NUMBER 15

Meat Shortage In Sanderson Grows Acute; Upshaw to Head New Distribution Program

SALES FOR THREE WEEKS SHOW 11,315 POUND SHORTAGE

Meat, a delicacy which has long been so bountiful in Sanderson, has within the last few months become one of the biggest shortage problems in this city.

The primary cause of the shortage lies not in the rationing of meats, for many Sandersonites have bountiful points in their ration books which lie there unused until they expire. The Peyton Packing company of El Paso and the Swift company

both have discontinued deliveries to this section of the state, because the companies have been operating at a loss the last few months, packing concern representatives have told local meat retailers.

Sole distributor in this area at present is the Armour company which cannot supply all the demands of meat-enjoying West Texans.

Local purchases from packers within the last three weeks were: Cooke's Market, 548 pounds; House Grocery, 622 pounds; Ochoa's Grocery, no purchases; Cooke's butchered two beefs, and Ochoa butchered two calves and one cow.

In ordinary peacetime, Cooke's Market sold from 400 to 500 pounds of beef daily; House Grocery sold approximately 1,200 pounds weekly; and Ochoa sold from 750 to 1,000 pounds weekly.

Comparing the figures of meat sold in the last three weeks with figures of sales of three weeks during peacetime—Sanderson markets have sold about 2,710 pounds of beef in the last three weeks, and in three weeks during peacetime they sold approximately 14,025 pounds of beef. This figure does not include beef sold by Wayne's market which has been closed since the rationing of beef, but only the three markets mentioned above. These figures show a shortage of 11,315 pounds of beef for the three week period, with an increase in population since Pearl Harbor.

Recently there have been discussions of a Terrell County abattoir where meat would be butchered under approved sanitary conditions, as it is in many of the larger cities of the state. No definite plans have been reached yet, reliable sources report.

NEW PLANS TO AFFECT CIVILIAN AND ARMY USE

E. L. Upshaw, state representative of the Food Distribution Administration at Austin, will head the new war meat marketing program, B. F. Vance, state USDA director has announced.

New plans for meat distribution in Texas are to route meat in legitimate channels to meet demands of armed forces and civilian consumption. This will help stamp out black markets that have been taking a heavy toll of supplies and creating tremendous meat shortages throughout the state.

Encouraging Texas producers to route livestock into normal commercial channels, preferably to inspected plants, Upshaw explained that the War Food Administration limits purchases to federally inspected meat and that the volume of slaughter had been falling off, despite the fact that more plants are under federal inspection than at any other time.

Failure of federally inspected plants to operate at a maximum production have partially been responsible for the state-wide shortage, he said.

Other plans of the new program are to promote sanitary conditions in the slaughtering and handling of meats, to prevent waste and conserve by-products and to make the slaughter system operate more effectively.

MERLE HOLMES IS BRIDE OF SERGEANT LEE DUDLEY

Miss Merle Holmes, daughter of Mrs. Mamie Holmes of Sheffield, and Sergeant Lee Dudley, son of Mr. and Mrs. Roger Dudley of Ozona, were married in Iraan Friday afternoon, May 23 at the home of Mr. and Mrs. J. R. Dorris.

The Rev. M. D. Overton, pastor of the Christian Church, performed the ceremony. Mrs. Dudley wore a navy blue dress with dark accessories.

Sergeant Dudley is stationed at Fort Benning, Georgia. Mrs. Dudley was a former resident of Sanderson and is a sister of Mrs. M. G. Northcut.

EMERGENCY OPERATION

Billy Carter, son of Mrs. Janice L. Carter, was taken to Fort Stockton Wednesday by Mrs. Tip Stockton and Mrs. Henry Mansfield, where he underwent an emergency appendectomy.

Mrs. H. C. Goldwire and Miss Nina Barger went to San Angelo Sunday of last week. Miss Barger continued to Robert Lee where she visited until Thursday. Mrs. Goldwire continued to Christoval where she visited until Saturday.

Green Cooke and children, Bobby and Betty, returned Thursday from Dallas where Betty received a medical check-up. Doctors pronounced her completely cured.

Mrs. H. E. Fletcher left Tuesday for El Paso for a visit with her parents, Mr. and Mrs. S. C. Bodkin. Mrs. Bodkin was suffering from a broken collar bone and two sprained wrists, a result of a fall on her basement steps.

John Carson of Richmond, Virginia, arrived Friday for a visit with A. E. Creigh Jr. and son, Al. He left Saturday enroute home where he will report for training with the Marines.

Mr. and Mrs. Ervin Grigsby visited in the home of Mr. and Mrs. Duane Smith of Alpine during the past week-end. They also visited in Marfa.

MORE MEN NEEDED FOR TEXAS DEFENSE GUARDS HERE

State headquarters of the Texas Defense Guards has requested local officers to raise the company to 72 men, Captain W. L. Miller of Company C, 46th Battalion, announced Thursday.

At present there are 35 men in the company, which drills every Monday and Thursday evening from 8 until 10 o'clock on the county courthouse lawn. Last month eight of the men were drafted, thus decreasing the size of the organization.

