NUMBER 20

RULES AND REGULATIONS FOR VICTORY GARDEN HARVEST SHOW ANNOUNCED

All Persons Are Eligible to Exhibit Flowers, Vegetables

Although the place of the show has not been decided, definite rules and regulations have been announced for the Terrell County Victory Garden Harvest Show to be held October 1st by Mrs. C. C. Mitchell, publicity chairman.

All persons are eligible for entry in the show but the following rules will be observed:

All entries must be in the hands of the Victory Garden Harvest show clerk not later than September 15. No entries will be accepted after September 22.

No exhibit can be removed without the consent of the committee until the end of the show.

Duderstadt To Begin Food Job

Education Declared Best Way to Fight The "Black Market"

Temple J. Duderstadt will resign as area livestock specialist for the Farm Security Administration and will be transferred to the War Food Administration as area food administrator effective Monday, he announced this week. Duderstadt has been connected with the FSA since its creation in 1935.

Duderstadt is to assume leadership for the meat program in a 15-county area, including Terrell.

"We are going to have to depend largely on War Boards and meat committees in each county to see that the spirit and intent of the meat order is carried out," Duderstadt said.

"We intend to see that our meat supply is equitably distributed for civilian needs after Army, Navy, and Merchant Marine requirements are met."

Duderstadt declared that the WFA intended to put a damper on the black market and see that the available meat supply goes through legitimate channels.

"The best way to combat the 'black market' is to educate the public against it," Duderstadt added. "A considerable amount of the muddling in the present meat situation is due to lack of knowledge on the part of the general public. We believe our best weapon to be the truth and we intend to use it."

The WFA will administer milk, bread, and other food orders in addition to meat. Duderstadt said, although he admitted meat is the big job facing his administration right now—San Angelo Standard Times

INJURED IN CAR WRECK

The automobile driven by John T. Williams was wrecked and he was injured Saturday morning of last week when he struck a concrete bridge about 40 miles west of Sanderson on highway 90. Mr. Williams was enroute to Fort Davis when the accident occurred. He was unconscious when discovered by tourists from California who rendered him assistance and took him to Alpine. Closer examination revealed that he had suffered a dislocated hip and was badly bruised. Cause of the accident was not learned although it was stated that the pavement was wet and it is possible that the car skidded.

Mr. and Mrs. C. V. McKnight and daughter, Vivian, of Camp Allison, are here this week visiting with Mr. and Mrs. Jimmie Hanson and attending to business matters.

Mrs. R. E. Stirman and son, Noel returned Tuesday from San Antonio where Mrs. Stirman has been for medical attention.

Entries must be in place by 10 o'clock, judging to start immediately thereafter.

Specimen cut flowers must be shown in containers provided by exhibitors.

Exhibitors' containers should have names and addresses written on adhesive tape and pasted on the bottom. The committee is not responsible for exhibitors' property.

When possible, label specimen exhibits.

Flowers are not to be arranged in exhibition hall but only in the space provided which will be open for this purpose from 10 o'clock.

No one will be admitted to the show room during the judging.

First, second, third and honorable mention seals will be awarded in each section.

In section one will be annual and perennial flowers, roses, dahlias, gladioli, and chrysanthemums. In this section all specimens must have been grown by the exhibitor and must be shown with own foliage.

In section two entries will be judged for their artistic arrangement and other foliage is permissible if desired. Arrangements suggesting "victory" or "peace" may be entered, as well as blue flowers in a blue container; white flowers in a black or white container, garden flowers in a basket, two identical vases or bowls, suitable for mantle or buffet; to be entered as one entry and judged as a unit; and numerous others.

In section three will be found a display of vegetables which must have been grown by the exhibitor; section four, fruits; section five, house plants (must have been the property of the exhibitor for at least three months prior to the exhibition); and section six, canned fruits, vegetables, etc. (Must be in glass containers).

In the section for juniors, not over 17 years of age, there will be classes of flowers, vegetables, and entries for artistic arrangement.

Persons who desire additional information may secure it by contacting Mrs. Mitchell.

