

# Chiefs Bow To Colts In Hard Fought Battle

Friona's Chiefs fought a bit-battle against a heavier, re-experienced eleven from a Mexico Military Institute Friday night but fumbles cost em a 16-8 loss after losing ur fumbles in crucial spots in the contest.

Despite the speed and weight differences, the Chiefs kept the Colts at bay and outgained the Colts in every department except scoring and fumbles recovered in losing a hard-hitting exciting ball game.

Any similarity to the team which met the Colts Friday night and the Chiefs which marched out on the fields at Farwell and Fort Sumner has

been only a coincidence. Friona's inexperienced Chiefs have come a long ways in the past two weekends, downing a favored Stratford 30-20 and fending off a highly favored NMMI eleven and barring the fumbles victory could have been theirs again.

Outstanding ball playing was turned in by Floyd Reeve, Tommy Massey and the ball snatching of Gary Snead and the aerials of Bobby Daniel.

Up front providing the blocking and holes for the runners Butch Barker and Lynn Baxter excelled in this department.

The game was marked by hard smashing tackles and

blocks with good spirit on both teams.

Friona took the initial kickoff with Massey returning it to the Chief's 43 where they took over first and ten.

This series of plays moved the ball from this point on the backs of Massey and Barker to inside the Colt 20 where the first fumble reared its ugly head and the Colts recovered.

The Colts moved the ball from their nine to their 20 where they were forced to punt.

Friona took over on their own 38 and were held and forced to punt from their 45.

The Colts took the ball in play on their 20 and after pick-

ing up two first downs on long runs by John Wasley and Max Clark owned the ball on the Chief 28 where the Frionans stiffened and held on downs.

This ended the first quarter with no score.

Friona called on the combination of Massey, Barker and Reeve and moved out to their 37 where a fumble was recovered by the ball-hawking Colts after a scramble on the 41.

Trying to hit the line for yardage brought no results and after four downs the Colts were forced to punt.

Friona took over on their 24 and a 19-yard pass play from Daniel to Snead moved

the pill out to the Chief 45 then over into Colt territory with Massey and Barker moving for yardage into the line.

Following a first and 10 on the Colt 35 again the ball plopped onto the gridiron and the Colts recovered, stifling another Friona drive.

The Colts took over on their 35 and again Wasley scampered for big yardage moving the ball out to their 47. On a fourth and eight situation on the Chief-tain 45 Clark took a handoff and zipped through the Chiefs to only be brought to a halt on the five. On the next play he scored the first Colt TD.

Clark passed to Jay Roehl

in the end zone for the extra points and the Colts led 8-0.

Friona took over following the kickoff on their 34 and an attempted pass was intercepted by the Colts.

On the next play the half ended with the Colts ahead 8-0.

Moving into the second half Friona received and took over on their own 35.

Here the Chiefs began their only successful drive of the night and using up 14 downs and picking up four first downs they called on Massey, Barker, Reeve and Daniel to move to the Colt two where Daniel scored on a keeper.

Daniel passed to Snead for the

extra points and it was a new ball game for about a minute.

Following the Friona kickoff the Colts returned the ball to the midfield stripe where on the first play the lightning fast Wasley shook off around end and blazed 50 yards for a TD.

Clark passed to John Payas in the end zone for the extra points and the Colts dashed ahead 16-8.

Friona bounced back with another drive following the resulting kickoff that saw them move from their 20 to the Colt 30 in 12 plays as the third quarter ended.

The Colts dug in and after

a last ditch pass effort the ball went over on downs on the Colt 33.

The Colts were unable to move the ball from that point and punted from their 32 three downs later.

Friona took over at midfield and picked up a first down only to have the Colts intercept a pass on their own 44 on the next play.

Again the Chiefs forced the Colts to punt and this time the Chiefs moved from their 45 following the punt to the Colt 15 where following a seven yard loss the ball bounced from eager fingers and the Colts

## Plans Made For United Fund Drive

Friona's United Fund Drive will take place probably November 29 this year it was announced following a short meeting in the community room of the Friona State Bank Monday night.

A goal, and the disbursement of the Funds, will be announced following a meeting to be held in the bank at 7:30 p.m. October 17, says Danny Bainum, president of the local charity organization.

Representatives of several local civic organizations met Monday night and tentative plans for the annual drive were discussed, and barring unforeseen circumstances, the drive will probably be for about the same amount of money which was raised last year, \$5,000.

This \$5,000 goes toward helping many community-minded causes, and is all used for the needs in Farmer County.

The Friona United Fund includes the area immediately surrounding our area including Rhea, Lakeview, Black, and the Hub Communities.

Representatives from these communities are urged to attend the next meeting on October 17 and also representatives of the various organizations to which the funds go are asked to be present.

Last year the \$5,000 was disbursed in the following manner:

Boy Scouts	\$1,000	Emergency Fund	750
Girl Scouts	825		
Red Cross	1,200		
Salvation Army	900		\$5,000
USO	150		
Heart Cause	50	This United Fund Drive is	
Cancer Cause	50	an annual affair and is endorsed	
Cerebral Palsy	50	(Continued on page 6)	

Tracks really got off the beaten path this weekend as far as Farmer county is concerned.

All summer I'd sworn that no matter what, I was not going to another A & M - Tech ball game with a Red Raider.

But--last Friday my arm was twisted and Martell LeVeque my better half and two young'un's (the other one had traveled to East Texas on the choo-choo with his grandmother earlier in the week, hence the excuse to go down mataw... set out for East Texas.

We had a hard time trying to convince Martell that it doesn't always rain in East Texas, or that the trees were real, not just mirages.

The trip went off fine, except for the rain and the score of the ball game.

However, the wife was quick to point out that the trip home to Friona was made easier in that Tech and A&M tied and thereby keeping Martell and I off each other's necks.

Naturally, we disagreed as to who "should've won."

But--we sat there at Kyle Field Saturday night, with the rain pouring down like it was coming out of a bucket and thought--it takes a particular type of idiot to drive 525 miles to see a football game, then to sit out in the rain and watch the fool thing.

But, it was an exciting game and we soon forgot how wet we were.

So, late Sunday we rolled into Friona, still arguing why and how come one team or the other should've won, but at least still friends.

## Grand Jury Meets Tuesday

Sixteen jurors have been summoned to appear Tuesday at 10 a.m. as the fall session of the Farmer County Grand jury gets under way.

Notices have been mailed to the jury panel by Sheriff Chas. Lovelace and there will be some 30 felony cases up for review. District Judge E. A. Bills will preside over the session.

## Friona Takes On Sunray Friday Night

Friona's Chiefs will make the longest trip of the season away from home this weekend when they will journey up to the top of the Panhandle and take on the Sunray Bobcats Friday night.

School will be turned out an hour early in order that the band, and the student body, will have ample time to drive to the game in safety.

The game will be a tough one in the estimation of Coach Earl Smith.

To make the situation tougher for the Chiefs this is Homecoming at Sunray and the Bobcats will be up for this game.

The Sunray Band Boosters have asked that Friona fans be informed of their annual Homecoming Barbeque which will be served prior to the game.

Tickets will be on sale at the high school cafeteria in Sunray and are \$1.50 for adults and high school students and \$1 for students in eighth grade and below.

The meal will be served beginning at 4:30 p.m. and continue until the kickoff.

## Firemen Slate Circus, Banquet

This will be a busy week of members of the Friona Volunteer Fire Department as they have a banquet scheduled for Thursday night in the high school cafeteria, then are sponsoring a circus this weekend.

The banquet is a regular affair, but the circus is something new.

The circus is slated to be here Sunday afternoon, and will present only one performance, that at 2:30 p. m.

Tickets are on sale now and may be purchased from any member of the Fire Department.

PARMER COUNTY SOIL CONSERVATION FARMER OF YEAR --Carl Schlenker, shown with his wife, Velma, was named "Conservation Farmer of the Year" at the annual Farmer County Soil Conservation District banquet at the school cafeteria Tuesday night. (See Farm Section for full story.)

