SERVICES HELD TUESDAY FOR NOVIS McDONALD

DIES SUNDAY IN DEL RIO OF TYPHOID

Funeral services were held Tuesday afternoon in the local Church of Christ for Novis Laverne McDonald, 13, who died Sunday evening at 6:50 o'clock of typhoid fever in a Del Rio hospital, where she had been taken last week for treatment. Elvin Bost, pastor of the church, officiated, assisted by Roy Gully pastor of the Fort Stockton Church of Christ. Interment was in Cedar Grove Cemetery.

Born in Sanderson April 22, 1932, the girl was the daughter of Mrs. Lorea Hunter McDonald. Survivors other than the mother are three brothers, Milton (Pete) Rufus, and Joe Carol, and three sisters, Avis, Betty, and Doris.

Relatives here for the funeral from out of town were Mrs. J. L. Everett, Sr., and Mrs. J. L. Everett, Jr., of San Antonio; Mr. and Mrs. M. L. Hunter, of Wingate; and Mr. and Mrs. Melvin Hunter of Sweetwater, who returned there with her son, Melvin, after visiting here with her daughter, Mrs. McDonald, for the past two weeks.

Palbearers were James House, H. C. Rock, L. D. Hastey, G. Hensley, S. D. Thompson, and N. E. Charlton.

Harold T. Dodd Dies From Fall In Langry Tues.

Harold T. Dodd, 48, postmaster at Langtry and well known throughout the section, was killed instantly Tuesday morning about 9:30 o'clock when he fell from the tower of a wind-charger at his store in Langtry. Dodd was believed to have been struck in the back of the head by a blade of the wind-charger and knocked from the 60-foot tower.

Funeral arrangements had not been completed Tuesday afternoon since the family did not accompany the body here from Langtry but it will probably be held here Wednesday.

Son of the late Mr. and Mrs. W. H. Dodd of Langtry, pioneers of the section, Dodd succeeded his father as postmaster and continued to operate the general store his father started many years ago.

Pending instructions from Fort Worth, the Langtry post office will be closed. Postmaster Ray Ross of Del Rio said Tuesday.

Survivors include the widow Mrs. Pearl Dodd, and a son, Billy Dodd, who is attending Schreiner Institute in Kerrville; two brothers and three nieces. The brothers are Herbert Dodd of Brady and Cross Dodd of Austin. The nieces are Mrs. Richard Carey, Mrs. Frazz, and Mary Hall, all of whom are in Marfa.—Del Rio News Herald.

SILVAS BABY SERVICES HELD HERE SUNDAY

Rosa Elida Silvas, five months-old daughter of Mr. and Mrs. Faustino Silvas, died here Sunday, July 29, at 5:00 a. m.

Funeral services were held at the graveside Sunday afternoon with interment in Santa Rita Cemetery.

Miss Jonel Oden, who has been visiting here with her uncle and aunt, Mr. and Mrs. Greene Cooke, left Monday to return to her home in McCamey.

W. L. Barler, Mrs. Lee Grigsby, Mr. and Mrs. Alfred Shelton, and Mrs. Aaron Billings attended funeral services for Harold T. Dodd of Langtry in Del Rio Wednesday.

Memorial Services to Be Held For Pfc. Al E. Creigh III In Presbyterian Church Sunday

Memorial services for Private First Class Alfred E. Creigh III, who was killed in action December 22, 1944, at Vielsalm, Belgium, will be held Sunday morning, August 5, at 11 o'clock in the Presbyterian Church, of which he was a member, with the Rev. John W. Byrd, pastor of the church, officiating.

Alfred E. Creigh III was born November 16, 1923, in Boulder, Colorado, the son of Alfred E. Creigh, Jr., and the late Dorothy Neibert Creigh. He entered the service in June of 1943 and went overseas in September of 1944 going into combat in France and Belgium soon afterwards. A member of the 307th Airborne Engineers Battalion, Creigh was reported missing in action December 22, 1944, and subsequently listed killed in action on that date.

Three Youths Are Injured In Car Wreck Friday

Three Sanderson youths suffered painful but not serious injuries last Friday about 8:15 p. m. when the car in which they were riding failed to negotiate a turn about 11 miles west of town, and crashed into the rock railing along the side of the highway.

Edward (Bado) Wheeler, son of Mrs. Grace Wheeler, and driver of the car, which belonged to his mother, received severe cuts on the face, also suffered from shock. Bobby Whitehead, son of Mrs. John Worley, received a broken jaw, cuts about the face and numerous bruises. The third occupant of the car was Jimmy Clyde Carter, son of Mr. and Mrs. Leslie Carter of Sanderson who was less seriously injured receiving numerous cuts and bruises.

The youths had been to 12-mile tank west of Sanderson swimming and were enroute home when the accident occurred. A freight truck traveling east on Highway 90 brought the injured youths to town.