Captain Miller stated that sufficient equipment, including clothes, guns and ammunition, was available. Men between the ages of 16 and 64 are eligible for membership in the Texas Defense Guards, he said.

Commenting on the values derived from service in the organization, Captain Miller said, "Young boys and men, planning to enter the armed forces soon, can learn many of the rudiments of armed service. Also, they will be enrolled in an organization which has served as a model for the rest of those of its kind in the nation."

Men interested in joining the Defense Guards should come to one of the drills on Mondays and Thursdays, where Captain Miller will take applications and answer questions.

German Prisoners Escape Internment Camp at Camp Hood

Five German prisoners of war escaped from an internment camp at Camp Hood Wednesday morning, and one of the prisoners, Hans Masseur, 21, was captured in Flat, a small town near the camp. F. B. I. agents in San Antonio have announced.

Three of the four escaped prisoners speak English, and one of them had a map of South Texas and Mexico, the authorities said. It is believed that they may try to cross the border into Mexico.

All Texans are told to be on the lookout for the Nazi prisoner of war, and the following description has been broadcast throughout the state:

Adolf Gustav Boddenberg, age 22, height, 5 feet 8 inches, weight 137 pounds, light complexion, brown hair and blue eyes.

Ludwig Jung, age 21, height 5 feet 11 inches, weight 158 pounds, gray eyes, light complexion and blond hair.

Harold Stalleicken, age 22, height 6 feet, weight 158 pounds, hazel eyes, light complexion and blond hair.

Rolf G. U. Zieschang, age 23, height 5 feet 6 inches, weight 154 pounds, blue eyes, ruddy complexion and blond hair.

HAS OPERATION

Mr. and Mrs. R. V. Raney left Friday for Fort Stockton where Mrs. Raney underwent a major operation. She was reported doing as well as could be expected Thursday morning.

Mr. and Mrs. M. H. Goode Sr., and Mr. and Mrs. M. H. Goode Jr., returned from Del Rio Saturday after spending about two weeks there.

Mrs. Ted Baker and little son, Freddie, returned home Saturday from a two weeks visit in El Paso.

Mrs. H. S. Smith of Del Rio visited here last week-end with her sister, Mrs. R. V. Raney, and Mr. Raney. She accompanied them to Fort Stockton Friday.

Mr. and Mrs. C. M. Cade, Mrs. J. W. Leatherwood, and Miss Iva Leatherwood visited in Ozona Saturday and Sunday. Miss Geraldine, sister of Miss Iva, returned for a visit with them. She will also visit with Mr. and Mrs. James Word while here.

Victory Garden Harvest Show Set For October 1

A Terrell County Victory Garden Harvest Show was the subject for discussion at a meeting of the Ranch Home Demonstration Club last Tuesday, June 1, in the home of Mrs. John Byrd. The show will be held October 1 in Sanderson, and proceeds will go to the Navy Relief and Army Emergency Relief Funds, it was announced.

A complete classification has not yet been formulated, but all vegetables, flowers, and canned products, and pictures will be exhibited. Anyone is eligible to enter exhibits and prize ribbons will be awarded. Most of the plans are still tentative.

Opening with a sing-song, the meeting included a report by Mrs. Sam Culbertson on the district meeting held in Monahans in May. The Red Cross chairman reported 232 articles for the Red Cross were completed during May by the club.

The following people were appointed to direct the Harvest Show: Chairman, Mrs. Ferd Monroe; staging committee, Mrs. Mary Mitchell; judging, Mrs. C. Sid Harkins; publicity, Mrs. C. C. Mitchell; hospitality, Mrs. Malone Mitchell; financing, Mrs. Albert Appel, Jr. The committee chairmen will select members to serve on their committees.

At the club meeting, the following members were present: Mrs. Joe F. Brown, Mrs. T. A. Short, Mrs. W. E. Lea, Mrs. Mary Mitchell, Mrs. Sid Harkins, Mrs. Albert Appel Jr., Mrs. Ferd Monroe, Mrs. Sam Culbertson, Mrs. John W. Byrd, Mrs. N. M. Mitchell, Mrs. H. C. Goldwire, Jr., Mrs. Gay Franks, Mrs. C. C. Mitchell, Mrs. James Kerr, Mrs. C. P. Peavy, and Mrs. Mabel Lanum.

Further information regarding the Harvest Show will be printed from time to time as it develops.

County Quotas On Farm Machinery Are Cancelled

All county quotas on rationed farm machinery were cancelled last week by the Texas USDA War Board.

Under the devised program, which goes into effect immediately, eligible producers now may purchase machinery from any dealer in the state instead of restricting purchases to the county in which they carry out farming operations.

They will be required, however, to locate the machinery they wish to purchase and obtain a purchase certificate from the Farm Machinery Rationing Committees before making purchase. Producers are eligible for purchase certificates when their application for farm machinery and equipment is approved by local rationing committees.

Committees are not permitted to issue purchase certificates unless the machinery is located by the producer, B. F. Vance, chairman of the board, said and explained that the purpose of this plan was to prevent issuing certificates in excess of available supply.

