

THE SANDERSON TIMES

SANDERSON, TEXAS, FRIDAY, FEBRUARY 2, 1945

NUMBER 49

FROM TEXAS TO TOKIO

It comes that Lt. Walter ... has been assigned to ... Field, Austin, where ... undergo training as ... with a Troop Carrier ... combat crew. Lt. ... had been stationed at ... Field, Monroe, La., until ... transfer.

Gene Thompson left Sun ... San Antonio where she ... husband, Pvt. Thomp ... continuing to Hous ... where they will visit with ... children and other rela ... during a furlough for Pvt. ... from his station at ... Anne, Wyoming.

It comes from Pfc. Tommy ... to Mrs. Billings here ... is back in France again ... seeing service in Belgium ... Germany. He stated that ... his Christmas dinner on ... ber 27. The letter was ... January 14.

J. W. Haynes returned ... from Panama City, ... where she accompanied ... daughter, Mrs. B. G. Maples, ... visit with Sgt. Maples who ... hospital there recuperat ... a major operation. Mrs. ... and baby remained for a ... visit, and Mrs. Haynes ... that Sgt. Maples is ge ... along fine. He is statione ... ndoll Field there.

It has been received by ... and Mrs. Greene Cooke that ... son, Marshall has been ... from private to priv ... class. Marshall is st ... somewhere in the Hawai ... lands.

and Mrs. Albert Appel, Jr., ... Tuesday after spending five ... days at their ranch, and ... with his parents, Mr. ... Mrs. Albert Appel. They ... visited in town with his sis ... Mrs. Gene Thorn and Mrs. ... Mrs. Word, and with her par ... Mr. and Mrs. W. E. Lea ... Appel reported back to Fort ... Calif.

Gilberto M. Lopez is here ... ten-day furlough visiting ... his parents, Mr. and Mrs. ... n Lopez. He has recently ... statione at Camp Maxey.

James House recently ... a few days here visiting ... his parents, Mr. and Mrs. ... s House. He was on his ... to Fort Ord, Calif., and ... ed over on delayed orders. ... s was inducted into the ... at Fort Sam Houston and ... ed his basic at Camp J. C. ... son, Arkansas.

Lea, SP (A) third class, ... completed the physical ... ing school at Bainbridge, ... land, and has been trans ... to Jacksonville, Florida, ... assigned as a physical in ... for pilots, according to ... mation received here by ... Lea.

A. McBee, SSMT second ... somewhere in the Pacific ... the United States Navy. ... that he hasn't received ... ue of the Times since his ... rption was started and ... wasn't very happy about ... e says: "Sometimes we go ... as a year without hit ... a liberty port, and about all ... an depend on out here is ... little mail we receive, and ... home-town papers". We ... that Lee starts receiving ... times soon and that he gets ... me home "before too many ... s" as he says in his let ...

Itis Litton, seaman first ... is here on a fifteen-day ... visiting with his father, E. ... litton, and other relatives ... s says they have been ... ing the army how to get ... of these little landing boats ... out breaking their necks ... (Continued to Page 4)

BIDS HAVE BEEN RECEIVED FOR ATHLETIC FIELD

NEED ADDITIONAL REVENUE BEFORE CONTRACT IS LET

Although the contract has not been let, bids have been received on the building of the new athletic field in the northern part of town according to Mrs. H. B. Persch, member of the committee appointed to direct the campaign for funds for construction of the project.

In making the announcement, Mrs. Persch pointed out that only forty of the more than 400 recipients of letters asking for contributions, had mailed in checks. Many of these checks were for substantial sums, however, and the fund is growing. Not enough contributions have come in to cover the cost of the project, even with the work that has been contributed by several residents of the county and that done by students.

Those in charge of the project ask that all who plan to make contributions toward the building of this football field please do so as soon as possible so the contract may be let to the bidder accepted, and work can get under way. It is hoped that ample funds for completing the work without any outstanding indebtedness will be forthcoming from the more than 360 persons who have not yet contributed.

Prisoners of War Moved From Path Of Advancing Russ.

Red Cross Sending Emergency Supplies For Their Relief

American and British prisoners of war detained in camps on the line of the present Soviet advance were moved toward the center of Germany several weeks ago, Red Cross chairman Basil O'Connor announced.

The three camps already affected were known to be located between Poznan and Torun in Poland. Official word of the movement of one of these STALAG 357, was sent to Geneva in December. It is assumed that prisoners in STALAG XX-A and OFLAG 64, have been moved in the same manner.

The two camps nearest Torun held chiefly British prisoners, but OFLAG 64 contained at least a thousand Americans. A number of other large camps for British and Americans lie in the path of the present advance.

Red Cross officials state that confusion undoubtedly prevails in the hurried attempts to move large bodies of men who have first to be collected from work detachments widely scattered from the base camp.

It is known that much hardship was suffered by British and American airmen who were moved last summer from STALAG LUFT VI through northern Prussia to STALAG LUFT IV. These men will probably now have to be moved again.

Provision has been made to send emergency Red Cross supplies to camps in Germany where the men may be taken and also to supply those who may be liberated by the Soviet armies.

