Teachers Arrive For Opening of 1943-44 Session

School Opening With One Teacher Short In Lamar Ward

The Sanderson schools opened Friday morning with all teachers present for their duties with the exception of one teacher for the Lamar Ward School. Teachers have been arriving since Wednesday of this week and Supt. Tom Holley states that he hopes to have the vacancy filled within the next few days.

Teachers, and the subjects taught are as follows:
High School — Tom Holley, superintendent, mathematics; C. G. Bradford, principal, mathematics and physics; Miss Margaret Kinkler, librarian, Spanish and 8th grade; Miss Margaret Lattimore, home economics; Mrs. C. G. Bradford, history; Mrs. Tom Holley, English and girls physical education; Mrs. H. B. Persch, English and science; Mrs. Berta Clark Lassiter, commercial work (one-half day in high school); and Miss Marion Brieger, band.

American Grammar School—S. J. Lovell, principal, part-time in high school; Mrs. Ervin Grigsby, 7th grade; Miss Helen B. Odom, 6th grade; Miss Mildred Coughran, 4th and 5th grades; Mrs. Lillie B. Shelton, 3rd grade; and Miss Una Lee, 1st and 2nd grades.

Lamar Ward School—Mrs. Berta Clark Lassiter, principal; language arts position to be filled; Mrs. Dorothy Lindley, arithmetic, upper grades; Miss Armenta Ragsdale, 3rd grade; Mrs. J. M. Hayre, 2nd grade; Mrs. Mamie Shine Weaver, high first; Miss Rosalie Mitchell, low first; and Rev. John K. Klassen, one-half time, social studies, upper grades.

Mrs. Anna B. Winston teaches in the Dryden school and Mrs. J. S. Webb in the Independence school.

New teachers this year are Mrs. Ervin Grigsby, Sanderson, who was substitute teacher last year; Miss Mildred Coughran, from Pleasanton; Mrs. Mamie Shine Weaver, from Fort Worth; Miss Rosalie Mitchell, Dallas; Rev. John Klassen, Sanderson, substitute teacher last year; and Mrs. J. S. Webb, teacher at Independence and resident of that community.

Girl Scouts Enjoy Outdoor Breakfast Thursday Morning

The Sanderson Girl Scouts got up early the morning of Thursday, September 2, for an outdoor breakfast on the side of the hill north of town. The Scouts, accompanied by their sponsor, Mrs. Conway Pickard, cooked a delicious breakfast of eggs, bacon, toast, and coffee, over an authentic camp-fire.

Scouts who were along that morning were Margaret Newton, Josie and Margaret Klassen, Betty Fay Sullivan, Betty Jo Beckett, Janie Louise and Carrie Marie Turner, Betty Cooke, Barbara Anderson and Joan Byrd. After breakfast the group met in the Scout House for a session of games.

SLUMBER PARTY

Miss Betty Frazor was hostess to several friends Thursday night when she entertained with a "slumber" party. Guests gathered at her home about 10:30 P. M., played records, and enjoyed a midnight snack. The slumberers were Misses Kathryn Nell Nance, "Connie" Conrad, Edna Mae McAdams, Maurine Cox, Janice White, Mickie Corder, Billie Corder, and the hostess.

Miss Inogene Knight, teacher in the Sanderson school last year, is here for several days visit with friends before going to Iran where she has accepted a position with the Iran school.

HEN DOES HER PART

Whether it was because she heard her owner, Mrs. D. B. Herbert discussing the possibility of having to sell her flock of chickens because of the high cost of feed and wanted to do more to pay her way, or whether she just went patriotic is not known, but one hen of the flock laid an egg that weighed five and a half ounces and measured 7½ inches around one way and 8½ inches around the other. Next day she laid an egg that was 7½ inches around one way and 9½ inches the other. Two days later she laid another egg of similar size but Mr. Herbert broke it since it was a soft shell. Inside of the large egg he found another egg, complete with shell, white and yolk.

When the weight of a dozen medium eggs is considered, 21 ounces, and the fact that four eggs laid by this hen would weigh 22 ounces, it is easy to see that the hen did a pretty good job after all. Four of her eggs the equivalent of a dozen medium eggs.

Two of the eggs are on display at the Times office.

