THINK IT OVER

During the month of February we are going to ask you for 100 per cent support. Do we succeed? Our bread is good. It has plenty of lard and sugar content and perhaps less water than others. We feel certain you will not fail to assist us.

Talk it over at your meal hour. Tell your neighbors any bread you purchase during these four weeks will be "CITY BREAD". It will give you a sense of pride and joy to render this cooperation to your own local Bakery.

When our solicitors call on you give them a helpsing hand.

RESTEUL SLEEP for FRETFUL, FEVERISH CHILD

- With Castoria's regulation

When your child tosses and cries out in his sleep, it means he is not comfortable. Very often the trouble is that poisonous waste matter is not being carried off as it should be. Bowels need help—mild, gentle help—but effective. Just the kind Castoria gives. Castoria is a pure vegetable preparation made specially for children's ailments. It contains no harsh, harmful drugs, no narcotics. Don't let your child's rest—and your own—be interrupted. A prompt dose of Castoria will urge stubborn little bowels to act. Then relaxed comfort and restful sleep! Genuine Castoria always has the name:
