FIELD DAY

The second paragraph of this article starts off just like the first paragraph of the Declaration of Independence but it does not end the same way. The sentences do not mean the same thing at all. This one is a parody.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their creator with certain inalienable rights, that among these are life, liberty and the enjoyment of Prosperity.

The authentic version says "liberty and the pursuit of happiness." of course. But in the 180 years, such simple privileges seem to have lost their appeal. Liberty had a four-hour back in 1776 when hunting for freedom was novel, but it is a worn garment, drab and colorless. The customers are something tailored on the leisurely lines. After all, it is for a certain amount of time to pursue anything, in happiness.

Effort Counts

Outside of my window is the athletic field of a small college. It is soon, and training in progress. Every few minutes a new group of runners line up at the starting pole. The gun is fired and all run. In every race contemplated in the Declaration of Independence, these runners are created equal. Each has an inalienable right to win a prize. But as a matter of fact, only one can win it. Only one will.

Competition, the spirit of competition, makes a good Field Day. It is not only young and old, but it is soon, and training in progress. Each has an inalienable right to win a prize. But as a matter of fact, only one can win it. Only one will.

Parents Should Guard Youngsters Against Measles

Nine-Tenths of Deaths From This Disease In Children Under 5

Commenting on the seasonal rise in the incidence of measles, Dr. Geo. W. Cox, State Health Officer, said today that the treachery of the disease should be recognized by all parents.

"Measles is a dangerous, widespread and highly contagious disease, and with various complications results in more than 10,000 deaths every year among very young children," Dr. Cox said. "It is impossible to foretell at the onset of measles just how serious the attack will be."

The first sign of this disease according to the State Health Officer, are those usually associated with a cold; red, watery eyes, a profuse nasal discharge and a harsh, dry hacking cough. It is most contagious at this point and can be readily spread by droplet infection from coughing or sneezing. About the second day fever is present and often a tender or sore throat; on about the fourth day a red splotchy rash appears.

Contrary to a widespread belief, it certainly is not "better for a child to have measles early in life and get it over with." Statistics show that nine-tenths of all measles deaths occur in children under 5 years of age and that the older a child is the less he is likely to suffer a severe, or fatal, attack of this disease. It is obvious, therefore, that a baby, or very young child, should be protected from exposure to measles.

During an out-break of measles, Dr. Cox said, it would be well to keep the child under 5 years of age away from all children since they are most likely to carry the infection.

The Rev. John Klassen was a visitor in Pecos Monday where he attended District Conference of the Methodist Church.

SCHOOL CENSUS IS COMPLETED WITH 789 OF SCHOOL AGE

The Terrell County scholastic school roll has been completed by members of the school faculty and a total of 789 children of school age have been tabulated, lacking just 11 of the 800 mark.

It is interesting to note that 107 of these children bear only five family names. The number of children to each family are: Escamilla, 13; Rodriguez 18; Martinez, 21; Flores, 26; and Hernandez, 29, making a total of 107.

In the grand total the girls had the edge over the boys by only one number—349 boys and 395 girls.

Senior Play to Be Presented April Twenty-Ninth

Three Act Comedy Offers Many Laughs For Patrons Attending

Saturday night, April 29, is the date set for the annual senior class play which is scheduled to begin at 8:30 o'clock in the high school auditorium. This year their play is entitled, "Don't Keep Him Waiting," an Anne Coulter Martens comedy in three acts.

The action of the play is centered around an ordinary family in a small town. The father, Owen Randle, who runs a travel agency, is so interested in everything but his business, that the responsibility of making ends meet falls on his oldest daughter, Betty. Betty is very unselfish, but is finally driven to desperation by the demands of Jeff, her brother, who is nuts about photography and wants a new camera. Toodles, her younger sister, who is trying vainly to reduce and wants a scooter. Uncle Herb, who is interested only in what his horoscope says and buys all the books on the subject he can find—charged to Betty, of course. Owen, her father, who buys books, books, books—also charged to Betty. David Vance, the boy with whom Betty is in love, has waited so long for her to marry him that his patience has worn a little thin. He is going to Argentina and wants Betty to go with him. The play is greatly enlivened by the little southern charmer, who is interested in all the men especially David Vance and Amos Atkins, a millionaire antique dealer, Sally Lou. She also brings with her a friend Minerva, who manages to wreck havoc on Toodles' plan to capture the boy next door Chester. Chester is Jeff's best friend and some pal! He relaxes gracefully throughout the play—especially work. Jinny, Jess' pal, lives next door, and tries to make Jeff realize she would like to be more than just a pal. And then there is the irate taxi driver, whose meter keeps ticking away while Uncle Herb relates his activities of the evening.