UNDERGOES TONSILECTOMY

Mr. and Mrs. Jack Hayre went to Fort Stockton Monday where Mrs. Hayre underwent a tonsilectomy.

Doyce Wells went to Monahans Friday where he is employed with the highway department. His father, D. M. Wells, who was enroute to Pecos on a business trip, took him by Monahans.

Mr. and Mrs. Frank Robertson and daughters, Pattie Jo and Peggy, of El Paso, visited here this week with her mother, Mrs. Luella Lemons and attended the funeral of Mrs. Ray Caldwell.

FUNERAL SERVICES FOR MRS. CALDWELL HELD WEDNESDAY

At her home here on Monday afternoon at 3:30 o'clock, Mrs. Ray Caldwell passed away following an illness of several years duration. Funeral services were held Wednesday afternoon with the Rev. John Klassen, pastor of the First Methodist Church, conducting the services at the graveside. Interment was in Cedar Grove Cemetery beside her late sister, Mrs. Lewis H. Lemons, under the direction of the Oberkamp Funeral Home.

Mrs. Caldwell had been a resident of Sanderson since 1920, coming here from St. Louis with Mr. Caldwell who is employed with the T. & N. O. She was a native of Carlisle, Illinois, having been born there on August 1, 1883, and spent the early part of her life in Carlisle. Despite her illness she always had a cheery smile and a kind word for everyone with whom she came in contact, thus endearing herself to everyone that knew her. In 1917 she was married to Ray Caldwell who survives her. Other survivors are her mother-in-law, Mrs. Jennie Freeman of this city; two sisters, Mrs. Martin Hatcher of East St. Louis, Illinois, and Mrs. J. S. Snyder of Bellville, Illinois; a brother, Clifford Jones of San Francisco, California; an aunt, Mrs. Dora Jones, Sacramento, California; nieces, Joan Lemons of this city, Mary Jean Hatcher of East St. Louis, Lt. Dorothy Snyder of Fort Sam Houston; nephews, Lewis William Lemons of this city and Terry and Jerry Jones of San Francisco.

The only out-of-town relative here for the funeral was Lt. Dorothy Snyder. Many friends from out-of-town were also here in attendance.

The floral offering which was given in her memory was profuse and beautiful and attested the high esteem in which she was held.

Active pallbearers were J. W. Happle, John Whistler, Frank Weigand, J. W. Downum, R. S. Wilkinson and W. J. Ferguson.

Honorary pallbearers were Doc Turk, N. M. Scott, J. C. Mitchell, G. J. Henshaw, Clyde Griffith, F. M. Mansfield, W. H. Savage, Greene Cooke, John Reininger, J. C. Green, R. H. Lewellyn, J. A. Oberling, Dr. R. E. Lester, J. W. Daniels, C. W. Hatch, M. D. Kelly, Rev. J. V. McCall, R. H. Haley, G. W. Tucker, C. I. White, Tip Frazier, W. C. Durbon, C. H. White, C. M. Bentley, John L. Newton, M. D. Smith, E. R. Rose, S. L. Stumberg, Bustin Canon, Larry Horgan, L. S. Dickson, W. C. Barksdale, James Kerr, A. E. Creigh Jr., W. E. Lea, J. W. Sessoms, W. E. Lea, Jr., Tom Breeding, Walter Stansell, Jim Haley, Dr. J. C. Kern, Raymond Yeates, John Stovall, Homer Parker, Jim Nance, Andy Anderson, D. L. Duke, W. H. Buchanan, M. R. Lattimore and Frank Robertson.

MISS SCHNAUBERT AND H. L. GRIGSBY WED IN McCAMEY

Miss Edna Lee Schnaubert became the bride of Harold Lee Grigsby on Sunday, May 30, according to word received here by grandparents of the bridegroom, Mr. and Mrs. Lee Grigsby.

Parents of the bride are Mr. and Mrs. Ed Schnaubert of McCamey. Mr. and Mrs. Lee Roy Grigsby of McCamey are parents of the bridegroom.

Among those attending the Sheep and Goat Raisers' meeting held Wednesday in Fort Stockton, were Mr. and Mrs. Joe F. Brown, Mrs. Gay Franks, Mr. and Mrs. Steve Stumberg, and Johnny Williams.

Mr. and Mrs. John Northcut of McCamey were visitors here last week in the home of Mr. and Mrs. M. G. Northcut.

New Star Discovered By Scientists at Observatory

Discovery of a new double star, weighing possibly one hundred times as much as the sun has been announced by Dr. Daniel M. Popper, instructor in astronomy at the University of Chicago and a member of the staff of the University of Texas' McDonald Observatory.

If the star, designated as RY in the Constellation Scutum, has a mass 100 times that of the sun, it is of the order of some 200 billion billion tons.

Dr. Popper's photographic observations indicate that it is composed of two stars which are actually in contact and revolve around each other in a period of eleven days.

The discovery was reported on the basis of 25 photographs of the faint star, made with the 82-inch reflecting telescope of the McDonald Observatory, Mt. Locke, Texas. The observatory is owned by the University.

Cooperation Necessary on Home Front

"Sorry, we're out!" probably are the most heard words in the grocery stores, markets, drug stores, and cafes of Sanderson these days.