After receiving treatment here by a local doctor, two of the boys, Edward (Bado) Wheeler and Bobby Whitehead, were taken to a hospital in Del Rio for treatment. Latest reports are that they are getting along all right.

Mr. and Mrs. H. D. Price, and daughter, Mrs. M. C. Dye, arrived Wednesday from Fort Stockton to visit their daughter and sister, Mrs. O. T. Sudduth and Mr. Sudduth. Mrs. Dye, resident of San Antonio, has been visiting her parents in their home in Fort Stockton over the week-end.

PFC. A. E. CREIGH III

date. His father was notified this week by an officer of the battalion that Private First Class Creigh was buried in Belgium by an Army Chaplain. Mr. Creigh also received a letter from the Secretary of War, informing him that his son has been posthumously awarded the Purple Heart.

The commander of the 82nd Airborne Division, of which the 307th Battalion is a part, Major General James M. Gavin, wrote the following letter to Mr. Creigh concerning his son:

"It is with deep regret that I write of the death of your son, Private First Class Alfred E. Creigh, III, 38440819, a member of my command who was killed in action 22 December 1944.

Your son was a member of the 307th Airborne Engineer Battalion, 82d "All American" Airborne Division.

"Private First Class Creigh was known as an excellent soldier with a spotless character. He had the respect and admiration of his fellow soldiers and his officers. Your son was killed in the vicinity of Vielsalm, Belgium, while he and his platoon were engaged in demolishing a bridge under heavy enemy fire.

"Your son was buried in Belgium with a Chaplain of his faith officiating. For further information concerning burial or disposition of personal effects an inquiry should be addressed to The Quartermaster General, Army Service Forces, Washington, D. C.

"Putting aside family ties, the admiration, respect, and affection of comrades are a soldier's most priceless possessions, because collectively these comrades are unflinching judges. These possessions I believe your son had earned in full measure. Death of such a man leaves with each member of the Division a lasting sense of loss, from which there comes to you a deep sense of personal sympathy."

MRS. B. C. FARLEY DIES WEDNESDAY IN HOME HERE

SERVICES ARE PLANNED FOR FRIDAY

Mrs. Sarah Jane Farley, 73 wife of B. C. Farley, died Wednesday, August 1, at 9:00 a. m. in her home. Mrs. Farley had been ill for several weeks prior to her death. Death resulted from a heart attack.

Funeral services are tentatively set for 5:00 p. m. Friday, August 3, pending the arrival of the survivors. Mr. Elvin Bost will officiate at services in the Church of Christ here.

Mrs. Farley was born June 12, 1872, in San Antonio, Texas, the daughter of James William and Louise Jeffries. On July 4, 1896 she was married to B. C. Farley. They have made their home in Sanderson for many years.

Of the seven children born to them, a son, Dan, preceded her in death.

The survivors include four sons, Raymond, of Dryden, Van of Odessa, Joe, of Hollywood, California, and Ernest Farley U. S. Army, stationed in Czechoslovakia; and two daughters Mrs. Inez Nutter, of Big Lake and Mrs. Annie Cobb, of Sanderson.

Sanderson Bank To Have New Home In Near Future

Announcement was made this week by C. P. Peavy, active vice president and cashier of the Sanderson State Bank, that a deal has been completed whereby the bank has purchased the Kerr building adjoining the present site of the bank, and will occupy it in the near future. Remodeling of the building is already under way.

The building will be completely remodeled inside to accommodate this fast-growing institution.

Peavy states that upon completion of the bank's new home it will be in a position to better serve the people of this community, offering this area a banking service backed by years of experience.

Mrs. W. H. Savage, and son Jackie, left this week for Kerrville, Texas, where they will visit their son and brother, Bill Savage, who is a student at Schreiner Institute. While there they will attend the rodeo being held in Kerrville.

W. L. ("Cap") Barler left Thursday for San Angelo where he will visit his daughter, Mrs. J. D. Robertson, Jr., over the week-end.

Dr. Randall Urges Mass Immunization For Typhoid Fever

Dr. Delmar M. Randall, county health officer, reported Thursday that the percentage of citizens undergoing immunization for typhoid fever was far below his expectations.

"The response of local citizens is not as wholehearted as it should be, considering the seriousness of the situation."

Dr. Randall said that no new cases of typhoid have been confirmed this week, but warned that it is entirely possible for a serious epidemic to develop at any time.

Urging the citizens of Sanderson to be immunized, Dr. Randall pointed out that less than 20 per cent of the people have taken this precaution. "Of course those who have been immunized are protected to a certain degree as far as they themselves are concerned, but to fight against a possible epidemic, nothing short of a mass immunization program can protect the entire community."

Dr. Randall also said that to date very little effort has been put forth in cleaning up the town. He asked the full cooperation of the citizens of Sanderson in combating the fly menace.

Special efforts should be made to dispose of all garbage. So that the amount of trash and garbage to be hauled can be reduced and thus facilitate the tremendous task of transporting it, Dr. Randall suggested that residents burn their garbage and trash. This measure would eliminate great concentrations of flies as well as make the task of hauling the garbage easier. All outdoor toilets should be checked for unsanitary conditions and special efforts made to eradicate all possible breeding places of flies.

CCC PAYMENTS ON LAMBS, SHEEP START AUGUST 5

Miss Edith Cameron, Terrell County AAA secretary, has been advised that the 1945 AAA Program has just authorized Commodity Credit Corporation payments to all sellers of sheep and lambs who sell directly to legally authorized slaughterers. Sales of sheep and lambs on and after August 5 through June 30, 1946, will be covered by the payments, to be made through county AAA committees.

These payments will run as follows: \$1.50 to \$2.50 per hundred weight for lambs weighing 65 to 90 pounds, \$2.15 to \$3.15 for lambs over 90 pounds, and \$1.00 for all other sheep and lambs. August rates will be \$1.50 for 65 to 90 pounds lambs, \$2.15 for lambs over 90 pounds, and \$1.00 for all other sheep and lambs.

The communication advised that all sellers should keep careful records of sales, retaining all invoices and receipts.

In conclusion, Miss Cameron stated that the Reconstruction Finance Corporation subsidy to packers of 95 cents per hundred weight has been withdrawn on lambs and sheep slaughtered after August 4.

ONLY ESSENTIAL MEN TO GET TRAILER GAS

Special gasoline rations for moving house trailers used by workers who move from job to job will be issued hereafter only if the workers are employed at essential establishments or construction projects, OPA says. Previously, gasoline rations could be issued for moving a house trailer to be used as housing for a person in connection with his occupation, without regard to the kind of work performed. This permitted persons doing non-essential work to obtain more gasoline for travel than the maximum "B" rations provide for occupational driving. Occupational ration was not intended for transporting migratory workers not occupied on essential jobs, OPA explains.

REGULAR TERM OF DISTRICT COURT OPENS AUGUST 6

GRAND JURY WILL CONVENE MON. MORNING

The regular term of the 63rd District Court will convene here Monday, August 6, with Judge Brian Montague, presiding, and District Attorney Roger H. Thurmond and Mrs. Belle Sutherland, Court Reporter, all of Del Rio, in attendance, as well as local officers.

A very light docket faces the court, with only 4 civil cases to be heard.

The grand jury, composed of the following will convene at 10 o'clock Monday morning: G. E. Babb, Max Bogusch, James Caroline, Ed Connor, J. W. Downum, L. A. Herring, J. E. Martin, E. McSparran, Hugh Rose, A. A. Shelton, Monte Wallace, R. A. Gatlin, Herman Couch, Clarence Jessup, F. A. Hill.

LOOKING AHEAD BY GEORGE S. BENSON

President—Harding College, Searcy, Arkansas

EMPLOYMENT FIRST

People who work in the fields, in mills, mines and shops, on railroads and in industry generally are to be congratulated upon President Truman's choice of Fred M. Vinson, the new Secretary of the Treasury of the United States. His undertaking is enormous, delicate and vital. But it is my belief that nobody else in government is quite as well qualified to handle the job as Vinson.

The new cabinet member knows taxes. Things he has said already prove that he is keenly aware of two things that are currently the most important facts about taxes. (1) High taxes are necessary, now and for some time to come. (2) Wrongly devised taxes in the United States can wreck the financial structure of the entire world in a few months. Dark Ages might visit the earth again.

A Dependable Thing

The "yankee dollar" is one of few known quantities left in the financial world. While this condition lasts, there is a way for weak and depleted countries to gain industrial and then financial strength. The dollar will remain good so long as Uncle Sam keeps meeting his obligations promptly, fulfilling promises and paying the interest on his stupendous national debt.

Our debt is so big and America's moral obligations are so exacting that taxes must be high after the war, much higher than they have ever been in peaceful years before. Government has no way to get money except by taxing its citizens. Consequently the citizens have to be prosperous. There must be full employment, plenty of jobs at good wages—otherwise not.

Holding Our Ground

The world is relying on the solvency of America on the soundness of the dollar, and it all depends on jobs. Mr. Vinson said: "Taxes should be levied in such a way that they have the least harmful effect on the expansion of business investment and the creation of jobs because productive employment is the source of . . . revenue which the government collects from taxes."

The Secretary's eye was not on taxes alone. In a recent published report he made it clear that productive employment is the foundation of America's living standard (highest in the world), the source of all income and the basis of prosperity for business and agriculture. We may be assured that Vinson will always do his best to prevent ruination of jobs by taxing business to a standstill.

