WILL IT RUN

Every automobile owner in the country has had impressed upon him the importance of caring for his car as a valued asset.

There are all kinds of cars in the nation's automobile population. One of the most important is the fire engine. Fire department officials should be mindful of the added responsibility placed upon them to do everything possible toward maintaining equipment in A-1 shape.

year job, depending upon the amount of service, but today, with the delays in obtaining even small repair parts, it should be carried out more frequently.

Fire fighting equipment is like a life boat on a ship. If it is not ready for instant service, it is worse than useless.

The fire engine is the life-boat of the community. It must be ready.

AT THE PRINCESS-

"MEET THE PEOPLE" TREMS WITH LIFE IN SHIPYARDS

Life in a teeming shipyard with the accent on music and comedy is the subject of the new musical, "Meet the People," at the Princess Theatre, starring Lucille Ball and Dick Powell.

The movie, which is based on the successful stage revue of the same name, deals with the gay side of things in a busy war industry.

Miss Ball plays a famed Broadway actress who meets riveter Dick Powell on a bond-selling appearance at the shipyards. She learns he has written a play which she is willing to produce on Broadway.

As the beautiful star, Lucille Ball both looks and acts her role as a comedienne. Dick Powell sings and acts in a role tailor-made to his voice and personality.

preparing plans for building the last remaining gap in Highway 67 across 23 miles of hill country west of Fort Stockton.

Uvalde Leader-News - Uvalde county has been signally honored in having the first of one of the Navy's newer-type cargo ships named in its honor.

Wink Bulletin - More than three inches of rain fell in Wink last Thursday night and Friday morning.

Further precipitation was received here Wednesday night, with a light but steady rain throughout most of the night.

Hudspeth County News - The Western Fluorite mine near Hot Wells is adding car after car of fluorspar to their stock pile ready to run as soon as their new mill is in operation.

Fifty cars have been shipped from this mine and the mill will handle one to two cars a day. One ton of commercial ore can be taken from two or less of the milling ore.

TEXAN'S SHARE in the WAR

Texas sergeant serving in the war wrote the following re- count of the fighting there. The Texas army is advancing on Paris and will be in the city before long. As an after- thought, he added: "We are going along with us some units from other states, to show them

exactly like that per- cept there are so many Texan in the battle for France at times it must seem that the Star army really is there

Bob Jackson of San Mar- tin fighting in Italy, used an Texas trick to wipe out a group of embattled Nazis. When he found himself unable to use a grenade thrower because the wire fence was be- hind him and the Nazis, he crawled into an old building, fired a German sniper, and hid him as a shield while ad- vancing on the enemy strong- hold. Then with grenades and fire, he drove out the Nazis, killing six more.

Pierre Curie aren't as num- berous as these days as they once were, but Capt. Burt Hall of Greenville manag- ing to find one recently. He carried it down. Other soldiers who have been decorated for air vic- tories include Lt. M. M. Tomme, pilot from Troup; Lt. (jg) Peyton of Lubbock and Jack Hogue of Graham, of whom was credited with bringing down one or more

Ensign Hogue failed to return after the fight. On the home front, Texans are helping win the war. Men are doing more than volunteer division, region county leaders chosen to head the coming campaign of the National War Fund. Under- direction of Wayland D. Kerley, general manager of the Texas War Chest of Texas, will help put the nation's state-wide drive over- top, and are now working to speed recruiting workers perfecting local campaign

National War Fund finan- cing. SO. War Prisoners Aid and other agencies serving our fighting men and our allies. Pfc. Jose Lopez, a Brownsville scrapper, fighting in Normandy, the Tex-

an was hit squarely in the body by a bullet. The impact spun him around, but Lopez recover- ed his balance and with one bullet killed the German who had fired the shot. Then he discovered why he was not wound- ed—the Nazi bullet had hit an ammunition clip at his belt, and lodged there.

Texas' share in the war was commemorated again last week when a new giant troopship was named for a famous Texas soldier, Gen. W. P. Richardson, who was born at Hunt. The ship was launched at Newark, N. J.

And here is a partial list of Texans who have been decorated for bravery and outstanding service: Lt. Lloyd Kelly, Coleman, Air Medal cluster; Lt. Col. Ed Harris, El Paso. Joe Ellis, Orange, and Sgt. Ban Wyatt Jr., Brownwood, Bronze Stars; Capt. Jim Dooley, Dilley, and Andrew Block, Bonham, Soldiers Medals for heroism in saving lives of comrades, and the following Texans who received Distinguished Flying Crosses for fighting over Europe: Lt. Luther Able, Gladewater; Lt. Charles Summers, Granbury; Capt. Morris Stanley, Alvin; Sgt. Hershel Moore, Del Rio, and Lt. Wade Knudson, Meridian, Sgt. Jim Daugherty of Imperial won the coveted Air Medal.