Mr. and Mrs. John Y. Long of Del Rio visited here Sunday in the home of Mr. and Mrs. John Harrison. They are parents of Mrs. Harrison.

Mr. and Mrs. R. V. Raney and son, Sam, were business visitors in San Antonio during the past week-end. They were accompanied home by their daughter Miss Virginia Ruth, who completed her school work at San Marcos Academy last week.

ADDITIONAL HELP NEEDED WITH RED CROSS SEWING

Mrs. J. W. McKee, county chairman of the American Red Cross, has requested an announcement be made to the effect that additional help is needed in the sewing room at the courthouse for making hospital garments and kit bags.

In making the announcement Mrs. McKee stated that those who were unable to sew might contribute toward the fund needed for filling the bags. This donation would be considered as a part of the production and not as a regular Red Cross donation as the money would go entirely for purchase of items to be placed in the kit bags.

Annual Livestock Show In Pecos Co. Scheduled For 23-24

Five Classes of Stock to Be Shown By Feeders, Breeders

The Sixth Annual Pecos County Livestock Show will be held at Fort Stockton on February 23 and 24, 1945. It is expected that this show will present the largest number of registered sheep breeders to meet at a spring show anywhere in the United States.

Five classes of stock will be shown. The 4-H Club members will show beef calves, fat lambs and registered sheep. The adult breeders will show registered sheep and range rams.

At the present time, there are approximately 250 registered sheep being fitted by the adult breeders and 75 by the 4-H Club members. Eight beef calves and 160 fat lambs are also being fed by the boys and girls in anticipation of this show.

The beef calves will be awarded prizes for first, second and third places. Five ribbons and prizes will be awarded for the boys' and girls' ewes and rams, and two prizes will be awarded for the lamb flocks.

In the adult breeder's show, five ribbons will be awarded in each of the following competitions: Ram lamb, ewe lamb, 2 tooth ram and ewe, 4-6 tooth ram and ewe.

Substantial awards will be made for the champions and grand champions of the show.

The show is planned to start at 2 p. m. Friday and will end Saturday at noon. On Saturday there will be an exhibit of range rams, 2-6 tooth class. These rams shall have served one season as a breeding ram and must not have received more supplemental feed than range rams usually receive on their home ranges. The judging of this class will be by ballots which will be distributed to all ranchmen present who produce sheep and wool for a major part of their income. These ballots will be counted and the winner will be determined by a majority vote. The class will then be judged by the official judge of the show and his comments will be made public.

Mrs. S. H. Underwood is hostess to Friday Bridge Club

The Friday Bridge Club was entertained by Mrs. S. H. Underwood on club day last week. High score prize was won by Mrs. Horace Fletcher, Mrs. Roger Rose was winner to second high and Mrs. Herbert Buchanan received consolation.

The hostess served a salad hot rolls, pie and coffee to the following: Mesdames W. W. Sudduth, John Green, Jim Kerr, Walter Grigsby, Herbert Brown, Roy Bogusch, Mary Lou Kellar, Hugh Rose, Austin Nance, Roger Rose, Fletcher, J. D. May, Ted Baker, Buchanan, P. P. Courtney and J. A. Mullins.

Coronation of Football Sweetheart To Be Held Friday

Miss Betty Sue Yeates To Reign With Allister Dishman Named King

Miss Betty Sue Yeates, daughter of Mrs. Mabel Yeates, will be crowned as football queen Friday evening, February 16, at 8:00 o'clock. The coronation is to take place in the high school auditorium and Allister Dishman has been named as king.

A duke and dutchess from each grade in school will assist with the coronation, and a program of sports will be presented for the entertainment of the queen and king. This program is scheduled as one of the biggest events on the calendar for the entire school year.

Previous to the coronation a cake walk will be held beginning at 7:00 o'clock so that it will be completed in time for the crowd to go to the auditorium at 8:00.

INFANT DAUGHTER OF N. H. THORNS DIES IN ANGELO

Lanoy Faun Thorn, the two-weeks-old daughter of Mr. and Mrs. N. H. (Fritz) Thorn of Sanderson, died Saturday afternoon in a San Angelo hospital after becoming ill Friday.

The body was carried to Menard Saturday where funeral services were conducted Sunday afternoon at three o'clock. Burial was in the Menard cemetery.

Mrs. Thorn had been critically ill, but had improved and she and the baby were removed from the hospital and were thought to be getting along fine. The baby became ill Friday and was returned to the hospital, dying the following day.

Besides the father and mother the baby is survived by a sister, Lois Fay, the paternal grandfather, W. B. Thorn of Kerrville, and the maternal grandparents, Mr. and Mrs. W. T. Cox, of Menard.

Mr. and Mrs. Walter Thorn, an uncle and aunt, and Ray Turner of Sanderson, attended the funeral services Sunday.

CAR INSPECTOR RETIRES AFTER 28 YEARS SERVICE

W. C. Durbon, car inspector for the T&NO here in Sanderson for almost 28 years, announced Thursday that he had retired from service effective Wednesday, and that he planned to go to Sonora where he will make his home for the present with his daughters, Mrs. Robert Doran and Mrs. Pete Doran.

