-by dave

Some very humorous happenings have been going on during the past week, and it is our pleasure to recall some of the momentous occasions.

The first episode took place at the Chester & Fleming Gin south of town.

Seems that Earl Chester and Wright Williams were sitting in the gin office watching the ball games on tv when a car slid to a stop outside scattering caliche in all directions.

Honking the horn the driver leaned out the window and belated for service--"I wanta cuppa coffee!"

About that time a driver who had been crowded off the road pulled up behind the "coffee-drinkers" car and another in front and they proceeded to wait on the arrival of the law.

Seems the "visitor" was the subject of many radio messages between the police department here and the highway patrol for drunken driving between here and Dimmitt.

Earl was asked just what he'd done if Ben hadn't turned up so quick--

"I reckon I'd made him a cup of coffee right quick" was his reply!

Have you seen Clyde Woodard's mongoose?

You haven't lived until you have gazed upon this unique animal.

In fact, a few folks hereabouts who have had the pleasure of looking with their own two eyeballs upon this rare animal have been almost overcome with the sight.

Coach Baker Duggins, for one, was overwhelmed at the sight of the little furry animal, and spectators say that he was so enthusiastic at his seeing this animal for the first time he upset a couple of tables in the Golden Spread Cafe.

Get him to describe the sight to you sometime.

Frona Volunteer Firemen

The Star was honored this week by being named the first place award winner in the Advertising Contest of the West Texas Press Association.

The winner received a handsome engraved silver tray, this is the second tray The Star has received in as many years for the same contest.

However, one slight change this year.

We got quite a chuckle out of reading the inscription on the tray for it read as follows:

"Frona Star - 1960 - Advertising - West Texas Press Association - Presented by General Telephone Company."

I wonder that had the moguls at General Telephone known The Star was going to receive this award would they have been so generous?

I'm sure they would, but as General Telephone and yours truly generally are engaged in a running verbal battle over their phones, and because of their phones, this inscription tickled our funnybone.

But, seriously, we are humbled at having been named the winner of this award another year, together with two more awards at the press convention held down at Pecos.

All the credit goes to you folks who make it a pleasure to work for, and publish a paper for the finest folks in the world. And we mean it!

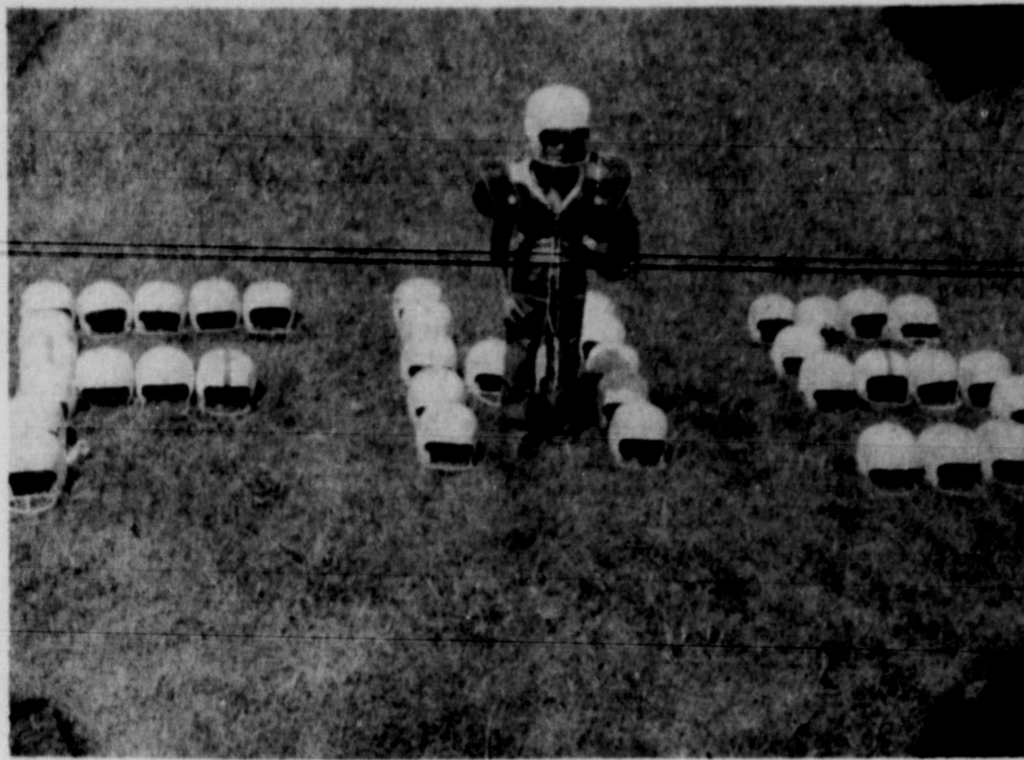

Thank you.

Moisture Report

The following moisture readings were recorded in Friona at the official Weather Bureau rain gauge at Friona Consumers during the week ending Aug. 9:

None--lots of promise, but no results.

Total rainfall for month of July in Friona was 10.16 inches.

YOU'LL HAVE TO WAIT A FEW YEARS RICKY--Young Ricky Davis is ready and waiting for the kickoff of football season and was willing to help put out the helmets and get the football gear squared away prior to the opening of practice Monday. Coach Smith estimates about 40 boys will get into pads and come out for the 1960 edition of the Friona Chiefs.

James Mabry Resigns From School Board

James Mabry submitted a letter of resignation from the Friona Independent School District board of trustees at

the regular meeting Monday night. Mabry gave as his reason that he has moved out of the district

and is now managing a gin at Lazbuddie.

The board accepted his resignation and appointed W. R. Mabry to fill out the unexpired term.

The Mabrys are brothers and both farmed in the Hub Community until this summer when James and his family moved to Lazbuddie.

In other business at the meeting Superintendent Alton Farr reviewed the teacher problem with the board.

A total of three positions are still open in the Friona Schools. All three of these are in the elementary grades.

The board authorized Farr to do the best he could with the situation. One more resignation was submitted to the board and approved, that of Mrs. Jewel Woodward.

Farr gave a report on the Cafeteria, Activity and Transportation fund and reported on the budget situation of the school. All these reports were accepted.

The board okayed payment of \$495 for renovation of a new (Continued on page 7)

Band Schedules Meeting Monday

All students interested in participating in the activities of the Friona High School Band are urged to attend an organizational meeting slated for 7 p. m. Monday night, announced Lowell Bynum, band director.

The meeting will be held in the band hall in the high school building. At this time a schedule will be worked out for the remainder of the week for marching and playing rehearsals.

"It is very important that all students who plan to be in the band attend these first rehearsals," Bynum says. "If for any reason a student cannot take part in these they should contact me as soon as possible."

Ray Noblett Will Speak To Lions

Ray Noblett, retired businessman from Clarendon, will be the guest speaker at the Thursday (tonight) night meeting of the Friona Lions Club.

The meeting will be held at 8 p. m. in the Friona Women's Clubhouse.

Noblett will speak on the subject of Boy's Ranch.

Noblett has worked with the Boy's Ranch for over 11 years and is the Ranch's oldest continuous supporter and contributor.

All members are urged to attend this meeting says Kenneth "Tasty" Williams, president of the club.

Members of the 5th, 6th, 7th and 8th grades will not begin band practice until the beginning of school Bynum pointed out.

All fifth grade students will receive an orientation course in band the first week of school, then those who choose to take band will begin classes the second week of school.

An estimated 75 students will participate in the band this year.

Frona Blacksmith Now Open

Frona's newest blacksmith and welding shop, Friona Blacksmith, is now open for business at the building jointly occupied with OF&O Supply Company on Highway 60 west of town.

This announcement was made this week by Cecil "Bud" Floyd and Dale Burden, owners of the new business.

Both men are old-timers in this general area, Floyd having been raised in Bovina and Burden in Muleshoe.

Both men are experienced in their line of work, Floyd has followed this work for 16 years and Burden for about 10 years.

Floyd and his family are living on Grand Avenue and Burden and his family in the Awtry house south of the Loop.

The new business' opening advertisement can be found in this issue of The Star.

NO ASLEEP, JUST RESTING FOR POLITICS--This hard-working fellow isn't asleep (even though he didn't stir when the flashbulb went off in his face) but rather he is thinking hard of the coming political battles and is trying to figure out an answer to each question that will be thrown his way in the next couple of months. The subject was short while "resting" in Hop Lewis' barber shop. Can you guess who it is?

Chiefs To Begin Grid Workouts

Frona Chiefs will officially open the 1960 football season at Chieftain Stadium Monday morning at 8 a. m. when they begin workouts for the coming season.

Practices will be held twice daily until school opens, says Coach Earl Smith.

Practices will be held at 8 a. m. in the morning and again at 8 p. m. each evening.

The Chiefs will have a total of seven lettermen returning from the 1959 squad.

"We lost a total of 13 letter-

men through graduation then two more were lost in a swimming accident this summer," Smith says.

"The boys have indicated they feel a debt to E. C. and Johnny (E. C. Wilson and Johnny Miller were drowned in a lake north of Friona in June) and will be putting in a lot of effort to make a showing for these two boys," Smith says.

Returning from the 1959 Chieftain squad will be lettermen Tommy Massie, Tommy Barker, Lynn Baxter, Jerry Rankin, Gary Sneed, Floyd

Reeve and Lee Gibson.

The Chiefs will weigh in about the same over the squad as the 1959 model. The squad will, however, be a little faster overall than last year.

"We have a mighty fine bunch of boys that will be suiting out for the A and B squads and although the big boys are favored to take the district we will fool a bunch of folks before the season is over, Smith predicted.

Dalhart is the team that has gotten the vote to take the district title this year. The

other two runner-up favorites are Canyon and Dimmitt.

We will have to depend a lot on untried material to make the grade, Smith pointed out, and indicated a lot is to be expected from Bobby Daniels at quarterback and Jobey Claborn at halfback.

Frona's season opener is September 2 when they will meet Farwell at Farwell. Home games are New Mexico Military Institute, first home game September 16; and followed by Stratford, Muleshoe, Dalhart and Dimmitt.

SECTION 1

FOR MAIZE DAYS--

Registration Opens For Queens, Concessions

All girls and organizations wishing to either sponsor and enter the Annual Friona Maize Days Queen Contest are urged to contact Deke Kendrick, chairman of the contest committee as soon as possible.