This is a very lively comedy which will furnish two hours of laughable entertainment. All will enjoy seeing Maurine Frazier, as Betty; Frank Stavley, as Owen; Harold Surratt, as Jeff; Jay Tom holley, as Chester; Wilma Woodruff, as Toodles; Maurine Cox, as Jinny; Mary Nell Higgins, as Sally Lou; David Duke as David Vance; Freddy Talbot as O'Toole; Bland Gates, as Uncle Herb; Wilma Northcut, a borrowed Sophomore, as Minerva. The play is directed by Mrs. C. G. Bradford, assisted by Billie Joe Short, student director. The stage manager is Eugene Thompson.

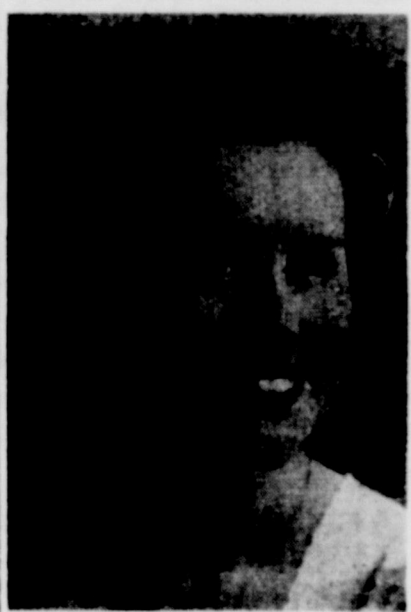

Mrs. R. H. Haley was called to San Angelo Sunday because of the death of her sister-in-law, Mrs. S. E. Stubblefield. She returned home Wednesday.

April 20, 1934

Boy, oh boy! It looked like we were going to get what every body is praying for Wednesday afternoon when a huge, dark cloud poked its head over the hills northwest of town. It had all the earmarks of an old

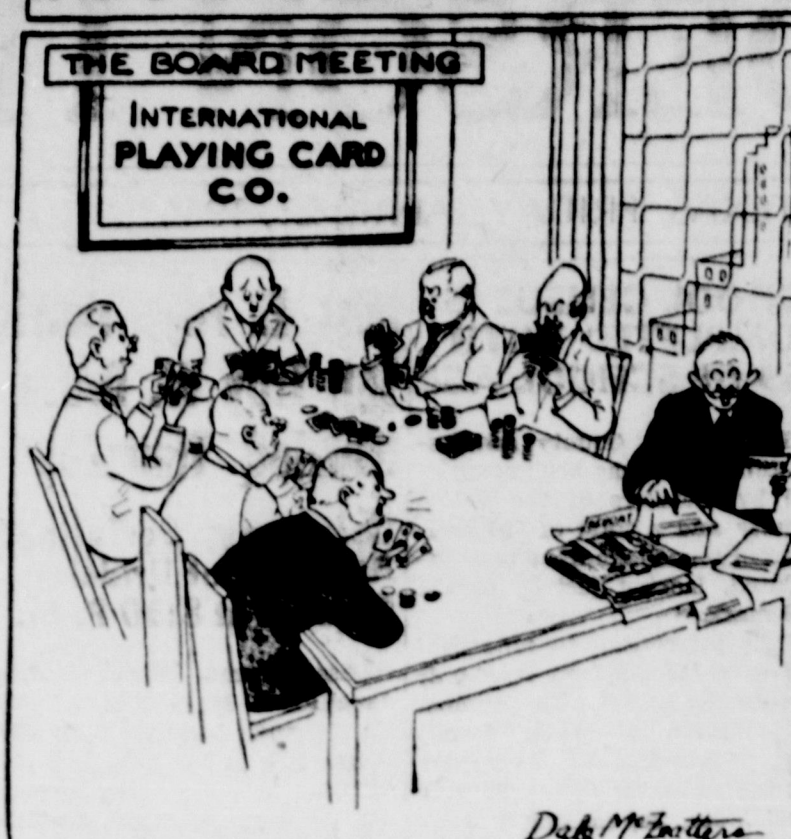

fashioned gully washer, and the natives hurried home to close all windows and doors, for it looked like the real thing. Anon the cloud reached a position directly over the city, and for 20 minutes the real thing happened - in Sanderson at least. It was a blinding down-pour, accompanied by hail, the latter, luckily, too small to do any damage. The official report was that 97-100 of an inch fell in the twenty minute spell.

