SANDERSON, TEXAS, FRIDAY, MARCH 30, 1945

NUMBER 5

FROM TEXAS TO TOKIO

John Lewis Whistler, seaman second class, U. S. Navy, writes that he has recently been out on a firing range firing big guns. Whistler stuffed in his ears a cotton ball to keep the noise from driving far into his ears by the reports of the guns, and he had a hard time getting it out. Lewis has completed his training as a gunner. He is stationed at Treasure Island.

Harvey Rogers, U. S. Navy, left here Saturday to report to Fort Ord, California, his new station. He will visit his wife, Clarence Rogers, and his mother, Mrs. Rogers, in Los Angeles before reporting for duty.

Henry Mansfield, U. S. Navy, left Sunday to report to a new station at Camp Beale, California. He has been based at Abilene. Mrs. Mansfield will remain here in Sanderson.

Leatherwood, gunner's mate third class, U. S. Navy, received his ship assignment according to a letter received here from him by his sister, Mrs. W. Cook. Ed is now on the U. S. S. Hayden.

W. T. Frazier, fireman first class, U. S. Navy, writes on March 16 in a letter received here Tuesday by his mother, Mrs. Tip Frazier, that he has been four times and run onto the boat he knew at Pearl Harbor. Wednesday Mrs. Frazier received a letter from him dated March 18, telling her that he had another boat to finish building a sailboat they had been working on since Christmas. It has mahogany seats, a sail made out of a parachute, a mast, twenty-one feet high made out of an old radio aerial and telescoped. The boat is painted blue on the inside, white sides, and a red bottom. It is named "Twila" and numbered 125.

Kenneth Litton, USMC, called his sister, Mrs. Mabel Litton, on Tuesday and told her that he would be home in four to five days. First he will visit his sisters in Los Angeles, Mrs. A. Giacomini and Mrs. P. H. Luddy. Kenneth will have a five day leave; Pensacola, Florida, will be his new station hereafter.

Mrs. Yeates received a wire Wednesday from Curtis Yeates, radioman third class, which promotion he received the first of March, telling her that he will visit his brother, Kenneth, soon.

Raul M. Aguilar, U. S. Navy, stationed at Camp Fanning, Texas, has been made an acting squad leader at the Infantry Replacement Training Center there. A member of Company A, 57th Battalion, 12th Infantry Regiment, Private Aguilar's leadership ability won him recognition in his basic training cycle and he now leads a twelve men in his squad during field maneuvers. Raul is the son of Mrs. Rebecca M. Orin, a local resident.

Promoted to the rank of sergeant in February, Sam Bell, USAAF, was on March 17 made a staff sergeant according to word received here by his mother, Mrs. Sam Bell. Serving in the Eighty Air Force, Sam has participated in many raids since he landed overseas in England. At one time quite recently a crew was about sixteen miles from the Russian lines. Their ship has participated in raids on the German naval base, Wismunde, Heilbronn, Copenhagen, Neckarsulm, Ulm, and Augsburg, the latter all near Stuttgart and Munich.

M. G. Northcut, Jr., U. S. Navy, was recently promoted from seaman first class to petty officer third class. He writes that he is in the Pacific where "an is-

THIS MEANS YOU—

The 1945 Red Cross War Fund quota for Terrell County is \$3,100.00. On Wednesday afternoon donations stood at \$2,000.00.

All around us counties are meeting and passing their quotas. Brewster County had raised \$8,111.29 last Friday, oversubscribing its quota of \$5,300.00 by nearly 33 1-3%. Pecos County reached its quota of \$4,900.00 the first week end of the month. Last Friday the total had grown to \$7,681.00. The same day Uvalde and Real Counties had oversubscribed their quota of \$9,400.00 by \$3,489.43, making a total of \$12,889.43 in donations. Presidio County, with a quota of \$11,796.53 set for it, had raised \$10,024.44 of the amount last Friday.