A Rational Economy

Here is a powerful and rational (continued to page 4)

THE UVALDE-LEADER NEWS
—Contract is expected to be let within the next 60 days on the installation of a water works and sewage system at the Alto Frio Baptist Encampment grounds the War Production Board having given the green light to officials to proceed with their plans for the installation, it was announced this week following the close of the 27th annual session on Tuesday.

The proposed improvement program will cost approximately \$16,000, according to encampment officials, and the work will be completed far ahead of the opening date of the 1946 encampment which has been scheduled for July 16 to 24.

WINK BULLETIN—In a called meeting of the County School board members of Wink and Kermit districts, and a number of interested landowners, last Friday night, discussions brought out a strong opposition to the proposal to dissolve the present Wink and Kermit Independent School Districts and form a consolidated county-wide unit.

THE ALPINE AVALANCHE—Continued warm weather has prevailed in the Alpine area for the past week with clouds forming daily failing to bring moisture badly needed now to keep tender vegetation, off to a good start from the fine rains early in the month, growing.

Spotted showers have been reported over the Big Bend-Davis mountains country the past week but the immediate Alpine area has been missed.

THE BIG BEND SENTINEL Marfa.—"Round figure" analysis of the June 30 statements of the condition of Presidio county's two banks, one a national institution, the other a state institution, shows an increase of deposits amounting to \$320,099 over those at the time of the 1944 mid-year financial statement.

The increase is a particularly creditable one in view of the fact that Presidio county people recently bought Seventh War Loan bonds to an extent that the county was credited with \$463,510 as over-all purchases.

THE OZONA STOCKMAN—Neil Bromley, who operates a fleet of livestock trucks serving ranchmen of the Ozona area this week expanded his operations to include the service station business.

Mr. Bromley became the owner of the Leath Service Station the Magnolia station operated by Mr and Mrs. Clyde Leath, Mr Bromley, who has been making the Leath Service Station headquarters for his truck operation since coming to Ozona, purchased the station and began its operation this week.

THE FORT STOCKTON PIONEER—Because of its proximity to Fort Stockton, added importance is attached to the unusually heavy flow of gas encountered Tuesday when the Texas Co. No 1 Bennett-Martin, 1 1/4 miles southeast extension for the Williams field, blew out a plug and went out of control with a gas flow estimated at 25 million cubic feet per day. It also sprayed oil with the gas, which has since been killed.

THE MONAHANS NEWS—Citizens of the county will go to the polls and cast their votes Saturday, July 28 (tomorrow) for or against the issuance of county "Park Bonds" in the amount of \$150,000 for the purpose of purchasing land and erecting community buildings in

Monahans, Pyote and Grandfalls, and improving the community building at Barstow.

Members of the Commissioners Court have entered into contract with the William Edwards Co., of Fort Worth to sell that concern the bonds at the rate of 1 1/4 per cent interest. The Fort Worth company agreeing in return to pay all costs, legal and printing, incidental to the election and issuance of the bonds. The contract gives the county one of the lowest interest rates offered in this section of the state in recent years, and further saves the county several hundred dollars expenses attached to the calling of the election and the printing of the bonds, a commissioner stated this week.

It Happened In Sanderson
TEN YEARS AGO
This Week — Remember

August 2, 1935

Mr. and Mrs. H. R. Laurence who have resided in Sanderson for many years, left for Fort Stockton Saturday, and will make that place their future home.

Mrs. A. C. Clatfelter left Wednesday night for Los Angeles to visit relatives.

Judge Joe Montague and son of Fort Stockton were in Sanderson the fore part of the week Judge Montague coming to preside at the opening of district court in the absence of his brother, Judge Brian Montague.

Rev. and Mrs. S. M. Mims and children spent this week in El Paso on business.

Dr. and Mrs. E. K. Halbert and sons of San Antonio spent the week end here visiting friends.

J. M. Lackey, Pecos rancher, was a Sanderson visitor the first of the week.

Dr. and Mrs. S. B. Hudson and sons, who had been on a motor trip to Los Angeles, spent Tuesday afternoon and night in Sanderson.

Mr. and Mrs. Robert Duncan returned last Saturday from Boquillas, where they had been for the past three weeks.

Bro. R. E. Griffith of Houston closed a successful meeting at the Church of Christ Wednesday night.

Martin Mitchell, district manager for the Community Public Service company, was a visitor in Sanderson Wednesday, accompanied by Mrs. Dallas Plauche, home economist for the company.

BLUE CROSS PLAN WINS FRIENDS ALL OVER AMERICA

Records continue to be broken in the number of Americans joining voluntarily nonprofit plans for prepaying hospital bills. A total of 2,282,482 new members joined during the first six months' period of 1945 and thus exceeded by more than 500,000 the previous record membership growth established during the corresponding period of 1944.