Mr. Durbon stated that he came to Sanderson in 1917 with the intention of going into the ranching business in this section. Instead he went to work for the railroad and has been employed in Sanderson during the entire time of his service.

Born and reared at Utopia, Uvalde County, Mr. Durbon had made his home for a time in Medina County before moving to Sanderson.

Mr. and Mrs. O. J. Cresswell spent from Tuesday until Thursday in San Antonio on business.

Mrs. D. O. Bosworth returned Tuesday from San Marcos where she has been with her daughter, Mrs. M. R. Williams, and little grandson. She stated that both Mrs. Williams and the son were doing fine.

Mr. and Mrs. C. E. Clymer, Mrs. J. F. Sessoms and M. T. Hill visited in Del Rio Tuesday where Mr. Clymer was taken for medical attention. He and Mrs. Clymer returned to Del Rio Wednesday afternoon and will remain there several days while he is receiving treatment.

BARKSDALE RANCH HOME LOST IN FIRE MONDAY MORNING

Roy Barksdale's headquarters ranch house near Dryden was burned to the ground and his mother, about 97 was badly burned about the face and hands early Monday morning.

Mrs. Barksdale was at the house with a Mexican woman when her son left about 5 a. m. to take a train for Del Rio. The house had about seven rooms and was a frame structure.—Del Rio News-Herald.

CEILINGS ON LIVE CATTLE WILL HOLD CURRENT PRICES

OVER-RIDING CEILING PERMITS SALE BY FEEDERS

Placing ceilings on live cattle will make it possible to hold meat prices rigidly to present ceilings, says Price Administrator Chester Bowles in a statement received by the A and M College Extension Service giving primary reasons of this action. "Only by fixing producer ceilings could black markets be checked and retail prices held firmly," it explains.

When "choice" cattle prices moved up to \$17.95 at Chicago, the statement continues, many legitimate packers lost money selling the beef at ceiling prices. They continued slaughter of such cattle only to meet the needs of their most valued customers. Ordinary retailers found supplies reduced or cut off unless they patronized the black market. But if they did that they had to charge above the ceiling prices for beef.

To meet the situation OPA recommended, and Economic Stabilization Director Fred M. Vinson approved, a five-point program. In substance the plan provides an over-riding ceiling of \$18 a hundredweight, Chicago basis, through June 30 next to permit feeders to dispose profitably of cattle now feeding in lots. From July 1 onward it will be \$17.50.

Maximum prices and subsidy payments for "choice" cattle will be increased by \$1. The minimum in the "stabilization plan" range will be increased by 50 cents. After July 1, the \$1 increases in maximum prices and subsidy payments will be reduced to 50 cents. The minimum then will be reduced by 50 cents to present levels. Maximum prices and subsidy payments for "good" cattle will be increased by 50 cents and continue after July 1, 1945.

The approved program makes it a violation of price regulations for a slaughterer to pay more for live cattle on the average during any month than the revised maximum prices he is permitted to pay under the subsidy price schedule. At the same time black marketers will be banned from bidding the prices of "choice" and "good" grades of cattle above legal ceiling prices.

Through this plan, Mr. Bowles says, retailers as well as wholesalers will be helped in obtaining their rightful shares of all grades of beef at prices which will allow them to sell profitably at ceiling prices.

Clyde F. Smith of Fort Stockton was a business visitor in Sanderson Saturday of last week.

Mr. and Mrs. Ed Byrd of Dallas visited here last week in the home of her brother and family, Mr. and Mrs. Jack Ward. The Ward's children, Wanda and Sharon Kaye, returned to Dallas with them for several week's visit.

Mr. and Mrs. Jack Ward returned Tuesday from Del Rio where Mrs. Ward had been in a hospital for several days.

COUNTY COMMITTEE MUST APPROVE AAA WORK TO BE DONE

NO COMPENSATION FOR PROJECTS NOT GIVEN APPROVAL

Ranchmen who plan conservation practices to be carried out on their ranches for which they expect payment from the government are warned by the local AAA office that they must receive written prior approval from the county committee. If this written approval is not secured no payment can be made after the practices are completed.

Practices for which prior approval must be obtained include construction of standard or spreader terraces, construction of earthen dams or reservoirs, construction of concrete or rubble masonry dams, drilling wells, installing pipe lines, contour furrowing, elimination of pricklypear, cactus, lechguilla or other destructive plants and others.

Miss Edith Cameron, local administrative officer, urges that all ranchmen who plan to carry out any of these practices obtain the prior approval so that payment for work done this year may be secured.

W. B. LOCKE RITES ARE HELD IN SAN ANTONIO SAT.

Funeral services for William Barton Locke, 66, were held Saturday afternoon at 2:00 o'clock from the Denver Heights Church of Christ in San Antonio, and were conducted by the Rev. C. A. Wilson. Mr. Locke died Thursday at his home there. Interment was in the Sunset Memorial Park.

Survivors include his widow Mrs. Robbie R. Locke, sister of the late W. E. Stirman of Sanderson, and a sister, Mrs. Roy Harrell of Sanderson. He is also survived by three other sisters and three brothers, as well as several nieces and nephews.

Mr. Locke visited in Sanderson often in the past and has many friends and acquaintances here.