## Council Approves Budget Totalling \$187,459

Friona's city council, meeting in special session Monday afternoon at the City Hall, spent about three hours discussing a budget under which the city of Friona will operate during the tax year, October 1960 until September 31, 1961.

This is the first year that the city has operated under a budget set up on a tax year, last year the city budget was set up for nine months in order to make the changeover, and prior to that time the budget was made on a calendar year basis.

"With this new method, we hope to be able to keep a clearer picture of our city's financial structure," says Mayor R. L. Fleming.

"The disbursements will be kept on a departmental basis and at the end of the year we can see where the money is being spent and for what uses the taxpaying dollar goes."

This proposed budget, totalling \$184,459 includes a total of \$73,599 for the General Fund; \$20,153 for the Interest and Sinking Fund and a whopping \$80,707 for the Water & Sewer Funds.

These totals are based on the estimated tax roll for 1960 which is \$4,440,070 which at a tax rate of \$1.35 per \$100 valuation will bring in about \$57,543.

The remainder of the money will come from the city-owned water and sewer services.

The General Fund is the

monies used for the direct operation and maintenance of the city including the streets, city hall, salaries, fire department, park department, cemetery works, police department and all administrative duties of the city.

Funds in the Water and Sewer Funds are utilized for the servicing and operation of the Water and Sewer departments.

Interest and Sinking monies are used to pay off the city's bonded indebtedness including the recent bond issue for streets, a new sewer plant, and the expansion of the city's water system.

A regular meeting of the council will not be held until the second Monday night in October due to Albert Field, city manager, attending a city managers meeting downstate next week.

## MISSED TIES--

## John Frazier Wins Football Contest

John Frazier of Friona had the closest to perfect entry in this week of football upsets and ties. He was followed closely by Jane Bengé and Buddy Claborn, in that order, all of Friona.

The two tie ball games, Hereford vs Muleshoe and Texas A&M vs Texas Tech, kept Frazier from getting a perfect score.

Mrs. Bengé also only missed the two tie games, but she picked Friona to beat NMMI so that automatically threw her entry behind Frazier's.

Claborn missed three ball games, and after resorting to the tie-breaker to untie the knot between Claborn and 15 others who also missed three games Claborn had the closest to correct score picking NMMI over Friona 20-7.

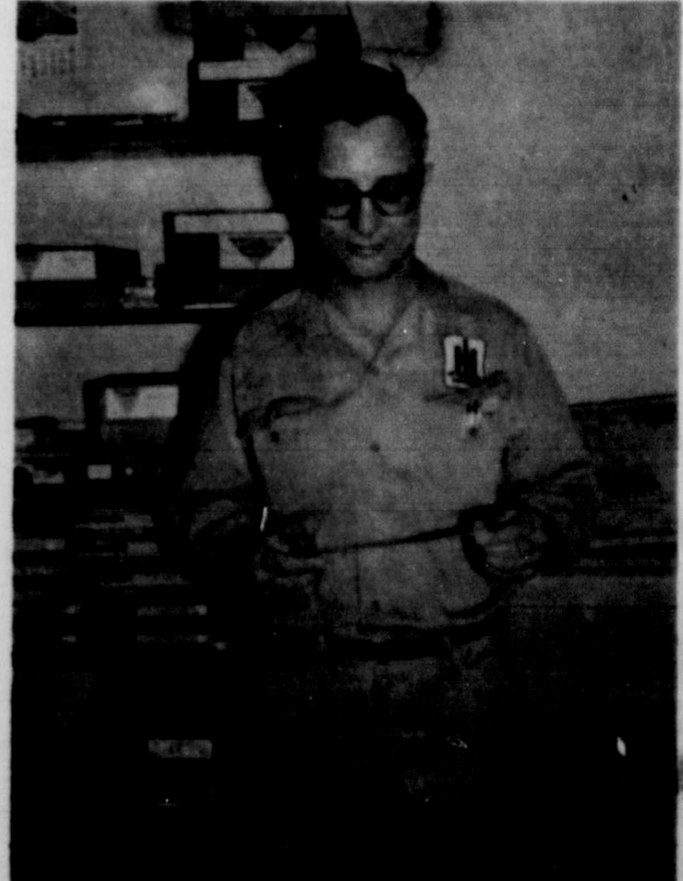

Frazier and Mrs. Bengé correctly picked Farwell over Morton, Floydada over Dimmitt, Ohio State over SMU, Texas over Maryland, TCU to upset USC and Arizona State over West Texas.

Claborn, in addition to the two tie scores, picked Dimmitt over Floydada for his other miss.

With the number of favorites falling each week, and the tie

(Continued on page 6)

FOOTBALL CONTEST WINNER--John Frazier of Friona picked correctly enough games to qualify as the top guesser this past weekend marked by upsets and ties. He was followed closely by Jane Bengé and Buddy Claborn.

- FRIONA FFA--
- ## Twenty-Seven Greenhands Initiated Monday Night
- Monday night was long awaited by a group of 27 Greenhand (freshman vocational agricultural students) at Friona High School, but the general consensus following the evening's "program" was that "it wasn't so bad after all."
- In addition to the 27 youngsters who were given various and sundry "tests" at the Vo Ag department a total of about 20 fathers were on hand to see their sons through the initiation.
- Following the stunts at the vo ag department, the Greenhands were given a list of things to get and a scavenger hunt ensued.
- After this, the final trial of the night, the boys were recognized as members of the Friona Future Farmers of America Chapter and were served refreshments at the school.
- The initiation was supervised by J. C. Lane and Dave McVey, vo ag instructors and under the direction of the Friona FFA Chapter.
- Chapter officers include Joe Reeve, president; Bob Sanders vice president; Butch Barker, treasurer; Charles Ray, reporter and Tommy Massey and Lynn Baxter, sentinels.
- The Greenhands initiated Monday night will be installed in the chapter in formal ceremonies in the near future. They included Ronald Awtrey, Everett Gee, Mike Hand, Ricky Harrell, Gene Hight, Greg Jarrell, Numan Loanman, Eddie Massey and Arlen May.
- Also Joe McDutton, Ronnie Procter, Eric Rushing, Edwin Taylor, Richard White and Mickey Wilson.
- Tommy Baxter, Danny Black, David Carson, Aaron Drager, Jerry Houston and Rex Nelson.
- Lynn Phipps, Tex Phipps, Gary Renner, Russell Scales, Buddy Sheff and Bob Welch.

### LEGAL NOTICE THE STATE OF TEXAS COUNTY OF PARMER

In the Name and by the Authority of The State of Texas To: Marion Castele, whose residence is unknown, Mrs. Marion Castele, whose residence is unknown, Ramona Martinez and her husband, whose name is unknown, whose residence is unknown, and the respective unknown heirs and legal representatives of all the above named parties, the unknown owner or owners of the herein-after described property and their heirs and legal representatives, whose names and places of residence are unknown, and any and all other persons, including adverse claimants, owning, or having, or claiming any legal or equitable interest in or lien upon the hereinafter described property delinquent to plaintiff herein for taxes.

YOU ARE HEREBY NOTIFIED that suit has been brought and is now pending in the Honorable District Court, 154th Judicial District, Parmer County, Texas, wherein Friona Independent School District is plaintiff; the City of Friona, Texas, a municipal corporation, and the State of Texas, the County of Parmer and High Plains Underground Water District No. 1 are impleaded party defendants; and Marion Castele and his wife Mrs. Marion Castele and Ramona Martinez and her husband, whose name is unknown, are defendants, by the filing by said plaintiff of a petition on the 23rd day of August, 1960 and the file number of said suit being No. 2152 and the nature of which is a suit to collect delinquent ad valorem taxes on the following described property, to-wit:

Lot Number Three(3) in Block Number Ninety (90) of the Original Town of Friona, Parmer County, Texas; together with interest, penalties, costs, charges, and expenses of suit which have accrued and which may legally

accrue thereon. The amount of taxes due each plaintiff, exclusive of interest, penalties and costs is as follows:  
Friona Independent School District, \$5.06  
TOTAL \$5.06

The names of all taxing units which assess and collect taxes on said property not made party to this suit are none.