VICTORY, INCOME TAX RETURNS MUST BE FILED BY SEPT. 15

INSTRUCTIONS, FORMS MAILED BY TREASURY

Guy T. Helvering, Commissioner of Internal Revenue, recently announced that forms and printed instructions for the filing of estimated income and Victory tax declarations on or before next September 15, as required by the new Current Tax Payment Act, are now being distributed to individual taxpayers by the Collectors of Internal Revenue.

Filing of the declarations will be the second major step under the Current Tax Payment Act in converting the Federal individual income tax from the old delayed payment method to a "pay as-you-go" basis. The first step was the inauguration July 1 of the new withholding plan, under which the Victory tax, normal income tax and first bracket surtax are paid by millions of persons through deductions from their wages and salaries.

The purpose of the declarations is to make current in their tax payments all those individuals whose income and Victory tax liability will not be fully covered by collections through withholdings and other credits.

Experts of the Bureau of Internal Revenue have greatly simplified for the average taxpayer the task of filing the declarations.

A form and set of instructions for use in estimating the tax on incomes up to \$10,000 rival for simplicity, revenue officials pointed out, the familiar "five minute income tax return" which made its debut in 1942.

The computations and entries which this simplified declaration method requires should be matters of about five minutes for a large portion of the taxpayers by whom declarations will have to be submitted, the officials said. For those who desire to make a more precise computation, of who have an income of more than \$10,000, detailed worksheets may be secured from the Collector upon request.

SANDERSON WOOL COMMISSION COMPANY TO SHIP 1,600,000 POUNDS 12-MONTHS WOOL

WOOL SITUATION IS EXPLAINED BY WYOMING EXPERT

The following commentary on the wool situation by J. A. Hill, wool expert with the University of Wyoming, taken from the "Top of the Windmill" in Monday's issue of the San Angelo Standard-Times, should prove interesting to ranchmen of this section:

"In general, the wool market has grown worse instead of better the past two weeks. The original announcement of the Quartermaster General, giving the manufacturers the privilege of deferring delivery, was offered as a concession to the demand for civilian goods, and appeared to be permissive. However, the mills were soon given to understand that if they insisted on delivering on old schedule, there would be cancellations, because, as a matter of fact, the Army was receiving goods faster than needed.

"Recently the Quartermaster General made a statement to members of the wool manufacturing industry to the effect that the demand for military goods had passed its peak because the supply of goods bought at home and in foreign countries had been filled, and in general the pipeline stock of supplies was complete. Now, only goods to replace supplies used up in the field will be needed.

"The indications are that the character of the wools made of medium wool will be needed, in comparison with the worsted made of fine wool, used in the

past. The soldiers in the field do not wear as many worsted coats as the troops at home, but they will require more blankets and overcoats. General Corbin stated that new orders will be issued in February, but indicated that the rate of delivery would be about the same as has been set up this fall.

"There is a large civilian demand backed up, but it will take the mills some time to convert their machinery to this type of manufacture. They must prepare designs, secure dyes, and finally, get orders for the goods. As was stated in the last Wyoming Wool Grower, they will buy foreign wool in preference to domestic because it is cheaper and there is no preference set up for domestic wool for civilian goods.

"More than that, the manufacturers state that they cannot pay the present ceiling prices for domestic wool and sell their manufactured goods at the present ceiling prices. Therefore, even if the demand for wool would cause them to turn to domestic sources of supply, they could not operate unless the ceiling prices of finished goods are raised. Or, of course, this is only the statement of the mills, but it shows they are not going to rush in and take the wool away from the CCC at the prices which were paid to the growers.

"All this has caused the market to slack up, and produces a very critical situation for the growers as well as the wool trade. But apparently the growers do not understand this, because in Idaho the executive committee went on record in favor of leaving the growers to sell his wool privately, or to consign it for sale to the government. The Colorado Wool Growers Association voted for continuation of the present plan. However, Mr. J. B. Wilson and F. R. Marshall had explained the situation to them at their convention.

"If it were not for the present government purchase plan, domestic wool would almost certainly be at the level of foreign wool on the present market. This would be at least 10 to 12 cents a pound below the prices at which it is being turned to the CCC."