War Production Board Exempts Area From "Brownout"

New Ruling Is Effective Until June 30 This Year

The War Production Board Saturday exempted five areas of the country including the Pacific Northwest and most of Texas from the nationwide "brownout" of outdoor illumination starting February 1. WPB's action was based upon determination that application of the exempted areas will not reduce consumption of coal or other scarce fuels in accordance with the purposes of the order.

The exemption in Texas covers the entire state except for all or parts of 18 counties served by Southwestern Gas & Electric Company and systems served by it. It is effective until June 30, 1945.

The local office of Community Public Service Company has been advised by company officials that as a result of the WPB's action its customers in this area are exempt from provisions of the "brownout" order for the period specified above.

Mr. and Mrs. R. E. Corder and daughters, Misses Billie Jo and Mickie, left for San Antonio where Miss Billie went for optical work and Miss Mickie entered Trinity University. Mr. Corder returned Tuesday and Mrs. Corder and Billie planned to return today.

GOVERNMENT REBATE

Excess is a bad thing; everybody is against it. Everytime the word is mentioned it brings up recollections of paying excess baggage on a trunk, or recalls some friend whose doctor has warned him against excess fat or excess sugar. "Excess" always makes you think of something that's fine in moderation but very bad, dangerous, sinful maybe, if there is any extra.

It would have been a good thing for the United States and everybody in it, if the man who first said "excess profit," had used a term that meant exactly something. Excess baggage is everything over 150 pounds, of course, and doctors know precisely what excess fat or excess sugar is when they find it, but what is excess profit? Who knows what it is? Quite often it is the unfair use of an ugly word.

Taxed at 95 Per Cent

There is such a thing as excess profit, without a doubt; easier to recognize than define. What the government calls excess profit however, may not always be too much. I think everybody has a right to know just what it is that corporations earn and then have to pay 95 cents out of every dollar back to the government in a special tax. Consider this:

The war choked out a few firms completely, but a majority kept going and soon found their sales swollen by war conditions. Costs increased too but, even so, most of them are making much bigger profits annually before taxes than they did in a good average year of business before the war. The 1940 tax laws calls profits "excess" if they are greater in any one year than the average annual profits of 1936 through 1939.

Along with increased costs, born of war, many big corporations enjoy economies also incidental to war. Costs can usually come down with greatly increased volume, and many manufacturers are selling everything they make to the government as fast as they can make it. Some are relieved entirely of sales expense and kindred expenses like merchandising, warehousing, deterioration, etc.

Business establishments with government contracts do not offer much protest against a stiff tax on war profits. Business men are able to see sense in it. They have generally given liberal discounts to big-volume buyers whose orders keep plants busy and unit costs down. Government is always a close buyer; price cuts to government departments are certainly nothing new.

Excess Prices Next

Technically, the excess profits taxes that corporations pay now are not price concessions because the firms actually get the money and pay it back later. It is almost precisely a rebate to the government for big purchases. The only difference is that our excess profits tax is a law. War contracts are worded to cancel themselves the day war ends, but the tax law has to be replaced by Congress.

If our 95 per cent excess profits tax law is not amended to end with the war, American manufacturers will have to keep on rebating the government after the government quits buying. Selling and warehousing cost will return; there will be no big-customer savings to divide with anybody.

If manufacturers give government 95 per cent of any part of post-war profits, they must hike prices. That will be an "excess" really, and the whole burden of it will fall on us average consumers. We can only protect ourselves by having proper tax legislation created now, to go into effect as soon as the war ends.

This Week — Remember

February 1, 1935

Plans and specifications for black-topping approximately six miles of Highway No. 99—from Lozier Canyon Bridge to the Terrell County line—were completed this week by Messrs. Lason and Pearce, resident highway engineers, and were forwarded to the commission at Austin this week for approval.

Seven eclipses are scheduled

for 1935, five of the sun and two of the moon. Two of them will be total—both of the moon. One occurs on January 19, invisible in the U. S., the other on July 16, visible in most of the U. S.

Work was started last week on the building of sidewalks in the business section of Sanderson. The project is under the auspices of the Texas Relief commission, who furnishes the labor, the property owners furnishing the material for building the walks.

Following several days of cloudy weather, with heavy fogs early in the morning and at night, rain commenced to fall about noon Thursday with indications that it would not let up for several hours at least.

Mrs. J. W. McKee returned Tuesday night from a visit in San Antonio with her daughter, Mrs. T. Maxey Hart.

Mrs. John Whistler and grandson, John Lewis Whistler returned the first of the week

from Deming, New Mexico, where they had been visiting Mrs. Whistler's daughter, Mrs. Buster Edwards.

Mr. and Mrs. J. H. Hayre left Tuesday night for El Paso where they are visiting in the home of Mrs. W. R. Qualtrough.

Mr. and Mrs. James House and family returned Tuesday from Carrizo Springs.

R. M. Gant was a business visitor in San Antonio several days this week.

William Lea, who is attending Sul Ross college, Alpine, visited here this week-end with his parents, Mr. and Mrs. W. E. Lea.

