisia Villegas is in Fort Stockton visiting her sister.

Pabla and Manuela Madrid are visiting their father in Mexico.

Another Seventh Grade class member is Valentin Maldonado. He was born in Las Cruces, New Mexico December 15, 1927. He came here to live when he was four years old. He entered school in 1935. He likes Tarzan pictures, and somewhat like Tarzan, he is quite an athlete. He is the captain of one of the basketball teams and is a good baseball player. His favorite food is tacos, and he prefers ranch life to any other. He hopes to live on a ranch when he finishes school.

temper, proved by the appointment in middle February of a special House Committee to investigate the activities of existing bureaus so their exercise if unauthorized may be curtailed and waste of man-power corrected. It is a good sign and Congress is to be commended. With these elected representatives the nation can govern itself, and it is good to know they recognize power-lust at sight.

INCOME OF FARMERS

Farmers, which include livestock raisers, fruit and truck growers, poultry raisers, and operators of plantations and ranches, are liable for Federal income tax returns provided their income is sufficient to require the filing of returns.

Farmers may maintain their records and file their returns of income on either the cash receipts and disbursements basis or on the accrual basis of accounting. A consistent method must, however, be employed. If a cash basis is used, Form 1040F, "Schedule of Farm Income and Expenses," is required to be filled out and filed in conjunction with Form 1040. Use of Form 1040F is optional in the case of farmers who report income on the accrual basis. A farmer who reports income on the cash receipts and disbursements basis (in which no inventories to determine profits are used) must include in gross income for the taxable year (1) the amount of cash or the value of merchandise or other property received during the taxable year from the sale of livestock or produce which were raised, regardless of when raised; (2) the profits from the sale of any livestock or other items which were purchased; and (3) gross income from all other sources.

Under the accrual basis in which inventories are used to determine the profits, farmer's gross profits are ascertained by adding to the inventory value of livestock and produce on hand at the end of the year the amount received from the sale of livestock and produce, and

miscellaneous receipts of income during the year, and deducting from this sum the inventory value of livestock and

Federal Ruling On Charge Accounts

The government prohibits the extension of credit to customers who owe an account which was not paid by the 10th of the second month following date of purchase. **WE ARE NOT RESPONSIBLE** for this federal regulation but we must observe and enforce it or be liable to prosecution.

We do not want to have to close your account, so PLEASE DO NOT FORCE US TO DO SO.

Our terms have always been 30 days, but the Federal Law says that you **MUST** pay before the 10th of the 2nd month following date of purchase.
