NATIONAL WAR FUND DRIVE TO START SEPT. 11; QUOTA FOR COUNTY IS \$2,000

LOCAL COMMITTEE IS HEADED BY MRS. MARY E. MITCHELL

Mrs. Mary E. Mitchell has been named chairman of the Terrell County committee of the United War Chest of Texas, the organization given the responsibility of raising Texas' share of the \$125,000,000 needed by the National War Fund to continue the functions of seventeen war agencies.

Announcing that the Terrell County quota for this year had been set at \$2,000, Mrs. Mitchell stated this week that the drive would be started September 11, with citizens being asked through letters to make their contributions as early in the campaign as possible. In making the announcement, it was pointed out that the quota for this year was practically the same as that last year. This year, too, the campaign will raise funds for 17 agencies to eliminate the necessity and expense and work of putting on a separate campaign for each agency. The 17 agencies represented in this campaign are the USO, United Seamen's Service War Prisoner's Aid, Belgian War Relief Society, British War Relief Society, Dutch War Relief, French Relief Fund, Friends of Luxembourg, Greek War Relief Association, Norwegian Relief, Polish War Relief, Russian

Faculty Meeting Scheduled to Plan Opening Sept. 4

Program Set for 9:15 A. M. Sept. 5, In Auditorium

A general faculty meeting will be held Monday, September 4, at 10:00 A. M. to decide on arrangements for the official opening of the 1944-45 session of school the next day, according to a statement issued by Superintendent Tom Holley. All students are to meet in their respective buildings at 9:00 A. M. Tuesday, September 5, for registration and enrollment. The opening program will take place in the high school auditorium at 9:15. Parents are invited to attend. After a short program, the students will adjourn to receive their first assignments. Only half a day of school will be held on this first day. The Dryden and Independence schools will open on the same day, September 5.

The Dryden school bus will run on schedule Tuesday, September 5, starting from Dryden at 8:00 A. M.

NEW A BOOKS FOR GAS SHOULD BE APPLIED FOR

Car owners were reminded again Wednesday that applications for new A-Books for gas-oline should be filed with the Ration Board.

"These applications should be filled out completely," C. B. Cochran, Ration board chairman said Wednesday, "and brought or mailed to the board. The cover of the old A-Book should be sent with the application for the new A-Book."

"Care should be taken that the correct address is given since the new A-Books are to be mailed."

"New A-Books have six coupons, each good for 4 gallons of gas, giving the same mileage, 120 miles per month," Cochran said.

R. E. Griffith of San Antonio is visiting here for several days with his son and family, Mr. and Mrs. Maurice Griffith.

AWARDED PURPLE HEART—

Pfc. Federico T. Perez, son of Mr. and Mrs. Ruperto Perez of Sanderson, has been awarded the Purple Heart for wounds received on July sixth while in action in France, according to information received recently. The telegram stated that Perez was slightly wounded and that his parents would be kept advised as to his condition.

War Relief, United China Relief, United Czechoslovak Relief Fund, United Yugoslav Relief Fund, Refugee Relief Trustees and the United States Committee for the Care of European Children.

All of these agencies are war relief agencies and have done an enormous amount of work in their respective fields. This work, which was made possible by the donations of American citizens last year, will be continued only if a like response for contributions is received this year.

Mrs. Mitchell stated that John T. Williams had been named co-chairman, C. P. Peavy, treasurer; and W. H. Savage, John L. Newton, R. S. Wilkinson, John Harrison, Donald Duncan, Mrs. Berta Clark Lassiter, and O. T. Sudduth had been named as members of the executive committee.

Contributions may be made to any of the above mentioned persons or may be left at the Sanderson State Bank, with W. E. Grigsby at the Kerr Mercantile Co., or may be returned by mail in the envelope which will be furnished for that purpose. Letters will probably be mailed on or before opening date of the drive.

Overseas Deadline On Xmas Packages October Fifteenth

Postmaster General Advises Shoppers Start Now

"Save strong string and box material and start to plan shopping," Postmaster General Frank C. Walker advises Americans in announcing the rules for mailing of Christmas gifts for Army and Navy personnel overseas. This classification includes all men and women who get their mail through an A. P. O. or Fleet post office in care of the postmaster of any particular city, or through a naval installation or station.