WITH OUR
NEIGHBORS

Monahans News — Mr. and Mrs. Ollie Bruton will hold the formal opening of their new store Saturday, beginning at 10:30 in the morning and closing at 9:30 in the evening.

The new home of the Bruton's Jewelry store has just been completed and is located next to the Palace Theatre. The building is of fireproof brick over tile construction of ultra modern design, permitting attractive displaying of jewelry and other merchandise. A feature new to West Texas is the introduction of "across the

street" display windows below the regular display windows.

The public is cordially invited to attend the formal opening Saturday and to thoroughly inspect the new store.

Wink Bulletin—The entire Winkler County Commissioners Court—County Judge J. B. Samon and Commissioners J. A. Slaughter, L. B. Eddins, Gene Crutcher, and W. K. Wharton—went to Austin the first of this week, and conferred with members of the Texas Highway Department in regard to proposed highways in this county.

The road west in Winkler County toward Red Bluff—the short-cut pipeline route to El Paso—was also discussed briefly. Chief engineer Greer of the State Department said this was included in future development plans, but saw little hope of its realization within the next few years.

The Fort Stockton Pioneer—The Sixth Annual Pecos County Live Stock Show will be held at Fort Stockton on February 23 and 24, 1945. It is expected that this show will present the largest number of registered sheep breeders to meet at a spring show anywhere in the United States.

The show is planned to start at 2 p. m. Friday and will end Saturday at noon. On Saturday there will be an exhibit of range rams, 2-6-tooth class. These rams shall have served one season as a breeding ram and must not have received more supplemental feed than range rams usually receive on their home ranges. The judging of this class will be by ballots which will be distributed to all ranchmen present who produce sheep and wool for a major part of their income. These ballots will be counted and the winner will be determined by a majority vote. The winning ram will then be judged by the official judge of the show and his comments will be made public.

Big Bend Sentinel — No convention of the Texas and Southwestern Cattle Raisers Association will be held in March, 1945, according to an announcement received by Joe C. Mitchell, one of the directors.

The calling off of the annual meeting, which was to have been held in San Antonio, is in line with the recent directive of the War Mobilization Director that organizations be requested not to hold conventions or meetings during the war emergency.

Why Thousands of Doctors
Have Prescribed
**Pertussin FOR
Bad Coughs**
(DUE TO COLDS)

For years—thousands upon thousands of Doctors have prescribed Pertussin to promptly relieve bad coughs due to colds. Today you can get this same effective Pertussin at any drugstore.

Pertussin—a famous herbal remedy—is scientifically prepared to work internally. It acts at once not only to relieve your coughing spell, but also to loosen sticky phlegm.

Pertussin is safe and mighty effective for both old and young. Inexpensive. Pleasant tasting!

AT THE PRINCESS—

FIBBER MCGEE AND MOLLY
HAVE IT IN WASHINGTON

Co-starring Fibber McGee and Molly, RKO Radio's "Heavenly Days" is the third comedy in which this famous radio team has appeared. Its sparkling plot concerns a search for the average man, Fibber's determination to be heard politically and the pure cussedness which besets their efforts to be helpful. This comedy will be shown at the Princess Theatre Sunday and Monday.

At the McGee home in Wistful Vista, Fibber is persuaded that it's his duty to accept the invitation of his big-shot cousin in Washington, Alvin Clark, to come to the Capital and help him with an important national project. En route to Washington Fibber and Molly encounter Dr. Gallup, of Gallup Poll fame, and sell him on the idea of conducting a nation-wide search for the Average Man.

The McGees arrive to find the Clarks have been called out of the city. During their absence, Fibber, urged by a pair of newspaper reporters, creates a turmoil by addressing the Senate on what the Average Man wants, and in consequence finds himself disgraced when the Clarks return. Fibber and Molly return to Wistful Vista, to learn that as a result of his Congressional exploit, Fibber has won the Average Man poll.

Crammed full of the down-to-earth comedy that these two stars home made so famous "Heavenly Days" incorporates several hilarious dream sequences into its rib-tickling plot, as well as a gay romance between

the two reporters. The Washington settings are unusually elaborate, while the McGee home in Wistful Vista is a picture of their home on the radio.

Eugene Pallette heads the featured cast as a pompous Senator, and Gordon Oliver and Barbara Hale have the romantic leads, with Raymond Walburn as a small-town politician, and Don Douglas playing the part of Dr. Gallup.

Howard Estabrook directed the film from the screenplay on which he collaborated with Don Quinn. Robert Fellows produced.

ACTION-PACKED EPIC STARS
**DON AMECHE, DANA
ANDREWS, WILLIAM EYTHE**

From out of the glory of the smashing victories our Navy flyers have won in the Pacific... from the hearts of the gallant men whose home is a flat-top, and whose flaming courage and daring exploits have thrilled the nation... comes the screen's first great drama of our carrier force in action—"Wing and A Prayer—The story of Carrier X."

The thrill-packed epic of an expendable aircraft carrier,

featuring Don Ameche, Dana Andrews, William Eythe, Les Bleckford and Sir Cedric Hardwicke, opens Wednesday and Thursday, at the Princess Theatre.