LANDING STRIP BEING CLEARED WEST OF TOWN

A new airplane landing strip is being cleared for civilian use and for army emergency landing field if desired. It was announced this week by Dick Mussey, who laid the field out and is assisting in its construction.

The strip is located on the Jack Deaton place, approximately one and a half miles west of Sanderson. It is on the south side of the highway and will be 2640 feet long by 150 feet wide, running east and west paralleling the highway. The runway will be sod and men are at work now cutting the weeds and brush. After this work is completed the holes will be filled and graded and drainage will be done.

Dick says the strip will have proper drainage, markings, clearance, wind sock, and runway maintenance, and should pass army requirements for this type field.

The field is being constructed through subscription and funds of a local concern, according to Dick.

Mrs. Lottie Miller and Mrs. Lee Haines returned Thursday of last week from San Antonio where they were called because of the serious illness of their brother, Hubert Jeffers. While there they also visited with their sisters, Mrs. Walter Simpson, Mrs. Ed Ross, and with Mrs. Flora Scoggins of Kerrville, who was also there to be with her brother.

Mrs. J. E. Mayberry of Uvalde is here visiting with her sister, Mrs. Joe F. Brown and Mr. Brown. She returned with them last week after they had visited relatives there.

Name of Texas Guard Unit is Changed By Legislature

New Protection For Guardsmen Is Provided By Law

Four days before the adjournment of the 48th Legislature a bill was passed which authorized the substituting of the word "state" for the word "defense" in the name of the Texas Defense Guard. The name now is Texas State Guard. This change is in line with the majority of the 42 states which have State Guards and is the official reference used by the War Department and the U. S. Army.

With the change in the name comes the necessity for a change in insignia and patch. Several different suggestions have been made with the most likely to be the center of the present patch with the word Texas above the star. Another suggestion is a blue "T" superimposed over a small white star on a dark red shield. This insignia would retain the colors red white and blue. The patch selected must be approved by the War Department, however, before it may be used.

Another bill which was voted into law by the legislative body was Senate Bill No. 135 which was sponsored by Senator Weaver Moore of Houston, providing compensation in the event of injury or death to members of the Texas State Guard while "in the course of duty."

Under this law members of the Guard who sustain injury are entitled to medical treatment and hospitalization for 30 days and to receive compensation as long as they are disabled, at the rate of \$20.00 per week, but not to exceed 401 weeks. In death cases, the beneficiaries receive \$20.00 per week for 360 weeks. Payment of compensation may, in some instances, be required in a lump sum, subject, however, to a 6% compound discount. The law does not cover injuries resulting from the acts of third persons based on personal reasons and not directed against the injured man as a member of the Guard or because of his duties therein, and it does not cover injury received while in a state of intoxication or which is the result of the member's willful intention to injure himself or to unlawfully injure some other person, but "shall include all other injuries of all other kind and character having to do with and originating within the duties of the Texas State Guard."

The law will be administered by the State Highway Department of Texas and the Adjutant General's Department.

Before the passage of this law, members of the Guard and their families, in spite of their voluntary and patriotic service, were wholly without legal remedy for injuries received by them in the course of duty.

BUYS RANCH HOLDINGS

Mr. and Mrs. Milton Smith and family are moving this week to their ranch 41 miles south of Marfa, which was recently purchased by Mr. Smith. He stated that he sold a thousand head of ewes to Jim Condra but the balance of the stock was being moved. They have ranches on the W. Denny place below Dryden for several years. This place has been leased by Mr. Condra.

Mrs. E. J. Chastain left Monday for Houston to be with her brother, Frank Sheffield, who is in a hospital there.

Miss Marian Herbert, who is employed at Fort Clark Brackettville, returned to her duties Wednesday after spending several days here with her parents, Mr. and Mrs. D. B. Herbert and with her brother, Lt. Bert Herbert who was here on furlough for a visit.

GENERAL RAINS RELIEVE HEAT WAVE

Rain which fell over most of this section of the state Wednesday night did much to relieve the heat wave which brought the mercury to as high as 106 degrees in the shade and well over the 100 mark on several days.

Heaviest precipitation was reported west of Sanderson, although good rains were also reported to the north. The fall was lighter to the east and south, with as little as a quarter of an inch reported. The fall at Sanderson was reported as .98 of an inch and slightly more was reported to the north and west.