In addition, clubs and organizations who plan to have an exhibit in a downtown merchant's window or those planning to have a concession during the annual Maize Days Celebration are urged to contact John T. Wilson.

Mrs. Kendrick can be contacted at her home for the Queen Contest and Wilson can be contacted at his place of business, Friona Battery & Electric.

The cooperation of all involved in these projects is urged.

The cooperation of all involved in these projects is urged.

Late Owls To Meet

Late Owl League of Friona Women's Bowling Association will meet at 8 p. m. Thursday, August 11, in the Production Credit office.

Purpose of the meeting will be to elect officers and discuss a league banquet and distribution of trophies.

All members are urged to attend.

In order not to crowd in at a later date and to avoid conflicting concession rights at the Celebrations.

Plans as of this time call for the group of Queen Contestants to be the guests of Cotton John on one of his television shows and the names, pictures, and a short biography of each contestant must be on hand if everyone is to take part in this trip.

The various committee members and chairmen met in a planning session Monday night and discussed prizes to be awarded, set up a tentative schedule of events, and new additions to the week of fun and festivity.

A new innovation this year will be a Donkey Baseball Game to be played Saturday night, September 10, between members of the Friona Jaycees and the Friona Lions.

In addition to this battle, there will be a Go-Kart race and a horse race. Both of these are additions to the program over last year.

According to information from Friona schools, it will be impossible to reschedule the football game between the Friona

Chiefs and the Fort Sumner Foxes Friday, September 9. This is due to the fact the Foxes only have three home games during the season and their officials didn't want to leave only two home games.

Other plans for the various events are rolling along and Co-chairmen Martell LeVeque and Porter Roberts are keeping committee chairmen working.

Board Of Equalization To Meet August 18

A board of equalization will meet in formal session Thursday, August 18, at the City Hall in Friona beginning at 10 a. m.

The purpose of the meeting is for all property owners who have protests on their tax rendition in the city to voice their complaints before this meeting.

Those comprising the board include members of the city council plus Hoyt Smith, Ralph Roden and Hollis Horton Jr.

Frona Motors, Hub Win Little League Titles

Frona Motors and Hub were declared winners of the Friona Junior League ball titles following the closing of season play here last week.

Frona Motors, in the eight and nine-year-old division, took first place honors and were followed by Ethridge Spring Agency in second place.

Hub took top honors in the ten, eleven and twelve year old division followed by Brookfield

Building Permit

The following building permits were issued during the week ending August 8 at the City Hall in Friona:

Raymond L. Fleming, permit to construct a duplex apartment dwelling at an estimated cost of \$15,500.

Raymond L. Fleming, permit to construct a duplex apartment dwelling at an estimated cost of \$15,500.

HEREFORD BOYS--

Two Die In Crash At Bovina Saturday

Two Hereford youths died almost instantly Saturday morning when their car ramed a tree two and one-half miles east of Bovina on Highway 60.

The dead were identified as Bobby Gene Province and Harley Earl Davis both 20.

Investigating officers said the driver apparently went to sleep at the wheel since there were no skid marks before the crash.

E. Plank, a truck driver from Dallas, discovered the tragedy and called deputy sheriff Henry Minter. Plank said the mishap must have occurred about 4 a. m.

Minter said tire marks at the scene indicated the car, which was headed west, left the road and ran for about 100

yards on the shoulder of the wrong side of the road. It hit the tree on the left side, throwing one of the occupants out.

Plank said one of the young men was still alive when he stopped, but both were dead by the time officers arrived.

The car, a 1954 Dodge convertible was stripped from its frame and the entire left side torn away. The speedometer was stuck on 39 miles per hour but Minter said this was not an indication of the auto's speed at the time of the crash.

There were no eye witnesses to the wreck. The tree involved gave mute testimony to the force of the impact. It was stripped of bark all the way up one side about four feet from the ground.

Coach Earl Smith submitted his appreciation for all the sponsors, managers and players who made this year's summer program a success.

In addition to the two boys above who received plaques for their honors all 48 members chosen to participate in the All-Star games Saturday were presented medals for their efforts.

In the All-Star games, the West downed the East in the first game 13-2 and the North downed the South 25-17 in the second game.

This is the first season of play in the new Junior League Park which was constructed this year by the joint efforts of the civic and service organizations of Friona.

Plans call for the field to be sodded, and restrooms to be added before next year's play begins.

The Hereford Brand was named first in general excellence (in the over 3,000 category) and the Dublin Progress received the award in the under 3,000 category.

The State Line Tribune at Farwell received second place honors in the advertising cate-

Man Is Fined On Liquor Charge

Ismael Olivers, Friona, was arrested in Friona Saturday night by the Farmer County Sheriff's Department and charged with possession of alcoholic beverages for purpose of sale.

He pled guilty to the charge in Farmer County Court at Farwell Monday morning, was fined \$200 and court costs and sentenced to 10 days in jail by Judge Loyde A. Brewer.

ANOTHER SILVER TRAY--Dave McReynolds prepares to hang another silver tray on the wall in The Star office which was presented to The Star for first place award in the West Texas Press Association's Advertising layout contest. The award was made last weekend at the WTPA Convention held in Pecos. The Star won the same award last year.

THE FRIONA STAR

Dave McReynolds, Editor

In Farmer County \$3 Per Year
Elsewhere \$4 Per Year

Don't You Think It Is Worth The Effort?

When you begin talking of progress, some folks complain, gripe and go into various other ways of dodging the issue.

Invariably when Joe Blow is asked to serve on a committee of the Chamber of Commerce, or some other civic enterprise--you hear-- "Why me?"

Well to grow and prosper is the business of all of us.

Whether you realize it or not, a city, a business, yes, even an individual never sits still.

You are either moving forward, or going backward.

We were reminded of the impact of new folks moving into a community the other day when Steve Messenger handed us the following clipping which ran in a recent issue of the Amarillo Globe Times.

This pretty well covers the "why" of attracting new industry to any community.

The clipping is as follows:
"We have always held the view that a new industry benefits just about everyone in the community in which it locates.

"Occasionally, though not too often, we run up against the fellow who questions the value of the community efforts to attract industry on the grounds that they tend to benefit only one segment of the local economy.

"Not so, we'd say. New industry brings

in new money and new money, like the Spring rain, falls in all parts of town.

"Now from the Department of Commerce comes a study report which illustrates the point graphically. Said study covered 12 widely separated communities and shows that 100 new industrial workers earning an average of \$88 a week can mean:

1. An increase of 172 employed persons.
2. A total of 338 new citizens.
3. 117 new households.
4. Business to support three new retail stores.
5. 165 new automobile registrations.
6. And, \$457,000 in new retail sales.

The report goes on to break down that \$457,000 into all the various business categories that will gain a portion of it.

It shows that nearly every member of the business community was served a slice of the cake. Service stations got 6 per cent; grocers 19 per cent; cafes and bars 8 per cent; auto dealers, 14 per cent; department stores 13 per cent; clothing stores 7 per cent; lumber yards 4 per cent; and miscellaneous classifications shared the remaining 29 per cent.

Such reports provide an accurate estimate of money gained from new industry. Further, they provide a ready answer for the few who fuss and grumble about the efforts involved in attracting that industry.

SHIRKING HIS DUTY!

Hospital Notes

Patients Admitted: Week of August 1, 1960 through August 7, 1960. Bill S. Burnam, Bovina; Mae Miller, Portales; Jose Luna Reyes, Friona; Jose Montez Calderon, Friona; Phyllis Kay Tatum, Black; Genevieve Nickabone, Texico, New Mexico; Glenn Ross Hise, Bovina; Raymond Earle Hise, Bovina; Wanda Rose Cassidy, Texico, New Mexico; Claudine Clark, Lazbuddie; Stephen Rickey Whitsett, Friona; Barbara Gail

Whitsett, Friona; Juan Hernandez, Bovina; Charise Mae Eubanks, Bovina; Brenda Gaylene Jones, Bovina; Pablo Banda, Bovina; Mrs. G. L. Cranfill, Friona; Ronnie Wayne McCutchan, Bovina; Thomas Giles Cobb, Friona; Faustina M. Bazan, Friona; Esmeralda Canti, Hereford; Raymond Jones, Friona; LaNora Sue Bentley, Friona; Bill Kendrick, Groom.

William Cobb Participates In Sub Exercise

WEST COAST (FHTNC) -- William P. Cobb, airman, USN, son of Mr. and Mrs. Thomas G. Cobb of Route 3, Friona, serving with Patrol Squadron 47, took part in a joint Canadian-American anti-submarine warfare exercise from July 21 through August 3 off the West Coast of the U. S. and Canada.

Two American anti-submarine warfare groups headed by two aircraft carriers joined with six Royal Canadian destroyer escorts and supporting supply ships to provide the seagoing forces. Air units from Whidbey Island, Wash., Alameda and North Island, Calif., also joined in the operation.

The exercise was designed to train both nations' anti-submarine forces and to perfect techniques used in this type of warfare.

Herald White In Washington

OAK HARBOR, Wash. (FHTNC) --Herald G. White, journalist second class, USN, son of Mr. and Mrs. Henry G. White of Friona, and husband of the former Miss Lila L. Henderson of Everson, Wash., is serving at Whidbey Island Naval Air Station, Oak Harbor, Wash.

Frionans Attend Reunion

Several Frionans attended a Norwood family reunion at MacKenzie Park in Lubbock Sunday.

They included Mr. and Mrs. W. B. Norwood, Miss Lois Norwood, Mr. and Mrs. Jimmy Norwood and Doug, Mr. and Mrs. Howard Ford and Kenny and Chloe, Mr. and Mrs. Forrest Osborn and Carl and Ted and Mr. and Mrs. W. C. Osborn.

Births

The following births were recorded by the Parmer County Community Hospital with justice of Peace Theima Jones during the week ending August 9:

- Boy, born to Mr. and Mrs. Amiel Johnson of Hereford July 30 at 11 p.m. weighing 7 lb 3 oz.
- Girl, born to Mr. and Mrs. Truett A. Mills of Bovina July 31 at 3:20 p.m. weighing 8 lb 9 1/2 oz.
- Boy, born to Mr. and Mrs. Scotty Windham of Lazbuddie August 1 at 12:32 p.m. weighing 7 lb 15 1/2 oz.
- Boy, born to Mr. and Mrs. Manuel Ramirez of Friona July 25 at 5:06 a.m. weighing 8 lb 4 1/2 oz.