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties, and costs allowed by law thereon, may, upon request therefor, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleading now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear by filing a written answer and defend such suit on the first Monday the expiration of forty-two (42) days from and after the date of issuance hereof, the same being the 7th day of November, A. D. 1960 (which is the return day of such citation), before the honorable District Court of Parmer County, Texas, and

to be held at the courthouse thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalties, interest and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court in the City of Farwell, Parmer County, Texas, this 21st day of September, A. D. 1960.  
Hugh Moseley, Clerk of the District Court Parmer County, Texas  
SEAL: 154th Judicial District By Dorothy Quickel, Deputy 52-2tc

### Hospital Notes

Patients admitted: from September 12 through 19:  
Roy Don Rector, Friona, T&A; Esparanza Cordenas, Bovina, medical; Mrs. Floyd Schueler, Friona, OB; Jane Cole, Friona, surgical; Nannie Lettia Gilmer, Bovina, medical; Ella Wise, Friona, medical; Helen Hartzog, Farwell, medical; Herman K. Johnson, Bovina, medical; Mrs. Joe Watts, Bovina, OB; Keith Brown, Friona, medical; Wilma Jean Hughes, Texico, surgical; Mrs. C. H. Veazey, Friona, OB; Alfredo Herrera, Friona, medical; Jewel Wells, Friona, medical; Jesus Garcia, Friona, medical; Robert Jackson, Friona, medical; Joe Rhodes, Friona, medical; Janet Rushing, Friona, surgical;

AWARD WINNERS AT SOIL BANQUET--James Mabry and Judy Kay Crawford were honored at the banquet. Mabry was given a hand-colored aerial picture of his farm in recognition of outstanding soil conservation work. The award was made by Great Southwest Life Insurance Company. Miss Crawford was the winner of the SCD essay contest in Parmer County this year, and holds a plaque as proof of her accomplishment.

Serafaria Garcia, Friona, medical; LaVoyce Burrow, Friona, medical; Maria Palio, Friona, medical; Mrs. H. D. Blythe Jr., Hereford, medical; James P. Macon, Bovina, medical; Mrs. Alan Neff, Hereford, medical; Jerry Lee Evans, Friona, accident; Lucille Collier, Friona, medical; Rafael V. Martinez, Bovina, medical; Audrey Inex Graham, Friona, surgical; Adelaida Cavarrillas, Friona, medical; Thelma Watkins, Friona, medical; John Sikes Jr., Bovina, surgical. Patients dismissed September 12 through 19:

Antonio Torres, Helen Hartzog, Thomas W. Gibson, Jimmy R. Wright, M. D. Cruise, Roy Don Rector, Nannie Lettia Gilmer, Gabriel Oleveras; Raymond Jones, Mrs. Floyd Schueler and baby girl, Jesus Garcia, Janet Rushing, Mrs. Alan Neff, Mrs. C. H. Veazey and baby boy, Jerry Lee Evans; N. H. Morris, Keith Brown, Patricia Estep, W. P. Elliott, Neil Fulks, Esparanza Cordenas, Herman K. Johnson, Wilma Jean Hughes, Walter Schueler, Jane Cole;

Robert Jackson, La Voyce Burrow, Lorene Hale, Maria Palio.  
Mrs. R. R. Ruyle of Fort Worth was a guest of Mrs. A. H. Boatman last week. Mrs. Ruyle is a sister of Mrs. Boatman.

A refugee couple arrived several years ago with one dream -- to become citizens. Through much red tape and years of study they were patient and hopeful. Then one day the husband rushed into the kitchen with the long-awaited good news.

"Annal Anna!" he shouted. "At last we are Americans!" "Fine," replied his wife, tying her apron on him. "Now you wash the dishes."

"His wife's gonna practice parking today."

### Gaylon Rhodese Have Baby Girl

Mr. and Mrs. Gaylon Rhodese are parents of a baby girl born at the local hospital Thursday, September 22 at 8:24 p. m. She weighed 6 pounds and 3 1/4 ounces and was named Pamela Jean.

Her grandparents are Mr. and Mrs. Othel Rhodes, Friona, and Mr. and Mrs. T. R. Kinlaw of

St. Paul, North Carolina. Mrs. DeWitt Morgan, Mountain View, Oklahoma, is a great grandmother.

Mrs. Ella Faye Holcomb and daughters, Peggy and Phyllis, spent Saturday and Sunday visiting relatives at Plainview.

## Large Number Attend Annual Friendship Night

This Friona Chapter No. 990, Order of Eastern Star held their annual Friendship Night Monday September 26. A salad supper was served to eighty guests and members. Those on the food committee were Mrs. Sarah Ann Miller, Mrs. Caryl Fallwell, Mrs. Nettie Collier and Mrs. Doris Sides. The decoration committee Mrs. Maurine Dunn, Mrs. Orma Flipplin, Mrs. Billie Long and Mrs. Bessie Watson centered the tables with arrangements of pyracantha in wicker baskets. The lodge room was decorated with baskets of dahlias.

A group of Rainbow girls presented the program. Pam Roden, Brenda Collier, Jimette McLean, Beth Akens, Carol Coffey and Kay Coffey sang "Isle of Capri." Sharon Reeve played "Barcarolle" on the flute accompanied by Beth Akens at the piano. Presenting

a twirling act were Ann Baxter, Linda Castleberry, Suzanne Taylor, Brenda Collier and Pam Roden.

Reception committee was Charles Russell and Grady Dodd, Miss Viola Leonard and Mrs. Martha Russell registered the guests.

Out of town guests were Mr. and Mrs. W. C. Hromas, Mrs. Nell Culpepper, Mrs. Myrtle Witherspoon, Mrs. Vivian Major, Mr. and Mrs. John Patton, Mrs. Estalene Gleaton, and Mrs. Ludie Greeson of Hereford, Mr. and Mrs. L. L. LaDuke and Mr. and Mrs. T. B. Cox of Olton, Mrs. Ruth Sherre and Mrs. Viola Gum of Canyon.

Mrs. Collie Smith, Mr. and Mrs. John Thomason and Mr. and Mrs. Elbert Nowell of Muleshoe, Mr. and Mrs. E. R. Barry, Mr. and Mrs. Margaret Charles and Mrs. Lorena Brock of Bovina

Mrs. Zeida Smith, Mrs. Myrtle Line, Mrs. Dena Casey, Mrs. Lucille Newton and Mr. and Mrs. B. H. Tuebe of Plainview.

Mrs. Velma Neville and Mrs. Georgiana Cooper of Portales Mr. and Mrs. Claude Thomas and Mr. and Mrs. Travis Snider from Melrose, Mrs. Rubie Underwood and Mrs. Grace Brown, Dimmitt, Mrs. Fern Patching, Mrs. Viola Buchanan, Mrs. Ella Hext and Mrs. Gusie Barnett of Happy and Mr. Ernest DeLong from Vero Beach, Florida.

Mr. and Mrs. Al Lee and children of Hereford and Mr. and Mrs. Ulys Davis of Dimmitt were Sunday visitors in the Robert Crozier home.

Mr. and Mrs. H. Earl Smith of Bridgeport were weekend visitors in the home of Mr. and Mrs. Paul Smith. They are the parents of Paul Smith.

### Women's Class Studied Unity

The Congregational Women's Fellowship class met Wednesday, September 21, to study the theme of "Unity." Mrs. Malinda Schlenker gave the devotional.

A discussion on the subject "Mission of the Church" was conducted by Rev. H. B. Phillips, Jr.

Thirteen members were present for the meeting and the hostesses were Mrs. Frances Holmgren and Mrs. B. E. Sanders.