In the tradition of "Wing and A Prayer" which paid stirring tribute to our overseas flyers and "Guadalcanal Diary," rousing salute to our men in uniform, "Wing and A Prayer—The story of Carrier X" relates the deeds of the men who were wrecking havoc and vengeance on the Japs from mighty flying air bases.

The film tells the story of unidentified aircraft carrier... (Continued to page 3)

IT'S ALWAYS SUMMER
IN YOUR KITCHEN

Your Electric Refrigerator Needs Year Around
Good Care to Make It Last

Don't neglect the care of your electric refrigerator just because it's wintertime. Remember, it's always summer in your kitchen. Follow these tips on the care of your refrigerator for longer life and more economical service:

- Defrost whenever frost reaches thickness of one-quarter inch. Frost acts as an insulator—increases operating expense.
- Wash inside of refrigerator, including freezer—with weak baking soda solution each time you defrost.
- Wash grease from door gasket periodically with mild soap and warm water. Make sure gasket seals tightly.
- Protect outside finish with coating of thin wax to protect against scratches and acids.
- Remove dust from condenser coils occasionally with soft bottle brush or hose of vacuum cleaner. Keep entire unit compartment clean.
- Do not store hot foods. Let them cool first.
- Cover all liquids. Moisture drawn to freezing unit speeds formation of frost.
- Keep cold control at lowest setting necessary to assure safe temperature.
- Oil open unit models per manufacturer's instructions. Sealed unit models need no oiling.

At least once each year, have a qualified serviceman check your refrigerator to see that it is in good operating condition mechanically. An ounce of prevention is worth a pound of cure.

Preparation of meat for the table is one of the oldest of the household arts. Methods of meat cookery have been handed down from one generation to another.

Within the past quarter century, however, intensive studies carried on at colleges and the U. S. Department of Agriculture have revealed new information showing how to prepare meat so as to bring out its full goodness and flavor. This in-

formation has taken the guesswork out of meat cookery and put it on a scientific basis.

Fundamentally, there are only two principles involved in cooking meat: (1) Dry heat and (2) moist heat. Tender cuts are cooked by dry heat methods—roasting, broiling and pan-broiling. The less-tender cuts are cooked by moist heat methods—braising and simmering (cooking in water). A few cuts also may be cooked by frying.

Meat cookery studies have revealed that no matter what method is used, best results are obtained with a low temperature. Among the advantages of low temperature cookery are a decrease in cooking losses, more servings, and a more tender, juicier and more palatable meat dish.

The cuts of beef, veal, pork and lamb and the variety meats suitable for each method of cooking are listed in the table above.

SNOOPER

Sees Nothing—
 Hears Nothing—
 Tells All

It looks as though Johnny is trying to get every body's girl. That's too much Johnny. Wilma and Dudley sure do make a cute couple.

Where were you last Thursday night, J. M.? Clyde has the blues since Diana left.

Why was Temple in such a hurry to get Ora Mae? Monte and Hazel weren't doing so bad the other night.

Everyone had a swell time at Marilyn's, that is, nearly everyone! Poor Joan, tough luck.

Hazel who is it that you want Monte, Harvey R., or John L.? Buddy Mc and Doris Duke were having a swell time at the party Sat. night.

Where was Bill Sat. night, Jeanette? Harvey and Marilyn don't seem to find any bumps on the road of romance. Nice going kids.

Cecilia and Willie were seen together a lot at the party. Doris Mc and Bosco were having a swell time at the party. But why did Bosco insist on playing "Cross Your Heart".

Billie was dividing her time between Curtis and Hut Sat. night. Which one is it Billie? Ora Mae, do you know why Temple kept leaving the dance? Joan, was it exciting to be carried by Al? That would have been enough to make a person swoon.

Betty Pearl and Sammy are really a couple of love birds aren't they "kids"? Wasn't there a mistake in last week's paper? Snooper knows Cecilia and Johnnie don't go together.

We wonder what was wrong with Carolyn at Ora Mae's dance

and afterwards . . . Was she mad because Jimmie ran off on the car with a certain sophomore girl?

Snooper thinks Harvey Rogers was mad the other night because John L. was dancing with a Hazel a lot.

It seems as though Carolyn was with Jimmy Davis Saturday. You should have seen the different shades of lipstick Sat.

William Sutton could not make up his mind Saturday between June, Joyce and Wilma Northcut. Where was J. M.? William was seen with Wilma Northcut at the church social and walking her to the drug-store holding her hand. Where IS J. M.?

Why were Alice and Al mad at each other Saturday night? It must not have been important because they got together again.

Everyone had a good time at the dance Saturday night. It seems like everyone is taking a fainting spell lately.

Birdie we hear you had a good time in San Antonio last week. My, my, such sweet notes from Johnnie!

We were certainly glad to see Slop at the farewell party given for William Sutton.

Where were Jimmie and Willie Thursday night? Hazel, you were a little sushed Thursday weren't you?

Harvey R. is back home in uniform now. He seemed very interested in Betty Mc's friend. Bado what have you and Jeanette been arguing about lately?

Violet, who are you so interested in who rides on the bus? Charles don't take it so hard. Mary Nell was only sitting in the car. She didn't go riding.

Hazel you better look out. Joan is getting along "okey" with Johnnie.

