Wars result from thirst for power. Men try to gain sway over other men. Progressively they seek to widen their dominion as strength permits. They take resources by violence so they can hold what authority they may have obtained without force. The rapid rise of Adolph and Benito from obscure political bosses to dictatorship illustrates how totalitarianism grows.

Tyrants rise to power by dominating other men. At first the process is peaceful. Always there is a preliminary period of building up influence without the use of strong-arm tactics. Those are the days when, with reasonable foresight, violence can be forestalled. World peace, when it comes, could be preserved by keeping too much power out of the hands of too few men; simple but hard to do

Thirst for power is not confined to the eastern hemisphere; people in America have it. All of us know such men personally. We Extend Sincere **THANKS**

To Our Terrell County Friends

We wish to announce the sale of the Buff Cafe to Mr. George Turner and Mr. Val Glenn, effective as of November 25.

In making this announcement, we wish to extend to our friends of Terrell County and this section our sincere thanks for the patronage given us during the time we have owned and operated the cafe. We feel that no one could ask more than we have received, and it is our desire that each and every patron know that we have appreciated the support given us during the past nine years.

We hope that our friends and former patrons will continue to patronize the Buff when good food is desired, and we feel that the new owners will do their best in seeing that patrons receive the best of food and courteous service.

Again we say, thank you.

THE JOB IN THE PACIFIC IS STILL TERRIFIC!

THERE ARE STILL MILLIONS OF TOUGH, BRUTAL JAPS TO LICK. EVERY JAP WE KILL MAKES MY CHANCES OF GETTING HOME BETTER, AND IT COSTS PLENTY TO KILL A JAP

IF YOU think Japan is a pushover—you're fooling yourself, mister. Millions of fanatical Japanese are prepared to die for their country. Every American soldier, marine and sailor in the Pacific knows that he has a tough fight on his hands. You can't tell them their war is over! Even as you read these words, American men are dying in the fight against Japan. Look into your heart and ask yourself honestly: "Have I stopped fighting? Have I stopped buying War Bonds because I think the war is about over?" You're not a quitter; your answer is "No!"

It costs billions of dollars a month to fight Japan

The fight in the Pacific calls for a highly specialized type of equipment. B-29 bombers that cost \$600,000 in War Bonds; M-4 tanks with bulldozer blades that cost \$67,417; "alligators" that cost \$30,000; millions of gallons of gas. We need more and costlier equipment than any war has ever called for. And that's the reason for the 6th War Loan Drive. Just as long as a single Japanese aims a gun at our men—we must continue to buy War Bonds.

Once again you are asked to buy at least one extra \$100 War Bond. Buy more if you possibly can. Not only is it for the final Victory—it's for your future. Sign up for extra War Bonds on the Payroll Plan. Welcome the Victory Volunteer when he or she calls at your home. Remember —the job in the Pacific is still terrific. We're out to get Japan in the 6th War Loan Drive!

"And the kids, I wish you could have seen them. Straight out of 'Little Abner'. More purty 'Daisy Maes' than you can imagine besides the country girls in pigtails, pinafores and such. The boys looked swell for the occasion and did they have fun! Several well known ones were certainly the 'beaux of the ball'

"I saw Al Dishman take some pictures. He didn't stay long cause he's been sick, you know. 'Marrying Sam' usually called 'Stump' Duke, kept the fun and music going while 'Pappy and Mammy Yokum' (Holley) mixed it with the kids. A large number of teachers, mothers and dads dropped in to see the fun. while official room-mothers made 'super' hostesses throughout the evening.

"I just got to thinking about how much fun it was to see the girls dance with so many different boys. There were few timid 'Sadies' and did they cut in. The 'Abners' should take the lesson. I never did see a boy left long without a partner. The cutest thing was seeing the 'tadpoles and fish' givcould they step it off!

"They all seemed to enjoy the 'Paul Jones' most. I never did see Paul but guess he was there somewhere. I did see Ross Stavely, Bill Cargile, Frank Stavely, Edward Kerr, Betsy Logue, Mary Nell Higgins, Maurine Frazier and her house guest. and other out of school kids.
