**It Happened In Sanderson  
TEN YEARS AGO  
This Week — Remember**

December 14, 1934

Mr. and Mrs. H. E. Fletcher returned Sunday from San Antonio where they went last Wednesday, to visit relatives.

Mr. and Mrs. Roy Haley were visitors in Del Rio Wednesday

Mr. and Mrs. Col Coates returned the first of the week from Carrizo Springs where they spent several days the past week.

Nelson Billings spent the week-end in Langtry with his parents, Mr. and Mrs. A. Billings.

C. V. McKnight and O. H. McAdams were business visitors in Marathon Wednesday.

H. C. Goldwire was a business visitor in Houston several days this week.

Mrs. F. M. Weigand and sister, Miss Evelyn Robbins motored to Fort Stockton Tuesday to meet their friend, Wayne Hailey, of Jacksonville, Ill., who was en route to El Paso on business.

Mrs. John L. Newton and children returned last Saturday from Valentine where they have been visiting the past two weeks with Mr. Newton's mother, Mrs. A. F. Newton.

Mrs. Grace Wheeler and son, Edward, were business visitors in Alpine and Marathon the first of the week.

Mrs. James C. Sharp and Mrs. Buck Pyle returned Tues-

day night from a visit of several days in San Antonio.

Mrs. J. T. McKinney of Hot Wells, Texas, visited this week with her sister-in-law, Mrs. Lee Roy Grigsby.

Mrs. C. I. White and daughter, Janice, left Tuesday for San Antonio where they spent this week visiting their aunt, and sister, Mrs. E. D. Pipes.

Mrs. A. C. Clatfelter left Thursday night for Los Angeles, California, where she will spend the holidays with her son, A. C., and other relatives. Mr. Clatfelter and daughter, Maxine, plan to leave the latter part of next week for that city to join Mrs. Clatfelter.

**WITH OUR NEIGHBORS**

Fort Stockton Pioneer—Dwindling supplies of natural gas have been supplemented since Tuesday by a temporary hook-up with the Humble No. 1 O. W. Williams well 9 miles northwest of Fort Stockton, and every effort is being made to keep the town supplied until Humble Oil & Refining Company engineers can complete their installations of heaters, regulators, and meter loops at the well.

Alpine Avalanche—Fire, believed to have been caused by a cigarette, caused considerable damage at the Locke Hotel late Saturday night. The fire was discovered before it gained much headway but considerable damage was done by the fire, smoke and water. It was stated.

Ozona Stockman—Crockett County ranked second among

**STRICTLY BUSINESS** by McFeatters

"Phone the police if you hear him refuse a job in my factory!"

all counties of Texas who had subscribed 100 percent or more and first in Region 15 in percentage of oversubscription of quotas, according to the Texas War Chest Roll of Honor as announced recently by Wayland D. Towner of Austin, state chairman of the drive which ended November 11.

Monahans News—G. H. Cook of Odessa, owner of two hotels in Odessa, has purchased the Pete's Hotel in Monahans and will assume management of it on Jan. 1, the News was informed this week. It is understood that the deal was closed this week.

Mr. Cook plans to install hot and cold water showers throughout the hotel and to cater to transient guests, the report stated.

Uvalde Leader—News—Principal photographs from the world's major photographic competition, Popular Photography's \$6,000 Third Annual Picture Contest

will be shown here for fourteen days starting Dec. 11 at the Central Power and Light Co's local office. Pictures in this Third Annual Traveling Salon of popular magazine were selected from nearly 40,000 entries in the competition.

Alpine Avalanche—Sale of the Earl McElroy ranch in the Nine Points section south of Alpine to C. W. Watson of San Angelo was announced this week.

Possession was given Dec. 1. No livestock was included in the deal, it was said, and the consideration was not announced.

Mr. and Mrs. McElroy have moved to their residence in Alpine.