According to information received by postmaster Clyde Griffith, the mailing period for Christmas packages is the same this year for both Army and Navy overseas forces—September 15 to October 15. After October 15 no gift parcel may be mailed to a soldier without the presentation of a written request from him.

PRESENTATION OF RADIO PROGRAM TO BE MON. NIGHT

For the first time since the invasion, Texans on the home-front next Monday will hear the voices of their husbands, sons and friends fighting on the battle-fronts of France when the United War Chest of Texas presents its state-wide network radio program, "The Texan's Share in the War."

Plans for the unique program were announced by Wayland D. Towner, UWCT general manager, whose staff arranged the broadcast with cooperation of the British Broadcasting Company and the three Texas radio networks.

The thirty-minute program will consist almost entirely of short-waved interviews with Texas service men abroad, Towner said. From Normandy and other battle-fronts, Texas fighting men will talk by short-wave with the folks back home in a series of informal "chats", the war chest official explained. In addition, Larry Allen, famed Associated Press war correspondent, will tell briefly of his 13 months in the Nazi prisoner-of-war camp.

The broadcast, one of the most unusual staged during the war, will be introduced by Judge Ben H. Powell, state war chest president. Music for the production, which will originate in the studios of the University of Texas Radio House, will be by the Eighth Service Command military band.

The program will be carried by all three Texas radio networks and by independent stations from 9:30 to 10 p. m., Monday, August 28.

FUNERAL SERVICES HELD IN DEL RIO FOR A. ARLEDGE

Ed Arledge, 68-year-old ranchman, died at 5:10 p. m. Monday in a local hospital after a lengthy illness.

Funeral services were held Tuesday at 4 p. m. in the Doran Chapel. Rev. H. O. Morris, pastor of the First Baptist Church, officiated and burial was made in Westlawn Cemetery under the direction of the Doran Funeral Home.

Arledge was born Jan. 1 1876, in McCullough County. He married Miss Martha Ellen Lemons Jan. 10, 1900.

He ranched in the Panhandle country for 30 years and for the past six years has maintained a home in Del Rio.

His widow, Mrs. Martha Ellen Arledge, four sons, two daughters and eleven grandchildren survive. The sons are W. A. Arledge of Pumpville, H. E. Arledge of Pandale, F. A. Arledge of Crystal Springs, Miss., and L. E. Arledge of Pandale; the daughters are Mrs. Charles Turner of Sanderson and Mrs. W. A. Belcher of Crystal City—Del Rio News-Herald.

Friday Bridge Club Is Entertained By Mrs. Jess Mullins

Lovely yellow daisies decorated her home when Mrs. Jess Mullins was hostess to the Friday Bridge Club on club day last week. When the bridge scores were tabulated, Mrs. A. J. Hayes had high; Mrs. Walter Grigsby, second high; and Mrs. Ted Baker, consolation prize.

Fresh peach ice cream and coconut cake were served by the hostess to Mesdames Jack Laughlin, W. H. Buchanan, Walter Grigsby, Ted Baker, A. J. Hayes, J. D. May, P. P. Courtney, and Conway Pickard.

D. M. Wells left Monday for San Antonio on business.

Funeral Services Held Thursday for Mrs. E. B. Litton

Death Comes as Result of Accident Sunday Night

Funeral services were held Thursday morning at 10:00 o'clock from the Sanderson Church of Christ for Mrs. E. B. Litton, 58, who died early Monday morning as the result of injuries sustained Sunday night when she was struck by an automobile. Services were in charge of Elvin Bost, local minister, who was assisted by R. E. Griffith of San Antonio, and interment followed in the Cedar Grove Cemetery. Joe Oberkampff, funeral directors were in charge.

The accident occurred Sunday night about 9:45 when the car driven by Bland Gates, Jr., struck Mrs. Litton as she and Mrs. R. E. Stirman were walking on the side of the road just west of the high school building. Both were going toward town and Bland failed to see the two ladies walking because of poor lights. The impact carried Mrs. Litton several feet and caused serious injuries to her back head, and one leg. She was given medical attention here and was started to Del Rio about one o'clock by Joe Oberkampff ambulance. Death came near Langtry at two o'clock.