The total Blue Cross membership in 43 states, the District of Columbia, 7 Canadian provinces and Puerto Rico now numbers 18,800,000 Americans.

Whereas, a year ago, new members were enrolling nationally at the rate of approximately 12,000 per working day, the rate has now increased to almost 17,000 persons daily. More workers and family dependents joined Blue Cross during the first six months of 1945 than joined during the entire year of 1942.

Nationally, six states have passed the million membership mark. New York State leads with over 3,000,000 Blue Cross members; Ohio 2,160,000; Pennsylvania, 1,933,000; Michigan

1,303,000; Illinois, 1,222,000; Massachusetts, 1,202,000. A state-wide Blue Cross has just been approved for Kansas, Mississippi, South Dakota, Idaho, and Wyoming out a community and hospital sponsored plan for removing financial worry of hospital illness or injury. Doctor bill prepayment sponsored by state and medical societies or the hospitals, and made available to public through coordination Blue Cross hospital service increased in number from 24 during the first six months of 1945. Membership in medical plans now 1,800,000 Americans.

Submarines At War Calls And Crowded Quarters

BOARD A U. S. PACIFIC SUBMARINE ON WAR (Delayed) — For some depth charges ranged... a man aboard doubted but the Japanese anti-submarine "upstairs" were "on" with their calcula-

several charges ago the con-... blasted out light bulbs... on the hatch-covers... a steady dribble. Small air... water lines carried away in... of "ashcans." Auxil-... made hasty repairs. Now... were making more hasty re-

commanding officer turned... spoke quietly to the men... control room. "I've done all I can... we'll have to wait and see..."

is the name of two-year-old Linda Lee Walsh, daughter of Robert J. Walsh, Machinist's Mate, First Class, U. S. N. R., Box 44, Warwick, Ohio.

Buddhas are apparently the fetish of torpedomen. Its an old custom for the wife or sweetheart of a submarine's captain to present two figures of the oriental deity, one for each of the torpedo rooms. The purpose? Just before firing, the torpedoman in charge will quietly rub the protruding stomach of the little figures. They say it brings luck.

Most colorful of all submarine customs involves the unmilitary trappings a submarine adopts on return from a successful war patrol. A new broom lashed to the forward periscope—the most common symbol—signifies a "clean sweep." The sub sank every ship in a convoy.

If the sub is carrying wounded into port she flies a Purple Heart pennant. If she rates a Presidential Unit Citation for a "high tonnage run" she hoists the tricolor citation pennant and it is a proud moment for the men aboard.

Another high tradition is the hoisting of the submarine's battle flag as she returns to port. The flag bears the ship's insignia surrounded by silhouettes of everything she has sunk. Smaller pennants, replicas of flags of her victims, also fly beside the battle flag. These and other trophies measure the success of the patrol.

Side by Side at Corregidor

Admiral Russell S. Berkey, USN, hails an Australian cruiser from the bridge of a U. S. Navy cruiser. He is using an electrically powered megaphone to be heard above the noise of the bombardment of Corregidor. United power is pushing the Japs back and your united power is needed in the continued heavy purchase of War Bonds.

From U. S. Treasury

ery space is filled. And it's all gone when we get back to port," said Akeman. Meals are liberal, but the submariners don't have to draw the line at three meals a day. A full table in the crew's mess is set aside for snacks, jams, jellies, peanut butter, pickles, olives, cold cuts, sardines, cheese—all the delicacies for making sandwiches, which the submariners refer to as "wedges." And the tang of salt air can't be credited for the big appetites for few of the submariners get topside except the lookouts and deckmen.

One of the biggest attractions of submarining has for the men is the informality. In fact the men rate it high above the 50 per cent additional sea pay. The men get away from regulation uniforms when on duty. Right now this submarine is operating in a cold climate and half the crew is attired in old Army uniforms for which they have deep regard. The rest are wearing haphazard combination of Navy dungarees, Army shirts, baseball caps, Marine shoes and other items calculated to give a "spit and polish" surface craft commander an attack of apoplexy.

Headgear aboard is a fascinating subject itself. Nearly every crewman has a "battle bonnet." It comes out of hiding the minute an attack is rumored. Like magic, eyeshades, baseball caps, civilian felts and cloth caps, white sailor hats and varied versions of stocking caps cut out in strange shapes and unorthodox patterns, appear.

Between strikes at the enemy there is plenty of diversion aboard ship—or, as submariners refer to their vessel, aboard "the boat." Divisions are centered in the crew's mess compartment, about 9 by 12 feet. It is the ship's complicated G. I. radio phon-

brary, recreation room and athletic field." There's the most graph a civilian mind could imagine. It can fish radio programs from the four corners of the world. There's a big collection of records, classical to swing, and recordings of the latest programs of Bob Hope, Bing Crosby, Jack Benny, Fibber McGee and Molly.