**AT THE PRINCESS**

ALDRICH AS "CUPID" LISTED AS HENRY'S BEST FILM TO DATE That Aldrich boy is in town again and he's head over heels in love troubles in "Henry Aldrich Plays Cupid" which arrives Friday and Saturday, December 22 and 23, at the Princess Theatre.

Diana Lynn, the young actress proclaimed by the Film Daily poll as the top juvenile performer of 1942 is Henry's high school sweetheart, but his love troubles do not concern Diana. They are the result of trying to find a wife for Mr. Bradley, Henry's botany instructor at Centerville High. From all reports, the complications that develop top previous Aldrich mixups in affording hilarious comedy.

In "Henry Aldrich Plays Cupid" the whole cast excels since the roles provided give them ample opportunity to display their talents. There is comedy galore, plenty of action as all concerned get into a mix-up and it all adds up to a treat for audiences. Another in the gay Aldrich escapades, "Cupid scores a bull's-eye."

Filling his stellar role as the screen's effervescent Henry Aldrich is Jimmy Lydon, while Charlie Smith again plays Dizzy, Vera Vague, one of Hollywood's top notch comedienne, has an important role in "Henry Aldrich Plays Cupid." John Litel and Olive Blakeney are Mr. and Mrs. Aldrich and Vaughan Glaser is the pedantic Mr. Bradley. Hugh Bennett directed the picture.

**"IRISH EYES ARE SMILING" STORY OF LOVE AND FUN**

Twentieth Century-Fox, whose film excursion into the more colorful and romantic periods of our nation's past has yielded

such memorable hits as "Alexander's Ragtime Band," "Hello, Frisco, Hello," "Coney Island" and "Sweet Rosie O'Grady," has reached back again—this time into the brilliant heyday of Broadway—and has come up with what Hollywood preview acclaim marks as the year's most enchanting and exciting musical. The picture, Damon Runyon's "Irish Eyes Are Smiling," photographed in Technicolor and starring Monty Woolley, June Haver and Dick Haymes, is scheduled to open Wednesday and Thursday at the Princess Theatre.

The world of vaudeville, musical comedy and Tin Pan Alley reached its zenith in the years just preceding the First World War. And riding high at the top of all figures of that world was the man who not only wrote songs of the people, but, as a variety headliner, sang them to adoring audiences as well. His name was on every music counter and in lights on leading theatres. He was Ernest R. Ball whose "Mother Machree," "Boy O' Mine," "Let The Rest Of The World Go By" and "Irish Eyes Are Smiling" still stand among our best-loved songs.

**DIANA BARRYMORE AND BRIAN DONLEVY IN DRAMA**

Arresting mystery-melodrama based on an intriguing topical theme, is promised in "Nightmare" coming Tuesday to the Princess Theatre. As potentially outstanding entertainment, the film is additionally enhanced by a superlative cast headed by Diana Barrymore and Brian Donlevy who are co-starred.

Interesting advance data concerning the picture reveals that the plot is based on a story by Philip MacDonald. It deals with the murder of one Captain Stafford, portrayed by Henry Daniell, and the strange series of events which subsequently implicate his estranged wife, played by Miss Barrymore who flees the scene of the crime with a total stranger. Donlevy has the role of this very mysterious but irrepressible individual.

Other competent players in the film are Eustace Wyatt,

David Clyde and Gavin Muir. "Nightmare" will attract special attention from moviegoers who remember the cinema contributions of scenarist Dwight Taylor. The writer in this case, not only prepared the story for screening but officiated as producer. It is his initial venture in this capacity.

Tim Whelan, well-known producer-director who recently won special Hollywood recognition for his "Sweet and Hot," directed "Nightmare" and cinematography was handled by George Barnes.

Why Thousands of Doctors Have Prescribed

**Pertussin FOR Bad Coughs**  
(DUE TO COLDS)

For years—thousands upon thousands of Doctors have prescribed Pertussin to promptly relieve bad coughs due to colds. Today you can get this same effective Pertussin at any drugstore.