No longer is it a matter of the money a person has available or the number of blue or red ration stamps he has in his book—it has gone beyond that. The shortages have hit Sanderson—hard—and as the days pass, they seem to be hitting even harder.

This is one of the things those on the home front must endure during wartime. But no true American would ask that the men of the armed forces should be without the best of everything. And the only way they can have the best of everything is for us at home to do without many of the luxuries we have been accustomed to.

To mention only a few of the things that are on the shortage list—there are very few fresh vegetables available, hardly any beef, not many canned goods, soft drinks, very little candy, gum, or other sweets.

Some people do not accept these necessary shortages willingly. A man (not a Sanderson resident) ordered a lunch in one of the local cafes some days ago. Glancing at the menu he ordered the regular lunch. The waitress soon brought his order. He glanced at it and asked if it was goat meat. When she told him it was, he shoved it away and the contents of the plate spilled over the waitress. She said nothing, but other patrons of the cafe became irked at this display of the lack of intelligence.

Incidents such as this are not everyday occurrences, for many people accept their shortages willingly, realizing that some fighting American boy is getting what they are doing without.

Cooperation on the part of everyone is the only way the shortages may be solved. The War Production Board is working every day to combat shortages.

Some unpatriotic Americans have turned to the black market for things they cannot buy legally. Besides paying abnormally high prices, they are endangering their own health, as did the people in the North who suffered ptomaine poison from beef butchered in a garage.

Local concerns are doing the best they can in the face of unavoidable shortages, and the best way we can help them is to let our name stay on the waiting lists and to accept their services in the best way they can render them.

Axis dictators like for us to complain at our hardships, for they know their only hope of defeating us lies in creating internal dissatisfaction. They know they cannot beat the American boys at the fighting front. Don't let them beat us at the home front!

ROUTES
You ever hear the expression "a Chinaman's chance?" It is no chance at all! It is a serious exaggeration. I lived in China ten years and the country's system of chance in five to live an infant; one chance in five to own an automobile if you are up.

There is no incentive in China, and for working, saving, investing or inventing. There is no private enterprise. A man with money has an idea to advance his position for industrial development. Result: no progress in hundreds of years.

AMERICAN WAY
More than 500 years America has developed the most profitable large-scale ever known. With machinery man tends 100 to 1 depending on the crop. The man it takes from one man to cultivate such. Then all of them must be that particular land. Americans are known as the people on earth. Enterprise does it; more per man.

American industrial man more than the world, for the same produces more. American workers produce more they are more skillful, they have 4.5 horsepower per man. The investment required to get for one workman in industry is \$8,000. Men tend to acquire skill beyond jobs demand skill.

Manity to make money people to invest their "what it takes to increase yield per worker. Volition is not "charity" or in factories. It's less. Management invests stockholders' money in and training for employment. (1) more output per and better paid (2) less production cost and lower prices, (3) and larger dividends.

TO PROSPER
The investments of shareholders are protected by law, countless small means can afford to enjoy, things they live better than in other countries, rich. Free enterprise agency go hand-in-hand cannot be separated. They could survive without. Our forefathers, Europe and its vicious protected free enterprise the American Con-

prise, the corner-American prosperity, is. James A. Far-Mother's Day meeting that alien as home are threatened by ownership of industry as they were threatened in 1930's by a get-on-economy" and by "Thirty dollars every These philosophies. They will revive of the war.

It Happened in Sanderson TEN YEARS AGO This week—Remember?

June 9, 1933

Miss Bess McAdams left last Thursday for Baylor University at Waco where she will attend school this summer taking a music and English course.

J. M. Corder was a Del Rio business visitor last Friday.

Carl Cochran was a business visitor in Marathon several days this week.

Ervin Grigsby was a week-end visitor in Big Spring and Sterling City.

Mrs. Mary Lou Kellar left Monday for San Antonio and San Marcos where she will visit relatives.

Mrs. E. J. Chastain and son came in the latter part of last week from San Antonio to spend the summer here.

Ben F. (Andy) Anderson leased the old Bohlman Theatre building this week and is opening an up-to-date club room to be called the Sanderson Recreation Club. Members only will

be allowed the club privileges. Three pool tables, domino tables and other equipment is being installed.

Miss Kathleen Sullivan, who has been teaching in Comstock, arrived last Friday to spend the summer here with her parents, Mr. and Mrs. P. F. Sullivan.

Mr. and Mrs. James Kerr and sons left Monday for San Antonio where they will visit relatives.

Mrs. James House and children are visiting relatives in Carrizo Springs.

WITH OUR NEIGHBORS

Big Bend Sentinel, Marfa — The sale of the Thomas Ranch, about twenty-four miles east and south of Marfa, to R. A. McMurray, Alpine businessman, was announced this week by C. L. Thomas who said that the price paid was \$10 per acre.

The sellers are leasing the ranch from Mr. McMurray and will continue to operate it.

Consisting of 9,967 acres, parts of the ranch have been owned by the Thomas family thirty to

thirty-five years.