Gay Singleterry Party Honoree

Gay Singleterry was honor guest at a swimming party in Hereford recently. Hostess to her Sunday School class of which Gay is a member was Mrs. Wesley Hardesty.

Daughter of Mr. and Mrs. Hubert Singleterry, Gay will move to Brownfield soon.

Attending were Mrs. Charles Short and Jena Kay, Mary, Marie and Charles Denny, Sherry and Pat Tannahill, Sarah and Linda Fallwell, Arletta McClelland, and Charla Harper.

The typical family man has a billfold full of pictures and no money.

Black News

BY MRS. DELTON LEWELLEN

Mr. and Mrs. Earl Potter of Amarillo visited Saturday with Mr. and Mrs. H. H. Elmore and Mr. and Mrs. Dick Rocky.

Mr. and Mrs. Joe Elmore and Mrs. Margie Harper of Mooreland, Okla., visited three days last week with the H. H. Elmore and Sunday dinner was enjoyed by Mr. and Mrs. Dick Rocky and Mr. and Mrs. Bud Elmore.

Mr. and Mrs. Fern Barnett returned from a trip to Ruidoso this week.

Mr. and Mrs. Les Gibson and family returned Saturday from a trip through New Mexico and Colorado.

Mr. and Mrs. T. A. Sherley are moving to Friona. We regret that they are leaving our community but we are sure that they like living in Friona.

Mrs. H. H. Elmore, Mrs. Dick Rocky and Mrs. T. J. Presley shopped in Clovis on

Monday of last week.

Ray Gene Braxton, Jeffrey Price and Donnie Carthel were chosen all stars in the little league playoffs. Congratulations, boys!

We were sorry to hear that Mrs. Weldon Tatum had been in the Friona hospital this last week but we are glad to report that she is back at her home in Canyon now and doing fine.

Mrs. Jerry Houlette and Debbie and Mrs. Ellis Tatum visited in Albany recently and also brought Tommy Tatum home. Tommy has been working on the Guy Caldwell ranch at Albany. He also visited his grandmother Mrs. Molly Dillingham while he was there.

Mr. and Mrs. J. R. Braxton vacationed recently in Branson, Mo. where they enjoyed fishing and taking it easy.

H. A. Burnett of Amarillo, Mrs. Clyde Hays' brother, visited Friday night with Mr. and Mrs. Clyde Hays.

Mrs. Leona Wolfe had Sunday (Continued on page 7)

Stowers-Chesher Marriage Told

Mr. and Mrs. J. L. Stowers are announcing the marriage of their daughter, Ineta Jo, to Jimmy Chesher, son of Mr. and Mrs. J. O. Chesher.

The couple was married July 16 in Kingman, Ariz. They will be at home in Long Beach, where Chesher is stationed in the Navy, after a leave here.

Mrs. Jerrell Has Operation

Mrs. Newman Jarrell Sr. underwent eye surgery at Medical Arts Hospital in Dallas Monday afternoon.

She expects to be there 10 days to two weeks.

Her address is Room 1729 Medical Arts Hospital, Dallas.

Lazbuddie Schools To Open Aug. 29

An estimated 300 students will return to school for the first day of instruction August 29 announced James Ward, superintendent of the Lazbuddie schools this week.

Teachers will begin their work Wednesday, August 24, with a workshop session for two days. Students will enroll, and buses will run and return students home by noon on Friday, August 26.

According to Ward, the school system at Lazbuddie still lacks one teacher, a vocational home economics instructor.

He added that only one first grade teacher will be hired until there are enough students to begin another class. At the present time the school can account for only 27 students in the first grade.

Parents who are new in the community that have a child who will enter the first grade are asked to contact Fred Wilbanks, elementary principal, or Ward, at the school.

Football practice for the Lazbuddie Longhorns will get underway Monday and all boys are asked to have their physical examinations completed prior to the first day of practice.

Faculty members at Lazbuddie this year include the following:

Mrs. Purl Tippie, first; Mrs. Ruth Williams and Mrs. Junia Ketchum, second; Mrs. Vigil Wilbanks, Mrs. Mildred Turner, third; Mrs. Sadie New, fourth; Miss Mary Maxwell, fifth; E. C. Ketchum, sixth; Fred Wilbanks, elementary principal and 7th and 8th arithmetic; Frederic A. Byers, music.

Everett Maxwell, 7th and 8th English and commercial;

Robert L. Crooks, 7th, 8th social sciences and driver education; John Bond, high school social science; Purl Tippie, math and biology; Mrs. Davah Lawrence, English; Scotty Windham, vo ag; Jack Black, high school principal; James G. Ward, superintendent.

A total of 280 students are expected in the elementary grades and 80 in high school.

Letters to the Editor

Dear Sir:

We, the Emmanuel Lutheran congregation of Rhea, wish to express our thanks to all of you in giving our 50th anniversary the nice write up in the paper and in any other way that you helped in making it a success.

Emmanuel Lutheran Church

Investigate One Traffic Accident

One traffic accident was investigated and recorded by the Friona Police Department this week announced Ben Moorman, police chief.

The accident occurred about 3:45 p.m. Saturday at the corner of Main and 8th Streets in Friona.

Two vehicles, one driven by Russel O'Brien and one by Mrs. Mary Floyd, were heading south on Main when the O'Brien auto pulled from the center lane toward a parking place and rammmed the side of the Floyd auto.

O'Brien was charged with changing lanes without safety. No injuries resulted, although damage to the two vehicles was estimated at \$200.

The Richard Styles family of El Paso visited over the weekend with her parents, Mr. and Mrs. G. B. Buske.

Arriving Saturday for a two-week visit with her mother, Mrs. F. L. Spring, was Mrs. Muri Sylvester Jr. and children of Bisbee, Ariz.

Read Mark 9:17-24

I can do all things through Christ which strengtheneth me. (Philippians 4:13)

Once I went skiing with some young people. It was such a beautiful day. The trees were heavy with snow. The limbs bent toward the ground.

During a resting period, I noticed two trees. One of them a fir tree, had not been able to carry the weight of the snow. The trunk had snapped about six feet above the ground. The other one, a birch tree, its top bent to the ground, had not broken under the weight of the snow. When we shook off the snow, the tree rose again and stood as straight as ever.

Life can burden people. For some, their power of resistance breaks down. They are not able to rise again. Other persons, also heavily burdened, are bowed down under the weight, but they do not break. They possess an inner strength which prevents their power of resistance from ever reaching the breaking point. They weather the storms of life, rise again, and stand as witnesses of a glorious inner power. They know Christ. His strength in them makes the difference.

Karl Erik Hellberg (Sweden)

Miss Lila Gay Buske Relates Unusual Experiences as 'Invincible'

THURSDAY, AUGUST 11, 1960

THE FRIONA STAR

SECTION II

Raymond White Weds Miss Judy McDonald

A double ring ceremony in Dumas August 4 united Miss Judy McDonald and Raymond C. White in marriage. Rev. Hugh P. Blaylock of First Methodist Church, Dimmitt, officiated in the garden at the home of the bride's parents, Mr. and Mrs. C. A. McDonald.

The bridegroom is son of Mr. and Mrs. Edward S. White Sr. of Friona.

Matron of honor was Mrs. L. R. Bice, sister of the bride. She wore an aqua shantung dress with white accessories and a pink rosebud corsage. Attending the bridegroom was Ralph D. Hundley of Canyon.

For her wedding the bride chose a ballerina-length gown of

white Chantilly lace of taffeta fashioned with a fitted bodice, three-quarter length sleeves and a full skirt. Her fingertip-length veil of nylon tulle with lace edging fell from a coronet of seed pearls. She carried a bridal bouquet of white carnations centered with tiny blue bows arranged on a white Bible.

Mrs. McDonald chose a beige lace sheath with pale green and black accessories. Her corsage was white carnations. Mrs. White, mother of the bridegroom, wore an orchid lace dress with white accessories and corsage.

Houseparty members at a reception were Miss Elizabeth Malony and Mrs. James Wiley of Northwest Texas School of Nursing, Amarillo. Miss Helen McDonald, Amarillo, cousin of the bride, registered guests.

For a wedding trip to New Mexico, Mrs. White wore a two piece navy linen dress with white accessories. Her corsage was taken from her bouquet.

The bride was graduated from Dumas High School and attended NWT School of Nursing in Amarillo. She is presently employed by St. Mary's of the Plains Hospital in Lubbock.

The bridegroom attended Friona Schools and received his diploma while in the Army. He is presently with missile battalion stationed in California. The couple will be at home in Lubbock after January 1.

Out-of-town guests included parents of the bridegroom and Sue, Lois and Richard White of Friona; Mr. and Mrs. Donald Wood and family, Colorado Springs, Colo.; Mr. and Mrs. T. J. Johnson, Boise City, Okla.;

Mrs. Patsy May and children and Mrs. Sue Stergen, Amarillo; Mrs. Roy Campbell and children, Seminole; Mr. and Mrs. Vernie Roberts and children, Amarillo, Mr. and Mrs. Tommie Hamilton and children of Dimmitt.

Calvary Baptist WMU Organizes

WMU of Calvary Baptist Church met Tuesday of last week in the home of Mrs. Bill Stephens. Fifteen members and three visitors attended.

Following a royal service program was a business session. Officers for the coming year were elected.

Mrs. Stephens is president and will be assisted by Mrs. Jim Carlson as vice-president, Mrs. A. T. Stowers as recording secretary and Mrs. Doug Connelly as secretary-treasurer.

Directing community missions will be Mesdames Lula Bradley and H. A. Hyde. Mrs. Bill Sheehan is in charge of mission study and Mrs. W. B. Carr is prayer chairman. Other chairmen are Mrs. Audye Wiley, stewardship; Mrs. O. C. Rhodes, social; Mrs. Mae Magness, program; Mrs. Elmer Euler, Bible study and Mesdames Herbert Day and Cayson Jones, circle chairmen.