Pertussin—a famous herbal remedy—is scientifically prepared to work internally. It acts at once not only to relieve your coughing spell, but also to loosen sticky phlegm.

Pertussin is safe and mighty effective for both old and young. Inexpensive. Pleasant tasting!

**S. P. Will Help TO BRING HIM HOME**

It used to be one of Southern Pacific's happiest tasks to take the folks back to their old homes for the happy Holiday Season. We only wish this year that we might be doing the same thing again, but stress of demand for the carrying of armed forces, their equipment and materiel will preclude much of this usual civilian travel.

"SP" hopes that before long, when the war comes to a victorious climax to be able to take back to their homes, many thousands now so patriotically serving their country. The men and women in all departments of the "SP" at this time extend to you a sincere wish for a Merry Christmas and a speedy return of your loved ones.

# LET'S FINISH IT!

## BACK THE 6<sup>TH</sup> WAR LOAN ... AND HELP DEFEAT JAPAN!

**R**EMEMBER the gaping holds of ships sunk without warning at Pearl Harbor? Remember, too, the men killed during the infamous sneak attack? This is the fight that *Japan* started... the fight that *we're* out to finish!

Don't fool yourself, the Japs are tough. It will take long, bitter, costly fighting to blast them out. It will take new and specialized equipment. B-29 Superfortresses... amphibious tanks... airplane carriers... P-47 Thunderbolts and new secret weapons. And a veritable *Niagara* of oil and gasoline!

Your War Bonds helped train and feed and equip the American armies that smashed through at St. Lo... Nancy... Sedan. Yes... your War Bonds are helping to win the *Battle of Europe*. But now how about the *Battle of Japan*?

### The job is big—you've got to dig!

It costs billions of dollars a month to fight the *Battle of Japan*. The money *must* come from every patriotic American. It's an investment in America—your future. That's why you are asked once again—in this great battle for final Victory—to buy *your* extra \$100 Bond *today*.

And here are 6 more reasons for buying at least an extra \$100 WAR BOND in the 6th!

1. War Bonds are the best, the safest investment in the world!
2. War Bonds return you \$4 for every \$3 at maturity.
3. War Bonds are as convenient as cash—and increase in value to boot!
4. War Bonds mean education for your children, security for you.
5. War Bonds help keep down the cost-of-living.
6. War Bonds will help win the Peace by increasing postwar purchasing power.

# THE EAGLE NEWS

EDITED BY STUDENTS OF THE SANDERSON HIGH SCHOOL

## SANDERSON TEAMS ENTER RANKIN TOURNEY

The Sanderson Boys Basketball team and Girls Volley Ball team entered the Rankin Tournament.

The Sanderson boys played Fort Stockton the first game. Fort Stockton got the first three points. Dishman scored a free pitch. Fort Stockton increased the lead to six points. Sanderson began to score with short shots by Harrell and Dishman. The first half ended with the score 16-14 in our favor. The last half saw little scoring. Fort Stockton led at the end of the third quarter 21-19. Harrell scored a field goal to tie the score. Duff, for Fort Stockton, made two more points. Dishman again gave us a lead. Francis Grigsby, substituting for Yeates scored two more. The lead looked safe but Stockton tied it again. Dishman scored two points. Savage missed a close shot. A Fort Stockton man walked with the ball twice and tied the score at 27-27. With ten seconds to play, Grigsby substituting for Savage was fouled by two Fort Stockton men as the whistle blew for the end of the game. This gave him two free throws. He made the first one to win the game 28-27.

The girls met Sterling City in the first game. Our girls got off to a slow start. The Sanderson girls played excellent team work at all times and were strong at spiking net balls. The girls were playing against time which was new to them and bothered them somewhat. The first ended with a score of 16-7 in favor of Sterling City. Our girls came back at the half and built the score up to 16-19 at one time but finally lost 17-24. The girls got some good experience and will have a good team. Marilyn Blackwelder acted as captain at the tournament.

