Freed: Buys Bonds

PHILIPPINE SCOUT—When Capt. John B. Smith, Philippine scout, received his back pay and allowances after three years' internment in a Japanese prison camp, he bought War Bonds. The captain was wounded on Bataan and lost 35 pounds in weight during his imprisonment. At the present time he is making a War Bond tour, and buys War Bonds at each meeting. "The civilian," he declared, "is taking a poke at Hirohito each time he buys a War Bond." Smith hails from Houston, Texas.

BIBLE SCHOOL SCHEDULED TO OPEN MONDAY

Plans for the opening exercises of the annual Union Vacation Bible School have been completed, the general superintendent, Rev. John W. Byrd announced this week, and the school will be in session after the initial program in the Presbyterian Church Monday, June 11, at 8:30 a. m.

Four departments will make up the school, with places for every child in the community between the ages of four and sixteen. Activities will be numerous and offer a field of interest to young people who find a lack of vocational and recreational outlets facing them this summer, after the pace of school life.

Light Rain, Hail Hit Sanderson Tuesday Afternoon

Light showers Tuesday afternoon, accompanied by wind and hail, brought some relief to this immediate section, suffering from intense heat of several days duration.

Although the rainfall was not enough to register it was a welcome sight to the ranchmen whose ranges are suffering from lack of rain. Indications are that additional rainfall might be forthcoming in the near future.

No damage has been reported from the hail, although some reports have come in of hailstones as large as hen eggs falling during the height of the storm.

GAS CEILINGS UP IN JUNE ON "A", "B" CARDS

"B" drivers need not apply for increased gasoline rations until June 11 and thereafter, B. J. Johnson, gasoline rationing officer for the San Antonio district Office of Price Administration, today advised Carl B. Cochran, chairman of the local War Price and Rationing Board.

Following the announcement from Washington that gasoline rations for "B" drivers will be increased after June 11, the local War Price and Rationing Board was notified that applications for renewal of "B" rations must be handled on the present basis until that date.

"Applicants who are eligible for increased 'B' rations should not apply to the local board for an increase until after June 11," Johnson told Cochran.

On June 22, the value of "A" coupons will be increased from four to six gallons, when Coupon A-16 becomes valid. And on June 11, the "B" book "ceiling" will be raised from the present maximum of 475 miles a month to 650 miles.

Cochran explained, however that the increase in "B" rations will not mean more gasoline for all "B" drivers. Both "B" and "C" rations are based upon the individual needs of the car owner, he stressed, and many "B" drivers now have all the gasoline they actually need. Since gasoline supplies still are limited, "B" drivers who cannot show need for an increase will remain on their present rationing basis. But those who do need more gasoline will be able to get it by applying to the local War Price and Rationing Board after June 11, and showing their need for an increase up to the 650-miles-a-month ceiling.

To the People of this Community

Mortally wounded Staff Sergeant George D. Keathley of Lamesa, Texas, stood up for 15 minutes and mowed down attacking Germans. After he had driven off the Nazis, he slumped to the ground, turned to a comrade and whispered: "Write to my wife, tell her I did everything I could for her and my country." This Medal of Honor soldier did more than write to Mrs. Keathley. He wrote to you, too. Can you sincerely answer: "I am doing all I can for my country?" Not unless you are doing your share in the Mighty 7th War Loan. Your maximum War Bond purchase of any of the war loans is needed the most now as Sgt. Keathley's comrades head for the Pacific for the final round of the world struggle to save your country from Fascist hands. THE EDITOR

Ranch Club Meets Friday, June 1st, At Goldwire Ranch

The home of Mrs. H. C. Goldwire, Jr., was the scene of the Ranch Home Demonstration Club meeting Friday morning June 1, at 10:30.

After an educational talk on the Kudzu vine, given by Mrs. Ferd Monroe, Mrs. Sid Harkins presented an article on budgeting time. Mesdames Gay Franks and Goldwire presented a play-let demonstrating the proper height of work appliances. Miss Pauline McWilliams, Home Demonstration agent, rendered a demonstration on the preparation of food for freezer lockers.

ATTEND FUNERAL SERVICES

Mr. and Mrs. W. W. Sudduth, daughter, Barbara Ann, and Mr. and Mrs. O. T. Sudduth returned last Thursday from Eden where they attended funeral services last Wednesday for O. T. and W. W. Sudduth's grandmother, Mrs. W. T. Sudduth, Sr., who passed away in her home Tuesday of last week. Services were conducted at the family home with Norman Gipson, pastor of the Church of Christ, Ballinger, in charge.