Alpine Avalanche — Military personnel and civilian war department employees of the Advanced Flying school are spending approximately \$237,000 a year in rent to Alpine and Marfa landlords, school authorities announced this week as a result of a survey of all personnel living off the field.

These figures do not take into account the rents paid by non-civilian service employees of contractors working on the field, it was explained, since the survey did not include such personnel.

Hudspeth County News—Another fluorspar mine began operating four miles east of the Eagle Spring Mining Syndicate this week. Bob Beatty is foreman at the new mine, which is owned by Philip S. Hoyt and associates of the mica mines in the eastern part of this county. The Eagle Spring mine is shipping fluorspar.

Fort Stockton Pioneer—Members of the board of the directors of the Texas Sheep & Goat Raisers Association, together with their wives and a number of West Texans directly concerned with the livestock industry are expected in Fort Stockton Tuesday night and Wednesday of next week for the quarterly meeting of the directors of the Association, with much important business in prospect for discussion, along with a full program of entertainment being planned by the host groups.

Wink Bulletin—Pyote, June 1 —the first contingent of the Women's Army Auxiliary Corps reported for duty at the Rattlesnake Bomber Base Tuesday morning. The cadre was small, but its promise was great.

More and more WAACs will arrive at Pyote until the squadron is full strength.

Ozona Stockman — Ozona's postoffice will graduate from a third to a second class office effective July 1, according to official notice received from the postoffice department at Washington this week by J. R. Kersey, postmaster.

The advancement from third to second class comes about by season of an increase in receipt of the local office to beyond the \$8,000 limit for third class offices. When the annual receipts pass the \$8,000 mark, postoffices are raised to second class, and to first class when receipts pass the \$40,000 mark.

STRICTLY BUSINESS

by McFeatters

"Gentlemen, there's no escaping the fact that government's proposal to place the nation on daylight saving time has brought a crisis! Five of our engineers have suffered nervous breakdowns trying to put our sun dials on daylight saving time!"

★ AT THE PRINCESS ★

ERROL FLYNN, ALEXIS SMITH STAR IN "GENTLEMAN JIM"

The exciting 1830's and the colorful Gay Nineties furnish the background for "Gentleman Jim," which shows at the Princess Theatre Sunday and Monday. Errol Flynn and Alexis Smith are co-starred in the picture of the life of James J. Corbett.

Climaxing the picture is the reenactment of the now classic bout between Corbett and John L. Sullivan for the heavyweight championship of the world on September 7, 1892, in New Orleans. Here Corbett, fighting a scientific bout, was able to knock out the slow, slugging Sullivan in the 21st round.

The story of "Gentleman Jim" starts in the San Francisco of the 1880's where most of the populace secretly attended the outlawed fighting matches of the time.

Corbett (Flynn), a bank clerk, crashes the exclusive Olympic Club with Vicki Ware (Alexis Smith), whom he had met at the bank. At the club, Corbett comes in contact with a professional fight instructor and wins his first bout in an exhibition match staged by the club.

The boastful Corbett and intoxicated Lowrie are ejected from the club in the dance that follows the bout. The next morning the two find themselves in Salt Lake City with Corbett under contract as a professional fighter.

Started on his career, Corbett wins a series of outstanding victories, making himself eligible for a chance to fight John L. Sullivan, heavy-weight title-holder. Vickie, still disliking Corbett for his Irish conceit, secretly puts up the money for Corbett's stake in the fight hoping to see him beaten. Corbett wins the fight and the heavyweight crown.

★ ★ "IMMORTAL SERGEANT" IS STORY OF LIBYAN BATTLE

From all the far-flung fields of battle, there has come no more stirring story than the heroic epic of Libya. The show plays at the Princess Wednesday and Thursday.

Starring Henry Fonda and Maureen O'Hara, "Immortal Sergeant" is that rare cinematic gem—a picture whose authenticity and execution matches its magnitude of theme. The timeliness of the film—focused on the crucial battle fields of North Africa—coupled with its romantic appeal, puts it on a high plane.

"Immortal Sergeant" is the inspiring story of an undomitable band of fighters who conquer the enemy and the elements. Their leader is the sergeant of the title, but it is the inner battle of the corporal which gives the film its key. Portrayed by Fonda, the corporal "finds" himself amid the inferno of battle on the Libyan sands and emerges as an inspired leader when the death of the sergeant forces him to assume leadership of the patrol.

This is not meant to convey, however, that the film deals exclusively with the battle front.

For in every story of a soldier there must be some indication of what he's thinking about—in this film Fonda's thoughts quite naturally turn to home and his sweetheart, Maureen O'Hara.

★ ★ BRIGHT COMEDY AND SWELL SONGS IN MUSICAL HIT

Comedy in the modern manner, a whole batch of small songs and a grand cast headed by Simone Simon and Dennis O'Keefe are the attractions in "Tabiti Honey," which comes to the Princess Friday and Saturday of next week.

In contrast to the highly dramatic roles she has enacted in many previous films, Smone turns to singing and dancing in

this role. Dennis O'Keefe scores with a brilliant performance, showing convincingly why he is one of the screen's most popular stars.

There are no less than seven songs in the picture, and all of them are excellent.