The war isn't over yet. How could the people of Terrell County help knowing it? Your sons and brothers and husbands and friends are still overseas, pushing through mud and snow, wind and sand, over hills, through undergrowth, across fields, into enemy-held towns and cities, tired and dirty and hungry and cold, sweating and bleeding and winning a war, fighting and dying for you.

Maybe you'd like to, but you can't take a hot meal to your husband in Germany, you can't carry a pint of your blood to your wounded son in the South Pacific, you can't buy penicillin and send it to your sick brother in a Jap prison camp. But the Red Cross can.

And the people of Terrell County will be doing these things through the Red Cross by giving generously and giving now. To your fighting man the Red Cross means you.

Buster Edwards On USS Saranac During Philippine Sea Battle; Japs Routed Again

She's not a streamlined super-dreadnaught and you'll never sight her as part of a task force knifing forward to engage the enemy, but as a class of ship serving history's mightiest navy the Fleet Oiler is playing a part that prompted Fleet Admiral C. W. Nimitz, USN, commander-in-chief of the Pacific Fleet, to describe her as one of the Navy's new "secret weapons."

Her job is to "keep 'em sailing"—the refueling and re-provisioning of our first line fighting ships at sea.

Typical of the intrepidity of these rugged followers of the fleet is the recently disclosed saga of the USS Saranac, a Fleet Oiler of (censored) Service Force U. S. Pacific Fleet. When the Saranac's big moment came during the first Battle of the Philippine Sea, one of those aboard and sharing in the adventure was Buster Earl Edwards, Coxswain, Sanderson.

The Saranac, in company with other ships, had refueled a part of the battle fleet. With bunkers lightened, they steamed along in the wake of the re-fueled battle fleet which had sped forward in search of the fleeing Japanese. To a flight of Jap planes which shortly spotted the ships, the Saranac looked like a "sitting duck." They soon discovered their mistake. The battle was short and decisive. The Jap air

ATTENTION DRIVERS

Car and truck owners are reminded that the deadline for new license plates is April 1. It has been called to our attention by the sheriff's office that some owners are leaving old license tags on the front of their vehicles. Old tags must come off, under penalty of fine. Owners are urged to attend to these matters now.

CHANGE IN OWNERSHIP

With this issue we are ending our responsibility as editor of the Sanderson Times, and are turning the position to a former resident of Sanderson, J. Riley (Buddy) Dunman.

During our efforts as editor and publisher, we know that we have made many mistakes—mistakes that the good people of this community have overlooked and forgiven. We know of no community where a more understanding, and lenient people could be found, and it has been a pleasure for us to serve such a community.

Buddy needs no introduction to the majority of the people of this section, having been employed with Mrs. Addie Lee Boling in 1931 and 1932. He has been foreman of the mechanical department of the Del Rio News-Herald for the past eleven years, and is well qualified to take over the responsibility.

The Rev. John Klassen, who has so kindly given of his time during the past year, serving as linotype operator, has the most of his time taken with the construction of the new Methodist Church, and we will remain with the Times as printer and linotype operator.

To each and every person of this section we wish to extend our sincere thanks for the cooperation and support given us, and we are confident that Buddy will merit, and receive, your continued cooperation.

GRATITUDE

The average American's most vivid impression of the Orient was acquired in less than an hour and came to him free with a bowl of chicken chow-mein. This is no discredit to the average American. He can't help it if Asia is mysterious. It is only an accident that we know a great deal more about Europe. Our ancestors came from that way, so we heard about it.

It is high time now however for every soul in the United States, who loves his happy home and peaceful surroundings, to learn more of the character of our straw-colored allies beyond the Pacific. We owe our national safety to them. If it were not for their native honesty we would be held in a nut-cracker between Germany and Japan at this hour, if we were yet able to fight at all.

We Admire Britain

Americans are a tender-hearted folk. We sympathize with other peoples and half-way try to understand them, but we don't usually admire them very much. We felt sorry for the Poles when the Nazis took them in 18 days. Our hearts went out to the Norwegians because they didn't last three weeks. We wept with our British relatives over Dunkirk, but we did more. We admired the British.