The teachers of Sanderson High School have affiliated one hundred per cent for the year 1944-45 with the Texas State Teachers Association.

## SNOOPER

Sees Nothing—  
Hears Nothing—  
Tells All

The volleyball girls seemed to have had an awfully good time with a few Rankin boys. In fact it made a few SHS boys kind of mad. But the girls are sorry and promised not to do it anymore.

Al and Clara seem to be hitting it off right now since the Rankin episode.

On Monday it looked as if Betty wasn't going to make it through the week while Doyce was "dear" hunting—but she made it!

Harry and Billie look so cute together and they surely seem to have such a good time. In fact they are a good ole' senior couple.

Ruth Bendele and Malloy always seem to have a good time in World History.

It seems that Ora Mae likes Temple now.

Cecelia are you still pining over the Rankin boyfriend?

Jack, we think Virginia is cute too. Come on—don't be bashful.

In typing class Harvey likes to be among the girls. He has three around him.

Buddy and Doris Duke seem to be getting along ok these days. Buddy, are you love sick?

We wonder why Marilyn was so anxious to trade seats in typing with someone who just happened to be right in front of Harvey?

Sammy and Lizzie Bell seem to be having more fun when Aida Faye is sick.

Billie and Betty surely have some cute Hondo friends now.

Doris Hill, what is stopping you when you can get anyone that you want?

Who were the volleyball girls who met some McCamey boys? And that's not all! There were even letters this week! Girls, don't you know that the hometown boys are the best?

## HOMEMAKING NEWS

The Future Homemaker's Club, Unit 1, met Friday, Dec. 8, at the class period. At the business meeting a Christmas party was planned for Dec. 12. The program consisted of working on bedside bags for the Junior Red Cross. The Club intends to make thirty of these bags.

Last Saturday night Ora Mae entertained a large number of "kids" at her home. It started to be a Sophomore and Freshman Party, but it ended as a Freshman, Sophomore, Junior, and Senior Party. Everyone had a grand time dancing. We hope to have another like it sometime.

## CORRECTION

Jackie Savage's name was left off the 4th grade honor roll last week. Jackie not only made the honor roll, but made it with the highest average in his room.

## FIRST GRADE NEWS

The children enjoyed making the autumn and winter posters this week. The material was late coming on account of the paper shortage. The children have made Christmas trees and are now making a round little Santa Claus.

The children were glad to get their pictures Friday morning. Besides getting the big pictures, Friday morning Terry Derl Beckett brought a kodak picture of the class which his mother took the first morning of school. Jack Calk is a new pupil in the first grade. He came from Comstock.

## FIFTH GRADE NEWS

Jacke Slover was absent from school one day last week because her grandparents and two uncles and aunts were visiting in her home.

We are glad to welcome Daird Larson to our class. He was with us when he was in the third grade.

## Lamar School Notes

Miss Ruth Murrah, high first grade teacher, resumed her duties last week after a two-months sick leave.

Two new pupils in Lamar Ward are Carlos and Francisco Paredes. They are from Mexico City, but are living temporarily in Dryden where their father is doing dam construction work.

Plans are going forward in the different rooms about Christmas programs and trees. The room mothers are planning the best Christmas ever this year. The sixth and seventh grades are

having a luncheon at the Alejandro Escamilla home and a tree at school. The members of this class have drawn names for presents to be given at the Christmas tree December 20.

Twelve new books have arrived for the fifth, sixth and seventh grade library. This makes a total of 16 new books that have arrived within the last month. As a Christmas gift to the parents the books are to be loaned to them for the holidays.

The second grade took an afternoon to clean the room. The cleaning included the washing of boards and woodwork, and cleaning up of books. The children have been busy making Santas and other decorations for the room.