Misses Nance, Corder Honored On Birthday With Tea Thursday

Misses Mickie Corder and Kathryn Nell Nance were honorees at a tea given by Mrs. R. E. Corder in her home celebrating their seventeenth birthday, Thursday, August 26th. The guests played records, talked over old times, and enjoyed refreshments of sandwiches, hors-d'oeuvre, iced tea, ice cream, and the pink and white birthday cake. Those who called were Misses Maurine Cox, "Connie" Conrad, Betty Frazor, Maurine Frazier, and Edna Mae McAdams.

Miss Billie Corder was co-hostess with her mother.

HAVE OPERATIONS

Mr. and Mrs. Lee Kelly took their daughters, Willo Ethel and Ruth Ann, to Alpine Thursday of last week where they had their tonsils and adenoids removed. They returned Sunday.

RECEIVES MASTER'S DEGREE

C. G. Bradford, principal of the Sanderson high school, received his master's degree at East Texas State Teachers College, Commerce, the past summer, according to information from the college.

Miss Armenta Ragsdale, teacher in the Lamar Ward School, arrived Wednesday to assume her duties. She was accompanied by her sister, Miss Willyne, who is visiting here with her for a few days before going to school at Denton.

TO PROVIDE ROOM FOR FALL CLIPS; APPRAISERS DUE

John T. Williams has announced that the Sanderson Wool Commission Company started Wednesday loading out spring wool clips amounting to 1,600,000 pounds to be shipped to Boston. He stated the wool was 12-month clips and belonged to the Commodity Credit Corporation with whom arrangements had been made for shipping. The wool has already been appraised with the exception of 300,000 pounds and the balance was expected to be appraised within the next ten days.

Mr. Williams also stated that shipment of this wool made available ample room for storing all fall clips of this section. They have a capacity of two million pounds.

The wool shipped brought from 32 to 53 cents net to the grower and was bought by the Commodity Credit Corporation. The local wool company has handled four and a quarter million pounds of wool so far this year and expects to handle an estimated one and a half million this fall making the total for the year five and three-quarter million pounds.

J. C. Mitchells Hosts to Friends At Barbecue, Dance

New Home Is Main Interest to More Than 200 Visitors

The modern new rock home of Mr. and Mrs. J. C. Mitchell, 35 miles north of Sanderson, was the scene of one of the most pleasant affairs of the year Saturday night of last week when approximately 200 friends and neighbors gathered for a barbecue feast and dance.

As guests arrived they were received by Mrs. Mitchell and were then conducted through the spacious rooms of the new home, viewing the lovely furnishings and fixtures; the many built-in-conveniences, and the complete detail in which the home had been worked out. After admiring the interior of the home they registered in a guest book which was placed at a desk in the sun parlor. From there guests went out onto the large grass lawn where chairs were arranged to seat all guests and where the barbecue pits, tables, and fire for making coffee and cooking a part of the feast were located.

After all guests had arrived and were shown through the new home the barbecue was taken from the pit and plates were filled with added servings of frijole beans, Spanish spaghetti, pickles and bread. Tea and coffee completed the feast. After partaking of the sumptuous meal those who cared to gathered on the large patio and the long front porch where dancing was enjoyed with music furnished by two radiolas.

The palatial home, which is constructed of native rock obtained from the Joe Kerr ranch below Dryden, is 78 feet by 68 feet, inside dimensions, with an 18-inch wall. It contains eleven rooms, three hallways, two baths and basement. The front porch is 11 by 80 feet, inside measurements, with tile floor, and the patio, which is 25 by 24 feet, also has a tile floor. The basement holds the hot-air furnace, which is also used as a cooling system during the hot months, water heater and the compressor unit for the refrigerator. All woodwork throughout the home is of hardwood, natural finish.

The living room contains a

FROM TEXAS TO TOKIO

By Billie Corder

AVIATION CADET JOHN HARDGRAVE, U. S. Army Air Corps, is in the Santa Ana pre-flight school. He will receive all training on the West Coast, finishing at Santa Ana October 4th.

PRIVATE ROSS STAVELY, U. S. Army, moved from Camp Maxey to Commerce, Huntsville, Texas. Maybe a furlough in eight days.

W. F. THOMAS SEAMAN SECOND CLASS, U. S. Navy, is stationed at Waldron Field, Corpus Christi, Texas. Bill is crazy about the Navy, says their cooking is "the best in the land". The sailors down there are under Marine officers, but it doesn't upset their poise. Bill sends greetings to his mother to all of his friends. He is waiting for that day when he will go to sea.