Mrs. Wiley will serve as Young Women's Auxiliary director while Mesdames Ray Castleberry and Everett Bails will be Girls' Auxiliary and Sunbeam directors.

Visitors at the meeting were Mesdames Bill Turner and Buck Garner and Miss Karen Turner.

Flemings Host Get-Together

Home of Mr. and Mrs. Raymond Fleming was scene of a family get-together Saturday.

Attending were Mr. and Mrs. George Rogers of Cortez, Colo., Mr. and Mrs. Tom Coleman of Glorieta, N. M., Mr. and Mrs. Fred Ashley and Mr. and Mrs. Elvy Bell of Melrose, N. M., Mr. and Mrs. Daryl Harrell and children of Portales, N. M., Mr. and Mrs. Don Reeve of Amarillo and Mr. and Mrs. Ray Dean Fleming.

Mesdames Rogers, Coleman, Ashley and Bell are sisters of Mrs. Fleming and Mrs. Harrell is her niece. Mrs. Reeve is a daughter of the local couple.

MISS LILA GAY BUSKE displays some of the materials she used in conducting vacation Bible school classes in poor Baptist Churches and Spanish missions this summer. Daughter of Mr. and Mrs. G. B. Buske, she was employed as an "Invincible" by Texas Baptist Sunday School Department and worked in Houston and San Antonio. Miss Buske will be a junior student at Texas Tech this fall.

By LILA GAY BUSKE (Editor's Note: Following is a personal account of Lila Gay Buske's summer experiences as she helped conduct a number of Bible schools for poor Baptist churches and missions.)

I was an invincible this summer.

An invincible is a Baptist college student employed by Texas Baptist Sunday School Department for the purpose of conducting Vacation Bible Schools in places throughout Texas that could not have a Bible School without outside help.

After a pre-schooling at Lake Lavon, an encampment outside of Dallas, my partner and I were sent to La Porte. (My partner was Niki Rucktaschel, a girl from TCU.) We were placed on the bus June 11 and our destination was La Porte.

When we got to Houston we learned that the bus did not go on to La Porte and that we would be unable to get a bus to La Porte until 3:00 the next afternoon. This was our first experience of living up to our name of "Invincible." Of course, there was nothing for us to do but to call our contact in

La Porte and two hours later a group of people from the church where we were going to be picked up.

Our two-week stay there was wonderful. We worked at a very small church called Morgans' Point Baptist Church. The people there were very nice and I really think they got a big kick out of showing me the gulf, the big ships, and the oil wells built out in the gulf.

Among the most interesting things I saw there were the long tunnels built under water for cars to drive through. While there we stayed in the home of an old couple who lived about 50 yards from the mouth of the Houston Ship Channel. The old man had helped build one of these tunnels and one afternoon he took us through the building over the tunnel and we learned how the air was completely changed every minute.

When our stay ended we boarded a bus in Houston for San Antonio where we were to be for the next six weeks. We soon learned that our stay in La Porte was practically a vacation to what we were to experience in the Alamo City.

The first school we worked in at San Antonio was El Refugio Baptist Chapel. This was a mission in the suburbs. It was a very poor mission and all the people in the area were dirty, unkempt, and in a pathetic condition. This was a Latin American school, as were all that we had in San Antonio.

We arrived there on June 25. That evening we moved into the home of a Latin American widow who spoke absolutely no English. Neither I nor my

partner spoke a word of Spanish. We lived quite royally those two weeks. We had running water! No hot water nor bath or shower—but running water (it dripped all night!) This was also my first experience with 3 1/2-inch cockroaches (we measured them). Once we stay up nearly the entire night trying to kill one.

This was also the school where I enrolled 64 boys and girls between the ages of 9 and 12. I had absolutely no help. Fortunately we all lived through it but I believe it was a miracle. In these two weeks we learned what sandia was. Watermelon was something everyone could practically afford. (They are 9 for \$1.)

At the end of these two weeks we were placed in a mission called Bryan Street Chapel. This was in a nicer section of town but still very poor. We lived in the home of a wonderful little woman. The mission gave us 10 dollars to buy groceries with and told us we could cook our own meals. At first we thought that this

was just wonderful. No more fried beans (frijoles) and rice (Spanish rice) for a while we thought. But we soon learned that it was kind of hard to make that amount of money last for two weeks for three people. Especially the way we ate. We didn't starve though.

We had a good school here and lots of help. This seemed to be the greatest need. Each place needed more willing workers than they did even such material things as money. At each school our jobs included being pianist or principal, superintendent of one of the departments and planning hand-work for that department.

The children were not the only ones that may have learned something this summer. I learned how to make a lot of things out of practically nothing. We had to because of lack of materials. Have you ever made a flag out of an old sheet and a crayola? Or painted a large piece of cardboard black to make a blackboard?

After this school we went to our first school that was completely unplanned. There were no other workers besides my partner and me. It was certainly a new experience. We were moved into a home that had three children. The whole family was Catholic except for the father. He was a wonderful Christian and the whole family was very

(Continued on page 7)

Brookfield Team Has Swim Party

Members of Brookfield Drilling's Little League baseball team were honored at a party given by their parents last Wednesday night.

After swimming at the John Remer home, the group returned to the city park for ice cream and cake.

Team members present were Kenny Squyres, Travis Graves, Howard Rhodes, Tim Herring, Jim Bob Jones, Terry Fite, Freddy Williams, Tim Rhodes, Lupe Rodriguez and Delvin Brookfield. Unable to attend were Gary Rogers, Roy Lee Stowers and Bryan Jameson.

Managers Buddy Squyres and Floyd Brookfield were presented gifts from the team. Parents present were Mr. and Mrs. Squyres, Mr. and Mrs. Brookfield, Ronnie and Joan Gall, Mrs. T. A. Williams, Mr. and Mrs. Bob Jones and Joe Bill, Mrs. I. T. Graves and Mrs. D. C. Herring and Carolyn. Three visitors also attended.

Bridal Shower Given For Miss Linda O'Brian

Hostesses used a red and white decor at a wedding shower given Miss Linda O'Brian in fellowship hall of Friona Methodist Church recently. Miss O'Brian and Loyd Chesher will be married August 20.

White carnation corsages centered with a miniature bridal pair were presented the honoree; her mother, Mrs. Russel O'Brian; her grandmother, Mrs. T. A. O'Brian; and her fiance's mother, Mrs. J. O. Chesher.

White glads and red rosebuds with baby's breath formed the split arrangement which flanked the crystal punch server. Guests were served punch and individual white cakes decorated with red rosebuds.

Hostesses were Mesdames Doyle Cummings, Charles Scales, Neal Fulks, James McLean, Guy Latta, Tom Gibson, J. G. McFarland, Herschel Johnson, Cordie Potts, Mack Balnum, Arthur Drake, George A. Jones, Dorothy Hough and Eugene Ellis.

Attending and sending gifts were Mesdames H. K. Kendrick, J. T. Gee, Raymond Jones, Eldon Towry, Clyde Fields, Pearl Hand, Paul Hall and Brian, Lucy Mae Stokes, Joe Johnson, Roy Slagle, Johnny Wilson, Wright Williams, J. L. Stowers, L. B. McClain and M. S. Weir;

Also Mesdames J. A. Loflin, D. C. Herring, Fern Barnett, M. B. Buchanan, Bill Stewart, A. S. Grubbs, D. G. Hand, Meryle Massie, S. T. Thornton, Ernest Osborn, Tommie Parker, Walter Cochran, Dan Ethridge, Alvin Askins and Gayla, Edward Eustace, Kenneth O'Brian, Elroy Wilson,

T. A. O'Brian and Vernon Roberts and Mary Ann; Also Mesdames Georgia Orville, J. C. Claborn, L. H. Schilling, Sam Jones, Kenneth Williams and Terry, Pete Hollis, J. R. Bartlett, Edd Howard and Donna and Debbie, Burke Hand and Phillip and Danny, L. R. Hand, Tom Mason, C. L. Vestal and Celia and Susan, Bud Elmore and Dale Spivey; Also Mesdames Rene Snead, Raymond Milner, Otho Whitefield, Earl Hawkins, Ennis Cummings, Tom O'Brian, Otis Neel, Ralph Wilson, Rex Blackburn and Mike, E. L. Fairchild, C. L. Mercer, Watson Whaley, Raymond Adams and Jimmy Chesher;

Also Mrs. L. V. Hogue of Pep and Mrs. Jimmy Welch, Jeanie and Jackie of Pettit; Also Misses Lawanna Towry, Donna Fields, Jolynda Stokes, Virginia Fulks, Erma Lou Drake, Fay Scales, Betty Barnett, Judy Barnett, Mary Jane Grubbs, Marilyn Potts, Clare Savage, Phyllis Bainum, Linda Schilling, Debbie Hawkins, Kay Johnson, Terri Sue and Lisa Cummings and Janet Snead.

Sachses Have New Daughter

Mr. and Mrs. Billy Joe Sachse are parents of a daughter born August 1 in Neblett Hospital in Canyon.

She weighed 6 pounds, 8 ounces and is the granddaughter of Mr. and Mrs. E. E. Taylor. Mrs. Sachse is the former Helen Taylor.

Friona Rainbow Girls Attend Friendship Night At Happy

Friona Rainbow girls attended a friendship night at Happy Friday night. Rainbow girls from all over the area were present for the program and fellowship.

Judy Hock, junior past worthy advisor, joined the group at Dimmitt. Making the trip were Beth Akens, Jimette McLean, Carol Coffey, Virginia Patton, Joy Ingram, Sharon Reeve, Kay Coffey, Marca Lynn Massie, LaVoyce Burrow and Merylene Massie. Sponsors were Mesdames U. S. Akens and Leonard Coffey.

Earlier in the summer the assembly went to Red River in a group.

Making the trip in the Rainbow bus were Misses Carol Coffey, Pam Roden, Brenda Collier, Betty Drake, Janice Wright, Joy Ingram, Cynthia Guinn, Akens, McLean, Reeve, Burrow, Merylene Massie, Marca Lynn Massie and Kay Coffey.

Sponsors were Mr. and Mrs. Grady Dodd, Mr. and Mrs. Leonard Coffey, Mr. and Mrs. U. S. Akens, Nettie Collier,

SHOWING OFF new uniforms recently purchased by members of Firemen's Auxiliary are Mrs. Walter Cunningham, right, and Mrs. Glenn Reeve Jr. Shirts are white with red letters and will be worn with dark skirts.