Lamar Ward Parent Teacher Association met in regular session Monday evening, December 11. J. B. Smith was program chairman and presented the fourth grade in a playlet entitled, "Lest We Forget." Two musical numbers were enjoyed.

# How Much Is a Billion Gallons of 100-Octane Gasoline?

It's enough to fill 120,000 tank cars—a train 1,000 miles long.

It's enough to fill an 8-inch pipe line that would circle the earth three times at the equator.

It's enough to fuel 400,000 Flying Fortresses for a round trip flight from Britain to Germany.

That's a billion gallons of 100-octane gasoline! But it's more than that. It's the effort of the 14,000 men and women of Humble Oil & Refining Company, who are today celebrating the production of the one-billionth gallon of 100-octane aviation gasoline at Baytown refinery—a remarkable feat in the history of the petroleum industry.

It is one of the wartime contributions of the 14,000 men and women of Humble—scientists, drillers, roustabouts, stenographers, pipeliners, technologists, truck drivers, geologists, glassblowers, stillmen and those working in hundreds of other occupations.

Here is a partial list of their accomplishments to date:

- FIRST** to produce at one refinery a billion gallons of finished 100-octane aviation gasoline. The Baytown refinery has produced more 100-octane aviation gasoline than any other plant in the world.
- FIRST** to produce synthetic toluene. The Baytown Ordnance Works, first to synthesize toluene from petroleum, has supplied the toluene for at least one out of every two bombs used by the United Nations since Pearl Harbor.
- FIRST** in the production of crude oil. Humble Oil & Refining Company is the nation's largest producer of crude oil, and is currently supplying about one-fourth of the increased production required for war as measured by the gain since 1941.
- FIRST** in the transportation of petroleum. The Humble pipe lines transport more oil than any other system, handle one barrel in every seven of the domestic supply.

These accomplishments climax a quarter century of development, planning and team work of a great organization. The men and women who made them possible are behind the billion gallons of 100-octane aviation gasoline. They are behind whatever America needs of them for victory.

THEY NEED FOOD FATS

European refugees who fled before Hitler's war machine are awaiting liberation—and food. Millions of pounds of fats and oils are needed to meet their minimum needs. To help them we must conserve all fats here, using them first for food, then turning back to the meat dealer what is left, so used kitchen fats may serve the needs of war and industry. In no other way will our overall fats and oils supply stretch to meet the needs of our fighting men, our allies, and the home front.

What You Buy With WAR BONDS

Para-Ski Troopers

When will this war end? Nobody knows, so the Army is continuing its training of Para-Ski Troopers. They're parachute troops who know their way about on skis or any other place in snow covered mountainous country.

A great measure of the success of Russia's victories last winter is attributed to these troops who move with the silence of a snowflake. Our work on the home front is not so hazardous as that of the Para-Ski Troopers but it is important that we perform our daily tasks and make every effort to increase our regular purchase of War Bonds.

What Helps Agriculture Helps All of Us!

John Holmes, President Swift & Company

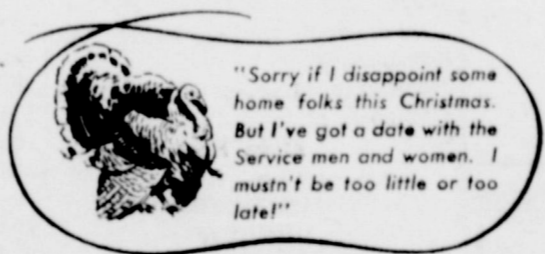

This page is printed here as a service to all farmers and ranchers of America. Together with you producers, we have a big job to do in the business of feeding this nation of ours well.

A short time ago I was talking about improved methods with a farmer. He said, "The way I look at it is this - what helps agriculture helps all of us." That is it in a nutshell. What helps agriculture does help all of us - producer, meat packer and processor, retailer and consumer. So the purpose of this page is to tell in a few words and many pictures about all manner of things that do help agriculture. We hope that by searching out news items, telling of new trends, big or little, reviewing findings of agricultural experiment stations, by recounting the experiences of successful individuals, and in many other ways, we can render a worthwhile service to all who produce our nation's food.