PRIVATE GENE LITTON, U. S. Army, Railroad Battalion, has moved right along into Sicily. His is an important job. A great part of the success of the land operations in Sicily was due to the efficiency and speed in which the engineers and railroad battalions repaired damaged roads. An advance in Sicily depended on whether the roads were fit for travel. The mountainous country made any cross-country marches impossible, and every town along the road was a compact fortress, perched on rocks, barring the way until it was taken. It was a fight for the right of way, and it looks like we've got it.

The age-old problem of empty pockets. PRIVATE A. E. CREIGH, U. S. Army, writes a letter from Ft. Belvoir, Virginia, with true G. I. flavour. "A bunch of us guys had passes, dates, everything set up, but no lettuce. Lawrence wired home for some dough and I wired Alpine. Lawrence's money came, but I was still broke. We went on in to D. C. and met some swell girls. I mean they were really nice. We ran out of dough after we took them home. And Lawrence and I (especially me) owed everybody in the Post, and we were about to join the Paratroopers, then a guy said to me, "Creigh, did the C Q find you with that wire?" Sho'nuff, we had not ten, but fifteen skins to keep the wolves from our door. What would little Alfred do without his Pap! . . ."

Here's something for the once-always department. PRIVATE SAM BELL, U. S. Army Air Corps, makes the adage good by going through high school, a year of military school, and so on into the Army, with athletic honors. His latest: "After training on a full day's program plus the Wing Parade, 1175's track team double-timed down to the Post track meet and acquitted itself brilliantly. The sprint medley team of Bell, Gilpin, Hoffman and Meader won the Post title (first). Bell ended his rather busy day by running four other races: 100; 440; 880 and mile relays." He placed fourth in the 100. Sam and 19 other Texans occupy exclusively the 739th Barrack there at Greensboro. Drill-time inspires new ways of annoying Yankees, properly known as damn Yankees. It seems it's customary to sing while you march. Far be it from the Texans to sing with no reason. "The Lost 19" (our strayed Texans) lift their voices to skies they'll soon know intimately with "The Eyes of Texas". No idle melody for them. Here's some snatches from his letters home. "Yesterday we got a new sergeant to help our original one. He used to be a tail gunner in the South Pacific area. He has six zeroes to his credit. He sure is a swell guy." "I got my track medal today and it really is pretty."

"Every Friday night we have what you call a G. I. party. This is not a social party; it is a hell of a job. The members

KEEPING IN STEP

Aviation is unlike other industries. It must at all times be managed and developed with the knowledge that air power governs the destinies of nations.

According to Congressman Richard F. Harness of Arizona: "Many of the leaders in the civilian industry have very deliberately encouraged steps in the course of the industry's development which have proved of incalculable importance in

this war. The civilian pilot training program is an outstanding example of civilian-inspired and civilian-executed activity without which our military force today would be far less than its present strength.

The aviation industry, and the airlines in particular, are fully conscious of their responsibilities. The latter are endeavoring to awaken Congress to the fact that government also bears a great responsibility in determining the future of American aviation. They consider the

pending amendments to the Civil Aeronautics Act, as embodied in the Lea-Bailey Bill, essential to the stability and growth of private aviation and of direct concern to those interested in the future military strength of the nation.

In commenting recently on that bill, Representative Harness declared: "The legislation being considered seeks to give concrete application to the lessons we have learned in the last five or six years, and to confirm and elaborate our civil aviation program for the national defense as we have seen it successfully demonstrated since Pearl Harbor."

It is the obligation of Congress, with due regard for state and local rights involved, to keep Federal regulation in step with aviation requirements.

It Happened in Sanderson TEN YEARS AGO This week—Remember?

September 1, 1933

A few days ahead of schedule this fall the annual September rain and storm period broke over this section, and from press reports, practically all over the State, Tuesday night, steady down pour of rain began falling.

Mrs. Lee McCue and son, Bob, spent several days in Del Rio this week.

Mr. and Mrs. Clyde Higgins and daughters are moving in town this week from their ranch in preparation for the school term. They have purchased the Owens home in the northeastern part of the city.

Miss Kathleen Sullivan returned Monday from Austin where she has been attending the second summer term of the University.

Week-end visitors in Del Rio included Mrs. John Clark and children of this city.