Pink and White Color Scheme Bridal Shower For Miss Potts

Pink and white was color scheme of a bridal shower given Miss Marilyn Potts, bride-elect of Dwayne Ridley, Tuesday.

Home of Mrs. Herschel Johnson was scene of the courtesy.

Miss Potts, her mother and grandmother, Mesdames Cordie Potts and Charles Schlenker, were presented corsages centered with miniature bridal couples.

Guests were served coffee, tea, cookies and ice cream from a table covered with white and centered with an arrangement of white glads and pink rosebuds. Misses Kay Johnson, Betty Barnett and Geneva Floyd served.

Hostesses were Mesdames Johnson, C. W. Dixon, Fay Reeve, D. C. Herring, Oscar Baxter, Paul Hall, Glenn Floyd, Ray Landrum, Jim McLean, Guy Latta and Rene Snead.

Attending were Mesdames Meryle Massie, Loyde Brewer, John Benger, Clyde Weatherly and Celia, Henry Lewis, Frank A. Spring, Eric Rushing, Louis Welch, J. T. Gee, Aubrey Rhodes, Hayden Cason, Thomas Parson, Glenn Reeve Sr., Allen Stewart, J. G. McFarland, Mabelle Hartwell, Paul Jones, Arthur Drake and Charles Scales and Faye;

Also Mesdames Roy Clements, Mary Roberts, Claude Osborn, Ernest Osborn, Frank Truitt, Ralph Wilson, Hoyt Smith, Kenneth O'Brian, Sloan Osborn, Mack Bainum and Phyllis, Russel O'Brian and Linda and Bill Baxter;

Also Misses Carolyn Carson, Sharon Reeve, Mary Reeve, Suzanne Taylor, Lawana Houlette, Erma Drake, Sue Baxter, Virginia Fulks, Carolyn Baxter, Wilmae Baxter, Holly, Gay and Jan Welch, Adelle Smith, Jimette McLean and Carolyn Herring.

Willie Beaty, J. A. Loflin, Jessie Jackson, Mr. and Mrs. Gabe Parson, Mr. and Mrs. Jere Lawrence, Mr. and Mrs. Herschel Johnson, Mr. and Mrs. Fred Helmke and Karen, Mr. and Mrs. Kenneth Houlette and Mrs. Ronny Ferguson. United Pentecostal Church also sent a gift.

Rickerds' Adopted Son Kept 'On The Go'

Young Ricky Don Rickerd has been quite a busy little fellow since his adoption by Mr. and Mrs. Charles Rickerd.

He and his father were surprised with a shower the night following a party for him and his mother in Bethel Community Building late in July.

The former affair was in the Rickerd home and men attending included Kenneth O'Brian, Russel O'Brian, Tom O'Brian, Tom Mason, Earl Hawkins, Hubert Edwards, Roy O'Brian and Dwight O'Brian.

Hostesses for the latter shower were Mesdames Tom O'Brian, Tom Mason, Hayden Cason, Eugene Ellis, Claude Edelman, Kenneth Watkins, Raymond Euler, E. L. Fairchild, Glenn Floyd, Houston Lust, Hubert Edwards, Carl Bruegel, George Sides, Wanda Kay and Charlene Howell.

Attending and sending gifts were Mrs. Pauline Lovan and Herbert Paul of Hereford, Mrs. Buss Holcomb of Sunnyside, Mrs. Jerry Houlette of Borger, Miss Helen Rickerd of Los Angeles, Calif., and Mrs. Earl Miller of Lubbock;

Mesdames Glenn Eust, Tommy Stanton, Moss Howell, Vern Lust, Lois Wales, Ivor Bagwell and Nelda, Herbert Howell, Bobbie Bruegel, Ruby Bagwell, Fate Shannon, Grace Lust, Doyle Underwood, Jack Flynt, J. C. Williams, Monte Boozer, Shirley Goolsby, Bryan Sinclair, Ira Brown, Shirley Underwood, Alton Lemmon, Robert Molina, Ethel Cunningham and Charles Gibson of Dimmitt;

Also Mesdames Fred Dennis, Eva Roberson and Marie, Jack Nelson, Pat Callahan, Kenneth O'Brian, Bill Sheehan, Ralph Smith, Burke Hand, Elmer Euler, Cecil Bass, Earl Hawkins, J. R. Bartlett, Jesse Sinclair, Clifford Crow, Coy Patton, T. A. O'Brian, K. E. Deaton, M. B. Buchanan and C. L. Mercer;

Also Mesdames Larry Fairchild, Rex Blackburn, Ernest England and Russel O'Brian.

Firemen's Auxiliary Gets Uniforms

Uniforms were distributed to members of Auxiliary of Friona Volunteer Fire Department at a meeting Monday night. White shirts with red letters will be worn with dark skirts when the group participates in Maize Days and other activities.

During a business session they voted to book banners for the annual Maize Days celebration and to assist the fire department in their booth.

Preceding the meeting several members participated in water polo and pumper races. Refreshments were served by Mesdames Walter Cunningham and Glenn Reeve Jr. Mrs. Tommy Jones won the door prize.

Others present were Mesdames Leo Reed, Joe Mann, Buddy Squyres, Lee Campbell, J. P. Sims, Ralph Shirley, Robert Zetzsche, and J. C. Blankenship.

Jimmy Norwoods Honored Friday

The Jimmy Norwoods were honored at a cook out at the Forrest Osborn home Friday night.

Present were Mr. and Mrs. W. C. Osborn, Mr. and Mrs. Howard Ford and children, Mr. and Mrs. Ernest Osborn and children, Mr. and Mrs. Clifford Crow, Mr. and Mrs. W. B. Norwood, Miss Lois Norwood, and Carl and Ted Osborn.

Friona HD Sees Shoe Demonstration

Friona Home Demonstration Club members saw a demonstration on covering shoes with fabric at a recent meeting. Mrs. Albert Field was hostess and Mrs. A. L. Black presented the program.

Ice cream and cookies were served to Mesdames Lee Campbell, Earl Drake, Jay Sanders, Ralph Shirley, J. B. Williams, Wesley Hardesty, Walter Cunningham, Paul Williams, Glenn Reeve Jr., Kenneth McClellan, and Clyde Fields in addition to those already mentioned.

Next club meeting will be in September.

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 4, 1960.

HOUSE JOINT RESOLUTION NO. 10 proposing an amendment to Article IX of the Constitution of the State of Texas by adding thereto new Sections to be known as Sections 6, 7, and 8, to provide that the Legislature may authorize the creation of Hospital Districts co-extensive with Lamar County, Hidalgo County, and County Commissioners Precinct No. 4 of Comanche County, having certain stated powers and duties and subject to certain stated limitations; providing that any enabling Acts shall not be invalid because of their antiquity; prescribing the form of ballot and providing for the necessary proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of the State of Texas be, and the same is hereby, amended by adding the following Sections which shall read as follows: "Section 6. The Legislature may by law authorize the creation of a Hospital District co-extensive with Lamar County, Hidalgo County, and County Commissioners Precinct No. 4 of Comanche County, having the powers and duties and with the limitations presently provided in Article IX, Section 5(a), of the Constitution of Texas, as it applies to Wichita County, except that the maximum rate of tax that the said Lamar County Hospital District may be authorized to levy shall be seventy-five cents (\$0.75) per One Hundred Dollar (\$100) valuation of taxable property within the District, subject to district taxation.

"Section 7. The Legislature may by law authorize the creation of a Hospital District co-extensive with Hidalgo County, having the powers and duties and with the limitations presently provided in Article IX, Section 5(a), of the Constitution of Texas, as it applies to Hidalgo County, except that the maximum rate of tax that the said Hidalgo County Hospital District may be authorized to levy shall be ten cents (10¢) per One Hundred Dollar (\$100) valuation of taxable property within the District subject to district taxation.

"Section 8. The Legislature may by law authorize the creation of a Hospital District to be co-extensive with the House of County Commissioners Precinct No. 4 of Comanche County, Texas. "If such District is created, it may be authorized to levy a tax not to exceed seventy-five cents (75¢) on the One Hundred Dollar (\$100) valuation of taxable property within the District; provided, however, no tax may be levied until approved by a majority vote of the participating resident qualified property taxpayers voters who have duly rendered their property for taxation. The maximum rate of tax may be changed at subsequent elections as long as obligations are not incurred, and not to exceed the maximum limit of seventy-five cents (75¢) per One Hundred Dollar (\$100) valuation, and no election shall be required by subsequent changes in the boundaries of the Commissioners Precinct.

CARD OF THANKS

To everyone who helped make my days brighter during my illness, I want to say thanks sincerely for your thoughtfulness in sending flowers, cards, letters, food, and for your visits. I appreciate each of you, my loved ones and friends. My thanks, too, to Drs. Anderson and Paul Spring, the nurses and hospital employees for your patient care while I was in your hospital. I pray God's goodness and mercy shall follow each of you. Mrs. C. A. Guinn 45-1tc

Registration Set Friday

Registration for seventh and eighth grade students and all high school students has been set for Friday, August 26, announces Alton Farr, superintendent. High School Principal Raymond Cook requests that juniors and seniors register between 9 a. m. and noon and that freshmen and sophomores come in the afternoon. Junior high registration will also begin at 9 a. m. Buses will not run on that day, says Farr, but they will make their regular routes on Monday, August 29.

Mabry Resigns--

(Continued from page 1) classroom in the vocational department in the July bills. Milk bids were opened from Sealtest and Borden and after discussion the board authorized Farr to let the contract to the one giving the best price. Both firms bid 6 cents per pint on the milk, but due to some areas of as to just who is to furnish the refrigeration the board instructed the superintendent to find out these details and let the contracts to the low bidder. Members present at the meeting included D. C. Herring, Cordie Potts, John Ray, Clyde Weatherley, Meryle Massey and Mabry.