HEARING HELD IN ALPINE MON. ON BUS COMPANY REQUESTS

Faster Service Is Sought From El Paso To San Antonio

Connections that would cut five hours from the present bus schedule from El Paso to San Antonio, and bring large buses over highway 90 through Sanderson were requested in a hearing before the Texas Railroad Commission in Alpine Monday morning at ten o'clock by the Union Bus Company. The change in schedule would also cause through passengers from the Valley and Corpus Christi area to come this route because of the saving in time.

I. F. Bay, traffic manager of the company from San Antonio, was here last week and requested that representatives of Sanderson be present for the hearing. He explained that present schedules over this route were made according to connections that have to be made with the connecting bus line at Del Rio. This makes it possible to make proper connections at Van Horn with the west-bound Greyhound buses and causes a long lay-over there. Buses between Del Rio and San Antonio are also extremely crowded due to members of the U. S. Armed forces who are stationed at posts at Del Rio, Brackettville, Uvalde and Hondo.

The Union Bus Company proposes to run non-stop buses between Del Rio and San Antonio, thereby cutting down running time by at least an hour. Schedules can also be arranged so that connections will be made at Van Horn with no change of buses between San Antonio and that city.

Those attending the hearing from Sanderson were W. B. Burleson, L. H. Lemons, and Mrs. W. F. Frazor.

UNDERGOES OPERATION

Mrs. C. Q. Elliot underwent a major operation in Alpine on Monday of last week. Reports are that she is getting along fine.

Mrs. Henry Mansfield left Thursday of last week for Abilene where she went to join her husband who is stationed at Camp Barkley.

SCOFIELD URGES INCREASE IN WAR BOND PURCHASES FOR COMING MONTHS

Terrell County Fails to Meet Half-Year Quota

A letter received this week by Judge R. S. Wilkinson from Frank Scofield contains the information that purchases of War Bonds must go up during the balance of the year if funds are to be available for the prosecution of the war. He also stated in the letter that during the month of June the State of Texas failed to meet her quota for the first time in several months.

Scofield pointed out that it was taking \$240 million daily to equip our fighting forces and properly care for war expenditures. This figure is \$100 million more daily expense than that

ADDITIONAL OIL ROYALTY LEASED ON SCHOOL LANDS

The oil royalty from an additional 3,200 acres of Terrell County School lands in Gaines County was leased Monday by the commissioner's court to G. T. McAlpin of Seminole, according to announcement by Judge R. S. Wilkinson. A 10-year lease was made with a \$1.00 bonus and a fifty cent rental.

This brings the total acres under lease to 11,947 and leaves only 3,937 acres of the land on which an oil lease has not been obtained.

Tuesday Bridge Club Members Entertained By Mrs. Austin Nance

Entertaining at her home this week Mrs. Austin Nance was hostess to members of the Tuesday Bridge Club. Summer flowers decorated the room, where two tables were arranged for the players.

At the conclusion of a series of games, prizes were awarded to Mrs. Bustin Canon for receiving high score, to Mrs. C. P. Peavy for receiving second high score and to Mrs. Herbert Buchanan as consolation prize.

Cherry nut ice cream sundae and cookies were served by the hostess to the following: Mesdames Jack Deaton, J. S. Nance, Walter Grigsby, Hugh Rose, C. P. Peavy, Bustin Canon, Ted Baker and Herbert Buchanan. Mrs. Lee McCue was a tea guest.

JOINS WAVES

Miss Margaret Jane Higgins, daughter of Mr. and Mrs. Clyde Higgins, left Tuesday to report for duty with the WAVES. She is Terrell County's first WAVE and will be stationed in New York.

Mrs. Luella Lemons returned home Monday from El Paso where she visited with Mr. and Mrs. Frank Robertson, and from Valentine where she visited with Mrs. Grace Wheeler. Mrs. Wheeler brought her to Sanderson Monday.

Extensive Lease Campaign Started As Result of Phillips Activity In Pecos County

The most extensive lease play of recent years has resulted in the buying of leases on several hundred sections of ranch lands across southern Pecos County and northern Terrell in the last ten days by a number of major company representatives and brokers, with prices ranging from \$1 to \$7.50 an acre bonus, and 50c annual rental.