Late in 1937 the city of Nanking, China, fell to the Japanese. Far away over the sea, strategists thought that was about the end. If China had, people would have blamed her. We Americans would have turned the spigot in our sympathy tank again and drawn out a generous sprinkling of tears for dear old China, and then tried to forget it. But forgetting it would have been impossible.

Must Admire China

If China had fallen in 1937, four years before the Pearl Harbor raid, any child can guess why we Americans would still be remembering it. But China did not fall. It would not be amiss for devout people to give thanks at the table three times a day that China did not fall. If China had fallen Japan could have knifed Russia on the unguarded side, right through Manchuria; surely would have done so.

Back in those early months of the present war when the Germans were all but knocking at the doors of Moscow, our big old globe, as now arranged, was coming unglued. If Japan could have drawn close enough to attack Russia from behind, the Germans would have marched into Moscow. Then, with no Russia to annoy him, Hitler would have parched London to a cinder.

Thanks to China

China stayed in and fought, so London remains. China stood the gaff, so we still have San Francisco. China could take privation and punishment; her share and ours too. As a consequence no bomb has struck an American city. Moreover China's young men have made their fight as nearly bare-fisted as any army, large or small, taking part in this war on either side.

In recent weeks there have been frequent criticisms of China; of Chinese fortitude, of China's disunity, of Chiang Kai-Shek's generalship. Let me close with this admonition: Criticism of China in America today, true or false, has one purpose and one only. It is to break up unity among our allies. Our enemies can hope to survive by no other means. Don't listen to it.

AT THE PRINCESS

JIMMY LYDON PLAYS MARINE AT PRINCESS FRI. & SAT.

Intensely dramatic and poignantly told, "When the Lights Go On Again," which plays Friday and Saturday, April 6 and 7, at the Princess Theatre, is a simple, beautiful story of the return to normalcy of a wounded Marine who develops amnesia on his way home on furlough.

James Lydon, in his first real dramatic role on the screen, has the part of the Marine who in a traffic accident loses his memory on the way to his home in a Missouri small town. Newcomer Barbara Belden enacts the role of his pretty, young wife whom he married prior to his enlistment in the Marines.

Others in the cast are Regis Toomey, as the reporter who discovers Lydon who becomes lost in a large city; George Cleveland, who plays the boy's grandfather and who aids him in his rebellion against the dictates of his father (Grant Mitchell); Dorothy Peterson, Harry Shannon, Lucien Littlefield, Luis Alberni and Emmett Lynn.

The picture poses a particular social problem, but it does not pretend to offer a universal solution for the plight in which returned warriors, torn by their experiences under battle conditions, may find themselves. The idea was to present a homey, down-to-earth drama against this background, and the purpose is accomplished admirably. Lydon and his bride could be the young couple living next door.

GENE TIERNEY STARS IN "LAURA" HERE WED., THURS.

The movie version of the mystery novel "Laura," with Gene Tierney, Dana Andrews, Clifton Webb, Vincent Price, and Judith Anderson, in the leading roles, comes to the screen of the Princess Theatre Wednesday and Thursday.

Gene Tierney is seen in the top role of her career, that of Laura, the chic advertising executive who owes her sensational rise in New York's sophisticated pre-Pearl Harbor cafe society to a fabulous man-about-town.

In the role of Mark McPherson, Dana Andrews introduces a new type of detective to the screen; utterly unbackneyed and refreshing. As wonderfully capable as ever, Andrews' portrayal is warmly human and believable. Entrusted with one of the most challenging roles of the year, he comes through with flying colors.