Lila Gay Buske--

(Continued from page 5) nice during our stay there but the foul language and conditions under which they lived were heartbreaking. It was another poor Latin American community. They seemingly had nothing. This school at El Prado Mission lasted only a week. Out of seven-teen boys and girls here of junior age, fifteen were Catholic. We found that the majority of the people in San Antonio are Catholic. And after working all summer with children who know absolutely nothing about the Catholic faith except that they are supposed to do whatever the priest tells them, I am sure I would never vote for a Catholic as President. Those children actually believe the priest is God. Or last school was for one week at a mission called El Faro. The building here was actually on the verge of falling down. It was one big room and we had only a curtain separating the two classes. Spitt was good in this school and the attendance was over 95% average. The associational education director (who was officially our boss while we were in San Antonio) offered us the hospitality of his home during our last week. This was certainly a week of recuperation for us. The summer is over now for me as far as my job is concerned but as I look back and think of all the little things that happened I know that I would not change it if I could. How few times we really stop and thank the Lord for all he has given us. After leaving a great city of crime and violence I see how many Christian people have fallen short by not giving of their time and money to improve this world of ours and also by not being good citizens. I think if every young person had an opportunity, such as mine this summer, to see some of the things that I saw, their eyes would be opened to the needs of the people right at our own back door. Age group having the greatest number of fatalities from accidents on farmland and around farm buildings is 5-14 years.

Black News--

(Continued from page 3)

The Legislature may by law permit the County of Comanche to render financial aid to that District by paying a part of the expenses of operating and maintaining the system and paying a part of the debts of the District (whether assumed or created by the District) and may authorize the levy of a tax not to exceed ten cents (10¢) per One Hundred Dollar (\$100) valuation (in addition to other taxes permitted by this Constitution) upon all property within the County but without the County Commissioners Precinct No. 4 of Comanche County at the time such levy is made for such purposes. If such tax is authorized, the District shall by resolution assume the responsibility, obligations, and liabilities of the County in the manner and to the extent hereinabove provided for political subdivisions having boundaries co-extensive with the District, and the County shall not thereafter levy taxes (other than herein provided) for hospital purposes nor for providing hospital care for needy individuals of the County.

"(c) Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be invalid because of their antiquity character."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at the general election to be held the first Tuesday after the first Monday in November, 1960, at which election all ballots shall have printed thereon:

"FOR the Constitutional Amendment authorizing the Legislature to create a Hospital District co-extensive with Lamar and Hidalgo Counties, and co-extensive with County Commissioners Precinct No. 4 of Comanche County."

"AGAINST the Constitutional Amendment authorizing the Legislature to create a Hospital District co-extensive with Lamar and Hidalgo Counties, and co-extensive with County Commissioners Precinct No. 4 of Comanche County."

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

CROP Receiving Grain Over Area

Wheat for CROP is now being received at grain elevators in all parts of the Texas Panhandle. The contributors make known to the elevator manager the amount they wish to give to CROP as the wheat is brought to the elevator. By making the contribution before the total amount is credited to the growers account, added credit can be secured for income tax purposes. This is true for grain contributed to other worthy charities.

All elevators in organized CROP counties have been supplied with transfers, receipts and other printed matter needed to properly record contributions. A number of elevators in other counties have the same material. Those wishing to help the overseas needy but deliver to an elevator with out these CROP supplies can leave the wheat with instructions to the manager to put the desired number of bushels in the CROP account. The manager will contact this office and proper forms will be furnished.

Those desiring added information on the work of CROP are asked to contact any CROP worker of their county or to drop a card to P. O. Box 518, Panhandle, Texas. The demand for added food for earthquake victims and other natural disasters is added much to the load of the Christian Rural Overseas Program. Refugees and others in free countries were needing more than CROP could supply before the earthquakes, floods etc. occurred in

several parts of the world. CROP is a collecting agency and will see that church denominations receive full credit and that missionaries and others representing these denominations receive the food as designated. All ministers of the area are acquainted with the work of CROP.

Jimmie Lou Waincott

Credit cannot take the place of income, says Eula Newman, extension home management specialist of Texas A&M College. IT CAN ONLY ALTER THE TIME WHEN MONEY IS SPENT. The day of reckoning always comes.

There are a number of cases when it may be wise to use credit. Such decisions need to be made through family discussions and planning.

In using any type of credit, families will do well to follow through on these suggestions made by the specialist:

- Get acquainted with the various credit sources available before credit is needed.
- Build up a credit rating by beginning with smaller amounts, paying promptly.
- Borrow for as short a time as possible in order to keep interest charges at a minimum.
- Borrow on the best terms available. The family with a good character, adequate capacity, or some capital, can usually get the best terms.
- Understand the terms and meet them promptly.

Dark cottons provide comfortable and fashion-right costumes the year-around in many parts of the state and nation. With proper care they can be kept attractive and new looking for a much longer time,

says Nena Roberson, extension clothing specialist of Texas A&M College.

Good dark cottons should be dry-cleaned to preserve their finish and appearance, at least as long as they are used for best wear, says the specialist. Garments with decorative details, padding, interfacing and designs which cannot be removed must be dry cleaned or laundered with special care. Dry cleaning avoids any risk or spilling the appearance of the garments.

To launder the garments, wash each one individually in softened water. Rinse completely to remove all traces of soap or detergent. Soft water helps to prevent hard water curds or lint from sticking to the cotton. Use warm, not hot, water with mild soap flakes or detergent. Soapless detergents are good for dark cottons, especially in hard water. Be sure to read the directions on the package. Some detergents are used for cotton and some are recommended for rayon. Do not use a bleach. Many of the bleaches affect the finish of the material.

When ironing a dark cotton garment, press it on the wrong side to retain the finish of the material.

Want to make those laundry jobs easier during these hot summer months? If you do not have an automatic drier, try following these suggestions given by Wanda Barkley, home management specialist of Texas A&M College:

- Sort articles as you take them out of the washer. Hang all the starched items together, as well as the flat pieces, which will be folded as they are taken from the line. Hang all items together that need to be removed before they are com-

pletely dry. Press while damp.

• Hang clothes properly. Take time to shake out items and straighten them as you pin them on the line. This will make ironing or folding a much easier job, it eliminates many wrinkles and protects fabrics that are weak while they are wet. Hang all garments at their firmest part -- usually at the seams.

• Use stretchers where possible. Rust proof stretchers and hangers are available for trousers and other garments.

Flame Work To Be Seen

Flame Cultivation research results to date will be viewed by propane and butane dealers and their guests at the High Plains Research Foundation on August 24th, starting at 2:00 p. m.

E. F. Powell, President of the Texas Butane Dealers, Ft. Stockton, and Wm. J. Lawson, Executive Secretary, Austin, set the date of the tour at a meeting of representatives of the Association at Plainview and Halfway on July 29th.

During the field day, weed elimination results to date by means of flaming will be inspected at the Foundation. Crops included in the research underway are cotton, grain sorghum, soybeans, corn and castor beans. Reports will be made on the results of weed elimination by flaming onions and potatoes. Final results for the year will be reported after the tests are harvested.

Directors and members of the Association meeting with of-

POTATOES REQUIRE MUCH HAND LABOR--This group of laborers are picking up potatoes on the Bob Jones farm south-east of town. After the potatoes are picked up and sacked, they are loaded onto trucks and hauled to the processing plant.

icers to make arrangements for the special day on August 24th were: J. L. Weathers, Immediate Past President, Petersburg; Homer Johnson, Levelland; Harry Garretson, Hale Center; Lyle Blanton, Hereford and Jack Perry, Wolf-orth.

Nothing smells better on a soft summer evening than a steak or chicken cooking over a charcoal fire but an accident can easily spoil an otherwise pleasant occasion if the "grill-chef" becomes careless, says W. L. Ulrich, extension agricultural engineer and safety expert. Never use gasoline, paint thinner or any other highly combustible fluid to kindle charcoal and if lighting fluid is used, follow the manufacturer's recommendation, advises Ulrich.

PCG Directors Favor Two-Choice Allotments

Continuation of the 1960 two-choice cotton legislative program into 1961 was favored here Monday night by Directors of the Plains Cotton Growers, Inc.

The vote to favor--"in lieu of a better program"--the retention next year of the same cotton legislative program that is in effect this year came as somewhat of a surprise move, but in view of the fact that cotton leaders fear "hasty" action when congress reconvenes in August might wreck the entire cotton program.

Present legislation calls for the two-choice program to end in 1961 with a minimum national allotment of 16.3 million acres and price supports of not less than 70 percent of parity.

In addition, the standard grade for purposes of price support would go onto "average of the crop" instead of the present middling 7/8-inch. Some observers figure cotton would bring about \$17 a bale less next year under such a program.

The 1960 cotton program provides farmers operating under the "A" plan with their "regular" farm acreage allotment and price supports of not less than 75 percent of parity. It enables growers who selected the "B" program to expand acreage by 40 percent in exchange for lower price supports of not less than 60 percent of parity.

Growers also voiced opposition

to reports that an effort may be made in the future to put production controls on a poundage, bushelage or baleage basis.

In essence, the vote to continue the 1960 program into next year apparently was aimed at voicing dissatisfaction with the lower acreage allotments and a cut in price supports that are looming for 1961.

At the same time, however, it seemed likely that the Plains Growers would oppose any efforts to raise price supports to unrealistic levels at the expense of greatly curtailed acreage allotments.

"It's my guess that any sizable increase in price supports would be accompanied by the most stringent production controls we've ever had," one leading cotton observer said.

Action on the legislative situation was taken prior to a meeting scheduled July 29 in Memphis of the American Cotton Producer Associates, where

PERSPIRATION STAINS IN DARK COTTONS

Cool dark cottons are popular for summer wear in many parts of the State. Many warm weather dress styles are not cut to be worn with dress shields, so perspiration stains and discoloration of dark colored clothing sometimes occur. These suggestions from U. S. Department of Agriculture textile chemists will deal with these stains on washable cottons.

The fresher the stain, the better your chances for removing it. Pressing a dress that is even slightly stained may set the stain and cause more discoloration. First try washing the stain thoroughly in warm water, rubbing soap or synthetic detergent well into the stain. If the fabric has discolored, try sponging a fresh stain with a little vinegar and water solution; for an older stain try a little ammonia and water. This may help restore the color. Rinse thoroughly.

Save any tags on ready-to-wear and yard goods and read carefully. Some dark cottons carry a label stating that the dye is fast to perspiration. Other labels give facts about both the fabric and its finish that will be helpful when you need to remove a stain at home.