The play was touched off when Phillips Petroleum Co. No. 1 Price, the deepest current test in West Texas and the second-deepest ever drilled in the area, struck gas below 11,500 feet, two weeks ago. A heavy control gate was placed on the well, and mud was conditioned to withstand pressure before operations re-

sumed. The test reportedly cor- ded a distillate yielding formation last week-end, though confirmation was lacking.

An indication of some sort of important possibility for deep pay was seen this week when it was announced that the test was shut down to repair brake drums casing. Total depth is 11,639 feet.

Phillips has been one of the companies participating most actively in the lease campaign, and is now reported to hold more than 100 sections in the general area. Most of the land in that part of Pecos and Terrell counties is in large ranches, and is pretty well concentrated as to ownership.—The Fort Stockton Pioneer.

of a year ago. He said that the American people must realize that they must buy more war bonds than ever before, "... in fact they must buy twice as many during the coming months," he stated.

Judge Wilkinson announced that Terrell County had failed to meet the June quota by more than half the amount. The quota was set at \$13,800 and only \$5,812.50 worth of bonds were sold. This was the lowest figure reached in many months. The total quotas for the first six months of this year amounted to \$126,300.00 for Terrell County and the amount sold was \$119,406.25, or \$6,893.75 less than the quotas called for.

Quotas and the amount of purchases each month were as follows: January quota, \$13,800, sales \$11,481.25; February quota, \$12,700, sales \$6,918.75; March quota, \$12,200, sales \$15,943.75; April quota, \$60,000, sales \$64,325; May quota, \$13,800, sales \$14,925; June quota, \$13,800, sales \$5,812.50.

Quota for Terrell County for the month of July has been set at \$13,900.

FROM TEXAS TO TOKIO

By Billie Corder

Cross-section of a sailor's life, complete with sunburn and Secretary Knox... CHARLES ROGERS, A. S., U. S. Navy, gives forth on his day... "Yesterday we had to stand at attention and parade rest for three hours—man, were my feet tired when we quit! The reason was that Secretary of the Navy Frank Knox was reviewing the troops and the whole naval base. I didn't get to see him because he reviewed the troops from a car... We went on our liberty Sunday, and as for me, Sanderson is as exciting as San Diego. We (Campbell and I) went to the Mission Beach Amusement Park, and we met Walter Sharp, who has been here since December... Thursday morning we went to Mission Beach to learn to use a life preserver and to jump off a 17-foot tower with the thing on... When I got up there, it sure looked high; and I sure didn't want to jump off! But it was a case of "have to", so I was the fifth one. I walked up to the edge of the platform, and I didn't look off. If I had, I would have backed down right then... I don't know yet what made me jump, but I did. When I jumped, I closed my eyes; and it seemed like I would never hit the water... I finally got there... On our second liberty Campbell and I went to a rodeo... Ken Maynard and his horse Tarzan were the main attraction... My sunburn is getting worse little by little because we have so many lectures out in the sun—it really bears down! I guess the cream is helping, but I can't see much results... We go on another liberty Wednesday... Charles is at Camp Lawrence... Back in the States from a year's service in frozen Greenland is CAPTAIN LEO WRIGHT, U. S. Army Air Corps, Radio Department... He was joined last week by his wife, Billie Wright, and their children at his new base in Asheville, North Carolina... In blue-tag lingo AVIATION CADET JAMES W. WILKINSON, U. S. Army Air Corps, is a "zombie," said dubious honor meaning delightful hours spent running the "rat line", urged to speed by concerned upperclassmen... Jim is being encouraged to break mile records at Maxwell Field, Montgomery, Ala... A message flown to CORPORAL BERNARD KERR, U. S. Army Medical Corps, Administrative Department, from his brother, LIEUTENANT ROBERT KERR, U. S. Navy, now stationed at a secret naval base, establishes contact between the brothers... It Happened in Sanderson TEN YEARS AGO This week—Remember?