Mr. and Mrs. J. L. Glass of

AMERICAN HEROES

The Japs kicked him in the face and stomach, smashed him with their fists, knifed him, jabbed him with a pitchfork and left him for dead, but Pvt. E. O. Moore came through this ordeal. Now you come through. You've done your bit; now do your best—Buy more War Bonds.

Sterling City visited their daughter and son-in-law, Mr. and Mrs. Ervin Grigsby this week.

Mr. and Mrs. Tip Frazier and children moved in town the past week-end from the Mansfield ranch and will occupy one of the Mansfield homes in this city during the school term.

A. A. Shelton and son, Jack were business visitors in Del Rio Sunday and Monday of this week.

WITH OUR NEIGHBORS

Big Bend Sentinel, Marfa — Three evenings of rodeo competition and one afternoon of the "sport of cattle kings" in the Southwest, as well as in the eastern, metropolitan centers, will assure Highland people of an opportunity of seeing first rate contestants in action September 4, 5, and 6.

Ozona Stockman — Two additional buildings have been rented by the Ozona Wool and Mohair Co. for the storage of the new clips of wool and mohair soon to be coming in, Melvin Brown, manager, announced this week.

Wink Bulletin — Lightning striking a transformer at the north edge of the Wink School football field, short circuited

wires running into an apartment house across the street, causing several hundred dollars damage last Friday night.

Forst Stockton Pioneer—Karl Butz, vice-president of the Pecos County State Bank of Fort Stockton, has been appointed a member of the new nine-man State Finance Commission by Gov. Coke R. Stevenson. Sen. H. L. Winfield was informed here Wednesday.

Hudspeth County News — A writer in the Mexico Magazine says people not only stand up and ride trains, down in Mexico but some ride on top of passenger trains. The railroad companies keep selling tickets after enough have been sold to fill the coaches with passengers.

Alpine Avalanche — The survey made by the U. S. Forest Service to determine the amount of guayule shrub in this area, under way the past month, will be completed within the next week, J. C. Roak, Acting district supervisor of the El Paso district, Emergency Rubber Project, said this week.

It is estimated that some 2,000 tons of the shrub have been located in the area through the survey being made here. The usual yield of rubber is approximately 15% from the uncultivated shrub.

After the survey is completed contractors will be employed to harvest it, after which it will be baled and shipped to a processing plant at Salinas, Calif.

AT THE PRINCESS-

THE OX-BOW INCIDENT DRAMA OF MOB FURY!

Capturing the full violence of a whole town bent on merciless crime, "The Ox-Bow Incident," which opens Sunday and Monday at the Princess Theatre, is a film of such scope and vigor that it will at once be compared with the top achievements of the screen.

The story that thrilled thousands in the novel by Walter Van Tilburg Clark carries a shocking sensation like the lash of a whip across one's face as it comes to life on the screen. The two-fisted action begins when Henry Fonda and his partner, Henry Morgan, get caught in the swirl of murderous mob fury, seething to a frenzy in the town of Bridger's Wells.

A rancher named Kinkaid has been reported slain. Because suspicion is directed at them, Fonda and Morgan join the posse hunting for the killers—an undertaking which develops into one of the most ruthless man-hunts ever to be pictured on the screen.

The action gains in tension, when the posse apprehends three men enmeshed in circumstantial evidence and screams

for "lynch" justice on the scene. Although calmer heads are decided in one of the spine-tingling climaxes to keep an audience pinned in seats in high suspense.

Henry Fonda makes the most of his role, and William Powell, who has directed with every thrill of the retained in the filmization

GALAXY OF STARS

Boasting a galaxy of stars, "Cabin in the Sky" comes to the Princess Theatre Wednesday and Thursday.

Once again scoring in the role she created on the stage, Ethel Waters, faithful and loving wife, struggles to save the soul of her husband, Little Joe, played by Eddie "Rochester" Anderson. Kenneth Spencer, noted singer, portrays a "Gentleman" who leads the forces of good who

Refrigeration QUIZ for Homemakers. Illustration of a refrigerator character and a woman thinking.

CAN YOU ANSWER THESE QUESTIONS ABOUT FOOD PRESERVATION?