"Laura" brings Clifton Webb, the stage's celebrated star of

Monahans News—The sixth Annual Pecos Valley Livestock Show came to a successful conclusion last Saturday afternoon with one of the best aggregations of livestock ever to be exhibited and sold at auction in the history of the show, officials of the Pecos Valley Livestock Protective Association of Ward Reeves, Loving and Winkler Counties, sponsors of the show declared.

suave, sophisticated, comedy-drama, to the screen, and mighty welcome he is. Webb is cast in a part which he handles with entrancing perfection that of the film's Waldo Lydecker, the middle-aged, barbed tongue, Broadway columnist-critic who moulds Laura to his ideal, and tries to keep her in a glass case.

Rounding out the brilliant featured cast are Vincent Price, certainly the screen's most versatile character actor, who is seen as the weak but charming Southerner with a velvet-voiced way with women; and brilliant actress, Judith Anderson, as Laura's aunt of Park Avenue background and modern ideas.

"Main Street after Dark" showing Tuesday at the Princess Theatre is a compact, fast-moving and exciting thriller about women pickpockets who prey upon soldiers and sailors at embarkation points until the police department evolves a novel plan and cleans out the criminals who engage in this despicable thievery.

KATE SMITH asked to write this message on Saving Used Fats!

"The help of every woman is needed in saving used fats for hundreds of battlefield and home-front essentials. But some of us don't know all the ways we can do it. Here are a few points I've found helpful."—Kate Smith

MANY WOMEN SAY: "But I never have fats left over." Certainly it's good economy to re-use your fats...but there's always some left over even after that...and that little is more important than you can imagine. Only one tablespoonful of used fat will help make 5 machine-gun bullets. So there just can't ever be too little to save! Come on, everybody, scrape your broiling pan, your roaster, skillet. Save meat trimmings and scraps of fat left on plates.

OTHERS TELL ME: "But my fats are often too dark to turn in." It doesn't make a mite of difference how dark or blackened...or what smelly things like onion or fish you've cooked in your fat. Every drop of it will help make parachutes, synthetic rubber, soaps for the fighting and war fronts. Don't feel ashamed to hand it in to your butcher. If you save every bit of fat you possibly can, you're doing a job to be proud of!

THEN YOU HEAR: "But what sort of container will I use?" Any kind of tin can will do. The next time you open a can of fruit or juice or soup or vegetables, save it. But please don't use glass...it almost always breaks and makes the fat difficult to salvage. When the can is full, take it to your butcher. For every pound, you'll get 2 red points. If you have any difficulty disposing of your fats, call your Home Demonstration or County Agent.

Army, Navy Leaders, Others Endorse Red Cross War Fund

WASHINGTON, D. and educational, religious, fraternal, industrial and labor groups pledged unstinting support. Secretary of War Stimson expressed his gratitude to the Red Cross for discharging its responsibility to the Army "with efficiency and humanity" throughout the war. Chief of Staff General George C. Marshall added: "The Red Cross has kept pace with the growth of the Army by enlarging its services to meet soldier needs both in this country and overseas."

Secretary of the Navy James V. Forrestal, citing Red Cross war contributions of blood plasma, prisoner of war food packages and civilian war aid, said, "In the blackness of a war, the Red Cross stands as a beacon of mercy of which we can all be proud. Never has money been put to better use."

Admiral Ernest J. King, commander-in-chief of the United States fleet, pointed out that "every time the Red Cross assists a man in the armed forces in any way, there can be no doubt that the humanitarian activities of the American Red Cross have a direct bearing on the outcome of the war."

Both the American Newspaper Publishers Association and the National Editorial Association's presidents promised complete cooperation from the American press.

Among groups endorsing the War Fund are:

AMERICAN LEGION: "The Red Cross has exemplified the fine, traditional spirit of American helpfulness. The approach of the postwar reconstruction period will not lessen the call for Red Cross services." AMERICAN FEDERATION OF LABOR: "We are determined that

Canteen—to the screen is merely doing the film justice. For "Hollywood Canteen" is more than just two hours of sterling entertainment. It is also a salute to men on far flung battle fields who, by their valor, have endeared themselves to all of us forever.