Mrs. Ed Burdwell returned to her home in Marathon Tuesday after visiting in the home of Mrs. Joe Wolfe.

No Recovery In Bond Sales Seen Through Wednesday

The Seventh War Loan Drive here has suffered a serious relapse in the past two weeks bond sales falling to weak level. On Wednesday sales at the bank stood at \$57,199.50, showing very little gain over the mark reached last Thursday specifically a difference of only \$2,737.00 in whole dollars.

"E" Series bonds in this amount total \$34,237.50; in comparison to the figure on last Thursday, \$31,500.00, this total clearly illustrates how slow moving sales actually have been.

It is a disquieting thought that this may be one drive that Terrell County will not be successful in completing, that this greatest of all bond drives will not extract from us our given quota. It is worse still to realize that by falling down in the biggest job that has yet been laid before us that we, and every other group of people who have not made enough of an effort to put the Seventh over, are materially aiding the enemy, by not aiding our men and our arms.

Rotary Club Elects Officers at Meeting Wednesday Noon

The regular weekly luncheon of the Sanderson Rotary Club was held Wednesday in the Banquet Room of the Kerr Hotel. R. V. Raney, president of the local club, presided at the meeting. Lynn Harrell in charge of the program for the luncheon, introduced Rev. Elvin Bost, pastor of the Church of Christ of Sanderson, who gave the principal address. Clyde F. Smith of Fort Stockton, a visitor at the luncheon, also talked to the members.

Committee reports were made following the address by Rev. Bost and Mr. Smith.

Election of new officers was made as follows: president, Rev. John Byrd, the retiring president being R. V. Raney; secretary, O. T. Sudduth, reelected to his office; directors, Jimmie Hanson, C. P. Peavy, and Jimmie Caroline; vice-president, R. V. Raney.

INDEPENDENCE Arkansas and Mississippi both can have splendid public schools without accepting financial aid from anywhere. I am prepared to prove this statement with figures I presented early in May to the Education Committee of the House of Representatives in Washington. Moreover; if these states can do well without help, any of the other states can do likewise. Federal aid is not needed anywhere.

I have singled out Arkansas and Mississippi for good reason. It has bearing on the subject in hand. Measured by a money standard these two states are lowest on the educational roster. Only one state has less income per person than Arkansas, provides less school money per student and pays its teachers less; that's Mississippi. These are our two lowest states in the respects named.

There is a Reason

Poor as these two states are on a basis of income per capita, each of them has more net worth than the federal government. Our national debt probably will reach over 300 billion dollars before the war is over. Mississippi has a cash surplus of 11 million dollars last year. Arkansas accumulated 45 million during recent years. Arkansas schools are inadequate due to politics, not poverty.

What the school system in my home state needs is re-organizing, not subsidizing. For example: About a year ago there were 106 school districts in Arkansas with less than ten pupils apiece. There were 350 districts with assessed valuations below \$10,000. Some districts couldn't raise \$100 a year from local taxes. School districts varied in size from one square mile to 100 square miles.

Why Squander Money?

There is one community in Arkansas which, although it has only 35 students all-told, is made up of six school districts and thus uses six busses to take the 35 students to school and back each day. Transportation cost \$600 a month when one bus might easily do the whole job at a cost of \$150 a month. The saving of \$450 would pay three teachers at the prevailing Arkansas scale.

The problem is local and political. More money for such an inefficient operation probably would tend to aggravate a bad situation and make it even harder to remedy. The federal government spent \$80,000 for a WPA survey of Arkansas schools in 1937 and the analysis showed that the state could have a good school system for an outlay of 17 million dollars a year. The outlay was made promptly.

Taxpayers Respond

Arkansas' income per person has more than doubled since 1939 due to new industries and new discoveries of oil and bauxite. More than 20 million dollars were spent in Arkansas last year, and a recent legislature raised that figure considerably for the next biennium. Already about 25 per cent more money is being spent on Arkansas schools than the government-supported survey called adequate in 1937.

This however is not enough. Arkansas should have better schools; better financed. Arkansas teachers should be better paid, probably the salary scale ought to be doubled. I'm for it when the system is re-organized and made efficient, but I oppose federal aid. Easy money would sacrifice state sovereignty on the altar of politics when we are able, really, to increase our school revenue as soon and as fast as conditions justify.