July 14, 1933

The Sanderson Wool Commission Company this week sold the balance of the 1933 spring wool accumulation to Joe Blakeney of San Angelo representing Hollowell, Jones & Donald of Boston, Mass. at prices ranging from 23 cents, to 25 1/2 cents, or an average of 25 cents.

Ray Caldwell was a business visitor in San Antonio several days this week.

Mr. and Mrs. Max Bogusch and son, Jack and Joe Kerr Jr. were week-end visitors in Carlsbad.

N. M. They made a trip through the famous Caverns Sunday.

Mr. and Mrs. Ted Attaway left last Sunday for Lubbock where they will visit relatives for several weeks.

Mrs. Greene Cooke and children are visiting relatives in Camp Wood this week.

Mrs. John L. Newton and children left Saturday night for Valentine where they will visit Mr. Newton's mother for several weeks.

STRIKES CUT COAL SUPPLY

Because of strikes, only 838,000 tons of bituminous coal were added to the nation's stockpiles in May, according to solid fuels administrator Ickes. "Since we

must build up stockpiles in the spring and summer if we are to have sufficient coal to carry us through the fall and winter, our failure to increase them now to the full extent of our capacity will multiply our difficulties next winter," Administrator Ickes said.

WITH OUR NEIGHBORS

Big Bend Sentinel, Marfa—That the Highland section range came out of the drought in June is indicated by the records of the Soil Conservation Service office which has complete rainfall reports from twenty-six gauges in the Highland Soil Conservation District.

The average of rainfall on ranches reporting in the month was 2.60 inches with the largest precipitation amount being 9.42 and the smallest, .40 of an inch.

Alpine Avalanche—There are no new developments in the infantile paralysis situation here, Dr. Joel Wright, city health officer said yesterday. "Apparently all goes well," he said. "No new cases have been reported and Alpine residents are urged to 'keep cool.' One third of the restriction period has already passed."

The eight-year-old child suffering with the malady is reported to be making satisfactory progress.

Uvalde Leader-News—Dr. W. L. Kitchens assumed charge this week of the Southwest Texas Health Unit, with headquarters at Uvalde, succeeding Dr. Paul G. Capps, who was transferred to Brownfield, Texas.

Dr. Kitchens came to Uvalde from McKinney, where he has been director of the Collin County Health Unit the past 10 months.

Ozona Stockman—A drop in total deposits of approximately \$360,000 and an increase in out-

STRICTLY BUSINESS

standing loans of more than \$100,000 featured changes in this community's financial condition through the first six months of the year as reflected in the statement of condition of Ozona National Bank issued at the close of business on June 30.

Fort Stockton Pioneer—Alfalfa crops of the 1943 season are putting dollars directly into the pockets of the farmers of the Fort Stockton area, with the hay selling in the field as it is cut at \$25 and \$26 a ton for No. 1 grade hay.

No hay is going into storage in the barns of the Fort Stockton Warehousing Corporation except that being bought or raised by Pecos County ranchmen for their own future reserves, says G. W. Rose, warehouse manager.

Hudspeth County News—The Tex-Star company, which was

recently organized in Dallas, began work on their property in the Quitman mountains a few miles west of Sierra Blanca Tuesday. Joel Fenley is foreman on the job.

They hope to find a large body of fluorspar.

STOVES TO BE RATIONED

All new heating and cooking stoves designed to burn coal, wood, oil or gas for domestic use (with certain exceptions) will be rationed in mid-August, the OPA has announced. The plan was originally scheduled to go into effect in late June. If you have no cooking stove now and need one, you may apply to your nearest War Production Board Office. If your present cooking stove is worn beyond repair and you wish to replace it before the amended ration order becomes effective, go to your local dealer for information.

TO: The American People FROM: The Secretary of the Treasury

A report on the most tremendous financing task in history - - - the Second War Loan

DURING the three weeks between April 12 and May 1, the American people tackled the biggest job of financing in the history of the world.

In these three weeks it was proposed to raise the sum of 13 billion dollars, or more than half as much as was raised by five drives in the first world war.

It was obvious that the task was hopeless unless the people of the nation were desperately in earnest about the war. And it was equally obvious that here was, so to speak, a thermometer by which the fervor of the people could be measured with reasonable accuracy.