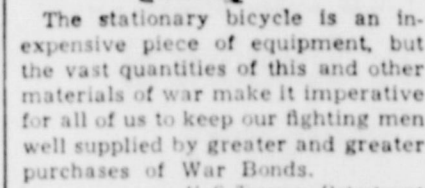

PRICES SET ON PRESSURE CANNERS

Specific ceilings on three war models of pressure canners have

been announced by OPA in the far western zone. Consumer will pay \$13.90 for a 4-quart model, \$14.90 for a 6-quart model and \$15.90 for an 8-quart model. In the far west prices are 60 cents higher because of transportation. Production of another pressure cooker has been authorized by WPB, bringing total during 1943 to about more than in any other year.

★ What You Buy With WAR BONDS Prevents the "Bonds"

Before our fighting pilots take to the air for stratosphere flying they must be "suped-up." To do this the pilot just before he takes off pedals a stationary motor driven bicycle to reduce the amount of nitrogen in his blood. Otherwise gas bubbles would collect in his blood stream.

The stationary bicycle is an inexpensive piece of equipment, but the vast quantities of this and other materials of war make it imperative for all of us to keep our fighting men well supplied by greater and greater purchases of War Bonds.

U. S. Treasury Department

MATERNITY CARE PROGRAM — Wives of men in the armed services can now get maternity care plus medical, hospital, nursing care for their babies without cost to them. The Children's Bureau of the U. S. Department of Labor has announced. To apply for the program, the wife must fill out a form and be cured from the State Department. Additional programs are expected to have programs soon.

THE OLD JUDGE SAYS...

"Your tires are in good shape, Judge...ought to last you at least another 5,000 miles." "I've been very careful of them, Jim, since I learned how much the government needs rubber. Only drive when I have to...keep her under 35 an hour and have the tires switched around every 1,000 miles."

"Me, too, Judge. Pretty tough spot we were put in gettin' our supply of rubber cut off just when we needed it most. But, we'll be gettin' plenty of synthetic rubber real

soon. Say, is it true, Judge, that the beverage distilling industry has a part in producing it?"

"Yes, a very important part, Jim. That industry's facilities for producing grain alcohol make it possible to include 200,000 tons of rubber from grain in the government's 870,000-ton synthetic rubber program. Pretty important contribution to our war effort, isn't it Jim?"

"It certainly is, Judge. Wonder how many people really realize it?"

Conference of Alcoholic Beverage Industries, Inc.

Our WAR BOND dollars do DOUBLE DUTY

We're doing without unnecessary things and putting every spare cent into War Bonds for two prime reasons: first, to speed the day of final Victory, and, second, to have the funds to carry out our plans for post-war better living. Our own special goal is a modern all-electric kitchen and we figure that the more folks like us put into War Bonds, the sooner the war will end and the sooner we can realize our ambition!

Thousands of moderately priced homes now enjoy the convenience and cleanliness of a modern all-electric kitchen, complete with range, refrigerator, dishwasher and garbage disposal unit. You, too, can acquire the electric kitchen of your dreams by buying War Bonds regularly now and earmarking them for the purchase of the finer electrical appliances that will be available after Victory.

Women Who Suffer From
FLASHES then
LY FEELINGS
like so many women between
of 38 and 52—suffer from
weak, dizzy, nervous feel-
ings of "irregularities", are
—due to the functional
period in a woman's life—
Lydia E. Pinkham's Vege-
table Compound. It's the best
medicine you can buy that's
specially for women.
The Compound is famous to
be a distress. Taken regularly
to build up resistance against
suffering symptoms. It also is a
powerful tonic.
Based upon thousands of
benefits. Time and again
Lydia E. Pinkham's Compound has
been women's happiest days
in their lives. Worth trying!

"...and you'll always have tobacco in your old tobacco box!"

When I was a kid my father used to sing a song that ended up with this refrain:
"Oh, save up your money and put it in your sox
And you'll always have tobacco in your old tobacco box!"
Well, the words stuck with me, but I guess the moral didn't.
No matter how hard I tried . . . no matter how many good resolutions I made . . . I always ended up even. If I made more money, I spent more money. Finally, I resigned myself to it—sold myself the idea that I was the kind of fellow who never could save up any money.
But it's all different now!

About 10 months ago, I started buying War Bonds on the Pay Roll Savings Plan. Figured it was the least I could do for Uncle Sam . . . to be kicking in my 10 percent every month to help pay for the ways and means of licking the Axis.
That's the only way I thought about it . . . until just recently!
Now, all of a sudden, I've discovered that—for the first time in the history of Yours Truly—I'm saving dough. Every month, rain-or-shine, hell-or-high-water, I'm sticking away a War Bond, a bond that'll bring me back \$4 for every \$3 I put in.

Those Bonds are beginning to mount up now. And I'm going to keep them mounting up. For I've discovered what a swell feeling it is to be saving money . . . saving it on a plan that's regular as clockwork and twice as sure.
About the time those Bonds start coming due, my kid'll be ready for college. So you can guess what I'm going to do with the money.
And maybe I'll sing my father's song to myself . . . only changing it a little:
"Oh, save up your War Bonds and put them in your sox
And you'll always have tobacco in your old tobacco box!"