Texas fighting men in France are now getting full services of the various National War Fund agencies. United Seamens Service, USO-Camp Shows and War Prisoners Aid all are operating on the continent, as are French Relief and other NWF service units.

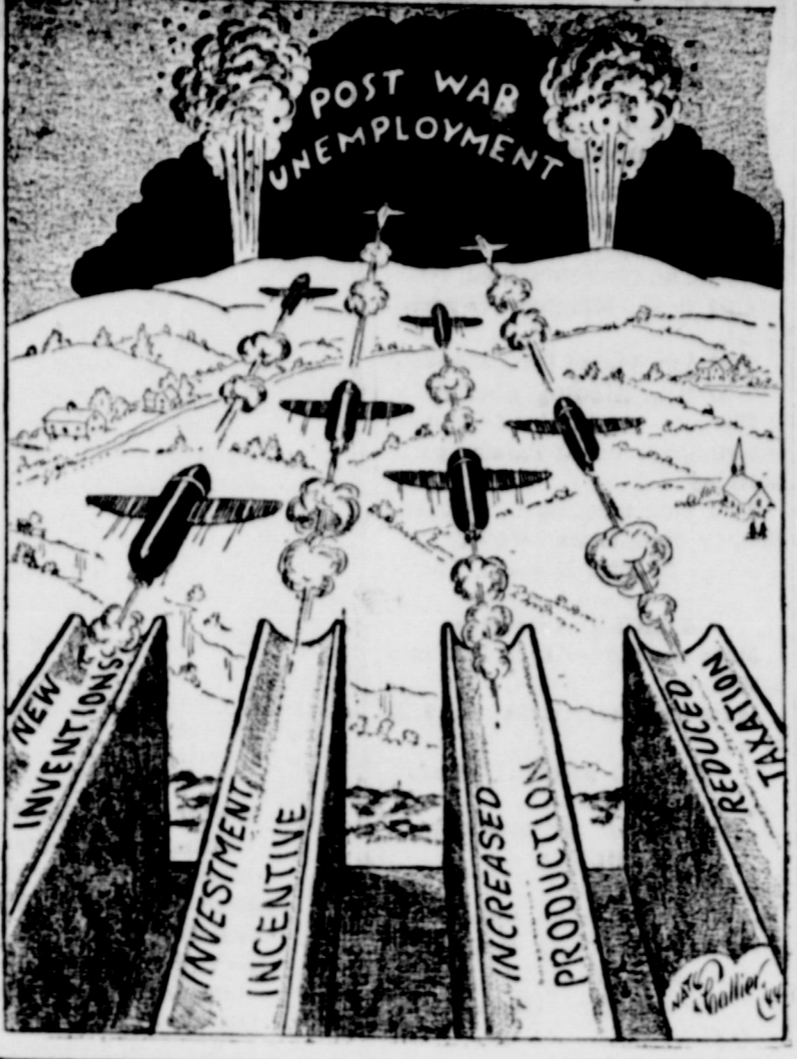

"I will surrender when every one of our bullets has been fired and every one of our bayonets is sticking in a German belly!" Those words of a Texas fight- ing man will go down in history along with "Remember the Alamo!" and "Remember Goliad!" They were spoken by Capt. R. A. Kerley of Houston, in answer to a German demand that he sur- render, after his battalion had been cut off and surrounded in France.

The invitation to surrender was made by a natty Nazi who advanced under a flag of truce, after the embattled Texas unit had fought for five and a half days against Germans who had completely surrounded their position. Just to make sure that he was understood, Captain Kerley answered "Go to Hell!" when the German officer point- ed out that odds against the Americans were hopeless. A few hours later other Allied columns broke through and rescued the beleaguered Texan's battalion.

From France, where Texans are making new reputations as scrappers, several Lone Star soldiers will speak soon to their home-folks. Definite arrange- ments have now been made for a program of interviews with Texas service men to be broad- cast direct from the fighting fronts. The feature, planned by the United War Chest of Texas, will be carried by all three Texas radio chains from 9:30 to 10 p. m., Monday, August 28. It will consist almost entirely of "reports to Texas" by Texas men.

If you have a husband, son or

ALL-AMERICAN ATTACK By COLLIER

friend in France or England, be sure and listen, for he may be one of the lucky boys chosen to appear on the program.

Pfc. Irwin "Slim" Sladek, Fayetteville veteran of many a rodeo bronc busting contest, is now a veteran Jap buster as well.