### W. J. LaFavers Honored

W. J. LaFavers was honored with a birthday dinner at his home Tuesday evening, September 20. He was celebrating his 50th birthday.

Present for the occasion were Mr. and Mrs. Loyd Messenger, Cindy and Carrie, Friona; Mr. and Mrs. W. E. LaFavers and Mike of Amarillo; Mrs. W. J. LaFavers; Mrs. Eva Emerson; Maxine LaFavers, Friona, and James Cooper of Hereford.

### Pink And Blue Shower Honored Mrs. Hancock

Mrs. Glenn Hancock was honored with a pink and blue shower Friday, September 23 in the home of Mrs. Orville Blake. The hostesses Mrs. Ross Miller, Mrs. Clarence Knight, Mrs. Otey Hinds and Mrs. Blake served ice-cream, cake, cookies and ice tea to those present.

Present and sending gifts were Mrs. Luther Shelton, Mrs. Jerry Bell, Mrs. Robert Zetzsche, Mrs. Loyd Messenger, Mrs. Jack London, Mrs. Ralph Reed, Mrs. Eugene Bandy, Mrs. Gibby Trigg, Mrs. Burke Hand, Mrs. Larry Fairchild, Mrs. Gerald Taylor, Mrs.

Sterling Graham and Mrs. Travis Hancock.

### Foreign Cookery Club Program

The Friona Home Demonstration Club met in the home of Mrs. J. D. Sanders Tuesday morning. The program was a foreign cookery. Gulyas, a Hungarian dish, was prepared by Mrs. Earl Drake.

Mrs. Lee Campbell gave the council report at the business meeting. A salad luncheon was planned for October 13, at the Hub community building. All of the county Home Demonstration clubs will meet for the luncheon and program. The Friona club will furnish the entertainment.

The door prize was won by Mrs. Kenneth McLellan. Cake and coffee were served to Mesdames Lee Campbell, Paul Williams, J. R. Varner, J. D. Sanders, Wesley Hardesty, Earl Drake, Kenneth McLellan, and Walter Cunningham.

### Son Born To Allen Parsons

Mr. and Mrs. Allen Parson have a new son, Allen Dewayne, born Thursday, September 22 in the Canyon Hospital. He weighed 7 pounds and 13 ounces.

Grandparents are Mr. and Mrs. Charles Scales, Friona, and Mr. and Mrs. Joe Parson of Brownwood. Great grandparents are Mr. and Mrs. C. B. Robberson of Paris, Ark.

### Baby Girl Born To Sutterfields

A baby girl, Brenda Jan, was born Tuesday, September 20, at the Hereford hospital to Mr. and Mrs. Charles Sutterfield. She weighed 8 pounds and 2 1/2 ounces.

The grandparents are Mr. and Mrs. N. O. Williamson of Purcell, Okla., and Mrs. C. I. Sutterfield of Wayne, Okla.

Mr. and Mrs. P. M. Houser from Hereford and Mrs. Zelma McCorstin of Fort Worth were visitors in the home of Mr. and Mrs. Orville Houser last weekend.

O give thanks unto the Lord, for He is good: because His mercy endureth for ever. —(Psalm 118:1)

Throughout all ages and all eternity, Almighty God seeks the soul of His children—seeking to fill our lives with the joy that comes from His good, His loving-kindness, His strength and His mercy. We create our own utter misery by wilfully turning away from Him.

To remove lime deposits from aluminum, iron, or steel kettles, pour ice water in suddenly when the kettle is hot.

**Trax--**

(Continued from page 1)

initiated into the local FFA Chapter. This initiation was no different from others we attended, however we missed this one, but got full reports from the vocational instructors and some of the poppas who were there.

The only sad part is that no matter what you are doing, there are always that "Three percenters" who tend to foul things up.

This year this group of three percenters pretty nearly got out of hand and fouled up the deal for everyone--hence the name three percenters.

But, we know that the officials in charge of the ag boys have this in mind, and we think they should be commended for the efforts put forth to provide these boys with the program here.

For years, Friona has benefited by an outstanding vocational department under the direction of J. T. Gee, and now of late under J. C. Lane and with the help and experience of Dave McVey we think our boys can go the limit in this field of learning.

With the best farming land in the world surrounding them, and with two dedicated men like Lane and McVey there is no reason why the students here cannot make some high marks in the field of agriculture in coming years.

We are proud of the work already turned in by our FFA boys and wish them the best in the years to come.

With their high ideals and standards, they won't have to worry about the three percenters who won't be able to keep up to other 97 percent who have their eyes on the stars.

**Simple Solutions**

Onion odor and flavor can be removed from cooking utensils by rubbing them with celery leaves.

To strain almost any liquid, place a wad of sterile absorbent cotton in a funnel and pour the liquid through. It will come out clear.

SOIL CONSERVATION BANQUET SPEAKER--Dr. Ralph Durham of the department of animal husbandry at Texas Tech, made the main address at the banquet. The Tech faculty member urged farmers to "conserve" their natural resources by taking advantage of the great opportunity awaiting High Plains farmers in feeding out livestock. "You are mining your soil and selling off the resources," he said.

**Parmer County Livestock Show Set March 10**

Parmer County Junior Livestock Show sponsored by members of the Friona Lions Club for all students in the county's FFA and 4H chapters has been slated to be held at the bus barns in Friona on Thursday, Friday and Saturday March 9, 10, and 11, 1961.

Only two changes have been noted in the rules which were set up last year to govern the annual affair, and these are as follows:

- (1) there will be one steer shown by each contestant with a limit of a total of three animals by each contestant;
  - (2) there will be no female animals allowed in the show.
- Each of the vocational agricultural instructors and the county agent will have copies of the rules available for youngsters interested in competing in the show.
- More details on the show will be carried when available.

*The Old Timer*

"After all is said and done, you usually find more has been said than done."

**More FM Paving Slated**

A 4.7 mile strip of paving for Parmer county has been included in a state farm-to-market paving program scheduled during 1961-62 according to an announcement from O. L. Crain, district engineer of the Texas Highway Department in Lubbock.

The four and a half mile of paving will join onto the

end of FM 2397 southeast of Friona and continue to the Castro county line in Parmer county.

The approximate cost of this job is \$85,000 and work on the project will begin as soon as final planning and right of way securing is finished says Rhea Bradley, resident engineer.

**DAUGHTER BORN TO ROBERT CROZIER**

Mr. and Mrs. Robert Crozier became parents of a daughter Friday, September 23 at 2:07 p. m. in Parmer County Community Hospital. She weighed 6 pounds and 5 1/4 ounces and was named Mary Leanne. Grandparents are Mr. and Mrs. Clyde B. Crozier, San Antonio, and Mr. and Mrs. Jack Wright of Hereford.

FIVE GENERATIONS PRESENT FOR BIRTHDAY PARTY--A number of relatives gathered at the home of Mrs. G. M. Bullard in Floydada Sunday for her birthday party. Among the guests were five generations of her family. Pictured here are Joel Landrum, Mrs. Bullard, Mrs. J. L. Landrum, Brian Landrum and Ray Landrum.

## Friona 7th-8th Graders Homecoming Slated Take Pair From Dimmitt For October 7

FRIONA 7TH AND 8TH graders take pair from DIMMITT 36bod Friona's Seventh and Eighth Grade footballers came out on top of the heap Tuesday night downing their respective teams from Dimmitt by 22-0 and 20-0. In the Seventh Grade Game Tommy Sherley, left halfback for Friona accounted for the first of the Redshirt scores on a 30 yard gallop on a wide sweeper early in the first quarter and Ricky Coon added the extra points on a line buck. Later in the first Sherley added six more points on a play that had even the fans wondering where the ball went. Early in the third quarter Bobby Horton, fullback, bulled his way across the double stripe to add six more points and Teddy Renner kept on a rollout for

two more points. This line buck was set up by a 20-yard scamper by the fleet Sherley. In the Eighth Grade clash Danny Murphree picked off a Dimmitt aerial early in the first quarter and returned the ball across the goal for 30 yards and a Friona td. Larry Buckley jammed up the middle for the two extra points. The next score came in the third when Murphree sailed out wide, found running room and smattered 15 yards for another Friona td. The try for points failed. In the fourth Buckley got loose for 20 yards and carried the ball to the Dimmitt 3 where on the next play Milton Hargus kept and blasted across the goal

for the td. The try failed. Outstanding ballplaying was turned in by Burnie Deaton, right end and Jackie Clark, fullback plus the fine defensive play of Andy Russell, defensive tackle.