- Should bananas be stored in refrigerator? No. They keep better at room temperature.
Should eggs be washed before storing in refrigerator? No. It removes a natural protective coating that helps retain moisture and vitamins.
What is best way to store steaks, roasts and other kinds of fresh meat? Wipe with clean dry cloth but do not wash until ready to use.
How should ground fresh meat be stored? It should be wrapped loosely in waxed paper and frozen if not to be used day of purchase.
Why should fresh vegetables be placed under refrigeration quickly? Because they lose vitamins and flavor rapidly when exposed to warm, dry air.
When should refrigerator dishes and similar covered containers be used? Leftovers, all liquids and all foods subject to drying out or absorbing odors from other foods should be kept in covered containers.
Should wrapping paper, bags and cartons be removed from foods before storing? Yes. Paper acts as an insulator and prevents cold from reaching food.
What is best temperature for meat? Forty degrees is safest. Higher than 40 degrees is not recommended.

INCOME TAX—

(Continued from Page One)

ject to withholdings; 3. Those required to file and income tax return on 1942 incomes and whose wages subject to a withholding for 1943 are reasonably expected to be less than their similar wages for 1942.

Where the declarations show an estimated tax liability for 1943 in excess of credits, half of the excess is to be sent to the Collector of Internal Revenue along with the declaration, and the other half remitted on or before December 15. Credits to be taken on the declaration include withholdings and other payments, if any, made to Collectors on March 15 and June 15 this year on account of 1942 income taxes. The withholdings to be credited include those, if any, made by employers of the Victory Tax for the first half of the year, before the new withholding system went into effect, plus those made since July 1 under the new system.

If correction of the September 15 estimate of any taxpayer becomes necessary, an amended

declaration may be filed on or before December 15, and the proper adjustment in payment made.

Declarations are to be sent by September 15 to the Collector of Internal Revenue in whose district the taxpayer expects to file his final income tax return for 1943 next year.

In the case of taxpayers deriving 80 percent of their gross income from farming, filing of declarations is not required until December 15, at which time the full unpaid balance of the estimated tax must be paid. They may, however, file on September 15 if they wish and pay their estimated tax in two installments - September 15 and December 15.

The Current Tax Payment Act provides a penalty for a substantial underestimate of the tax due. However, it was pointed out by the Treasury, no one who makes his estimate carefully need incur this penalty. The privilege of filing an amended declaration on or before December 15 is a safeguard on this score.

Eventually, operation of the withholding system plus the declaration system will make all individual income taxpayers substantially current. That is to say, each individual income taxpayer will pay his taxes during the year in which the income is received. Under the old income tax law, payment of an individual's tax for any given year's income was delayed to the year following.

Rev. and Mrs. John W. Byrd and family returned Saturday from a short vacation spent in the Delaware Mountains of New Mexico.

Sgt. and Mrs. Raymond Parker of Victoria spent on Saturday until Monday in the home of Mr. and Mrs. Tom Holley. Mrs. Parker is a sister of Mr. Holley.

Buzzie Lassiter arrived here Thursday from Alpine to make his home here with his mother, Mrs. Berta Clark Lassiter, who is teaching in the Lamar Ward School.

Mr. and Mrs. R. H. Haley went to Marfa Saturday. He returned Sunday but Mrs. Haley remained over until Tuesday.