There are books of all titles games and the inevitable pack of cards. And there are movies which are shown sometimes in the mess compartment or the torpedo room.

The projectionist aboard, Calvin R. Baines, Electrician's Mate Third Class U. S. N., 20, of Route No. 1, London Bridge, Virginia gets a kick out of showing films in the torpedo room, deep beneath the blue Pacific, on a submarine headed for the Japanese coastline. Baines is a survivor of the USS Yorktown.

Any screen fare that offers real American girls—regardless of plot—is tops with the submariners. There are no reserved seats in the cramped quarters. Officers and men pile in, side by side, sprawled on deck on bunks or even on torpedoes that are swung high above their shipmates' heads. If men in the compartment don't mind sweeping up butts, the "smoking lamp" goes on.

A little item like a few hundred tons of TNT in the room doesn't put a crimp in the smoking. The submariners get a big kick out of pictures dealing with their own field of Jap-killing. They applaud lustily when torpedo hits are flashed on the mattress-cover screen. They also like to criticize pictures based on submarine life. Their biggest laugh is to see submariners in the movies dressed nattily at all times in the uniform of the day. The submariners just know that isn't done.

Cork life rings from wreckage of Japanese ships are coveted. In fact anything from the wreckage of victims is prized because it means that the submarine wiped out all enemy resistance and was able to surface.

Next to torpedoes, a submarine's most important cargo is her "chow." Robert B. Akeman, Ship's Cook First Class, U. S. N., of 310 Oscar Street, Joliet, Illinois, major domo of the tiny galley on one submarine told of the items and quantities taken aboard for a patrol. There were two tons of boneless fresh meat, mostly very choice beef; 500 pounds of butter, 450 pounds of ham, 300 pounds of bacon, etc., including 15 mammoth turkeys and 100 or more chickens.

Big quantities are needed. For example 400 pounds of coffee were brought aboard. The daily consumption is staggering—20 to 30 gallons! Besides coffee the submariners drink fruit juices galore. "When the ship's loaded with everything we need we just keep loading fruit juices until ev-

News flashes from a dozen war theaters show Texans everywhere still in the thick of the fight, and still racking up new records:

Lt. T. F. Pierce of Taylor, a graduate of Bartlett High School and of the University of Texas piloted his Navy Privateer plane over Korea recently to help wreck a gasoline dump, two Jap ships and a Nip bomber factory. Chief Yeoman Robert Carrell of Martindale has been cited by Adm. Halsey for heroism during the Battle of Leyte Gulf. Col Sam Myers of Marfa, hero of fighting in Europe, has been awarded the Distinguished Service Medal.

Pfc. Rex Riddle of Corpus Christi is now a guard watching the Nazis in Berlin. 1st Lt Howard (Buddy) Clark, Goliad scrapper, has been awarded his fifth Oak Leaf Cluster for his Air Medal. S-Sgt Rudolph Perkins of Abilene, veteran of many Pacific battles, helped capture Luzon and now is teaching Filipinos to say "Welcome" in the good old Texas way.

Other National War Fund supplies, made possible by annual war chest drives in every county, are going to our own fighting men and their allies all over the world.

Mrs. Mabel Yeates returned Saturday from the Alfred Bendele ranch where she has visited since Wednesday of last week. Her son, Charles Yeates is employed on the ranch.

RATIONING

MEATS, FATS—Red Stamps Q2 through U2 are good through August 31. Red Stamps V2 through Z2 are good through September 30. Red Stamps A1 through E1 are good through October 31. Red Stamps F1 through K1 are good through November 30.

MORE TO MARRIAGE THAN MAKING A HOME!

Preparing meals, caring for youngsters, keeping her home neat—that's a part of the day's work. But Mrs. K. knows that there's more to a happy marriage than this. She knows that a cash reserve is vital to the safety and progress of her family... for emergencies, for unexpected opportunities. So she saves regularly!

"Hmm! That rich uncle of Mac's must have died!"

There's going to come a time—and not too far in the future, either—when a lot of remarks like that will be flying around.

There's going to come a time when a lot of folks will be having things, doing things, going places—getting more fun out of life than perhaps ever before.

You know who those folks will be.

They'll be the ones that bought War Bonds. Bought 'em regularly—bought all they could—and then hung onto them.

When the time comes, you'll want to be one of the folks who are having all the fun. So make sure that you're one of the folks now who are buying the Bonds.

Better buy an extra one—today.