Homecoming plans are rapidly taking shape at Friona High School with the annual event only a little over a week away. The Homecoming ceremonies will be observed at the Friona vs Muleshoe game at Chief-tain Stadium Friday, October 7. Queens, attendants and other phases of the Homecoming event will be announced next week at the school. Mums are now on sale, and tickets for a senior chili supper are being sold with several other events being tentatively planned for the always full weekend.

PROBLEM SOLVED—This elegant but practical problem of what to do with two single windows with an awkward wall space between was solved by running over-drapes of Waverly cotton the full window width. Then a center panel of light weight ply board was covered with the same print and attached to the wall with small blocks of wood. The cotton print sports mellow tones of old red, antique gold, and colonial blue.

## You don't have to be liable to be sued!

The purpose of a law suit is to determine whether you are liable. Should you carry insurance, you don't have to hire a lawyer to plead your case. You don't have to spend a lot of time collecting evidence and hunting witnesses. Our adjuster finds out what happened and not only collects evidence but gathers the facts and prepares them for later use. When your case requires legal handling, the adjuster pays for the lawyer, court costs, and legal fees. He does all this even though you are not to blame and there is no merit to the suit against you. If you lose your case, our adjuster takes care of all expenses (up to the amount of your policy limits) including settlements or judgments, medical bills, death benefits, and repair of property. AND Don't forget it sometimes takes several years to settle a claim.

*When you ask these questions:*

- My tractor turns over and injures one of my farm hands. Will this insurance pay the bill?
- I go hunting and accidentally injure someone. Will this insurance pay the other fellow's hospital or medical bills?
- My bull breaks through the fence and causes an automobile accident on the road. Will this insurance protect me in case of a law suit?
- An uncle, who is visiting my ranch, injures himself while helping to survey the property. Will this policy cover his medical expenses?
- My wife visits a friend and by accident breaks a fine china plate. Will this insurance cover the replacement?
- When a saw breaks and cuts through an employee's hand, will the policy pay the medical bills?
- My cattle get into the neighbor's fields and destroy a portion of his crops. Will I be protected against damage charges?
- If a scaffold breaks and a life is lost, will this policy pay death benefits?

by the Friona Chamber of Commerce & Agriculture and local merchants because it gets the annual "drives" all at onetime, says Bainum.  
"We hope that we can do as successful a job this year as has been done in the past," he added.

Poor little rich folks  
A woman called her friend: "Grace, I'm leaving right away, so put that package in my car. By the way, my jallopy will be parked around back. The big new one in front belongs to the baby sitter."

**Schueler Building Tenants Move In**

This has been moving week for the new tenants of Friona's first shopping center--the Schueler Building--located at the corner of 8th and Washington in Friona.  
LuNora's Ladies and Children's Ready to Wear moved most of their stock over the weekend and have their doors opened again in their new location.  
Ed White announced that he will move into his new quarters under the name of White's Supermarket this weekend and the E-Z Way Automatic Laundry is now open for business.  
This is another progressive step by forward-thinking merchants in Friona in moves to offer a wider range of shopping pleasure for the residents of this area.  
All these stores have announced that they will observe a joint Grand Opening in the near future.

"LET'S START SOMETHING"

Ecc. 3:1 - To every thing there is a season, and a time to every purpose under the heavens.

Lately we have been so occupied with the dangers which threaten us that we have tended to fall into a negative attitude. Today we seemingly live to stop something. Inflation, graft in politics, secularism in religion. We have been so intent on stopping something that we haven't had time to start something. It is essential that we be alert to those forces which would destroy our ideals, but it is time that we started a second front.

- I. Start a shout of faith and hope and good will.
- In this we may need to solo for a while but soon some courageous soul will join us, then another, until a mighty shout of hope and victory will be heard throughout the length and breadth of the world.
- II. Start a chain of good deeds by being kind, generous and helpful to one in need. Insist that the one you have helped pass the kindness on to another, then the one he helps pass it on until the chain is a continuous chain of brotherly kindness that completely encircles the globe.
- III. Start a fad for righteousness. Declare by your deeds that you belong to the Lord Jesus Christ. You remember he said, "Be not overcome with evil, but overcome evil with good." Here is a command that has not been overworked in recent years. Evil can no more stand before positive righteousness than darkness can endure in the light.
- IV. Start living ALL the days of your life. Many people today are not living all the days to the utmost. Pay attention to the beautiful sunset, or to the sky just before the sun punches the time clock to begin his day's work. Listen to the birds, let the beauty of nature lead you to think on God, then go with beauty and music to your appointed task to continue your feeble effort united with God's great effort to bring this world back to Himself.

**LEGAL NOTICE**  
THE STATE OF TEXAS  
COUNTY OF PARMER  
In the Name and by the Authority of The State of Texas To: Roy Vela and his wife, Mrs. Roy Vela, whose residence is unknown, and the respective unknown heirs and legal representatives of all the above named parties, the unknown owner or owners of the hereinafter described property and their heirs and legal representatives, whose names and places of residence are unknown, and any and all other persons, including adverse claimants, owning, or

having, or claiming any legal or equitable interest in or lien upon the hereinafter described property delinquent to plaintiff herein for taxes.

YOU ARE HEREBY NOTIFIED that suit has been brought and is now pending in the Honorable District Court, 154th Judicial District, Parmer County, Texas, wherein Friona Independent School District is plaintiff; the City of Friona, Texas, a municipal corporation, and the State of Texas, the County of Parmer and High Plains Underground Water District No. 1 are impleaded party defendants; and Roy Vela and his wife, Mrs. Roy Vela are defendants, by the filing by said plaintiff of a petition on the 23rd day of August, 1960, and the file number of said suit being No. 2153 and the nature of which is a suit to collect delinquent ad valorem taxes on the following described property, to-wit:

Lot Number Six (6) in Block Number Ninety (90) of the Original Town of Friona, Parmer County, Texas;

together with interest, penalties, costs, charges, and expenses of suit which have accrued and which may legally accrue thereon.

The amount of taxes due each plaintiff, exclusive of interest, penalties and costs is as follows:

Friona Independent School District, \$3.69  
TOTAL \$3.69

The names of all taxing units which assess and collect taxes on said property not made party to this suit are none.

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties, and costs allowed by law thereon, may, upon request therefor, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective tax claims against said property. You are hereby commanded to appear by filing a written answer and defend such suit on the first Monday after the expiration of forty-two (42) days from and after the date of issuance hereof, the same being the 7th day of November, A. D. 1960 (which is the return day of such citation), before the honorable District Court of Parmer County, Texas, to be held at the courthouse thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalties, interest

and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court in the City of Farwell, Parmer County, Texas, this 21st day of September, A. D. 1960.