Mrs. Litton was born January 14, at Oneida, Tenn., and on May 18, 1903, was married to E. B. Litton at that place. They have made Sanderson their home for nearly thirty years, and this section of the country was thinly settled. Mrs. Litton was a faithful member of the Church of Christ and always interested in civic progress.

Nine children were born to the Littons, three of whom preceded their mother in death.

Lumber May Be Obtained For Essential Repair

Should Apply at AAA Office if Needs are More Than 300 Feet

Farmers who buy lumber in Terrell County are now entitled to buy small amounts of lumber for essential maintenance and repair of implements and farm service buildings by simply signing an application at the lumber yard, according to John D. Harrison, chairman of the Terrell County Agricultural Conservation Committee.

Three hundred board feet is the largest amount that can be obtained from the dealer without getting a farmer's lumber certificate, Mr. Harrison said.

Any farmer who needs more than 300 board feet of lumber should apply to the County AAA office at Sanderson for a certificate. The committee has authority to issue farmers' lumber certificates for essential maintenance and repair use and for new construction (other than residences) where the cost is not more than \$1,000 per farm per calendar year. The committee also will issue certificates for lumber needed for emergencies. For construction which must be approved by the War Production Board, the ACA committee receives farmer's applications and makes recommendations but does not issue certificates.

Farmer's lumber certificates rank as "certified and rated" order, with ratings as high as any assigned to non-military users.

Dealers can use the ratings when they place orders. "In fact," Mr. Harrison said "these ratings offer the only opportunity to keep enough lumber in the county to meet our essential farm needs."

KILLED IN ACTION—

Mr. and Mrs. Ira M. Rutledge of Dryden received word in July of the death of their son, Pfc. John Millard Rutledge, who was killed in action with invasion forces in France. John was born December 23, 1919, in Poteet, Texas, and lived in Dryden most of his life. He enlisted in the Infantry in November 1943, and went overseas in May of this year. John is survived by one brother, George W. Rutledge, of Dryden, and two sisters, Rosalie Rutledge of Dryden and Mrs. R. F. Dott of Alpine.

PROTEIN CONTENT TO BE INCREASED IN MIXED FEEDS MANUFACTURERS PLAN TO PRODUCE TO FULL CAPACITY

Details of a new program to increase the supply of protein pellets for winter feeding of cattle and sheep have been received by John D. Harrison, Chairman of the Terrell County Agricultural Conservation Committee.

The new plan in effect calls for a bonus allocation of protein meal to mixed feed manufacturers who will use it during the July-September quarter to produce pellets containing at least 30 percent protein. Protein meal allocations by the War Food Administrator to mixed feed manufacturers are based upon previous production history.

The new program is expected to help materially in meeting growing demands of feeders for protein pellets and cubes, according to Mr. Harrison. Buying is usually heavy at this time of year as ranchers prepare to stock ranges before winter closes in.

Several Protein manufacturers have indicated that they will take full advantage of the protein "bonus" and will utilize pelleting facilities to capacity. The program also is expected to result in decreased demand for proteins to feed range cattle and sheep later, at a time when requirement for other classes of livestock seasonally increase.

Mrs. Ira Deaton Honored with Party Tuesday Afternoon

Waterlilies delicately arranged in a low, water-filled bowl graced the coffee table and a large crystal basket of lace-vine blossoms and queen's crown centered the dining table in the home of Mrs. W. H. Savage Tuesday afternoon when she was hostess to guests at an informal tea honoring Mrs. Ira Deaton, formerly a resident of this county, now living in Del Rio.

Some of the guests had needle-work with them and embroidered and crocheted during their conversation. The hostess served butterscotch sundaes and chocolate nut angel cake to the following guests: the honoree, Mrs. Deaton; Mesdames C. P. Peavy, H. C. Goldwire, Joe F. Brown, Roy Deaton, J. W. McKee, H. E. Ezelle, W. T. Bondurant, Jira Kerr, D. L. Duke, Pres Nichols, and Mary Mitchell.