THE CORRAL

By Bill Gray

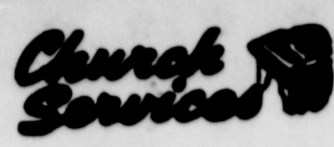

West Texas is in for its biggest fall wool shearing season, likely, for the announced government price is \$1.08, clean basis, meaning about 45c in the grease—it's a different story from the eight and 12-months basis—Texas' chief wool appraiser, Rome Shield, says an average of three appraising committees work daily in Texas and have already appraised around 21,000,000 lbs. this year—live animals make the big news on the Texas range but Carl Huntington, San Angelo renderer, back from a state meeting of animal renderers in Dallas, has a bit of news: feeding of tankage (processed dead animals) and meat scraps to Texas livestock last year increased 35%—Huntington says animal tankage has the highest protein content of any feed—running to 50 and 60% and better—he adds that animal renderers see a booming business in tankage and meat scraps, once fed only to hogs and poultry—now they are increasingly being used to feed both cattle and horses and feeding tests in Illinois now are going to prove illuminating—soap and glycerine are the other big by-products of dead animals—Huntington says the drought hasn't caused any deaths in his sector around San Angelo—West Texas isn't the only dry place says Howard Cox of San Angelo, returning from Mexico—he reports dry range from the Rio Grande to Saltillo, where he ran into the rainy season—Bud Ellis of San Angelo has succeeded the late Ed Mertz as inspector for the Southwestern Cattle Raisers in the San Angelo region—Bert Merritt of Camp Wood, Real County, last week bought back the lease on his 5 section ranch, leased at 45c five months ago to a Mr. Gilbert of New Mexico—he also got the stock back—Bill Stroman of San Angelo, ranching near Rooksprings, notes a scarcity of mutton goats in the Edwards County area—tried to buy some young muttons but found owners all asking \$6.50—Cotplay, the Senora mare that beat Chant Thru in San Angelo two weeks ago, is still being galloped and awaits any other challenger in the "country-bred" class, says Willis Miers, one of the owners—just being concluded is the ranch deal in which R. L. Stansberry and son A. L., traded in their Rooksprings 9½ section ranch on the 28 section ranch of Bud Barfield, 16 miles east of Van Horn the Rooksprings Ranch going at \$12.50, the Van Horn land's price being undisclosed—they're asking 13 and 14, the offers are still 12 and 13, on calves in San Angelo, says O. K. Harkey, commission man—Sol Weatherby (Triplett, Amarillo) still is buying at 12 and 13—shipped 300 calves from W. E. Barron, Roatan, Saturday, Aug. 28—Ashby McMullan of Big Lake sold 200 yearling ewes at \$9 a head a few days ago to go to Ft. Reno, Okla.—dry weather lambs were the 500 sold by Ed Hobbs, San Angelo, to Kansas at 11c, weighing 52 lbs.—lambs are still on a definite 11c keel in every direction inquired over West Texas—Louis Farr of the big Bar S, near Mertzon, is in Kansas—the Bar S is getting critically dry.

Mr. and Mrs. Weldon Cox and son, Darrell Glenn went to Del Rio Saturday where they took Jimmie Merritt, nephew of Mrs. Cox, who continued to his home in Fort Worth after visiting here during the summer months in the Cox home. They were also accompanied by J. F. Cox who continued to his home in Fort Worth after visiting here several days with his son and family.

Mr. and Mrs. O. J. Cresswell and W. N. Bowden, Jr. arrived here Saturday from El Paso. They plan to make their home here again after several months spent at different points where Mr. Cresswell has been employed on defense projects.

Mrs. Pete Williams of Del Rio and son, Robert, arrived last week-end for a visit here with Mr. and Mrs. John Whistler and Mr. and Mrs. Charlie Gregory.

W. D. O'Bryant, Jr., left Sunday for San Antonio where he visited a few days before continuing to Devine for a visit with his parents, Mr. and Mrs. O'Bryant, Sr.

Worship services: Thursday at 8:30 p. m.
Everyone welcome.
Rev. P. O. Calderon, Pastor

FROM TEXAS—

(Continued from Page One)

of every barracks scrub and clean the barracks until the next morning an officer can rub a pair of white gloves anywhere in the barracks and not get them dirty. Well, I've got to stop and write Pauline and Alice, and some more letters. You all keep up the home front, and leave the war to a rookie named G. I. Sam.

Ed Leatherwood, Gunner's Mate Third Class, U. S. Navy, is home from the seas on a "not-so-long" leave with a smooth tan and the same smooth personality. See you around, Ed.

Called to the colors was LOYD C. SMITH. He is signed up for active duty with the Naval Air Corps and is stationed at Hensley Field, near Dallas, Texas.

Miss Roberta Loehausen returned Tuesday from El Paso where she visited with relatives for a week.

Miss Betty Frazor left here for Uvalde Friday morning where she was the guest of Aviation Cadet W. D. Martin, cousin of L. D. Hasty, at the Graduation Dance of Class 44-A at Garner Field. She returned home Sunday morning.

David and Doris Duke left Wednesday night for El Paso where they will visit relatives for several days.

Douglas Smith, ex-student of Sanderson High School and son of Mr. and Mrs. A. C. Smith, returned to Austin Tuesday from a visit here. He is attending the University of Texas.

The owner of a midget car drove to a filling station and asked for a pint of gasoline and two ounces of oil. "Right," said the attendant. "And would you like for me to sneeze in the tires?"