Hugh Moseley, Clerk of the District Court  
Parmer County, Texas  
SEAL: 154th Judicial District  
By Dorothy Quickel  
Deputy  
52-2tc

**LEGAL NOTICE**  
THE STATE OF TEXAS  
COUNTY OF PARMER  
SHERIFF'S SALE

WHEREAS, on the 5th day of August, 1960, in Cause No. 2117, in the District Court of Parmer County, Texas, wherein Friona Independent School District of Friona, Texas, and the City of Friona, Texas, a municipal corporation of Parmer County, Texas, and the State of Texas, and the County of Parmer and the High Plains Underground Water District No. 1 were Plaintiff, and impleaded Party Defendants, recovered judgment against Harrison F. Gee and his wife, Irene Gee, Defendants, for taxes, penalty, interest and cost against the hereinafter

described property;

WHEREAS, on the 22nd day of September, 1960, by virtue of said judgment and the mandates thereof the Clerk of the above mentioned District Court of said county did cause to be issued an Order of Sale commanding me as Sheriff of said county to seize, levy upon, and sell in the manner and form as required by law the hereinafter described property;

WHEREAS, by virtue of said judgment and said Order of Sale and the mandates thereof I did on the 22nd day of September, 1960, seize and levy upon the property of the above defendants the following described property, situated in Parmer County, Texas, to-wit:

(Said description showing the number of acres, original survey, locality in county, and name by which said property is most generally known.)

FIRST TRACT: All of the North thirty-five feet (N. 35') of Lot Number Five (5) in Block Number Fifty-two (52) of the Original Town of Friona, Parmer County, Texas.

And I will on the First Tuesday in the month of November, 1960, the same being the 1st day of said month, proceed to sell all the right, title, and interest of the Defendants in and to said property at the Court House door of said county in the city or town of Farwell, Texas, between the hours of 10:00 a. m. and 4:00 p. m. to the highest bidder for cash, provided, however, that none of said property shall be sold to the owner of

said property directly or indirectly or to anyone having an interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said property or the aggregate amount of judgments against said property in said suit, which ever is lower, subject also to the right of the Defendants to redeem same in the time and manner provided by law and subject also to the right of the Defendants to have said property divided and sold in less divisions than the whole.

Dated at Farwell, Texas, this the 22nd day of September, 1960.  
Chas. Lovelace, Sheriff  
Parmer County, Texas  
By Tom Atkins, Deputy  
52-2tc

# Feed Mission Team Tours Parmer County

## THE HIGH PLAINS FARM AND HOME

In an effort to find a new market for its abundant supply of grain sorghum, the Grain Sorghum Producers Association has hosted last week to a six-man feed grain mission team from Japan.

Three members of the team were in Parmer County Thursday touring grain sorghum fields, feed mills and feed lots.

The visit to Parmer County by these foreign agricultural experts was part of the first leg of a tour which will take them to production, marketing and feed utilization facilities throughout the United States.

Sponsors of the feed mission are the U. S. Feed Grains Council, of which the Grain Sorghum Producers Association is a member, and the U. S. Department of Agriculture's Foreign Agricultural Service.

Here to investigate the possible purchase of new feedstuffs for Japan's fast-expanding livestock industry, the visitors re-

ported at the end of their tour that they were impressed with the production of grain sorghum in Parmer County.

Arriving in Friona Thursday morning from Happy, the visitors met at Friona State Bank with Dub Anthony, president of the Parmer County Grain Sorghum Producers Association; Parmer County Agent Joe Jones, and other members of the association.

The group discussed the pro-

TALKING IT OVER with Morihisa Emori, chairman of the Japan Cereal and Feedstuffs Importers' Association, is E. H. Cummings, left, and Parmer County Agent Joe Jones.

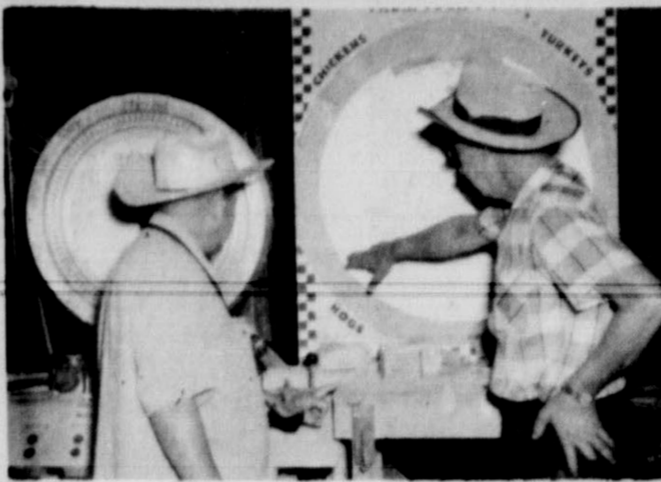

duction of grain sorghum in the county and the visitors were shown samples of various grain sorghum by-products before starting on the tour. The tour included visits to the feed processing mill at Cummings Farm Store, inspection of facilities at Friona Wheat Growers Elevator and a visit to Jack Tomlin's demonstration plot of various grain sorghum varieties near Hub.

At the demonstration plot the foreign guests were shown how different varieties are grown side by side for the purpose of seeing which varieties will do best under similar grow-

ing conditions. The visitors also toured the chicken and egg production facilities of the Houser brothers at Friona and the Farwell Feed Lots. The tour was concluded with a visit to Worley Mills in Clovis.

Members of the team which visited Parmer County were Morihisa Emori, chairman of Japan Cereal and Feedstuffs Importers' Association; Hanjuro Kotake, Feed Department of Japan National Farm Cooperative Association; and Kohel Yamanouchi, Mill-feed By-product Producer's Association and Feed Manufacturer.

The other three members of the team, which included Zenichiro Yasuda, director of the Japan Ministry of Agriculture and Livestock Bureau, were in Castro County during the day. The three visitors who were

EXPLAINING A FEED CHART to one of the Japanese tourists is E. H. Cummings of Cummings Farm Store. The members of the Japanese feed mission team toured the Cummings feed mill at Friona and saw how part of the Parmer County grain sorghum crop is utilized.

in Parmer County were special guests at a luncheon in the Friona Community Building Thursday noon. Jeff Peeler, legislative director of the sorghum producers association, explained the purpose of the feed grain mission and County Agent Jones showed slides of grain sorghum crops in the county and how the grain is utilized.

Also speaking at the luncheon was one of the foreign guests, Mr. Emori. He explained how the diet of the Japanese people has been improving and the reason for his country's need for more protein foods.

Japan, with its wealth of population, during the past decade has been experiencing an industrial boom and subsequently a higher standard of living for its citizens.

An outcome of changing dietary habits and the continued increase of per capita income in Japan has been the development of a large and fast-growing demand for livestock products such as meat, milk and eggs.

Japanese farmers are finding livestock enterprises more profitable and are making every effort to take advantage of this situation. Also, the Japanese government is vitally interested in improving both the income standards of farmers and the food habits of its people

and it has undertaken during the past few years measures designed to assist farmers in expanding livestock production.

Therefore, milk, meat and egg production are increasing rapidly and this boom will most likely continue for quite some time. It is estimated that the total meat production in Japan will increase more than 150 per cent in the next ten years.

With the expansion of the country's livestock program will be the need for more feed imports.

A factor which contributes to Japan's reliance on feed imports is the country's size and its vast population. The three main islands, which make up the Oriental nation, are slightly smaller in land area than the State of California. Since the population is more

than 90 million, Japan will never be able to provide the necessary staple foods as well as feed for a livestock program.

That's where the United States comes in, especially since this nation's problem in recent years has been a grain surplus instead of a shortage. Currently, less than one-fourth of Japan's feed imports are supplied by the U. S., and it hoped that visits similar to the Japan Feed Grain Mission will be mutually beneficial to both countries.

As explained in brochure put out by the U. S. Feed Grains Council regarding the Japanese mission, the Japanese and Americans "have a bond

of mutual interest in the sharing of information, technical know-how and resources of a free agriculture."

The Japanese have imported corn from the United States for several years, but they have never imported grain sorghum. The reason for inviting the Japanese to the High Plains area, which is the largest grain sorghum producing section in the country, was to sell the Japanese visitors on this area's number one farm product.

Recently, two millions bushels of grain sorghum were shipped to Japan and the grain sorghum association plans to follow through by sending representatives to the country.

Announcing the 1961 Ford . . .