LABOR'S LEVER

America's 39 million non-farm employees, last year drew about 90 billion dollars in their pay envelopes—two fifths of our national income. These people have power to make their country prosperous or plunge it into chaos. They hold the lever and the best thing they can ever do for this nation is to act for their own best interests, seriously.

American workers will not toil for a few cents a day like Japs; they must not. Lowering Labor's living standards always damages American prosperity by just that much. Industry's only hope to compete in all markets, at home and abroad, is on a basis of manufacturing efficiency. Producing more marketable merchandise per worker per day spells prosperity to employer and employee both.

Two weeks ago in this column I showed how employment might be put at a safe, economic level after the war. Briefly the achievement will cost industry about \$6,00 per job plus some good, sound planning. But this will be only a start. The jobs themselves must pay good wages and interest on investment. Otherwise they will be temporary jobs, not worth providing, not worth accepting. Only secure jobs are good jobs.

Since the publication two weeks ago of an installment of this column entitled "Making Work," one of my several friendly critics has called me pessimistic. He submits a book of A. D. H. Kaplan's published this year which cuts the needed number of new post-war jobs to about a third of the figure I quoted. This celebrated expert believes an investment of 50 billion dollars will accomplish the desired end. The reasoning is sound, and I am basing this estimate on his figures.

Cheap foreign labor has long been a challenge to American efficiency, although aliens may never under-bid American citizens for work on U. S. soil again; their competition will be indirect. The hazard is that European and Asiatic manufacturers will use their cheap help to inundate American goods and then sell the rubbish in America and elsewhere. Such a degrading of world markets will mean less business for American plants and fewer jobs for American workers.

The American workman's answer to such challenge is easy: Less costly merchandise. This does not mean lower wages. It means higher wages. It means maximum yield—more and better products turned out faster and at less cost.

It does not mean long hours. It means more workers on the job fewer hours with American efficiency, more yield per hour per worker. Whoever cuts production bleeds labor.

What a workman earns in a year is in proportion to what he produces. An employer's investment in tools increases volume, and the worker's earnings accordingly. High wages and high living standards for workers depend, therefore, on two things: (1) The employer's investment in equipment, previously discussed, and (2) workmen who can and will make that equipment do its best while in use.

If management buys tools to make things people want and thus creates jobs, if workers help crash the gates of world markets with prices lower than the drivers of slave labor can quote, doing so with good American things made faster to sell for less, then nothing can stop our prosperity but government itself. Next week, "Moral Courage," which is government's part in post-war prosperity.

DO BUREAUCRATS NEVER LEARN

Just as the public begins to feel the OPA is really trying to cooperate in production and distribution problems...

In commenting on the OPA's latest order which blocks the sale of lamb in the Pacific Northwest, United States Senator Guy Cordon says: "Despite the fact that the local OPA officials can see sound reason to permit the free flow of lamb into the market..."

The Portland Oregonian says: "The fact that every informed source in this region condemns as error the restoration of lamb to the ration list ought to convince the national OPA that a point holiday on lamb is necessary in this area to prevent a grave waste of food and grave loss to producers."

If the OPA is as stubborn about correcting the lamb situation as it has been about correcting its unexplainable highest price line limitation orders, and its resistance to suggested improvements in the Price Control Act, and access to district courts, the present lamb supply will be old sheep unfit to eat before any relief is given.

Although they are willing supporters of wartime rationing and price control, the people are getting a good taste of bureaucratic dictation. It is crystallizing their determination to regain their independence and control of their local affairs after this war.

WITH OUR NEIGHBORS

Alpine Avalanche—After several weeks efforts to capture the killer of a large number of sheep, Jim Eppy and Bob Sproul finally cornered him Sunday morning. He was an immense bear, weighing about 450 pounds, but very hungry looking. He is said to have been immense, and if fat would have tipped the scales at almost twice that many pounds.

The animal was caught in Aguja canyon, on the Mac Sproul ranch, not far from the McDonald observatory. Dogs drove the bear into a trap, and then the animal was shot. Evidence was clear of the culprit's guilt and also that there are other bears and a panther yet extant, who are equally guilty and so the hunt is still on.