The Editor will be F. M. Simpson, who is already well known to many of you as Manager of our Agricultural Research Department. He will welcome your suggestions and original ideas. Mr. Simpson is the Editor - but it is your page. Please help us make it a useful one.

A Merry Christmas to you all!

John Holmes, President, Swift & Company

"Sorry if I disappoint some home folks this Christmas. But I've got a date with the Service men and women. I mustn't be too little or too late!"

CANVAS COATS FOR SHEEP PAY OFF

Range lambs grazing in mountains and valleys, fashionably dressed in ducky little white duck coats sounds more like a pipe dream than a practical possibility for sheep growers. However, in an experiment at the University of Wyoming, coats of 15-ounce canvas were tailored to fit half of a flock of 684 range sheep. The fleeces were carefully compared at shearing time and the "coats" proved their worth in a big way...

This adds up to extra wool profit no matter how you look at it. In addition, the coats protect the sheep from cold weather, wet, sand, dirt, burrs, stickers, and reduce death losses and feed consumption. Wool from the coat-wearing sheep compared favorably with the best white Australian wool.

For further information, write R. H. Burns, University of Wyoming, Laramie, Wyo.

Nutrition Is Our Business—and Yours!

"Right eating adds life to your years, and years to your life."

These six Americans are united in the job of seeing that 132,000,000 fellow Americans get enough of the right kinds of food to eat. The rancher, farmer, meat packer, retailer, housewife and scientist, each has a part in the preparation and distribution of meats and other foods.

Feeders of livestock know that diet has a lot to do with the health of their animals. It is the

same with human beings. There is a great deal of research being conducted at the present time in our universities to find out more about the relationship between diet and human health, and Swift & Company gives many grants to aid this kind of research.

Not so many years ago a lot of people said meat was hard to digest; that children should never be given pork, etc. Nutritionists have proved that pork is one of the most digestible of all meats, rich in Vitamin B1. These and many other basic truths about meats and other foods have been established by the work of nutritionists. You can readily see why such discoveries help the sale of meat and of livestock. That is why we say - "Nutrition is our business - and yours."

Martha Logan's BEEF POT ROAST

roast, accompanied by browned onions and carrots. Roll the beef well

in flour, then brown in hot fat in a heavy kettle. Add water, cover tightly and cook slowly for two hours, or until tender. Add peeled potatoes, onions and carrots, and cook for one hour.

Does lots of wool on the face and legs of a sheep and a wrinkled skin help to make a more valuable fleece? No, says the U. S. D. A. Sheep with wool over their eyes produce fleeces of lighter weight and less value than open-faced sheep.

Ex-Farm Boy Knocks 'Em Dead

BUY MORE WAR BONDS - HOLD WHAT YOU HAVE!

Maybe you've heard the epic story of "Zeke" Givan. "Zeke" was a farm boy from Dearborn County, Indiana - until he enlisted in the Marines. His first big show was at Kwajalein. The Japs started to rush him, and "Zeke" started to shoot. When the shooting stopped, those present were "Zeke," one red-hot Browning Automatic Rifle, and 35 dead Japs. "Zeke" says modestly, "I did nothing except my duty." Later he was wounded at Saipan. We'll say that like many thousands of other farm boys, in and out of the Service, he is doing his duty extra special well.

Swift & Company, CHICAGO 9, ILLINOIS

SOFT CORN FATTENS LIVESTOCK

I. B. Johnson, Director Agricultural Experiment Station, South Dakota State College

If you are caught with "soft" corn, due to a sudden freeze before your corn matures - remember you still have feed. It makes a good fattening feed for steers, calves, feeder pigs, and lambs.