"Hollywood Canteen" is the laughing, dancing, singing story of two New Guinea veterans, Slim (Bob Hutton) and Sgt. Nolan (Dane Clark), and the loves they find (Joan Leslie, and Janis Paige) in make-believe "Hollywood." Throughout the story is woven the warmth and charm of the Canteen, spiced with the delightful performances of the stars and entertainers.

Here are the screen's top stars not playing roles, merely reliving performances given so many times before, for so many boys.

John Garfield and Bette Davis preside on the welcoming committee while Joan Crawford, Faye Emerson, Andrea King, Ida Lupino, Irene Manning, Dolores Moran, Eleanor Parker, Joyce Reynolds, Alexis Smith and Barbara Stanwyck serve as hostesses. There are Jack Carson and Jane Wyman, Eddie Cantor and Nora Martin, and the Andrews Sisters, exciting as song and dance teams, and the rib-ticking antics of Peter Lorre, Sydney Greenstreet, Joe E. Brown, Helmut Dantine, Victor Francen, Alan Hale, Paul Henreid, William Prince, John Ridgely, S. Z. ("Cuddles") Sakall, Zachary Scott, Craig Stevens, and Donald Woods. For those whose taste runs to music and song, "Hollywood Canteen" provides Jimmy Dorsey and his Band, Carmen Cavallaro and his Orchestra, singing Kitty Car-

EASTER PARTY

By Yvonne Oberling

If you with the big ears happened to hear fifteen hearty "rahs" last Friday night, you could have traced it to the home of Mrs. Lee Grigsby, where she and Mrs. Will Savage were giving the Seniors an Easter party. It was really swell! The Seniors, hungry as usual, gathered at Mrs. Grigsby's and were ushered into a dining room, bright with Easter trimmings. At each place was an egg, the aforementioned egg bearing a striking resemblance to the amazed but delighted senior whose name it bore. After a delicious supper each guest pulled a colored ribbon and found at the end another egg with his fortune. Such wonderful predictions!

SEEING THE SENIORS

Charles Allister Dishman, better known as Al, has green eyes, black hair and is five feet and ten inches tall. He has a splendid personality, which is responsible for his being chosen the "Most Popular Boy" in high school for 1945.

Besides receiving this great honor, Al has been valuable to his class in other ways. He was the Duke of the sophomore class of 1945; he was in Band three years; he was treasurer of the Sophomore and Junior classes and is president of the Senior class; he lettered in basketball the last two years, was captain of the 1945 team, and placed on the All-District Team. Al was in 4-H Club in 1943-44 and in Choral Club in his Senior year. In the Junior play Al showed marked dramatic ability. He was co-captain of the 1944 football team and was King at the football Sweatheart's Coronation.

Al was born in Bryan, Texas on May 28, 1928. He spent his grammar school days in Bryan and his high school days in Sanderson.

Al's favorites are: Pastime, dancing, hunting, and fishing; Food, vegetable soup and angel food cake; Color, brown; Movie stars, Jack Carson or Gloria De Haven; Book, "The Human Comedy"; Song, "Tonight We Love"; Subject, History; Movie "A Guy Named Joe".

Al's pet peeves are untied shoe strings and stuck-up females.

Al's ambition is to become a wool buyer. When he graduates, he plans to attend A and M College. For a hobby Al chooses to fish.

MEAN SUPPER

By Yvonne Oberling
Friday night found those Seniors of '45 at a super supper given in honor of the Babb by her parents at home. At each place was a little favor. Then came the big moment: The food lined up to fill their plates with the most delicious things you can imagine, better! And how those plates did eat! Tacos, hot dogs, mmmmm, good. After supper had eaten, the floor cleared and some of the classes came in and a jam session resulted. Even underclassmen enjoyed this, and before, super party!

Are You A Dollar Saboteur?

Every time you buy goods you do not really need, you help drive prices up, help make critical shortages of merchandise even more critical. Any one of us who is spending as high a percentage of his income on "unnecessaries" today as he did before the war, is just that—a saboteur.