Hudspeth County News, Sierra Blanca—The sheriff's department caught three young men here Sunday who escaped from military guards at Fort Bliss the day before. Two of them were armed. One had escaped ten times and one seven.

The military prisoners overpowered the guards and disarmed them. Then on the highway near Oro Grande they held up a car and robbed the occupants, who were women, of \$70 and took their car. After this they doubled back through El Paso and twenty miles west of Sierra Blanca shot at a car they tried to halt. Ten miles west of here they ran out of gas and left the stolen car.

Alpine Avalanche—The tax rate for 1944 was set at 65c at a meeting of the commissioners court held here Monday, at which the budget for next year was also adopted.

This is the lowest tax rate the county has had in 20 years, the records show, and was based on a valuation of \$7,955,635, approximately \$37,000 higher than last year's.

Since the state tax rate was boosted eight cents the total rate Brewster county property owner will pay will be the same as last year. The state rate was

Records of the county show that the indebtedness of the county has been reduced \$195,550 in the past 10 years, the present indebtedness being \$127,400, also the lowest in a number of years.

Big Bend Sentinel, Marfa—The "pay off" was a speedy one Thursday of last week when appraising of the last of the wool stored in Rawlings Wool and Mohair Co. warehouse was completed by A. S. Baker, Blanks Oglesby and Ernest Woodward.

Mr. Rawlings says that the work was finished about four o'clock in the afternoon and that growers checks were placed in the mail that night through the cooperation of D. C. Mead, president of Marfa State Bank, financial organization through which payments are made.

Uvalde Leader-News—Garner Field at Uvalde will not be closed in the immediate future, according to press dispatches Sunday from the War Department in Washington. The announcement dispels any rumors to the contrary which might have been circulated in recent weeks.

Alpine Avalanche—Champion bronc busters, bull-doggers and calf ropers will be featured at the air field's second annual rodeo, to be held at Marfa September 1, 2 and 3.

Billy Crews of Marfa is helping sponsor the performance for the GIs and officers, many of whom have never seen a western rodeo.

Big Bend Sentinel, Marfa—Two Presidio boys and a Marfa youth formed the 4-H Club Rifle Team which placed first in the rifle contest at the District 4-H Club camp at Odessa Thursday, Friday and Saturday.

Houston Smith, county agent, who went with the boys from Presidio county, says that the county trio—Fernando Daly

and Josh Odom of Presidio, and Walter Edwards of Marfa—competed with eighty-nine boys from nine West Texas communities, besting them all in their ability to hit the target.

Alpine Avalanche—In historic and beautiful Skilman Grove, halfway between Fort Davis and Marfa, the fifty-fifth annual session of the Bloys Cowboy Camp Meeting Ass. opened with the service Tuesday night. The gathering is sponsored by four denominations: Presbyterian, Baptist, Methodist and Christian, and has been from the beginning.

Big Bend Sentinel, Marfa—A Harry Conover model in New York, Miss Patricia Powers, daughter of Mr. and Mrs. E. S. Powers has been the subject for color illustrations by Earl Cordey, artist, for Collier's Magazine.

In the August 19 issue an illustration using Miss Powers as model was in the story, "The Sergeant Isn't Serious." In the August 26 issue Mr. Cordey's illustration for "Alias the Killer" also has Miss Powers as a model. The July "Thrilling Detective" magazine has the Marfa woman pictured on the cover and in April the magazine "Charm" had an article graced by line drawings for which Miss Powers was the model.

SECTION 1. That Section 9 of Article 8 of the Constitution of the State of Texas, be so amended that the same will hereafter read as follows:

"SECTION 9. The State tax on property, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed thirty-five (35) cents on the one hundred dollar valuation; and no county, city or town shall levy more than twenty-five (25) cents for city or county purposes, and not exceeding fifteen (15) cents for roads and bridges, and not exceeding fifteen (15) cents to pay jurors, on the one hundred dollar valuation, in any one year, and except as is in this Constitution otherwise provided; provided, however, that the Commissioners Court in any county may re-allocate the foregoing county taxes by changing the rates provided for any of the foregoing purposes by either increasing or decreasing the same, but in no event shall the total of said foregoing county taxes exceed eighty (80) cents on the one hundred dollar valuation, in any one year; provided further, that before the said Commissioners Court may make such re-allocations and changes in said county taxes that the same shall be submitted to the qualified property tax paying voters of such county at a general or special election, and shall be approved by a majority of the qualified property tax

paying voters, voting in such election; and, provided further that if and when such re-allocations and changes in the aforesaid county taxes have been approved by the qualified property tax paying voters of such county at a general or special election and shall be approved by a majority of the qualified property tax paying voters, voting in such election; providing that if and when such re-allocations and changes in such county tax levies have been approved by the qualified property tax paying voters of any county as herein provided, such re-allocations and changes shall remain in force and effect for a period of six (6) years from the date of the election at which same shall be approved, unless the same again shall have been changed by a majority vote of the qualified property tax paying voters of such county, voting on the proposition, after submission by the Commissioners Court at a general or special election for that purpose; providing that this Amendment shall not be construed as a limitation on powers delegated to counties, cities or towns by any other section or sections of this Constitution."

SECTION 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a general election to be held throughout the State of Texas on the seventh day of November, 1944, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"For the Amendment to Section 9 of Article 8 of the Constitution of the State of Texas, so as to provide that the Commissioners Court in any county may re-allocate the county tax levies authorized in said section by changing the rates provided for any of the purposes authorized in said section by either increasing or decreasing the same, but in no event shall the total of such taxes exceed eighty (80) cents on the one hundred dollar valuation for any one year; providing that before such Commissioners Court may make such re-allocations and changes in such levies that the same shall be submitted to the qualified property tax paying voters of such county at a general or special election and shall be approved by a majority of the qualified property tax paying voters, voting in such election; providing that if and when such re-allocations and changes in such county tax levies have been approved by the qualified property tax paying voters of any county as herein provided, such re-allocations and changes shall remain in force and effect for a period of six (6) years from the date of the election at which same shall be approved, unless the same shall have been changed by a majority vote of the qualified property tax paying voters of such county, voting on the proposition, after submission by the Commissioners Court at a general or special election for that purpose; and providing that this Amendment shall not be construed as a limitation on powers delegated to counties, cities or towns by any other section or sections of

the Constitution." Those opposing said proposed Amendment shall write or have printed on their ballots the following words:

"AGAINST the Amendment to Section 9 of Article 8 of the Constitution of the State of Texas, so as to provide that the Commissioners Court in any county may re-allocate the county tax levies authorized in said section by changing the rates provided for any of the purposes authorized in said section by either increasing or decreasing the same, but in no event shall the total of such taxes exceed eighty (80) cents on the one hundred dollar valuation for any one year; providing that before such Commissioners Court may make such re-allocations and changes in such levies that the same shall be submitted to the qualified property tax paying voters of such county at a general or special election and shall be approved by a majority of the qualified property tax paying voters, voting in such election; providing that if and when such re-allocations and changes in such county tax levies have been approved by the qualified property tax paying voters of any county as herein provided, such re-allocations and changes shall remain in force and effect for a period of six (6) years from the date of the election at which same shall be approved, unless the same shall have been changed by a majority vote of the qualified property tax paying voters of such county, voting on the proposition, after submission by the Commissioners Court at a general or special election for that purpose; and providing that this Amendment shall not be construed as a limitation on powers delegated to counties, cities or towns by any other section or sections of the Constitution."

SECTION 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and Laws of this State.

SECTION 4. The sum of Five Thousand Dollars (\$5,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State, not otherwise appropriated, to pay the expenses of such publication and election.

same published as required by the Constitution and Laws of this State. SECTION 4. The sum of Five Thousand Dollars (\$5,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State, not otherwise appropriated, to pay the expenses of such publication and election.

world collapses about her when her husband of six months commits murder. The film introduces Deanna singing a torch song in a tawdry New Orleans cafe, and reveals her earlier years in flashbacks as she relates the story of her life to a young Army lieutenant. Songs in the picture are held to a minimum. There are only two, Irving Berlin's "Always" which the star sings twice—and an original by Frank Loesser, "Spring Will Be A Little Late This Year." However, these numbers are made outstanding by the fact that Deanna sings

them in a torch style never before employed by her. Gene Kelly, who co-stars with Miss Durbin, gives one of his finest performances as her husband. Kelly is completely charming and yet thoroughly convincing as a killer moved more by weakness than malice.

giving preference to arms, munitions, medicine and food and the great distances that packages must travel, often having to be forwarded on to catch up with the addressee, the early mailing date is highly important to the chances that Santa Claus will make all the rounds on time this year.