SAVE WITH U.S. WAR BONDS EVERYBODY...EVERY PAYDAY... AT LEAST 10%

The above is one of a series of messages to be brought to you by patriotic firms who desire to give you full particulars as to why you should LEND your DOLLARS to back our sons, husbands, fathers and friends, who are willing to GIVE their LIVES so that the world might be a free place in which you and your children, and they and their children, might live in freedom rather than as slaves to ruthless dictators. Every dollar put in bonds helps them.

FOR DEFENSE BUY UNITED STATES SAVINGS BONDS

H. G. Holt returned last week from Brownwood where he had been visiting with his father who has been ill. He reports his father's condition is improved.

Mrs. Chester Surratt and son, Harold, and Miss Joan Echols, left Monday night for Prescott, Arizona, for a visit with relatives.

Mr. and Mrs. Roger Dudley and Sergeant and Mrs. Lee Dudley of Sheffield spent Wednesday here visiting Mrs. Lee Dudley's sister, Mrs. M. G. Northcut. Sergeant Dudley left on the evening train for Fort Benning, Georgia, where he is stationed.

Bob Johnson of Lytle arrived here Sunday for a short visit in the home of Mr. and Mrs. C. I. White before reporting for active training in the Marine corps in July.

T. R. Arrington was in San Antonio Tuesday through Friday of last week.

Mrs. E. L. Brown and daughter, Miss Effa Lou, visited here Sunday in the home of her daughter, Mrs. W. W. Sudduth and Mr. Sudduth.

Mr. and Mrs. W. B. Bureson left Sunday for Lamesa for a visit with relatives. They returned Tuesday.

Joan Echols of Uvalde visited here last week in the home of Mr. and Mrs. Chester Surratt.

Mr. and Mrs. M. L. Grimes and two daughters, and Mrs. Jack Woodruff and daughters, Misses Imogene and Wilma, were Fort Stockton visitors Friday.

Lieutenant and Mrs. William Aston and daughter, Patricia, visited here Saturday and Sunday. He is stationed at Dodge City, Kansas.

J. Riley Dunman of Del Rio visited in the home of Mr. and Mrs. Ben Dawson Sunday.

Mrs. W. C. Cargile and son, Bill, and daughter, Mary Lou, left Monday for San Antonio where Bill will undergo a tonsillectomy.

John Green, Jr., came in Wednesday from Laredo to join his wife and daughter who have been here for several weeks visiting with her mother, Mrs. Maude Sullivan, and with his parents, Mr. and Mrs. J. C. Green.

Miss Grace Wheeler, who is employed by the T. & N. O. at Valentine, came in Tuesday to attend the funeral services for Mrs. Ray Caldwell. She returned to Valentine Thursday accompanied by her son, Edward William Wheeler, who will visit with her for some time.

Wanted—To buy small piano. Must be in good condition. Mrs. C. M. Bentley. 14-3tp

Wanted—Washing machine operated with gasoline motor. Also gasoline iron. Mrs. I. C. Roark Jr. 1tp

Wanted—White Bull Terrier, female, with tiny pink spot on nose. San Antonio rabies license. Answers to Puffy, child's pet. Finder notify L. James G. Harris at Normoyle Ordnance Depot, San Antonio, or ship collect to Mrs. J. G. Harris, Elms, Calif. 2tp

REPRESENTATIVE HUFFMAN REPORTS ON ACTIVITIES OF 87TH LEGISLATURE

The following is a report made by Representative Calvin C. Huffman of the activities of the 87th Legislature:

"To my friends in the 87th Legislative District: "You who conferred upon me the honor of representing you in the State government are entitled to a report on my activities there and on the results accomplished. In 1941 I gave you a report week by week, but because of the haste and the urgent need for economy at this session, I have been forced to rely on this one summary to acquaint you with what has been done.

"The 48th Legislature came to a close on May 11th. After turning the clock back 24 hours and 47 minutes to complete action on the five major appropriation bills.

"It was the first Legislature to finish within the allotted 120 days.

"It was the first Legislature to reduce State expenditures by \$14,000,000 and put the government on a pay-as-you-go basis for the next biennium.

"It was the first Legislature not to vote a single new tax bill.

"As a result of this war-time economy, the State general fund deficit has been reduced from \$30,000,000 to approximately \$20,000,000, and after the next two years the savings will cut the deficit to \$10,000,000.

"Although strict economy was the goal, this Legislature made adjustments within the budget to provide more money for Old Age pensions, and higher pay for school teachers, prison guards, and essential technical men who were being attracted by high wages in defense industries.

"The monthly allotment for old age pensions was raised from \$1,750,000 to \$1,900,000. Matched equally with Federal money, this will provide an additional \$300,000 per month or \$3,600,000 per year for the needy aged. On the basis of present enrollment this will raise the average pension to approximately \$22.00 per month.

"A stricter law for the regulation of loan sharks was passed, to further curb this evil in our state.