This is why we believe you, as an American citizen, can take pride in this report. For it was written solely by you, the people.

The result, in dollars

Our goal was 13 billion dollars. Actually, the American people subscribed 18 billion, 500 million dollars.

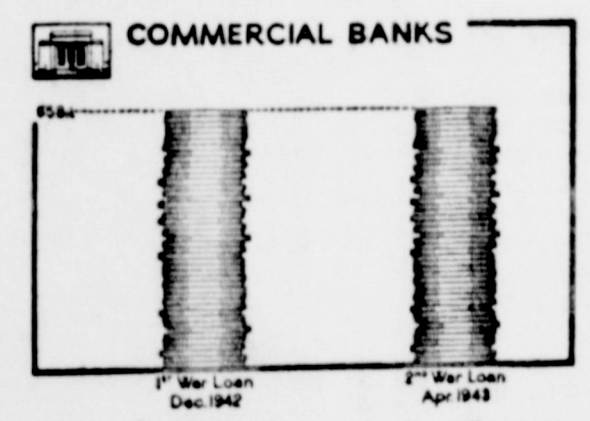

This was 90% as much as was raised in all five drives of the first world war combined.

It was, I think, as much a victory for America and the free American democracy as any military triumph.

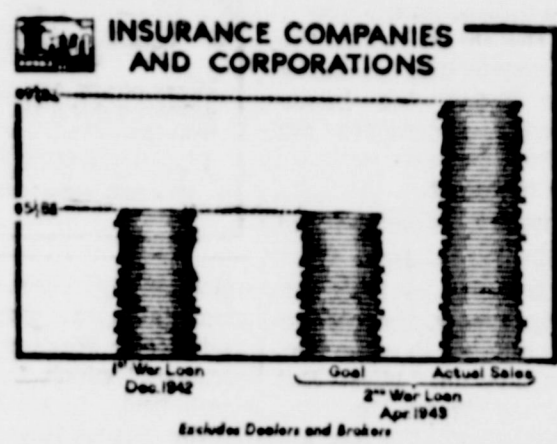

Where did the money come from?

You will be interested in where this 18½ billion dollars came from—for every dollar invested in War Bonds is more than a purchase; it is a demonstration of faith.

The chart below shows the portion of the 18½ billion that came from commercial banks. They were eager to buy more, but were limited to set amounts:

Insurance Companies and other Corporations know that there is no sounder investment than a U. S. Bond. The chart (top of next column) shows their purchases:

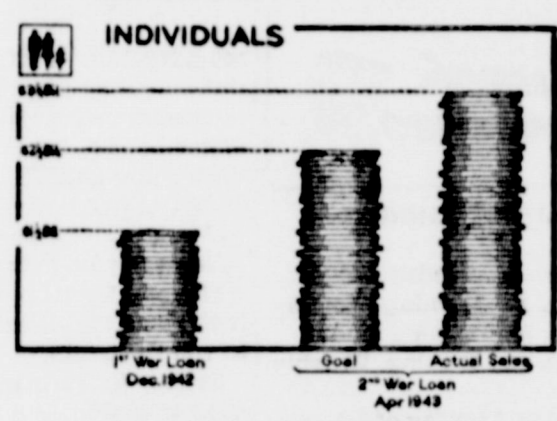

Naturally, it was your money that bought the bonds in the two groups above—for you are the people who put your money in banks and invest in insurance.

But how about what might be called your "personal" money.

That is a very important question, for it is vital that Americans, as individuals, buy War Bonds with all they can spare.

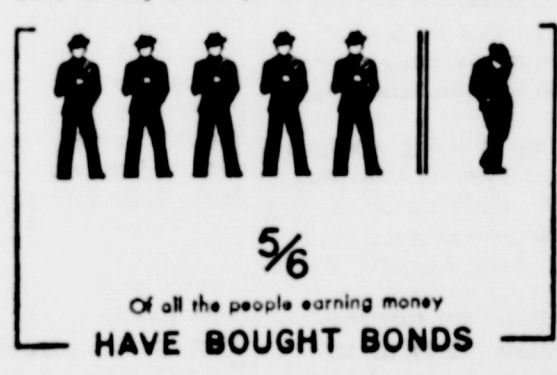

Our goal, here, was 2½ billion dollars. The chart below tells the story:

50 million bondholders

To review your record to date, almost half our entire population own at least one bond—including infants, children, the lame, the halt and the blind.