1960-61 "A" Purchase and "B" Loan Prices MAJOR ELIGIBLE QUALITIES

For the Lubbock Territory including: Warehouse locations at Lubbock, Quitaque, Petersburg, Hart, Dimmitt, Lockney, Slaton, Olton, Plainview, Abernathy, Hale Center, Turkey and Tulia.

For these locations, subtract 2 points: Seagraves, Tahoka, Lamesa, Brownfield, Whiteface, Levelland, Crosbyton, Big Spring, Littlefield, Lorenzo, Bovina, O'Donnell, Morton, Ralls Muleshoe, Plains and Sudan.

Add 6 points for these locations: Floydada, Paducah, Roaring Springs, Spur, Abilene, Memphis, Sweetwater, Childress and Wellington.

USDA will sell "A" Choice cotton at 110% of the "B" program prices plus carrying charges on cotton offered for sale after September 1960, October, 10 points; November, 30; December 50; January, 70; February 90; March, 110; April, 130; May, 150; June, 170; and July, 190.

Farmers are subject to the \$50,000 limitation regulation and no person will be eligible to receive more than \$50,000 from sales of Choice "A" cotton to the CCC unless he has qualified for an exemption by reducing his 1960 planted acreage 20 percent below 1959. The limitation also applies to nonrecourse loans for farmers in the "B" program.

Recourse loans are available to Choice "A" and "B" farmers--above the \$50,000 limitation at the same rates applying to the "A" Purchase and "B" Loan programs. (See your county ASC office for details)

EXPERT MACHINERY

Parmer County Pump Company - Friona -

(Chart Courtesy High Plains Water District.)

The Simple Economics Of Irrigation Water

According to the High Plains Underground Water Conservation District, almost every farmer in the southern High Plains who has a well is either irrigating with it or is seriously thinking about the need to water his crops.

Just as in other business enterprises, to make a profit is the motivating goal of farming operations. Economists tell us that many of our farmers have paid about \$10 per acre-foot for the water that is in storage beneath their land.

They say further that when we irrigate grain sorghum as a cash crop we can expect to make a little more than \$10 in additional income for each acre-foot of water used over what we could make if we farmed dryland.

To begin with, you can readily see that to raise grain sorghum by irrigation is just about a break-even proposition. If an irrigator wastes even a small amount of water, he probably is giving away the little profit that he would have otherwise made.

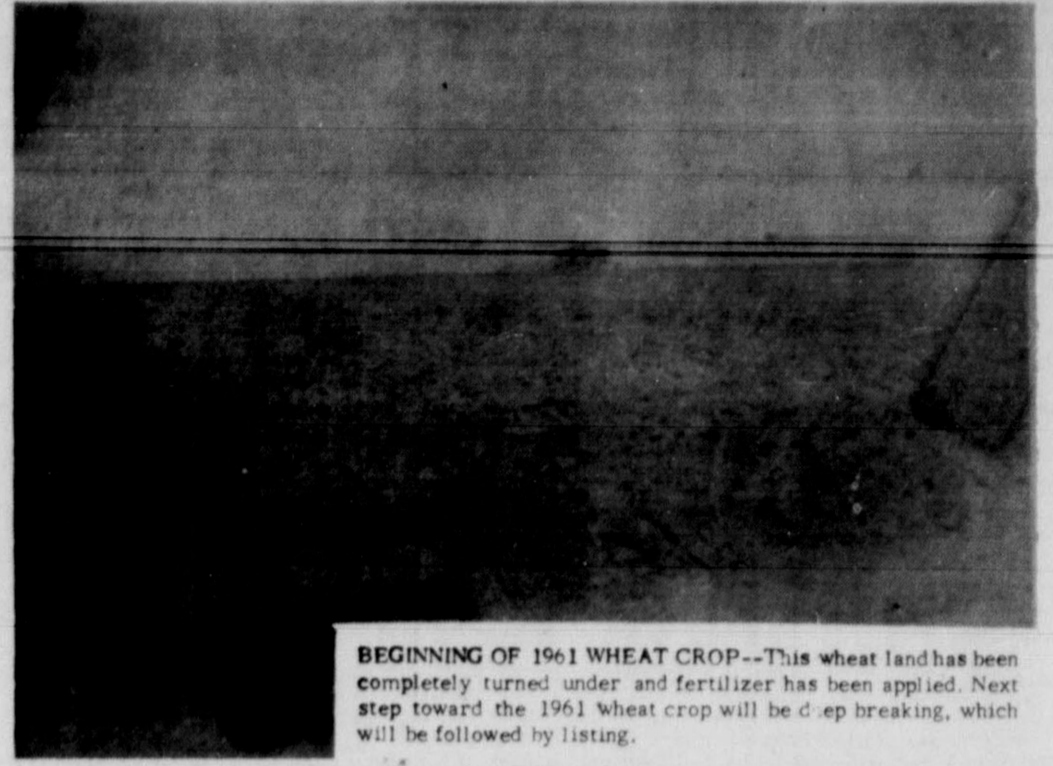

The trouble with the way most of us think, is that we completely disregard the fact that the water in the ground costs us money, or has a definite monetary value. It is not free. We pay good hard-earned cash for it; consequently, when we pump water to the surface and irrigate with it, we have more

involved than just operational costs. We also are using up a portion of our capital investment.

The High Plains Water District urges all who are watering, and all who will be watering in the near future, to use the water that is needed but to use it without waste. Water that is pumped but not used to produce a crop is costly. Waste indicates a complete disregard for adequate management practices.

We live during a time when almost everyday we see more of our rights as individuals being consumed by governmental decree behind the guise of public welfare. Even so, we in Texas still maintain the right to privately own underground water. Do we like it that way? Once again, the High Plains Water District emphasizes -- If we are to continue down the road of private ownership we must minimize waste. Wasteful exploitation of our underground water supply would be playing into the hands of more government control.

On the other hand, to use what we need without waste is merely good common sense and conservation. The result of conservation is continued prosperity even for future generations that must look to us for the resources necessary for a more demanding tomorrow.

BEGINNING OF 1961 WHEAT CROP--This wheat land has been completely turned under and fertilizer has been applied. Next step toward the 1961 wheat crop will be deep breaking, which will be followed by listing.

Early Guess Is 33,500 Bales For Parmer Co.

The first estimated production total of the Texas High Plains 1960-61 cotton crop for the 23 member counties of the Plains Cotton Growers, Inc. was announced today as 1,899,000 bales.

If produced, such a crop would

be the second largest crop in history ever harvested off the High Plains, being topped only by the more than two million bales harvested in 1958. Production this past year, 1959-60 was 1,869,353 bales.

The estimated production total of 1,899,000 bales is expected off total 23-county allotments this year of 2,263,395 acres and standing acreage as of Aug. 1, totals approximately 2,175,000 acres.

Condition of the cotton crop as of Aug. 1 was given as good to excellent. Hot, dry summer weather during July enabled the crop to do some "catching up"

and most agricultural observers see the crop as perhaps somewhat late this year, but still in good shape. Some dryland cotton is reported to be in the best condition in the past 10 to 20 years. One more shower or rain in late August will insure a good production. Irrigated cotton is again being watered in some areas. Thus far insects have not been too much of a problem. Control measures have kept the situation in check.

Below are production estimates for 1960, with 1960 allotments and 1959 production by county:

County	'59 Bales Produced	Total 1960 Allotment	1960 Est. Prod
Bailey	96,744	107,299	80,000
Borden	10,000	18,475	10,000
Briscoe	20,294	26,274	23,000
Castro	33,475	58,652	52,500
Cochran	63,240	75,068	50,000
Crosby	111,968	123,162	120,000

Lynn	128,807	185,518	120,000
Motley	12,410	33,952	15,000
Parmer	40,742	49,197	33,500
Swisher	40,788	56,658	55,000
Terry	132,313	141,533	140,000
Yoakum	32,030	33,816	25,000
Totals	1,869,353	2,263,395	1,899,000

(Production estimates by county were made in cooperation with the Lubbock Cotton Exchange.)

State's Best Grain Sorghum Farmers To Receive Awards

Attractive cash prizes await the winners of the 1960 Texas Hybrid Sorghum Production Contest, reminds Ben R.

Spears, Extension Agronomist and Ray Joe Riley, Dimmitt and President Certified Hybrid Sorghum Producers Association. The contest is sponsored by the Texas Certified Seed Producers, Inc. and the Agricultural Extension Service. The state winner will be presented a handsome plaque and \$100.00 in cash. Five cash prizes will be awarded in each district for irrigated and non irrigated sorghum. Irrigated or dryland sorghum may be entered but will not compete against each other for prizes on the district level. However, irrigated and non irrigated will compete for the

awards given the state winner making the highest yield per acre.

All farmers, 4-H Club members and FFA boys, except commercial hybrid grain sorghum seed growers and members of their families and employees, are eligible to compete. Previous state winners in either the irrigated or dryland division are ineligible for competition in the same division again.

Contestants must enroll with their county agent, who will or has set the closing date for the county, said Riley. A contestant cannot enter both irrigated grain sorghum and sorghum that is not irrigated.

A minimum of one acre is required of one of the following varieties: RS 590, Texas 601, RS 610, Texas 611, Texas 620 RS 630, RS 650, RS 608 and Texas 660.

Fading-out is a common summer disease of lawn grasses in all areas of Texas. It most often occurs on grasses that have suffered from lack of soil moisture in mid-summer. Fading-out is sometimes called

"melting out," "going out" or "gray leaf mold."

Irregularly shaped dead areas occur in the lawn. Isolated, scattered sprigs of living grass are usually found in the disease areas. Leaves die back from the tip end. Runners or stems of the grass may have small dead spots. These spots may or may not enlarge and girdle the stem. Roots may be rotted.

The disease is caused by a complex of Helminthosporium, Curvularia and Fusarium species of fungi. These soil molds are most active following a heavy rain or watering on grass that has previously been weakened by drought. There is an indication that soil nematodes may be associated with fading-out in some cases.

Fading-out is controlled by proper management of the lawn. Proper watering, fertilizing, mowing and aeration are important.

In lawn areas that respond slowly to proper management practices in the summer, zinc-captain fungicide drenches may prove helpful. Use the above fungicides at the rate of 2 to 4 pounds per 100 gallons of water. Wet the grass with the solution down to the soil life. Use a sprinkler can or hose on sprayer for small areas. Apply drench right after mowing. Also, drench the healthy grass beyond the disease area to a width of several feet.