DURBIN FILM IS FINE PRODUCTION "His Butler's Sister," gay new comedy drama showing Sunday and Monday at the Princess Theatre, definitely proves that director Frank Borzage still has the deft touch that has long made him known as one of Hollywood's top film masters.

Lovely Deanna Durbin carries the feminine lead with a quality of charm that seems to improve in each one of her pictures. Her lovely voice carries many musical numbers, but it is her ability to do comedy that makes "His Butler's Sister" an excellent piece of family entertainment. The original screen play is by Samuel Hoffenstein and Betty Reinhardt, and it provides many an amusing situation.

Believing her brother (Pat O'Brien) to be wealthy and in a position to help her ambitions for a singing career, Ann Carter (Deanna Durbin) from a small Indiana city, arrives in New York to find her brother a butler. His employer, Charles Gerard (Franchot Tone) is a noted composer and Ann upsets her brother by staying on in the household as a new maid, hoping the composer will eavesdrop on her singing sometime.

Meanwhile society friends, including Evelyn Ankers, try to induce Gerard, the composer, to visit Maine, where Evelyn has romantic intentions. More romance is in the offing when Miss Durbin is overwhelmed on the part of the other butlers residing in the apartment building, (Akim Tamiroff, Frank Jenks, Sig Arno, Alan Mowbray), each of whom invites her to New York Butler's Ball.

At the ball, Deanna at last gets Composer Gerard's ear, and the latter finds the imposter maid not only fits the principal role in his new operetta, but fits his idea of a bride in orange blossoms.

"ROOKIE" GLITTERS WITH STAR ACTS AND GALS

To those in show business, Los Angeles is known as a tough town to please. Consequently, when a show plays there for 36 laugh-packed weeks, it is bound to have something. That's what the musical, "Hey, Rookie," did when it was produced by the Yard Birds of Fort MacArthur.

Columbia pictures bought it, adapted it to the screen and will show it on Friday and Saturday, April 28 and 29 at the Princess Theatre with a cast of glittering personalities and sensational specialty acts. Advance reports say that as a picture it is even outdoing its stage predecessor as the khaki-go-whackiest soldier show of them all.

The cast, headed by the glamorous terpsichorean, Ann Miller, includes Joe Besser, Broad-

way comic of "Sons O'Fun" known, with his stooge Jim Little; Hal McTye and his national orchestra; Hi Lo, and the Dame, remembered from the Fred Allen radio grams; stage comic, Jack Ford; the world famous tap dancers, the Condos Brothers; Clark and her Solid Sen swing-dingers of song; Evans, the ventriloquist, Vagabonds, the zaniest of the zany quartets; and L Parks, Columbia's hands leading man.

The story is laid in the barracks of Fort MacArthur has to do with the boys put on a camp musical in the midst of their other camp chores, it's said to be sure-fire for audiences. Certainly, from its record, it should prove to be

AT THE PRINCESS - BLAZING GLORY OF GUADALCANAL FIGHT IS SCREENED FOR YOU

The screen's first mighty drama of the Pacific glory hole, where America first tasted victory and Japs first swallowed defeat, will be seen Wednesday and Thursday, when "Guadalcanal Diary" shows at the Princess Theatre.

Based upon War Correspondent Richard Tregaskis' best selling books of the same title "Guadalcanal Diary" will have Preston Foster, Lloyd Nolan, William Bendix, Richard Conte and Anthony Quinn in the leading roles, with Richard Jaeckel, Roy Roberts, Minor Watson, Ralph Byrd, Lionel Stander, Reed Hadley and John Archer.

While Guadalcanal Island, a name unknown to 99.99 percent of America two years ago, has become as familiar today as Kokomo, Oshkosh and Brooklyn the picturization provides the first opportunity to see the actual conditions under which the gallant Marines, who led the occupation fought.

20th Century-Fox, which has what almost amounts to a monopoly on outstanding literary properties - Wendell Willkie's "One World," Charlotte Bronte's "Tree Grows in Brooklyn," and Franz Werfel's "Song of Bernadette" are owned by this studio, to name just a few - has brought "Guadalcanal Diary" to the screen.

The film opens on a quiet Sunday in mid-Pacific. Father Donnelly, former AA-American from Notre Dame, is conducting services for the Protestant men aboard, for he is the ship's chaplain, serving all faiths.