Or, to look at it in terms of those best able to buy bonds, see the chart below:

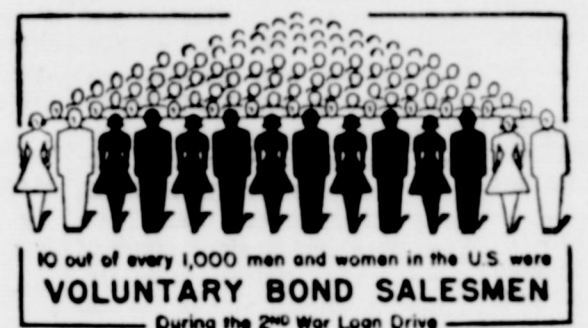

Who gets the credit?

The credit for the 2nd War Loan goes to the people.

It goes to the children who put dimes and quarters into war stamps. To everyone who bought a bond. To thousands of patriotic banking people. To advertising people who donated their creative talents. To patriotic merchants and companies who paid the bill for war bond messages. To radio stations, newspapers, movies, outdoor advertising companies, and publications.

But chiefly, perhaps, to those who turned voluntary bond salesmen—a loyal legion of patriots.

What lies ahead?

Yes, America's record is good. But we cannot become complacent—for our biggest financing job lies ahead.

In the first 4 months of this year, we raised 25 billion dollars. During the balance of this year we must raise 45 billion dollars more.

The war is costing us 100 billion dollars this year. Part of this will come from taxes, and the balance must come from War Loans.

You, as an American, can take pride in what you have done. You have shown the Axis that Americans on the home front, like Americans on the battle front, will do all that is required of them—and more.

But our need is great. Dig as deeply as you possibly can and invest it in War Bonds now—either through the Payroll Savings Plan or through special purchases. Don't wait for "drives."

We must win this war with bayonets—and with dollars. We who stay home in safety must provide the dollars—all that are needed. It is the very least we can do.

Henry Morgenthau Jr.

Patriotic ranchmen of this section, whose names appear below, join in bringing to you a series of messages which have been prepared and mailed out by the War Savings Staff of the United States Treasury. These messages are brought in an effort to encourage the purchase of war bonds and other activities necessary for the winning of the war. The boys in the front lines are willing to GIVE their LIVES . . . are you willing to LEND your MONEY?

AT THE PRINCESS—

(Continued from page 3)

day and Monday. . . . Featuring Philip Dorn, Anna Sten, John Shepperd, Virginia Gilmore and Martin Kosleck, the action is set in the Balkan mountains. But the film might well be the death-defying story of guerrillas everywhere, for the patriotism and daring methods of these heroic men are present wherever men fight for freedom and the women they love.

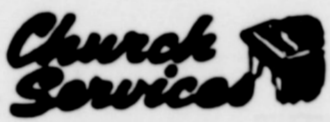

Dorn is cast as the Chetnik leader and it is upon his orders that the men move silently down from the hills to prey on enemy contingents, derailing trains and blasting ammunition dumps. They disrupt enemy communications, immobilize Axis troops and provide the invader with a constant headache.

Romance and drama vie with the action of the film. Unable to stop the Chetniks, the invader attempts to capture their leader through his wife and children. All food stores are closed to the people of Kotar, until they inform on the whereabouts of the chief's family. The Chetniks break this starvation threat by kidnapping important enemy personages and holding them hostage, until the stores are reopened.

The invader, though foiled, leaders wife and children. When they refuse to betray the Chetniks to the enemy, the occupying force promise to erase Kotar just as they did Lidice. But, in a stirring climax, the Chetniks descend on the city and out the enemy garrison. Free for the moment, the townsfolk gather on the steps of the church, to cheer the Chetnik leader's declaration that they will soon be free forever.