Local county extension agents can supply additional information on this and other plant diseases.

Reduce Cotton Root Rot

Plan several years in advance to effectively reduce cotton root rot, advises D. Harlan E. Smith, extension plant pathologist. Root rot losses of cotton can be reduced. However, a combination of practices carried on for a number of years is necessary for best results.

Deep plowing this year will help in most cases to reduce the disease next year. The turning under of a large tonnage of organic matter prior to growing cotton will help. The growing of resistant crops in rotation also helps. However, none of these are a sure control when used alone. For example, rains immediately following the deep plowing will tend to cancel out the benefits of disease reduction. Too, crop rotation helps little if susceptible weeds grow in resistant crops.

Producing early cotton will, in most cases, help the cotton to escape root rot damage. Several factors are important in producing early cotton including the control of seedling diseases.

For additional information, contact your extension agent and request a copy of the publication, MP-361, "Root Rot Losses of Cotton can be Reduced."

THE HIGH PLAINS FARM AND HOME

Time To Sample Soil For Fall Crops

Fall planting time is not too far away, and plans should be made now. Fertilizers and lime cost money, and guesswork on how much to apply is not very efficient farming. Dr. W. F. Bennett, extension soil chemist, says the only way to eliminate this guessing is to have the soil tested.

The farmer must remember that soil samples are of very little value unless they truly represent the actual soil conditions of the field. Soil samples may be taken in several different ways, but Dr. Bennett says that anyone taking a sample must remember a few basic re-

quirements. These include:

Take one sample from each uniform area in the field.

A representative sample may be obtained by taking a slice of soil 4 to 5 inches deep, and repeating this at 15 or 20 different places over the field.

Spade, soil auger, soil probe or garden trowel may be used to take a sample.

All of the small portions from a single field should be mixed and a composite sample taken and placed in a soil carton.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

If you are a farmer you know that your farm is different from any of your neighbor's farms. Your soil is different from the soil of your neighbors and even the soil on your farm may vary from field to field. The principles of soil and water conservation are complicated for this reason.

Marketing Orders Increase

Texas producers have recently shown considerable interest in establishing marketing orders on carrots, onions, citrus and lettuce. Such marketing orders and agreements are designed to help producers achieve orderly and efficient marketing through industry-government cooperation. Contrary to many government regulations, marketing orders are not initiated by the government—the growers and handlers must first make a request for the desired regulations.

The Texas Agricultural Extension Service has recently published a leaflet, L-489, that discusses the items that may be authorized in a marketing order, the way an order operates and the way to obtain a marketing order. This leaflet may be obtained from the local county agent.

Irrigation Increases Barley Yield

Irrigation on barley increased returns \$29.56 per acre over dryland barley at the High Plains Research Foundation in the 1959-60 test. Cardova barley was used in the test which compared yield and returns between dryland barley and that of irrigated, fertilized barley.

The dryland barley yielded 9 bushels per acre compared to 67.5 bushels per acre from the irrigated barley.

The irrigated barley received two four-inch applications of water along with 200 pounds of 10-20-0 fertilizer per acre. At 75 cents per bushel, income from the dryland acreage was \$6.72 per acre. Irrigation cost was \$6.00 per acre and the fertilizer cost totaled \$7.72 per acre. Deducting these costs from the \$50.00 received, the net income from the irrigated, fertilized test was \$36.28 per acre. James Valliant, water engineer at the Foundation, conducted the tests.

Turkey and peaches are to get top billing on the USDA's August plentiful foods list. Watermelons and cantaloupes are plentiful as are onions and tomatoes, broilers and fryers and scallops and peanut butter. All are good picnic foods and top choices for outdoor cookery.

There are certain principles that soil and water conservation must conform with. These include Hydrology (properties of water), engineering, and agronomy (principles of field crops). Both training and experience are necessary for these principles to be carried out satisfactorily.

Under the Soil Conservation Service program for Farmer County many conservation measures are being used to assist the farmer in a scientific manner. Not all conservation practices are used on each farm but some are used with each acre on your farm to protect it and at the same time improve it. "Use all land within its capability."

By signing a conservation agreement with the Farmer County Soil Conservation District you, the farmer, become a district cooperator and are eligible to receive technical assistance with your farming problems. This assistance includes a land capability inventory and a conservation plan for your farm.

Land capabilities are determined by the kind of soil (texture, depth), the slope of the land, the amount and kind of erosion present at any particular time. Also determined will be the best way to conserve your soil and water through your farming methods. This may be done through soil improving crops, properly using crop residues, crop rotation, or many other sound conservation practices. A conservation plan can be of great benefit to you in carrying out a sound, profitable farming operation. A good conservation plan will help provide soil for your sons and their sons to farm in years to come.

To obtain a conservation plan contact one of the five SCD Supervisors: A. L. Black, Friona; Bruce Parr, Black; T. O. Lesly, Lazbuddie; Dean McCallum, Rhea; Robert Calaway, Farwell, or any of the SCS staff at Friona.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

Your Farm Bureau Legislative Chairman for Farmer County, Harry Hamilton, reported to the directors at their last meeting that, quote, "In the legislative field, things are in a mess", unquote. Some discussion followed, but there was no disputing the accuracy of Hamilton's report.

When the VI Giorgio fruit corporation of Yuba California requested 300 Mexican Nationals to harvest pears in California on July 29, this year, the request was denied by Secretary of Labor Mitchell. Basis for the denial was that on July 14, 1960, 130 of 186 domestic workers at the ranches in question were on strike. Can it happen here? The question is for your consideration and action.

If you are opposed to things like this, Farm Bureau is the largest organization on your side. You can make it stronger and larger by joining if you don't already belong.

Farm Bureau officers and leaders in Farmer County are highly appreciative of the cooperation given to the County Farm Bureau Weed Committee by cities and communities in the effort to eradicate bindweed in the county. Agricultural teachers and many others are working with the committee in this effort.

President Herman Gerles asked us to tell you that we have in the office here the book published by the Americans for Constitutional Action, which gives the voting records of senators and representatives in Washington for the past several years.

You may be surprised to read some of the information that shows how some of these men voted on subjects of vital interest to you. And although the ACA gives its opinion of the usefulness of each congressman based on his record, it is arranged so you can determine your own rating for them.

Anyway, the large book is on the counter where you are welcome to study it.

Remember to file for both Federal and State road use tax refund on farm used fuels. It amounts to nine cents per gallon.

Consider this: "There is a generation that are pure in their own eyes, and yet is not washed from their filthiness." Proverbs 30:12.

Increased mechanization marked the Texas cotton harvest in 1959-60. Machine stripping and picking accounted for 44 percent of the State's upland harvest last year . . . up from the 35 percent for a year earlier.

FALL CARROTS BEING WATERED UP--This late planting of carrots will soon be coming up. After the seed beds are prepared, two rows are drilled on each bed and then an application of water is used to cause the seed to germinate.

ALMOST READY FOR HARVEST--This early field of carrots will probably be ready for harvest in about 30 days. The maize growing in the background is completely headed out and some grains are in the heads.

WITH THE COUNTY AGENT

JOE JONES

Farmers should keep a close check on cotton the next three weeks for the cotton fleahopper and cotton bollworm. After that, forget the fleahopper because any fruit they might knock off would be too late to make cotton anyway, but the bollworm can continue to do damage until the cotton boll is mature.

Regular checks should be made in cotton fields every other day to keep up with any insect build up that may occur. Bollworm control should begin when bollworm eggs and 4 or 5 small worms are found per 100 terminals. Fleahopper control should begin when 15 to 35 fleahoppers are found per 100 terminals. The reason for the wide range in number of fleahoppers before beginning treatment is because you must take into consideration the amount of fruit already set that is too large for the fleahopper to knock off.

You can pick up the "Texas Guide for Controlling Cotton Insects", in my office or from your gliner.

Having a soil analysis run before seeding any crop gives you a good guide to go by. For you to get maximum benefit from the soil analysis it must be taken correctly and should be sent off in time for you to get the report returned before you apply fertilizer. I have forms showing how soil samples should be taken and the address of the State Soil Testing Laboratory, College Station, Texas. The fee for having a soil

analysis run at the State Laboratory is \$1.00 up until September 1, at which time the charge will go up to \$2.00.

During the peak bloom period, cotton uses .25 to .40 inches of water per day. This period usually runs 30 to 40 days and water use begins to slow down rapidly until the crop matures.

The critical water use period on grain sorghum is during the boot and bloom stage. The grain sorghum plant will use .30 inches per day or just slightly more during this period before the water use rate begins to slow down. The grain sorghum plant takes water mostly from the top 2 to 3 feet of soil while cotton can use water effectively from 4 feet of soil if it has developed a normal tap root.

Progress is being made on bindweed control in Farmer County. Let me remind you that a lot of interest is being shown by people other than farmers. If you have bindweed on the county road adjoining your farm, meet with the Commissioners Court in the County Courthouse on either the 2nd or 4th Monday of each month. If it is on the railroad right-of-way report the spot to your station agent. If in the city, see your mayor. If on your farm go by the A.S.C. office in Farwell and see them about assistance they offer you in getting rid of this weed. If on the State Highway go by the Highway Barn in Bovina and report it to Lloyd Killough.

Today's farms are becoming more like small industrial plants and they have some of the same safety needs.

Accidents to farm residents claim more than 11,300 victims and injure about 950,000 persons annually, according to the National Safety Council.

Some Farmers Are Now Booking Their Requirements For Winter Barley And Seed Wheats. We Have These.

Farm Facts

Out of every dollar spent by the housewife for groceries, the farmer gets only 38 cents.

The Farmer's Market

3100 N. W. 8th & Louisiana
Amarillo, Texas

is now open for the benefit of all the farmers to sell their fresh fruits and vegetables. All you will have to do is go to the Farmer's Market and back in your truck and sell your fresh fruits and vegetables at wholesale and retail. For the first time the farmers of Northwest Texas will have an opportunity to sell their fresh fruits and vegetables direct to the consumer and get a fair value for their merchandise. Don't let your merchandise go to waste, take it to the Farmer's Market and get ready cash.