These were the conclusions of the South Dakota Experiment Station, based upon the first year's feeding trials, wherein cattle, hogs and lambs fed soft corn were compared with others fed sound corn of No. 3 market grade. The soft corn was bought at 50 cents a hundredweight - the No. 3 corn at 75 cents a bushel.

No preparation was given to this soft corn. It was stored in uncovered piles on the ground, and fed field run - soft, moldy, rotten, husk-covered ears just as they came.

Yearling steers were fed for 150 days, calves 195 days, pigs from 87 to 118 days, lambs 90 days. In ALL cases the return was greater from the lots receiving the soft corn, due to the price at which the corn was purchased.

The gains of both cattle and pigs on soft corn, compared to those on hard corn, were reduced after the beginning of warmer weather in April. It is advisable to feed your soft corn early.

In figures, the soft corn had the following approximate values when compared with the price of No. 3 ear corn in the rations fed:

- 84% when fed to yearling steers
88% when fed to steer calves
76% when fed to feeder pigs
71% when fed to feeder lambs

If you want additional information, write the Animal Husbandry Department, South Dakota State College, Brookings, South Dakota.

(Continued from Page One)  
 Anna Durbin. I really enjoyed the picture."  
 V

Mrs. Maude Sullivan recently received a letter from her son, Pfc. Denny Sullivan, dated November 15, in which he stated that he has landed somewhere in England.  
 V

Pfc. T. C. Billings, who was in Germany for some time, writes that he is in Belgium now.  
 V

Pfc. Bill Davis recently wrote his father from Camp Roberts, California, that he could "jack up the cars and turn out the

horses when I get through with Infantry training. I can walk (from the ranch) to town and back on errands." The inspiration for this comment was the fact that Bill had just come back from a twenty-five mile hike.  
 V

Private Pablo Pena, U. S. Army Paratroops, left Sunday after visiting here with his parents on a ten-day furlough.  
 V

In a recent letter to his parents, Mr. and Mrs. Honorato Falcon, Technician Fourth Class Jose L. Falcon told them that he had been overseas for two months now. Jose serves with the 11th Tank Battalion.  
 V

Pfc. Emilio G. Torres and Pvt. Jose M. Torres, sons of Mr and Mrs. Domingo Torres, are both overseas. Emilio went back to the South Pacific in February of this year after being stationed in the States for a time. He serves with the 102nd Infantry. Jose, who is now in England, serves with the 442nd Sub. Depot.  
 V

Pfc. Norberto G. Barrera has recently returned from a stretch of seventeen months overseas where he was in two major drives in Italy. Norberto is now receiving treatment in the General Hospital, Santa Barbara, California.  
 V

Staff Sergeant Hilary A. Carrasco, of Sqdn S, 348 B. V., who has been in the service three years, is now stationed at Will Rogers Field, Oklahoma.

## AMERICAN HEROES

by JULIAN OLLENDORFF

Forced to leave the tank he was driving when water in the fuel line caused it to stall, Pvt. Abe Fortner of Livermore, Ky., later returned, cleaned the fuel sediment bowl and got the machine in operation, while still under heavy fire. The tank, repeatedly hit, stalled and Fortner repeated his cleaning until it finally went up in a blaze. The private has a bronze medal for his feat but War Bonds must be sold to replace the tank.  
 U. S. Treasury Department

Second Class, who entered the Navy in June of 1943, is now overseas. The latest letter received from him was that dated October 26. His brother, Pvt. Genovebo M. Galvan, who entered the Army in September of 1942, has been in England since April.  
 V

Seth Davenport returned home Monday of last week after receiving a discharge from the Army. Seth served as a captain in the Infantry, and was overseas ten months in the European Theater. Entering France on D-Day, he participated in the drive through Normandy as a company commander. Seth has resumed management of his ranch interests here.  
 V

Lt. and Mrs. M. R. Williams were here Tuesday from San Marcos for a visit with her parents Mr. and Mrs. D. O. Bosworth.  
 V

Lee G. McSparran, MO MM Third Class, serving in the Central Pacific, writes that he was recently promoted to this rank from Fireman First Class.