People of Terrell County Our Quota in the 7th War Loan is \$95,000.00

Can we make it? We'll tell the world we can!

Does that figure sound big, neighbor? Well, those Superforts that are plastering Japan are big—and cost plenty. Battleships are big—and cost millions. The job our fighting men are doing is big—and the cost is staggering.

So, of course, our job is big. But we can do it if you and every other patriotic American in this city buy a BIGGER bond than before... or invest a BIGGER portion of income in War Bonds now!

Study the chart on the right. See what your country expects you to do in the 7th War Loan. Remember, you are part of America—a part of America's might!

Table with columns: IF YOUR AVERAGE WAGE PER MONTH IS, YOUR PERSONAL WAR BOND QUOTAS IS (CASH VALUE), and BOND VALUE OF 7TH WAR LOAN BOND. Rows include wage brackets from \$250 to Under \$100.

HOW DEEP WILL YOU DIG? This year the 7th War Loan has to raise just about as much as was raised by two loans up to this time last year. War bond money buys clothing, food, weapons and ammunition. War bond money buys medical supplies and convalescent care. Let's dig down deep, give him the care he deserves! THE SANDERSON STATE BANK MEMBER FEDERAL DEPOSIT INSURANCE CORP.

Morgenthau Cites Types of Issues Issued to Public

A grateful Nation has girded itself for the mighty Seventh War Loan for 14 billions of dollars, half of which has been assigned as the individual sales quota. According to reports from state chairmen reaching Ted K. Gamble, national director of the War Finance Division of the Treasury in Washington, the Nation is ready for the huge task. Mr. Gamble was enthusiastic about results. He said "We're prepared to do the best job in the 7th War Loan." Mr. Gamble said that "not only is there more money available than ever before in each state, but individual income will be higher in the period of the 7th War Loan than in any previous War Loan period."

Secretary of the Treasury Henry Morgenthau said seven billions of dollars has been assigned as the quota for individual investors and that the major emphasis throughout the drive will be placed on the quota for individuals. The individual quota is the highest established in any of the previous drives, the secretary said. The E Bond quota alone is 4 billion. The 7th War Loan seeks nearly as much in the one drive as was asked in the first two drives of last year which were held up to this time. The two drives of this year, therefore, will seek nearly as much as was sought in the three drives of 1944.

The Secretary stated that there is every evidence that Federal expenditures are going to remain at a high level for some time to come, and that the Seventh War Loan program was designed to obtain maximum funds necessary to prosecute the War from non-bank investors. The securities, which will be sold under the direction of the State War Finance Committees, are as follows: Series E, F and G Savings Bonds, Series C Savings Notes, 2 1/2% Bonds, 2 1/4% Bonds, 1 1/2% Bonds, 3/4% Certificates of Indebtedness. The 1 1/2% Bonds will not be offered in the Drive to corporations.

The Drive for individuals will extend from May 14 to June 30. However, an intensification of activities in the sale of Series E bonds began April 9, when millions of persons on payroll savings plans throughout the country were asked to enlarge their participation as a part of the Seventh War Loan. All Series E, F and G Savings Bonds and Series C Savings Notes processed through the Federal Reserve Banks between April 9 and July 7 will be credited to the Drive.

During the final phase of the Drive which will cover the period from June 18 through June 30, subscriptions will be received from all other non-bank investors for the 2 1/4% and 2 1/2% marketable bonds and the certificates of indebtedness.

Mr. and Mrs. R. E. Corder and daughters, Billie and Mickie, returned Tuesday from San Antonio where Mickie has been attending classes at Trinity University for the past five months.

Livestock Market Rather Irregular During Past Week

LOS ANGELES UNION STOCK YARDS—June 4, 1945. Holiday influences tended to give the week's livestock market a rather irregular trend. Receipts of cattle were substantially lighter than for the previous week but still a little in excess of a year ago. Trade in killing classes opened with minor firmness in evidence, but with the slaughtering operations suspended Wednesday, packers were not able to carry on their regular schedule of killing and trade in the post-holiday period was dull with a trend towards weakness. No marked change in the general price level, however, was recorded. Quality cattle continued to deteriorate. Two loads of 1129 to 1272 Arizona fed steers topped the week's operations at \$17 and a part load of 1295 lb. California grass steers scored \$16.75. Otherwise there was little to sell above \$16.50, with medium to good steers largely \$14 to \$16. Common Mexican type steers sold on down to \$11.50 and below. A fairly broad feeder demand was an asset in clearing a good many of the unfinished classes selling at \$14 down, in fact some business in fleshy feeders was noted at \$14.50 to \$14.75.