We hear that Dorislee got "murdered in the dark" at the party the other night. Gee! Don't tell us Betty Jo and Joyce are making a cute twosome these days.

ASSEMBLY PROGRAM

"The Rhythm Wranglers of the S. H. S. Ranch" was presented by the seventh grade in an assembly program last Friday. The songs sung were: "Where the Mountain's Meet the Sky", "What a Jolly Life Has the Cowboy" and "Cowboy's Dream".

Richard Lee Turner and Barbara Anderson, in Spanish costume sang and danced "La Curcuracha".

Six of the seventh grade girls sang "Let the Rest of the World Go By". Marilyn Mansfield sang "Don't Fence Me In", and then the scene was cosied by the group singing "Ridin Down that Old Texas Trail".

Everyone enjoyed this program very much. Both of the programs presented by the seventh grade this year have been enjoyed and appreciated by both the students and the visitors.

WE APPLAUD
 We applaud Clara Alice Bell, Jeanette Cobb, Mary Nell Gates, Hazel Babb, Hazel Bergman, Jimmie Davis, Billy Carter, Clyde Griffith, Marjorie Jessup, J. M. Harrell, Betty Ann Peavy, Betty Jean McMillan, Joan Anderson, Noel Stirman, Doris Hill, and Wilma Northcut, that faithful crew of workers who are always on the job. They get accused of laziness, blindness, dumbness, and deafness. They give of their time generously and without thought of recompense. They search high and low in order to fill our requests, often at the expense of moments of personal need. Yes, you have guessed it, our student librarian who—even as you and you—have lessons to prepare and papers to write. Think of them—speak kindly to them—cooperate willingly with them.

ORCHIDS TO—
 Miss Brieger, Mary Agnes Frazier, Joan Anderson, Ora Mae Blackwelder, Dorislee Cooke, and Doris Duke for their inspirational song at the Baptist Church last Sunday.

Local townspeople who have given such generous advertisements to the "El Aguila" staff. To the girls and boys who

worked for the March of Dimes. To the "small but faithful" crowd of basket ball and volleyball fans who never miss a game.

To Mrs. Grigsby and her students for a colorful and entertaining assembly program.

To student librarians for excellent service at the loan desk. Sid Surrat for films for the Annual Staff.

Mrs. Judge Wilkinson for a book donation.

FIFTH GRADE NEWS
 Herbert Saegert, Barbara Rose, and Mary Wolfe are on the honor roll for the last six weeks. The only one on the Semester roll was Herbert.

At our last club meeting each member told something about the thing in which he was most interested. The most popular subject was vacations.

Barbara's aunt, Mrs. Sutton is visiting in the Rose home this week. The girls are greatly interested. (Continued to page 4)

AT THE PRINCESS

(Continued from page two)

which, in the early days of shock and confusion following Pearl Harbor, was sent into the Jap-infested Pacific and marked as expendable. Ordered to sea with order to avoid combat—to run away and not fight back—this bewildered and frustrated force of Navy flyers are forced to take everything the Japs can throw at them without retaliation because they were setting a trap. With the strategic trap for the Japs set, and the orders to avoid combat rescinded the day of revenge for Carrier X arrives. How that revenge is won at the historic Battle of Midway makes for the most thrilling climaxes ever to blaze across the screen.

"HAIL THE CONQUERING HERO" PACKS A GENUINE LAUGH-A-MINUTE

The shenanigans at the Princess Theatre where Paramount's "Hall the Conquering Hero"

opens, Friday and Saturday, February 9 and 10, brought back fond memories of the "Miracle of Morgan's Creek."

The genius of writer-director Preston Sturges, responsible for both productions, established him as the foremost exponent of this type of comedy in Hollywood. He has the inimitable Eddie Bracken back in the starring role with William Demarest as ace fun-maker once again. The combination leaves audiences limp with laughter as the action hits a mile-a-minute pace at the start which brings a fast tempo when the complications really pile up.

The story deals with a colossal fraud. Bracken, discharged from the Marines because of hay-fever, meets up with the toughest top-kick in the service, Demarest who's accompanied by five other marines home on furlough. Eddie's tale of woe spurs his newly found "buddies" into action. They find he's ashamed to return home because of his poor service record—afraid his mother and friends will regard him as a failure.

Demarest immediately takes charge of the situation, outfits Bracken in a uniform laden with medals, and forcibly deposits the groggy lad right in the center of town where a brass band, the mayor and big-wig citizens await his arrival. Waiting, too, is Ella Raines, the girl Eddie left behind, now engaged to the mayor's son because the disappointed marine wrote her to forget him. Local citizens boom Bracken for mayor against Raymond Walburn whom the local gentry feel is fleecing the public.

Even this unlooked for en-

We have an ample supply of pre-war Shampoos and Tonics for proper care of your hair.

Jake's Barber Shop
 Jake Brookshire

tanglement doesn't phase Demarest though the new candidate wants to jump off the highest roof in town to escape the disaster which he feels will surely follow. Sure enough the hoax is discovered by the opposition's astute campaign manager and the masquerade is ended. Eddie confesses to his followers, but they back him more strongly to provide a happy ending—Eddie gets the girl, too.