Beautifully proportioned to the

**CLASSIC FORD LOOK**

The 1961 Ford Galaxie Club Victoria—beautifully built to take care of people

**BEAUTIFULLY BUILT TO TAKE CARE OF ITSELF**

The 1961 Ford introduces a whole new concept of what a car can do for you . . . and for itself!

It lubricates itself. New nylon bearings and a newly developed lubricant keep the '61 Ford freshly greased for 30,000 miles. Good-bye grease racks! What's more, it cleans its own oil. The 1961 Ford's Full-Flow oil filter lets you go 4,000 miles between oil changes.

It adjusts its own brakes. A "mechanical brain" keeps brakes adjusted for the life of the lining.

Rust? Ford's body is specially processed to resist corrosion, even to galvanizing body panels beneath doors.

Ford takes care of itself on the turnpike, too, with a new 390-cu. in. Thunderbird Special V-8 that has all the punch you'll ever need. The 352 Thunderbird Special V-8 and 292 Thunderbird V-8 thrive on regular gas. And, for top economy, you can choose the '61 Mileage Maker Six.

This is the 1961 Ford . . . beautifully proportioned to the Classic Ford Look . . . beautifully built to take care of itself.

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF

- LUBRICATES ITSELF. You'll normally go 30,000 miles without a chassis lubrication.
- CLEANS ITS OWN OIL. You'll go 4,000 miles between oil changes with Ford's Full-Flow oil filter.
- ADJUSTS ITS OWN BRAKES. New Truck Size brakes adjust themselves automatically.
- GUARDS ITS OWN MUFFLER. Ford mufflers are double-wrapped and aluminumized—normally will last three times as long as ordinary mufflers.
- PROTECTS ITS OWN BODY. All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing body panels beneath doors.
- TAKES CARE OF ITS OWN FINISH. New Diamond Lustre Finish never needs wax.

**These Many MM Features Assure Greater Cotton Stripping Profits**

ZO COTTON HARVESTER ON 445 UNIVERSAL (With optional rear-wheel guards removed)

Position of ferrules gives quick, easy adjustment in one-inch intervals for rows from 26 to 42 inches.

Wire mesh section gives operator clear view of work being done by plant lifters and stripper unit, allowing quick adjustments to enable top stripping job.

Telescoping stripper head lowers to give clearance for rear axle when backing tractor into harvester for single unit mounting. If rear wheel shields are used, these must be removed when mounting or dismounting harvester.

Tapered sugar conveyor carries stripped cotton to rear of harvester where 7-inch steel puddles move it to the tumbler belt for delivery to elevator. (See inset below.)

Individual levers within easy reach of operator allow on-the-go adjustment of plant lift angle and height for best guidance of plants into stripping unit.

Sturdy 48-inch Ruted stripper roll and spring-loaded stripper bar set at gentle angle strip off bolls from stems into sugar conveyor. (See inset below.)

Floating spring-loaded plant lifters guide plants to stripper bar and roll. Height and angle of lifters can be individually controlled from tractor seat by hand lever.

Shield protects cotton plants from front wheels — guides cotton plants into stripper unit. Shields for rear wheels are optional equipment.

# Conservation Award Goes To Carl Schlenker WITH THE COUNTY AGENT

JOE JONES

Carl Schlenker

Carl Schlenker of the Rhea Community was honored Tuesday evening at the annual Soil Conservation District Banquet as Conservation Farmer of the Year. This choice was made by a committee appointed by the Soil Conservation District board of supervisors.

Schlenker, a native of the community, owns a section of land and irrigates most of it from three wells by using about two miles of concrete underground pipe. Loss of tail water on his farm is very small and most of it goes on his native grass pasture.

In addition to utilizing the tail water from his fields, Schlenker makes use of surplus water from other farms. Water that flows down the north side of his place is caught behind a dike and is re-used. At the present time he is planning to set up a pump and motor to pick up waste water that flows down a ditch on the south side of his farm.

This outstanding farmer is a breeder of registered Polled Herefords and feeds out calves and lambs from time to time and has planted part of the farm to pasture to accommodate his livestock.

He practices a conservation cropping system by growing primarily high residue crops and rotates them over the farm. All residue is utilized by being worked into the soil and a rotovator has recently been

purchased for this operation. No stubble is ever burned.

Before irrigation Schlenker used a system of terraces on steeper land and strip cropped on the contour to prevent wind and water erosion. He used a rotation program of grain sorghum, summer fallow and wheat. At the present time he has contoured rows wherever possible to improve the application of water and reduce loss of water.

Schlenker and his wife, the former Velma Schueler, and their four children, Connie, Floyd, Jim and Carlene, live on the farm, which is about fourteen miles west and 1 1/2 north of Friona. The children attend Friona schools.

Mrs. Schlenker assists her husband in the operation of Rhea Grain and Fertilizer, a business which is located on the farm.

He is a member of the Parmer County Community Hospital board of directors, has served on the Soil Conservation District board for two terms and has been a member of the High Plains Underground Water District board of directors for the past five years.

This past week three members of the six member Japanese "Feed Grain Mission" visited elevators, sorghum fields, feed mills, and feed lots in Parmer County. This group was in Parmer County to observe feeding operations, feed preparations and feed grains used in these operations. They are here as a result of efforts put forth by the National Grain Sorghum Producers Association.

The Japanese are including more protein in their diet each year and to continue to do this it will take more feed grains to produce meat. This offers us a market for grain sorghum and of course is not being overlooked by the National Grain Sorghum Producers Association.

Marketing of grain sorghum is one of our big problems and of course we should do everything possible to move a good product into the trade channels. Contamination of grain sorghum is one thing we must continue to guard against. To market a good product we must keep the product pure, so be sure to sweep trucks clean after hauling seed wheat to the field. It is easy to get a little treated seed wheat in grain sorghum unless trucks are cleaned up.

Also, keep cottonseed away from grain sorghum. One cottonseed in a load of grain sorghum going west can sure cause trouble and expense to the purchaser when found at the California Port of Entry. Lets keep down contamination and try to give the purchaser what he wants and can use.

Friday Sept. 30th we will

tour the grain sorghum variety demonstrations on Jack Tomlin and Bob Riethmayer farms. We will meet on Jack Tomlin's farm one-half mile south of Hub at 9:30 a.m. After observing the 13 different varieties there we will go to Bob Riethmayer and see 12 different varieties seeded double row. We should be finished by 11:00 a.m.

Quality cattle are usually as good if not the best buy in cattle any time. This becomes more true as prices lower and the value of 100 pounds of meat put on in the feed lot is near or below the cost of putting the 100 pounds on. Better keep this in mind when purchasing cattle this fall that will be classed as feeders next

spring. You may not plan to feed them but someone will and the price will be reflected in light of the cost of putting on a hundred pounds in the feed lot and the value per 100 pounds after they are finished.

This is not to say crossbreds are not good because crossbreds are very popular with feeders. But it is to say cattle should be quality beef breeds that will have shape and be capable of finishing out a choice carcass. The color or markings matter little but how they will

finish out, and grade, does matter. So keep this in mind and get cattle that will do what you plan for them to do.

# Grain Sorghum Tour Friday

A tour of two grain sorghum demonstration fields in Parmer County is scheduled for Friday, September 30, announces Joe Jones, Parmer County Agent. All area farmers and other interested persons are invited to gather at Jack Tomlin's sorghum demonstration plot one mile south of the Hub at 9 a.m. for the first part of the tour.

The group will observe eight rows of 13 different hybrid grain varieties at the Tomlin farm and will then proceed to the Bob Riethmayer farm three miles east and three and one-half miles north of the Hub. Here the members of the tour will see eight rows each of 12 different varieties seeded two rows to the lister ridge.

"These demonstrations are being grown to give farmers a chance to observe side by side the more widely-grown hybrids and to give them the opportunity to observe a few of the new hybrids and compare them with the more commonly grown hybrids," Jones says.