## ★ TERRELL COUNTY HEROES ★

☆☆ IN SERVICE ☆☆

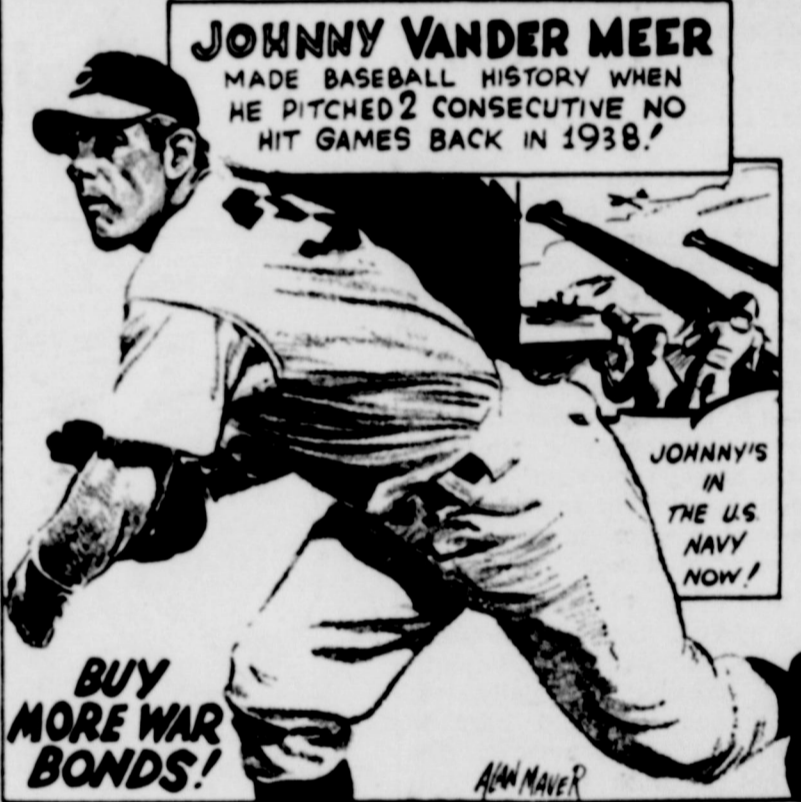

ELTON PAYNE HALLEY, JR.

Son of Mr. and Mrs. E. P. Halley, was born April 3, 1918, in Sanderson. He attended school here, graduating in 1936. Before accepting the position as assistant manager of the Gateway Hotel in El Paso, "Dutch" was a student at John Tarleton College. Later he was employed in the welding department of Lockheed Aircraft Corporation in California. On March 16, 1943, Elton enlisted in the Navy in Burbank, California, and was sent to San Diego where he went through boot camp and was stationed for six months. Later he was stationed at Tiburon, California, for six weeks, and left San Francisco November 12, 1943, landing at Adak, Alaska, on Thanksgiving Day. "Dutch" took part in the battles for Kiska and Attu in the Aleutians, receiving two gold stars. He returned to the States July 27 of this year and was stationed in Newport, Rhode Island, and New York before going to sea in the Atlantic for six weeks. He was re-stationed at Shoemaker, California, the latter part of October. Elton is a boatsman first class.

army shoes, 7,080 overcoats, 125 cases of shoe repair materials, 21,000 sets of toilet articles, 1,000,000 cigarettes, and 299 cases of YMCA books and religious and recreational supplies.

It is understood that a delegate of the International Committee of the Red Cross met the ship on arrival at Kobe to direct the forwarding of materials to Allied prisoners of war. The International delegate has been instructed to make every effort to see that supplies are sent to camps that did not receive their share of the previous two

shipments sent by the American Red Cross. Former shipments, valued at \$1,462,926 were made on two voyages of the diplomatic exchange ship, Gripsholm, in 1942 and 1943.