Soon the "grapevine" passes the word along that they are soon to land on an island occupied by the Japs - and in a matter of hours it is revealed to be Guadalcanal.

Just before dawn a few days later, under a roaring barrage of naval-fire and air-power the Marines pile into their landing barges and head for shore.

From this graphic beginning, the film tells the stirring drama

Thick frost on the freezer acts as an insulator, retards coldmaking, makes the motor run longer. For faster freezing and lower operating cost, frost should be removed whenever it reaches thickness of one-quarter inch. And for longer life and better all-around performance, follow these other timely tips on refrigerator use and care: Don't store hot foods. Let them cool first. Cover all liquids - to retard formation of frost. See that door gasket makes tight seal. Don't open door unnecessarily. Don't overcrowd shelves. Use fast freezing sparingly. Don't set temperature control higher than necessary. Keep unit compartment and condenser coils clean. If an open unit model, oil periodically as directed by the manufacturer. Sealed unit models need no oiling. It's a good idea, too, to have your refrigerator checked by a serviceman at least once a year. Remember - it must last for the duration! MEASLES

Measles have taken over school—not that many have them but that all were exposed. The symptoms are a sore throat, fever, and a stiff neck. Measles students, if you have feelings go home as fast as possible, or ask Mr. Holley to the ambulance.

LIBRARY NEWS

The library received the following new books this past week: "A Passionate Victorian" by Kimmie Armstrong; "Last Flight From Singapore" by Donahue; "Daughter of the Middle Border" by Garret; "Lassie Come Home" by Herby; "Tales From Shakespeare" by Lamb; "A Tree Grows in Brooklyn" by Smith; "Homecoming" by Woodin.

SEEING THE SENIORS

This week I introduce to you that brown haired, brown eyed, senior boy, Harold Surratt. Harold was born in Del Rio, Texas on June 21, 1926. His parents are Mr. and Mrs. Chester Surratt. He grew up here in Sanderson. At the age of six he started to school in the Sanderson Grammar school. This year at the age of 16, he is finishing in dear 'ole Sanderson High.

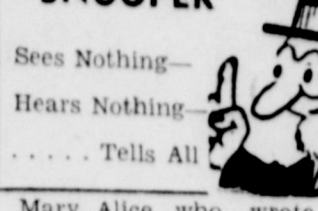

"Sid", as he's known to his friends, has no special ambition, but his hobby is hunting. This hobby is put into practice, too, because Sid goes hunting many times every year with his Dad or alone. For his favorites he takes reading for a pastime (Very odd for a boy but very nice, too). In food he'll take beef steaks any day. He likes to read historical books and of these "Coronado's Children" is his favorite. When he goes to the show he likes to see Lana Turner acting on the screen and when he's out with his girl, or anytime, he likes the song "Daybreak". In sports, Sid, chooses basketball as his favorite. He chooses physics as his favorite subject, and likes things that are white. Sid says he has no pet peeves but if he did he wouldn't tell them.

"Sid" has been very active in the activities of the school. He has played basketball for two years, football for one year, and tennis a number of years. He was in the band for a while during which time he played the trumpet. Sid is also good at speaking and has been in declamation contests. This year he went out for Extemporaneous speaking and won first place on Play Day.

After school is out this year, Sid plans to go to College. At the present he doesn't know where.

It has really been swell having Sid with us all these years and when he leaves us this year we can say we're losing a good sport and a swell pal! Our best wishes go with you. Good luck in the future!

SNOOPER

Sees Nothing— Hears Nothing— Tells All

Mary Alice, who wrote you that interesting letter we saw you reading? Well, we won't mention names.

Snooper wants to know if Cookie is crazy or just in love. Betty and Doyce, why don't you get together on the stuff called love?

Helen is really serious about a guy named --- I forgot that I promised not to tell. Hint—he's in the Army.

One of our ideal couples in the High School is Bosco and Doris.

Wilma, who was the cute blonde Saturday night? We finally found out who gave Marjorie her watch. An aunt!

Mary Nell, we certainly are jealous of your date to the prom. Maurine is rating extra good having two males at once during this man shortage.

I heard that Frank and Joan are back together again. They seem to be made for each other.

Stump, who was the cute Sophomore Saturday night? Well, we see Bill Savage is making his date away ahead of time for the prom. That's the right spirit.

Why did a certain car full of boys have to come to town from five-mile Hill Monday? Sid should know the answer.

Jay Tom was really missed at the Senior Barbecue. He really missed a good time, too.