FAT SHORTAGE CONTINUES ACUTE, ANDERSON SAYS

One of the most significant statements made by a government official regarding shortages and food difficulties comes from Clinton P. Anderson, Secretary of Agriculture. Mr. Anderson underscores the fats and oils shortage in an appeal to women and has authorized the American Fat Salvage Committee to release his message.

In asking women's help in the fats and oils shortage, the Secretary of Agriculture sees increased household fat salvage as aid to meeting needs. Mr. Anderson says:

"The scarcity of fats and oils is one of the most serious problems confronting our nation. But it is one shortage which the women of America can help to meet.

"There is little hope of major improvement in the domestic supply of fats and oils in the near future, nor can we expect a rapid increase of imported oils from the Pacific.

"Farmers have responded to the call to produce more animal and vegetable fats and oils. But we are still unable to meet wartime demands.

"During the war years we have changed from an importing to an exporting nation on fats and oils. Our domestic stocks are at a low ebb and our war, industrial and relief needs are at a peak.

"In 1945 we need 250,000,000 pounds of used household fats to help fill our existing deficit. If American Housewives don't meet this goal, we will have to further curtail the allotments for civilian, industrial and military uses.

"This is an important job for women! Homemakers all over the land—in cities, towns and villages, and on farms—should save and turn in every available drop of used kitchen fat. It means cash and extra red ration points.

"But above all, it's a real War Service Women can perform for themselves and for their country."

JOHN LAURENCE TO RETURN TO PHILIPPINES

John Laurence, who returned from the Philippine Islands with his family some three months ago after three years internment in a Japanese prison camp for American citizens, will return to the liberated island soon. He left Wednesday for Cincinnati home office of Proctor & Gamble Co., with which he was associated in the Philippines for many years prior to the war.

Mr. Laurence returns to the Orient as representative of the Federal Economic Administration under loan from the Proctor-Gamble Co. He will work with production and shipping of supplies, a field in which he formerly represented the soap company in the islands.

Mrs. Laurence and their children will remain in the states for the present, with her parents Mr. and Mrs. C. C. Rollins of Fort Stockton.—The Fort Stockton Pioneer.

Hilary Iglehart, son of Mr. and Mrs. J. H. Iglehart, of South Gate, California, is here visiting at the ranch home of his grandparents, Mr. and Mrs. H. E. Walker.

PRICE RULE CHANGED FOR REFRIGERATORS

Sales and rentals of used mechanical household refrigerators have been amended, effective August 6, OPA said. The following changes are made:

1. Control of refrigerator rentals by landlords to tenants is clarified.
2. Refrigerators sold "as is" must have all parts necessary for operation.
3. A consumer selling a used mechanical refrigerator must give a written agreement to pay for all parts and repairs needed to fulfill the guaranty.

TRADE SLOW AT STOCK YARDS PAST WEEK

LOS ANGELES UNION STOCK YARDS, August 3, 1945—Government moves to force meat into civilian channels seem to be bearing some fruit and while supplies are by no means liberal, OPA has announced a cut in ration values, covering most cuts of beef and lamb. These cuts range from 2 to 3 points per pound. Pork, however, remains scarce with no change in the ration set up.

The week brought out a rather light run of cattle at the Los Angeles Union Stock Yards. Arrivals of 7600 were about 800 under the week before and below a year ago. At twelve major markets supplies were slightly larger than the week preceding but around 25,000 short of corresponding week a year ago.

Trade was a little on the slow side. Demand was broad but buyers were fighting to hold prices within their beef ceiling limits. These prices have recently been too high against beef ceilings. While the movement was of a slower tempo most sales were made around a steady basis. Exceptions were mildly lower on common steers and dairy type cows with little above \$12.50 in the latter class in late rounds. Best steers offered during the week turned at \$16.75 to \$17.25, good to low choice 990 lb. grainfeds making the latter price. Bulk of medium to good steers brought \$15 to \$16.75, including good grasses up to \$16.25. Common to medium grassers largely Mexicans, moved at \$13 to \$14.50. A few trashy kinds down to \$11.50 and below.

Medium to good grass and short fed heifers sold at \$13.50 to \$15.50; odd head on choice order up to \$16 to \$16.50. Few best cows hit \$15 with most medium to good grassers \$12 to \$14.50. Canners and cutters mostly \$7 to \$9.50. Bulls held firm under a good demand. Odd head best bulls \$14 to \$14.50. Most medium to good sausage kinds \$11 to \$13, sprinkling around \$13.50. Calves little changed. Bulk medium to good slaughter calves and vealers went at \$14 to \$16; few choice to \$16.50. Few lots of fleshy feeders \$14 to \$15 and stockers \$11.50 to \$14 unchanged.

Hogs continued in very light supply with no change from established price ceilings. All butchers \$15.75, including weights up to 393 lbs. Sows and stags were still pegged at \$15. Feeder pigs moved freely at \$22.50 to \$30.