"As regards the 87th District, the requests for legislative action were very few. In two important respects, however, our District benefitted by appropriations. The appropriation for the Predatory Animal Control, which had been cut \$23,000 per year in the state bill, was adjusted by your Representative in conference committee to a total of \$91,000, representing a decrease of only \$9,000 under each year of the present biennium. The re-allocation, too, permitted the hiring of six more hunters at \$1,200 per year than had been permitted heretofore. Traveling expense was adjusted to \$19,670 per year, which was \$17,000 per year more than allowed in the House bill. The Livestock Sanitary Commission expressed itself as pleased with the new arrangement.

"Of the sixteen colleges and universities financed by the state, only one—The Prairie View (Negro) College—was raised; and only one—Sul Ross State

Teachers' College—was given the same appropriation as for the present biennium. All the others received cuts in their budgets from 4 per cent to 17 per cent.

"Furthermore, Sul Ross at Alpine was the only college to receive appreciable raises in professors' salaries. Up to the present time Sul Ross had only one professor, the Dean of the college, who received over \$2,890 per year. Under the new budget, six professors have salaries over \$3,150, the president's salary has been increased to \$5,500 (not at his suggestion but at the insistence of your Representative), and thirteen other members of the college personnel have received raises in salary.

"Prison guards were raised from \$80 per month to \$100 per month.

"Although fewer bills were introduced than was the case in 1941, and many of these died on the calendar, several were passed that will be of great importance to the state.

One of these was a bill providing state regulation of labor unions as to initiation fees, membership dues, promotion by Alien or out-of-state organizers, and participation in politics.

Another was a regulatory law for chiropractors, setting up a board to examine and license chiropractors in Texas.

Donations of a dentistry college at Houston and a tuberculosis sanatorium at Laredo were accepted by the state, the former to be run under the supervision of the University of Texas and the latter to be operated by the Board of Control as part of the eleemosynary system.

An appropriation of \$150,000 was authorized for the Board of Control to purchase the Odd Fellows Orphans Home at Corsicana, Texas, an \$800,000 plant of modern buildings, to be used as a home for feeble-minded children. It is situated adjacent to the State Orphans Home.

"Citizens of the 21 Latin-American countries south of the Rio Grande were guaranteed equal privileges and services in all public places of Texas in a bill passed by this Legislature.

"The annual exchange of five Texas and five Mexico highway engineers to study road-building in the two countries has been authorized in a law sponsored by your Representative and signed by the Governor.

"A stricter law for the regulation of loan sharks was passed, to further curb this evil in our state.

"As regards the 87th District, the requests for legislative action were very few. In two important respects, however, our District benefitted by appropriations. LOOKING AHEAD— (Continued from Page One)

the living standards of the Chinese?

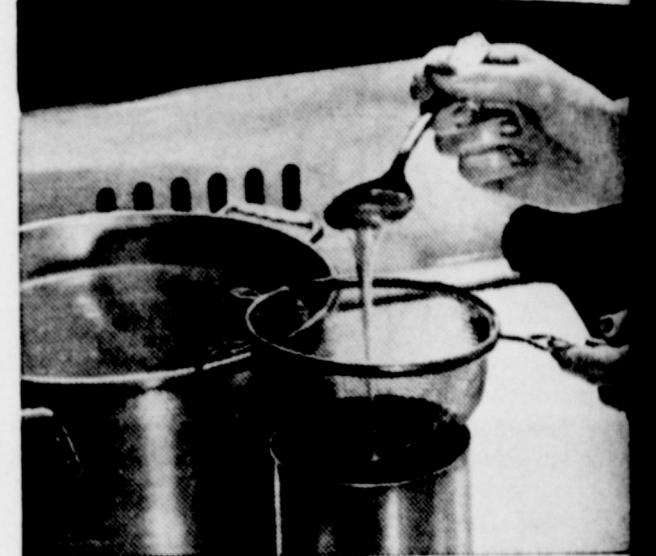

I think the American people like opportunity, incentive and progress such as the nation has

thrived on since 1776. I want relief from the inability of leading our country. We don't want to swap our freedom for regimentation. We want to preserve freedom with its possibilities for advancement and progress.

To the Woman Who Asks How'll I Have Enough Fat to Save for Gunpowder

IT'S EASY TO SEE what you're up against. Cooking fat rationed. You're saving them of course. But you want to have them over again. And that's perfectly right! The government doesn't want your fats—even to make gunpowder—until you've got all the food use out of them. But when you have a spoonful, every drop is desperately wanted. And not a bit of waste in a wife in America has too little to save!

LISTEN! Just one lowly tablespoon of fat—waste fat, the kind you used to throw down the drain—will make five machine bullets for our men at the front! That from just one tablespoon. And it doesn't matter whether it's pan drippings, the skinning of a soup, old shortening or any other kind of used fat. It's against your country to throw it out!

AND DON'T WORRY about what kind of can you use or how long it takes to fill it up. Any kind of can will do—every can! Keep a few on hand as you empty them. They'll go to salvage anyway when you take them to the butcher. But all, and no matter how long it takes to fill up your tin, take your meat dealer. Take it in person, and be proud to do for the boys who need those shells at the front.