BARBECUE—

(Continued from Page One)

large fireplace with a large mirror above the mantle. Imported crystal chandeliers hang in the living and dining rooms. Floors of these two rooms, as well as the three bedrooms, are completely covered with carpets. Beautiful hooked rugs, made by Mrs. Mitchell, also adorned the rooms throughout the home. All pictures are oil paintings by his mother, Mrs. Rosa Mitchell.

The kitchen walls are of glass tile, as are walls of the two baths. Triple windows, covered by a single venetian blind, affords an abundance of light for the kitchen, and a large service room containing a large refrigerator and meat block adjoins the kitchen. The stairway to the basement is also in this room.

A double garage and maid's quarters is of the same stone construction as the home.

The home is covered with Spanish tile and is insulated with rockwool. In putting down the flooring, a pine floor first went down on top of which was placed a layer of 30-pound felt. Hardwood flooring went on over the felt and then the floor coverings. All floors not covered with carpets are covered with in-laid linoleum.

TO ALL TO WHOM IT MAY CONCERN:

NOTICE OF SALE OF OIL, GAS AND MINERAL LEASE

Notice is hereby given that the Commissioner's Court of Terrell County, Texas, will offer for sale and will sell to the highest bidder for cash the bonus consideration, an oil, gas and mineral lease covering the following described lands belonging to Terrell County, Texas, to-wit: Labor 1, in League 310; and Labors 16, 17, 18, 19, 20, 21, 22 and 23 in League 309, of the Terrell County School lands in Gaines County, Texas, each Labor containing 177.12 acres, more or less.

The said lease to be executed on the usual Texas Standard Revised Form, providing for a term of 10 years from date and with an annual delay drilling rental of fifty cents per acre, per year.

Said Commissioner's Court will meet at the Court House in Sanderson, in Terrell County, Texas, at 10:00 o'clock A. M. on the 17th day of September, A. D. 1943, to receive and consider all bids submitted, and will award said lease to the highest and best bidder, provided however that said Court may reject any and all bids, if in its opinion the bids submitted do not represent the fair value for said lease.

Witness my hand this the 25th day of August, 1943.

(SEAL) R. S. WILKINSON
County Judge, Terrell County, Texas.

ATTEST
M. H. GOODE, JR.
County Clerk, Terrell County, Texas.

By: Pattie Billings - Deputy

Mrs. A. L. Fawcett returned Sunday night from San Antonio where she has been visiting with her daughter, Mrs. Buel Wilson.

WASTE FATS COLLECTED

Waste Kitchen fat collections throughout the country totaled 8,440,274 pounds during the month of June, setting an all time high mark since the inauguration of this program in July 1942. WPB has reported. The total collected is still not sufficient to meet war demands. WPB Region 1, comprised of the New England States ranked first in pounds collected per occupied dwelling.

MORE WOOLENS FOR CIVILIANS

Several million men's mackinaw and Melton work jackets, children's legging sets, blankets and other needed items of men's, women's and children's apparel will be added to the civilian supply this winter as a result of a program arrived at jointly by WPB and the War Department. Army procurements on some of the principal worsted and woolen products will be reduced by 50 percent during the last four months of this year.

To keep leaf lettuce crisp and good, wash it, then roll the leaves loosely in a towel to dry. Keep it covered in a cold place, but don't keep it very long before using.

whole economic system, which has worked better for America than has any other system for any other people. Patriotic Americans will never purposely discard their freedom but indirection is at work and Private Enterprise is under fire.

Rattle of the Rail

Electrician Reeves was here from San Antonio several days this week.

T. H. Leatham, assistant Master mechanic and J. G. McCullar, traveling engineer, were here from El Paso Tuesday.

Fireman C. C. Boyd has returned from a visit to San Antonio.

Mrs. G. M. Medlock and Mrs. O. C. Reynolds went to Ellington Field Monday to be present for the graduation exercises there when Durwood Marshall, son of Mrs. Reynolds, received his wings. He is also a nephew of Mrs. Medlock. Mrs. Reynolds visited here with Mrs. Medlock until Friday when she left for her home in Oakland, Calif.

Mrs. Roy Chapman of Glendale, California, visited here Tuesday night in the home of Mr. and Mrs. R. V. Raney. She is an aunt of Mr. Raney.