WEST COAST AIRCRAFT WORKERS GOT A TASTE OF "HIGHBROW" ENTERTAINMENT WHEN A BALLET COMPANY AND A SYMPHONY ORCHESTRA CAME TO THE NIGHT SHIFT

sensationally colorful and breathtakingly dramatic new Technicolor Western, "The Desperadoes," which features Randolph Scott, Glenn Ford, Claire Trevor, Evelyn Keyes and Edgar Buchanan at the Princess Theatre on Wednesday and Thursday. Directed by Charles Vidor and based upon an adventure-packed story by Max Brand, "The Desperadoes" has been greeted with unstinted critical acclaim. There can be no doubt that the new film is one of the mightiest outdoor action picture of all time a thrilling, magnificent epic of the old West.

Into Red Valley, and the greatest adventure of his adventure-stalked young life, rides Cheyenne Rogers, man-hunted killer. He discovers he knows Steve, the town's new sheriff; he finds the Countess, who runs a gambling hall, is a former childhood sweetheart; he falls in love with a girl, and learns that her father is the man for whom he planned to rob the bank!

Trying to go straight, Cheyenne is caught in a mesh of romance and intrigue which leads him straight to a legal lynching. Escaping with the connivance of the sheriff, he returns to Red valley long enough to learn the truth about the nefarious goings-on of some of the town's "better" citizens. Then, because the sheriff himself has been jailed for his part in Cheyenne's escape, the gunfighter again returns—this time amid the tumultuous thunderings and terrors of a wild horse stampede, in order to clean up, once and for all the lawlessness of that particular frontier.

Ford, whose rise to stardom has been a swift, steady one, tops his finest performance as Cheyenne, the soft spoken killer who wants to reform. Scott appears effectively as the sheriff, who is his rival for the hand of the lovely Miss Keyes. Claire Trevor appears as the Countess, and Edgar Buchanan is the sly likable rascal responsible for all the Skulduggery.

\$1.00 APIECE FOR POOR TIRES

One dollar apiece is the maximum price that OPA has set for low-quality used passenger car tires which now are permitted for the first time. Maximum additions to this price are provided when tires are emergency repairs before being sold.

JAP PRISONERS DIE

More than 300 U. S. war casualties are the result of unhealthful conditions in Japanese prison camps, according to messages received through the International Red Cross from Japan. Disease is stated in each case as the cause of death.

Family allowances and voluntary allotments-of-pay are now in force for about four and a half million soldiers who have more than seven and one-half million dependents, the War Department announces. More than 20 million family allowance and allotment-of-pay checks have been mailed to the wives, children, and other dependents, relatives of Army men in one year.

APPENDECTOMY

Dan Murrah, son of Mr. and Mrs. Rufe Murrah underwent an appendectomy in a Del Rio hospital last Saturday.

Mr. and Mrs. John Harrison and sons, Dudley and Jimmy, returned home Saturday from San Antonio and Del Rio where they have been for several days. Jimmy underwent an operation for the removal of his tonsils in a Del Rio hospital while there.

Mr. and Mrs. Ervin Grigsby visited in Fort Stockton Sunday.

A plan for making 100,000 domestic food dehydrators before September 1 has been approved by WPB. These dehydrators are urgently needed, says the War Food Administration, in time to preserve farm and victory garden fruits and vegetables. A home food dehydrator removes moisture from raw food, thereby preserving its flavor and food value for later use.

NOTICE OF MEETING

The Sanderson O. E. S. Chapter 136 will meet Tuesday, July 20th, at 8:00'clock at the Masonic Hall. Bernice Murray, W. M.

Cultivate the Good Things . . .

Remember the true story of the Persian farmer who searched the world for riches, only to learn that "acres of diamonds" had been found on the farm he had sold?
It's much the same with diamonds of happiness. You'll find them in the little things that happen to all of us every day . . . in the relaxation that comes after a job well done, in the sunshine that follows a rain, in the visits of your friends, the affection of your family and the pleasant comfort of your own easy chair.
Cultivate the good things. Enjoy and treasure them . . . and be sure to include among them the friendly cheer and cool refreshment of Grand-Prize Beer. A beverage of moderation . . . Grand-Prize is one of the pleasures that add much to the joy of living.

WOLF BREWING CO., HOUSTON, TEXAS