If ever a motion picture kept an audience in one continuous uproar of laughter, "Hall the Conquering Hero" is it! Preston Sturges wrote it for laughs, directed it for laughs and the net result is a howling good comedy from beginning to end.

UNITED STATES SAVINGS BONDS

Farmers To Receive Approximately Same Amount Equipment

Ninety Percent of Production to Go To American Users

During the 1945 crop year it is expected that American farmers will obtain approximately the same amount of new farm machinery and attachments as they did in the previous year and nearly \$20,000,000 more in repair parts, the Office of War Information said today in a report on farm machinery production and distribution. The supply probably will not meet greatly expanded demands.

Data for the comprehensive report were supplied by the War Food Administration, War Production Board, Bureau of Agricultural Economics and the Foreign Economic Administration.

Highlights of the report follow: Approximately 90 per cent of the new farm machines (tractors) rolling off assembly lines in the United States during the 1945 production year (July 1, 1944, to June 30, 1945) will be available to American farmers.

Approximately 10 per cent will go abroad—approximately 7 per cent in commercial exports, and 3 per cent through Lend Lease according to the Foreign Economic Administration.

For the 1945 production year farm machinery companies have scheduled slightly more production in dollar value—a total of \$697,000,000—of new machines repair parts and attachments for domestic and foreign use than they had in 1944, WPI reported.

The 1945 production program is divided as follows: \$455,000,000 for new machines; \$204,000,000 for repair parts and \$388,000,000 for attachments. This compares with scheduled manufacture in the previous production year (1944) when the total was \$682,000,000. The 1944 total included: \$465,000,000 for new machines; \$185,000,000 for repair parts and \$32,000,000 for attachments.

As long as the war continues, farmers will not be able to buy as much new farm machinery as they will need in order to maintain their facilities at greatest efficiency, the War Food Administration reported.

WFA said that in 1945 supplies of new farm machinery, even if manufacturing schedules are met, will not meet essential demands. No more new tractors, side delivery rakes, combines or other haying and harvesting machinery will be available during the 1944 crop year.

Because emphasis is on military production, no action has been taken on the supplementary farm machinery production program as submitted by WFA to meet farm machinery needs that had developed among American farmers after the present production schedules were set, WFA reported. Current problems of farm machinery manufacture are indicated by the fact that for the first quarter of the 1945 production year (July, August and September, 1944) production of new farm machinery, exclusive of wheel tractors, repair parts and attachments, was approximated, 25 per cent behind schedule, according to the War Production Board.

have they had fun with those blocks!

Amie Ruth had her birthday party in her home last Sunday. Everyone who went to the party enjoyed it very much.

Unit A of the Future Home-maker's Club met Friday, January 26 at the regular class period. Late March was chosen as the time for the club picnic. The club members will collect games and cards to send to Red Cross Hospitals. The program was doing handwork.

The high school welcomes Mrs. Berta Clark Lassiter who came in at mid-term as teacher of Spanish II, English I, and Eighth grade History. Mrs. Lassiter will also continue her duties as Principal of the Lamar Ward school.

CAN YOU IMAGINE—

Clara without tape on her? Joan with out feathers in her hair?

Mr. Holley not trying to do at least four jobs at once?

Hazel Bergman not studying? High school without athletics or assembly?

Virginia Byrd in a hurry? Harvey Nessmith without a grin?

Francis laughin loud and long? A study hall without a show-off?

Al without polite manners? The Sophs not trying to act "so sophisticated"?

Miss Brieger unprepared for any program? Mr. McMillan raising his voice in anger?

Jeanette Cobb not being asked to play the piano? Saturday night without a party?

Betty Jo looking anyway but perfect? Mary not smiling her sweet smile?

Buddy not going to sleep in a class? Ora Mae and Temple without notes to pass?

Birdie without wolfish attitude? Carolyn without her pretty blue eyes?

Robert Joe without Betty Sue? Freshmen girls not swooning over upper classmen?

Robert Joe making a huddled on an Algebra exam. (News flash—he did!)

Clara without a cute figure? Bado never getting in dutch with his teachers?

★ TERRELL COUNTY HEROES ★ ☆☆ IN SERVICE ☆☆

JOE ROSS PHILLIPS

Was born February 19, 1924, at Junction, Texas, the son of Mr. and Mrs. Bob Phillips. From his birthplace he moved with his family to Sheffield, then to Del Rio and finally to Terrell County in December of 1939. He attended school at Sheffield, Junction, Del Rio and Sanderson, graduating at the latter place at mid-term of 1943. Joe Ross was employed with the fire department in Del Rio at the time of his induction into the Army, reporting to Fort Bliss in April of 1943. He received infantry training at Camp Wolters, Texas, and at Fort George G. Meade, Maryland, and was stationed in New Jersey when he shipped for overseas duty in June 1944. He landed in England the same month and has seen action in France, Belgium, Holland, and Germany, taking part in the battle of Aachen. Joe Ross is a staff sergeant serving with the 30th Division, 119th Infantry of the 1st Army, and at present is somewhere in Germany. He holds the Purple Heart, Good Conduct Medal, and Expert Rifleman's Medal.