Wonder why Sid and James didn't want to eat Monday night. We can't imagine that.

Maurine F where did your date disappear to when you got back to town?

Billie Joe, just who did you have a date with Friday night? Maurine C and Alonzo could be a little more sociable while you eat. After all our company isn't that bad.

Mona, what's happened to you lately? What were the notes about going from Cecilia's to Jimmy Davis? We wonder.

Ora Mae has moved over to Noel's table in the study hall. The skating rink has made quite a hit lately.

Measles can't be so-o-o-o bad. We hear Harvey Nessmith and Jay Tom manage to have plenty to do.

LT. HERBERT ADDRESSES ASSEMBLY FRIDAY

Friday morning in assembly Lt. Bert Herbert who has just returned from England addressed the school assembly. Lt. Herbert gave the audience an excellent picture of war-torn London. While his speech was not gruesome in any sense, it did stress the importance of the war effort at home as well as abroad. He brought out the fact that people here at home have not yet begun to realize the meaning of rationing as the English now know it. This is shown by the fact that milk is available only to invalids and very small children, and that ice cream has not been enjoyed for years.

Lt. Herbert expressed a sincere appreciation for the morale and spirit of our British allies which he says he can never be overestimated, as well as his deep feeling of pride in the fact that he can enjoy American privileges. He spoke encouragingly of the possibilities of complete victory with our superior forces and equipment which in his opinion are far above those of the enemy. However, he pointed out that this war has a long way to go yet and that Americans still have work to do.

After listening to such a sincere and informative talk each one must have felt a deeper sense of gratitude for the wonderful blessings that are America's and have resolved more firmly to do everything possible to hurry the day of victory.

In the words of Lt. Herbert "Don't forget to write to that boy or girl who is away from home. It means so much." He also expressed his appreciation for the school Christmas card which was sent to him. He said it was a real joy to know that the folks at home were thinking of him.

The tickets will be on sale the last of this week and the play is set for April 29.

The seniors are in a twitter because they have received their Commencement invitations and are looking with eager eyes to the gay graduating days that lie ahead.

with his old-time "fiddling."

Miss Kinkler and David helped by doing their own version of the Scotttise.

Guests were Mrs. Bradford, senior sponsor, and her son Jimmy, Mrs. Surratt, the senior mother; and Miss Margaret Kinkler, and Miss Marion Brieger.

FAMOUS "MEMPHIS BELLE" IN TECHNICOLOR FILM

Roaring from the skies into the hearts of every American, the famed "Memphis Belle," hero ship of 25 bombing missions over Europe, is the star of a stirring Technicolor film showing Sunday and Monday at the Princess Theatre on the same program with "His Butler's Sister." The film is shown under the sponsorship of the War Department.

The title of the picture is simply "Memphis Belle" and is factual record, made by cameramen in actual combat, of the famous B-17's 25th mission, a flight in formation to bomb the submarine pens at Wilhelmshaven, Germany. One of the ace cameramen who "shot" the picture under the direction of Lieut. Col. William Tyler was killed during the filming. He was Lieut. Harold J. Tannenbaum, whose wife, Mrs. Adelaide Tannenbaum, lives at Blinghampton, N. Y. Lieut. Tannenbaum, 46, was awarded the Order of the Purple Heart Posthumously.

Showing the flight in detail from the time the plane leaves its base in England until its safe return, the film fairly throbs with action every single second. Joy, fright, suspense, tense waiting, every emotion that can come to an airman in battle, is caught by the cameramen stationed right in the plane and transferred to the audience. From take off to "bombs away" and back to the home field, there isn't a moment of lag.

The old world is still round—except parts of Germany. And next we will flatten Japan.

When last seen the man who had been clamoring for a good settle for a dime.

Soldiers' Wives and Post-War Married Life

A psychologist offers some mighty sensible advice to husbands and wives separated by war. He believes "lack of tolerance" rather than loss of affection is most likely to cause post-war marriage difficulties.

The wife has built wonderful pictures of how perfect life will be when her husband gets back. And he dreams of evenings with her by the fire with a glass of beer, friendly conversation, and no problems or worries.

Of course, it isn't true that just getting back together will make

life perfect. There'll be the same domestic problems, the same complications and adjustments, as always.

That's where tolerance is going to be mighty important. Tolerance for a husband who spills ashes on the carpet sometimes. Tolerance for a wife who spends a little too much money for a funny-looking hat. Yes, tolerance is a mighty good foundation for any marriage.