When you buy War Bonds regularly—when you go to the bank each pay day and make a deposit—when you save according to a plan—you help build a backlog of **SAVED DOLLARS** which will help to keep down prices and will help insure continued prosperity after the war.

Presbyterian Circle Officers Installed Monday Afternoon

Monday afternoon at 3 o'clock the Woman's Auxiliary of the Presbyterian Church met in the home of Mrs. J. W. McKee.

The meeting opened with the hymn "Draw Me Nearer," after which Mrs. J. W. Byrd led the group in prayer. The secretary read the minutes and called the roll, members answering with verses of Scripture.

Mrs. Byrd led the program, "Twelve Months Reviewed—Onward!", in which the members were called to consider the past year's efforts in the organization in order to plan for greater progress in the coming year. A meditative devotion on consecration and service beginning "Hitherto" was given by Mrs. Joe F. Brown.

Rev. J. W. Byrd installed the new officers in an impressive dedication service. A prayer given by Mrs. N. E. Charlton and the hymn "Let Jesus Come Into Your Hearts" completed the program.

Mrs. McKee, assisted by Mrs. W. H. Savage, served delicious white fruit cake with tea and coffee to Mesdames Mary Mitchell, E. J. Hanson, A. F. Gholson, S. C. Bodkin, C. C. Mitchell, Joe Kramer, Lee McCue, W. E. Grigsby, Charlton, E. F. Pierson, Brown, Byrd, members, and Mrs. I. G. Robertson and Rev. J. W. Byrd, guests.

NAVY RECRUITING PARTY TO BE HERE WEDNESDAY, APR. 4

A recruiting party headed by Chief Machinist's Mate G. W. Sheridan, who has a good many years of service with the Navy behind him, will be in Sanderson, Texas, Wednesday April 4, 1945, to discuss current Navy programs with interested men and women of the community.

The Navy is still building and launching ships — ships that need men to man them. The war is not over in the Pacific and the Navy still has a big job out there to do. Applications are still being accepted from seventeen year old lads for enlistment in the Navy and all young men who are interested are urged to contact Chief Sheridan.

The Navy is still in great need of men who can qualify for Radio Technician training and eventually serve with the fleet. To qualify for this training it is necessary to pass the Eddy Test which Mr. Sheridan will be glad to give to anyone interested, or he will be glad to suggest material which can be studied in preparation for this test. This training is open not only to 17 year old lads but to all young men. Registered nurses are still needed by the Navy. Any

Lee A. McBee Member of USS San Diego Crew; Colorful Letter Reviews Action

The "Times" is in receipt of a letter sent us by Lee A. McBee, S.S.M.S. 2-c, U. S. Navy, which gives what we believe to be a most interesting account of some of the activities and engagements of the U. S. S. San Diego and her crew, of which Lee is a member.

The letter, in part, follows: "In the past months we have seen a great deal of the enemy. No doubt you have read of the First Battle of the Philippine Sea (June 19, 1944). We were in the midst of that battle off the coast of Saipan, along with other ships of our Force, we encountered heavy attacks from Jap carrier planes. The skies were black with aerial dogfights all around us. The American pilots did a great job. From the deck of our ship nine enemy planes were seen at one time falling in flames. That will give you some idea of the intensity of the battle. Our ship was credited with one "probable" during the day when a low flying plane on which we had opened fire was seen falling as it reached the horizon.

"During September we engaged in strikes against Peleliu and again in the Caroline Islands and against Mindanao, Manila, Samar and Leyte in the Philippines, September 21st, was the day our planes made their attack on Manila. In our ship we were all listening to a radio broadcast in English (phonograph records etc.) from Manila when suddenly the announcer began to say in an excited voice: 'Manila is under air attack all civilians take cover!' It was our first announcement that our planes had found their target; we surely got a big kick out of the way that announcer changed his tune! On our way south our ship took part in attacks against the central Philippines.