In the fighting on Bougainville, he fed shells into a mortar so fast that they made a bucking bronc look like slow motion, according to reports from the front. "Slim" is re- garded as one of the fastest mortar feeders in the South Pacific.

In his pre-army days, he took part in more than 30 Texas rodeos. Texans who think their tasks in the home-front war program are heavy should pay tribute to Sgt. Joe B. Chastain of Waco.

Sergeant Chastain, after heroic fighting, was captured by the Japs and placed in a prison camp in Manchuria. But, even there, he wasn't through fight- ing. With two companions, he escaped from the camp and headed toward Russia, hoping to make his way back to the United States and his old army

AT THE PRINCESS— (Continued from page two)

ject. Stubbornly they persist with their experiments, working in an old shed for four long years, driven by Marie's stub- born determination to find the precious radium. At last they are successful and all their dreams are about to be fulfilled when disaster overtakes them. For on the day their new and fine laboratory is to be dedicat-

ed Pierre is killed in a street accident. The grief-stricken Marie resolves to carry on their work alone, going on to even greater triumphs in the realm of science.

Greer Garson reaches the zenith of her phenomenal career with her portrayal of the great scientist. Never does one forget Marie Curie as a loving wife and devoted mother and her physical resemblance to Madame Curie is startling. As the great scientist and beloved husband, Walter Pidgeon gives to his role dignity and restraint. His portrayal of Pierre Curie is warm and human and will be remembered as one of the great- est film performances of all time. Dame May Whitty and Henry Travers are cast as Dr. and Mrs. Curie, parents of Pierre Robert Walker, the lost sailor of "Bataan," contributes a fine performance as Pierre's assist- ant and lifelong friend of the Curies.

LAUGHS RUN RAMPANT IN COMEDY BASED ON ARMY LIFE

The Army takes over at the Princess Theatre next week where "See Here Private Hargrove" is showing Sunday and Monday only. This is an Army picture that's different—it's a comedy from beginning to end. The hilarious wit of the best- selling book of the same title and the film run rampant down to the last giggle.

In the title role is young Robert Walker, who made such an auspicious debut in "Bataan" and in "Madame Curie." Donna Reed, whose fresh and whole- some personality make her the dream girl of so many Ameri- can soldiers, is the romantic lead as Hargrove's sweetheart. Keenan Wynn adds another laurel to his growing wreath with his impersonation of the lovable, but money-minded Private Mulvehill.

When Hargrove, a young re- porter on the Charlotte News, is drafted he carries his natural bent for getting wrongs along with him to the Army. He makes many friends even among the sergeants who grow old and careworn trying to make a

soldier of him. After meeting Donna Reed he turns over a new leaf in order to be able to spend more time with her and less time polishing garbage cans, but it doesn't last long. Finally, after selling his book and being moved over to Public Relations, he and Mulvehill are transferred back just in time to rejoin their buddies going over- seas.

One of the highlights of the film is the canteen sequence where the boys dance merrily to the tune of the soldier hit song, "In My Arms," as Bob Crosby sings it. As Donna Reed's father, Robert Benchley contrib- utes a few extra laughs, remi- niscing with Hargrove on his experiences in the last war.

How times change. Time was when women had to lift their skirts to cross the street. Now they have to hold them down.

A good speech has a good be- ginning and a good ending, close together.

It's not the square miles, but the square people, that make the nation.

A knowing man is one who can keep people yessing. People who talk in circles are usually not on the square. To get ahead, use the one you have.

If air travel increases, bill- board advertisers will be laying their signs flat on the ground, which is where they ought to be anyway.

LUMBER—

Is a very critical war material and the drastic regulations which went into effect August 1 prevents us from furnishing lumber for a lot of uses.

There are provisions made for the ranchman and farmer, however, and we are allowed a certain amount of "Free Lumber" each quarter. We believe we will be able to care for most necessary repair needs.

ALAMO LUMBER CO.

BATTLE CRY!

CHINESE SOLDIERS have a battle cry: "Gung-Ho!" Literally translated, means "Working together!" In Americanese, it means *Teamwork*.

And *Teamwork* is a word every American understands—in peace- time as in war. In this war, it means perfect understanding among our Government, our service men, our home front.

It means our confidence in our fighters' ability. It means their faith in us to provide the material to do the job.

It means buying War Bonds. And a very good buy they are, too.

For every three dollars we invest in War Bonds, Uncle Sam promises four back in ten years. There's no more honorable promise in the world!

Buy War Bonds. They're a wonder- ful investment—for you as well as America!

Let's all KEEP BACKING THE ATTACK!