Odd lots of good fed heifers ranged \$15.50 to \$16. Practical top on load lots was \$15.25, with other sales of grassy heifers \$13.50 to \$15.50. A few best cows brought \$13.50 to \$14.50. Bulk of medium to good grass cows sold above \$11.50 after Monday. Common canners ranged down to \$6 and under. Calves and weaners moved largely in a range of \$13 to \$15.50; odd head to \$16. Common calves ranged down to \$10.50 to \$11 with some culls as low as \$8 to \$9. Stock calves and yearlings ranged \$11.50 to \$14. Good feeding heifers sold up to \$12; stock cows, \$7.25 to \$9.50.

There was little change in the hog situation. Ceiling prices were maintained on all butcher hogs and sows. Practically all butcher hogs cleared at \$15.75 and sows at \$15. Stock pigs were brisk sale, largely in a range of \$20 to \$23.50, a few up to \$24.50.

Sheep and lambs were firm at the previous week's upturn. Choice spring lambs sold up to \$15.40. Other sales largely \$14.50 to \$15.25. Feeding lambs \$11 to \$12. Good clipped ewes sold up to \$7.50.

This column usually tells the stories of many Texans each week. Today, however, it will be devoted to just one man . . . a lanky, homespun hero from Farmersville whose courage has won him every existing American medal for valor.

He is 1st Lt. Audie L. Murphy who won his last decoration . . . the Congressional Medal of Honor . . . by beating off 250 attacking Nazi infantrymen and six tanks, almost single-handedly, during the battle of the Colmar pocket.

Murphy, a boyish-looking 20-year-old, is one of only two Americans who holds every battle honor given by his country. Only five feet three inches tall the Texas fighting lad who is described by his sister, Mrs. Corrine Burns, as a boy who "always got things done."

"I guess it's because he's so small that he gets around so fast," Mrs. Burns said this week. "He just weighs 135 pounds."

Audie, born on a farm in Hunt county, enlisted in the army at Greenville, where he attended high school. He went overseas 30 months ago and served in heavy fighting in Africa, Sicily, Italy, France and Germany.

The action that brought the young Texan the nation's highest honor began in a foxhole where Murphy was directing artillery fire.

A tank destroyer to his rear was hit and abandoned. Murphy clambered onto the machine while it was still burning, took hold of the 50 caliber machine guns and started spraying German tanks and infantry.

Enemy fire began to center on the Texan silhouetted against the skyline. But Murphy continued to swing his guns until the enemy infantry began to withdraw. The German tanks then started lumbering back.

Murphy was wounded, but refused medical aid, organized his company and pursued the retreating Nazis.

Murphy's sister told a lot about the Texas hero when she said: "Before he left, Audie promised he would do his part in winning the war. I think he kept his word."

Those on the home-front could learn a lot from Audie Murphy's determination to "do his part." If they follow his example, the National War Fund drive in October will go over with a bang. County war chest leaders are now organizing and enrolling workers for their local drives. If citizens all over Texas will quietly determine to "do their part", every county war chest will reach its goal with ease!

THE OLD JUDGE SAYS...

TOM: "It's mighty nice to receive a compliment like you've just given us, Judge. We do take our responsibilities very seriously and try to do the right thing with everybody. In spite of it, we get criticized now and then."

OLD JUDGE: "I know . . . you've got to take the bitter with the sweet in times like these. Speaking of criticism, and I mean really unfair criticism, reminds me of the spirit beverage business."

FRANK: "How is that, Judge?"

OLD JUDGE: "Simply this . . . can you think of any other business in which the seller is responsible for what the buyer does with his merchandise? If a person eats too much cake and gets indigestion, the baker isn't blamed. Nor is the coffee merchant criticized if someone drinks too much coffee and can't sleep. But the seller of spirit beverages gets blamed plenty if one of his customers overindulges. Doesn't seem quite fair, does it, Tom?"

TOM: "Frankly, it doesn't, Judge. We've never looked at it that way before."