"Oct. was a very busy month indeed. During this time we assisted in strikes against Okinawa, Formosa and Leyte. October 12, 13 and 14 were days to be remembered! On the 12th we closed in for an air attack on the island of Formosa. All that day enemy planes were spotted but they kept well out of gun range. However, at about 7 o'clock in the evening a large number of them made a real run on us, along with several other ships we opened fire on them. Almost immediately three Jap planes crashed into the ocean. A few minutes later another came rushing straight for our ship and although we did not bring him down he was forced to turn back. In all the confusion of firing it is hard to say just which ships brought down which Jap plane but the San Diego definitely "splashed" one Betty. We assisted in several more.

"That night we provided a colorful spectacle because the Jap planes dropped flares around us which lit up like broad daylight. We could have read a newspaper on the main deck at midnight. Strangely enough, the Japs did not follow up this illumination with an attack. We did see plenty of them for the next two days, however, but took care of them, before they could do any serious damage. During these three days (October 12, 13 and 14) carriers sent their planes in repeated sweeps against Formosa.

"The remainder of October and most of November were spent in several strikes against Manila, Luzon and Leyte keeping Jap planes 'sated down.' We not only covered for the carriers as they launched raids over Jap-held areas of the Philippines but along with other ships our job was to prevent re-enforcement of enemy garrisons by Jap transports and supply ships.

"The biggest thing I have to report in December was the typhoon, about which you have already heard something. This terrific storm occurred on December 17 and 18 while we were operating off the Luzon coast. The weather began to thicken and grow progressively worse on the 17th and we received word that a typhoon was heading our way. It was coming so fast that we could not escape it. The next day it struck in all its fury. The seas reached mountainous heights with accompanying high winds and heavy rain squalls. Our ship was rolling and at one we took a terrific lurch as if

King Neptune were really cracking his whip, and we were it. We could do nothing but hold on and ride out the storm. About three o'clock in the afternoon the storm began to moderate and by evening the ship was riding much easier. We had seen the sea at its worst and you can be sure that it was an experience we do not care to repeat. If you have never been on a ship in a typhoon you have no idea how much one will roll and pitch.

"January found us again striking Formosa and Luzon but the most interesting event of the month was our voyage into the China Sea. We launched air raids on the coast of French Indo China, Hong-Kong, and Swatow. During the operation we were deep in enemy territory but we must have caught the Japs completely by surprise for there were no attacks upon us. On our way back we struck again at Okinawa and Formosa. Here the Japs did show themselves with an aerial attack but were shot down in great numbers."

Lee says, "I just received your letter dated February 6, 1945, and was proud to hear from you and to know that you are trying your best to see that I get the Sanderson Times, although I have received only one of them. That is the only way I have of knowing where the boys from Sanderson are stationed."

We certainly appreciate hearing from Lee. He's a new correspondent, and we hope to continue getting mail from him.

Francis Grigsby Honored With Dance Wednesday Night

Mesdames F. G. Grigsby and Albert Appel, Jr., entertained with a dance Wednesday night at the Masonic Hall honoring Francis Grigsby and his classmates, the seniors of 1945, with the freshman, sophomore, and junior classes as guests.

The Easter theme was carried out in the decorations, with the punch table very attractive as a lawn scene of grass, spring flowers, and toy rabbits. Flowers and toy chicks and rabbits were used as decorations about the hall. Attractive Easter egg-shaped programs were presented to the dancers. A nickelodeon, in charge of Mrs. R. A. Lea, provided the music. Mrs. M. H. Goode, Jr. presided at the punch table and Mrs. Jack Laughlin was in charge of the guest register, later presented to Francis.

Several mothers of high school students were present. Joe Chandler and daughters, Charlene and Jo Beth, and Mrs. C. F. Stavley and son, Frank where they have been visiting Mrs. Chandler, who has been in a hospital there for the past two months.

Dr. R. E. Lester is reported to be recuperating nicely from his recent operation in a Houston hospital. He plans to return here this coming week end.