Important rules for Christmas mailings to the overseas forces are:

The parcel must not exceed five pounds, and must not be more than 15 inches in length or 36 inches in length and girth combined. It should be marked "Christmas parcel" so that it

may be given special attention to assure its arrival before December 25.

Not more than one parcel may be mailed in any one week to the same member of the armed forces by or in behalf of the same mailer.

When combination packages are made up of such items as miscellaneous toilet articles, hard candies, soaps, etc., the contents should be tightly packed so that they will not become loosened in transit and damage the contents or the cover. Hard candies, nuts, caramels (including those covered with chocolate), cookies, fruit cake, and chocolate bars individually wrapped in waxed paper should be enclosed in inner boxes of wood, metal or cardboard.

Perishable goods, such as fruits and vegetables that may spoil, are prohibited. Intoxicants, inflammable materials such as matches or lighter fluids, poisons, and anything that may damage other mail also are prohibited. Gifts enclosed in glass should be substantially packed to avoid breakage. Sharp instruments, such as razors and knives, must have their edges and point protected so that they cannot cut through the coverings and injury postal personnel or damage other packages.

Relatives and friends of armed services personnel overseas should start mailing their gifts on the opening day, September 15, to avoid causing concentration of great numbers of packages in the final days of the mailing period, which may threaten to defeat the program. If the public remembers to mail its gifts to its fighting men and women within the time limit it can be assured that the tradition of Christmas giving will be successfully maintained through the efforts of the limited personnel and facilities available. Twenty-eight days 'til the overseas Christmas mailing period.

Overnight Trip Enjoyed by Girl Scouts and Sponsors

The Sanderson Girl Scouts, accompanied by Scout leaders Mildred Pickard and Nell Deaton and two parents, Mrs. John L. Newton and Mrs. P. P. Courtney, left town around 6:00 p. m., Saturday, August 12, to camp out for the night on the Smith Ranch west of here. After a swim, the Scouts gathered fire-wood for their camp-fire and made down their beds. Supper consisted of sandwiches, cookies, fruit, pickles, and cold drinks. When the girls had their fill, they sat circled around the camp-fire, singing, telling jokes and stories. The Scouts bedded down around midnight, in time to get up at 7:00 a. m. and in groups of four, cook their breakfast of bacon, eggs, toast, fruit juice, and milk. Before the girls left for town, returning in time for Sunday School they had watermelon. Scouts who made the trip were: Anna Edwards, Carrie Marie Turner, Virginia Hayes, Margaret Newton, Betty Faye Sullivan, Joan Byrd, Janie Louise Turner, Jackie Lou Stoner, Betty Mayfield, Marilyn Courtney, and Shirley Thompson. Joan Byrd had charge of the first aid kit and administered any first aid needed.

★ TERRELL COUNTY HEROES ★ ☆ ☆ IN SERVICE ☆ ☆

JAMES BUCK MURRAH

Who has been serving overseas for the past two and a half years, is the son of Mr. and Mrs. Rufe Murrah, ranch people of Terrell County. He was born October 22, 1915, in Del Rio, and attended school in Del Rio, Sanderson and San Marcos. He entered the United States Army on April 1, 1941, receiving his first training at Fort Leonard Wood, Missouri. The latter part of August he was moved to Brownwood, and in September left for maneuvers in Louisiana. He came home on furlough for a visit with his parents in October, reporting back to Brownwood. Buck left for overseas duty January 22, 1942, landing in Australia. From there he went into combat in the New Guinea campaign. In February of 1944 he was returned to Australia for two months rest before returning to the New Guinea fighting. Since then he has seen action on several south sea islands, serving with the 46th Engineers.