The eight row plots at each of these two demonstration areas will be harvested and weighed separately and yields from each variety will be published for the benefit of grain sorghum growers, Jones explains.

The 13 varieties of sorghum planted at the Tomlin farm were DeKalb F-63, DeKalb F-62, Lindsey 722, Golden Acres TE 66, Steckleys R 111, Amak R 12, Amak Red Raider, Amak Ranger, R. S. 630, Texas 611, R. S. 610, Texas 620, and Texas 660.

All of these varieties were seeded on May 19, the ground received 82 pounds of nitrogen before planting and 41 pounds of side dressing on July 1. The seeding rate was 6 1/2 pounds per acre in single rows. Varieties planted on the Riethmayer farm were Texas 660, Lindsey 788, Amak R 12, DeKalb F-63, P.A.G. 665, Steckleys 108, Golden Acres TE 55, Amak Red Raider, Amak Coastol, DeKalb F-62, R. S. 610, and Texas 601. This plot received 82 pounds of nitrogen preplant, was seeded in double rows at a rate of 8 pounds per acre and the seeding date was May 24.

Friday's tour will be the first of two planned in the county. A second one, to be at the Melvin Sachs farm near Rhea, is scheduled for a later date.

SHOWING THE JAPANESE GUESTS a few samples of grain sorghum and some of the crop's by-products is Dub Anthony. The Japanese visitors, from left to right, are Kohel Yamanouchi, Morihisa Emori, and Hanjuro Kotake.

# Farm Bureau Convention Slated For Thursday, October 6

At 8 p. m. Thursday, October 6, the 12th annual Parmer County Farm Bureau Convention will begin at the Oklahoma Lane Community Building. Personal invitations are being mailed to all members and Herman Gerles, president, urges each member of every family to attend.

During the business session five directors and a president will be elected. Nominations

will be accepted from the floor, so anyone present will be able to nominate any person he feels is qualified to hold office.

Various committees have planned meetings this week and an interesting and informative program is being planned. No speaker has been engaged, but Herman Gerles, president; Vernon Symcox, secretary-treasurer; and Gilbert Kaltwasser will be present.

These three attended a policy development meeting of Farm Bureau District Two in Lubbock last Thursday. Any one of them will be willing to pass on information pertaining to minimum for farm workers, the braceo program, marketing methods,

taxes and other matters of vital interest to farmers that were discussed at this meeting.

Mr. Gerles would like to emphasize the importance of being present at this meeting. He says, "Being present gives you a voice in the affairs of this, your organization, and by taking advantage of this opportunity, you will have a voice in matters affecting your farming business for the next year."

**Earn Extra Profits On Grain**

with a **LOK-RIB** steel Grain Storage Building!

Let your LOK-RIB pay for itself in increased grain market earnings or resealing storage payments! You'll say you never made a better investment.

LOK-RIB's tight-fitting panels seal out moisture and vermin from your crop so you get better prices. Off-season, your LOK-RIB will save machinery repairs by providing weathertight quarters for your farm equipment.

Extended payment plan available with convenient terms up to five years — minimum down payment.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

One week from this Thursday night, October 6, eight o'clock, Oklahoma Lane Community Building. This is the time and place for the 12th annual Farm Bureau Convention in Farmer County. The building is located on the road that runs from the Oklahoma Lane crossroads to Clay's Corner, on the Muleshoe highway.

six and one half miles west of Clay's Corner, on the south side of the road. It is a metal quonset-type building. Members will receive individual invitations, and we would like to see most of them with their families. This is a family affair. Committees will be meeting several nights between now and then, preparing a program that will interest you. This is where you can have a voice in circumstances affecting your farming business for the next year. Be there.

Herman Gerles, president; Vernon Symcox, secretary-treasurer; and Gilbert Kaltwasser attended a policy development meeting of Farm Bureau District Two in Lubbock last

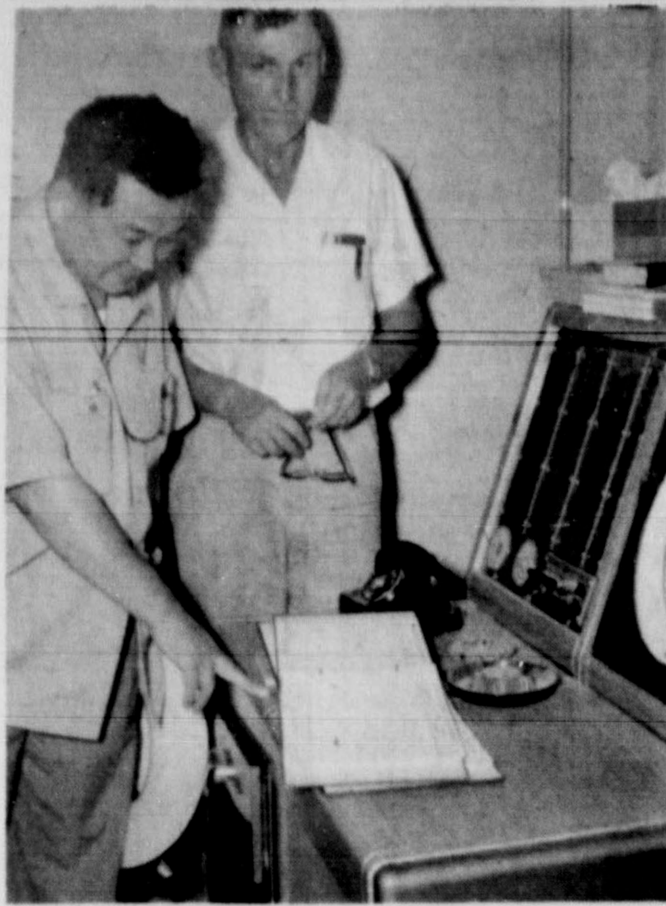

Thursday. No decisions were made, but subjects of vital importance, like minimum wages for farm workers, bracero program, marketing methods, taxes, and many others were discussed. Wagner Carr, of Lubbock spoke at a banquet held in the evening.

Remember that you must file for the three or four cents per gallon Federal Tax Refund on tractor gas before the first of October. You can get forms for this from your county agent, at the post office, or here at the Farm Bureau Office. This refund covers a whole year, so it's important.

"A man may learn from the Bible to be a more thorough gentleman than if he had been brought up in all the drawing rooms in London." Charles Kingsley wrote the above statement.

Remember that there will be five directors and a president elected at the convention next week at Oklahoma Lane Community Building. If you know someone you would like for any of these offices, please be there to name him. He may be elected.

CONSIDER THIS: "Fret not thyself because of evil men, neither be thou envious at the wicked; for there shall be no reward to the evil man; the candle of the wicked shall be put out." Proverbs 24:19-20.

AT FRIONA WHEAT GROWERS ELEVATOR, the Japanese visitors were shown the mechanical method of recording the temperature of grain stored in the elevator bins. Shown here are Hanjuro Kotake of Japan and Arthur Drake, manager of the elevator.

INSPECTING A FIELD OF MAIZE at the Jack Tomlin farm near Hub are these three members of a Japanese Feed Grain Mission team which is touring the United States. Joining them on the tour of Farmer County were Dub Anthony, left, president of the Farmer County Grain Sorghum Producers Association and Bill Nichols, secretary of the association.

**THE ELECTRIC CO-OP PROVIDES**  
  
**PARTNERSHIP POWER FOR PROGRESS**  
When the Electric Cooperatives of Texas were first organized, their members agreed to serve anyone in their rural area who needed electricity.  
The members borrowed money at interest to build their own electric systems and they are paying back principle and interest, often ahead of schedule.  
This broad plan of area coverage has revolutionized rural life. Twenty five years have passed since this covenant was made and the pledge is still unbroken.  
Today the member-owners of the 77 electric cooperatives serving Texas can point with pride to efficient, dependable electric systems providing **PARTNERSHIP POWER FOR PROGRESS.**