Although only a limited supply of sheep and lambs arrived the late tone was decidedly weak in line with sharp declines at outside markets. Rumors of a shifting of the 95c per cwt. subsidy now going to slaughterers to lamb growers and feeders direct caused packers to take steps to protect their margin with lower bids.

Mr. and Mrs. W. W. Sudduth and daughter, Barbara, returned from Abilene Wednesday, where Mrs. Sudduth and Barbara have been visiting for the past week.

LARGE LOCAL GROUP ATTENDS BAPTIST CAMP

Several Sanderson people are attending the 25th annual session of the Paisano Baptist Encampment, between Marfa and Alpine, this week, which opened Monday.

Dr. Perry F. Webb, pastor of the First Baptist Church, San Antonio, and Dr. F. B. Thorn, pastor of the Second Baptist Church, Houston, are the preachers on the 1945 program. The Rev. R. L. Wittner, Alpine and the Rev. Clifford Spencer, pastor of the Sanderson Baptist Church, are the directors of the young people's activities.

Those from Sanderson attending the encampment are the Rev. and Mrs. Spencer and children, Barbara, Bill, and John; Mr. and Mrs. John L. Newton and children, Margaret and Melvin; Mr. and Mrs. John Caruthers, Sr., daughter, Eva, and granddaughter, Joanne; Doris Betty, and Bobby Cooke; Betty Jo Beckett, Margaret Lou Kennedy, Edna Mae McAdams, Doris Duke, Marjorie Jessup and Glynn Wood.

COSMETICIAN HERE; GIVING APPOINTMENTS

Mrs. Leila Jackson, beauty consultant, representing Velen's Educational Cosmetic Service Inc., which has its laboratories in Kansas City, Missouri, arrived this week from El Paso. She is giving appointments and interviews at the Modern Beauty Shop, operated by Mrs. W. D. O' Bryant, Jr., and will be here for the next several days. Mrs. Jackson may be contacted at the Modern Beauty Shop or by calling 103 for an appointment. Known well in this area, Mrs. Jackson has been stopping in Sanderson at intervals for several years, and will be glad to see her old friends as well as meet new ones. Velen's Cosmetics, her company's products, are carried in a full line at the Modern Beauty Shop.

LOOKING AHEAD—

(Continued from Page One)
 al sentence from Vinson's pen: "The sooner uncertainties in the post-war tax structure are removed, the sooner business management will be inclined to make firm commitments for expansion and the faster men can be put back to work following the wholesale cancellation of contracts that will occur with the unconditional surrender of Japan."

Persons who would like to see America in chaos, people who would like to see a dictator climb to power over America's wasted estates, may call the new Treasury friend of big business. He apparently is, to whatever extent such friendship means jobs for workers, prosperity on the farm, customers in the store and food on the table for America's plain people.

Sales pads at the Times.

★ TERRELL COUNTY HEROES ★ ★ ★ IN SERVICE ★ ★

MADISON HICKS CANON

was born November 3, 1922, in San Angelo, Texas, the son of Mr. and Mrs. Bustin Canon, Sanderson, Texas. The family moved to Sanderson a few years later, and Hicks completed grade school here, having attended school in San Angelo prior to moving. In 1939 he graduated from Sanderson High School and enrolled in A. & M. College where he studied for three years. Hicks joined the Army at San Antonio August 14, 1942, and was sent to Camp Roberts, California, for Infantry basic training, where he remained for four months. From there he was transferred to southern California and served in the West Coast Defense Area until February of 1944, when he was sent to Gainesville, Texas, to be stationed at Camp Howze. In the fore part of March Hicks left the States for Hawaii, and was stationed there until October, when he took part in the Leyte invasion. In April of 1945 Hicks went in with invasion troops on Okinawa. Corporal Canon is on Okinawa at present. He serves with the MP platoon, 24th Corps.

 radio and then I'm not sure where I will go. The way the chief talks, we may go to sea when we finish this school. You see, the sub service has taken two more rates, which are sound men, specialist, and radar men specialist. The radio man had to operate that equipment in the past, but now they are taking men on the boats who are especially trained in either sound or radar alone. On July 23 Eldridge writes: "Did I ever tell you that I have seen Yale College? It's up in New Haven, where I make all of my weekends. It sure is a large school."

Although most of it is turned over to the government for officers' training, it has some civilian students, and they are getting more veterans into it all the time.

Sgt. Pat G. Harris, U. S. Army, is now stationed at Orlando, Florida, receiving special training. He had been stationed at Harlingen, Texas, attached to the gunnery school there. His mother, Mrs. P. G. Harris, Sr., and brother, Jimmie, returned last Friday from Harlingen where they visited Sgt. Harris.

for a week before he was sent Florida.

Doris Cochran left Monday San Antonio where she will receive medical attention.
